THE EXPRESS.

ROBERT McKEE, Editor.

MAYSVILLE,

WEDNESDAY, ... FEB. 24, 1858.

☞For Clerk of the Court of Appeals.

RANKIN R. REVILL,
OF OWEN COUNTY.

DEMOCRATIC MEETING.

A meeting of the Democrats of Mason County will be held at the Court House, in Maysville, on Monday the 8th of March, that being County Court Day, for the purpose of passing resolutions expressive of their approbation of President Buchanan's Kansas policy. It is earnestly hoped that every Democrat in the County will be present.

J. L. RUSSELL,
Chairman Executive Committee.

☞Some one has taken Quackenbos' Rhetoric from our table. It is a work we frequently need, and we hope whoever has it will return it.

☞Hon. John L. Robinson, a native of this County, and one of the best democrats in the Union, has been confirmed as Marshal of the State of Indiana. An excellent appointment.

☞A writer in the Kentucky *Statesman* proposes Hon. A. G. Talbott as the next democratic candidate for Governor, and Hon. J. M. Bell for Lieutenant Governor. That would be a strong ticket.

☞The employees of the Memphis Eagle and Enquirer, the Know Nothing organ of that city, are on a strike because one of the proprietors is "a foreigner, who does not possess a perfect knowledge of our language."

We have no reply to make to the Communication of *Unus Populi*, in Saturday's *Eagle*. The Know-nothing papers of this district were literally filled with such articles in regard to Major Mason for weeks previous to the last August election; and a change of nearly *twenty one hundred* in the vote of the district, in two years, attested their influence.

☞The *Whig* joins the *Eagle*, and between the two, they make a terrible fuss about republication. We think we see, now, what our neighbor is driving at, and bid him God speed. Opposed to republication himself, as he should be, he hopes to prevent the Know nothings of the County from identifying themselves with this measure, by crying "locofoco trick." If he can succeed, he will have accomplished a laudable object.

A Regiment of Volunteers.

The following resolutions, offered by Mr. NEWELL, of Harrison, passed both branches of the Legislature by a unanimous vote:

WHEREAS, It appears from information received, that the authorities and people of the Territory of Utah have refused to acknowledge the duties they owe to the constitution and laws of the United States, and placed themselves in an attitude of open rebellion to the general government; and it having been recommended in the annual Message of the President of the United States, that a sufficient military force be employed to enforce the laws of Congress which are necessary and proper for the government of that Territory; and it being provided in the laws of this Commonwealth, that the Governor shall have power to provide for raising volunteer companies of cavalry, artillery, light infantry, and rifles, agreeably to the laws of the United States, at his discretion. Therefore,

Resolved by the General Assembly of the Commonwealth of Kentucky, That the Governor of this Commonwealth be, and he is hereby authorized and empowered to organize and officer a regiment of volunteer troops, to be enlisted for such term as their services may be required by the General Government, and tender the same to the President of the United States; and the Governor be requested to offer such regiment to the War Department as soon as it may be organized under this resolution.

Resolved, That copies of this resolution be transmitted immediately to the President of the United States; and also to our Senators and Representatives in Congress, with the request that they present the same to the consideration of that body, and urge that provision may be made by law for the acceptance and equipment of such regiment.

It is understood that the following appointments have been agreed upon: Colonel, Thos. L. Crittenden, of Franklin; Lieut. Colonel, T. T. Hawkins, of Louisville; First Major, James L. Jackson, of Christian County; Second Major, Robert Richardson, of Covington; and J. Kemp Goodloe, Adjutant. The Captains have been designated by the regimental officers, and the Lieutenants will be named by the privates (previous to receiving their Commissions from the Governor. The gentlemen named as field officers have all, we believe, served in the "tented field," and their selection will give general satisfaction.

☞We invite special attention to the call for a democratic meeting in another column. The voice of the democracy of Kentucky has been unmistakably expressed; but when Northern Statesmen, like Buchanan, and Cass, and Toucy, and Bright, have thrown themselves into the breach in defence of Southern honor, it is due them, as well as ourselves, that the gratitude and fidelity of the people of every portion of the South should be manifested.

The admission of Kansas presents an important question. It is the only one that most important now agitating the Country.—The security of the South is involved in it. In friends are sorely pressed, and its fate is doubtful. The present national administration, *in whose fate the destiny of the Union is involved*, urges it as necessary to the peace and safety of the Country. Let the democracy of Mason County, then, turn out in one solid body to endorse the President. Let our gallant and ever faithful friends in the North see, that, though a border County, we are unanimous in favor of the admission of Kansas. Let us show those true hearted patriots of the free States, who have ever been needed their out rights when they were needed, that we are true to ourselves.—Prove to your Northern brethren, democrats of Mason County, that you appreciate their sacrifices in defence of your rights, that you are grateful for their aid, and that you are worthy of their confidence and friendship.—Turn out from all over the County, and show those who expect to score divided democracy, that James Buchanan, the patriot and Statesman, has no traitors in your ranks.

Know Nothings on the Admission of Kansas.

The Southern Know nothings are widely scattered throughout the Union. Their representatives in the Legislature of Congress, on all the days of the admission of that Territory into the Union as a State; while the representatives of that party in the Legislature are all opposed to it, and a considerable portion of the newspapers devoted to its interests denounce the proposition to admit it as "infamous! The question itself is an important one, involving the best interests of the country, if not the very existence of the Union, and we would scarcely expect men who differ upon it to agree to act together, either for or against it, under any circumstances; and when denunciation has usurped the place of reason, and calumniation is the only weapon of conviction relied upon, reconciliation would seem to be hopeless. Humphrey Marshall, Zollicoffer, Estill, and others, the acknowledged leaders of the know nothing party in Congress, have indicated their purpose to vote for the admission of Kansas, and doubtless believe that such admission is necessary to protect the rights of the South and preserve the Union; but this action is denounced as villainous, outrageous, infamous by the home organs of that party. The Post says, if these their present position, betray what they believe to be the interests of the South and the Country, and aid in the triumph of rebellion and anarchy, before they can come to the latter.—The latter can go to the former only by supporting a measure which they have exhausted epithet in denouncing. To suppose that Kansas and anti-Kansas wings of Know nothingism can ever agree upon the most delicate, difficult and dangerous question before the people—a question by far more important than all others now agitating the country—is to suppose that one of them is destitute of honor or patriotism. Indeed, if the admission of Kansas involves a fraud so transparent, and a villainy so damning, that democrats can only support it under compulsion of a tribe, the anti-Kansas Know nothings can never trust those of their party who are in favor of it, let the reason of that support be what it may. If this opinion of the admission of Kansas be true, those only can favor it who are so ignorant to understand it, or who are base enough to justify a crime.—The Know nothings who are in favor of the admission of Kansas under the Lecompton Constitution must occupy one or the other of these places. Will the friends of those of their brethren who entertain such an opinion of this measure, if, on the other hand, the Kansas Know nothings are right—if the admission of that Territory into the sisterhood of States is *necessary* to restore peace to the Country and to preserve the Union—if the security of the South demands it, and justice and honor require it—then have they been most unjustly misjudged by their own party associates, and self respect would forbid an association with those who have shown themselves so ready to assail them.

The Know nothings have exhibited singular tact in dodging the slavery question; but this is a practical issue which they must meet, and upon which they are compelled to act. Kansas must be admitted or rejected, and Know nothing members of Congress must vote one way. We are glad to see them approach it as becomes American patriots; and the people will approve their action on this subject, whatever those opposed to the admission of Kansas may say to the contrary. Those who believe a democratic administration can recommend nothing right may pour out the vials of their wrath upon their heads; but the unprejudiced of all parties in the surrounding States will sustain the act, honor their firmness, and reward their patriotism.

☞It is, perhaps, unnecessary to notice the communication of *Unus Populi*, which appeared in Thursday's *Eagle*, as its blundering ignorance will deceive no one, and its malignity is so transparent as to be harmless.

Major Mason *did* introduce the bill granting pensions to the Soldiers of the war of 1812, and to those engaged in Indian wars during that period, which bill was read the first and second times, and referred to the Committee on Military Affairs. Mr Savage is a member of that Committee and probably reported the bill from it, and in this way the *Enquirer's* correspondent may have fallen into error; but this is no excuse for *Unus Populi*, who should obtain his information from more reliable sources than newspaper correspondents before he undertakes to instruct the public. *Unus Populi* refers to the *Express* in connexion with this subject, from which we infer that he has read our response to the *Eagle* in regard to Major Mason's introduction of the Bill; and if so, he cannot be ignorant of the fact he chooses to ignore, as we quoted the Congressional Globe, and referred to the number of that official paper in which the action of the House upon the bill was announced. Nor can he be ignorant of the fact, that the Committee on Accounts, of which Major Mason is Chairman, from one of the regular Committees of the House, though he expressly says he is struck out of all place on all such Committees. The concluding one of this series of blunders—to use a very mild term—could have been perpetrated only by some one utterly ignorant of Major Mason's character, as it imputes to him that which will be indignantly denied by every one who was ever employed by him, and charges him with that which will not be believed by any one who knows him.

THE ONLY HOPE.—The editor of the Richmond *Examiner*, an experienced, sagacious, temperate and candid man, writing from Washington City, says:

"I was not disposed to take a gloomy view of these questions until I came here for a few months' recession this winter. But I confess, that I now almost despair of the Union. We have but one thing left of the grand nationalities of our Republic; everything else is sectionalized. We have yet a national Administration. The South has read our respects

By Louis, Saturday, Feb 20.

The Pacific Hotel was burnt at three o'clock this morning. Eight or nine persons are reported to be killed and many more seriously injured by jumping from the windows.

It is impossible to ascertain particulars and the names of the killed and wounded now.

SECOND DISPATCH

The burning of the Pacific Hotel proves to be a much more terrible calamity than reported this morning. Of the hundred guests in the house, between forty and fifty are missing.

The fire caught in the drug-store under the hotel, and the flames spread so rapidly, before the inmates could be aroused, that they were enveloped in fire, and all who was cut off except by the windows.

Many leaped from the third story, and were badly mangled or instantly killed; many more who were unable to reach the windows were burnt to death in their rooms.

Several more bodies are supposed to be in the ruins, and hundreds of excited men are energetically engaged in removing the rubbish.

The wounded have been promptly taken charge of by their friends, or sent to the hospitals where their injuries are immediately attended to.

The property is insured for $50,000.

WASHINGTON, Feb 14.

An altercation took place at the dinner table at Brown's Hotel to-day, between J. B. Clay and Pollum, late Clerk of the House. Subsequently Pollum struck Clay in the face with his open hand.

This morning, Ex-Lieut. Rhind posted Commander Bushwell as a liar and a coward, in the Navy Department.

It is understood that the difficulty originated a few years ago on the Pacific, but has been recently renewed before the Naval Court of Inquiry.

The St. Louis *Republican* of the 20th had intelligence that the Salt Lake mail had reached Independence on the 16th. The snow was six feet deep in the mountains, and it was very cold. The conductor of a train reports the troops at Fort Scott in good health and spirits and anxious for orders to march to Mormondom. From Mormon prisoners, and straggling Utah Indians Colel Johnson is well advised as to the Mormon Active preparations continue for resistance to the troops in the spring. The mounting regulations are very stringent. The Indians met with were all friendly, and the ground-hound mails making good progress.

DR. ROBACK'S

BLOOD RIVER AND BLOOD PILLS.

DISEASE VANQUISHED

—BY—

Dr. Roback's Scandinavian Remedies.

AFTER Years of study and experiment, Dr. Roback, the eminent Swedish Physician succeeded in producing a medicine from twenty-three different species of medicinal herbs of native land, which acts directly upon the cause of disease in the blood, and by ridding the system of the humors of life, ten conditions of health and purity, expels disease from the system, wherever it may be located, or whatever may be its character, indigestion, nervous complaints, rheumatism and other fits, coughs, consumption in its early stages, sore throat, ulcers, tetter, fever and ague, asthma, low spirits, actual insanity, premature decay, weakness, pickings of the stomach, paralysis, rheumatism, mortalgia, tumors, abscesses, leucorrhœa and debility, the diseases of other members of the organs of respiration, the liver, the kidneys, the stomach, the nervous system, fever, are unerringly cured by his preparations. It is to the *materies morbi* or root of disease what an alkali is to an acid; it neutralizes them with absolute certainty, while at the same time it regulates the secretions, removes obstructions in the bowels, creates appetite, invigorates the body, and regenerates every animal function. Such is the nature, such are the effects, Dr. Roback's Scandinavian Blood Pills, which, if taking in conjunction with his Scandinavian Blood Pills, will not only eliminate the most painful disease, but prevent their recurrence, and transcend in value the ordinary medicines. In his SCANDINAVIAN VEGETABLE BLOOD PILLS, Dr. Roback presents the result of twenty years of experience, herbal study and experiment, to what a perfect pill should be. No one can think, dread or apprehension follow their use. Price of the Scandinavian Blood Purifier, $1 per bottle, or $5 per half-dozen; Scandinavian Blood Pills, 75 cents per box, or five for $3.

FRANK MIAMI County, Ind., Aug. 4, 1857.

Dr. Roback—Dear Sir: I feel that I owe much benefit from your Scandinavian Blood Purifier and Blood Pills, that I have thought it my duty, and it is no less my inclination, to give you a plain statement of my case. I was for years afflicted with that bane of all comfort, and slavery in business, dyspepsia. To recapitulate all the so called remedies which I have had to rid myself of this disease, would indeed make a melancholy catalogue. I also consulted with the best physicians I could hear of, and I confined to my your remedies through the persuasion of a friend, and after using them a few days was greatly benefited, and in a short time, less than a month, I was entirely and permanently cured.—I was also afflicted with the most violent nervous headache, which I suppose was produced by my disordered stomach, for when my dispepsia left me, my headache left with it. I now feel better in every respect than I have for ten years.

Very truly yours, JOHN DEWITT.

From a well-known Steamboat Clerk.

LOUISVILLE, June 4, 1857.

DEAR DOCTOR: Send me half a dozen boxes of your Pills, care of H. G. Card & Co., so I can get them next trip. His wife was sick and could have convinced me that a twenty-five cent box of Pills could have relieved my obstinate chronic constipation, with its attendant evils. I told you so when I bought them, but I am bound to own that your Pills surprised me. Why I have taken as many as six (6) of them—"a and other makers," sometimes without effect and sometimes with too much effect, but I have no trouble with them, they are just what I want.

CINCINNATI, Friday, Sept. 4, 1857.

DR. ROBACK—Dear sir: Having been afflicted with neuralgia or rheumatism for the past year and a half, and having seen your medicine, called the Scandinavian Blood Purifier, highly recommended by gentlemen with whom I am acquainted, I was induced to try it, but not before I had used various other medicines. After using two bottles, I felt its effect very sensibly, and since being two more, I found a relief perfectly cured.—You will therefore, therefore, be congratulated upon making a discovery in medicine which is proving itself to be a worker of such wonders in the shape of relief to suffering humanity.

GEORGE S. BENNETT,

Local Editor Cincinnati Daily Enquirer.

ENTERPRISE, Clark Co., Mississippi, Nov. 1, 1857.

DR. C. W. ROBACK—Dear Sir, I am now about sixty years of age and have been afflicted with rheumatism and general nervous derangement to a considerable debility for the last 15 or 20 years and have used almost every kind of "patent medicine," from which I have derived no benefit, also have tried a great many Physicians to no purpose. I now feel thankful I have at length obtained a medicine which has given me relief, and have purchased two bottles of your Scandinavian Blood Purifier and two boxes of Your Pills of Messrs. Harper & Hardaway, your agents for this place, which I have used. They have given me almost complete relief. My limbs and veins have been greatly swollen but your medicine have reduced them to their proper size.

Yours respectfully, WM. R. KING.

The above certificates and many others, can be seen at my office to any one at any time. Send for my Family Medical Almanac, gratis, from my agents.
