Training School and Student Teaching

Moved by Dr. Wells, seconded by Dr. Grise, That the Standards set up for Training School and Practice Teaching by the American Association of Teachers Colleges be the standards adopted for the Standard Certificate of the Teachers Colleges of Kentucky. Carried.

These standards are set forth in detail below:

- a. Each teachers college shall maintain a training school under its own control as a part of its organization, as a laboratory school, for purposes of observation, demonstration, and supervised teaching on the part of the students. The use of an urban or rural school system, under sufficient control and supervision of the college to permit carrying out the educational policy of the college to a sufficient degree for the conduct of effective student teaching, will satisfy this requirement.
- b. Student teaching shall be so organized as to lead to a proper initial mastery of the technique of teaching and, at the same time, protect the interests of the children in the training school.
- c. No teacher in the training school, who is also responsible for a regular amount of supervision of student eaching, shall be required to have charge of more than 40 children at any one time.
- d. The minimum amount of student teaching required of every graduate of a teachers college shall be 90 hours of supervised teaching.
- e. For every 18 college students to be given 90 hours of student teaching, there shall be a minimum group of 30 children, either in the campus training school or in affiliated urban or rural schools under the supervision of the teaching college.
- f. No training-school teacher shall supervise, in a year, the entire student teaching or more than 18 college students, each of whom does 90 hours of student teaching, or an equivalent number of student teachers.

g. In the case of use of affiliated urban or rural schools for student-teaching purposes, when the degree of affiliation and control is restricted to such an extent that a teaching force of more limited training than is contemplated by these standards must be used, and which is not capable of effective supervision of student teaching, or which by the terms of the affiliation is not expected to do supervision of student teaching, there shall be one -full-time supervisor of student teaching for every 50 student teachers, each of whom does 90 hours of student teaching. Such supervisors must possess the scholastic qualifications required of members of the faculty of the college department.

h. It is recommended that at least two-fifth of the teaching in the training school should be done by regular teachers of the training school or by other members of the faculty.
