TO OUR BUILDERS

WE SALUTE OUR FOUNDERS

ALLIE W. YOUNG

We honor the late Judge Allie W. Young who is responsible for the founding of a college at Morehead and for all the support he gave at later dates. Without the aid of Judge Young the college could not have conceivably been established here. Many of the improvements in the college were the results of his efforts.

FRANK C. BUTTON

We salute the first president of our college, Dr. Frank C. Button. To him we owe an immense debt of gratitude for getting the college started effectively. The noble ideals and the sincere character of a great leader like Dr. Button ought to live forever in the institution that he helped to shape in its early years.

Henry C. Haggan

Inez Faith Humphrey

Catherine L. Braun

WE SALUTE OUR FACULTY

Most companies set aside days to honor those who have served for exceptionally long periods of time. We now take the privilege of honoring three of our instructors who have earned five five-year medals in service of the school.

Miss Inez Faith Humphrey has been at Morehead since 1916, from 1916 to 1922 with the old Normal School and when the present college was founded she was appointed as head of the Department of English, in which capacity she served until 1940. She organized the Quill and Quair Club in 1933, a club which published a literary magazine until 1940. Miss Humphrey is still teaching in the English Department and is an active member of two leading organizations of women who are outstanding in Education, the American Association of University Women and Kappa Delta Gamma.

Mr. Henry C. Haggan came to Morehead in 1923 to organize the Department of Agriculture which is still under his capable guidance. For six years he was Dean of Men, and for one year he was acting Dean of the college. For five years he was chairman of the Athletic Committee and was responsible for the acceptance of the college in the S.I.A.A. As chairman of the Landscape Committee he has done outstanding work in beautifying the campus. He is now sponsor of the Agriculture Club and co-sponsor of the Senior Class and Raconteur.

Miss Catherine L. Braun is the other member of our college who has kept the wheels of education rolling smoothly for a quarter of a century. She organized the division of geography and geology. Miss Braun formerly sponsored the Y.W.C.A. She has been outstanding in conducting field trips not only in the community surrounding Morehead but also throughout the state of Kentucky. Miss Braun is an authority on Kentucky.

These three have devoted twenty-five years to the people of Eastern Kentucky and they deserve a hearty salute. We are proud to have such examples of perseverance in our midst!

BOARD OF REGENTS

During the last twenty-five years Morehead College has proved to be one of the most successful Kentucky institutions of higher learning. This success, as does that of any institution, has depended to a great extent upon the high calibre men and women who have served the college as Board of Regents. Without the guidance and counseling of the Board of Regents the success of this college could not have been achieved.

**William Jesse Baird,
B.S., M.S., LL.D.**

From The President

Your Alma Mater graduates you in the high hope that you will strive to make the world of tomorrow a better world.

In college you have learned the value of freedom, but you have also learned that there is no true freedom attained without rigorous discipline and definite individual responsibility. You have learned there is no great achievement without great labor.

As college men and women, most of you will be serving on the home fronts. On whatever front you may be—home, school, government, industry, farm, church—you will be standing for what is right, and not for what is merely expedient. As true sons and daughters of your Alma Mater, you will prove yourselves ambassadors of good will, and serving as creative and productive citizens.

In college you have had opportunities beyond the average American citizen. To you, much has been given and from you, much may be rightfully expected. As you take your places on the various fronts, you will know that you do not stand there alone. You may draw upon the strength of that goodly company of college men and women who are working to make a life richer for an ever increasing number of people. Too, your Alma Mater will follow you with admiration, hope, love, and high expectations.

SENIOR CLASS

One of the greatest of many prides of the Seniors of 1948 is their publication of the history of the college year in pictures. Perhaps their revival of the publication of the RACONTEUR, after five years without it, is one of their greatest achievements but their wise and unflinching guidance in many other activities can not be overlooked. Throughout the year the

various organizations and classes of Morehead State have turned to the Seniors for leadership. By their untiring efforts these "Builders of Destiny" are blazing their trail to success.

Even after marching proudly down the halls of learning, they will go on blazing trails in many other fields and activities.

ACTIVITIES

Among the major concepts of college training are knowledge, and social activity. Knowledge we get from the classroom; social activity from student organizations.

It is the duty of every college student to be an active member of some organization.

Morehead students have taken advantage of the wide opportunities offered for participation in athletics, dramatics, musical, journalistic, and many other activities.

Organizations emphasizing particular subject-matter interests are promoted as well as various clubs having social activity as their goal.

The success of these organizations in recent years speaks for itself.

The Agriculture Club was organized in 1938. Since then this club has participated in landscaping several buildings on the campus and improved the landscape in general. Its main purpose is to improve rural living and environment beautification. The past two years the club planted over 5000 flowering bulbs, planted many flowering plants, and furnished half of the collection of the hybrid Rhododendrons. A goal is set up each year by a project committee and each year this goal has been met.

The Kappa Mu, Commerce Club, was founded in 1938 under the direction of R. W. Jennings, head of the Commerce Department. The club is the third oldest on the campus and has as its objective the correlating of social activities with programs of commercial interest.

Guest speakers at banquets, trips to various business houses in some of the larger nearby cities, and other social activities are examples of what the Kappa Mu has done since its organization.

"The college is a better institution with these men a part of it." This, plus other slogans and high ideals, is the reason why the Campus Club is one of the most outstanding organizations on the campus.

Since 1933, the club has promoted leadership and honored outstanding male students of the campus. And, since 1936, the club under the sponsorship of Mr. Mays, has become a promoter of campus activities.

At the beginning of this year Larry Workman was President, and Harold Webb was Vice-President. Both graduated in December leaving the remaining activities of the year to the present officers.

Along with the most tolerant informal and picturesque formal initiations, the Campus Club is proud of their "Dance of the Year" reputation.

The Home Economics Club is one of the best girls' organizations on the campus. It includes in its membership those students who are either majors or minors in the field of Home Economics.

The purpose of the club is "to give opportunity for members to develop active leadership and responsibility, to bring students in closer touch with the Home Economics organizations of the state and nation, and to create and stimulate interest and education in Home Economics.

After five years with no publication of the Raconteur, due to shortages created by the war, the Senior Class has once again, through struggle and strife — and fun, come through with a Yearbook. We hope it is a good one and that through our efforts the precedent of publishing the Raconteur may be re-established.

The Young Women's Christian Association is one of the oldest organizations on the Campus. Its major purpose is to keep alive the religious spirit of the youth of the campus and to furnish a wholesome form of social life. Their programs consist of guest speakers, discussion panels, student worship services and wholesome recreation.

This year the Y.W.C.A. has sponsored a Christmas Vesper Program for the faculty and students, which is hoped to be made an annual tradition. We have also sponsored a series of programs on spiritual guidance, and a candle-light initiation service for new members. We plan to sponsor an all-school picnic, make a donation to the World Student Service Fund, and sponsor an Easter Sunrise Service. Several members will represent Morehead at the Kentucky Area Y.W.C.A. meeting in Berea.

The Beaux Arts Club was organized by Mrs. Claypool in 1935, for the purpose of giving students the opportunity of learning how to appreciate art and to participate in art activities whether they are art students or not. The name Beaux Arts is French for the beautiful arts; the brushes and palette are the symbols representing the tools of their work; red, blue and yellow are their colors.

The activities of this group deal with the making of art objects, sponsoring art entertainments, and studying about the works of fine art. Two of the high points in their program is the Annual Beaux Arts Ball, which is a costume affair, and the bus trip to Cincinnati to see the art of the Museum, Terminal, Rookwood Pottery and other points in the city.

The Beta Chi Zeta is an organization for students who are majoring or minoring in Chemistry, Botany or Zoology. Students who have had four hours in any one of these fields may become associate members.

The purpose of the club is to promote greater interest in Biological and Chemical sciences and to increase and promote friendship among students and faculty.

The club meets on the first and third Tuesday night of each month. The program for the first Tuesday is planned and given by students. One of the sponsors then has charge of the next meetings.

First row—Johnson, Creech, Mobley, Jayne, Moore, Wheeler, Cain, Lastinger, Patrick. **Second row**—Kirby, Baile, Menges, Wilson, Fugett, Meekin, Whitt, Carroll Hall, Hays, Carpenter. **Third row**—Roberts, Barber, Skaggs, Dickerson, Ellington, Fair, Haney, Iler, Lamb. **Fourth row**—Clement Hall, Sickafus, Arnett, Cox, Crocker, Prater, Osborn, Shipley, McCann, Malone, White. **Not present**—Dobyns, Hammond.

CHORUS

The MSTC chorus, conducted by Miss Florence Carpenter, in the absence of Mr. Marvin E. George, has grown throughout the year to forty members, most of these are majors in the music department, but the chorus is open to everyone in the college who likes to sing. The purpose of the chorus is to give an opportunity to all who enjoy ensemble singing to become familiar with various types of good choral music. The group presents at least one assembly program each quarter, and also works with

church choirs in the community on great sacred works like "The Messiah," presented at Christmas, and "The Seven Last Words," presented on "Good Friday." Occasional performances out-of-town are also enjoyed by this group. The unusually large proportion of men in the chorus this year led to the formation of a male chorus, whose musical selections lent variety to the programs that were presented.

Marching Band

The Morehead State Teachers College Band has enjoyed outstanding success this year. The marching band, which plays at all athletic events, has displayed precision, versatility and musicianship in their performances. Much praise has been bestowed upon this unit, both locally and abroad.

The purpose of the concert band is that of presenting and promoting interest in the best of band

music. This unit presents many concerts on the college campus, including an outdoor concert series. This year a successful concert tour of nine cities in this area was made as part of the educational promotion program of the college and also to create a greater interest in the music program of the several schools.

The Trail Blazer has gone through this year against numerous odds. Despite these difficulties which normally befall a college publication, the paper has made its regular appearances on the campus two Wednesdays of each month. Many people have passed favorable compliments to the grind of the enduring staff, and of their sponsor, Mr. Bradley.

This is the eighteenth year of publication of the

Trail Blazer and we are proud to know that we have kept the trail blazed for the future students.

The Trail Blazer is a member of the Associated Collegiate Press, National Press Association, and Kentucky Press Association. It is represented for national advertising by The National Advertising Service, Inc.

The Mystic Club was organized in the memory of Coach Len Miller in the Fall of 1945. This is the "Pep Club" of the campus and its duties include the supervision of electing cheerleaders, and planning all pep rallies on the campus. It fosters keen interest and participation in all sports.

It is a tradition of the club to sponsor an annual

Valentine Ball, which was given on February 7 this year. With the money cleared at this dance a basketball trip or another activity showing loyalty to the school will be enjoyed by the club.

All athletes are automatically honorary members and may become active members when they pass the initiation service.

The Future Teachers Of America is a professional organization composed of prospective teachers. This chapter is an important part of two great organizations, namely, the National Educational Association.

The purposes of our organization: to develop leadership, practical training experience in working together in a democratic way on the problems of our profession and our communities, to enrich the

spirit of college life, and to establish a professional citizenship which every member will wish to continue so long as he is a teacher.

"If ever there was a cause, if ever there can be a cause worthy to be upheld by all of toil or sacrifice that the human heart can endure, it is the cause of EDUCATION."

WHO'S WHO

Every year outstanding students from Morehead are chosen to represent the school in the National publication, Who's Who in American Colleges and Universities. These selections are based upon notable records in both scholastic and extra-curricular activities. The success which these students have achieved speaks for itself. These are the students of which Morehead State College can justly be proud.

IMMORTALS OF THE LOST CAUSE

Mural Painting in
BATTLE ABBEY, RICHMOND, VIRGINIA

In this great picture, General Lee is shown on Traveller, the horse which was his faithful friend and companion during all the War and the years following.

General Lee is surrounded by his officers and brothers-in-arms. At the extreme left of the picture are Generals J. B. Hood, Wade Hampton, R. S. Ewell and John B. Gordon. The tall man on horseback looking in the direction in which Fitzhugh Lee is pointing is Stonewall Jackson, whom Lee called his "Right Arm." A. P. Hill stands beside the tree. General Lee, scanning the field of battle, is the center of the group, dominating the picture.

Following on to the right, the man with the field glasses, beside Traveller, is General Longstreet. The three horsemen next are Generals Joseph Johnston, Pickett, and Beauregard. Standing by his horse at the extreme right is General J. E. B. Stuart, the dashing cavalry chieftain of the Confederate Army.
