VOLUME II MOREHEAD, KENTUCKY, THURSDAY, MARCH 21, 1935 NUMBER 9

JAIL BREAK ATTEMPT THWARTED AFTER 8 MEN DEMOLISH CELLS

Zora Messer Alleged Leader of Termers That Are Foiled

ALL SENT TO PRISON

Eight County prisoners, all of them sentenced for on one to ten years on felony charges, attempted to break out of the Rowan jail early Thursday morning, but the delivery was frustrated a few minutes before they would have secured their freedom.

The men had picked the bars from the inside cells in which they were locked for the night, and were beating in a hole through the concrete side of the jail when a passer-by heard the noise and notified Jailman Sam Stamps.

The jailer and his deputies arrived and halted the attempted break. The men had almost penetrated the concrete wall.

Officers followed Zora Messer, who was held for the robbery of the Chesapeake & Ohio Railway Station at Farmers was responsible for the attempt. Messer was the only one of the eight who has not been sentenced at the time. He was given 1 year Thursday afternoon and immediately after his trial Judge D. B. Caudill ordered the prisoners to be taken to Winchester for safe keeping, after he had sentenced them in open court. Saturday they were transferred from Winchester to the State Reformatory.

The men, whom officers said were implicated in the attempted break and the sentences they received were:

- "Lalo" Bradley, chicken stealing, 1 year.
- Charlie Fryer, robbery, 10 years
- Charlie Fryer, 10 years
- Bill Perry, robbery, 3 years
- Robert Stevens, robbery, 2 years
- Berlie Johnson, cutting and wounding, 3 years
- Ben Collins, robbery, 2 years
- Messer has a long criminal record which his officers declared, and is the only man that ever escaped from the Fayette County jail at Lexington. He has served several prison sentences.

TABBIN THE NEWS

Two young men who desired to be close to their girl friends who were confined in the city jail last week for various and sundry reasons had their wish come true.

The youths had broken a window pane from the city hall building near to the cells so they could talk and be close to their lady friends were discovered by police. The boys broke in a run, but they were captured by the officers.

They were placed in the city jail overnight, but not in the same cell with the lady friends.

Attorney Elijah Hogge was in Louisville this week all because he made a tooth. Attorney Hogge made ready for the quickest method to get to Louisville, immediately after he broke the tooth, not because he does not have confidence in local dentists, but because he has a pronounced fear of an unconditioned tooth spreading poison through his system, and as wanted to get near a hospital.

It takes the law a long time in many cases, but in the end justice triumphs as was proven here last week. Defendants have made repeated efforts during the past 13 years to catch a certain alleged moonshiner at his illicit operations. They accomplished it last week. The still was captured back in Cliff after weeks of investigation.

MASONS TO ATTEND MEETING

Several members of the local Masonic lodge plan to attend the installation of four candidates into the third degree by the Puage Lodge 325 at Ashland. The local organization received an invitation from the Ashland lodge. The installation will be staged by railway employees.

Airplanes Are Used In Capturing Former Rowan Moonshiner

Thomas Quisenberry, bearded West Virginia mountaineer-moonshiner and formerly of Morehead, was captured near Lestburg, Va. Sunday, as "revenuers" resorted to an airplane half a house of Coast Guardsmen and a radio truck in a search for the murderer of three men.

Quisenberry was asleep in a ravine within mile of the house when Policeman Clarence W. McClary was killed earlier in the day. He was armed with a rifle and a revolver. He admitted that he was an escaped convict from Wisconsin and that he had killed three men, and is suspected of wounding George Kirkpatrick of Fairfax, a Federal agent, Saturday during a seizure of a big still. He had shot himself past 100 men armed with high-powered rifles.

The airplane sighted him asleep, and they notified the ground truck picking up the signals from the plane radio. The Coast Guardsmen arrested him.

Secretary Margenhan of the Department of Justice said they were willing to waive "fear of revenue officers" and disclosed more than \$600,000 in high-powered rifles. The Department of Justice later indicted his smuggling and narcotic aids last Friday.

Morehead To Observe National Music Week

Morehead plans to observe National Music Week in an extensive way this year. Mayor Blair is calling a meeting of the representatives of all organizations and institutions in Morehead for the purpose of organizing and making plan. The meeting will take place in the City Hall on Thursday evening, March 28, at 8 o'clock. All interested persons are invited to attend.

The continued program and improvement in the Morehead College Band was evident again Monday night when a concert was presented by the band and its soloists under the direction of Prof. M. E. Goerge assisted by the Breckinridge Junior High School Boys' Glee Club.

The band played a number of diversified selections. Soloists were: Paul Young, Marvel Blair and Crawford Adkins, trombones; Thomas Paul and Jack Wilson, Clarinets; and Oscar Palmer, Saxophone.

The Junior High Boys sang "These Paths of Ours" and "Stand Away." It will be remembered that it was a portion of this group which so adequately represented the musical activities of the College in the recent broadcast over WZM.

A large and representative audience attended the concert.

State Police Sent to Letcher County

A small detachment of state police under Brig. Gen. Ellerbe W. Carter was ordered yesterday to go into Letcher county to investigate crime conditions there as a result of the slaying of a Boy Scout and the wounding of a Scoutmaster last week.

Adjutant General H. H. Dehnbart announced the expedition following a conference with Gov. Ruby Laffoon and Brig. Gen. Carter. General Carter headed the state police force that moved into Clay County recently to break up an alleged automobile theft ring there.

CHRISTIAN CHURCH AUTO RACE PROGRESSES NICELY

The Automobile Race in the Bible School at the Christian Church made its second lap of the race Sunday. A large attendance was present. The part of the school riding in the Ford finished ahead of those in the Buick. The Ford finished the race Sunday by being something over 40 miles in the lead. Pretty close for the second lap. Mileage is counted in terms of attendance and offering. Much interest is being manifested. The race closes on Mother's Day, the second Sunday in May.

Morehead Board of Regents Accepts \$255,000 Grant, Loan

The Morehead State Teachers College expects to start the actual construction of a \$255,000 heating, water and light plant around May 7, Dr. J. H. Payne, President of the institution said today, following this week's called meeting of the Board of Regents.

The Board made final acceptance on the \$255,000 grant and loan of the Federal Government through the Public Works Administration. Thirty per cent of this amount was given to the school by the government, and they have around 20 years to pay the remainder.

NEW BASE CONTRACT IS OPEN TO FARMERS

The AAA, according to County Agent C. L. Goff, through the State compliance office at the Agricultural Experiment Station, announce that a special base contract will be offered to all tobacco growers who, because of circumstances, are under their control, such as weather, disease or financial distress, did not grow enough tobacco in 1931, 1932 or 1933 to enable them to obtain equitable production allotment under regular tobacco contracts.

Farmers who sign this contract will receive tax-payment warrants for their production allotment, and 40 an acre for the difference between their base and their allotment.

A grower will be eligible to sign a special base contract if it can be established that the farms which he is operating is equipped for tobacco production and tobacco was grown thereon in one or more of the years 1929 to 1934, inclusive; or the person living on the farms in 1935 cannot produce tobacco in excess of the amount he produced in the years 1929 to 1934.

On which a regular base can be secured, owners are urged under this special base contract.

In receiving applications for this contract, special consideration is to be given former tenants who have regularly grown tobacco and who now own and operate farms in ten acre plots and the labor is to be furnished by the Relief Clients. Under certain conditions plots of 5 acres will be accepted. The vegetables grown will be tomatoes, sweet corn, sweet potatoes and a number of vegetables for a soup mixture. The cannery equipment will be supplied by the KEBA and the labor by the relief clients.

TWO DIVORCES GRANTED BY JUDGE CAUDILL LAST WEEK

A judgment was rendered in the court here in the case of Peoples Bank of Frankfort Plaintiff, Vs. H. L. Roberts, et al., in which the bank held a second mortgage \$2,000 on four tracts of land. A first mortgage of \$2,700 was held by the Peoples Bank of Morehead.

Peach Shannon was awarded a divorce from James A. Shannon, as Sam McRoberts was given a divorce from Bernice McRoberts.

CORN-HOG CONTRACT FIRST CLOSE AFTER APRIL FIRST

The County Agent Chas. L. Goff has been notified that April 1st will be the closing date for signing applications for corn-hog adjustment contracts. It has been found necessary to make that date final for filing applications in order to expedite the work involved in this program. Farmers who have not signed applications and who plan to do so, should see their county agent or members of their contract committee by the end of March.

BRECKINRIDGE STUDENTS TOUR THE BLUE GRASS

Miss Rebecca Thompson, teacher in the Breckinridge Training School took seven members of her class to Harrodsburg, Shakerstown, Dix Dam and other points of interest in the Blue Grass. Those who made the trip were Mary Caldwell, Hegger, Francis McGuire, Maury S. Farris, Bernice Christian, Leslie Littleton, Bobby Holbrook and Hubert Allan.

Maysville Physician Meets With Regents At Monday Session

Dr. Arvid O. Taylor, prominent Maysville physician and mentioned as a probable candidate for State Senator from this district met with the Board of Regents of Morehead College Monday afternoon. Dr. Taylor was appointed last week by Governor Ruby Laffoon to fill the vacancy on the Regent Board caused by the death of Senator A. W. Young.

WIN-TER CARNIVAL SET FOR SATURDAY

Students at Morehead State College are busy this week voting on the King and Queen of the Winter Carnival, annual event staged at this time of the year by the Niwatorg and Carpus Clubs, leading campus organizations. The carnival will be held in the gymnasium next Saturday evening beginning at 7:30 o'clock. The principal event of the evening will be the crowning of the man, student who receives the most votes for king and the girl elected as queen. All other nominees are court attendants.

Claude Clayton, Morehead, and Marjanna Thomas, Paintsville won the honors last year. Nominations for king this year are Roy Adams, Frank Webb, Garrell Vinson, Irvin Triplett. All have their campus managers and a sponsor for each has been conducted all week.

The rivalry for the coveted queen is even more spirited with five nominees. They are Nelle Casey, Leola David, and Miss Edith, Myrtle Davidson, and Tempa Spivey.

All were nominated by ballots containing at least 25 signatures. The winter carnival is under the direction of Miss Ezer Robinson, assistant Dean of Women and Niwatorg sponsor.

Government Asks For Garden Sites

A movement is on foot to secure a sufficient amount of truck crop land in Bowman County to grow vegetables for a cannery to be established during the summer of 1935. The cannery probably will be at Morehead. The KEBA is sponsoring this movement and leasing land in ten acre plots and the labor is to be furnished by the Relief Clients. Under certain conditions plots of 5 acres will be accepted. The vegetables grown will be tomatoes, sweet corn, sweet potatoes and a number of vegetables for a soup mixture. The cannery equipment will be supplied by the KEBA and the labor by the relief clients.

TWENTY-NINE ATTEND FIRST 4-H CLUB SPRING CONFERENCE

The Spring 4-H Club Conference was held at Morehead March 19th. The conference was attended by 28 leaders and twenty-two Club members. These members represent 4-H Clubs from Morehead, Johnson, Hill, Dix, Smith, Sharkey, Perkins and Old House Creek. The conference was in charge of County Agent Chas. L. Goff. Mr. J. M. Feltner and Miss Edith Lacy of the 4-H Club Department spoke at the conference.

THREE DEATHS REPORTED HERE DURING PAST WEEK

Three deaths were reported here during the week.

Marshall Wright, around 80 years old, died at his home at Hilda on Thursday.

Funeral services were held Sunday for John W. Marvin, of Haldeman who passed away Friday of dropsy. He was the son of Mary Caldwell Hegger, R. H. Hume of Cranston, in his twenties, died last week, with funeral services being held at home.

Commission Named For Park Highway

At an early date a group of leading Kentuckians, headed by Gov. Ruby Laffoon, will leave for Washington to lay before President Franklin D. Roosevelt, a petition for the financing of the Kentucky link of the Eastern National Park-to-Park Highway to cost \$43,176,891.00. The petition is signed by the Governor as chairman of the Kentucky Park-to-Park Highway Committee and by W. E. Morrow, former Governor; H. P. G. T. Carmichael, Chairman of the State Planning Board; W. F. Cooles, Vice President of the Eastern National Park-to-Park Highway Association and Dr. M. Walters, Kentucky State Planner.

Members of the Committee and the proposed delegation to Washington are related over the prospect of the success of the plan. The committee long since has been given to understand that the Administration at Washington looks with considerable favor upon the proposed project, in that it is of a highly constructive and of a permanent nature.

The petition to be presented to the President, which includes full details of the proposal, is as follows: The President of the United States Washington, D. C.

"A federal grant of \$43,176,891 will finance the construction of the Kentucky link of the Eastern National Park-to-Park Highway. We respectfully petition you to allocate Federal Emergency Relief Funds for public works for this purpose." Governor Laffoon wrote President Roosevelt this week.

"This petition was authorized at (Continued On Page Six)

Clarence Darrow Criticises Administration Policy, NRA

Contending NRA was helping big business at the expense of "the little fellow." Clarence Darrow today urged elimination of the entire code structure.

But the 77-year old lawyer admitted to the Senate Finance Committee his personal prejudice against the Blue Eagle organization whose activities his review Board studied last summer.

An almost opposite view of NRA was expressed by Sidney Hillman, recovery board member, who said that unless the code unit was renewed the country faced an unemployment situation "seven worse than in 1932-1933."

A huge crowd turned out to hear Darrow's sweeping attack on NRA and what he characterized as the unscrupulous economics back of it. "A flood of W's."

Interpreting his testimony with frequent flashes of wit, Darrow

SPECIAL JUDGE HERE TO GIVE DECISION IN CITY PAVING CASES

Judge J. F. Bailey Starts Hearings in Test Case

30 OWNERS ARE SUED

Judge J. F. Bailey of Paintsville, called here as a special judge at the March term of Rowan Circuit Court started yesterday on the street paving cases, in which the City of Morehead is suing approximately 30 property owners for past due assessments.

Judge D. R. Caudill was ineligible to hear the case since he was, at that time of the city when many of them were filed.

Circuit Court will end this week, after having practically cleared the docket.

During the session ten penitentiary sentences were given, the grand jury returned 21 true bills and most of the cases on the civil docket were disposed of.

Among the more important criminal trials were: Corbett Steele and Charlie Fryer, robbing and assaulting John Kelley, 5 years each; Robert Stevens, stealing Cosmograph moving picture machines from S. M. Bradley, 1 year; Alex "Lalo" Bradley, stealing chickens, 1 year; Ed Bays, desertion of infant children, 9 years; Ben Collins, robbing Andy Davis, 5 years.

Berlie Johnson, cutting a d wounding Orville Fouch, 3 years; William Perry and Charlie Fryer, breaking into Van Hogge's Store, 5 years; Zora Messer, breaking into passenger depot at Farmers, 7 years; Omer Kliskic, murder of Jesse Harris, 10 years.

Dick Smith, shooting and wounding Jesse Eldridge, continued 3rd day June term; S. F. Haniel, unlawful concealment of a stolen automobile; Oscar Boyd, obtaining money under false pretenses, continued to the 24th day of June term.

Ed Meadows, rape, continued generally; Charles Stevens, continued to pass \$75 and costs; Dick Trens, detaining a female against her will; Hung Jury, continued 3rd day June term; Wayne Brown, carnally knowing a female under 16 years of age, continued 4th day June term; Buddy Alfrey, striking and wounding Everett Sweeney and killing livestock belonging to Everett Sweeney, dismissed.

Legislation Topic At Men's Club

"Proposed Legislation Concerning Holding Companies" was the subject of an interesting and stimulating talk given by Dr. Howard Van Antwerp before the Morehead Men's Club last Monday night. Particular attention was called to the depressing effect that such legislation will have on the assets of insurance companies.

Senator Clarence Nichols will be the guest speaker next Monday night.

conceded he was a prejudiced witness. Once, when almost forced to concede NRA had helped big business, he replied:

"I don't know. I'd hate to give them any credit."

Darrow slashed out at NRA and the economic and financial New Deal, asserting the country needed a better system of distribution rather than a curtailment of production and high prices.

Hillman, head of the Amalgamated Clothing Workers, told the committee that NRA had brought great benefits, adding that he "hoped to think what would have happened if the new administration had not come in with its new policies."

The labor leader conceded many criticisms of NRA were justified but said it was set up under a "weak law" and that in extending the law it should be strengthened rather than weakened.

Morehead Independent

Independent In Thought and Policy Published each Thursday at Morehead, Rowan County, Kentucky by The Independent Publishers.

W. E. Crutcher... Editor or Manager

Entered as second-class matter February 27, 1934 at the postoffice at Morehead, Kentucky, under act of March 8, 1879.

SUBSCRIPTION, in Kentucky, \$1.00 per year; outside Kentucky, \$1.50. ADVERTISING RATES MADE KNOWN UPON APPLICATION

THE MOREHEAD INDEPENDENT makes no charge for death notices and obituaries, nor for the publication of anything in furtherance of the cause of the Church and Christianity. Nothing for patriotic entitled men, for education, for charity and the general human uplift.

THE INDEPENDENT has a complete job printing department where every branch of printing is done.

Justice For The Law Abiding

Criminals were neither spared nor favored by juries in the present term of Rowan Circuit Court which closes this week. For the first time in many years sent men have been meted out that are a sting to the visitors and a compliment to the jury.

If the State will only hold these criminals at the state reformatory the number of years that our juries decreed, the most severe jail to lawlessness in Rowan County has been accomplished. This term of court has moved fast, dealt justice squarely and accomplished much. The estimate a debt to Circuit Judge D. B. Caudill, of Commonwealth Attorney W. C. Hamilton and County Attorney W. E. Proctor who assist him, to the County Judge, to Court and County Officers and to the men that sat in the jury box.

Starting as a comparatively light docket, we find that more than an usual number have been sentenced to the penitentiary, and with one or two exceptions the penalties are longer.

The docket has been practically cleared up, and is in the best condition that it has been for some time. It seems that our law abiding citizens are at last securing the justice they have sought and need, and the criminal is likewise getting what is coming to him.

The Fiscal Court

The Fiscal Court of Rowan County has shown a continuous spirit of co-operation toward the different government projects that have given us better roads, improved public buildings and put hundreds of men and women to work.

Upon receiving the news last week of the approving of the largest KERA appropriation the County has ever received, County Judge C. E. Jennings pledged his support and said that he was sure that the Fiscal Court would do all within their power in furnishing the County's portion which is for materials.

Before this year is out practically every road and by-way of the County will be re-conducted principally under KERA monies. The last appropriation for various projects in Rowan consisted of almost \$100,000 for labor alone.

Judge Jennings has always taken the stand that it is far better to put the able-bodied people of the County to work instead of keeping them on the relief roll. Apparently the Federal Government is working toward the same thing.

Ashland New Radio Station

The Ashland Daily Independent is making another one of its forward steps which have characterized it as Eastern Kentucky's leading daily, in the installation of a radio broadcasting station.

We have no doubt but that Ashland is deserving of a radio station and that Mr. Foregy, Mr. Norris and other members of the Independent publishing staff are again taking the lead in the City "Where Coal Meets Iron."

The station should mean much to the Morehead community. To the shopper it will mean another method of price and quality finding. There should be ample opportunity for local talent to use the station in broadcasts.

If the power of WCMI is sufficient to reach our receiving sets and come in as clearly as it probably will, it should be one of the stations that will bear marking our dials.

Carnival Friday at 7:30 Feature At College; The Iron Duke, Sunday

With a cast containing some of Cincinnati's most outstanding players, "Carnival," a Columbia picture, will be shown Friday at the College Theatre. Lee Tracy, Jimmy Durante, Sally Eiler, and two-and-one-half-year-old Jackie Walters, who makes his motion picture debut in this production, are the principal players. Crammed full of laughs, action, thrills and suspense, this picture is to be for a successful engagement. Written by Robert Riskin, author of "Lady for a Day," "It Happened One Night," and "Broadway Bill," "Carnival," is a product Columbia should be justly proud of.

The hundred days into which was packed the two-drama of a hundred years - Louis XVIII on the throne of France - Napoleon, escaped from exile in Elba, marching on Paris - The Allied Forces, under Wellington, massed at the scene determined to still forever Napoleon's dream of a New Empire. Then, Waterloo - most famous battle in history - Wellington, grim imperturbable, watching the Allied ranks shake and weaken under the assaults of Napoleon's army, as he waits for the arrival of Blucher's Dragoons - Finally, his historic command, "Up Guards and at 'em!" - The mad, reckless charge of the Scots Greys, with a Highland Black Watch infantryman's spirit, mowing at each stirrup - Napoleon's Old Guard, who "Die, but never surrender." - The arrival of Blucher and the crushing defeat of Napoleon by Wellington, who met Waterloo on the map - Napoleon off the map.

Peace - Intrigue and counter intrigue in the Court of France and political diplomacy - Wellington, "colored by women, cleverly outwitted the wit of the Duchess of Angouleme to enfold him in a scandal with a hero-worshipping, married woman. Then, a last desperate effort by political enemies to discredit the grim old warrior who, stripping velvet gloves from iron hands, confounds his enemies and emerges triumphant, the "Iron Duke" - in fact as well as a name - Hailed as Napoleon's master on the battle fields - And in the hallrooms.

"CAR 99" TO BE AT COZY WED. & THUR.

On the shoestring worn by the trousers of the Michigan State Police, the heroes of Paramount's stirring adventure drama, "Car 99," which opened at the Cozy Theatre last night, is a narrow thread held aloft at intervals at a distance of a few feet. These threads caused Paramount a great deal of trouble during the filming of "Car 99." When the telephone department began to make the tunes for the heroes in the picture, the purple threads were omitted. Karl Detzer, author of the Saturday Evening Post stories from which "Car 99" was adapted, on the Paramount lot technical adviser, saw the error. Although Charles Barton, the director was ready to start shooting on picture, work was stopped while

tailors worked all night putting in the purple threads.

The purple thread incident is one example of the efforts made for absolute accuracy in this picture. The Michigan State Police lent regulation badges, caps, tunics and equipment which were copied at the studio. While "Car 99" was in production, studio heads talked by phone across the continent with Michigan State Police headquarters to check on details. The actors, including Fred McMurray, William Frawley and Dean Jagger, were weighed, measured and tested according to the exact physical standards that recruits for the force have to pass.

Police cars used for the picture are absolute duplicates of the Michigan police cars, and the license numbers are actual Michigan police numbers. When it was decided to use the interior of Michigan State's famous police radio station, WRDS, for scenes of the film, photographs and floorplans were submitted by the police and the studio was thus able to build an exact duplicate of the Michigan station. The opening sequences of "Car 99" is filled with incidents taken from the files of the Michigan State Police.

State, National and Foreign

COLUMBUS, Ohio, A threat of impeachment hung over Governor Martin L. Davey last week.

His voice in the administration of Ohio relief obtained by a Presidential decree, the tree surgeon who mounted the gubernatorial chair only nine weeks ago, faced a fight for his job.

Republican Attorney General John W. Becker stood ready to take before a grand jury information Federal Relief Administrator Harry L. Hopkins asserted was "incontrovertible evidence" that the Governor's campaign committee engaged in "shakedown" of men and business firms who sold goods to the Ohio relief administration.

BERLIN: Adolf Hitler, master of dramatic stage management, leaning upon the French Chamber's refusal to endorse extended military service to launch the German Government's pet scheme of military conscription which even his closest advisers had no inkling of it.

In that sense it was just as much a surprise to official Germany as to the rest of Europe, it was revealed.

PARIS: A joint protest by Britain, France and Italy to Germany and the League of Nations against Hitler's treaty-breaking re-establishment of conscript service and military aviation was contemplated today by the three powers.

Their united front with Russia and the Little Entente appeared to be already functioning. Diplomats kept the wires hot with reports of views among the various capitals.

BERLIN: Seven hundred pastors were arrested or detained last week. Most officers invited Protestant churches throughout Germany to stamp out religious opposition.

Among these arrested was Rev. Martin Niemoller, leader of the Confessional Synod which has bitterly fought the Nazi program to unify the German Protestant churches.

WASHINGTON: Secretary Wallace had his colleagues wondering what reaction would follow his latest instance of plain speaking.

Instead of aiming at the middle man, he rapped farm interest which "would abuse the governmental powers conferred on agricultural culture."

He explained in an address in New York Saturday that spokesmen for a commodity, "which selling at considerably above parity have begun to organize a further drive to restrict production in the hopes of raising prices."

WASHINGTON: A picnic and picnic Sunday night supper made the thirtieth wedding anniversary of the President and Mrs. Roosevelt a typical family holiday. Mrs. Roosevelt, her daughter Anna Roosevelt Boettcher, were with a morning caller and returned to pack the whole family off for picnic, destination unannounced. Such informal expeditions are frequent experiences with the Roosevelts. At least two tin houses within ten miles of the Capital are used when a Presidential party comes driving up.

As Our Readers See It

Letters should be addressed to the Editor, Morehead Independent and should be legibly written on one side of paper. All letters must be signed, but the authors name will be left out and kept confidential if so desired.

Editor, Morehead Independent: We the people of Western Elliott County desire to take this means to congratulate County Judge Jennings and his wife on the occasion of their marriage. He is one of the most progressive County Judges in the state. He has work projects widely distributed all over Rowan County to be an asset to future generations and giving work to those whom the great crisis has rendered helpless. He has a keen vision of the need of the poor and he has not dropped a penny with the power of his fist, turning a deaf ear to the cries of ones who cannot help themselves. He is alert to any project and an helpful measure for his County.

We of the extreme western edge of Elliott County are going to ask the next session of the General Assembly to incorporate as into the bonds of Rowan County, and set out our reasons therefor which will be published and distributed over both counties. There will be about 20 families that want to come to Rowan County and we believe it will be advantageous to both counties. The Elliott County has not one KERA road project in the whole County to work on, but has a few

FARM NOTES

THE FARM AND HOME

Egg production is the smallest in 10 years, and commercial hatchings of baby chicks in January were the heaviest on record says the U. S. Department of Agriculture. The high price of eggs is tending to keep prices up.

Do not buy a remnant unless it is needed and can be used to advantage. Then get a price that contains the amount needed, and that can be purchased at a fair price. Remnants may be good bargains, but they may also be excessively priced.

A farmer who has his own corn ground for home use, either as food for the family or feed for stock, is not required to pay a processing tax. If more than a bushel a week is ground for sale a tax of 5 cents a bushel is levied.

A two per cent decrease in the acreage of potatoes is in prospect for this year. Maine will reduce 1 per cent, Ohio 2 per cent, and Oregon and Washington 9 per cent. North and South Dakota farmers are planting increases up to 16 per cent.

Sending 6 to 10 pounds of lespedeza to the acre will help to protect and improve the soil this year, and will provide pasture and hay next year. If a hay crop is wanted this year, sow 25 pounds to the acre or good land.

If it is impossible to obtain the materials to make a good home-made feed, feed one of the reliable

commercial chick starters the first few weeks. Use water instead of milk when feeding a commercial chick starter.

KENTUCKY FARM NEWS

Cooperating through their Farm Bureau, Henderson County farmers have sold 200 carloads of 2,500 tons of surplus hay. Selling cooperatively and directly to feeders, they added \$1 to \$4.50 a ton to the net amount received for the hay.

If yields are normal, Crittenden county farmers expect to receive a total of at least \$10,000 for their strawberry crop. Arrangements are being made for handling and marketing through Farm Bureaus, Growers Association at Marion.

Eighty-six Campbell County farmers attended a legume and soil "School" at Alexandria. S. C. Jones, of the College of Agriculture, discussed growing korean lespedeza, tested 25 soil samples, and recommended soil treatments.

Breckinridge county farmers made several thousand dollars by purchasing feeder pigs in Oklahoma last fall. With a good corn crop, and few, they cooperated in the purchase of four 5-to-6 carloads of 645 pigs at a cost of 1-2 cents a pound laid down in Breckinridge county.

Graves county farmers will grow oatmeal for a cannery in Mayfield. An effort is being made to have at least 500 acres produced. The contract price is being placed at \$10 a ton.

Thirty Washington county farmers are selling eggs from 2,000 hens to commercial hatcheries at 5 to 10 cents above common egg prices. Albert Rudd is brooding 900 chicks with a brick brooder. Standard laying houses have been built by three farmers.

It is estimated that Mason county farmers have purchased 150,000 pounds of korean lespedeza seed, and the seed producers' association of the county has exhausted its supply. A heavy crop will be needed for the year of the seed can be obtained.

AMONG THE COUNTY AGENTS

Sweetwater Bros. of Mt. Washington, Hallitt County, report egg production doubled when they started feeding a balanced ration.

Meetings were held in Olanham County to induce farmers in buying fertilizer cooperatively.

Sixty Garrard County homemakers attended a meat canning demonstration given by a Ball Brothers Company representative.

Clubs will be organized and demonstrations given for Warren County Negro women by interested homemakers.

Spray pumps and spray materials being purchased, or made for

use on a small-fruit project in Harlan County.
C. J. Broadus, Mildred Ray and James Gordon Ray, Garrard County 4-H Club members, bought several calves for feeding.

Elimination of scrub sties and development of a livestock market are among purposes of the Warren County 4-H Club.

Sixty-five Best and Superior County farmers are asking distributors for increased milk prices. Long Fork 4-H Club in Pike County raised \$100 on beef supplied to brand members to camp, Winter Week and leaders' conference.

Kenton County homemakers purchased \$240-worth of materials for use in remodeling old barns.
E. D. Robinson, Crittenden County received 2 1/2 carloads of feed average price for his tobacco, and now that he soft-cures it he averages \$2.50 a cent.

A Pet Milk Company representative-cooperated in placing four production-bred bulls in Graves County herds.

The Louisville Rotary Club has leaders of the 10 highest scoring 4-H Clubs in "county six great-at-lunches, and presented \$5 to each club.

LIME AND PHOSPHATE NEEDED EVEN THOUGH LESPEDEZA IS GROWING
Lespedeza is an important legume that has been filling a great need in Kentucky agriculture in the past few years because it grows under many conditions where rice clover sweat clover and alfalfa will not grow. Because it grows under adverse conditions, farmers may neglect soil improving practices, such as liming and the use of fertilizer. If lespedeza causes an increase for a time in the yield of crops which nature made from the crop, it is not returned to the soil, there will be a rapid depletion of the calcium and phosphorus of the soil and a shortage of these elements in the crops which reduce their feeding value. Crops grown upon soils, already deficient in lime and phosphate are likely to be deficient in these elements for the next year. It is better to add these elements to the soil and get increased growth of lespedeza and hay richer in these elements.

An experiment at the Western Kentucky Experiment Station shows the great value of limestone and phosphate where lespedeza (mixed with timothy) is the 3rd year crop in rotation with corn and wheat.

Where superphosphate has been used at the rate of 200 pounds per acre per year, there has been an increase of 7 bushels per acre per year in the hay crop, and 3 bushels per acre in the wheat. A ton of ground limestone was applied in 1927 in addition to the phosphate, it further increased the yield of corn 10 bushels per acre, wheat 3 bushels an acre, 3 tons of lespedeza has been worth \$16 a ton and its effect is not yet exhausted. It is just as profitable to use good soil improving practices where lespedeza is used as where other legumes are used. Any legume may further exhaust the soil if good management practices are not used.

The use of both lime and phosphate fertilizer and the growing of legumes are essential to any significant soil improvement on most of the soil outside of the Bluegrass region. Liming is profitable on a large part of the Bluegrass area.

Sheep men who want to realize a maximum income from wool should time in on the college program at 12 o'clock, March 27. An order to hear Prof. I. J. Howland's talk on "Managing the Wool Pen."

SHERIFF'S SALE

Rowan County Court held in aid for said county of Rowan, offer for sale the above-described tract of land to the highest and best bidder on 3 credits at the month of it the purchaser so desires he may pay cash in hand at the time the deed is made. The amount of the execution to be made is the sum of six dollars \$480.00 and the sum of the action in the Meigs Circuit Court. The Sheriff will take hand if required for this purchase price of said land.

Said sale will be made at the front door of the Court House in Rowan County, Kentucky, on or about the hour of 1:00 p. m. Given under my hand as Sheriff of Rowan County, this 2nd day of March, 1935.

MORT WAT

Sheriff Rowan County.

Many To Start In gubernatorial Race

OFFICERS OF PRESENT ADMINISTRATION TO SEEK NOMINATIONS

By TOM R. UNDERWOOD
(In The Lexington Herald)

Frankfort is a good place to find out what has happened, politically. It is the worst place in Kentucky to try to find out what will happen. Every source there is biased.

At this writing the sources there are, in favor of State Highway Chairman Thomas S. Rhea, of Russellville, for the Democratic nomination for governor. The governor, through the action of the court of appeals, has a free hand to remove any appointee. All he needs, as an Ethiopian soldier might say, "is yo' name an' address."

Therefore Frankfort predicts, despite the new primary law, an "old fashioned" primary with Mr. Rhea and former United States Senator J. C. W. Beckham as the principals.

The other aspirants say that the wish is father to the thought and that no such thing will happen.

Attorney General Bailey P. Wootton announced his aspiration during the week. He recently made a visit to western Kentucky as far as Greenville and came back enthused over the prospects. As his time is in hazard he has a very good cross section of the state from which to judge sentiment.

General Wootton's formal announcement during the week declared in favor of abolishing numerous government boards.

Big Opening For Wallis
Frederick A. Wallis, of Paris, is considering a big opening, probably in Western Kentucky. He is planning to move soon in Benton, Henderson, Corbin and Catlettsburg. He has been urged by his friends in these places to stage meetings there soon. An original primary man, he has claimed from the start that if given a primary he would win. He has been all through the state many times in recent years in connection with federal or political work and in line with his duties as chairman of the Democratic finance committee. Mr. Wallis declares that there is no question in his mind that a

majority of the people desire to line up behind him due to a constructive program which he will advance and because of the opportunity to unite all factions.

Mr. Wallace said recently that he is not concerned with who the voters. He intends to make his own race, he said, without regarding the others and believes he has enough votes to win over any competition. Very probably Mr. Wallis will open headquarters in both Louisville and Lexington and make a campaign far exceeding anything the state has ever seen.

Richmond in the Field
State Superintendent of Public Instruction James H. Richmond is another who remains actively in the field of aspirants although not yet an announced seeker of the nomination.

Mr. Richmond said during the week that he intends to run it out.

State Treasurer, Elam Huddleston opened headquarters in the Seebach hotel in Louisville this week, and State Inspector and Examiner Nat B. Sewell is listening to the bees.

Other Side of the Fence
Beckham, as yet "payeth not" if he doesn't run it is understood that Lieut. Gov. A. B. "Happy" Chandler, of Versailles, is counting on support of the Beckham following.

For second place on the Beckham ticket John Young Brown, who is now in Washington in connection with coal and tobacco legislation, is being mentioned.
Speaker Brown and Lieutenant Governor Chandler may get in each other's way, from the viewpoint of political ambition, before this year's primary is out of the way, for geographical reasons argue against the backing of them by the Beckhams alliance.

Thompson and Congress
Al H. Thompson, of Paris, brother of the Democratic floor leader in the last State senate, said during the week that the report that Senator James H. Thompson has his eyes on the congressional nomination

as a prospective opponent of Congressman Virgil Chapman is wholly false.
Circuit Judge H. Church Ford, of Georgetown, was recommended by Senators Alben W. Barkley and M. M. Logan as the substitute for Stanley Reed, of Mayaville, when the latter was named for solicitor general of the United States as a federal judge for the Eastern district of Kentucky.

During the week John M. Moore, of Pikeville, Ky., an attorney and employee of the state highway department, was named as United States Marshall.

The post of district attorney already has been filled as District Attorney Mac Swinford, of Cynthiana, has been acting for some time. Judge Ford will select the new federal court clerk and most probably will select Spence Finnell, of Lexington, unless the senators intervene, for geographical or political reasons.

Joe Bates, county clerk of Greenup county, recently made a bid for the clerk's appointment.

Miss Mahan to Run
Miss Sarah Mahan, of Danville, new secretary of state, will run for state treasurer. Miss Mahan let it be known during the week that she intends to enter this contest.

For this post Robert E. Beatty county representative of Fayette county, also may announce. Mr. Beatty has been giving consideration to the matter.

During the week a move also was started for State Tax Commissioner W. P. Sullivan, of Frankfort. Mr. Sullivan has been one of the strongest backers of the administration.

Marshall Barnes, of Beaver Dam, formerly a John Y. Brown adherent in the legislature, also is talking about running for this office. Another is Christopher Gottschalk, of Wintona.

C. C. Stanfill, former sheriff of Will county, has announced his candidacy for the Republican nomination for railroad commissioner in the district that embraces 44 counties of western Kentucky.
In the Second district, which includes Lexington, Oscar Vest, of Carrollton, will announce for reelection, he said while in Lexington last week.

Beckham Writes a Note
The only expression on any public matter from former Senator Beckham is the following letter to

the editor of the Courier-Journal published in the Point of View column:

I have noticed several letters in the Point of View column raising a controversy as to whether Mr. Thomas Rhea had supported me in a number of campaigns in which I was a candidate. While some may think that it would not have been so reprehensible in him if he had opposed me and others hold it against him as a grievous mistake if he did not support me, I feel that to truth I should state the facts and bring the debate to an end. In my race for the senate in 1914, he was my campaign chairman and again in the race for governor in 1927, and in both instances rendered loyal and valuable services to my candidacy. Indeed, in all the years since he became active in state politics I have never had occasion to doubt the value of his services nor his loyalty to me when I was a candidate.

Halemas to Be Elevated
It was reported in administration circles that H. H. Holeman, of Madisonville, secretary to the governor, would be appointed insurance commissioner, and that G. B. Scott, present commissioner would become deputy commissioner. Scott is said to have the backing of Senator James H. Thompson, administration floor leader.

Mr. Rogers, however, is expected to be named a highway commissioner when chairman Rhea resigns.

sonville, secretary to the governor, would be appointed insurance commissioner, and that G. B. Scott, present commissioner would become deputy commissioner. Scott is said to have the backing of Senator James H. Thompson, administration floor leader.

Mr. Rogers, however, is expected to be named a highway commissioner when chairman Rhea resigns.

Deeds Transferred

County Clerk Vernon Alfrey made the following deed transfers this week: Albert Brewer and wife, of Morehead, 42 acres on East Fork of Triplett.

W. H. Baldwin of Cincinnati, to deed, Thomas Caldwell, 42 1/2 acres on Paint Lick.

Clarence Phelps and wife to deed to U. S. Gilkerson, of Bluestone, 45 acres on Midland Trail 4 1/2 miles west of Morehead.

Norma Powers, of Morehead, to deed, U. S. Gilkerson, of Bluestone, lot on 2nd Street.

ST. XAVIER WINNER IN STATE N. JALO HELD AT LEA. GTON

A great team of basketball players from Louisville, played under the name of St. Xavier came to Lexington last week, tucked away the Kentucky High School basketball crown with comparative ease, and left yesterday for Chicago to play for honors in the National Catholic Tournament.

St. X was proclaimed as one of the greatest teams to ever win the state meet, and certainly brought one of the outstanding players of all time in Phillip Brewerman, who led the tournament in scoring and captured a unanimous berth on the all-tournament team selected by sports writers and officials.

Inez, from way up in Martin County, was the tournament dark horse and sensation. They lost to St. Xavier in the semi-finals, the tigers getting the hottest they ever had against the Indiana. Inez drew a large following of fans to Lexington on stanzas another "Carr-Creek Sensation."

St. Xavier defeated Newport 32-18 for the title. In their march to the finals the tigers whipped a strong Bonham outfit 32-16, Mt. Sterling 29-19, and Inez 34-19. Newport won 30-20 from Frankfort 23 to 18 over Mayville and 22-17 from Danville.

Newport had a tall, rascy crew but they could not match the alertness, agility and shooting ability of the Louisville lads.

P. M. Sturling, 14th Regional champion, defeated Campbellsville High by 24-22 in the first round but could not compete with St. X in their next match.

The scores of all games played in the tournament were as follows:

- First Round:
 - Danville 33; Kirksey 19.
 - Tompkinsville 24; Anville 19.
 - Newport 30; Frankfort 20.
 - Mayville 15; Dixon 12.
 - Mt. Sterling 24; Campbellburg 25.
 - St. Xavier 22; Danham 18.
 - Calvert City 44; Bardonia 26.
 - Inez 20; Central City 15.
- Second Round:
 - Danville 29; Tompkinsville 22.
 - Newport 23; Mayville 18.
 - Mt. Sterling 18; St. X 29.
 - Calvert City 16; Inez 29.
- Semi-Finals:
 - Danville 15; Newport 22.
 - St. Xavier 24; Inez 19.
- Final:
 - St. Xavier 34; Newport 19.

Ky. State League Reorganizes For 1935 Season; Open April 14

U. K. Basketball Team Loses Two Games In Year

The University of Kentucky basketball team, coached by Adolph Rupp, one of the nation's most outstanding hoop mentors, has just completed another highly successful season, winning 19 out of the 21 games on the schedule.

The Kentucky Wildcats piled up 985 points during the season while their opponents were making 450; one of their number was selected on the Katlogg radio All-American team and two were named on the All-Southern Conference quint.

The All-American Wildcat is Leroy Edwards, 6 foot 4 inch center sophomore who led the South, if not the entire country for 344 points. Edwards accounted for the season's best scoring record for the South.

Edwards was also unanimous choice for center on the All-Conference five, while Dave Lawrence, co-captain and regular forward, was chosen forward on the all star team of the conference. Millard Anderson, regular Kentucky guard, was given honorable mention. No second team was chosen.

Since Rupp took over the basketball coaching reins at Kentucky his teams have won 86 games and lost only 11, and his Wildcats have been undefeated in Southern Conference competition in three years. Only 2 conference teams—Vanderbilt and Florida—ever have defeated the Rupp-coached Wildcats.

Only two opponents were able to defeat the Wildcats in the season just ended. They were New York University, by 23 to 22 at New York, and Michigan State by 32 to 26 at East Lansing.

The outstanding individual feat for the season was the 34 points scored by Edwards against Orlington. He could easily have made a much larger total in that game if Coach Rupp had not taken him out with six minutes left to play, just as he had the Bluejays at his mercy. In many games Edwards made more points than the entire team opposing.

Against Chicago, the only Big Ten opponent faced by the 'Cats', which Kentucky defeated by 42 to 16 Edwards made 26 points by himself.

Player Salary Limit Is Set At \$50 A Game

The season of the Kentucky State Baseball League, which comprises 8 teams playing perhaps the fastest baseball in the state, will open April 14 and close September 29, according to an announcement by W. E. Crutcher, Morehead, Secretary this morning, following the loop organization meeting held Tuesday night at Dr. Hall's place in Flemingsburg.

All eight clubs holding franchises last year were represented and announced they were prepared to hang on to them again this year. The proposed deal which would have sent the Danville franchise to Lexington and the Brooksville franchise to Covington failed to materialize although there appears a probability that the Brooksville franchise may be taken to Lexington, if the latter club desires to take it over.

Flemingsburg was represented by Dr. J. F. Hill and Manager Tom Hill; Mayville men: Paul Cline and John Rudy, co-managers over; Tom Hill was over from Brooksville; Claude Clayton acted by proxy in place of Manager B. Parker for the Morehead organization; Mr. Nickell represented Mt. Sterling where there will be a change in management this year; Owingwing management this year; Owingwing Paris manager, announced his club was ready to go; and O. P. Tannin Vaneboer, said the Lewis County men were ready to turn on the steam.

Resides Dr. Crutcher's election to the position of Secretary the League elected all other old officers. Lonnie Barnard, Mt. Sterling, was named President; Dr. Hall, Vice President; and Shadrach Fisher, Owingwing, Treasurer. All were installed by a unanimous vote on motion of Manager O. P. Tannin.

The Sjaiding No. 1 Nations League Baseball and the Beach Official American League Ball were adopted by the circuit.

Most of the managers favored cutting the number of doubleheaders shown. It is probable the league will play a 95 game schedule, which gives each team 7 doubleheaders for the entire year.

Umpires salaries were fixed, but no voting on the umpires was effected.

A motion to limit each club to \$50 player salary expense per game, passed by a vote of 6 to 2, after 2 hours of discussion, during which four proposals were made. The players contracts will be considerably different this year, and the salary figure, etc. must be attested by a Notary Public, along with a sworn statement from the manager.

The league will make its final plans at a meeting to be held at Flemingsburg March 29. However, it was definitely arranged for the season to open April 14.

Juniors Beat Faculty At Morehead High
The Junior Class at the Morehead High School won the 7-team intramural basketball tournament defeating the faculty in the final 39-19. The last game saw several feminine members on the faculty playing, and probably should have been closer than the score indicates.

LEADING LADY
Ann Sheridan, Texas Beauty winner, got her second leading motion picture role in Paramount's "Car 99," which opened at the Coney theatre last night. Miss Sheridan, last seen in Paramount's "Rocky Mountain Mystery," is featured with Fred McMurtry, Sir Guy Landring, and William Frawley in "Car 99."

3 From St. Xavier Make All Journey

The all-tournament team selected by sports writers and officials at the state tournament included 3 men from the champion St. Xavier (team, 2 from Newport, runner-up, and one each from Danville and Inez), semi-finalists, and 1 from Mayville. The All-Tournament: Reverman, St. Xavier, forward. Howe, Newport, forward. Ford, Newport, forward. Blanford, St. Xavier, Center. Cuniff, Danville, Center. Sloane, Inez, guard. Hingruder, St. Xavier, guard. Ward, Inez, center. Players receiving honorable mention were: Walker, Newport, forward. Sullivan, Newport, forward. Kirk, Inez, forward. Yeager, Newport, center.

and University of Kentucky football and basketball star is negotiating for a coaching berth at the Morehead State Teachers College. Frankly it is doubtful if Ellis will make the grade—at least this year. So far as we know there is little likelihood of the present coaching and athletic set-up being altered.

True, Coach Downing has not turned out winning football teams for the past five years. At the same time it must be admitted that the material has not been exceptional and Downing has worked under many handicaps, chief of which is the Athletic Committee. The success of the largely untried program at Morehead depends largely upon the financing that is get behind it, and a policy of putting the reins in the hands of letting him run the show. Too many fingers in the pot spoils the broth, so to speak.

Danville High School in the athletic to watch for exceptional able teams in coming seasons. Coach Rice Moutjoy has the best material that the Admirals have been blessed with in many years. It would not be surprising if Moutjoy came back to the state basketball tournament next year and won the title, after many heart-breaking set-backs. Moutjoy has always been a contender for the championship, but has never quite made the riffle.

It might interest you to know that Ed Johnson, former Ashland High

LEGION WRESTLING CARD DRAWS LARGE CROWD; CURRY WINS

Bull Curry, 170, Syria, turned back Nick Bozins, 185, Elmira, N. Y. in two straight falls in the main event of the American Legion spring wrestling inaugural Thursday evening at the High School gym. Using a leg split, Curry pinned Bozins in 12 minutes, 20 seconds for the first fall. He accomplished the second fall with a vicious Indian stake lock hold in 23 minutes, 15 seconds. The leg split is the favorite hold of the champion, Jack Reynolds.

Silent Olson, well-known Kentucky wrestler refereed the bout. Bozins was warned of fouling numerous times as he attempted to beat his superior competitor with rough tactics.

Billy Love, 176 pounds, Louisville, took the two best of three falls from Buck Jones, 180, Hazard in the semi-final. Jones won the first fall by sheer aggressiveness in 11 minutes 8 seconds. It was a scissor hold that turned the trick.

Love came back to take the next two falls, the first on a hammerlock in 8 minutes, 45 seconds, and the other in 3 minutes, 3 seconds.

In the first match, Young Tarnas 155, Kansas City, Mo. lost to Bill Hammack, 156, Lexington in 17 minutes. Hammack got his man with a hammerlock.

The Legion will sponsor the second bout here Thursday, March 28. Bill Emrick, prominent Central Kentucky matchmaker, will again have charge.

Intra-Mural Meet Opens Next Week
The County Club intra-mural basketball tournament at Morehead College is expected to get under way sometime next week. This is one of the sport highlights of the season on the campus, and forbodes keen rivalry.

Sixteen counties are expected to have clubs represented. The basketball tournament is being played this week.

GOLDE'S

If You've Ever Seen a Suit Bargain This Is It!

That the Verdict of a Score of Smart Buyers Who Could not Believe Our Price Was Only **\$16.50**

Just to get an unbiased opinion of these suits, we asked twenty men who rate as pretty good critics of clothing values what they thought of these suits. They looked at the hand-woven, all-wool fabrics, they fingered the celanese linings, inspected the sewing, admired the smart styles and smart fit—and everyone stated they were mighty good clothes. And when we asked them the price, the nearest guess was \$5 over our selling price of \$16.50! Men, these are really astounding suit values. You can't appreciate what we are giving you until you judge these clothes from every standard of quality. Then you'll realize that the three-button double breasted model are top notch values for the money.

*P. S. Five bought when they learned the price, and seven bought the next day. We'll be at the rest of the twenty by the end of the week.

LEWIS FROM WESTERN ELLIOTT COUNTY AND EASTERN ROWAN COUNTY

The people of this section of Lewis and Elliott Counties played an important part in the inauguration of \$10,000, announced in last week's issue of the Independent.

ent for the surfacing of the road from Wagon's Store to Standy Hook. Mr. C. L. Hays and Charles Ross, both of Elliott County were instrumental in securing the road. Mr. Jones prepared a statement to the state Highway Department setting out the details that could be desired with the surfacing of this much traveled highway.

Cecil C. Tague, Chief Counsel for the State Highway Department, has been prospecting for oil and gas in Elliott County for a few months and was successful in bringing in a well near Dewdrop that is producing 7,000 cubic feet of wet gas, rock gassers 150 cubic feet. He is drilling a second well almost 2 miles west of the first drilling operation. J. B. Jones, Louisville, and C. C. Haines, Jansville, are setting up a drill at Dewdrumdam.

United States revenue officers made a wide search for stills in this section as part of last week's drive against illicit manufacturers, on Friday, but so far as is known their efforts were fruitless.

It was reported here that J. B. Jones and Charles Crosscut of Louisville are contemplating taking up 3,000 acres of oil and gas leases in the Star-Beartown District and drilling one well at Stark and one at Jones in this spring, provided they can secure the necessary co-operation in securing the leases. The drilling is more or less an experiment with a view to opening up the district if the wells prove successful.

Deeds Transferred

Deed transfers were made by J. M. Vernon, Alfrey during the past few days.

J. H. Reynolds and wife of Halfmoon and Richard Wagon and wife of Farmers, a tract on U. S. 50.

E. J. Black and wife, to dead, Thomas Sidham, 25 acres on North Fork of Triplett.

METHODIST CHURCH TO OBSERVE LENTEN SEASON

The evening services last Sunday at the Methodist Church were under the direction of the Young Peoples Department. After an interesting discussion on "Does God Answer Prayer?" the remainder of the hour was devoted to singing hymns. The College Quartette rendered some very beautiful music. You are invited to attend these services. The Lenten season brings to our mind the sacrifice made by our Lord Jesus Christ. If we are to follow Him let us sacrifice during this Lenten season. We are urged to attend this meeting and to bring with you all Ex-Service men in your community.

THEMES FOR LENT March 17: "An Age Out of Breath" March 24: "Are We Hiding From God?" April 7: "What Does Finding God Mean?" April 14: "Where Shall I Begin?" April 21: "How Shall I Know that I Have Found Him?"

Baseball game between the Crumora and Glasgow. The Crumora team, coached by Prof. M. E. George.

Park Highway

(Continued From Page One)

a conference at the State Capitol February 26, 1935. The conference was called by the Governor of Kentucky in response to requests of many citizens. Every county in Kentucky was represented at that meeting. The project has been studied in detail by the State Planning Board.

It is part of a joint plan developed in co-operation with citizens of Virginia, West Virginia, North Carolina, Tennessee and the District of Columbia. The plan is to construct a broad modern highway connecting the Shenandoah National Park of Virginia, the Great Smoky Mountains National Park of North Carolina and Tennessee and Mammoth Cave National Park of Kentucky.

This interstate highway was launched at a conference in Washington, D. C. April 4, 1934. The Interstate National Park-to-Park Highway Association then was formed. The highway commissions of all states included have ratified the project.

New Base Contract

(Continued From Page One)

1929 to such an extent that they cannot obtain an equitable allotment under a contract; some of tobacco farmers who have recently become of age and who now own or rent farms of their own, and other tobacco growers who could not obtain an equitable allotment under regular tobacco production adjustment contracts.

O. M. Farrington, state compliance officer for adjustment programs, urges all tobacco growers who have been unable to obtain allotments to see members of this local control committee about signing a special base contract.
