THE DEMOCRAT.

Prospectus, Extra: TUESDAY MORNING,

BY C. H. ASBTON,

At $2.00 a Year, INVARIABLY IN ADVANCE

THURSDAY, SEPT 1870

X Subscribers who receive their paper with an X marked opposite their name will take notice that their subscription is out, and that the time for their subscription expires. Up to date.

Local Matters.

Our Authorized Agents.

The following gentlemen are authorized to act as agents for the DEMOCRAT, to solicit, receive and give receipts for subscription, &c.

A. FRAZEE, of Maysville, Ky.
REUBEN W. HENDRICK, Flemingsburg.

Election Notice.

There will be an election held at the Public School House in the town of Flemingsburg, on the 17th day of September, between the hours of 9 o'clock a. m. and 2 o'clock P. M. to determine whether or not it would be best to remove the school for the present year to the college building and also if it would not be best to rent the present lot and purchase some other. As arrangement has already been made with the trustees of the college to occupy said building and competent teachers employed, we think those interested should be at least to permit the arrangement made by the Trustees the school will commence on the second Monday in September, to which all the indigent white children between the ages of six and twenty years are invited to attend.

JOHN MORRIS,
ALEX. MCDONALD, Trustees,
WM. S. FANT,

August 25th 1870.

NOW IS THE TIME.—Money is tight, but we need it bad. We have a large amount to collect, and we must collect it. We will give the best of bargains for money. We mean what we say. Come forward and pay up, or your accounts will be placed formally.

GRAPES.—We return our thanks to Mr. Jas. Wallace for a basket of fine grapes. They were delicious.

THANKS.—We are indebted to Wm. H. Cordell, Esq., for a copy of the Congressional Globe, containing the President's message. We will be obliged to him for the same favor.

THE CONVENTION.—Our ticket for the inside pages of the DEMOCRAT, Governor's proclamation, and other matter, compelled to yield.

NO MORE GRAY HAIR.—*Nature's Hair Restorative* brings back the color of hair. It is not a dye, but a vegetable preparation. Contains nothing injurious. See advertisement.

SCORSTON.—As the town pump has been done up in style, what say our trustees to making a raid on Dog run. It needs repairing.

THE TOWN PUMP.—We are happy to inform our readers that this institution has been cleaned out and repaired. It is now in the working order. We owe the Trustees one for this noble act.

GOOD.—Our friend Jno. Hopper, of Beaver, has gone to Lewisburg last week. A place that he will suit in Flemingsburg just at this time.

WHY THROW.—George Gaskins (of color) fell through the show window of Mr. J. B. Dudley's Drug Store on last Monday. George undoubtedly took the glass for a pool of water and dove through.

ACCOMMODATING.—We are continually under obligations to our friend Miller, of the morning line to Maysville. He is the most accommodating stage driver in Kentucky and takes pleasure in attending to the wants of those who ride with him.

VALUABLE DOCUMENT.—We are indebted to the Hon. John M. Rice for "A land book of Politics for 1870." It is very useful and full of the politicians generally. It contains much useful matter to any one in search of political information.

A DISCOURTESY.—A difficulty occurred at the Half-way House last week between Tom Wood and John Boots. Wood knocked Boots down in light of stilts with a chair and broke his leg. We understand that Boots is now in a dangerous condition.

LOST.—We lost an Ivory-handled pistol case with gold band, at the Democratic picnic at Maysville a few weeks ago. The finder will oblige us by returning it to us. If was a present and we appreciate it not on account of its intrinsic cost. Please leave it with Mr. A. R. Hopper who will send it to us.

WARNING.—When you go to Maysville be careful what kind of whisky you drink. The Bulletin says that a man recently got drunk in that city and stole a carpet bag. It must be awful mean whisky that will make an honest man steal. Please set on out that bottle, Mr. Hopper, we don't want no such liquor around our father got drunk on.

UNION AGRICULTURAL SOCIETY.—We are indebted to J. M. Noth Secretary, Cincinnati, for an admission ticket to this fair which will be held near Germantown, Ky., on September 20th, 21st and 22d 1870. It promises to be one of the best exhibitions to be held in Kentucky this season.

H. M. TRAGER, Esq.—We failed to mention in our last issue paper that we were under obligations to the gentleman for valuable services rendered his office during our visit to Mt. Sterling. He has our heartfelt thanks. If the we ever return upon the duties of Courtesy that he may be willing to render us in the future, he begs. Success attend him.

THE LAW.—As many persons are in the habit of leaving farm advertisements posted upon the stages and elsewhere, we publish the law concerning the same. It should be observed that little discretion is used in the information of the public, and that it is not nailing to post them, and that by tearing them down you infringe on injury upon the party paid for them.

CHARGES.—*Article X.*—Any person guilty of wantonly, wilfully, and unlawfully pulling down, obliterating or defacing any advertisement posted in any public place, or upon any private property, by permission of the owner thereof, shall be fined not less than $5 and not more than ten dollars.

TEMPERANCE.—Sunday, Sept. 4, 1870. Rain, cloudy. Interest temperance revivalist delivered two powerful sermons during the Camp Ground last week. Large and the intelligent audience. We listened to him very attentively on both occasions and we do not hesitate to pronounce his lectures the best that we ever heard on the subject. He is a man of full of wit, and pathos, eloquent in style and a forcible reasoner. Good to Mankind. He's a fearless lecturer and will attract large crowds wherever he goes. Success to him and his cause.

LITTLE.—We call attention of builders and plasterers to the advertisement of Mr. Leland Fisher, of Cincinnati. In building and plastering he has had experience enough to know of line of the very best quality made by himself. We have samples of it before us now and will say positively it stands certain test of years. If it proves a good article, go to Mr. Fisher.

GOOD TESTIMONY.—This people is in a flourishing condition in this place, it now numbers in the neighborhood of a hundred. At the conclusion of Mr. Bates' lectures several were initiated, among them our Devil whose we wish much success in his new venturing. If Jackson a sober man he makes a good printer, remember that.

CORONER'S INQUEST.—The following is the verdict of the Coroner's jury in the case of the negro who was mobbed last week:

We the jury, summoned by the Coroner of Fleming County to examine the body of a man of color by the name of Frank Timberlake, report that we found the body of the above named party suspended by some means to a tree on the premises of Jas. W. Knight, near Flemingsburg, evidently brought to his death by hanging, done by persons unknown to this jury.

Wm. S. Fant, *Foreman*,
Chas. W. Ware,
Geo. V. Martin,
F. S. Dudley,
Ben Kirk,
J. C. Cady,
J. K. Vansant,
J. E. Kidwell,
David Rogers,
R. C. Adkins,
Jas. F. Anderson,
John McGrath.

Attest:
George Wiley, Coroner.

AN EPISTLE.—Our friend B. H. Bruce, of the Richmond *Register*, and his most excellent lady have been blessed with a bouncing remembrance of which he gives us as follows, in the *Register* of last week:—"Notwithstanding the clash of arms in Europe, with death-dealing bullets for breakfast, dinner and supper, notwithstanding the stringency of the money market, but weather, the display of the Aurora Borealis in Gotham, Buffalo's monsoon in New York, and that Prolingbroke lay bedridden in Europe, notwithstanding all these periodical mishaps, an incident occurred in our family that transpired in our family. At 5 o'clock and 30 minutes, Wednesday morning, August 24th in the year of our Lord, 1870, (precisely 1 minute of no minutes distance on at A) an apparition was made to our sanctum in the person of a 6 ingliter, weighing just 7 pounds. The size is small, but then, "how it looks like it's rather!" Hurra for hurrah! Hurra gaiety! Smile and frown, ye sour creatures who are in arrears to the *Register*, with a large and respectable family, looking at in the face, we trust that the poor-house will be an enchantment not shining dimly in the distance."

That looks like business, Bruce.

HIGH WORK.—In continuation with many others we have felt a lively interest in the investigations which Dr. Ayer has been making to discover the causes of failure of the hair and to provide a remedy. His researches are said to have been much more thorough and exhaustive than any ever made before. The result is now before us under the name of AYER'S HAIR VIGOR. We have given it a trial, and with full satisfaction. It restores our hair to its original color, and keeps it from falling out. Bald spots have disappeared, or assumed their original color, and a thick crop of soft, silken hair has started on a part of the scalp which was entirely bald.—*Democrat, Memphis Tn.*

JOSEPH F. TUTTLE, D. D., *President Wabash College, Crawfordsville, Ind.*, says: It Illustrations are not only but, but in facts they are very rich. There is entirely I page where the age and not latest contain nothing, or some analogy by years, would truth and return, which is well worthy of being retained for future reference. The chapter on "Little Things" is full of facts, which are calculated to delight and instruct. The illustration of the tomato is one of beauty, and I cannot but pray to be forgotten. The book particularly in the chapter on "Hair," after trial, I have no hesitation in pronouncing it to be a most attractive and admirable book for private reading, *but especially for family use*, and in the family. In fact, in a hundred thousand families it will be a great delight for the minds and hearts of multitudes. See advertisement in todays paper.

LANCASTER, O., Dec. 20, 1869.

MESS. F. E. SUIRE & CO.: Cincinnati, O.

GENTLEMEN: We have been using your WAYNES DIURETIC AND ALTERATIVE and Acetate of Potash, and from what we hear of its use, would state that it gives better satisfaction than any other article we sell, in complaints of the Kidney. Respectfully,

SLOUM & WHITE, GEO. HEDECK,
D. FIFFORD, A. DAVIDSON,
DEALERS & CONSUMERS.

What does Reason say.

The little nonpareil, Reason, says that "Poisons return to a certain plank, state of air and acquire the effect of the poison." That is instinct. Human beings on the other hand, must depend on reason and experience in selecting the master of poisons, and shun the effect of the "Malarial" contagious influences. Now, what does reason say on this vital subject? Does it not tell us that to invigorate and purify our system, we should use a medicine against the disease? Such is the supposition in most guide shall we follow, in choosing a medicinal safeguard? Reason replies let your monitor be experience. Well, the experience of eighteen years conducted in one unbroken series of satisfactory testimonials, says that Hostetter's Stomach Bitters, combined strengthening, regulating and antiseptic properties which are not combined in the same happy proportion in any other preparation extant. Tell therefore to the multitude to which reason bids us when our health is at stake, that Hostetter's Stomach Bitters is the great antidote to malaria, dyspepsia, debility and other complaints, whether inherent and constitutional, or contracted. Sold by all druggists and dealers generally.

The reason of a zoology reptile is the most subtle and dangerous thing that which is in the form and disguise of a man. To engage the fevers, bilious disorders, disturbances of the bowels, and other serious maladies produced by these insalubrious elements, it is absolutely necessary that the stomach and bowels should be put in a state to resist the attacks of the enemy. Nothing can do this so effectually as the vegetable invigorant, Hostetter's Stomach Bitters, and it is known the world over as the most powerful and agreeable preventive and remedy for fever and ague, liver complaint, rheumatism, nervous debility and dyspepsia. Sold by druggists and dealers generally.

Our Fleming County sent Democratic by 200 majority. As a consequence, one good looking and jovial friend, Austin, of the *Flemingsburg Democrat*, is as happy as a baked clam. We congratulate you, old fellow, heartily and sincerely that the *Democrat*, can take its share of the glory connected with the victory. The Democrats of Fleming County are good for two years to come, and we hope for the best. *Peoples Ohio Defender.*

STATE NEWS.

The Owingsville *Inquirer* claims that John G. Fickin, elected clerk of Bath, will be the youngest sheriff in the State. He's barely twenty-one years of age.

We learn that a colored man, named Reuben Chandler, was shot and killed on the farm of G. S. Hubbard, six miles south of Campbellsville, Ky., by a young Mr. Edrington, whose sister had been grossly insulted by the deceased. He was shot in the breast and head and expired almost immediately. The shooting occurred at about 11 o'clock a. m., the 19th inst.—*Obs. & Rep.*

The Mayfield Democrat says this is to who shall be Governor: "Hon. L. S. Trimble, Hon. J. M. Rice, Jr., Hon. Hashadan, Hon. John Q. A. King and Judge A. H. Bush, any of these would fill the position with credit, to himself and honor to the State. Then why not select from among them? We hope our friends of the press will give due consideration to the claims of our district and urge the claims of some gentleman residing in the "Purpose."

A little boy 13 years old, named John Harrighan, living with his father on Flat creek, near Frankfort, was found hanging by the neck in a tobacco shed on Monday last. An inquest resulted in a verdict of voluntary suicide. He was the favorite of his family, and they could imagine no reason for the act, and were surprised by anything in his conduct or state of mind to anticipate such an act. When the body was first discovered suspended with a rope about the neck it was in such a position that the deceased could easily have rescued himself by stepping upon a large stone beside which his foot hung.

DEATHS.

Died at the residence of her son Richard H. Wilson, in Fleming County, on the 25th inst., Mrs. RACHEL WILSON, in the 97th year of age.

The deceased was born in Goochland County, Va., in 1773, and come to this County shortly after the commencement of the present century—and has lived in the County ever since. Born before the Declaration of Independence was proclaimed—she could easily remember the close of the Revolutionary war. In the war of 1812—15 her husband was a volunteer, and she, with one or two children, was left unprotected in an almost wilderness. For 60 years she had been a consistent member of the Methodist church. A kind and loving mother, a good neighbor, a sincere and devoted christian, her long life has been one of usefulness, long will she be remembered for her many good acts of kindness and charity. Kind, thoughtful, and considerate to others, she lived a better life and better world she has met the reward of her many virtues.

PARTIES LEAVING WEATHERSFIELD.—If you are going to have a party or wedding go to H. C. Ashton & Co. and they will fix you up in style in the way of fancy cakes of all kinds and confectionaries. For they keep the largest stock of goods in that line of any house in town, and will sell them low

Several Reasons why Chase, Dimmitt & Collins of Maysville, Ky., can sell Lumber, Shingles, Doors, Sash, Blinds, Flooring &c. cheaper than any other yard in any other point south of Pittsburg.

1st. They keep a Larger Stock than any other establishment.

2d. They have the very best machinery and every convenience for manufacturing.

3d. They enterprising business not being dependent on their employees, but owning their own factory.

Ayer's
Hair Vigor,
For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color, with the glossy and luxuriance of youth. This hair is thickened, falling hair checked, and baldness, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain may be saved from further decay, and nature assisted to the production of a healthy growth. Instead of soiling the hair with the sticky preparations, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray, or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous to injurious to the hair, this vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy luster and a graceful perfume.

EUROPEAN WAR NEWS.

From Standard Extra.

A dispatch from Carlsruhe says heavy fighting continued Thursday afternoon in the direction of Sarreguemines. The French are retreating. The wounded are brought to Montmedy. The center of the army have left Metz and are said to be mountaining, expected. The Crown Prince chase four days, defeat is reported to be moving rapidly on Paris. The most trustworthy accounts from the battle field say that Marshal McMahon is making a great strategic movement, and that no speed begins can be expected from the French side for several days. At Sarreguemines Reddish says Napoleon is trying to reach Bazaine by the way of Metzeres, Montmedy and Thionville. Reports from Berlin state that the Fourth Army under the command of the Crown Prince of Saxony, in former days commanded with the Crown Prince of Prussia, has left Paris. The Prussian army is moving with a great rapidity. Paris is now in possession of eight Departments of France. The French chambers have adopted a law providing that all men, married and between 21 and 40 years of age, be enrolled, for military service without the sanction of their subordinates. There was a severe artillery battle at Kehl and Strasburg on Wednesday night, lasting until five o'clock on Thursday morning. A fire broke out in the cathedral. Pfalzburg still holds out against the Prussians.

THURSDAY.

(From Monday Extra.)

Our telegraphic bulletins this morning give us very little additional news of importance to what published yesterday. There are rumors of a battle at Rheinau, but no official announcement of any cannonading was heard, but the report is generally believed. The French made an attempt to cross the Rhine at Rheinau, but were repulsed by the Prussians, and retreated to Strasburg. The Prussians are now in possession of eight Departments of France. The French chambers have adopted a law providing that all men, married and between 21 and 40 years of age, be enrolled, for military service without the sanction of their subordinates. There was a severe artillery battle at Kehl and Strasburg on Wednesday night, lasting until five o'clock on Thursday morning. A fire broke out in the cathedral. Pfalzburg still holds out against the Prussians.
