WILSON IS TO BE NEXT PRESIDENT

Democrat Nominee Won In A Walk.

A DECISIVE VICTORY

Electoral Plurality One of the Greatest In History.

ANCIENT BULWARKS FALLEN

Some of the States Go Democratic for the First Time.

New York, Nov. 6.—The next president of the United States will be Woodrow Wilson, whose experience in active politics is only a little more than two years old. He has carried 26 States, Massachusetts, Connecticut, New York, Ohio, Indiana, Wisconsin, Kentucky, New Jersey, Maryland, Tennessee, Nebraska and Oregon, all the southern states, as well as Missouri, Iowa and North Dakota.

Ex-President Roosevelt has carried Illinois, Michigan, California, Vermont, Pennsylvania, South Dakota and Kansas.

In 1908 Taft carried Illinois by 279,522; Indiana by 107,781; Maine by 115,523; Maryland, 502; Massachusetts, 110,423; Connecticut, 44,560; Michigan, 159,809; Missouri, 629; New Jersey, 87,766; New York, 362,671; Ohio, 65,931; Oregon, 24,849; Pennsylvania, 257,001; North Dakota, 27,270; South Dakota, 24,785; Iowa, 74,439; Wisconsin, 81,116; and Vermont, 28,906.

Result of Family Row.

The Democratic victory in many of those rock-ribbed Republican states was due entirely to the split in the Republican party and to the candidacy of ex-President Roosevelt. In most of these states Roosevelt got the labor vote and the radical Republican vote which has been dissatisfied with the Taft administration, and the party which tariff law. In other words, Colonel Roosevelt, for the time being at least, has practically annihilated the Republican party in the states mentioned.

In all states where Roosevelt and the Progressive candidates for governor have run second, the Democratic candidates for governor the Progressive party will have control of the election machinery over the Republicans, beginning with next year's municipal elections. This control will also extend, according to law, to 1914, when a governor is to be elected and a legislature is to be elected which will elect a United States senator to succeed Billie Root.

The Congressional Situation.

As for congress, it may not be until next that we shall know how the bill will stand in the Senate, but the house will be overwhelmingly Democratic. At this hour it looks as if the Democrats would have a plurality in the house.

The Progressives may have elected fourteen congressmen, and it is certain that Victor Berger, the Socialist, has returned from his Wisconsin district. The Socialists also claim the three congressmen from Allegheny county, Pennsylvania, and they insist they will get the electoral vote of Nevada. Sufficient returns have not been received from Nevada to indicate how the election has gone in that state.

Uncle Joe Cannon, who has represented the Eighteenth Illinois district since the memory of man runseth to the contrary, has gone down to defeat.

California one of the interesting features of election day was the part taken by the women in their first presidential election. In Los Angeles the vote of the women was extraordinarily heavy and was heavily Progressive. In Francisco there were many wonders of election, and in one district eighty women did pocket duty to vote the election of Wolf for state senator and the constitutional amendment permitting the re-establishment

CALLS ON YOUNG MEN TO GIVE HIM SUPPORT

President-Elect Talks to the Students.

Princeton, Nov. 6.—Woodrow Wilson in a speech to the students last night said:

"I have a feeling of triumph in that, but of solemn responsibility. I know the great task that is ahead of me and the men who are associated with me. I look almost with pleading to you, the young men of America, to stand behind me and to support me in the new administration, and the present day's work."

"Mistakes have been made but they have not been done maliciously. I must have a quiet temper and quiet mind in what we are going to do. Let us not get any man excited. We must keep a quiet temper and yet be resolute of purpose. But let us hear all patiently and yet hearing all, let us not be directed. I am already glad to see you. I have a feeling that something has just happened in which you men will play a great part in carrying forward and the work we have started today."

"The lesson of this election is the lesson of responsibility. I believe a great course has been triumphed for the American people."

Governor Wilson announced at 12:30 o'clock that he was going to bed and that he would not get up until noon.

TERSE TELEGRAMS

Two men were killed as a result of quarrels at election booths in Kentucky.

Five in the cloak and women's furnishing store of E. O. Langer in Indianapolis caused a loss of \$13,000.

Craig Johnson, the editor of the St. Albans (Ind.) postoffice, obtaining \$2,000 by stamps and \$50 in money. The thieves escaped in an automobile.

George H. Hasen, aged twenty-five, a Toledo automobile lover, his wife, aged twenty-two, and their three children were asphyxiated by escaping gas in their home.

A large Bulgarian force seized Texas and thereby got control of the most of the water supply of Constantinople, and the automobile confronting the Turkish capital is serious.

The Rev. William F. Dunn of Granite City, Ill., is under arrest at Evansville, Ind., charged with luring Zess Mickel, eighteen years old, to the latter city and living with her two weeks, passing as man and wife.

of racefrocks, which Wolf sponsored.

The returns in Louisiana brought some disappointment to the Progressives of that state. The strong anticipated Roosevelt sentiment seems to have entered into normal Democratic plurality by less than 10 per cent. In many parts of the state Debs ran ahead of Taft. The vote in Colorado was unusually heavy all over the state, and because of the low ballot and the many constitutional amendments submitted to the people, the definite result will not be known until late.

CONGRESS WILL BE DEMOCRATIC

Wilson to Have Support of Both Houses.

BY UNMISTAKABLE MAJORITIES

As Figures Now Stand the Senate Will Have 52 Democrats and 44 Republicans, While House Will Stand Democratic 225 to 129, with a Smattering of Progressives.—Many Old Faces Will Be Missing.

Washington, Nov. 6.—Both branches of the new congress will be Democratic. The senate will probably stand 52 Democrats and 44 Republicans and the house 225 Democrats, 129 Republicans and a smattering of Progressives.

Uncle Joe Cannon is among the defeated, but Colonel Roosevelt's son-in-law, Nicholas Longworth, shipped in by a narrow margin, and from New York, no E. Payne of New York, at present chairman of the minority of the house, and John Weeks of Massachusetts.

The Democratic gain in the Massachusetts delegation was not anywhere as great as the enthusiasts Bay State leaders imagined. In Ohio the indications are that the Republicans will have only two or three congressmen, while in the present house they have five. There will be 18 Republican congressmen from New York as against 14 in the present house.

In the senate the Progressive leaders were smitten by and their George W. Norris and Joseph S. Dixon, the nation's Progressive chairman, are sure to be defeated, as are probably Senator Jonathan Bourne of Oregon and William S. Kenyon of Iowa. Governor Stubbs of Kansas will probably fall on the election.

In the senate the Democratic gains are as follows:

God in Colorado, where Senator O'Connell retired; one in Iowa, where Senator Kenyon retired; one in Kansas, where Senator Curtis retired; one in Montana, where Senator Dixon goes out; one in Nebraska to take the place of Senator Norris; one in New Jersey to take the place of Senator Briggs; and probably one in Nevada, taking the place of Senator Mason.

In Massachusetts it is expected that on joint ballot or United States senator the legislature will be very close. Of sixty candidates for the house of representatives so far known to be elected, 32 are Republicans, 27 are Democrats, three are Progressives and one is a Socialist. This is a gain for the Democrats and there is a possibility that the Progressives may hold the balance of power, but if the Democrats control the legislature, the election of John F. Fitzgerald, mayor of Boston, as United States senator to succeed W. Murray Crane.

Terms of United States Senators will expire on March 4, 1913. In addition to most of these four seats now vacant were involved in Tuesday's election 12 seats of Democrats and twenty-one Progressives. The Democrats whose representatives will expire next March are A. O. Nease of Georgia, Murray Crane of Texas, John H. Baughman of Alabama, Jeff Davis of Arkansas, M. J. Foster of Louisiana, Urdahl Gardner of Maine, Thomas F. Martin of Virginia, H. P. Owen of Oklahoma, Theo. H. Payator of Kentucky, Leary Pyles of Mississippi, M. M. Simmons of North Carolina, Pen R. Tillingh of South Carolina, and Clarence W. Watson of West Virginia.

The Republicans whose terms next March are W. Borah of Idaho, Jonathan Bourne, Jr., of Oregon, Frank O. Briggs of New Jersey, Norris Brown of Nebraska, Henry E. Burdett of New Hampshire, W. Murray Crane of Massachusetts, Shelby M. Culom of Illinois, Charles Curtis of Kansas, Joseph M. Dixon of Montana, Robert H. Taft of Ohio, Joseph P. McKnight of Guizenghem of Colorado, William S. Kenyon of Iowa, Knute Nelson of Minnesota, Harry A. Richardson of Delaware, William A. Smith of Michigan, F. E. Warren of Wyoming, George W. Wetmore of Rhode Island, and Albin B. Patten of New Mexico.

Washington, Nov. 6.—Both branches of the new congress will be Democratic. The senate will probably stand 52 Democrats and 44 Republicans and the house 225 Democrats, 129 Republicans and a smattering of Progressives.—Many Old Faces Will Be Missing.

SWASHING VICTORY IN NEW YORK STATE

Wilson Even Takes a Plurality Up State.

New York, Nov. 6.—There was great rejoicing at the result of the election here, and the victory of Governor Wilson and the Democratic party was a smashing one. The result was a surprise to many, and it was known that a great victory was at hand and that the Democrats had won the state. The result was a surprise to many, and it was known that a great victory was at hand and that the Democrats had won the state.

The fight between the Bull Moose and the Democrats this year seemed to stop at polling. Congressman William Sulzer knocked the spot out of both Oscar Straessle's and Joseph E. Hedges, the Republican standard bearer. Mr. Sulzer carried a plurality of something like 100,000.

Bill Moose Party Runs Second.

New York, in addition to choosing Democratic candidates in the state and nation, has put the Democrats in second place in the state legislature. The state senate will stand 23 Democrats to 18 Republicans, Progressives and Socialists. The lower branch of the state legislature will be almost two to one Democratic.

The party of the Bull Moose has run second in this state and the Republican party third. It has been said that the Republican bosses would almost as soon have seen the Progressive election in the state of New York as to have run second. To have run second means that the Bull Moose will have second place in the state legislature and the Bull Moose will have second place in the state legislature.

If there had been a coalition in the Progressive party, as it has national leader has said, the Progressive party would have had a head and the Progressive party would have had a head and the Progressive party would have had a head.

PROGRESSIVES RAN SECOND

Ticket headed by Ex-Senator Beveridge, representing the Roosevelt party, has a slight lead on the Regular Republican ticket.—Plurality of Wilson and Marshall in State, Expected to Reach Near 100,000 Mark.

Indianapolis, Nov. 6.—Woodrow Wilson swept Indiana in the presidential race by a plurality of approximately 100,000 votes. Rock-ribbed Republican counties are now in the Democratic column for the first time in years.

Theodore Roosevelt came under the wire second by a substantial margin, Taft running a close third.

Samuel M. Ralston, Democrat, has been elected governor of Indiana by a plurality of more than 75,000. Albert J. Beveridge (Prog.) came in second and Colonel W. T. Durbin (Rep.) third. Ralston carried such rock-ribbed Republican strongholds as Vanderburgh

TEDDY ACCEPTS IT WITH GOOD HUMOR

Forwards Congratulations to Gov. Wilson.

Oyster Bay, N. Y., Nov. 6.—Colonel Roosevelt sent the following congratulatory message to Governor Wilson at Princeton: "The American people by a great plurality have conferred upon you the highest honor in their government. I congratulate you thereon."

Colonel Roosevelt also issued the following statement:

"The American people, by a great plurality, have decided in favor of Mr. Wilson and the Democratic party. Like all other good citizens accept the result with entire good humor and contentment."

"As for the Progressive cause, I can only repeat what I have already so many times said—the fate of the leader for the time being is of little consequence, but the cause itself must in the end triumph, for its triumph is essential to the well being of the people."

CONNECTICUT.

Hartford, Conn., Nov. 6.—Connecticut swung back to the Democratic ranks by a plurality of about 10,000. Simeon E. Baldwin, the Democratic governor of the state, is re-elected by a plurality of about 15,000. The large number of voters. The Democrats pulled everything out of the Democratic party, but it is believed that E. D. Crumpacker, the only Republican member from this state, has been defeated by J. B. Petersen, Democrat.

EARLY CONVINCED

It Did Not Take Mr. Taft Long to Learn the News.

Cincinnati, Nov. 6.—President Taft received news of his defeat at the home of his brother, C. P. Taft, on the 11th street. A telegraph office was set up in one of the rooms of the mansion and as soon as the wires were opened at 8 o'clock, bulletins telling of Governor Wilson's election and the Democratic landslide began pouring over the wires in rapid succession. After reading the early bulletins, which practically convinced Mr. Taft of the election of Mr. Wilson, the president and the members of his party went down into the dimly lit room for dinner at 7:30 o'clock.

M'COMBS, PROPHECY

Democratic Chairman Makes Reputation as a Great Little Predictor.

New York, Nov. 6.—National Democratic Chairman McCombs sent the following telegram to Governor Wilson, president-elect, at 7:30 last night: "See presidential elect. of Sept. 16, 1910—McCombs."

The message referred to in Mr. McCombs's telegram was sent to Mr. Wilson at Princeton Nov. 6, 1910, in congratulatory message upon nomination for governor, and read as follows:

"The state of New Jersey is to be congratulated upon your nomination. Your choice as the Democratic nominee will be thoroughly vindicated at the polls in November. Princeton has predicted after the president has been elected—McCombs."

ILLINOIS.

Chicago, Nov. 6.—Colonel Roosevelt has carried Illinois by a handsome plurality, and out of Chicago with a lead of 60,000 over Wilson, who is in second place, and it is believed he will have at least 100,000 more in the down state counties. Returns indicate that Durbin, Democratic candidate for governor, has carried the state by about 100,000.

GOVERNOR-ELECT RALSTON.

and Tippecanoe counties, Vanderburgh, with the city of Evansville, gave the Democratic nominee approximately 3,000 plurality. Tippecanoe county, with the city of Lafayette, is Democratic by more than 1,000.

Ralston carried Indianapolis and Marion county over Beveridge by a plurality of approximately 8,000. Taylorville has about 8,000 over Durbin in Indianapolis and Marion county, where the Progressives have run second.

The fight between the Bull Moose and the Republicans has given the Democrats such Republican counties as Henry, Montgomery and Davies, but only in Montgomery does Durbin run ahead of Beveridge. The entire Democratic state ticket is elected with Ralston, and the legislature will be almost two to one Democratic.

Bill Moose Party Runs Second.

New York, in addition to choosing Democratic candidates in the state and nation, has put the Democrats in second place in the state legislature. The state senate will stand 23 Democrats to 18 Republicans, Progressives and Socialists. The lower branch of the state legislature will be almost two to one Democratic.

If there had been a coalition in the Progressive party, as it has national leader has said, the Progressive party would have had a head and the Progressive party would have had a head.

MASSACHUSETTS.

Boston, Nov. 6.—It was predicted before the polls opened, Wilson and Marshall carried Massachusetts by a substantial plurality. For the first time in the history of the Bay State the electoral votes will be cast for Democratic candidates for president and vice president. Poss, the Democratic candidate for governor, was also successful. The third successive time he has been elected. Taft ran second to Wilson in the state, but the colonel was a close third.

Probably a woman tells secrets so that she won't forget them.

OUR PLATFORM OF PRINCIPLES

1. Thou shalt love thy country, which preserve thy household and protect (or should protect) thee against anarchy.
 2. Thou shalt not yield thy manhood into the keeping of any political or ecclesiastical party, nor worship any political idols, nor bow down to them, because their sins will be visited upon thy children and will be a curse to the country, even to the third and fourth generations.
 3. Thou shalt not profane the righteousness of patriotism, nor use it as a cloak beneath which to hide the selfishness and the desire of chauvinism.
 4. Remember the day of election—that it is sacred and must be kept holy.
 5. Honor the victor and the manliness of the ballot, and the sacredness of the ballot-box, that the centuries of this Republic may be many and peaceful.
 6. Thou shalt not murder the soul of freedom by failing to exercise thy royal rights of an enfranchised, manly citizen.
 7. Thou shalt not corrupt the purity of civility by entering politics or directing political parties merely for carnal pleasure or power.
 8. Thou shalt not encourage public officials to steal, commit iniquity or to be led into temptation by the indifference of the Nation.
 9. Thou shalt not suffer greed for political reward and unrighteous party fealty to bear witness against thy patriotism.
 10. Thou shalt not cover public place or office for which thou art not fitted.
- These are the first and great commandments; the other and last one is like unto them:
11. Thou shalt respect and protect the rights of thy neighbor as thy own.
- On these two classes of commandments hang all the laws and the Constitution—the basis of our country's salvation.

Good Roads

Mean progress and prosperity. benefit to the people who live in towns, an advantage to people who live in the country and it will help every section of our vast domain. Good roads, like good streets, make habitation along them most desirable; they enhance the value of the farm lands, facilitate transportation and add untold wealth to the producers and consumers of the country; they are the milestones marking the advance of civilization; they economize time, give for a lift and make millions in money; they save wear and tear, worry and waste; they beautify the country—bring it in touch with the city; they aid the moral and religious and the educational and the industrial progress of the people; they make their homes and happier hearthstones; they are the avenues of commerce, the highways of communication and the agencies of friendly communication, and they in the economical transportation of marketable products and maximum burden at the minimum cost; they are the ligatures that bind the country together in thrift and industry and diligence and patriotism; they promote social intercourse, prevent intellectual stagnation and increase the happiness and prosperity of our producing masses; they contribute to the glory of the country, give employment to idle workmen, distribute the necessities of life—the products of the fields, the forests and the factories—encourage energy and industry, inculcate love for our country, and make mankind better and broadened and grander.

How About Your Roads.

Good roads, return large dividends. Most roads are tiresome to both man and beast. Good roads arouse hope and confidence. Good roads are a splendid investment. The West Indies have better roads than we have in the United States. Which political party will give us Government aid for roads? Good roads is distinctly a problem of transportation over public highways. Every branch of business in the country will be stimulated by good roads. How many miles of road would the price of one Panama Canal fortification gun build? Too much cannot be said about what good roads will do to develop our country and increase its wealth. Not only automobile owners, but the plain people of the land know the difference between a good and bad road. Road building requires engineering skill of the highest order, experience and a knowledge of road materials. The merchant should be interested in good roads for he must get the farmer to town to sell him goods. Poor roads entail a tremendous financial loss to the whole nation, but the farmer and the "ultimate consumer" have to stand the most of it. Much enthusiasm is shown by the people everywhere on the good roads question because they are a necessity and people need them. The construction of main roads must be of better class, and the maintenance more expensive than of roads used for purely local purposes. Tax payers should give careful attention to the selection of men who are to levy the road taxes and expend them. We all want money for more roads, but some attention should be given to getting the best roads for the money expended. What is necessary to obtain good roads is the awakening of greater public interest in the subject. As the use of through roads is essential, so should be the contribution to the fund which provides for their establishment and upkeep. The nation-wide agitation of the question of good roads is bringing from various sources many valuable suggestions. The entire logic of modern transit points conclusively to the propriety and fairness involved in the construction and maintenance of main roads by the states. Twenty-three cents to haul a ton over a wagon road in the United States as compared with 34 cents in Germany. Wake up, Mr. Producer and Mr. Consumer; wake up! This country of ours is the richest in the world—yet the poorest, most poverty-stricken in Europe can boast of better roads than can we. Odd, isn't it? Mr. Merchant: How much trade are you losing on account of the bad condition of your end of the roads between you and your competing town? Good roads have done more to

bring about prosperity in Porto Rico than any thing else, and much of it was done by money appropriated by the Congress of the United States. Now, Kansas, has originated a novel plan for improving the roads. Twenty-three young people have organized a dramatic club, which will produce two plays the proceeds of which will be spent to make better roads to the town. If the state will tackle the road question man fashion and step right to the head of the procession it will be a greater advertisement for the state than the commercial clubs of all the cities can secure in twenty years. Every state university and agricultural college should follow the splendid example set by Kentucky, for the whole country is in need of more intelligent road inspectors and contractors. Careful study should be given to road building and the maintenance of good roads, and correct principles must be thoroughly understood, especially by those who plan and carry out the work in order to accomplish desired result. There ought to be bargains in Constantinople real estate about now. The tariff is the one institution that reformers insist should be revised downward instead of being uplifted. Prudence would suggest that the 1912 campaign funds be thoroughly investigated at once, so that the 1916 race may run without any historical handicap. We should feel more enthusiastic over President Eliot's indorsement of Gov. Wilson had we not been once persuaded to browse through the five foot shelf of books he has been talking about

At this rate Turkey will be divided about Thanksgiving day. For more man, marriages seem far more important before that after. What is the adage—a drowning man will grasp at a straw vote? The way of a transgressor would not seem hard if he could afford pneumatic tires. For once, Jack Johnson has all the publicity he wants and some to spare. It is perfectly safe for purposes of abbreviation to call the Bulgarian army Bulgairs, but not Bulgars. We are credibly informed that somewhere on the outer edges the persistent Mr. Debs is also running for president. Alf Vanderhilt has just inherited another \$30,000,000. Another man who knows where his winter fuel is coming from. Senator B. F. Feltz says he did not vote for Roosevelt, Taft or Wilson. This man is hard to please all right. The year 1912 will doubtless be known in history as the one in which a Balkan war cloud appeared which was not a bluff. There can be no doubting the patriotism of the Greek who would rather fight at home than hold a situation at good wages in America. Boys of Kansas now average an inch taller than their fathers, which may be due to the improved methods of irrigation practiced by the present generation. The letting of a contract for armor-piercing shells to an English firm should teach some of our home manufacturers that the Government is not quite the easy mark it used to be.

Probably a woman tells secrets that she won't forget them. Moving picture companies are preparing to bring the joy of the home to us. Every man believes if he could get his just dues a banquet would be held in his honor. Turkey may discover presently that the Balkan territory is rocky and not worth quarreling about. The great need of aviation just now seems to be a machine that will fly either side up. Kansas City is ungrateful. It is sending to the poorhouse the pioneer who established the first saloon. It's hard to convince a candidate that it's impossible for any genuine contribution to the table. Considering what it cost and what it did to him, Thomas Fortune Ryan might have found it cheaper had he preserved his party in alcohol. Mr. Bryan advocates just one term for presidents. It is hard to be popular with Mr. Toland and the Colonel he would invent the little word "more." Germany has already produced synthetic milk and synthetic rubber and the synthetic cow cannot be far away. They are already benefiting what is the most of good feeling and art in the world. Gen. Public Day lately received a provision came from some of the members of which were in the same prison. Now that the general himself in prison should call a meeting of his cabinet. The Supreme Court is trying to decide what a rotten egg, after a case of cold storage product is EXHIBIT A. In this instance, the best way to reach a decision would be to "dr a the case."

Brief and Breezy.

There ought to be bargains in Constantinople real estate about now. The tariff is the one institution that reformers insist should be revised downward instead of being uplifted. Prudence would suggest that the 1912 campaign funds be thoroughly investigated at once, so that the 1916 race may run without any historical handicap. MILLIONS Can Be Saved To Kentucky

By The Appointment Of Adequate Counsel

Lustus Goebel Makes Strong Appeal for Protection To People's Interests

In Open Letter He Asks That Lawyers Known To Be Loyal To The Cause Of The People and Free From Corruption Taint Be Employed In The Suits Against Tax-Dodging Corporations

OPEN LETTER Frankfort and Covington, Ky., October 31st, 1912.

To His Excellency, Governor James B. McCreary, and all Administrative and Legislative officers of the State and to all citizens of the Commonwealth who are interested in equal and uniform taxation.

Tell my friends to be brave and fearless and loyal to the crooked corporate people.

These last words of my assassinated brother, William Goebel, have a sacred significance to me and when in September, 1901, I again commenced to take an active interest in our State's affairs, it was not to gain political power for there is no power to be gained here, but it was with hope and confidence that my work would, during the administration of the present state officials, open up an opportunity for Kentucky to take up William Goebel's work where the assassin's bullet had interrupted it, and in that event every department of our government would have thereby by voice and action most effectively, vigorous and loyal support.

Relief Must Come. Necessity for action in the interest of the people has grown as years have passed. The evil which it has developed into what is now a crying shame and from which relief must come.

Too long, altogether too long, has been the unjust discrimination against the people, unjust and burdensome taxation upon the people, as compared with what has been required to be paid by the big corporations, the State and Corporation lawyers have gloriously said the death of William Goebel was a benefit to the corporation. It was this true statement which has kept longer shall the people be held in bondage because of his death?

means for the necessary defense of the people's interest and cases. There are men who have said in plain terms that the employment of Attorney John L. Rich, the state had gone far enough, but to such men I would say, "If you only interest the welfare of the people, and if you are convinced that there is no other interest that is greater with you than the people's interest."

Every Citizen Interested. We have been, and are, dealing in this with a "double standard" which affects the comforts of every living man, no matter how humble, and the pocketbook of every taxpayer in the commonwealth. It is a "laborer, mechanic, farmer, merchant or of any other rank or station. All have their interest in what we have been fighting for—more nearly equal taxation and relief from corporation oppression.

The question is, shall the cause of our taxpayers be defended at the bar of justice by an array of counsel, and by the correct standard and in keeping with the greatness and importance of these cases, which involve, not only \$200,000,000 a year, but millions upon millions in years to come, and if the assessments are upheld, mean to this generation and generations yet unborn in Kentucky, less than \$100,000,000 in the state adequate revenue for every purpose of government, economically conducted.

"JUSTUS GOEBEL" MIKADO IS A POLYGAMIST Japanese Royal Palace Is Separated From Other Places in Tokio by Triple Meat.

The mikado, earth-born son of heaven, and his court of demigods dwell in a gorgeous palace, the most magnificent of the great city of Tokio. The palace world is separated from the world of the people by a triple meat of dead wall, and a wall of granite crowned by twisted pine trees and mottled with the moss of ages.

Master Legal Minds. Among the master legal minds that are already engaged in preparing the defense of the tax-dodging corporations are Tobias B. H. Cox, of Louisville for the Central Railroad Company; Curtis A. Payne, of Cincinnati for the Cincinnati, New Orleans & Texas Pacific Railroad Company; John T. Shelby for the Chesapeake & Ohio Railroad Company; Ed Henry L. Stone, H. H. Bruce, C. H. Mansfield, R. A. Conner, of Louisville, and Brodway & Fowler, of Wheeling, for the Louisville & Nashville Railroad Company; Beckham & McQuinn, of Frankfort and Ernst, Criss & Coffey, of Cincinnati, for the Southern Railway Company and the Union Light, Heat and Power Company; Maxwell Ramsey & Graydon, of Cincinnati, for the Adams Express Company and the Southern Express Company.

In addition to this galaxy of legal talent, the same corporations have a vast army of busy workmen who now appear in the line of the court, and they may be described as research lawyers, accountants and stenographers, who are a mighty protective element to the men who fill present the cases and make the pleas and arguments.

Work Is Delayed a Decade. Take the case of the C. & O. R. R. and the records show that the tangible property of this company in 1902, was valued at \$1,000,000. In 1912, notwithstanding the extensions made in mileage of road, double tracking of a vast system, and the purchase of new and probably more than doubling their equipment of engines and cars, this company's tangible property was assessed at only \$1,000,000, or less than in 1902, twenty years ago.

The Election.

The election passed off in Carter county quietly and without friction, as far as we can learn. The full vote was not polled at the Olive Hill precinct, owing to a shortage of ballots. The vote at this precinct fell short by at least 25 to 30 votes on this account, while there were perhaps some 8 or 10 who failed to vote for personal reasons.

The Olive Hill vote is as follows:

| Taft | Roosevelt | Wilson |

Election in Boyd

In Boyd County—Hitchins, 1007; Fields, 1236; Bailey, 931; Roosevelt, 1383; Taft, 1273; Wilson, 1729.

Langley Elected

John W. Langley is re-elected to Congress by a greatly reduced majority—about 6,000. The Bull Moose candidate gave John a stiff fight.

Election in Pike

Jno. Butler's majority over Roberson, for Circuit Court Judge, is probably 135; and in Letcher about 60. Pike's Republican majority is nominally 1500, and as that county carries the banner for fraud and corruption, ballot box stuffing, Roberson's fight is indeed, a great victory.

Eleven precincts out of thirteen in Morgan county gave Wilson 1,608; Taft 770; Roosevelt 212. The two precincts not in will give 100 majority for Wilson.

Breathitt county returns: Wilson, 1,250; Taft, 675; Roosevelt, 286. For Congress: Fields (Dem.), 1,150; Bailey (Rep.) 580; Hitchins (Progressive), 350. Thirteen out of eighteen precincts heard from.

Montgomery county returns: Wilson, 1,612; Taft, 760; Roosevelt, 406. For Congress: Fields, (Dem.), 1,617; Bailey (Rep.) 765; Hitchins, (Progressive), 395. For Appellate Judge: Turner (Dem.), 1,804; Kirk (Rep.), 694; White (Progressive), 302.

Nicholas county returns: Wilson, 1,592; Taft, 699; Roosevelt, 275. For Congress: Fields, Dem., 1,586; Bailey, Rep., 701. Hitchins, Pro., 277.

Wilson carried Mason county by 960 majority. Taft's vote was 1,543, Roosevelt's 593. Fields for Representative, gets about 1,000. Indications are that Fields is elected by between 4,000 and 5,000.

Now is the time boys to walk up to the pie counter. There is pumpkin and custard on the board.

Carter Did Well.

What's the matter with Carter and the Progressives?

They are all right, all right. What's the matter with Taft? He needs a raft.

And what's the matter with Hitchins? Well he hitched up all right. Carry the news to Grayson that Hitchins went through in an automobile with a "nigger" and a bull purp. Free excursion on the Taft-Carter Railway.

After the Ball.

The election of 1912 is now a thing of the past. It will pass into history as one of the crowning epochs of the nation. When the sun went down Nov. 5, 1912, a new party was born and an old one relegated to the rear. These changes had to come. While the Progressive did not get all it wanted, it has its second choice for President; it is satisfied with the defeat of A. J. Kirk for the Appellate bench; it succeeded in forcing the withdrawal of a candidate for Congress, making it now possible for the election of a Bull Moose, and it is well pleased with itself over the results in Carter county. We can see that The Progressive was at least a small factor in the outcome.

Birth Day Surprise Party

Mr. and Mrs. R. H. Gee entertained a large number of young folks at their home on last Saturday evening in honor of their son, Claude, the occasion being Claude's birthday. Several games were played, Wilma Gee, and John sang several songs. After games were played, refreshments were served. Every-body reports a splendid time. Those present were: Frank Woods, Edward Jordan, Paul Counts, Harrie Sandiger, Leslie Gee, Emy Gee, Doc Maddox, John Gee, Mary Cox, Myrtle Cox, Nell Bentley, Sallie Gee, Stella Buck, Callie Buck, Esther Jordan, Leora Armstrong, Wilma Gee, Juliette Honin, Mr. and Mrs. M. D. Jordan, Edna James, Louis Ewin, and Jessamine Cox.

Wants a Row

It seems that the Grayson Tribune wants to get a row out of The Progressive. If the game was worth the candle, there might be an opportunity to get that row and in a very short time. This Spasmodic Semi-Occasional sheet can't see the difference between a charge and a conviction for crime. A man is innocent until he is proven otherwise by his peers, and as to the charge against us of perjury, that sheet knows why that charge was made better than some others. We are not surprised as to what extent that gang which this sheet represents will go to blacken reputation and character. The gang that murdered Gobd would stop at nothing.

Trot along Nancy, we didn't ask for the whole universe, hence are not disappointed but we got about all that was coming to us and "we are happy all the day long."

"Though Shall Not Steal."

Wednesday, November 6.

Dear Friends:— Did you ever try to write a letter when you could not think of anything to say? Well that is just the way I feel this morning; I fully intended on writing you yesterday but we were all so busy that I could not get the chance. I wanted to tell you about all my pretty tobby suits, skirts and long coats, also the shirts, and shirt waists, I have just got in that goes so nicely

with them but as my time and vocabulary are now so limited I will have to confine my letter to hats for it takes less time and language to write Hats than any thing else I have without it is Caps, and we have such a variety and so many of both that I am going to give special bargains on them for one week, commencing November 9th, for cash we will make to put prices on hats that will give you take one whether you need it or not and as a special inducement, we are going to

give a fancy hat pin with each hat sold and remember the nicer the Hat the nicer the pin. Come in and see what bargains we are handing out to our customers. If you are not already a customer make money for yourself by buying one. I want your patronage and need the business. Let us cooperate each for the others benefit.

Yours,

Mrs. MORSE-YALE.

DROWNED

Francis Tierney Died in 2 Feet of Water

This community was shocked Sunday evening when the news spread over the town that a man was found dead at the outlet of the double culvert near Qualls & Dennes store. A large crowd gathered at the scene of the accident.

The body of Francis Tierney was discovered lying face down in a pool of water at the culvert outlet about 2 p. m. by Mr. John Wallace and a companion. A large part of the body was submerged in the water while his arms and legs were resting on the edge of the culvert.

Tierney in starting to his home with a sack of coal, mistook his path and undoubtedly slipped off the culvert, which is about 10 feet high, landing on his head against a rock cutting a bad gash above the eye, stunning him and perhaps producing unconsciousness, and while in that condition strangled or suffocated to death.

He was a young man, about 22 years of age and came here to work in one of the brick plants some two months ago.

His remains were taken to his former home at Ashland for interment Monday.

Ha How 'E'en Event

The event of the season was the Masquerade party given by Mr. and Mrs. Arthur Cleveland at their country home near town, on the evening of Halloween.

Their home was beautifully decorated with the usual routine of Halloween decorations—Japanese Lanterns, Jack-o-Lanterns, corn, apples, fodder, autumn leaves, and ferns, and with the guests masked and spoofs on every side, the scene was altogether weird and ghostly.

Games were played, refreshments served, and fortunes told, with Mr. and Mrs. Cleveland acting the charming host and hostess as they know so well how to do.

Time passed very quickly and 'twas soon time to "come back to earth" and home. 'Twas the wee sma' hours of the morning when the crowd reached town. The guests were: Mr. and Mrs. C. S. Bates, Mr. and Mrs. H. H. Dennes, Mr. and Mrs. J. H. Mobley, Misses Lotie Fields, Pearl Tabor, Nina Durham, Ora Gilbert, Mayme Kees, Bertha Ruby, Rathayne and Lucilla King, Fannie McGuire, and Lena Sanders. Messrs. J. D. Hally, E. H. Cooksey, Henry and Leonard Cunningham, Dr. Carr, Archie McCarty, Colly Hower, W. A. King, Joe Oppenheimer, and Albert Wood.

Real Estate Deals

The following real estate deals were made during the past few days:

House and lot to R. T. Kennard. Three houses and lots in Olive Hill to A. J. Counts. One house and lot to R. T. Kennard and A. J. Counts jointly.

There was considerable scratching done all over the county Tuesday. Progressives voted for Fields and Roosevelt, and the Republicans voted for Hitchins and Taft. We suppose the next move of the gang will be to excommunicate those Republicans that so shamefully "black-eyed" the simon-pure gang.

At a meeting of the Board of Sinking Fund Committee on Oct. 30th in the executive office the following program was adopted for the exercises which will take place on Arbor Day, November 13th, in connection with the planting of the trees in the rear of the Capitol building by the counties.

The exercises will begin at 11 a. m. sharp and will be held on the portico in the rear of the Capitol building. The program will be as follows: Invocation, Rev. Jesse Ziegler. Welcome to the city, Mayor Polsgrove. Welcome to the Capitol, Governor McCreary. Antiquity of Memorial Tree planting and its beautiful sentiment, Judge James Garnett. Arbor Day and Forester, Forester J. E. Barton. Planting of Trees by Public Schools, President Barker, of State University. Address, Lieutenant Governor McDermott, Forest Planting in the Future, Mr. H. F. Hillenmeyer.

Following these exercises each county delegation will adjourn to toss a shovel full of earth on the tree which it has sent, with such other exercises as they may elect.

In the conspicuous little plot of ground formed by the junction of the existing and proposed automobile road Governor McCreary will plant one tree, a Burr Oak, for the State-at-Large so that standing alone in its solitary splendor it will be a memorial of the kindly feeling which has so long existed between him and the people he has served so well, who hold him in such high regard.

A band will be provided to furnish music during the exercises.

Our election report is as complete as it was possible to get.
