ACK'D BY
ANS'D BY
JUN 13 1924

Gentlemen: Attention Mr. Whiting

Your letter, of June 7th, received, and I note what you say in regard to the securing of more land for the Morehead State Normal School, and we are working on this proposition. However, if you can indicate a site for the class room building which is the first that we want to erect we can go ahead with the plans for this building.

The Board of Regents meets again June 19th, and I shall present your letter to them and any other statement which you wish to make.

Very truly yours,

F. C. Button

Could Mr. Whiting be present at the Regents meeting in the Phoenix Hotel, Lexington, Ky. the morning of June 19?

no
