FOREWORD

The 28th edition of the Morehead State University *Profile* has been compiled for the purpose of providing a convenient and authoritative source of factual information about the University. While the actual layout of the *Profile* has varied some over the years, the content has remained focused on the areas of student enrollment, academic programs, and faculty characteristics. The 2006-2007 *Profile*, as well as previous additions and other publications, can be obtained online at <http://www.moreheadstate.edu/ira>.

The 2006-2007 *Profile* was compiled by the Office of Institutional Research and Assessment team. As with any complete statistical document, this information was gathered with the assistance of the university community. We would like to express our appreciation to all who contributed information. We would also like to take this opportunity to recognize Andrea Cornett, Director of Administrative Computer Applications for her work on this edition of the *Profile*. All data reported in this online fact book was based on current reports. Student data reference points are the dates of fall enrollment and annual degrees conferred for reports to the Kentucky Council on Postsecondary Education. Faculty and staff data also reflect information reported each fall to the national Integrated Postsecondary Education Data System (IPEDS). All other data sources are noted directly on charts or tables. Any modifications at a later date to any reports used to provide these data might reflect different numbers. If you have a concern as to the accuracy of these data, please contact the Office of Institutional Research and Assessment.

Upon review of this document, please take a moment to complete the *Profile* evaluation inserted in the front of the publication and return to 310 Howell-McDowell.

University Overview

Meeting the educational needs of East Kentucky while striving to constantly improve the quality of its public service, economic development and applied research programs are the primary objectives of Morehead State University.

Historically, the University traces its lineage to the Morehead Normal School, which opened its doors in 1887. The private school closed in the spring of 1922 when the Kentucky General Assembly established Morehead State Normal School. The state institution accepted its first students in the fall of 1923 and graduated its first class in 1927. Name changes occurred in 1926 when "and Teachers College" was added, again in 1930 when it was shortened to Morehead State Teachers College, again in 1948 when "Teachers" was dropped and, finally, to university status in 1966. Thirteen men, starting with Frank C. Button, have served as president. Dr. Wayne D. Andrews assumed office as the 13th president on January 1, 2005.

Academically, the University offers 78 undergraduate degree programs, including 8 associate level degrees and 12 pre-professional programs in four colleges -- Business, Education, Humanities, and Science and Technology -- and 20 academic departments. There are 54 graduate degree programs plus 22 graduate level non-degree programs designed especially for professional educators. The education specialist in five specialty areas also is offered. A master's degree for physician assistants, social workers and a cooperative doctoral program, all with the University of Kentucky, are available on the MSU campus.

Classes are conducted in Ashland, Jackson, Maysville, Mt. Sterling, Pikeville, Prestonsburg, West Liberty and other locations. Regional campuses--located in Ashland, Jackson, Mt. Sterling, Prestonsburg and West Liberty--are staffed with full-time directors. Additionally, the University offers a number of distance learning courses throughout the region via the Internet and interactive compressed video. Sixty-five percent of MSU's 378 full-time faculty members hold doctoral degrees.

Physically, the University is located in the foothills of the Daniel Boone National Forest in Rowan County. The nearly 500-acre main campus within the city limits of Morehead includes more than 50 major structures with a total replacement value of more than \$144 million. Beyond the city, the University's real estate holdings include the 320-acre Derrickson Agricultural complex and a nine-hole public golf course. The instructional plant includes 120 classrooms and 112 laboratories. Housing facilities include space for approximately 2,900 students in a variety of housing styles including traditional residence halls, suites and apartments.

Fiscally, the University currently operates on an annual budget of \$109.7 million with about \$44.8 million provided by the state and \$40.2 million coming from tuition and fees.--Additionally, grants and contracts from external sources for research, service and academic/student support projects generate more than \$15 million each year. Annual private donations to the University, through the MSU Foundation, Inc., have exceeded \$3 million the past two years.

Statistically, the University has awarded more than 50,000 degrees and currently has more than 1,100 full-time employees. Enrollment for fall 2006 was 9,025, with the student body representing 104 Kentucky counties, 39 states and 27 foreign countries. The University attracts more than 50,000 visitors annually and its economic impact, directly and indirectly, on the Morehead area is estimated at more than \$80 million yearly.

Administratively, an 11-member Board of Regents governs the University with eight citizens appointed by the governor and three seats held by elected faculty, staff and student representatives. Management of the institution is vested primarily in six divisions--Academic Affairs, Administration and Fiscal Services, Development, Planning and Technology, Student Life, and University Relations--with each headed by a vice president.

Athletically, the University sponsors 18 intercollegiate sports for men and women in accordance with the regulations of the Ohio Valley Conference, the Pioneer Football League and Division I of the National Collegiate Athletic Association. MSU also supports an intramural program involving more than 25 team and individual sports.

*Ten years ago, student FTE was calculated on the basis of student credit hours generated by level. Undergraduate FTE = (total undergraduate credit hours)/16 whereas graduate FTE = (total graduate credit hours)/12. For the past several years, the Council on Postsecondary Education (CPE) has calculated student FTE based on headcount: Total FTE = total full-time students (undergraduate or graduate) + 1/3 (total part-time students). Beginning with fall 2006, student FTE has been calculated in compliance with the CPE headcount formula.

**Ten years ago, student FTE was calculated on the basis of student credit hours generated by level. Undergraduate FTE = (total undergraduate credit hours)/16 whereas graduate FTE = (total graduate credit hours)/12. For the past several years, the Council on Postsecondary Education (CPE) has calculated student FTE based on headcount: Total FTE = total full-time students (undergraduate or graduate) + 1/3 (total part-time students). Beginning with fall 2006, student FTE has been calculated in compliance with the CPE headcount formula.*

Highlights: First-time Freshmen Fall 2006

Ninety-seven percent (1,272 of 1,306) of fall 2006 first-time freshmen were full-time students. This group accounted for about 19% (19,650) of the University's total credit hour production (102,938). In order of degree intent, 1,048 (80%) were baccalaureate-seekers, followed by 258 (20%) associate seekers.

The majority (1,250 or 96%) of MSU fall 2006 first-time freshmen were of "traditional" age, that is, between 18 and 24 years of age, and more than half (56%) were female. About 93% (1,219) were white whereas blacks accounted for 71% (62 of 87) of non-whites and about 5% of fall 2006 first-time freshmen enrollment overall.

More than half (735 of 1,306) of first-time freshmen originated in MSU's 22-county service region and an additional 26% (335) came from the remaining counties throughout the Commonwealth. Overall, 82% of first-time freshmen were Kentucky residents compared to 86% Kentucky residency in the total fall 2006 student population.

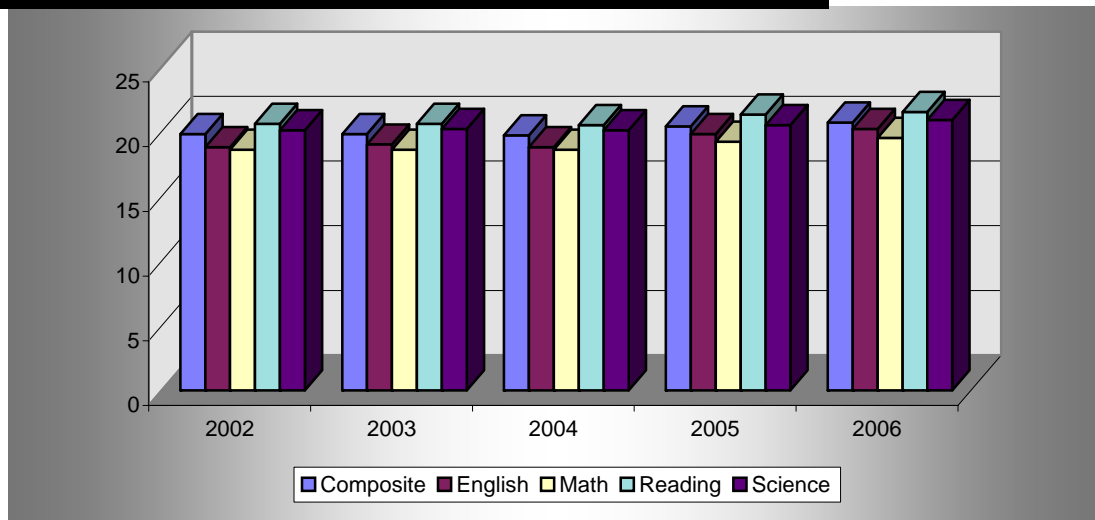

Highlights: First-time Freshmen Fall 2006 (continued)

By CPE (Council on Postsecondary Education) definition, first-time freshmen are degree-seekers. In fall 2006, 80% (1,048) of first-time freshmen were seeking a bachelor's degree and 258 (20%) were enrolled in associate level programs. In order to gain a broad overview of freshman program area interests, CIP (Classification of Instructional Programs) major codes were collapsed to two digits and enrollments were tallied by level and program area as shown below.

Note: The Council on Postsecondary Education (CPE) requires reporting Pre-College Curriculum (PCC) status courses for four-year degree-seeking first-time freshmen. In the table above, PCC completers are by definition four-year degree-seekers whereas non-PCC (NPCC) completers consist of remaining four-year degree-seekers who either did not complete or were exempt from reporting and all two-year degree-seeking first-time freshmen.

* "Generated" refers to credit hours generated through courses taught within a college.

Credit Hours Consumed and Generated - Fall 2006

Credit Hours - "Consumed" and "Generated"

The difference between credit hours "consumed" by majors within a given college and credit hours "generated" by faculty teaching within a given college characterize that college's general academic service profile. For example, Education majors consumed 19,390 credit hours in Fall 2006 whereas Education faculty taught classes which generated 17,995 credit hours during the same semester. The number of credit hours consumed by Education majors in excess of credit hours generated by Education faculty characterizes the College of Education as an academic service "consumer" in Fall 2006. As expected, the College of Humanities generated the most course credit hours overall as well as the most credit hours in excess of majors' credit hours.

*Classification of Instructional Programs

In order to obtain a general program area overview of enrollments, the Council on Postsecondary Education prepares trend tables displaying comparative fall enrollments by CIP (Classification of Instructional Programs) Area. That is, the 6-digit CIP codes for specific program majors are collapsed to 2-digit codes and enrollments in all majors beginning with the 2-digits are summed. For example, under CIP code 13 (Education), enrollments in 16 specific program major codes have been summed showing MoSU's fall 2006 enrollment in Education programs to be 1,674. The technique allows for quick overview of predominate areas of enrollment at MoSU (as in this table) and for other institutions across the Commonwealth.

**There are three course levels: two undergraduate (lower, upper) and one graduate. Lower level courses (100, 200) roughly correspond to first and second year undergraduates, upper level courses (300, 400) correspond to third and fourth year undergraduates. Graduate level courses are numbered in the 600s. Occasionally, courses are numbered in the 500's signifying a course appropriate for upperclassmen as well as graduate students.*

Distance Learning Courses Fall 2006

The Council on Postsecondary Education classifies distance learning courses by Provider Category (Institutional, KYVU) and by Primary Learning Mode of Delivery ("B" Internet/World Wide Web, "C" Interactive Video, "F" KET Telecast.)

In Fall 2006, Morehead State University reported 331 distance learning courses. The following table shows that for those 331 courses, the predominant modes of delivery were Interactive Video (158 courses) and Internet (153 courses). The remaining 6 courses were KET originated. Other sections of the table display total course enrollments and student credit hours generated by all distance learning courses in Fall 2006. In summary, distance learning courses accounted for about 11% of course enrollments (4,158 of 39,202) and 12% of student credit hours generated (11,944 of 102,938) overall.

For comparative purposes, Morehead State University's ACT Composite cut-off score for unconditional freshman admission in fall 2006 was 14 with an Admissions Index (AI) of at least 400 (AI=high school GPA x 100), whereas the average ACT Composite score for MoSU's fall 2006 first-time freshmen was about 21(rounded). In terms of institutional admissions selectivity, an average ACT Composite score of 20 would place MoSU somewhere between "Open" (ACT 17-20) and Traditional (ACT 20-23) selectivity with retention rates between about 67.3% and 71.3%. MoSU's fall 2005 first-time freshman retention to fall 2006 was 63.4%, slightly below the average "Open" selectivity institutions offering Bachelors and Masters degrees.

Graduation Rates

The American College Testing Program annually compiles graduation rates by type of institution, level of selectivity and degree level. The following table, compiled from ACT's Institutional Data File, 2006, displays rates for graduation within 3 years for associate degrees and 5 years for baccalaureate degrees.

Morehead State University's comparative 3, 4, 5 and 6 year graduation rates table (page 65) for various 2000-2001 degree-seeking cohorts indicates that about 35% of 2000-2001 baccalaureate seekers obtained bachelor degrees within 5 years. That finding is consistent with the American College Testing Program's Persistence to Degree Rates for Four-year Public Colleges by Admission Selectivity shown above illustrating public institutions offering Bachelors and Masters degrees with admissions selectivity somewhere between Liberal and Traditional reported 5-year graduation rates between 31% and 37%.

Note: All students (1,473) represent all fall 2000 full-time Associate and Baccalaureate-seeking freshmen. The Student Athletes tracked are a subset of All Students consisting of those freshmen receiving athletics aid. NCAA rules accept graduation counts for baccalaureate seekers who obtain baccalaureate degrees only. Likewise, the Kentucky Council on Postsecondary Education (CPE) accepts graduation counts for baccalaureate seekers who obtain baccalaureate degrees only. The 486 degrees earned by 1,134 baccalaureate-seekers does not include 11 associate degrees (1 male, 10 female) earned by group members within a three year time-frame. Likewise, Student Athlete degrees reported (13 baccalaureate degrees by 32 Student Athletes) does not include three associate degrees (1 male, 2 female) earned by this group within the proscribed three-year limit.

The Ten-Year Trends, First-Degrees Conferred 1996/97 -- 2005/06 table above displays the total headcount of degree recipients by first degree conferred for each of those years. The table below, Second Degrees Conferred, indicates the number of students in each of those ten years who received a second degree during the same "degree year" in which the first degree was conferred. For example, in 2004/05, a total of 1,536 first degrees were conferred on 1,536 students. Of that number, 22 students obtained a second degree during the same year. A total of 1,558 degrees were conferred on 1,536 students during 2004/05.

AAUP/IPEDS and Faculty Salary Comparisons

IPEDS (Integrated Post-Secondary Education Data System) full-time faculty are by National Center for Education Statistics definition:

Those members of the Instruction/Research staff who are employed full-time (as defined by the institution) and whose major (more than 50%) regular assignment is instruction, including those with released time for research. Also included in this category are:

- * Full-time instructional faculty on sabbatical leave
- * Full-time replacements for instructional faculty on leave without pay
- * Chairs of departments (if they have no other administrative title and hold a full-time faculty rank.)

Both AAUP (American Association of University Professors) and IPEDS annually collect and report on average faculty salaries and compensation (salaries plus other benefits). As an option, institutions may forward their mandatory IPEDS faculty surveys to AAUP rather than prepare a separate AAUP-sponsored survey. AAUP publishes an "Annual Report on the Economic Status of the Profession" in the March-April issue of its bulletin, **Academe**. The next page shows a table displaying average faculty salaries by rank for MoSU's fall 2006 nineteen benchmark institutions. Faculty salary averages and respective numbers at each rank have been taken from the AAUP data reported in *Academe*, March/April 2007 when available.
