### MOREHEAD STATE UNIVERSITY 2005/2006 Operating Budget

#### **Background:**

*Pride & Promise: Morehead State University's Strategic Plan 2001-2006* served as a foundation for the development of the 2005-2006 Operating Budget. The proposed budget reflects the University's commitment to improve faculty and staff compensation, student financial aid and the continued advancement of numerous academic and student support initiatives.

This year's budget preparation process was inclusive of campus input and representation. The following opportunities for information exchange were exercised in developing the proposed 2005-2006 operating budget:

The result is the proposed \$103.7 million budget that advances the University's mission by focusing on the most important goals and objectives.

The parameters outlining the administration's management responsibilities related to the 2005-2006 Operating Budget and periodic reporting requirements to the Board of Regents are specified in the Budget Adoption Resolution on pages A-9 and A-10.

#### **Analysis – Operating Budget:**

The University Strategic Plan that was adopted by the Board of Regents in June 2001 proudly reflects the *Pride & Promise* of Morehead State University as the institution aggressively moves into the 21<sup>st</sup> Century with new and innovative academic programs and improved student services. The Plan aligns the institution with the Council on Postsecondary Education's 2020 Vision and Action Agenda that calls for enrollment growth, retention and graduation goals as high priorities for the state's higher education institutions. The Morehead State University 2005/2006 Operating Budget prioritizes allocation of new revenue generated from student tuition and fees as well as a restoration of \$3.28 million in state appropriations to continue support of the key initiatives defined in the Plan.

Morehead State University experienced a slight decrease in total enrollment during the 2004/2005 academic year with a Fall 2004 student headcount of 9,294 and a student FTE rate of 7,009. This 2.27 percent reduction in enrollment headcount is compounded by shift in the full-time/part-time enrollment mix that includes a 15.52 percent reduction in the number of first-time-full-time freshman from fall 2003 to fall 2004 or 236 students. At the 2004/2005 tuition and fee rate the change in enrollment mix equates to just over a \$1 million

reduction in tuition and fee revenue. The proposed 2005/2006 Operating Budget is built on a Fall 2005 headcount enrollment objective of 9,100 which represents no change in the budgeted headcount from Fall 2004. Funds have also been allocated in the 2005/2006 operating budget to support implementation of enrollment management strategies identified to help increase the number of full-time students served.

Enrollment	Actual Fall 2003	Actual Fall 2004	% Change
Total	9,509	9,294	-2.27%
Full-Time	6,909	6,680	-3.31%
Part-Time	2,600	2,614	0.53%
FTE (Full-Time Equivalency)	7,221	7,009	-2.94%
First-Time, Full-Time	1,520	1,284	-15.52%
Freshman			
<b>Graduate Students</b>	1,589	1,537	-3.27%
<b>Undergraduate Students</b>	7,920	7,757	-2.05%

Revenue from on-campus housing facilities is budgeted at a \$1.2 million decrease (15.46 percent) over 2004/2005 budgeted revenue. This revenue reduction is attributed in part to a reduction in the number of first-time-full-time freshman enrolled on-campus and also to an increase in the number of upper division students who elect to rent off-campus apartments over traditional on-campus residence hall accommodations. To offset this trend, the 2005-2006 operating budget includes support to contract with a consultant specializing in on-campus student housing to assist with development of a long-term student housing plan that will enable the University to maximize potential revenue and improve the quality of living/learning space available to on-campus students. In the short-term, adjustments in housing policies for selected facilities, rental rates, and stricter enforcement of mandatory housing policies have been implemented to help minimize the trend of decreasing housing revenues.

#### **Changes in Revenue Sources**

The proposed \$103,708,000 Operating Budget reflects an increase of \$4,430,000, or 4.46 percent, from the 2004/2005 opening budget. New funds available in the proposed budget are primarily attributed to revenue from a 12.5 percent increase in student tuition and fees and restoration of \$3,281,700 million in state appropriations cut from Morehead State University over the past two fiscal periods. Net changes in revenues are summarized within the following sources:

Tuition and Mandatory Fees	\$ 4,249,750
Residence Halls	\$(1,189,600)
State Appropriations (Operating)	\$ 3,281,700
Endowment Income	\$ 336,576

#### **Tuition and Mandatory Fees:**

New revenue from tuition and fees is based on the Board approved 12.5 percent increase in the rates for 2004/2005. Changes in tuition rates are discussed in detail in the **Fee Schedule** section of this report.

#### **Housing:**

Due to a net decrease in occupancy rates in on-campus housing facilities, the net revenue is budgeted at a \$1,189,600 decrease over 2004/2005. The net revenue is based on an average 3% increase in the residence hall rates and a reduction in the number of students living in campus housing facilities.

#### **State Appropriations (Operating):**

The proposed Operating Budget reflects a \$3,281,700 increase (8.1 percent) in state operating appropriations from the 2004/2005 budgeted amount. This funding offsets reductions in state appropriations from the previous two fiscal periods and allocates a modest increase for enrollment growth.

#### **Endowment Income:**

Endowment income totaling \$855,776 is available in 2005/2006 from various academic state-matched endowment funds. This amount represents a 66.5 percent increase in endowment income from 2004/2005. Some endowment administrators have elected to allow their funds to remain in the endowment fund to grow and support future initiatives. The amount budgeted from endowment income in 2005/2006 totals \$336,576. These funds will be utilized to enhance existing academic budgets in accordance with the respective endowment purposes.

#### **Strategic Budget Requests:**

Based on the principle that University resources are to be allocated in a manner that will carry out the mission of the University and the goals of the Strategic Plan, significant funds has been identified in support of University Strategic Budget Requests. Academic and administrative units were invited to submit proposals that, if funded, would position the unit to advance the goals and objectives defined in their Unit Plan and the University's Strategic Plan. A total of 65 submitted proposals were reviewed and prioritized by the University Planning Committee with the top 25 forwarded to the President's Cabinet for funding consideration. A total of 24 of the top 25 strategic budget requests are funded in the 2005-2006 operating budget at a total cost of \$960,523, demonstrating the administration's strong commitment to a tie between the University strategic plan and operating budget.

#### <u>Analysis – Fee Schedule:</u>

A comprehensive review of University fees is conducted annually and recommended changes are presented to the Board for approval. The recommended 2005/2006 Fee Schedule is presented on pages C-1 through C-21 of the Operating Budget. A summary of the significant recommended changes follows:

#### **Tuition and Mandatory Fees:**

On March 10, 2005, the Morehead State University Board of Regents approved an increase in student tuition and mandatory fees not to exceed 14 percent or \$270 for a full-time, undergraduate resident for the 2005-2006 fiscal period. After careful analysis of funding priorities and consideration of the restoration in state operating funds enacted with 2004-2006 Executive Budget, the increase to student tuition and mandatory fees is recommended below the previously approved maximum increase of 14 percent at 12.5 percent or \$240 for a full-time, undergraduate resident.

In accordance with 13 KAR 2:050, the Council on Postsecondary Education determines tuition for all students enrolled in Kentucky public postsecondary institutions. On May 22, 2005, the Council approved the proposed 12.5 percent increase in the tuition and mandatory fee rate for Morehead State University. The table below identifies how annual tuition and fee rates at Morehead State University compare with other Kentucky public universities.

Kentucky Public Universities	Tu	005-2006 Annual ition and ee Rates
University of Kentucky (upper division)	\$	5,980
University of Kentucky (lower division)	\$	5,812
University of Louisville	\$	5,531

Kentucky State University	\$	4,468
Murray State University	\$	4,428
Morehead State University	\$	4,320
Average Annual Tuition & Fee Rate	\$	5,054

#### **Housing:**

The 2005-2006 Operating Budget maintains a \$500,000 housing depreciation fund for the continuous upgrade and improvement of residence hall facilities and furnishings. A 3 percent increase is recommended for all residence halls to address general operating increases in housing facilities.

#### **Tuition & Fees and Residence Hall Rates:**

	Fall 2004	Fall 2005	Inc
Resident Undergraduate Tuition & Fees	\$1,920	\$2,160	\$240
Average Residence Hall Rate	\$1,182	\$1,224	\$ 42

#### **Analysis – Faculty and Staff Compensation:**

#### **Salary Pool:**

Working toward the goal to increase faculty and staff salaries to the 50<sup>th</sup> percentile of salary averages among the Kentucky regional universities, a 4 percent general salary pool increase totaling \$1,994,800 has been built into the 2005/2006 Operating Budget. Salary pool distribution strategies for faculty and staff are summarized below:

#### **Faculty and Librarians:**

- 3 percent Merit (distributed through the existing PBSI process)
- 1 percent Equity (distributed by Department Chair with Dean/Provost approval)

#### Non-exempt (Hourly) and Exempt (Salaried) Staff:

- 3 percent Across-the-board
- 1 percent Merit (recommended by unit supervisors)

In addition to the 4 percent increase to the general salary pool, the 2005/2006 operating budget also includes adjustments for faculty promotions, staff reclassifications and career ladder advancements. Also, the distribution model for staff included a minimum flat rate adjustment for hourly employees with an annual salary rate less than \$20,000. These employees received increases averaging 5.46 percent over 2004-2005. In total, the overall average employee salary at Morehead State University increased by 4.35 percent in 2005/2006.

The 2005/2006 Personnel Roster contains a listing of the recommended authorized positions as of July 1, 2005. Funding for each position listed in the roster has been provided for in the proposed 2005/2006 Operating Budget. A total of 1,086 positions are recommended for 2005/2006 with an estimated 1,014 positions contracted to be filled as of July 1, 2005.

The personnel roster is organized by division, with exempt (salary) and non-exempt (hourly) positions listed separately. The following information is shown for each position:

Position ID number
Employee currently holding the position
Position title
Appointment status if not a regular, full-time appointment
Recommended 2005/2006 salary for the position
Contract months for exempt employees

#### **Analysis – Student Financial Aid:**

The 2005/2006 Operating Budget allocates a \$1,000,633 increase in student financial aid. These increases represent an increase in the award amounts of several merit-based scholarships to enable Morehead State University to compete for more high school students with demonstrated high academic achievement and readiness for postsecondary education. Other financial aid enhancements include a \$1,000 annual increase in the Graduate Assistantship stipend, establishment of an Undergraduate Fellowship program designed to empower academic departments to recruit and retain students into specific academic disciplines, increases in diversity scholarships, KCTCS transfer student scholarships, and increases in tuition waiver and athletic scholarship budgets necessary to offset the 12.5 percent increase in student tuition and fees.
