## SEEK TO ORANIZE FOR CONTROL OF FOREST FIRES IN ROWAN UNDER STATE SUPERVISION

Assistant State Forester Bell Writes For News—Article Deals With Needs Of County For Forest Fire Protection—Discusses Losses Caused By Fires—Suggest Plan Of Cooperation To Cut Losses To Minimum

For a great many years Kentucky has lost millions of dollars as a result of forest fires. In fact in many sections of the State Forest Fires have been so frequent and have destroyed so much of the timber that the citizens have come to accept them as an inevitable evil. Many of these Forest Fires either do no damage, or that they have done all the damage that can be done.

## Chickens Pay Nice Income

Mrs. B. F. McBrayer of Morehead has a fine flock of Barred Rocks that are making a record in spite of the low prices received for eggs. The flock consists of 60 pullets and 41 mature hens. Mrs. McBrayer started keeping complete cost and income record of the flock on November 1st, and will continue keeping this record during the months of the coming year. This flock laid about 1500 eggs during the months of November and December. During these months a profit of eggs has been recorded which is very good when the low price of eggs is considered. This profit would be about doubled during a normal year when prices of eggs would average close to 45 cents a dozen. The cost of feeding the flock during the past 60 days has been \$26.40 and the total income from eggs has been \$41.79. Mrs. McBrayer is keeping this record in cooperation with the County Agent and the Poultry Department of the Kentucky Experiment Station.

## DOG TAX MUST BE PAID SEPARATELY

There seems to be some confusion this year with regard to the pay Sheriff Dan Parker. Heretofore the amount of dog taxes, according to County Clerk has collected the tax but this year it is collected by the sheriff. Many seem to think that the tax on dogs is found on the regular tax certificate and that when they pay their taxes they also pay their dog tax. This is not the case. The dog tax is paid separately and a separate receipt is given. When you pay or taxes ask for a dog tax receipt from the sheriff.

## Tobacco Crop Prospects For Next Year

The following article on the 1931 Tobacco Crop is from the County Agent and is of interest to every farmer in Rowan County. Farmers must soon decide on the plans for the 1931 tobacco crop and the following facts may help some in deciding on the size of the crop to plant. The 1930 acreage of Burley tobacco was about 100,000 acres, from 18 to 20 percent more than enough to supply the demand if the crop yield had been a normal one. However, the drought cut the production enough that there was about as much produced as can be used in one year. While tobacco prices are lower than they were last year, the price is not out of line with the prices of most other articles—selling at this time. In fact, compared with market prices, the tobacco article, tobacco is doing very well. This condition will probably lead to an acreage equal to the one planted last year, and if the 1931 crop should produce normal weight per acre, there would be a large overproduction. The possibility of the newly organized Burley Tobacco Association being the cause of a price advance, however, leads us to believe that prices will be much better and they will therefore plant larger acreage in 1931. The situation is entirely wrong. No marketing or cooperation will have the power to make the public consume very much more tobacco than they are now consuming. The only association which stands to benefit a more controlled market is one that sells tobacco

## Seed Corn Is In Great Demand

The Crops Department of the Experiment Station is preparing a list of names of farmers who have seed corn to sell. The County Agent has been requested to send to the Crops Department all names of farmers in this county who have seed corn to sell stating amount available, the variety and the price. There was some very good corn produced in the lower creek and river bottom farms and such of this corn that will make good seed and can be saved for seed should be reported to Mr. Goff at least to seed companies and to county Agents throughout the state in an effort to supply all farmers with a source from which to buy their seed this spring. Farmers having such corn should send their names, variety of corn, amount available and the price wanted to the County Agent at once. The price is so important as the other information and may be omitted if it has not been definitely settled.

**"The FIGHTING TENDERFOOT"**

A Story Of The Old West Before It Was Tamed  
 By WILLIAM McLEOD RAINÉ

"Expect I'd better be getting on to my patients," he said. "Who are they?"  
 "A couple of partners of We Steel man—the bellied earl an' that pillgrim, O'Hara."  
 Hollaway was a born gossip. He itched to know just what had taken place, but Dace Ingram was not the man upon whom to push home his curiosity.  
 "Well I guess I'd better drift on down," he said.  
 "Do," the cattlemán agreed. "An' when you're through ride over to the ranch. Doc Manley may need some help. We've got quite a hospital there, too."  
 As the doctor descended toward the cabin his mind ranged over the situation. This was only the beginning of the first battle of a war. There would be lively times on the San Marcos.

**CHAPTER VI.**

After the battle at the Cross ranch there was a lull in the Jefferson County war, as the conflict between the Ingram and the Steelman forces came to be called in later days. It was as though both sides were waiting to get their breath again. The less dangerously wounded men were about within a week. Pankey and Smith-Beresford hung a few days between life and death, then very slowly began to mend, edging away from the guft into which they had almost plunged.

"Tall fellow," he said.  
 "He does a ddy praise. There are some amazing aspects of the Cross ranch battle. Old-time folks round the facts hard to recon-struct. O'Hara had stood up to the leading guns of Sanderson, Sowers, Deever and others, had driven these notorious gunmen back out of range, and later had fought off the entire posse for hours could be had only as a miracle, but a miracle made possible by the coolness, the courage and the accurate fire of the tenderfoot. In a community where gameness was a matter of course, the one essential quality of anyone not a weakling, Garrett O'Hara had become set apart as one who had fought his way to fame."  
 The defection of Bob Quantrell from the Ingram faction was another detail that received much comment. Few knew that the callous young desperado had liked Smith-Beresford from the first that he admired the courage of Smith-Beresford and his partner O'Hara, and that he had sided with them as well as he could.

"A queer bird, young Quantrell. Eh, what, Garrett?" the Englishman said to his partner one day as he sat in the pleasant sunshine in front of the cabin.  
 His eyes were on the young desperado who was sitting in front of the bank house whittling out of wood a horse for little Bennie Ford. Bennie was the five year old son of Mary Joe Ford a young widow who had come to do the cooking at the ranch and he was a favorite of Bob Quantrell's and ordered the boygunnám about with implicit confidence.  
 Garrett shook his head. "Too much for me. There he sits, gay and good natured and full of the milk of human kindness. You feel he is utterly dependable and loyal. I'd trust him in any crisis with any amount of money. I got to thinking of him as just a nice boy—then that gory record of his jumps to my mind, collied, deliberate killings without mercy or apparent remorse."  
 "By jove, you know, sometimes I rub my eyes, and wonder if it isn't just a 'bally dream."  
 "It's real enough old chap. I dare say you know that when you feel of your wound. Better not stay out too long and get tired. I'll trot along and see how they're getting along with the house."

"Don't let Matson cut down the wire of the fireplace. Old Tom. His

**The BEST Gray Hair Remedy is Home Made**

To half pint of water add one ounce bay rum, a small box of Barbo Compound and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Apply to the hair twice a week until the desired shade is obtained. It will gradually darken, strengthen, faded or gray hair and make it soft and glossy. Barbo will not color the scalp, so use safely on gray and does not irritate.

**Painful Condition**

 "A friend of mine, seeing how bad I felt, advised me to take Cardui, which I did. By the time I had taken two bottles, I felt stronger and better than I had in a long time."

Waldeman Wins From Olive Hill

The Haldeman Leopards took the Olive Hill Comets into camp last Friday night at Haldeman, for their second conference win and went to the heart of the Little Eight Conference the score being Haldeman 21 Olive Hill 13. The game was played at Haldeman before a capacity crowd. Haldeman was handicapped by the illness of one of their best men, Lee Clark, who, although he played was unable to put out his best. Dr. Adams Olive Hill star was injured in the last minute of play and there is a possibility that he will be out for the rest of the season.

Waldeman Loses To Grayson

The Haldeman Blue Belles grabbed another from Grayson's bats representatives last Saturday night at Grayson the final score being Haldeman 25, Grayson 15. The game was exciting during the first half largely because the Belles failed to get started off right. The Grayson girls held them to a practically even score during this half, which was as much of a surprise to Grayson as it was to anyone else. In the second half, however, the Belles opened up to score at will and pile up their lead before the game was over. The Leopards playing a defensive ball during the first half trailed the Yellowjackets by the score of 7 to 3 as the half ended. Both teams used a slow break and played careful ball, Haldeman missing many shots while Grayson seemed to be unable to get away from the slow guarding of the Leopards. Counts the Grayson sharpshooter, failed to connect and "Peck" Pettit, the smallest man on either team did a whole of a job of holding him down. In fact little Pettit probably shone more than any man on the floor during the first half. In the second half Grayson opened with a fast breaking offensive that swept the Leopards off their feet and sent the scores up against them. Counts got loose for several shots which he sunk. Pettit gave way to Hall and the scoring continued. The final score was Haldeman 21, Grayson 31, and Grayson regained the Little Eight leadership. Lee Clark's absence from the line up probably had considerable to do with the demoralization of the Leopards. Lee has been seriously ill for the past week and was ordered to remain in bed. He is undoubtedly one of Haldeman's best bats and would have been good for several points as well as steadying the team in the pitches. As the teams stand now in the Little Eight Grayson again took the lead after dropping one of the previous night to the Vikings with two wins and one defeat. Haldeman occupies the second berth with two wins and one defeat. Morehead trails with two wins and two defeats. Then comes Russell Olive Hill and Boyd County high with Coles High and Racedand awaiting the gun.

Vikings Take Grayson Down

Hot, sizzling burn 'em up basket ball was the order of the day last Friday when the Amazons took Grayson into camp by the score of 20 to 6 while the Vikings did the same thing to the Yellow Jackets from the same place in two overtime periods 21 to 18. The gymnasium was warm and noisy at the end of the game, but the best game was far from being at the corner. The Amazons walked away with the visitors, cleanly showing their superiority, so that there was no question as to relative of origin. And it may not be again so completely, here that the Vikings this year are stepping out into a real fight, one that will make sure if they are not watched carefully. They are developing into a fighting team. Their name indicates. And with the reserve material coming on as they will cause some-ones surprise before it is over.

And then the Vikings stepped on Grayson had a record behind them when they came to Morehead. They led a part of it here. The Yellow Jackets had defeated Russell by the score of 24 to 13 after the Russo Red Devils had taken the Vikings to a canyon by the disastrous score of 28 to 3. Grayson game prepared to conquer any wear additional barrels. And it looked like they might do that thing, for they led at the end of the first quarter and at the end of the first half. Don't let anybody lead you. Grayson has a basketball team. They evidently grow them here. For they lost four men from one of the best teams in Eastern Kentucky last year and appear to be just as strong or stronger this year. Counts at forward is easily their star performer, and as "COUNTED" for eleven of their markers here. Sixty of them came in the first quarter, and with two added points made the total at the end of the quarter 9 while the Vikings, unable to get started were gathering three. The half ended the Yellow jackets still in the lead 13 to 9. As the second half opened the Vikings struck their stride sinking two trips right off the bat to get it up while the Amazons kept them into the lead. Count sunk another which ended the scoring for the third quarter with the score fifteen nil. The fourth quarter netted a total of one basket each. Counts making a long shot count for Grayson while Gene Miles sunk another for the Vikings. As the game closed the score stood at 17 all and an extra period went into sight. The first extra left the score at 19 to 15. The same outfit team being able to pierce the defense of the opposing quintet to make the coveted points. And a second extra was necessary. Fred Caudill sunk two reserves to put the Vikings in the lead 19 to 17. Well Caudill came in for a trip to spend the total 21 and Grayson drew two from throw, making them into missing the second. And the whistle blew and the Vikings, son one of the most exciting games ever played on the local court.

Vikings Upset Cannonsburg

Morehead's Vikings and Amazons upset the dope bucket and altered the dope far and wide when they defeated the Boyd County High Lions on the day after Christmas. The Amazons, putting out their best, defeated the Cannonsburg girls by the score of 37 to 8. They turned on in a manner that indicated the complete absence of Christmas candy from their menu. However they contributed mightily to the belief in Morehead that there is a Santa Claus. The girls were there and all over. Maxine Elam starting on a scoring spree that ended after she had scored 16 points. Her quarter Ruth Marion Holbrook likewise delivered. Helen Alexiou got in in the last quarter was a whiz. The final score was about indicative of the strength of the teams. According to Coach Delbert Alley of Boyd County High, "too much eye confidence and Christmas candy was responsible for the defeat of his Lions by the Vikings by the score of 33 to 18. Evidently the Vikings like their sisters, had not received a visit from St. Nick and therefore were not handicapped by either. At least they won so no alibis are necessary. Fans say that instead of too much Christmas candy it looked like too much Viking. Earl's name played a real game for the Vikings and guard and looks like a coming. Well Caudill with 15 points and Bub Tatum with 14 scored 28 of the Vikings points. The other four were scattered on free throws.
