RE: Open House Guidelines
Spring Semester 1974

Open House will be permitted in all residence halls that qualify and desire to participate during the month of January 1974 on the dates and times listed below. To qualify for Open House, each residence hall must have four (4) students providing supervision within the hall and in Cartmell Hall there must be six (6) student supervisors. The residence hall office staff that will be working during the Open House is not to be counted in the number of required supervisors. The student supervisors must come from each residence hall and be approved by the house council's executive committee. The house council's executive committee is defined by the Student Life Committee for the purpose of approving student supervisors as being composed of at least the president, vice-president, secretary and treasurer of the house council. The names of the approved student supervisors must be turned in by the hall president to the hall director and these individuals must meet with the director forty-eight (48) hours prior to the open house. In those cases where the house council fails to function, the residence hall director may approve or disapprove the student supervisors.

All residence hall offices will be open during these hours and the office staff will be on duty. Each student must check in at the office desk, leave his ID card, and give the room number he will visit. The student is to be met by his hostess in the lobby and be accompanied to the room. The door to the student's room must be left open with the exception of Downing Hall, Nunn Hall, East Mignon Hall, West Mignon Hall, and Mignon Hall. In Downing Hall, Nunn Hall, East Mignon Hall, West Mignon Hall, and Mignon Hall, the door to the student's room must be unlocked but does not have to be open, however, the draperies must be open. The student visiting in a hall will pick up his ID card at the desk by the end of the open house.

The hall council can decide by a majority vote of the hall council's membership not to participate in the open house.

Open House dates and times for the month of January 1974 are listed below. The remaining six dates and times for Open House this semester will be presented to you later this month.

Wednesday	January 16, 1974	6:00 P.M. - 10:00 P.M.
Friday	January 25, 1974	6:00 P.M. - 10:00 P.M.

S G A MINUTES
January 16, 1974

The meeting was called to order at 5:05. Reading of the minutes was dispensed.

Dennie asked if the SGA meetings were in conflict with members' schedules--it was decided to keep them at the same time

Dennie asked for good attendance of the members--that it was important.

New appointments were made: Vaughn Caudill for Bill Tuttle; Chris Haid for Walter Minning; Theresa Hanley for Lynn Otherson; Tim Wilson for Chris Haid; John Senger for Dave Everman; and John Lambert for Dale Emmons

BOOK EXCHANGE:

Janet Marcum said that there was no support from Congress and that SGA should look into it next year and congress members should know their duties. Dennie asked that members come to the office 1 hour a week and see how things are run, and to help out if they want to. Dennie also announced that he is trying to set up times to go to dorms at night to answer questions students might have.

OPEN HOUSE:

More surveys are being printed. Dennie announced that he, along with Dr. Doran, Dean Creager, and Dean Riggell are in the planning stages of a new policy.

OLD BUSINESS:

Woody read a letter to the National Institute of Student Governments. It was moved and passed to accept Woody's proposal.

TREASURER'S REPORT:

Administrative	\$2,596.04
Special Events	545.33
Campus Improvement	2,365.50

NEW BUSINESS:

- Dennie announced that there are 3 groups in consideration for the spring semester. 1) Tower of Power--\$7,500 2) Bee Gee's--\$10,009 3) Joe Walsh--?
- It was proposed that Congress sponsor 1/3 cost for dorm improvement--the motion was withdrawn.
- Dave Everman proposed that a committee be set up to look in on movies--to get a higher quality. The motion was passed. Volunteers were called for.
- It was proposed that student's centrex telephone numbers be delivered to the Morehead Telephone Co. Dean Creager said that have tried to do this before and they wouldn't. Dave then proposed that MSU operators hour's be extended. The motion was tabled until more information is obtained.
- Janet Marcum proposed that MSU students be informed of their right to vote and that SGA have an information and registration drive as a service to the students. The motion was passed. Janet asked to set up a committee and meet this week.??
- Woody proposed that students be allowed to paint dorm rooms. The motion passed.
- Dominick proposed that all freshmen girls have unregulated hour privileges, regardless of which dorm they live in. Dean Creager said they have never been denied this privilege. The motion was tabled.

MEETING ADJOURNED:

The meeting was adjourned at 6:14.

ENTERTAINMENT COMMITTEE

Whereas: The present system is worthless due to the fact that the committee has no power. The President has complete control of entertainment at present. The committee is not consulted concerning groups for concerts; all decisions at present are being made by one person. This defeats the purpose of the committee and puts an undue burden on one individual.

Whereas: The students are not pleased with the entertainment because they feel that they have no voice in choosing their entertainment; primarily concerts.

Therefore: We move that the present system be changed to the following:

1. An Entertainment Committee consisting of 10 (ten) members be elected by the Student Body during the Spring Student Government Association officers' election.
2. Each candidate must be a full time student in good standing with the University at the time of his/her candidacy.
3. The Chairman of the Entertainment Committee shall be the person receiving the most votes in the election.
4. The Entertainment Committee shall be connected to the Student Government Association by a direct contact with the Treasurer of the Student Government Association for the purpose of handling all monetary transactions.

Dear Freshmen Students:

I trust by now that you are acquainting yourselves with the social activities at Morehead State University. Next week you will begin to "hit the books."

At this time many of you are unsure of what you will choose as your career. Whatever you may choose, it is always helpful to have been involved in extra-curriculum activities. The Student Government Association offers an excellent opportunity to become involved. Signups for class representativeness will be held October 20-28. The election will be held on October 5.

The Student Government Association involves itself in many activities. They include entertainment, legislative research, paper recycling, etc. Below is a list of the Fall entertainment lineup.

I hope that you will enjoy college life. Stop in the S.G.A. office and familiarize yourself with the setup if you like. If the Student Government Association can be of any service, feel free to ask.

Respectfully,

Dennie Warford

Specific Guidelines for Room Painting

I. The Cost of the Program to the Students:

- A) The approximate cost for an individual room is \$10.00 for paint and equipment. (\$5 per roomie)

II. Advantages of the Program:

- A) It brings the students together through a sense of team work and total accomplishment.
- B) The amount of damage is decreased due to a sense of pride established among the students.
- C) Through student labor, the cost to the Housing Dept. is minimized.
- D) Each floor becomes personalized and living in the dorm becomes more attractive, which causes an increase of dorm population.

III. Specific Guidelines

1. Only walls will be painted; not furniture or woodwork. Proper use of masking tape and drop cloths during painting is required. Ceilings may be painted only if needed.
2. Beds, dressers and bolsters are to be removed while painting.
3. Paint will be ordered through the Housing Office. Only designs or color combinations which are reasonable and will be acceptable to future occupants will be approved by the Housing Office. Students are asked to use a maximum of 3-color schemes.
4. The color scheme and design which is submitted to the Housing Office and approved must be followed.
5. Only paint ordered by the Housing Office may be used.
6. Painting equipment is to be cleaned in the janitor closet only. Please do not use bathroom sinks. All paint ordered by the Housing Office has a water base and is fast drying. Therefore, clean your equipment immediately after the job is done.
7. Students will be held responsible for any damages or labor costs resulting from unsatisfactory painting.
8. To paint a room, one gallon or four quarts of paint is essential. The student will pay for the gallon or quarts of paint. In addition, \$2.50 is required for the equipment (roller, tray, roller cover, 2" brush, drop cloth and tape). \$2.50 will be returned to each roomie if the equipment is returned in usable condition.

- 9. Hall Director is to be notified when the job is finished and is to give the final approval.
- 10. The Housing office will be the seller and supplier of paint and needed equipment (Housing Office will collect money, and paint and equipment will be picked up at the building and grounds building.)

And Where as, only a minority of the students are aware of their right to vote and the responsibilities it entails

Be it proposed that the M.S.U. Student Government Association, as a service to the students it represents, undertake an informational and voter registration drive in view of future elections.

Where as, having a parents consent is the only requirement for a freshman girl to have unregulated hours.

Where as, many freshman girls have permission from their parents to be unregulated, but cannot move to an unregulated dorm

Where as, it is discriminatory for these girls to remain regulated while others of the same age, class, and standing with the university are unregulated.

Be it proposed that Congress suggest that those freshman girls who have the proper unregulated hours permission from their parents on file with the office of Student Affairs, be granted unregulated hour privileges regardless of what dorm they might be in.

Where as; any project that will aid the process of bringing students together as a whole is deemed necessary

Where as; dorms have, in some cases a dull appearance after a few weeks and students need a sense of individuality in the way of appearance

And Where as; room painting would help a person or persons enjoy the dorm life more and take pride in their dorm

Be it proposed; that Congress approve this bill under the stipulation that it first be experimented with in two of the freshman girls dorms for a one year period This period beginning fall semester of 1974 and ending at the conclusion of the spring semester 1975

At the end of the trial period the Congress may wish to amend this proposal and open the project to more dorms or at the end of the period decide to discontinue the project. The program shall follow the "Specific Guidelines for Room Painting" The guidelines may also be ammended by the Housing office where deemed necessary

SGA BOOK EXCHANGE:

The SGA Book Exchange ended last Friday after two and one half confusing weeks. Unfortunately, due to student apathy it wasn't quite the success we had envisioned. The purpose of the book exchange is to save you money and help you find the books you need. However, if you don't bring your books to the book exchange we don't have any books to sell. The book exchange started last year and hopefully will be held again next year. . .if next years Congress members can be persuaded to donate a little more time than this year's Congress members donated. Why don't you ask your representative how many hours he or she worked at the book exchange.

RE: Open House Guidelines
Spring Semester 1974

Open House will be permitted in all residence halls that qualify and desire to participate during the month of January 1974 on the dates and times listed below. To qualify for Open House, each residence hall must have four (4) students providing supervision within the hall and in Cartmell Hall there must be six (6) student supervisors. The residence hall office staff that will be working during the Open House is not to be counted in the number of required supervisors. ~~The student supervisors must come from each residence hall and be approved by the house council's executive committee. The house council's executive committee is defined by the Student Life Committee for the purpose of approving student supervisors as being composed of at least the president, vice-president, secretary and treasurer of the house council. The names of the approved student supervisors must be turned in by the hall president to the hall director and these individuals must meet with the director forty-eight (48) hours prior to the open house. In those cases where the house council fails to function, the residence hall director may approve or disapprove the student supervisors.~~

All residence hall offices will be open during these hours and the office staff will be on duty. Each student must check in at the office desk, leave his ID card, and give the room number he will visit. The student is to be met by his hostess in the lobby and be accompanied to the room. The door to the student's room must be left open with the exception of ~~Downing Hall, Nunn Hall, East Mignon Hall, West Mignon Hall, and Mignon Hall.~~ In Downing Hall, Nunn Hall, East Mignon Hall, West Mignon Hall, and Mignon Hall, the door to the student's room must be unlocked but does not have to be open, however, the draperies must be open. The student visiting in a hall will pick up his ID card at the desk by the end of the open house.

The hall council can decide by a majority vote of the hall council's membership not to participate in the open house.

Open House dates and times for the month of January 1974 are listed below. The remaining six dates and times for Open House this semester will be presented to you later this month.

Wednesday	January 16, 1974	6:00 P.M.	- 10:00 P.M.

Dear Freshmen Students:

I trust by now that you are acquainting yourselves with the social activities at Morehead State University. Next week you will begin to "hit the books."

At this time many of you are unsure of what you will choose as your career. Whatever you may choose, it is always helpful to have been involved in extra-curriculum activities. The Student Government Association offers an excellent opportunity to become involved. Signups for class representativeness will be held October 20-28. The election will be held on October 5.

The Student Government Association involves itself in many activities. They include entertainment, legislative research, paper recycling, etc. Below is a list of the Fall entertainment lineup.

I hope that you will enjoy college life. Stop in the S.G.A. office and familiarize yourself with the setup if you like. If the Student Government Association can be of any service, feel free to ask.

Respectfully,

Dennie Warford

SGA NEWSLETTER

January 21, 1974

Student Government Association, in order to speed their action in attaining goals of aiding the student, will apply for membership in the National Institute of Student Governments. M.S.U. will be joining an estimated 2,000 schools across the nation.

The M.S.U. Student Government, as a service to the students, will undertake an informational and voter registration drive in view of future elections.

SUBJECT TO THE APPROVAL OF Student Life, Administrative Council and the Board of Regents, Student Congress has passed a bill for room painting on an experimental basis in certain freshman girls dorms, as proposed by Woody Byrd, SGA Vice-President. If you are interested in this program, contact your SGA representative, dorm president, or write the SGA office.

CAMPUS IMPROVEMENT:

We hope to have a bicycle rental program by March. You, the students would be able to rent a bicycle from Student Government for a nominal fee.

COMMUNITY ACTION COUNCIL:

Patsy Myers is the new C.A.C. director. All clubs and organizations are members of the C.A.C. The purpose of the C.A.C. is to unify, organize, and coordinate all of the organizations on campus. If at any time you would have a problem, and/or idea--please feel free to drop by the SGA office. We would be glad to talk to you.

Bob McCleese
Program Director

SGA JOB PLACEMENT:

The SGA Job Placement Program is working again to help students find part-time jobs. If you are interested in a part-time job and would like some help in finding one, SGA Job Placement would be more than happy to help you! Just come to the SGA office located on the second floor of the A.D.U.C. and fill out an application, and we will do our best to find a job suitable for you. If you filled out an application during the Fall Semester and are still interested in a part-time job, please come and fill out a new one for the Spring semester.

SGA BOOK EXCHANGE:

The SGA Book Exchange ended last Friday after two and one half confusing weeks. Unfortunately, due to student apathy it wasn't quite the success we had envisioned. The purpose of the book exchange is to save you money and help you find the books you need. However, if you don't bring your books to the book exchange we don't have any books to sell. The book exchange started last year and hopefully will be held again next year. . .if next years Congress members can be persuaded to donate a little more time than this year's Congress members donated. Why don't you ask your representative how many hours he or she worked at the book exchange.

CONGRESSIONAL COMMENT:

It seems many people do not understand what elections are for. Being elected as a Student Government representative should mean representing. Representing in this instance, is a bit more than, "I'd like to be there but. . . anyway tell me what happened later." Also, representing does not mean warming a seat in the U.N. room while you sleep. FRESHMEN! SOPHOMORES! JUNIORS! SENIORS! Do you know what your representatives are doing every Wednesday at 5 p.m.?

SGA CONGRESS MINUTES

1/30/74

The meeting was called to order by President Dennie Warford. The secretary called the roll. Rick Halbleib moved to dispense with the reading of the minutes. This was seconded and passed.

Dennie made four more appointments to Congress. Steve Reynolds for Alumni.
Jeff Scott for Regents.
Jerry Spaeth for Downing.
Gary Conley for Commuter Rep.

Dennie announced that the open house policy passed Student Life, and would probably go into effect soon. He also announced that Tower of Power had cancelled for Feb. 12, and that the new concert would be Buddy Miles and the Cornelius Brothers and Sister Rose. The offers had been made, and the groups had verbally accepted, but no contract had been signed.

Treasurer's Report

Campus Improvement	\$2,365.50
Special Events	517.94
Administrative	1,740.71

The figures from this semester's registration had not been received of yet.

Committee Reports

John Senger announced that he was sending letters out to students informing them of the Job Placement Service offered by the Student Government Association. He also announced he was sending letters out to faculty and staff asking them if they have any work for students.

Janet Marcum announced there was no one at the Voter Registration Monday, at 4 p.m. in the SGA office. She also announced that she took the books left from the Book Exchange to Wallace's in Lexington. She got \$40 for the books sold. Dennie announced he wanted a list of books sold and the price gotten. Janet said that she could get the register receipt.

Mary Meyers stated the bicycle met last night. They talked about buying bikes and how much to charge, etc. The next meeting would be Feb. 6 at 4:30 in the SGA office.

Unfinished Business

Rick Halbleib asked what happened in trying to get operators to give out Centrex numbers. Dean Crager talked to GTE secretary and she said she would have someone call him back. He has never called back, and Dean Crager is still checking on the matter.

New Business

Janet Marcum proposed we increase concert ticket sales the same number as we have a decrease in undergraduate full-time student enrollment, and the money from these tickets go to the scholarship fund. Debbie Tibbs asked if we had been selling the entire 500 tickets now. Vaughn Caudill said we sold 250 at the Kenny Rogers concert, 250 at Goosecreek, 325 at Ray Stevens, and 309 at the Eagles. Vaughn also noted that we only sold 250 at the first two concerts because that was the limit. Tickets are not sold at the door, but are sold to students,

faculty, and staff three days prior to the concert. Debbie Tibbs asked if we could set aside the money we are getting from tickets now for a scholarship fund. Dennie said it was possible, but it would be up to the Congress members and Campus Improvement committee.

Dave Everman called for question on the main motion and the proposal was defeated.

Entertainment

At the last entertainment committee meeting there were three or four Congress members there. However, there was a total of about 50 people there. Just about the only day we can have the concert is Feb. 12 because of scheduling of the fieldhouse. Congress approved Buddy Miles and Cornelius Bros. for the Feb. 12 concert.

Student Handbook

Janet Marcum proposed that SGA does a Student Handbook for all of the students with two sections. One section would be about MSU and the city of Morehead, such as activities, Greeks, history, etc. The second section would be about students legal rights in small incidents that concern students. Janet stated that a legal services lawyer would help us with the second part. Glen Tyra stated the cost for 4,000 copies at twenty pages each would be about \$120 for paper; it would take about 80 reams. Glen offered to run it off. Rick Halbleib called for question. The committee members are: Denise Huddleston, Theresa Hainline, Bill Hesch, Tim Wilson, and Pam Cupp.

Glen Tyra mentioned the restocking of the lake. He said the Fish and Wildlife Department might give them to us. Dennie said he would check.

Dean Crager announced the blue seats above the exits had been sold as reserved seats for the Eastern Kentucky Basketball game Saturday night.

Patsy Meyer asked if anything had been done about the lights over the beds in Nunn Hall.

John Senger moved to adjourn. It was seconded by Rick Halbleib and the meeting was adjourned at 5:50.

GUIDELINES FOR STUDENT SECURITY PERSONNEL
Open House
Morehead State University

You have been employed as a student security person to work during the open house period. This means that you are to be available in your assigned area at all times during this four-hour period in order that you can be aware, and then make the director aware, of any situation that needs immediate attention.

You will be expected to walk the corridors of your assigned area often enough so that you will be available for any situation which might arise. You will not be permitted to have guests during the open house and we would not want you to engage in any activity that would divert your time and attention from the job that you have been hired to do.

We expect you to report any situation that seems questionable; and at any time that you are uncertain as to what you should do, go immediately to the residence hall director and discuss the situation. We do not want you to enter any room unless there would be a reasonable explanation for your entrance and only then would you enter the room after having announced who you are and your purpose for entering the room.

We do not expect you to go around trying to find reasons for harassing the students, but we do expect you to exercise good judgment and to perform your task in a reasonable, responsible, and prudent manner.

SGA CONGRESS MINUTES

The meeting was called to order by President Dennie Warford at 5:00 pm. The secretary read the role and the people who had missed two consecutive meetings. Dave McLain moved to dispense with the reading of the minutes and this was seconded and passed.

I. President's Message

Dennie announced that the minutes and attendance of committee meetings need to be turned in to Woody. Dennie said he is checking to see about the attendance for the standing committees. He said he wanted to set up a committee for student court and he should have something more definite in a week or two. He also said that he felt members should make sure they have plenty of information on any issue before they vote.

II. Vice President's Report

Woody said that he wanted all committees to have a committee secretary and for this name to be turned into him.

III. Secretary's Report

Pam announced there would be a chart posted weekly on meeting attendance, the time spent in the office, committee meetings attended, and extra time spent for Student Government. Also, the minutes from the committees that are to be submitted to Woody will be typed and distributed at the meeting weekly.

Unfinished Business

Frank deBourbon asked what happened to the bill about unrestricted girls visiting other girls in unrestricted halls after hours. Dennie said the bill was still in student life and should come up soon.

Dennie announced full time enrollment at this time stood at 4,386. Those are FULL-TIME students. In the total enrollment--this includes part time students, students taking courses offered by Morehead at other locations, etc. Bill Hesch stated that with undergraduate enrollment going down, he thinks this ought to be of major concern to the administration. Dean Crager said that it is and that they are trying to do something about it, but that it is a nationwide trend.

Committee Reports

Bicycle Rental- We can't use Butler-Mays for storage, but the committee thinks we can find another place to store them. Glen Tyra was going to talk to Buildings and Grounds. Elaine was going to talk to Dean Crager and Bill Hesch was going to see about insuring the program. Elaine suggested they lease bikes instead of buy them. The next meeting was scheduled for February 13 at 4:30 in the SGA office.

Voter Registration- He announced the next meeting would be at 4:30 on Monday Jan. 11 in the SGA office. He announced the presidents of the Republican and Democratic clubs would be at the

next meeting. They will try to keep this non-partisan.

Handbook Committee- Janet asked that her committee meet for a minute after the congress meeting.

Job Placement - John Senger announced that he had sent letters to the faculty and staff about jobs. He said there will be an article in the Trailblazer Tuesday about Job Placement.

Dennie announced that a before and after picture of the grill was going to be submitted to the Trailblazer. Anyone with any suggestions about Food Services should see John.

Food Services - A discussion followed Dennie's announcement. Elaine said that if there were any unused casements on campus that these could be placed in the grill and artwork displayed there. Sue Myers said maybe some people weren't aware they were supposed to clean up their own trash. There was discussion about remodeling the grill. Dean Crager said he had talked with Russ McClure and Bill Ewers about this remodeling. John Senger suggested that we have a contest among art students for a design for the grill. The Food Services committee consists of: John Senger, Patsy M., Chris Haid, Dave McLain, Dave Everman, Sue Myers, and Janet Marcum. The advisor would be Frank deBourbon, as any of the money they spend would be from the Campus Improvement Fund.

Janet Marcum asked what happened to the proposals on repeating a C and taking twenty-one hours. They haven't been passed by Undergraduate Curriculum Comm.

Jerry Spaeth asked about another place for people with Zone #2 stickers to park besides out at the stadium. Elaine Kibler suggested an hourly shuttle bus service. Dennie said that we would need legislation to this effect.

Dean Crager said buses are going to the hospital and university farm now. If we were to do this we would need more buses. Woody suggested the formation of car pools.

Announcements

Dennie said we are having problems getting male workers for the concerts; if we don't get more volunteers we may have to hire people. Dennie asked that everyone that could help be there starting at 3 p.m.

COMMITTEE MINUTES

Bicyclé Rental

The meeting was held February 6 at 4:30 in the SGA office. The members present were Bill Hesch, Mary Meyers, Elaine Kibler, Glen Tyra, and Bob Mc Cleese. Bob Mc Cleese talked with the committee members indicating a storage problem. He talked with Dean Stevenson and Dean Crager about this problem. Mays-Butler was a good place for storage but Dean Stevenson said that this building was in use. Music camp and various other groups stay there during the summer and throughout the semester. The committee is convinced that there is enough space to store at least 10 bicycles on this campus. Glen Tyra said he would discuss this problem with building and grounds. Elaine Kibler said she would talk to Dean Crager about the storage problem. Bicycle rental insurance was also discussed. We will need bike insurance and also insurance on the cyclist. Bill Hesch is to talk to Dean Wilson about this matter. Rental charge was also discussed, but no limit was set because storage was of utmost concern. Elaine Kibler came up with the idea of leasing bicycles. If we had a lease, we wouldn't have to worry about repairs that much. Another advantage of the lease is that we could get new bicycles every year. Our next meeting is scheduled for next Wednesday at 4:30 before our student government meeting. The meeting was adjourned at 4:55 p.m. Secretary--Mary Meyers

Voter Registration

The members present were Tim Wilson, Liz Everman, Brenda Barlow, Chris Haid, and Bob McCleese. Those absent were Larry Levine, Dale Emmons, and Janet Marcum. The meeting was opened with comments about requirements needed to register voters. Non-partiality to parties and specific issues was stressed. A letter was written to Paul Blair, City Attorney, for needed information. Publicity was also discussed to a great extent. Each committee member will have certain districts that will be their responsibility to saturate with publicity on registering to vote. Secretary--Liz Everman

The enrollment for this semester is 4,386.

COMMITTEE REPORTS

Bicycle Rental--Bob McCleese thinks we'll have to buy a storage hut to store the bicycles. The huts cost approximately \$200 apiece. The bicycles run approximately 55 dollars apiece, and two-seaters are 100 dollars apiece. The estimated cost to start it off is \$1200. Glen Tyra said the bicycles price increased \$6 per bike in the last two months. Bill Hesch said the insurance needed would be theft and a small amount of liability. Bob said you would check the bike out in the SGA office. The \$55 price is 10% above cost. Dave McLain said that chains and locks would be needed for the time the bike was checked out. Bob suggested a survey to see if the majority of the campus wanted the program. Bill said he thought this was a lot of money for just ten or fifteen people a day. It was stated that this program could possibly service quite a few people a day.

Handbook-----Janet Marcum said the lawyer from legal services would meet with the committee Friday Feb. 15 at 4 p.m. in the SGA office.

Food Services---John Senger said he talked to Russ McClure, who said it would take from five to six thousand dollars to remodel the grill. Dr. Roberts and Dr. Booth, of the Industrial Arts and Art Departments, agreed to participate in a contest for a design for the grill. Patsy Meyer said the Home Ec department should be included; John moved we allot 25 dollars for prize money. It was seconded and passed.

Student Court---Bill Hesch announced that the next meeting would be Thursday, Feb. 14 in the SGA office.

Voter Registration--The next meeting will be Tuesday Feb. 19 at 7 p.m. Many people weren't at the last meeting.

CAC-----There has been problems with attendance. Letters are being sent out to all the members.

NEW BUSINESS

Dave McLain proposed we set up a learning exchange where we accept cards from people saying what fields they are interested in learning about and what they are qualified to teach. Rick Halbleib thinks there are clubs for such purposes; Patsy Meyer said she thought it would be good because of the one to one contact. The proposal passed.

John Senger announced he would like to talk about the Trail Blazer coverage, of the concerts especially. Dave McLain moved to suspend the rules to let Brad Farhney speak. It was seconded and passed. After brief discussion the house was brought back to order.

The cost of the concert was announced as:

Rufus Thomas	\$4,000
Cornelius Bros.	3,500
Sound	800
Lighting	332
	<u>8,332</u>

Patsy Meyer asked that if boys on scholarship can't play intramural contact sports Why can girls who play on intercollegiate teams, and also on intramural teams? The reason boys on scholarship can't play contact sports is because they might get hurt--they can play things such as ping-pong, etc.

Glen Tyra asked why a standard rate per hour can't be charged on the pool tables. Rick Halbleib said this would confuse matters with people coming in at different times. Dean Crager said the person you would ask about this first would be Mr. Henson.

Elaine Kibler brought up the fact that there seems to be much general apathy on this campus. Janet Marcum moved that we record student government support for Coach Harrell in the action that he has taken. Dean Crager said it would be wise to state exactly how we support Coach Harrell. A proposal was drawn up by Janet and seconded by Alexander Holland saying that we support Coaches Harrell and Black in their capacity as members of this university and as coaches.

It was moved by John Senger to adjourn. This was seconded and passed.

VOTER REGISTRATION

Members of the voter registration committee met last Tuesday, the nineteenth of February, to discuss further preparations for the spring voter registration drive. Members present at the meeting included Tim Wilson, Brenda Barlowe, and Chris Haid. At this meeting it was noted that the 600 registration forms were also at hand. At present consideration is the exact date and time of the registration drive and the number of locations needed to canvas the campus. Also at the meeting committee members were asked to seek outside assistance in manning voter registration booths as the number of available S.G.A. members is too few. A budget not to exceed ten dollars to be withdrawn at need will be asked at the next Congress meeting for supplies and cost of sponsoring a well publicized campaign.

Old Business

Rick Halbleib asked Dean Crager if he had heard any more from General Telephone about the operators giving out Centrex numbers. Dean Crager said that GTE is considering a standard charge for informational calls. If students were to call the operator to obtain Centrex numbers, it would cost the university \$1.25 per telephone. It was suggested that the PBX operator give these numbers out, and that the operator be on duty 24 hours daily, or at least from 6 am to 12 pm. At the present time, the PBX operator is on duty only from 8 a.m. to 6 p.m.

Pool Room Committee-Rick Halbleib talked to Jack Henson about the rates for shooting pool. Mr. Henson said it cost about \$300 yearly for cues, etc. and \$600 for refelting pool tables. Dean Wilson said he would not give the figures for how much the pool room is making.

The new costs in the pool room are 90¢ per hour for one person playing on a table. For two or more people on a table, it is 45¢ an hour. Dean Crager said that the game room and most of the building, excluding the cafeteria and grill, are under the jurisdiction of Student Affairs. The money used to build the student center did not come from the state, but rather bonds were taken out to finance it. The money made off the game room and other places in ADUC go to help pay these bonds off.

Handbook Committee- There will be a meeting Monday at 5 p.m.
Food Services- John Senger announced that the contest for submitting a plan for the renovation of the grill was open to the entire campus now.
Job Placement- John Senger announced that ten jobs had come in and over half of them had been placed.

UNFINISHED BUSINESS

Rick Halbleib moved to change the rates in the pool room from 45¢ per hour per person to 50¢ per hour per table. Louis Jones said lowering the price may cause people to monopolize the pool tables. The proposal tied during the first vote. The second vote passed--13 for, 11 against, 5 abstaining.

NEW BUSINESS

Debbie Tibbs proposed SGA establish a scholarship fund, from which the money would come from 20% of the gate at the concerts. The proposal passes. Debbie also proposed a committee be set up to set guidelines and choose recipients. Dave Everman amended the proposal to make this two separate committees, one to set the guidelines and another to choose the people for the scholarships. The proposal passed. The committee to set up this program consists of: Debbie Tibbs, Louis Jones, Vaughn Caudill, Glen Tyra, and Dave McLain, Elaine Kibler, and Kathy Justice.

John Senger said he wants to retract the statement he issued to the Trailblazer saying "files were missing and he had to start from scratch"

Dennie announced that the recommendation from the Entertainment Comm. for the final concert was the Marshall Tucker Band. He said they were trying to get a rock and roll band to complete a well rounded program of entertainment. Janet Marcum moved we accept the Entertainment Committee's nomination. It was seconded and discussion followed. They cost for this concert would be approximately \$8,000. Another one of the top suggestions of the Entertainment Comm. was Z Z Top with Roy Gallagher. John asked how they were chosen. Dennie said because the entertainment committee wanted to get a rock and roll band this time. Rick Halbleib asked if we wouldn't have a surplus of money in the entertainment fund at the end of the semester? Dennie said no because there were other things to be taken out for besides just the price of the groups.

Question was called for. Roll call vote was taken--12 for 9 against 4 abstentions

PROPOSAL #
STUDENT RIGHTS PROTECTION BILL

Whereas, each semester students of MSU are subjected to investigation and harassment by state, county, and city police for the suspected use of drugs and alcohol,

Whereas, this university is still legally considered an in loco parentis by many courts, making it to an extent responsible for the rights of the students who go here,

Whereas, the local police have made gross mistakes in arrest and investigation in the past, causing innocent students unreputable harm in their reputations, emotional stability, and personal relations with friends and family,

Whereas, the public is often informed of the arrest of drug abuse cases, but is not informed that many of these cases are dismissed before going to trial, or the student is eventually found innocent,

Be it proposed, that Congress request that the University help insure the rights of students who are arrested for any reason by the Morehead City Police, Rowan County Sheriff, or Kentucky State Police by:

- (A) requesting that these law enforcement agencies have a campus policeman, or university official with them at the time of the arrest of these potentially innocent students,
- (B) that the university request that nothing be printed in the local paper until lab reports are decisive as to whether drugs were actually confiscated in the raid,
- (C) that the university continue to respect the students as being innocent until proven guilty in a court of law, and thus not discipline the student, nor subject him or her to any form of interigation until court procedures are complete,
- (D) that the university, especially the Office of Student Affairs, not cooperate with police in the investigation of students living on or off campus,
- (E) that all student files remain private and be released to to any one only with the written permission from the student.

Respectfully submitted,

Dominick Robinson

Teresa Handline

PROPOSAL

Whereas, any student who has taken a course on campus, at Morehead State Univ. and has failed that course, cannot under present university policy reregister for that same course by correspondence.

Whereas, the justification for such a ruling was that if a student could not pass a course in a classroom, that student's chances of passing would be greatly diminished if the same course was taken by correspondence.

Whereas, many times illness, financial problems, or a dislike by either or both student and instructor inhibits learning or, a possible host of many other problems are often overlooked and not taken into consideration.

Therefore, I move that any student who after failing a course taken on campus, be allowed to repeat that same course through the correspondence program.

S.G.A. CONGRESS MINUTES

April 17, 1974

There was a motion to dispense with the reading of the minutes. It passed. The list of those people who had missed three meetings in a row was read. The people who had missed 3 in a row was Bob McCleese, Steve Engles, and Jeff Cooper.

COMMITTEE REPORTS

President:

1. There was nothing new in student life.
2. Dennie wants people to go with him to find suitable places for outdoor basketball courts.
3. Mike Childers announced he wanted a list of all bills passed, this year by S.G.A. Congress.

Elections Committee:

Louis Jones said the committee is functioning, and there were few problems during the primary. The final election will be Tuesday April 23.

Bicycle Rental Committee:

Glen Tyra said a man will call tomorrow about the bicycles. The bikes should be in within the next week. Insurance will cost about \$160 dollars. Dennie announced there's one company that deals specifically in insurance for bikes, and that they would be contacted.

Grill Renovation:

The deadline for the plans for the grill renovation was Monday, April 15th. There was only one entry turned in. It was a bad time of year for such a contest because so many people have final projects due.

NEW BUSINESS

It was proposed by Alexander Holland, Liz Everman, and Pam Cupp proposed an Entertainment Organizational Committee Restructure. It proposes a committee of eleven members with one member acting as chairman. This committee is chosen by a committee of three students, other than the executive committee. The chairman of the committee will be on a 20 hr. workshop. John said he doesn't think a student would be able to book and negotiate contracts. The workshop money would come out of the administrative fund. Dean Crager said this committee will not handle negotiations of contracts or sign contracts. The proposal passed.

Vaughn Caudill moved to repay those students who had lost money in the book exchange and had their receipts from it still. It would take a 2/3 vote on this motion for it to pass because it is a motion to rescind. Mike Childers moved to table this. It was not seconded and died. Janet said the receipts were destroyed because she didn't think they would be needed anymore. There was a division of the house, and the proposal failed 13-10.

Mike Childers proposed an academic revision plan that would allow a student to drop grades from his or her transcript after they had been taken; they would get a T in the course and the credit hours would be lost.

There were two constitutional amendments proposed by Elaine Eibler. The first one dealt with consolidating the committee system into five standing committees. The committees are: Agenda, Legislative Action, Special Events, Program Directing, and Campus Improvement. The second one stated all Class Representatives will be on one of the five committees. The dorm presidents will be excused from this, but may be on one if they so wish. There was \$475 appropriated for the S.G.A. Banquet.

4/24/74

- A. Check to be mailed to Carol Speth in the amount of \$2500 for furnishing the Contest for decorating the grill.
- B. Tyra reported cost of proposed bicycles have increased from \$53 to \$59.
- C. Passed proposal by Warford to give Phi Mu Alpha \$500 for their scholarship fund. This would be for this group providing a pep band for pep rallies and basketball games.
- D. Presented proposal concerning refunding of money to students upon presentation of receipt that the student received during the book exchange. Passed 12 Yes 11 No 2 Abstain Motion failed.
- E. Proposal by deBarbon to give \$700 to the Debate Team from the Campus Improvement Fund to establish a research file here at MSU for the use of AU students, and to conduct debates among MSU students who are not on the debate team. Motion defeated ~~10~~ 10 Yes 12 No 2 Abst Defeated.
- F. Proposal by Tyra to clean Area by UND Lake and install picnic tables and grills in this area. Tabled until next meeting.

PROPOSAL

Whereas, candidates for political office should run on the merits of their own accomplishments,

Whereas, so called "dirty politics" in S.G.A. elections deteriorate student confidence and respect in the S.G.A.,

And whereas, in the previous S.G.A. election, campaign literature was distributed that contained blatant falsehoods aimed solely at discrediting the position and reputation of opposing candidates,

And whereas, this defamatory literature was not signed by the candidates who distributed it,

Therefore, be it proposed that the following rules governing campaign literature be stringently enforced by the S.G.A. elections committee in all future elections:

- 1) All campaign literature or any literature which may be construed as such, must be signed by the candidate for whom it is distributed in his own handwriting,
- 2) No candidate may name, or in anyway refer to his opponent in any campaign literature unless physical proof, (such as documents, papers, signatures, etc.) of all statements made in the literature can be produced to Elections Committee at its request,
- 3) Any candidate or the supporters of any candidate found in violation of one or more of the above rules by the Elections Committee will be subject to the following penalties:
 - a). Suspension from campaigning the day of the election for the initiated violation,
 - b) If a second infraction occurs the candidate found guilty of the distribution of such illegal campaign literature by himself or through his supporters will be disqualified by having his name removed from the ballot.
