MOREHEAD STATE UNIVERSITY 2013/2014 Operating Budget

Summary:

The 2013/2014 Operating Budget totals \$143.9 million, an increase of \$8.2 million (6.1 percent) compared to the current fiscal year. The two primary fund sources in the operating budget are student tuition and fee revenue and state appropriations. New revenue from a combination of enrollment growth and a 2.9 percent increase in student tuition and fees is included in the operating budget. There is no change in the amount of state support in 2013/2014 from the current fiscal year. The recommended budget demonstrates the University's commitment to student success and fiscal responsibility by including support for strategic investments and covering fixed and unavoidable costs.

In addition to covering increases in fixed costs such as utilities, scholarship commitments, and employee retirement benefits, the proposed budget includes investment in employees with implementation of an employee compensation model. The proposed budget also includes investment of one-time reserve funds to improve a number of instructional and student support facilities.

Background:

The budget reflects the continued commitment to advance the University's mission by focusing on the goals and objectives as defined in the *ASPIRE 2010-2014 Strategic Plan*. The budget preparation process was inclusive of campus input and representation and resulted in the proposed \$143.9 million budget.

The parameters outlining the administration's management responsibilities related to the 2013/2014 Operating Budget and periodic reporting requirements to the Board of Regents are specified in the Budget Adoption Resolution on pages A-11 and A-12 of this document.

Analysis - Operating Budget:

Educational and General Funds (E&G) represent 87.1 percent of the total unrestricted Operating Budget and are the primary source of funds for the instructional and engagement missions of the University. The primary sources of the E&G budget (Chart 1) include tuition and fee revenue of \$71.9 million (57.4 percent) and state appropriations for operating of \$41.0 million (32.7 percent). The total reflects an increase in tuition and fee revenue of \$4.5 million (6.7 percent) and no change in state operating appropriations over the current year budget.

Educational & General Revenues 2013-2014 Operating Budget

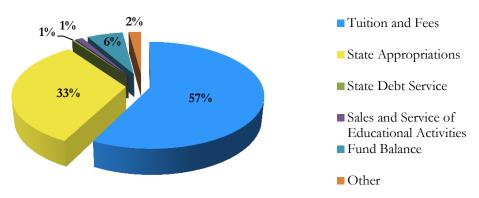

Chart 1

The 2013/2014 E&G Operating Budget reflects a continuation of the multi-year trend of the institution's growing dependency on tuition and fee revenue as state support available through general operating appropriations continues to decline (Chart 2).

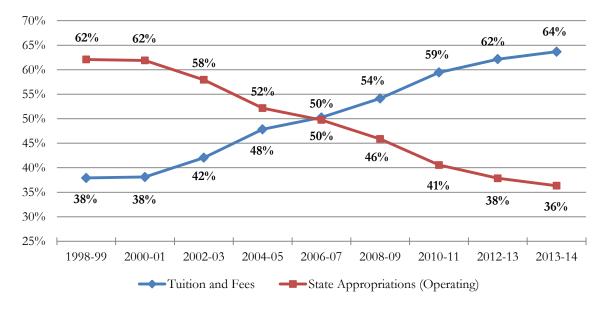

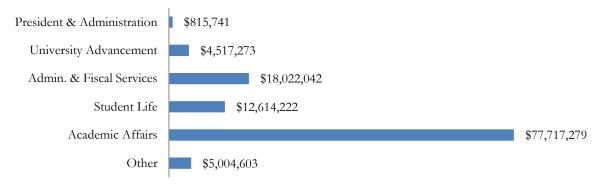

Chart 2

The following chart summarizes the 2013/2014 budgeted unrestricted E&G expenditures by organizational area.

2013-2014 E&G Operating Budget by Division

Note: President and Administration includes President's Office, Board of Regents and Chief Diversity Officer

There is a notable increase in the percentage of the E&G budget supported from **Fund Balance** included in the budget. Fund balance reserves are generally budgeted within the unrestricted operating budget to address strategic needs of a non-recurring nature such as renovation projects or investments in property and equipment. The \$1.5 million (24.5 percent) increase in E&G resources supported by fund balance is a result of offsetting increases and decreases of non-recurring initiatives. The first phase of the new employee compensation model implementation plan calls for qualifying exempt staff to receive a \$1,000 non-recurring pay supplement and for 20% of all full-time faculty and staff to receive a \$2,000 non-recurring performance pay supplement. Fund balance support of \$1,037,000 for both of these pay supplements is included in the operating budget. Additionally, annual debt service payments of \$974,059 are scheduled to begin in 2013/2014 for a new guaranteed energy savings performance contract with fund balance budgeted to cover the payments. The operating budget also includes \$311,541 additional fund balance support for increased marketing efforts.

The increases in fund balance allocations listed above are offset with a decrease of \$1,081,523 from the current year budgeted fund balance. The decrease is a result of the use of student recreation fees collected prior to the construction of the new student recreation center. The fees from prior years were reserved for student recreation initiatives. The reserve was used in 2012/2013 to construct the intramural/soccer practice field and subsequent relocation of an access road to the athletic complex.

Auxiliary Funds are generated by enterprises that are generally self-supporting through charging fees to students and others external to the institution. Auxiliary enterprises generate approximately 12.9 percent of the University's operating revenues and include services for student housing, dining, concessions and vending, document services, the University's bookstore operation and the Eagle Trace Golf Course. The budget includes an increase of \$2.5 million (15.8 percent) in revenue over the current year budget for auxiliary enterprises and is primarily attributed to an increase in student housing rates effective in the fall 2013 semester, increased student housing occupancy, and increased University Store sales.

The following chart aligns the various sources of funds with the University's use of funds to illustrate where University resources originate and what they support.

<u>Analysis – Fee Schedule</u>:

A comprehensive review of the University's fee schedule is conducted annually and recommended changes are presented to the Board for approval. The recommended 2013/2014 Fee Schedule is presented on pages C-1 through C-23 of the Operating Budget. A summary of the recommended rate changes for tuition and residence hall occupancy follows:

	Fall 2012	Fall 2013	Increase
TUITION and FEES			
Resident Undergraduate Base Tuition (15 hours)	\$3,576	\$3,683	\$107
Special Use Fee (Student Recreation Fee)	\$66	\$66	\$0
Total Tuition & Fees (Resident Undergraduate 15 hours)	\$3,642	\$3,749	\$107
HOUSING			
Average Residence Hall Rate	\$1,975	\$2,058	\$83

Tuition and Mandatory Fees:

A Student Payment Plan Task Force was formed in June 2012 to carefully consider the current student payment plan process and develop improvement recommendations. The task force membership included broad campus representation from areas of fiscal management, student records, academic departments, information technology, and student financial aid. In the task force report issued in December 2012, it was recommended that MSU's current tuition model be reexamined to explore the possibility of developing a model that is more efficient, effective and easier to communicate to prospective as well as current students. Based on the recommendation of the task force and after extensive discussion and analysis, we are proposing to transition from a percredit hour pricing approach to a full-time flat rate pricing structure in Fall 2013 for undergraduate students. Graduate students will continue to be charged tuition on a per credit hour basis under the new tuition model. However, one single per credit hour rate of \$535 is proposed for all graduate students regardless of residency status or course delivery mode. The proposed changes are structured to be revenue neutral.

The advantages of the new tuition model are summarized below:

- Simplifies billing for our students
 - o Fewer tuition rates
 - Reduces or eliminates necessity to adjust student's bill when course schedule changes occur
 - Reduces or eliminates necessity to adjust scholarship awards and tuition waivers that are directly associated with tuition charges (i.e. Honors, Commonwealth, Non-Resident Tuition Scholarship)
 - o Less confusing for current students to interpret their bill
 - o Less confusing price structure for prospective students

- Maintains a financial incentive for full-time enrollment and provides a financial incentive
 for enrollment above 12 credit hours thus encouraging students to stay on track to
 graduate in four years. Standard credit hour requirement for a baccalaureate degree is
 120 credit hours. A student must successfully complete an average of 15 credit hours
 per fall/spring term to earn 120 credit hours in a four year period.
- Allows more flexibility for students to enroll in online courses by eliminating separate rates for internet and hybrid delivery courses. The previous tuition model included internet and hybrid delivery rates at 1.35 times the resident rate.
- Reduces or eliminates inconsistency in tuition charges between semesters with different credit hour enrollments and different combinations of internet and face-to-face course delivery modes for full-time students (enrolled in 12-18 credit hours)
- Simplifies the graduate tuition structure by having only one rate for all graduate students. The new rate is more competitive for online courses and for non-resident graduate students. The rate was determined by blending the current graduate resident rate and the graduate internet rate. The non-resident rate previously set at 2.5 times the resident rate was eliminated in the proposed model. (73% of graduate credit hour generation in Fall 2012 was from online courses)

On April 18, 2013, the Council on Postsecondary Education (CPE) approved a 2013/2014 resident, undergraduate tuition and mandatory fee ceiling that equates to a maximum base rate increase of no more than 3 percent for all public universities. The base rate excludes CPE approved Special Use Fees. On June 10, 2011, CPE approved a Special Use Fee for MSU to assess a \$5 per credit hour (equivalent of \$66 for 15 credit hours under current rate structure) student-endorsed fee dedicated to pay construction costs of the new Student Recreation Center. The recommended 2013/2014 tuition rate schedule includes a 3 percent increase in the undergraduate resident full-time base rate. Non-resident undergraduate rates are recommended at 2.5 times the resident rate.

The proposed rate schedule listed below is within the tuition increase parameters set by the Council on Postsecondary Education for Kentucky Comprehensive Universities for 2013/2014.

Morehead State University Tuition and Mandatory Fee Schedule Effective Fall Semester 2013

Tuition & Mandatory Fees	Undergraduate Full-Time Rate (12-18 Credit Hours)	Per Credit Hour Rate
Undergraduate Resident	\$3,749	\$320
Non-Resident	\$9,373	\$800
Graduate		\$535

Notes:

- 1. Full-time status is achieved for undergraduate students when enrolled in at least 12 credit hours per semester.
- 2. Undergraduate students enrolled in more than 18 credit hours will be charged the Full-Time Rate plus the additional Per Credit Hour Rate for each credit hour above 18.
- 3. The Full-Time Rate does not apply to graduate students. All graduate students are charged on a per credit hour basis.
- 4. Resident and Non-resident graduate students will be charged at the same per credit hour rate.
- 5. Per credit hour rates also apply to students enrolled in a summer term.
- 6. Non-resident undergraduate students enrolled exclusively in internet courses and/or enrolled exclusively at a regional campus center will be assessed tuition and fees at the undergraduate resident rate. Academic courses delivered with at least 50% of the instruction online are categorized as internet courses.

Housing:

Recommendations made by Brailsford & Dunlavey in the Comprehensive Housing Master Plan completed for Morehead State University in April 2006 included a 5 percent increase for residence halls and apartment housing for the 2013/2014 academic year. However, to remain competitive with local housing rental rates, the rate increase recommended in the 2013/2014 Operating Budget is 4 percent. A 7 percent increase is recommended for the newly renovated West Mignon Hall. The average weighted cost of a residence hall in 2013/2014 is \$2,058 per semester—an increase of 4.2 percent. Revenue generated from the increase in housing rates will be used to cover debt service associated with the ongoing renovation of the housing facilities as identified in the Comprehensive Housing Master Plan.

<u>Analysis – Personnel Roster</u>:

Salary and Benefit Increase:

In response to a charge from the MSU Board of Regents, a new employee compensation model has been developed to ensure salary competitiveness. Implementation of the model is planned over a three year period with Phase I to begin in 2013/2014. Base salary adjustments for faculty and non-exempt staff are included in the operating budget to bring salaries up to entry market salary of their position's pay range and halfway to the experienced market salary of their pay range based on time in rank (faculty) or time in position (non-exempt staff). The cost of Phase I base salary adjustments is \$1,235,076. Contractual obligations for salary increases associated with faculty promotion and tenure policies, education attainment policies, career ladders or other policy or employment agreements have been honored and are included in the 2013/2014 Operating Budget recommendation at a cost of \$142,668.

An increase of \$465,883 is included in the employee benefit accounts in the 2013/2014 Operating Budget to cover mandatory increases in the employer contribution rates for state employee retirement systems (KERS and KTRS). Additionally, a \$25,680 increase (8 percent) in employee dental benefit expenses is included in the budget.

A significant expense in the University's budget is the cost of the employee health insurance program. The 2013/14 Operating Budget includes \$7.0 million for the cost of the health insurance program. The University's health insurance program is fully insured with Anthem Blue Cross/Blue Shield. The University's emphasis on wellness programs, combined with Anthem's similar approach to providing employees with information to better manage their health care, resulted in a rate hold for the 2013 calendar year. Nationwide, health insurance premiums have increased by an average of 8.5 percent. Premiums for the 2014 calendar year will be established in fall 2013 and will be based primarily on claims experience from calendar year 2013. Claims experience through the first few months of 2013 continues to be favorable. As future premium rates are established, the University will continue to manage the targeted rebalance of the share of total premiums paid by the University.

The objective is to return the ratio balance to 75:25, where the University pays 75 percent of the total annual premium cost. For calendar years 2012 and 2013, the ratio was approximately 77:23. This has been gradually reduced from a high of 82:18 over the past four years.

The 2013/2014 Personnel Roster contains a listing of the recommended authorized positions as of July 1, 2013. Funding for each position listed in the roster has been included in the proposed 2013/2014 Operating Budget. A total of 1,098 positions are recommended for 2013/2014 with an estimated 1,012 positions contracted to be filled as of July 1, 2013. Total personnel expenditures represent 56.0 percent of the total expenditure budget.

The personnel roster is organized by division, with exempt (salary) and non-exempt (hourly) positions listed separately. The following information is shown for each position:

Position ID number
Employee currently holding the position
Position title
Appointment status if not a regular, full-time appointment
Recommended salary at the start of the 2013/2014 contract period
Contract months for exempt employees

<u>Analysis – Student Financial Aid:</u>

The 2013/2014 Operating Budget demonstrates the University's continued commitment to student financial aid with an increase of \$3.5 million (20.4 percent) in scholarship and tuition waiver expense budgets. The increases are attributed to the cost of increasing existing scholarships to cover the recommended tuition rate increase, scholarship participation level increases, and an increase in the budget for unfunded state mandated tuition waivers. A reallocation of existing financial aid budget is also recommended to support the third year implementation of the Eagle Excellence Scholarship which offers to double a first-time freshman's Kentucky Educational Excellence Scholarship (KEES) award if they enter MSU with an ACT composite of 21 or above and do not receive any other full-tuition scholarship award from MSU. This change was implemented in fall 2011 to distribute aid across a wider group of students in more efficient amounts and improve affordability for all Kentucky residents. Participation levels in guaranteed scholarship awards (i.e. Commonwealth Scholarship) and tuition waivers have increased significantly in recent years. An increase of \$1,182,843 is recommended for the Commonwealth Scholarship and \$269,765 for state mandated tuition waiver budgets. Additionally, an increase of \$336,893 is recommended for the fourth year implementation of the George M. Luckey, Jr. Academic Honors Scholarship. In fall 2013, thirty new freshmen will receive the University's most competitive and prestigious scholarship.

Morehead State University Board of Regents Resolution Budget Adoption 2013-2014

BE IT RESOLVED, that upon due consideration and upon recommendation of the President, the following budget authorizations, totaling \$143,947,000 are approved for Morehead State University from unrestricted current funds, for the fiscal year beginning July 1, 2013, and ending June 30, 2014, subject to the realization and receipt of revenues totaling a like amount. Expenditure of funds from restricted sources such as state, federal or private gifts, grants, contracts or appropriations are authorized, subject to the realization of funds.

In the event current fund revenues now estimated should not be realized to equal \$143,947,000, the President shall take appropriate action to reduce budget authorizations to amounts sufficient to insure that expenditures do not exceed available revenues. The President shall report to the Board in advance any major deviations from the approved operating budget. The President may make other adjustments to the budget subject to the following:

In the event actual revenues exceed estimated revenues, the President may authorize an increase in the unrestricted current funds expenditure budget in an amount not greater than two percent of the Board's authorized expenditure level. The Board may ratify increases and reauthorize expenditure levels within the two percent cap during a regular or special Board meeting. Increases greater than two percent of the authorized expenditure budget must have prior approval of the Board.

The President may authorize and approve internal operating budget adjustments as the President determines such adjustments to be in the best interest of the University. Except, if adjustments to any one of the four divisions (i.e. University Advancement, Academic Affairs, Student Life, and Administration & Fiscal Services), increase the total operating expenditure authorization of a division by more than seven percent, then it must have prior approval of the Board. The Board may ratify increases and reauthorize expenditure levels within the seven percent limitations during a regular or special Board meeting.

The purchase of any item of equipment greater than \$200,000 must have the prior approval of the Board of Regents, be contained in the Biennial Legislative Appropriations Act as required by KRS 45.750 and reported to the Board as part of the quarterly financial report when purchased.

A capital construction project greater than \$600,000 must have the prior approval of the Board of Regents and be contained in the Biennial Legislative Appropriations Act in accordance with KRS 45.750. A report of any capital construction project with a cost greater than \$600,000 or

any equipment item with a purchase price of greater than \$200,000 shall be provided as part of the quarterly financial report.

The Quarterly Financial Report shall contain a report that reflects each budget unit's July 1 opening appropriation, amendments to the opening budget, expenditures to date, and remaining balance. This report shall provide the necessary detail for amending the budget as permitted by this resolution.

In the incurrence of financial obligations and the expenditure and disbursement of University funds resulting from this authorization, all units and individuals within the University shall observe and adhere to applicable laws, regulations, and policies of the Commonwealth of Kentucky and Morehead State University which govern the expenditure of funds. Heads of the various budget units shall not authorize nor incur financial obligations in excess of the budget authorization for that budgetary unit. Upon approval of the budget, the President is directed to have printed a detail line item operating unit budget to guide and control the expenditures as authorized.

Housing Notes:

- 1. Above rates are for standard occupancy unless otherwise noted.

 - b. Private suites, subject to availability, are billed at 300% of the standard rates listed above.
- 3. Morehead State University's On-Campus Residency Policy requires all full-time students under the age of 21 who have earned fewer than 60 University recognized college credit hours to live on campus and subscribe to one of the six on-campus meal plans. The minimum meal plan is the "100 block + Flex" which includes 100 meals + \$200 flex dollars for the semester. Students must be 21 years of age by the first day of classes to fulfill residency and meal plan requirements. Students enrolled full-time exclusively on-line or at MSU regional campus are exempt from this policy.
- 4. Students who do not meet the criteria to live off campus, and do not have an approved housing waiver, will be billed "Required Housing" which is equivalent to the rate for a standard double occupancy room.
- 5. Rooms in Grote-Thompson Hall and Fields Hall will be rented from August 1 December 31 for the fall semester, January 1 May 31 for the spring semester, and June 1 July 31 for the summer sessions.
- 6. Students who anticipate needing housing during University break periods should consider living in year-round housing (Grote-Thompson Hall, Fields Hall, or apartment housing).
- 7. All University apartments are rented on a 12-month basis, billed by semester/term.
- 8. Apartment rental discount rates apply to students that have signed a contract to reside in an MSU apartment for the upcoming fall semester. The rate is equivalent to the rent for one month during the academic year, or the semester rate divided by 5, and is charged on a per person, one-time charge basis.
- 9. West Mignon schedules 24-hour weekend visitation.
