OLMSTED BROTHERS
RECEIVED

Olmsted Brothers,
Brookline, Massachusetts
Gentlemen: Attention Mr. Whiting

I am mailing you under separate cover some rough maps of the territory which we are now thinking of taking in for the State Normal School here. I have received a letter from Mr. Whiting from Birmingham, and note what he says, and I hope you can send us a sketch of the approach and drive for the school and location of the buildings quite soon.

I think I should mention the fact that the red lines shown on the larger map on the East side of the campus runs into the property known as the Nickell property may not be available for our use, and the drive will have to be arranged accordingly.

If there is any other information which I should give I shall be glad to do so. I may state that we have about secured options on all the land necessary to make this approach and drive, and we feel that it is safe to go ahead with the idea in mind that this land will be available.

Very truly yours,

F. C. Button
