RACONTEUR

Foreword

During the past months every student of the Morehead State Teachers College has had the privilege of entering into the associations that college life offers. These associations have become a vital part of the student's life. That they may never be dimmed the fifth edition of the RACONTEUR has been prepared by the Senior Class of 1931.

CHARLES O. PERATT

Dedication

The CLASS OF 1931
DEDICATES THIS VOLUME OF
THE RACONTEUR

To one of Morehead's most loyal supporters, whose every attitude toward the college and student body has been characterized by loyalty, optimism, sympathy and unselfishness—

PROFESSOR CHARLES O. PERATT

Administration

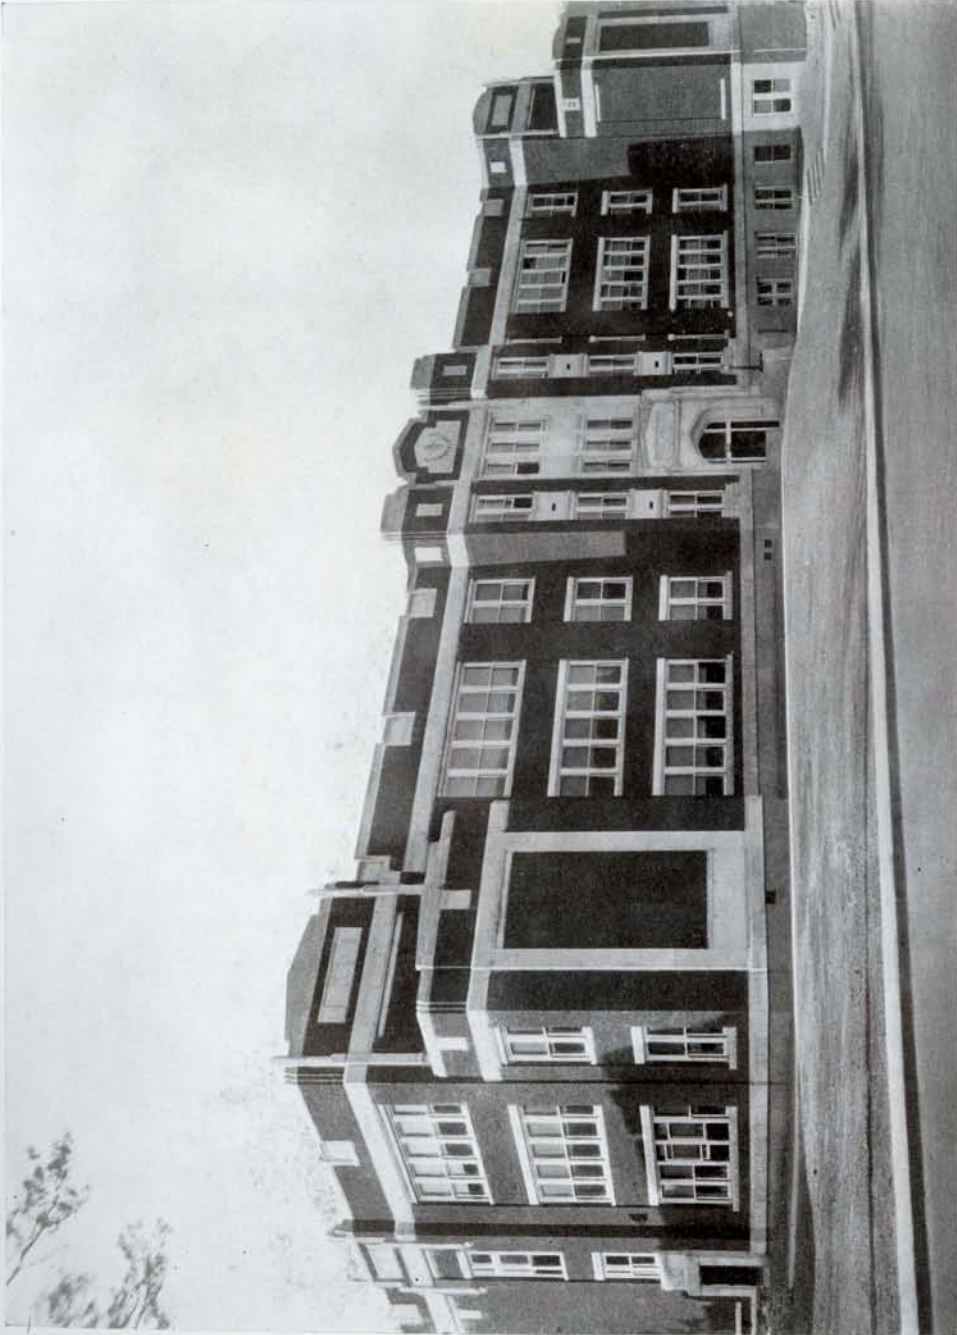

More than forty years ago in the picturesque and scenic foothills of the Cumberlands in Rowan County at Morehead a germ was planted which created the nucleus of one of Kentucky's most progressive and without doubt Kentucky's most democratic educational institution. Fostered in its infancy by Mrs. Phoebe Button and son, F. C. Button, it served as a home of Christian education and a source of training for those teachers who devoted their lives to the molding of youthful character in Eastern Kentucky.

In the year 1923 the institution came under the control of the Commonwealth of Kentucky, administered unto by The Board of Regents and Dr. F. C. Button, who for six years continued as president of the institution known as Morehead Normal School and Teachers College. Under his quiet and conscientious guidance, by means of increased financial support, provided by the Kentucky Legislature, the school was better able to serve the purpose for which it was created. From its beginning in 1923 it has shown phenomenal growth.

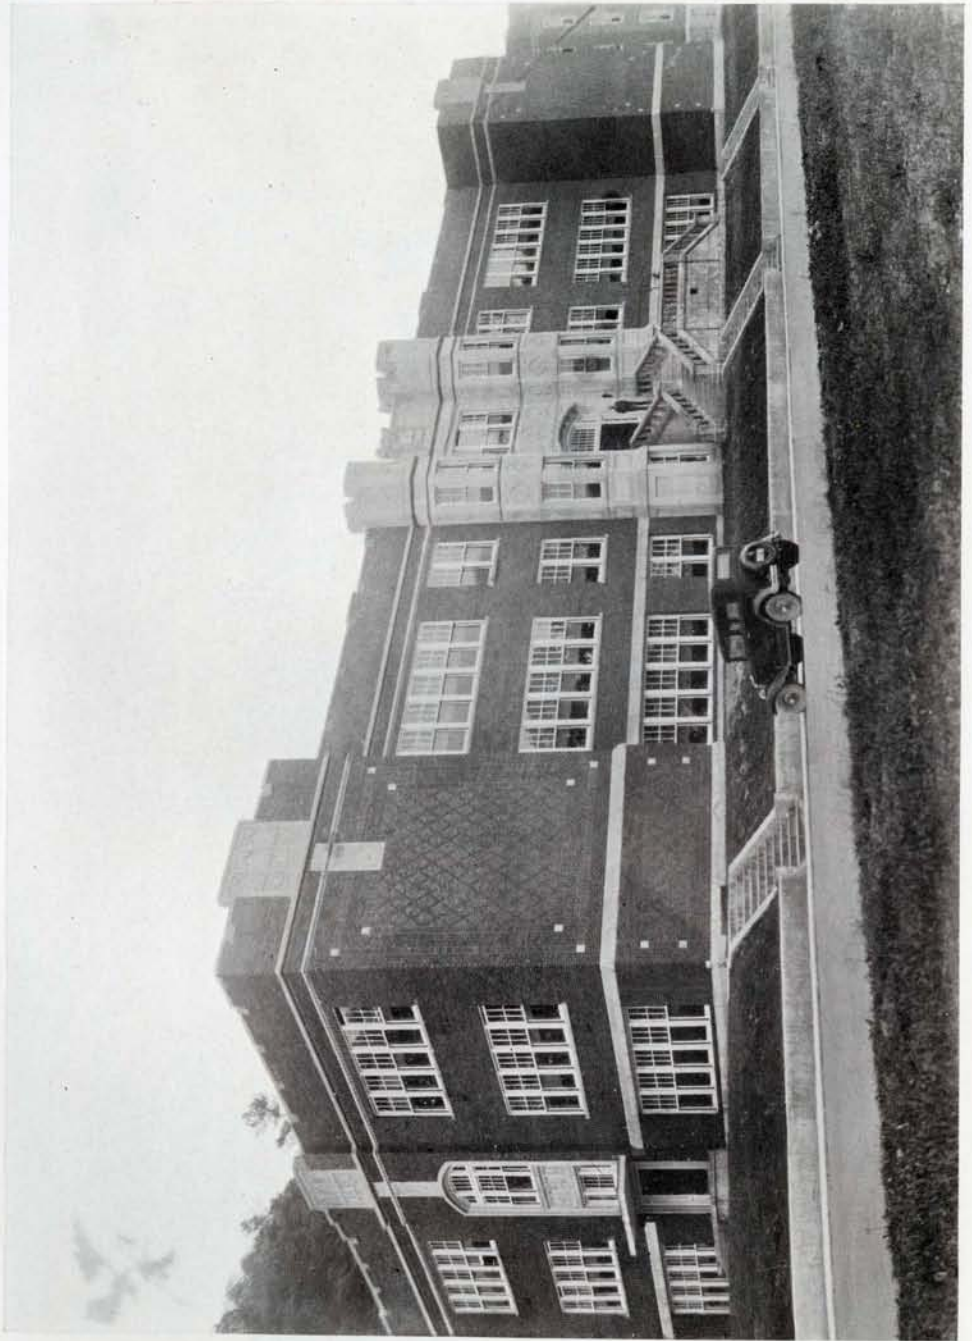

In 1929 Superintendent John Howard Payne, one of the state's best known educators, was chosen president of the new institution. A more capable man for the particular position could not have been chosen. He is the epitome of energy. With the spirit of friendliness and democracy which pervades his being, he appeals to the democratic type of students who hail from Eastern Kentucky.

The story of Morehead's progress during the past few years is almost as unbelievable as the story of Aladdin and the Wonderful Lamp. Over night, a few frame buildings, housing half a hundred students, have faded into a magnificent plant, caring for more than a thousand students. In the plant are three modern dormitories, an auditorium and gymnasium unsurpassed, a library of Tudor-Gothic design beautiful to behold, a convenient and ample administration building, and the center of all instruction the best training school plant in the South. Experienced engineering has cooperated with nature to give this plant a setting which is not only beautiful but aesthetic. During the past year Morehead has gained admittance to the Southern Association of Colleges and the American Association of Teachers Colleges.

Throughout the entire scheme probably the most appealing factor to many students is the spirit of democracy which exists among students and between student body and faculty. Morehead's alumni and especially the Class of 1931 look with pride upon Morehead's short history and with hopefulness and golden dreams to her future.

Who But A Country Teacher?

By ANNA JANE DAY

Who knows the problems of the country child,
And endeavors to keep it undefiled,
Though everything in general runs him wild—
Who but a Country Teacher?

Who goes to school at half-past eight,
But by his watch is never late,
And turns out early, though sad to relate—
Who but a Country Teacher?

Who hears all sides of a family row,
And for each pupil must allow,
And settle a fuss as best he knows how—
Who but a Country Teacher?

Who knows when the itch the Jones boy hath,
And knows that the Smiths don't take a bath,
But on the "Road to Health" must lead the path—
Who but a Country Teacher?

Who seeks in vain for a boarding place
Where he can really "feed his face,"
And in the bed no bed-bugs trace—
Who but a Country Teacher?

Who's asked what each thing he owns cost,
And by his trustee and patrons bossed,
Till his personality is sometimes lost—
Who but a Country Teacher?

Who visits each new daughter or son,
And compliments highly every one,
Yet knows he lies, but it has to be done—
Who but a Country Teacher?

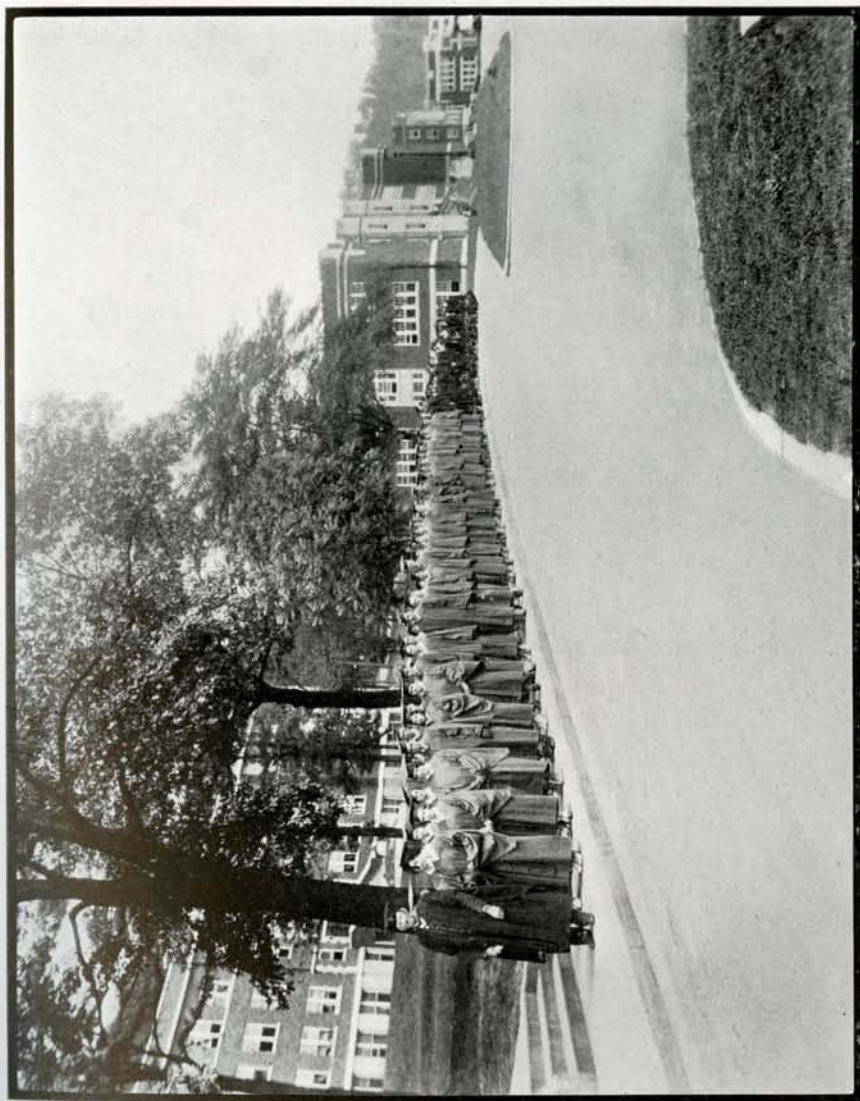

Who wears the 1920 styles,
Takes off his silks to put on lises,
And rides horseback to church ten miles—
Who but a Country Teacher?

Who for his pay-check has to wait,
(It may be one or two months late),
'Til his landlady threatens to "show him the gate"—
Who but a Country Teacher?

Who's criticized in every groove,
And when he chances to reprove,
Must apologize lest he be removed—
Who but a Country Teacher?

Who wades in mud up to his knees,
And in the winter-time must freeze,
Does all these things in order to please—
Who but a Country Teacher?

Who when he comes to the end of the story,
With conscience clear and head grown hoary,
Will die, while saying, "What price glory?"—
Who but a Country Teacher?

Le Club Francais

Le Club Francais was organized by Miss Flola Shepherd, Head of the Language Department, and has been capably conducted by her throughout the year. The club has contributed to the social activities of the college with dinners and teas; it has given many charming French programs and done much toward promoting interest in the language department.

The Foster Choral Club, inaugurated this year, gets its name from the composer of "My Old Kentucky Home", Stephen Collins Foster, a great part of whose life was spent in this state. The chorus numbers twenty-four voices, the personnel being chosen through competitive try-outs. In addition to concerts on the campus this organization sang before the Kentucky Federation of Music Clubs during National Music Week and also presented a fine program over Radio Station WHAS at Louisville. They sang the special music at the baccalaureate service this year.

The Men's and Women's Glee Clubs have been active this year, under the direction of Professor Lewis H. Horton. While they have sung separately and each club has its own repertory, their most notable work has been performed when the two clubs united. Prof. Horton has succeeded in bringing the clubs to an appreciation and an ability for execution of some of the kind of music which is considered the highest form of choral singing, namely *a cappella* or unaccompanied singing.

The clubs were heard several times on chapel programs, the most notable of which was the Christmas concert. At this time the Men's and Women's Glee Clubs sang the cantata, "Childe Jesus" by Clokey. In this the Clubs were heard separately as well as united. The combined glee clubs were also a feature of the commencement program this year.

Five debates formed the schedule of the Morehead Debate Team during the past year. The forensic opponents included Asbury, McKendree and Georgetown. Double debates were held with the latter.

College medals were awarded to the men taking part in the debates.

"The Revellers"

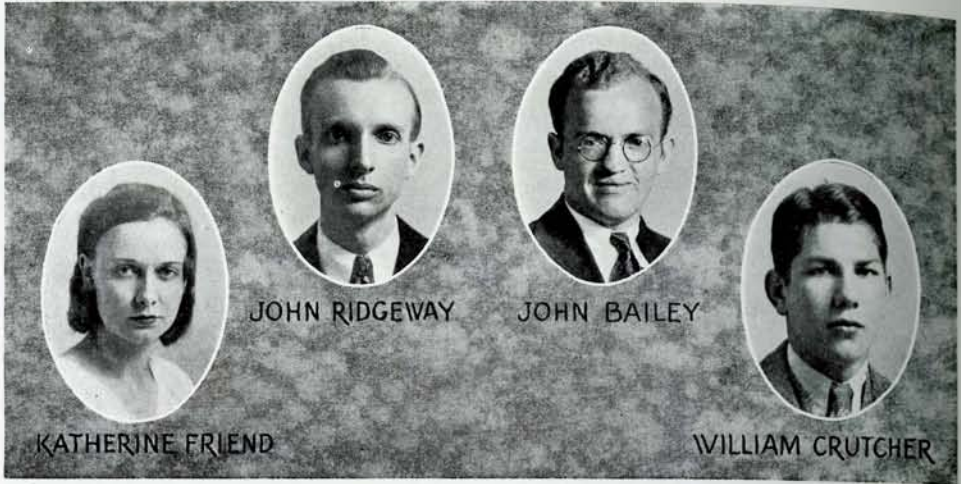

The Revellers Dramatic Club, one of the most active organizations on the campus, presented two outstanding productions during the year. They scored a dramatic triumph with their presentation of "The Goose Hangs High" and followed this with the Kentucky favorite, "Tempest and Sunshine." Playing before capacity houses the Revellers' productions were received with unanimous approval.

Football

CAPT. EDGAR McNABB

Because of his ability and loyalty Mac was named captain by his teammates for the 1930 season. Due to injuries he was unable to play the game he is capable of playing.

LAWRENCE FRALEY

Possessed of great speed and drive, Lawrence is a first class college half-back. As a ball lugger he was at his best.

CLARENCE SPARKS

Although a freshman, Sparky displayed the attributes of an A-1 football player. He has the size, build and desire to make good.

HEROLD HEABERLIN

One of the most vicious tacklers on the varsity. Although small he makes up for this difference in courage and stamina.

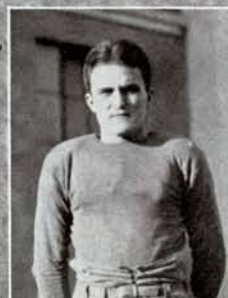

HENRY LEE PRICHARD

A lineman that could be depended upon even when the sun was not shining for the Eagles.

TED HOFFSTETTER

Built on the pattern of a battering ram, Ted has drive and power for his size. With more experience he should make a dependable fullback.

Football

WALLACE FANNIN

Greatly handicapped by lack of experience and size, Wallace exhibited the same nerve and determination he shows in baseball.

JAMES MAGGARD

In every way a capable lineman Jim has turned in many good games of football. His courage, determination and good judgment are unquestioned.

ALLIE HOLBROOK

One to be admired for his courage and ambition to play. Allie is no giant but he has managed to stay in the game and play good football. His ability to snag passes has been a great asset.

GORDON KERSHNER

A real football player; respected by teammates and opponents. Realizing that games are not over until the last whistle, Gordon has acquired the habit of playing sixty minutes of hard football in every game.

TOM BALL

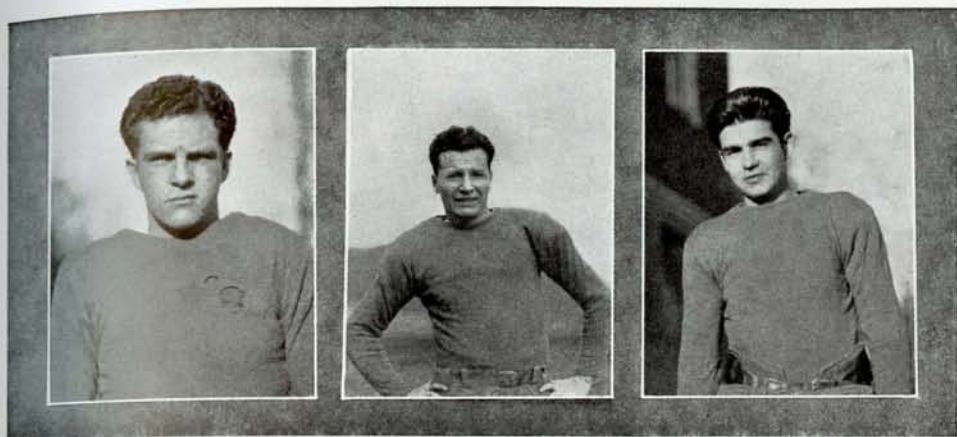

Playing his first year on the varsity, Tom was a rock in the line. Possessed of power and tempered with experience he has a football future.

AUSTIN RIDDLE

One of the toughest little men in college football. He was a quarterback of good judgment and leadership during the season.

Football

FOSTER ELLIOTT

Conscientious and spirited Foster played good football during his freshman year. He is a gentleman both in and out of the game.

TED PERRY

Because of his speed Ted has been a constant threat. With the steady improvement that he has shown in the past two years he should make a real halfback this coming season.

OLIVER SCOTT

Not spectacular but quiet and steady, keeping all his troubles to himself. Oliver never failed to turn in a good game whether the Eagles won or lost.

Basketball

WALTER OAKS

Cool and determined. Although Walter was playing his first year of college ball he did a good job of it when called upon.

KASH WILLIAMS

Another Freshman of ability. Injuries slowed up his game but he was a valuable man on the team.

LAWRENCE FRALEY

When it comes to speed, Lawrence excels. His ability to guard and to intercept the opponents passes made him a key stone man on the varsity.

HENRY LEE PRICHARD

Cool and collected, Henry Lee came through with flying colours in his basketball this season. He was one of the best floor men on the team. Not only could he guard his man but his goal shooting became sensational during the latter part of the season.

Basketball

EDGAR McNABB

With the reach of a giant, Mac was able to get his share of the tip offs. Although not so fast as some of his teammates, Edgar was always trying and when the count was made he had scored his share of the points.

GEORGE QUEEN

Captain of the team and one of the best floor men in college basketball in this section. He is a deceptive passer and the harder the contest the harder he plays. His team spirit makes him a leader.

AUSTIN RIDDLE

Playing a consistent game, Austin proved to be one of the most valuable and dependable men in the lineup. He probably saw more service during the season than any of his teammates.

ALLIE HOLBROOK

Because of his speed, Allie made an efficient guard on the team. Besides doing his part on the defense he has scored many points this season for the Eagles.

LAWRENCE FRALEY

A real baseball player. He can throw, catch, hit and show speed on the bases. As lead-off man Lawrence has been most dependable.

CHARLES WILLIAMS

He played a splendid game at second and was called to the rescue of Big McNabb, who was having a bad day against Morris Harvey. Charlie proved a real find in the Eagle camp.

HEROLD HEABERLIN

With a good throwing arm and the ability to hook slide efficiently when caught in close quarters Hebe has played a splendid season at the shortstop position.

WALLACE FANNIN

One of the best catchers to ever park behind the bat on the local field. With lots of pop and nerve Wallace has been a big factor in the Eagle's winning season.

JAMES PENNINGTON

An old hand at the game and one who seems at home in any position on the team. His play at first base was excellent. Jim has a real arm for the infield.

GEORGE QUEEN

"Nadm Queen" in right field has made many star plays. It was due to his hard hitting that the varsity was able to score freely toward the end of the season.

WALTER McKENZIE

"Silent Mac" has been unable to connect with the stick this season as he did in 1930 but his fielding has been at par.

CLIFFORD REEVES

A good receiver who was always ready and anxiously waiting for the call to do his part for M. S. S. T. C. Clifford is a very promising young catcher.

EDGAR McNABB

The veteran twirler finished his college career with flying colors by a shut-out against Marietta College. Mac has made an enviable record while on the mound for the Eagles and his place will be hard to fill.

TOM BALL

With lots of power, pep and noise, Big Tom was ambitious to do his part for the Teachers College. As a catcher he has a future.

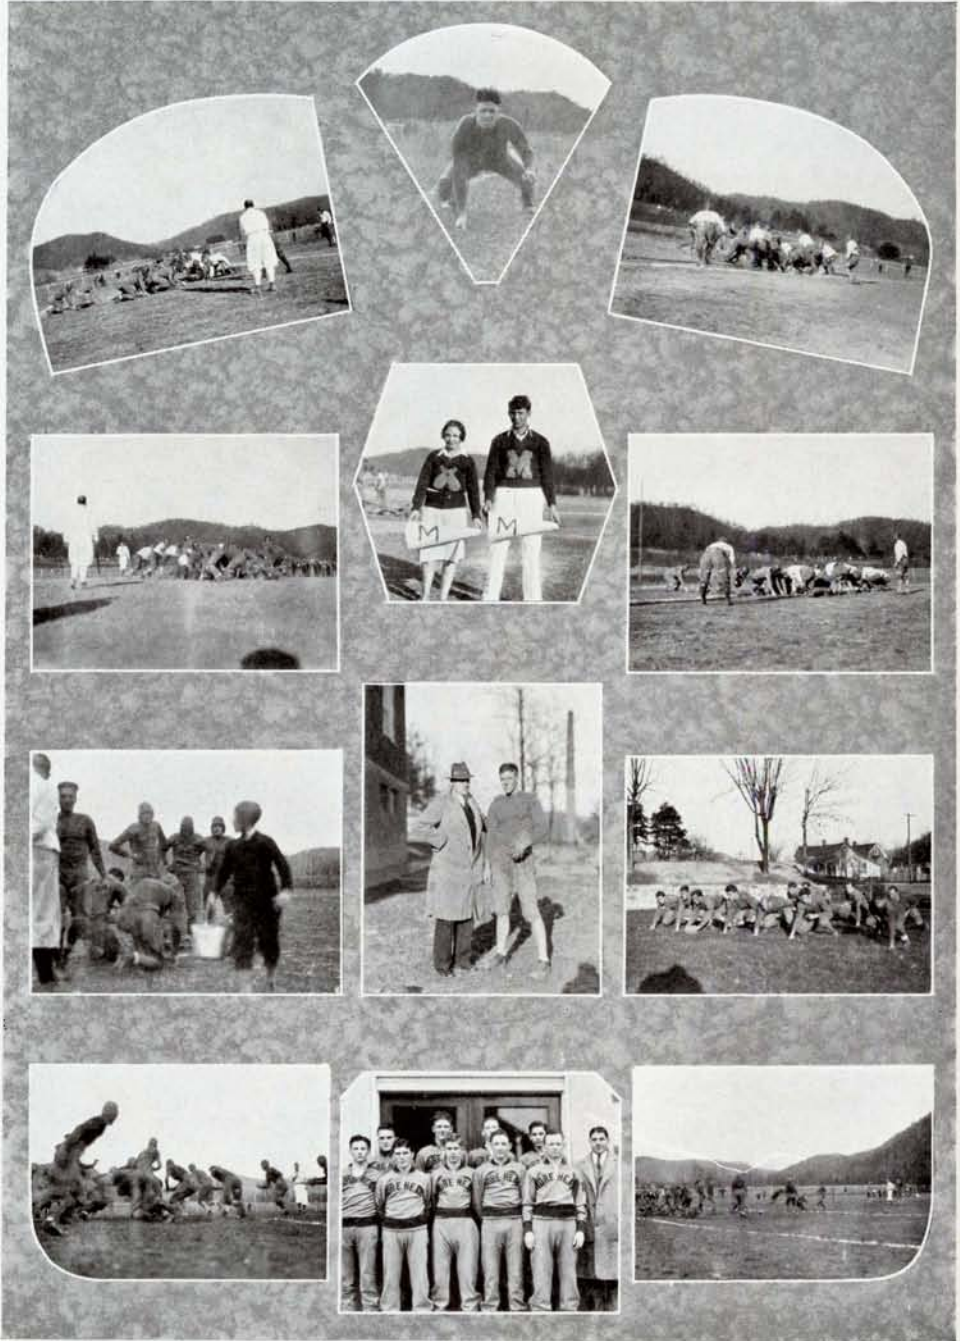

RAYMOND CARROLL

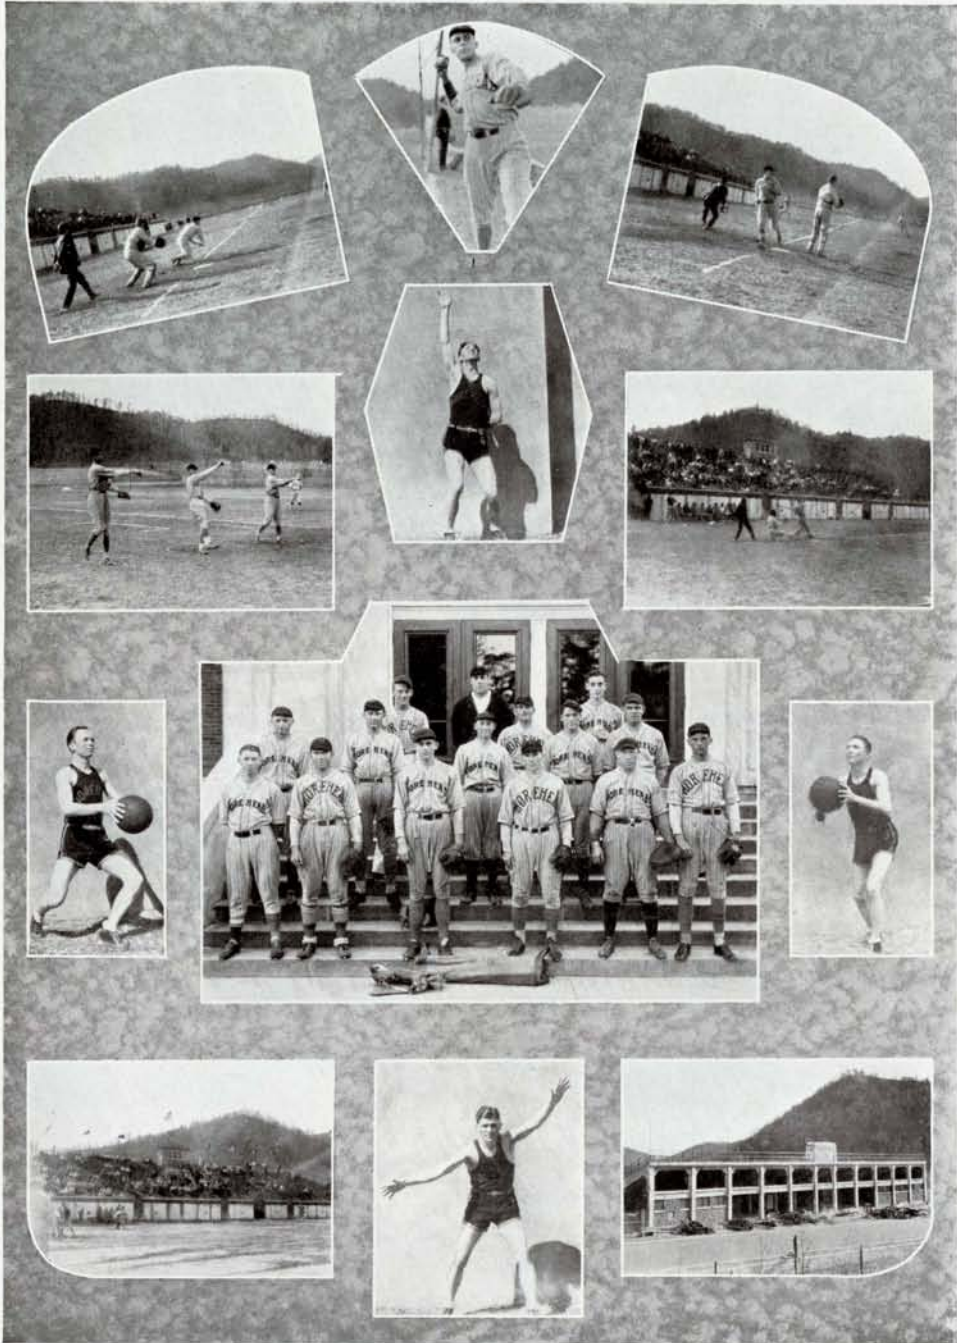

An all-around baseball player. He plays in whatever position he is called upon to play and does a good job of it. Raymond is also dangerous at the bat.

KASH WILLIAMS

Although a freshman, Kash has played a good, steady game at first base and has made several hits when they were most needed.

Where Quality Reigns

Champions of Progress in Kentucky

The college graduate, if he, or she, has made the most of his years in the class room, is committed to the development of a finer and richer home and community life.

That, too, is the task and the mission of the electric utility. Hence, we greet the students and graduates of Morehead State Normal as fellow champions of progress in Kentucky.

We offer to home, factory, mine, shop and farm a modern electric service at the lowest rates consistent with efficient operation.

In the communities in which we operate, this electric service makes possible the highest standards of home life and the fullest development of industry and commerce. Those who are engaged in the task of building a finer and more prosperous Kentucky will find our organization always at their service.

Dreams

DREAMS created by the imagination precede the achievement of really great accomplishment. The knowing how to weave the threads of imagination into the finished product is equally important.

It has been the custom of the GEO. G. FETTER PRINTING COMPANY to interpret the ideas of the Staff and create in material forms their dreams.

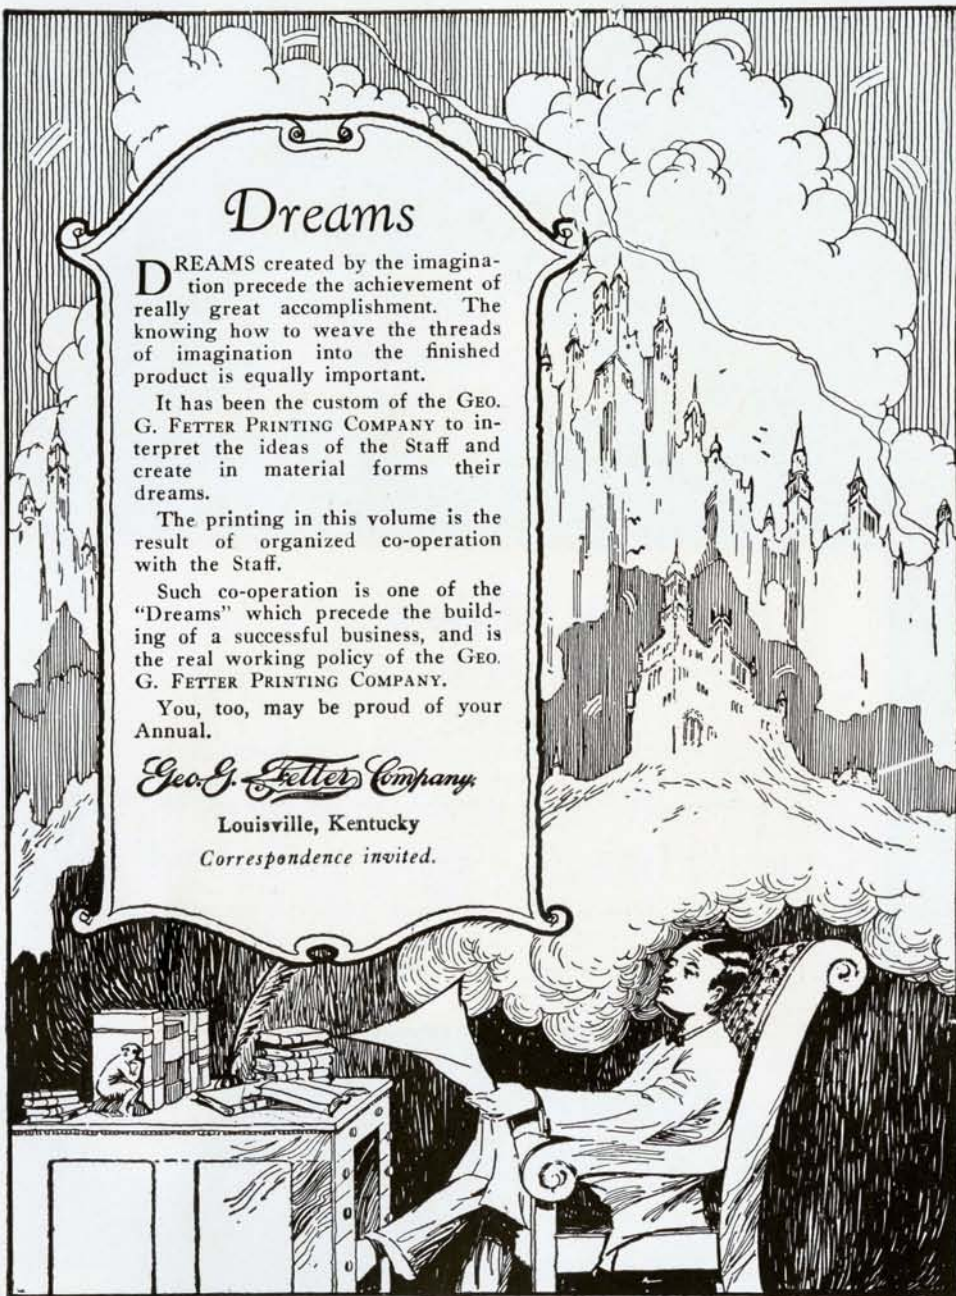

The printing in this volume is the result of organized co-operation with the Staff.

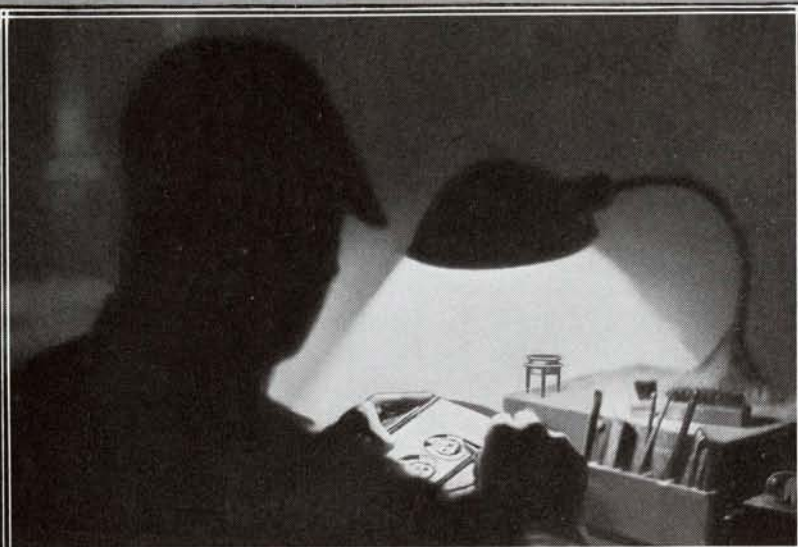

Such co-operation is one of the "Dreams" which precede the building of a successful business, and is the real working policy of the GEO. G. FETTER PRINTING COMPANY.

You, too, may be proud of your Annual.
