Gentlemen:

ACK'D BY  
[Signature]

Subject: Morehead Normal School.

We understand from Professor Button, president of the Morehead State Normal, that a topographical map that was made by a surveyor employed by them, had been sent to you. We would like to have a copy of this map immediately.

We wrote you several days back, stating that we had been employed as Architects and Engineers on the work and it would be necessary for us to have the topography of the grounds at an early date. We would like to have a copy of this map and any other information which you have concerning this institution.

Yours very respectfully,

JOSEPH & JOSEPH.
