Joseph and Joseph,
Francis Building,
Louisville, Ky.

Dear Sirs:

We beg to acknowledge your letter of the 11th in regard to the Morehead State Normal School. We note that the building is under construction and that modification of its location is obviously now out of the question.

As we will have to adjust our general layout scheme to fit this new location, and as we wish to consider carefully the proposed grades for building approaches, etc., we shall appreciate your sending us at your earliest convenience data as to floor levels established for the building and prints of the four architectural elevations.

Very truly yours,

ecw / swa
