FITS! FITS!!

HART'S VEGETABLE EXTRACT
Is the only remedy that can be relied on for the permanent cure of Spasmodic Contractions Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, General Debility, Deficiency of Nervous and Physical Energy, and all nervous diseases, including the most dreadful of all diseases that ever affect the human race—
EPILEPTIC FITS,
or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c. Dr. Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases. As its tendency is to insanity, madness and death, the most
SKILFUL PHYSICIANS
of Europe, as well as those of our own country, have pronounced Epilepsy incurable. And it has been so considered by many, until this most important of all discoveries was made by Doctor S. Hart, nearly sixteen years since, during which time it has been performing some of the
REMARKABLE CURES
upon record, and has acquired a reputation which time alone can efface. Physicians of undoubted skill and experience, Ministers of various denominations, as well as hundreds of our own nett citizens, all unite in recommending the use of this truly valuable medicine to their patients and friends, who are afflicted, as the only remedy.
WE QUOTE THE LANGUAGE
used by those who have been cured by this valuable medicine. One says, "I have suffered beyond my power of description, but now I rejoice in being fully restored to health and happiness." Another says, "I thank God that I feel that I am a well man. I also feel it a duty to proclaim to the ends of the earth, that those similarly afflicted may find relief." Another, (who is an
EMINENT LAWYER,
and well known in this city,) says, "my son has been afflicted for years with Epilepsy, but is now enjoying good health from the Vegetable Extract. Its fame," says he, "should and ought to be sounded to the ends of the earth." Another says, "language is entirely inadequate to express my gratitude to Dr. Hart, for having been the means, under the blessing of God, of restoring me to the enjoyment of good health, after having been afflicted with Epilepsy in its worst form; and my morning and evening oblation of prayer and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole."
EPILEPTIC FITS
of twenty seven years and six months, cured by the use of this Truly Wonderful Medicine.
Read the following remarkable case of the son of Wm. Sexton, Esq., of Philadelphia, afflicted with Epileptic Fits twenty seven years and six months. After traveling through England Scotland, Germany and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice, three thousand dollars, returned home, his son to this country, in November last, without receiving any benefit whatever, and was cured by using HART'S VEGETABLE EXTRACT.
MR. WM. SEXTON, Agent to Dr. HART.—I have spent over three thousand dollars for medicine and medical attendance. I was advised to take a tour to Europe with him, which I did. I first visited England. I consulted the most eminent physicians there in respect to his case; every remedy was prescribed and tried accordingly; I remained there three months without perceiving any change for the better, which cost me about $250, expended by the physicians, and the most that I received was their opinion that my son's case was hopeless, and
POSITIVELY INCURABLE.
I accordingly left England, travelled through Scotland, Germany and France, and returned home in the month of November last, with my son as far from being cured as when I left. I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so, for by the use of Hart's Vegetable Extract alone, he was restored to
PERFECT HEALTH.
His reason, which was so far gone as to unfit him for business, is entirely restored, with the prospect now before him of life, health, and usefulness. He is now 28 years of age, and 12 years before the commencement of his disease, he was perfectly sound and free from Epilepsy. It would be impossible for me to describe the amount of my sufferings, the almost constant dread, the awful forebodings and symptoms of a returning fit, the
SLEEPLESS NIGHTS,
together with all the unspeakable torture of the body and mind. I was the victim of this dreadful scourge and hitherto invulnerable fee of man suffers. I have suffered through the various stages of Epilepsy, from having the attacks light, and far between, to severe, and very frequent. I have tried the medical skill of
NEARLY TWENTY PHYSICIANS,
in a word, I have tried until I grew weary of trying, without receiving any benefit whatever, and I looked forward to the merciful relief, death, the friend of mankind, to end my misery and conflict in this, which has been to me truly a vale of tears. But thank God, I am
RESTORED TO HEALTH,
and have every reason to believe that the disease of Epilepsy is entirely removed from my system. My friends have noticed the great change wrought in my appearance, and congratulate me on my recovery of health. All nature to me wears a new aspect; life hitherto seemed to me a burden, but now a blessing; and truly I have every reason to be thankful. As it is
DR. HART'S VEGETABLE EXTRACT,
which has been the blessing of the Almighty, wrought in me this almost miraculous cure, I would cheerfully recommend this medicine to all who are afflicted with Epileptic Fits.

Sworn before me, this seventh day of March A. D., 1846. W. P. HAVEMEYER, Mayor.
I have been intimately acquainted with Mr. Wm. H. Parsells about eight years, and believe him to be an honest and upright man, whose integrity is unimpeachable. He has been five years of the time in my immediate employment.

Testimony upon Testimony.
Mr. Stephen E. Pratt, corner of Sixth avenue and Twenty-Sixth street, New York, states that Mr. Charles H. Boughton, a member of his family, has been so severely afflicted with epileptic fits for many years, that he was obliged to relinquish his business. Having used Dr. Hart's Vegetable Extract, says Mr. Pratt, he was soon restored to perfect health, and left this city for the State of Ohio to resume his business
Rev. Mr. Smith, rector of St. Peter's church, Spotswood, New Jersey, who has been afflicted with epileptic fits for more than forty years, states that he has used Dr. Hart's Vegetable Extract, and has been so much improved that he hopes, by Divine blessing, to have no more fits.
THE TIME IS NOT FAR DISTANT
When thousands who are now trembling under the hand of this dreadful disease, and fearing that every attack may prove fatal, will find permanent relief, and be restored to new life by using this celebrated medicine.

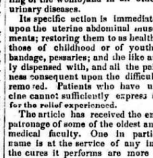
Monthly Bulletin, No. 12.



In consequence of the new and extraordinary triumphs of the following Medicines, the Graefenberg Company devote another Bulletin to them.—The first
Marshall's Uterine Catholicon,
is an infallible specific in Prolapsus Uteri (falling of the womb) and in all other uterine and urinary diseases.
Its specific action is immediate and certain upon the uterine abdominal muscles and ligaments; restoring them to as healthful a state as those of children and of youth. Supporters, bandage, pessaries; and the like are immediately dispensed with, and all the pains and weakness consequent upon the difficulty named are removed. Patients have tried the medicine cannot sufficiently express their gratitude for the relief experienced.
The medicine has received the encomiums and patronage of some of the oldest and ablest of the medical faculty. One in particular (whose name is at the service of the proprietor,) says the cures it performs are more like miracles than any thing else he can compare them to.—Cases which had been pronounced hopeless have been within his own knowledge perfectly and speedily cured.

Libby's Pile Ointment,
is warranted to cure, no matter how extreme the case. A surgical operation for the piles may be entirely avoided by its use. The attention of the medical faculty is especially called to it. If it does not cure, the money will be instantly refunded. But such a contingency has never been known. ☞The first unsuccessful application of it is yet to be found.

Valuable Medicine!
WE take no little satisfaction in introducing Hasting's Compound Syrup of Naphtha, as the most perfect regenerator of the human system that has yet been discovered. There are diseases which it is not pretended it will have any effect on; but in Asthma, in the formation of Tubercles on the Lungs, in the Spitting of Blood, in the wasting of the flesh, and the flabbiness thereof, and in the decay, lassitude, and weakness of the body, it has been proven by a mass of the most indubitable evidence, to be a speedy and positive cure; while in positive Consumption it is the only authenticated remedy now in existence.
Coughs, Colds, Asthma, &c.,
It almost instantly relieves by the warmth it imparts throughout the system, and by its wonderful efficacy in cutting through and removing phlegm, which is far superior to that of any other known expectorant.
The number of certificates received from individuals in England, and elsewhere, who have been cured or benefited by Hastings' Naphtha Syrup, has been very great, but want of space compels their omission.

Caution for
The American Sentiment.
As the unrivalled reputation and success of this great Medicine are likely to produce many Counterfeits, purchasers should use the expected care to inquire for "Hastings' Compound Syrup of Naphtha," and to see that the outward wrapper of each bottle contains the written signatures of M. F. HARRISON, Agent, Agent, to counterfeit which is felony.

Saturday Morning, March 3, 1849.

THOMAS Y. PAYNE, you voted for a Convention, and we ask you to become a candidate for a seat in that Convention; we believe, that amendments to our present Constitution are necessary and important. Your compliance will be greeted with joy in our neck of woods.

☞ Farmers of Orangeburg Precinct.

☞ We are authorized to announce THOMAS Y. PAYNE, ESQ., as a candidate for a seat in the approaching State Convention.

☞ HERRISON TAYLOR, ESQ., is a candidate to represent the county of Mason, in the ensuing State Convention.

Wanted, at this Office, just now.

A stout active boy, who can come well recommended, as an apprentice to the Printing business. Apply immediately.

☞ So much of our paper is devoted to the subject of the approaching county meeting that we have been compelled to cut our editorials short, in the present number.

The Markets.

There being no changes since last week, we omit our table of markets in this number.

GOLD DOLLARS.—The bill authorizing the coinage of Gold dollars, has passed the House of Representatives. Good! Give us the pure stuff!

TRUE, OF THE REST.—One Cincinnati "local" says "yesterday was a lazy day" —another one says "his column in the Globe verifies the assertion," and so they go, cutting and slashing each other on all sides. The truth is, we believe those Cincinnati "Locals" are all a little *lazy*, or they could make their Dailies far more interesting. We'll venture the best *Beaver* in the city, that we perform more editorial and other labor, pertaining to the office, each week, than any *four* of them. Who *takes*?

"THE ANCIENT ORDER."—We have, thus far, neglected to mention that an Asdencia of the Ancient Oriental Evanic Order of 1,001 has been duly ordained and established in the town of Aberdeen, opposite this city. May it last a thousand years!" The march of mind is onward, and many things are "Greek to the uninitiated."

☞ The largest *pike* that ever was brought to this city, was purchased yesterday by Fred Ringgold, of the St. Charles Exchange. It weighed 47 pounds and what is strange about the matter, this monster was caught *out* of the Whitewater Canal. It will make a rich dish served up on a board to the boarders.—*Cin. Enquirer.*

That's but *a pickerel* compared to the *fish* of the same species, found *swimming* up this way—some of which weigh no less than 156 pounds, and the *minnows* of which, weigh from 40 to 140! But what is still stranger these large *fishes* are *never* "caught," though generally *out of the water.*

LEGISLATIVE DOCUMENTS.—Our thanks are due to Col. J. W. DAVIS, Representative from Greenup, for a copy of the Second Auditor's Report, and sundry other Legislative documents—the only ones we have received during the Session.

ARRIVED.—The steamer "Western World," from New Orleans, arrived at our wharf yesterday, with a full freight of groceries, for the house of Messrs. Poyntz & Pearce.

Should their advertisement be found in the FLAG, our country friends may expect to find *bargains* there, but not otherwise.

A man by the name of *Egg* was lately tried in Boston for beating his wife. The rascal was certainly 'a bad egg' for beating his *yolk* fellow' in life. The fellow was not *hen pecked* or he would not have been caught beating eggs in this manner. The fellow, who ought to have been beaten himself, was let off with *shelling* out a few dollars fine.—*Cin. Dispatch.*

Proceedings in Council.

for certificate of committee.

Stephen Lee's account of $9,38 allowed.

Committee appointed to sell city lots reported the same sold—their report was accepted, and a resolution submitted by Mr. Stanton, in relation to same—adopted.

Committee on Fire Engines reported that they had contracted for Engine, Hose and Hose Carriage, at Cincinnati, for $1525—contract approved, and the Clerk directed to issue order for balance which may be required to pay for same.

Mr. Stanton informed the Board of the passage of certain Acts of the Legislature, for the benefit of the city.

Petition presented from V. B. Horton, for privilege to keep a coal boat between the upper and lower grade, in reference to which Mr. Stanton submitted a resolution, which was adopted, and the committee on wharfs and wharfage were ordered to close a contract for the sum of $100 for the privilege.

A. A. Wadsworth's bond, as city auctioneer, presented, read, and approved.

Mr. Stanton presented a resolution appointing Geo. Graham as Market master, to fill the vacancy occasioned by the death of James Lynn,—the emoluments of the office to inure to the benefit of the widow of said deceased, and the same was adopted.

Mr. Arthur's petition for opening January Street, referred to appropriate committee.

Sundry petitions for license to retail liquors laid upon the table.

License granted to Messrs. Cockerill and Dupuy, for Lee House and Beverly House, and then adjourned to meet again on Monday evening next.

☞ Sam Pike, of the Maysville Daily *Flag*, says he generally works eighteen out of twenty-four hours, and sometimes twenty out of twenty-four! and has in his life labored forty-eight hours without stopping. If Pike does not *deserve* success, who does? May he have it. *We* have worked *some* in our life, but if neighbor Pike is steadily engaged year in and year out as above, he can take our hat. We stand back.—*Cin. Commercial.*

For the truth of our statement, friend Curtiss, we refer you to the *craft*, who have worked in this, and other offices, where we have presided. Though it is nothing to boast of, nor would we *insinuate* that other men cannot do the same thing; yet we feel quite confident that *all* others do not labor as we do, or their columns would afford evidence of the fact. Editing the *Flag* is but a small part of the labor which we perform.

THE CALL.—We again insert the call for the meeting on Monday week, in the Daily, and shall "keep it before the people" until the day of meeting, carefully adding such names to the list as may come in, up to that time. Our list has grown wonderfully since yesterday, and there are still hundreds of names signed to calls which have not yet been handed in.—Many of these we hope to receive and publish, previous to the meeting; but, as our weekly paper goes to press early on Monday morning, and there will be no issue after Monday, previous to the meeting, we have no idea that we shall be able to give more than *one* half the names which will be appended to the call.

The list will, however, be continued in the Daily, up to Saturday evening next. The people are aroused throughout the country, and will come up in solid columns on the day of meeting.

GOLD MEDAL TO MAJ. BLISS.—The House of Representatives of New York, have passed a resolution to present to Major Bliss, (who is a native of that State,) a gold medal, with suitable inscriptions and devices—triplicates of which are to be struck—one to be presented to *Maj. Bliss*, another to be deposited in the State Library, and another at the Military Academy at West Point.—*Cin. Chronicle.*

Splitting hairs.—That little word "NOW," and the Emancipationists.

In to-day's paper will be found the call of the citizens of Mason County, for a County meeting on the 12th inst., in which the little word "*now*" occurs to the no little annoyance of one of the Emancipation leaders, who figured conspicuously in the Eagle of the 24th ult.

To satisfy the "Slave holder" who fancies that he has discovered a "mare's nest" in that little word, we have given, a'so, the same CALL, with that monosyllable *stricken out*, which is signed by many gentlemen who *objected* to that word being incorporated in it, well knowing what *use* the Emancipationists would endeavor to make of it.

The Eagle's "Slave holder" is more Argus-eyed than any of our readers, if he can see anything consoling to the cause he advocates in the use which is made of the little "*now*" in said call, as we verily believe that few, if any, of them, signed it in consequence of that word being in it; and *all*, we opine, *would* have signed it, if that word had been omitted.

From the *handle* which this correspondent is disposed to make of a *small word*, we are led to believe that he has become a little *sick* of his undertaking, and is about to repent of his folly in attempting to revolutionize Mason County, and wishes to find a hole at which he can *crawl* out of his present unenviable predicament.

Ohio Legislature.

In Senate, on yesterday afternoon, a discussion was got up in relation to a bridge over the Ohio river at Cincinnati, which consumed most of the afternoon session.

When that was disposed of, Mr. Byers, at the instance of Judge Durbin, of the the House, moved to take the bill, which passed the House, to change the time of holding the courts of Common Pleas in Morgan county, from the committee of the whole. Mr. Goddard resisted the motion, and in the course of the discussion Mr. Speaker Randall acknowledged that the object of resisting the motion was to enable the whig Judges, about to leave the bench, to make a whig clerk. A bill, drawn up by Judge Lane, whig, had passed the House some weeks previously and Mr. Goddard had got it referred to himself as a select committee of one, and had never reported it back. A second bill had then passed the House, and the effort was to get it taken from the committee of the whole and passed into a law. In the discussion Mr. Goddard acknowledged, that when the bill was committed to him, he wrote to Judge Nye that it would never become a law, thus acknowledging that when he got the bill recommitted to himself, the design was to smother it, although every member of the House, whose constituents were at all interested in the passage of the bill, voted for it. He procured the bill under false pretences, and he defeated the passage of the law, by an act which will stink him in the estimation of every honorable man.

In Senate to day, Mr. Dubbs presented the memorial of Col. W. Spencer, late a member of the Board of Public Works, in relation to his accounts as a member of the late Board.

Although Col Spencer has been denounced by the Nash, Adams and Marsh committee as a defaulter to the State to a large amount, yet the fact is now made known that he has been pressing the Auditor of State, the Board of Public Works, and the Fund Commissioners, each for a settlement of his accounts for years, yet without avail; for each of these functionaries have decided that they have no power to make any settlement. Thus has Col. Spencer been denounced as a defaulter, because of the unsettled state of his accounts, by a travelling committee of broken down federal officers played into their hands by a refusal to make a settlement, which Mr. Spencer has for years been entreating them to make. In his memorial, Col. S. appeals to the Legislature to pass a joint resolution to compel the State officials to do their duty.

The travelling committee have cost the State a large amount in travelling fees, salary and printing expenses, for the purpose of furnishing food for whig penny-a-line scribblers to indite slanders, and without any earthly good accruing therefrom, and without a particle of reliable information gathered from their pretended investigations. It is thus the money of the people is squandered, and thus an honest man hunted down for base political effect by giving currency to falsehoods of the basest character. Infamous indeed must be the creed of the party that is forced to rely upon such instruments to sustain itself, and doubly infamous the panderers to such a party.

The House, a very interesting discussion arose upon the Revenue Bill, authorizing the people to vote for or against a new Constitution. The whigs came out without stint against the measure. The discussion was continued until recess, and is still occupying the House as our paper goes to press. More of this tomorrow.—*Daily (O.) Statesman.*

Mr. Fry has lost $2,000 per month by his Astor House Opera season in New York. We should think if he continued the *operations* long Mr. *Fry* would get himself into a *stew*.—*Cin. Dispatch.*

County Meeting.

To the Voters of Mason.

We, the undersigned, citizens of Mason county, deeming it to be the duty of every citizen of our State to discountenance every attempt to interfere with the Institution of Slavery, as it exists in this State; and, believing that justice, as well as policy, forbids that the Convention which is to assemble to form a new Constitution, should, in any way, interfere with the relations of master and slave, request all our fellow-citizens who agree with us in opinion, to meet at the Court House, in Maysville, on the second Monday in March—County Court day—to agree upon some plan, which, after due consultation, may be thought the best calculated to subserve the true interest of our fellow-citizens:

The follwong named gentlemen, appreciating the use which the emancipationists are making of the occurrence of the little word "now" in the printed call, have stricken the same out, and signed the call as it appears below. ☞ Men may get mad for opinion's sake, but who can get mad for facts? J. W. Johnston, of Maysville, has just received a fresh supply of Dr. Le Roy's Wild Cherry and Sarsparilla Pills, which is the best family medicine now in use.—They can be given to both sexes, of all ages, with perfect safety. Every family should have a box, which only costs 25 cents. A better purifyer of the blood has never been discovered.

Coughs, Colds, &c.

Consumption is a disease which is carrying its victims to the tombs by the thousands, without being arrested in its progress by the medicines in common use at the present time. But a brighter day is coming, and has come—as to successfully arrest this disease. DR. ROGERS' LIVERWORT AND TAR, not only gives immediate relief in COUGHS and COLDS, but from testimony of men of the highest standing here and elsewhere, it is making some very remarkable cures of CONSUMPTION. Improvements in the treatment of diseases are onward, and nothing can arrest its spirit in the present age. Those who are afflicted with DISEASED LUNGS, would do well to call on Messrs. SEATON & SHARPE, the agents, and see the certificates of the above-named gentlemen. It is not only a valuable remedy for the consumption, but is warranted to break up the most distressing cough, cold, pain in the chest, a few hours, or the money will be cheerfully refunded.

Removal.

W. W. LAMAR.

RESPECFULLY announces to his friends and the public that he has removed from his old stand, to Allen's new block, No. 3, Second Street, where he will be happy to see his old friends and customers. He has just returned from the Eastern Cities, with an entire

NEW STOCK OF GOODS.

Which, owing to the lateness of the season at which they were purchased, he is enabled to sell upon terms as low as can be found at any other house in the city. He will say to those wishing to purchase goods in his line, that he hopes to receive their calls. As he sells FOR CASH, or to punctual customers, his prices are unusually low, and his profits will not justify him in departing from the rule. AS it is the object of every one to get the most for their money, and to combine in the purchase of an article beauty and real worth, perhaps it would be well for the public to see *Godey's January No.* which will be ready in a few days, before they subscribe to any other magazine As goes the January No. so goes the year It will be beyond doubt the richest No. of a magazine ever published, and could not be got up for $1 instead of 25 cents, unless the publisher should have an immense circulation.

BRANDRETH'S PILLS,

THE GREAT & GLORIOUS UNION.

CAN any other medicine be pointed out that has sustained its reputation—that has increased in the confidence of the public in an equal proportion?

It would be a most happy thing for the poor, if the prejudices of Medical men would permit their sick, to take deception in the patent Hospital. What a blessing this would be to the poor, and also to the whole community in which the Hospitals are situated! No Bilious Fever would long remain to poison our atmosphere with its noxious exhalations! No malady—no, not even Ship Fever, and Scurvy—the Antiscorbutic, or of a typhoid character would be found equally under their powerful control. Wind Influenza, small pox, measles, scarlet fever, and all the diseases of children would be affairs requiring only a very few doses of Pills, to entirely re-establish the patient's health. And in case of rheumatism and dropsy, and the various forms of lung disease, no medicine is capable of doing more good; or where use would tend more to the recovery of health.

BRANDRETH'S PILLS are sold, with full directions, at 25 cents per box, by H. C. Tweman, Maysville; T. E. & S. W. Crane, Hillsboro; G. F. Downing, Washington; James C. Savage, Germantown; D. K. Browning, Flemingsburg; J. Adams, Carlisle; and A. Boyd, Sharpsburg. [Nov. 16, '48.—3m.]

Ayer's Cherry Pectoral,

AN ANODYNE EXPECTORANT, prepared on the new plan of combining the isolated active principles of medicine, in their purity; a plan which is found to give an energy and certainty of remedial effect far surpassing any thing in use. The substance of which it is composed are those known to be most relied on for the relief of pulmonary disease, viz: Morphine, Sanguinarine, Emetine, Tart, Oz, Antim, et Pot. Hydrocyanic Acid, Saccharum, Spt. and Aqua; combined so as perfectly to resist the action of time; and affording to physicians a compound of *fire proof* cyanuretted hydrocyanic acid—a desideratum in medicine not hitherto obtained. Its formula has been published in this and other Medical Journals, and also submitted to some of the highest medical authorities in this country, among which are the Berkshire College of Medicine, Pittsfield, Mass; Willoughby Medical College, Cleveland, Ohio; Berkshire Medical College, Brunswick, Me.; Vermont College of Medicine, Castleton, Vt.; Geneva, N. Y. and also to many others, and to a large part of the medical faculty of the United States.

The attention of practitioners is respectfully solicited to this preparation, and it is confidently believed it will commend itself to their favor and confidence, having been found an invaluable remedy in treating the most obstinate as well as mild forms of pulmonary disease.

Prepared by James C. Ayer, Lowell, Mass. Sold by Druggists and Apothecaries generally in the Northern, Middle, and Southern States, the British American Provinces, and in some of the independent Republics of South America

Gazzam's Patent Bedstead

THIS NE PLUS ULTRA improvement has now been in use about two years, and where it is known, is preferred to all other Bedsteads. For cheapness, strength and convenience it is not and cannot be equalled, as it is decidedly the best, cheapest and most convenient Bedstead in use, and perfectly proof against Bugs.

The principal cabinet makers and turners in Allegheny city and in Pittsburgh, have secured rights to manufacture and sell the article. As there are so many cheap and imperfect imitations in the market, purchasers would do well to examine the cast iron plates, on which, in the following certificate from Cabinet makers well known in Pittsburgh and the West, is submitted to the public.

We, the subscribers, practical cabinet makers and bedstead manufacturers in the cities of Allegheny and Pittsburgh, Pa., do hereby certify that we have bought the right to manufacture bedsteads with Gazzam's Patent Fastenings, and consider the same superior to any fastenings with which we are acquainted

DEMOCRATIC REVIEW.

GREATLY REDUCED PRICE—FROM $5 TO $3 PER ANNUM.

ENLARGEMENT OF THE NUMBER BY ONE. FIFTH THE READING MATTER.

PROSPECTUS OF THE 3RD VOL.

IN commencing the twenty-second Volume of the Review, we have to acknowledge the continuance of a liberal patronage on the part of the public and of an enthusiastic response from the Democratic ranks, to those great principles of National Policy which it is our endeavor to elucidate. We have entered into extensive arrangements for a great variety of novel and interesting matter, that will add to the attraction and value of the new volume.

The new year will be marked by one of the most exciting presidential elections, under circumstances of more grave importance to our institutions than have ever occurred in our national history. It is therefore of the highest consequence that the great questions which shake the union to its centre, should be discussed with calmness, laboriously investigated and clearly understood. While the Democratic party is apparently split into several divisions through the very success which has caused it to triumph in the vindication of old issues until new ones have become necessary, the great *democratic heart* of the nation beats in unison with a noble patriotism, and swells in an honest satisfaction at the renewed glories of our western Empire, the foundations of which are only now being laid, and well it becomes us to proceed dispassionately and understandingly in the work commited to us. Although a "thousand generations" are not looking down upon us from the summits of the Rocky mountains "to behold our deeds," thousands yet to come swarming the intervening vallies, will throng the Rocky Mountains, the Alleghanies and the Cordilleras, all looking back to curse or bless the transactions of 1848. A fearful responsibility rests upon the democracy of the present generation, and that they will, as ever, discharge it faithfully, there can be no doubt. The efforts of the Review will be exerted with a full sense of the importance of the cause, and we doubt not will be vigorously responded to by our subscribers.

The accustomed features of the Review will be continued, including PORTRAITS and BIOGRAPHIES of DISTINGUISHED DEMOCRATS, men whose patriotic principles and steadiness of principle have won the confidence of the people.

We have to remind our readers that the low terms on which we furnish the Review make it imperative, that the payment of the subscriptions should be in advance; and that the expenditure incurred to improve the work, can be met only by the prompt remittance of subscriptions.

N. B.—All communications will hereafter be addressed to the Editor, Office of the Democratic Review, 170 Broadway.

THOS. PRENTICE KETTEL,
Editor Democratic Review.

THE GLOBE:

A Congressional, Agricultural, and Literary Newspaper.

THE editors of the Congressional Globe propose a new publication. To deserve the patronage which Congress has accorded to their reports of the debates, in receiving and making the Globe the official register, they intend to add *promptitude* to whatever merit has hitherto recommended the work. They will publish a Daily Globe, to record the proceedings and debates as they occur; and a Congressional Globe periodically, as heretofore, embodying the reports of Congress separate from the miscellaneous matter which will accompany them in the daily print. To fill the sheet of the daily newspaper, it is designed to gather the news from all quarters, and complete the contest by drawing from every source that may be of most interest among literary novelties, and of the greatest utility in scientific and practical work on agriculture. For material, the leading journals and periodicals of France and Great Britain, treating of such subjects, will be consulted, and, it is hoped, advantageously used. Original essays, especially on topics connected with agriculture, will be obtained from the enlightened and practical men of the country.

The Globe, as a newspaper, and as a vehicle of information and amusement in other respects, will be under the charge of Francis P. Blair and James C. Pickett. The congressional department and business of the paper will be under the management of John C. Rives. The public are familiar with Blair & Rives as connected with the press. In introducing Mr. Pickett as one of the concern, they will be allowed to use the words of him. He is a gentleman favorably known to the government, for the talent and judgement which distinguished his diplomatic service while connected with the mission to Quito; and more recently when charg d' affaire to Peru. From his pen mainly the Globe will derive the selections and translations from French journals, the comments on them, and the other literary articles, which will be found among its chief attractions.

The Globe will be published daily during the session of Congress, and weekly the balance of the year, and will undergo distribution in the form of a Weekly Globe, a Congressional Globe and Appendix.

The Weekly Globe will be the vehicle of the miscellaneous and other articles of the daily print, with a synopsis of congressional proceedings.

The Congressional Globe will embody, as it has done for the last sixteen years, congressional proceedings and debates exclusively.

The Appendix will embrace the revised speeches separately and the messages of the President of the United States, and the reports of the heads of the executive department.

The Congressional Globe and Appendix will be published as fast as the proceedings of Congress will make a number. Subscribers may expect one number of each a week during the first four weeks of the session, and two or three numbers of each a week afterwards, until the end of the session.

Nothing of a political or party aspect will appear in the Globe save that which will be found in the congressional reports. A paper assuming to be an impartial vehicle for all sides, cannot maintain a character if the editorial columns reflect a party hue. The editors of the Globe have borne their share in the party conflicts of the press. The Globe will inviolably maintain the neutrality which its relation to Congress imposes.

TERMS.

For one copy of the Daily Globe (daily during the session of Congress, and weekly during the recess) a year,	5 00
For one copy of the Weekly Globe one year	2 00
For one copy of the Congressional Globe during the next session, if subscribed for before the first of January,	1 00
For one copy of the Appendix during the next session, if subscribed for before the first of January,	1 00
For six copies of either the Congressional Globe or the Appendix, or part of both,	5 00

The subscription for the Congressional Globe or the Appendix, after the first of January, will be $1 50. The original price of one dollar does not pay the expense of the publications in consequence of the great increase of matter published.

Our prices for these papers are so low that we cannot afford to credit them out; therefore no persons need consume time in ordering them unless the subscription price accompanies the order.

PROSPECTUS

FOR THE

Weekly Kentucky Flag.

THE name and character of this paper, having become so universally known, during the past period of its existence, it seems to be almost useless, at present, to enter into any detail of its leading features, or that its conductors should make any new *pledges* to the public, by way of inducing the Democratic party to rally to its support.

Aware, however, that hundreds and thousands of the people of Kentucky, and other Western States, have never yet had an opportunity of subscribing for it, the publishers have come to the conclusion to issue this Prospectus, in the hope that those into whose hands it may fall, will use every possible exertion to induce those in their respective neighborhoods to subscribe at once, and thus give the paper that patronage which its intrinsic value merits, and which should be extended to it by a high-minded, a liberal, and an intelligent people.

The paper has now been in existence *for two years and five months*; and, notwithstanding the enterprise was looked upon as extremely hazardous at the outset, the FLAG has, by pursuing a fearless, bold, and unwavering course, and the most untiring energy and industry, upon the part of its conductors, succeeded in overcoming every obstacle—ranks now inferior to no Democratic paper in the State, and can boast of having done as much *good service* as any other, during the period of its existence.

IN POLITICS, the Editor is a radical Democrat, and the paper will never, while under his control, swerve from the original land-marks of the party to which he belongs; but continue, as heretofore, to advocate the great measures and principles, of that party, and to defend them against the foul calumnies and aspersions which may be cast upon them by the unscrupulous and illiberal presses of the Whig party. In all things, it shall be his aim to promote the best interests of the people, and to preserve, inviolate, their rights and privileges, so far as the power may rest with him to do so; and he would here beg leave to remind the public, that a crisis is rapidly approaching in the affairs of this State, when prudence and patriotism will call upon every man to prepare himself for a great struggle. The approaching State Convention will involve questions of the most vital interest to a large portion of the people of Kentucky, and it is but right that those conducting the presses of the State, should unhesitatingly declare their sentiments, in relation to the questions likely to be involved, previous to the meeting of that convention.

The most prominent of these questions will be that of Slavery, and the propriety or impropriety of agitating it, in that body; and we here take the liberty of saying that *we are utterly opposed to any interference whatever, with that question*, by the Convention, when it shall be assembled. The FLAG, which was one of the earliest advocates for the Convention, will steadily, mildly, yet decidedly contend against this, and all other innovations upon the rights of the people, either by the Convention or by our State or National Legislatures; but will advocate such *constitutional reforms* as may be consistent with liberal and correct views of Republican Liberty, without an infringement upon the rights and privileges of citizens, in relation to the subject of Slavery.

In short, the KENTUCKY FLAG is just such a paper as will suit the wants and the interests of every Democrat, and of all other persons who believe with the editor, that it is dangerous to tamper with the institution of slavery at the present time: and we call upon such to aid in giving it a circulation in all parts of the State, in order if possible, to counteract the pernicious influence of those papers which advocate the principles of the Abolition party of the North.

The FLAG will be in the receipt of the Telegraphic Dispatches, which will enable the publishers to give the Eastern news several hours in advance of the Cincinnati Dailies; and in addition to this, the paper will contain a large amount of General News Articles, Miscellaneous reading, Tales, Poetry, and the latest Foreign Intelligence.

A full and correct review of the Markets will be regularly published, and every thing which can possibly instruct or amuse will find its way into its columns.

As the FLAG is now published DAILY, the Weekly will contain much more reading matter than heretofore.

☞ Be particular to write the names of Subscribers, Post Offices, and Counties in a plain hand, and to mail remittances to the Publishers in the presence of the Post Master. This being done, the money is then at our risk.

PIKE & RUSSELL.

Terms:—The KENTUCKY FLAG is published Daily and Weekly, upon the following terms, to-wit:

DAILY, on an Imperial sheet, every morning, Sundays excepted, at $5 per annum, payable quarterly in *advance*.
