1—A Wabash railway train ran berserk, leaped a siding and struck a support of this bridge in St. Charles, Mo., collapsing it. Two men passengers of an automobile carried away with the bridge were injured, as was a woman when their car tore through the wall of her hotel nearby. 2—John Monroe Johnson, of Marion, S. C., assumes his duties as assistant secretary of commerce, succeeding Dwight I. Mitchell who was ousted and wrote the President that "graft monopolies, anarchy in the department. 3—Harry L. Hopkins (left), works progress administrator, and Henry Whipple, secretary of the treasury, leaving White House with Josephine Roche, assistant secretary, after discussing new National Youth administration which she will head.

### YOUTH in Need of Jobs and Education Will Be SERVED

President Roosevelt named Miss Josephine Roche, assistant secretary of the treasury, as chairman of the executive committee, and Aubrey W. Hama, assistant to Harry L. Hopkins, as executive director of his new National Youth administration. The NYA will spend \$20,000,000 of the work-relief fund in its first year to find jobs for unemployed youths and to train other youths for trades and jobs.

The NYA's four-fold purposes in (1) to find employment for youth in private industry; (2) train and retrain for industrial, mechanical and professional employment opportunities; (3) provide for continuing attendance at high school and college; and (4) provide work-relief projects for youth.

Dr. Lloyd C. Shanklin, president of the United Brotherhood of Vegetarians, holds his earnest opinion to the nose of Dr. Irene Austin, who doesn't mind at all. His method of cross-breeding takes the sulphur out of the onion. In the onion it's the sulphur that smells. In you, it's the onion.

### "F. D. R." in Bronze

The strength and vigor of both the artist and the subject are embodied in this bronze bust of President Roosevelt, now on display in a New York art gallery. It is the work of Jo Davidson, who has been compared with Rodin, creator of the most famous Washington bust, and Rodin, one of the greatest sculptors of all time. Critics say it will stand as an excellent example of Davidson's work and will be a mark for future sculptors to shoot at.

### Skyscrapers May Give Way to Oil Wells

Oklahoma City's new zone law permits oil wells to be drilled in the heart of the business district as shown here. The day may come when tall buildings are torn down to make room for the skeleton-like towers.

### Gets \$25,000—the Lucky Dog!

Nothing to be sniffed at was the \$25,000 willed to Pet, this Robino spitz, by his late mistress, Miss Margaret McDermott of Chicago, who asked that he be placed in the home of a woman who loved dogs. Pet is now the charge of Mrs. Hattie Rhoads and her grandson Lawrence Dennis, shown here, who were friends of Miss McDermott.

### WAR IN Africa, Says Duce. Will Certainly Come by OCTOBER

Premier Benito Mussolini goes right ahead with his plans for beginning a four-year war against Ethiopia in the fall. Italy, now overpopulated, needs more room to expand, says Il Duce, and now is the time to do it.

Efforts of Hattie Selassie, Ethiopian emperor, and of other nations have failed to effect a compromise, and new troops and military equipment are arriving in Italian Somaliland almost daily.

Great Britain, through its Capt. Anthony Eden, journeyman attendant of John Bull's League of Nations affairs, offered Italy a generous slice of British Somaliland as a concession if he would guarantee peace in Ethiopia. Mussolini flatly refused.

Il Duce has also threatened to "re-member" the nations which have offered to supply Ethiopia with arms.

# KENTUCKY FARM NEWS

## KENTUCKY SCIENTIST WILL INSPECT LIGHT HORSE FARMS

For the fifth consecutive year, Dr. D. W. Dimock, head of the Department of animal pathology at the University of Kentucky Agricultural Experiment Station, will inspect light horse farms in England, France, and advise with owners and veterinarians regarding breeding problems.

Attracted to the work of this noted Kentucky scientist, the British Blood Stock Agency, the official organization of light horse breeders in England, five years ago began asking for his services for a period of four to six weeks in late summer. Each year since then, he has returned to Europe to study breeding establishments in both England and France.

Dr. Dimock usually visits from 15 to 20 of the large light horse breeding establishments, in addition to observations and demonstrations made at Glasgow Suid, operated by the British Blood Stock Agency. About two-thirds of the time is spent in England and the rest in France largely at stud farms in Normandy.

## 500 KENTUCKY WOMEN TO VACATION WITH HOMEMAKER

Approximately 500 members of the homemakers clubs are expected to take a vacation at the four district camps and one county camp this month.

The camps program include educational, inspirational and recreational activities, such as appreciation of music, handicraft, a study of women of other lands, water sports, boat rides, picnics, parties and folk games. There will also be time for forest, reading and just plain visiting, according to Miss Myrtle Waldon, state leader of home demonstration work.

The first camp will be at the Robinson Experiment Substation at Quicksand for homemakers of Breathitt, Boyd, Bell, Pike, Harlan, Clark, Madison and Rockcastle counties. It will be held the week of July 8.

The camp at Madisonville the week of July 15 will be for women in Christian, Muhlenberg, Hopkins, Henrison, Davison and Union counties.

Women of the purchase region will attend a camp at Fulton the week of July 22, for Fulton, Hickman, McCracken and Graves counties.

At Crestwood the following of July 29 will gather homemakers from Jefferson, Franklin, Warren, and Simpson counties.

Fayette county homemakers are planning to have a camp at Fawn Lodge on the Kentucky River in Tagast.

## KENTUCKY FARM NEWS

The first annual Blue Grass Jersey Cattle Club sale resulted in an average of \$97 a head for 52 animals ranging in age from 8 months to mature cows. The top was \$225, paid by Louis Lee Haggin, Lexington for a yearling heifer consigned by McElbreen & Hill, Lexington.

Farmers and other interested persons are invited to visit the Western Kentucky Experiment Substation at Princeton July 26. They will be shown the experimental work in crop and fruit production, in soil management, and in raising good livestock, and attend a short speaking program.

Marshall county small fruit growers can testify that a well-handled strawberry crop pays. They sold 200 carloads, which resulted in more than \$200,000 being brought into the county. Forty-six thousand dollars were paid to pickers, \$50,000 went to growers, \$116,000 estimated net return to growers, \$8,000 to handlers, and \$1,500 to shed workers.

Ground limestone will be available after July 1 to Bell county farmers at 50 cents a ton, and farmers are preparing to use at least 2,000 tons by fall. The quarry is located in the county, and tests made by the Kentucky Experiment Station show a high neutralizing value.

Four-H Club boys in Hancock county aided in ditching and applying poison bean mash to control worms, after a down and partially destroyed a farmer's wheat and corn fields. The control was administered under the supervision of the county agent.

Haden B. Stobe of Warren county sold 800 crates of strawberries from a three-acre field, reports John H. Finck, Negro agent. Ninety percent of these were No. 1 berries. A packing and grading demonstration was held on his farm, showing size, firmness, ripeness, quality and appearance.

## URGES VACCINATION TO CONTROL CHOLERA

Hog cholera continues to be prevalent in Kentucky, according to reports reaching the Agricultural Experiment Station.

There is no cure for this disease but it may be prevented by vaccination. Dr. W. W. Dimock, head of the department of animal pathology, urges the vaccination of all hogs, as the one and only way of combating cholera. Many good swine owners vaccinate spring and fall and thereby insure their herds against loss from this disease.

Pigs are usually not vaccinated until they are 8 to 10 weeks old, or 10 to 15 days after weaning. They may be vaccinated at any age, however, if cholera appears in the herd there is any exposure to infection from any source.

If hogs are purchased at the local stock yards, their origin is usually unknown, and the chances are that they have been exposed to cholera infection. They should be vaccinated before or immediately upon reaching the farm and then held in quarantine for at least 14 days. One cannot always be certain that hogs purchased at private sale are absolutely free from cholera. The safest way is to vaccinate all hogs purchased and hold in quarantine from two to 3 weeks before turning out with other hogs on the farm.

Young hogs are known to suffer from heavy parasite infestation of the intestines. They will grow at develop and be much healthier and more profitable if free of intestinal parasites, particularly the large white worm. Therefore, in addition to vaccination against cholera, hogs should be treated for worms three months of age should be treated for worms.

## MANY REPORTS OF POULTRY DISEASE

Reports received at the Agricultural Experiment Station at Lexington indicate an unusual amount of disease and parasites among chickens and turkeys this year, probably due to the wet weather.

Turkeys have been troubled with coccidiosis, blackhead, tapeworms and gizzards, and conditions have been prevalent among chickens. In both turkeys and chickens, these troubles affected birds at a younger age than they commonly do.

The organism that causes coccidiosis is given off in the droppings of sick birds, and in this way the feed and water become contaminated.

The disease may be prevented by sanitation. Equipment should be cleaned often, and a minimum amount of litter that is free from dust and mold used. Clean water and milk receptacles daily, using

boiling water, and so protect them that the birds cannot get into otherwise contaminated water.

As soon as evidence of coccidiosis appears, give one tablespoonful of epsom salt in the drinking water for each 100 young birds, and 50 to 50 birds, four weeks old or for 15 older birds.

## AMONG THE COUNTY AGENTS

Fifty hogs are being fed for the annual sale and sale at Evansville, Ind., by Crittenden county 4-H club members.

A terracing program will be put on in Logan county by a COC erosion control camp.

Elliott county poultry raisers who conducted purebred flock demonstrations have larger profits as a result. Members of Warren county homemakers' clubs are reading for certificates in the library project, and a book exchange has been started.

Two hundred seventy-five Kentucky College of Agriculture circulars on the Mexican bean beetle have been given out in Lawrence county.

National Negro health week was observed in Jessamine county in rural schools and by the Fee Memorial Community Center.

Men of county farmers have signed to have 1,500 tons of lime crushed under a FERA project.

The Boone County Wool Pool received bids for sale of 19,500 fleeces weighing approximately 57,000 pounds.

About 2,000 bushels of soybeans are being seeded in Harlan county, reports the county farm agent.

Many Jefferson county farmers are cutting hay with ensilage cutters and storing it for the first time.

Despite the wet season, gardens in Jackson county are producing well, due to better planting, spraying and cultivation methods.

More than 15,000 baby chicks were shipped into Rockcastle county for brooding last month.

A calf club tour was conducted in Garrard county by 4-H club members, with Lancaster Rotary Club members as special guests.

# PIRATES DROP 2 CLOSE ONES TO MERCHANTS

## Dale Huris 3 Hit Game and Leslie Allows Only 2 Blows

### LOSERS HITTING WEAK

Woodson Dale and Leslie collectively stood Owingsville's array of heavy hitters on their heads Sunday afternoon, but despite the gallant work of these two lads in holding the league leaders to 5 hits in 2 ball games, the Pirates, also lacking hitting power were victimized by Bob McKenzie and Strander. Feaback, opposing moundmen.

The Morehead lineup was studded with weaknesses and it was these shaky spots that cost them two ball games. The bright spot for Morehead was the hurling of Leslie and Dale at Owingsville was faced with the 2 toughest hitters they have ever against this year.

Dale held Owingsville to 3 hits, all of them coming in different innings, but the Owingsville players ran bases so easily with poor attempts made to put them out that Dale lost the ball game. Both of the scores came in the first inning. Dale Owingsville lead-off man singled in the first frame, stole second and scored on an overthrow at third.

Ellis Johnson made first on a little roller in the second inning and climaxed the pilfering by stealing home for the winning run. The best Morehead could do was to put singles by Honaker and Inon together with a base on balls in the seventh inning for a lone tally. Owingsville nicked Dale for only one safe hit after the second inning.

Strander Feaback almost turned in another no-hit no-run game and gave up 2 hits in the first inning and Owingsville scored twice for a 2-0 victory. Owingsville was unable to get another hit during the balance of the game.

Morehead had a shaky lineup with App Honaker catching the first game and Stewart the second. Lloyd Nolan played first base in the opener and Hilton Staggs was brought in from the outfield to play third.

Varney, Morehead left fielder was the only player that got more than one safe hit for either team. Varney had a double and single to his credit in the opener.

Score by innings: RHE  
 Morehead . . . 000 000 1-4 4  
 Owingsville . . . 110 000 0-2 2  
 Batteries: Dale and Honaker; McKenzie and Rulley.

Second Game  
 Morehead . . . 000 000 0-0 12  
 Owingsville . . . 200 000 0-2 20  
 Batteries: Leslie and Stewart; Feaback and Rulley.

### PARIS WINS TWO

The Paris Merchants climbed out of the Kentucky State League cellar with a pair of victories over Flemingsburg at Hancock Field

## SPORT . . . SLANTS

With the beginning of the second half schedule of the Kentucky State Baseball League the Morehead Pirates will be expected to take on a heavier edge and really go out after the second half title, and the championship of the league in the play-off with either Owingsville or Mt. Sterling, the contenders for first half honors.

Dan Parker, pilot of the Pirates last year when they took the championship of the league from Flemingsburg after winning the second half, will be at the helm again this year and he has a certain habit of making the Pirates play baseball.

With Leslie and Dale on hand to handle the mound work for them and several new men in the lineup the Pirates should have but little trouble capturing the second half pennant.

Frank Lane, reputed to be one of the best authorities on college athletics in the country, will probably appear in Morehead to take part in the coaching school sponsored by Morehead State Teachers College under the direction of Coach G. D. Downing, athletic director, with Coaches Adolph Rupp and "Doc" McMillin in charge of basketball and football respectively.

Lane has returned in all parts of the United States and has become outstanding among officials for his knowledge of all of the different sports.

### Mt. Sterling Easy Winner Over Brooksville Sunday

Mt. Sterling took both ends of a doubleheader, defeating Brooksville 10 to 3 and 9 to 0 at Mt. Sterling Sunday. Staring a seven-run drive in the first inning of the opener, the Chiefs were never hard pressed. DuJhon, Mt. Sterling's special ball artist, in th first game allowed four hits, three of them by Fowler. Fowler scored two runs, connecting with a home run, a single and a double.

The second affair was loosely played with Charlie McKeenore holding the Brooksville constants to two scattered singles.

Five double plays by Mt. Sterling cut off all scoring attempts by the loons.

Sunday. The scores were 5 to 2 and 11 to 2.

Terry and Wills, who shared the mound work for the Paris club, limited the Flemers to 11 hits in the two contests.

## Malone Pitches No-Hit, No Run Game For Loop Flag

Freddie Malone, of Grayson, Ky., pitched the History Department diamond ball team into the first half championship on the local league by hurling a perfect game.

Malone did not allow a hit or a walk, and his teammates fielded flawlessly and the cafeteria did not get a man on base. The History men the game 2-0 scoring both of their runs in one inning.

Malone's feat was the first no-hit, no-run game that has been accomplished in the diamond ball league.

being in Rowan County, Kentucky, on the waters of Open Fork of Christy Creek, and bounded as follows: Beginning at a sycamore standing on the bank of said Open Fork of Christy Creek and in line of Elias Tussey; thence a North course and up Open Fork to a sycamore near road and in J. W. Dawson's line; thence a west direction and to the hill a straight line to a black oak on top of the hill; thence an east course with said Elias Tussey's line to the beginning, containing 12

acres more or less and also another tract or parcel of land being a part of the N. A. Goodan land, lying and being in the County of Rowan and the State of Kentucky, on the waters of the Open Fork of Christy Creek and bounded as follows: Beginning at a black oak on the West side of the County road near J. W. Dawson's running a Southeast course 63 1-2 rods to a white oak corner on the East side of the creek near Elias Tussey's thence an East course 33 rods to a black oak corner near the old-fence row on top of the hill; thence 24 rods Northwest course to a set stone near top of hill; thence a Northward course 28 rods to a black oak tree and chestnut oak stump, near Tommy Dehart's line; thence a West course with the Dehart line to the beginning, containing 14 acres more or less, both the above tracts of land being the same conveyed to the deceased Mote White, by N. A. Goodan and wife by deed of date April 6th, 1931, and the deed to same is recorded in Deed Book No. 44 at page 239 of the Rowan County Records."

### TRACT NO. 3

The Dehart tract of land is described as follows: "Lying and being in Rowan County, Kentucky, on the waters of the Open Fork of Christy Creek and bounded as follows: Beginning at a white oak on the East side of the County road leading up Open Fork and corner to the J. W. Dawson land; thence a West course crossing said County Road and running with said J. W. ## DECIDE FIRST HALF FLAG IN SUNDAY TILTS

### Owingsville Leads Mt. Sterling By Few Points

### MOREHEAD IS AWAY

All teams except Owingsville and Mt. Sterling have been counted out of the first half Kentucky State League race which closes Sunday afternoon.

A victory over Owingsville would put the Back Counties under the wire and give them their first championship. Should Owingsville lose however, which is not at all improbable, and Mt. Sterling defeat Paris, as expected, then Mt. Sterling would be the champion.

In the two games between Owingsville and Mt. Sterling, they have split. Strander Feaback lost to them 9-1 while Bob McKenzie was beating the Lewis constants 9-4. This indicates that McKenzie for Owingsville and Jake Strider, Vancor, will be the starting hurlers.

Mt. Sterling will send Rhoads to the mound in an effort to defeat Paris. Although Paris has shown decided strength their last few games Mt. Sterling is a heavy favorite.

Morehead travels to Brooksville for a single game. Brooksville recently defeated Morehead twice, but there is every indication that the Pirates with 2 effective hurlers in Dale and Leslie will come back. This game does not mean much, however, to either team, and it will only be a fight to get out of the cellar. Woodson Dale or Leslie will pick for the Pirates and Dutton for the home-town boys.

In the other game Sunday Flemingsburg goes to Mayfield. This game does not mean much either way and both teams will be waiting for the second half to display their power. The "Trio" for Flemingsburg and Rudy, Mayfield, are the probable starting pitchers.

Simplicity and Chic in Morning

PATTERN 9316

It's as fresh as the morning dew! And it was designed for all those clever women who like to put in a smart appearance at the very beginning of every new day. Three or four dresses made up by this pattern would solve all your house frock problems. And the expense will prove trifling. Moreover, this pattern has been designed so simply that to follow it will seem like a first lesson in sewing. The yoke and sleeves all-in-one with a bit of bodice fullness below, and the decorative pocket make this frock very smart indeed! Percale or gingham in gay plaids or small geometric designs would be effective. Add nobly cork or wooden buttons. Pattern 9316 may be ordered only in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 requires 3 1/2 yards 36-inch fabric. SEND FIFTEEN CENTS in coins or stamps (coins preferred) for this pattern. Be sure to write plainly your NAME, ADDRESS, STYLE NUMBER and SIZE. Complete, Diagrammed Sew Chart included. Send your order to Sewing Circle Pattern Department, 232 West Eighteenth street, New York.

**Annual Inspection Of O. E. S. Held Wednesday, July Third**

The annual inspection of the order of the Eastern Star, including the Morehead Chapter 227, Olive Hill Chapter No. 269 and the Salt Lick Chapter No. 299, was held on Wednesday evening, July third, at the Masonic Hall in this city.

A six o'clock dinner was served at the Midland Trailer Hotel honoring Sara B. Goodman, Worthy Grand Matron of Kentucky, with nine of the highest officers of the three chapters present. The tables were beautifully decorated with the Worthy Grand Matron's color which was green and white. From the hotel, the company repaired to the Masonic Hall where the meeting was called to order by Mrs. Fred Evans, Worthy Matron of the Olive Hill Chapter, with all their officers filling their respective stations.

The balloting was under the supervision of Mrs. Gladys Ruck, Worthy Matron of the Salt Lick Chapter. The list of awards was exemplified by the Morehead Chapter, with Mr. and Mrs. Roy Cornette, Worthy Matron and Patron, superintending.

The three chapters were highly complimentary to Mrs. Goodman concerning their ceremony and true show of Eastern Star spirit. Mrs. Goodman with her charming personality, captivated her listeners, and made a host of friends here. Her informal talk was brief but very interesting and all of the Eastern Star members derived much benefit from it.

Following the ceremony, Mrs. Edith Proctor presented a lovely silver vegetable dish to the Worthy Grand Matron as a token of appreciation from the Morehead, Salt Lick and Olive Hill Chapters. After the presentation of the gift, refreshments including an ice cream and cake were served to approximately eighty guests and members.

**Miss Martin Is Hostess At Shower And Bridge On Monday**

Miss Anna Lee Martin was the charming hostess at a shower and bridge Monday evening, July eighth, at her home on Baine Street. The shower was given in honor of Mrs. Reeland Dick. Sixteen rubbers of bridge were played, with Miss Nell Cassidy as the high scorer and W. E. Crutcher receiving the low prize. Miss Cassidy received a beautiful set of randerchiefs while Mrs. Crutcher's prize was an ornamental dog. At the conclusion of the bridge games, refreshments were served to the following guests: Miss Edna Ruth Young, Mary Alice Calvert, Ruth Marion Holbrook, Katherine Powers, Nell Cassidy, Stella Mae Caudill, Margaret Calvert, Grace Cassidy, Corinne Tatum, Lydia Marie Caudill, Lucy and Charlotte Martin and the hostess, Ann Lee Martin. Mrs. W. E. Crutcher, Jimmie Wilson, Roy Cornette, K. B. Lykins, Arch Montrie, Drew Evans, Woody Hinton, Charles Staten, Curtis Caudill, Lynn Martin and the honoree, Mrs. Reeland Dick.

**Entertain With Dinner For Daughter And Mother July 6th**

Mr. and Mrs. Roy Cornette were host and hostess to a small informal dinner given at their home on Second Street, Saturday, July Sixth, in honor of the fifth birthday anniversary of their little daughter, Margaret Sue. The dinner was also a celebration for her grandmother, Mrs. D. B. Cornette, whose birthday was Sunday, July seventh. The breakfast room, which was the scene of the dinner, was arranged in an attractive style, with a large table for the adults and a small card table on which the cake with five candles was placed for the little hostess and her guests. The guests were: Mrs. D. B. Cornette, Mrs. Lindsay Caudill and the honoree, Miss Margaret Sue Cornette and Masters Jimmie Boggs and Bobbie Hogue.

**Announce Marriage Of Daughter To Mr. Jess Hiles**

## Let 'Em Have It' At College Monday

"Let 'Em Have It" the new Federal thriller glorifying the Federal operatives in their current war on organized crime, comes to the College Theatre on Monday with one of the season's greatest casts. Richard Arlen, Virginia Bruce, Alice Brady, Bruce Cabot, Harvey Stephens, Eric Linden and Gordon Jones, the sensational new football star-film "Find" head the cast which also includes Hale Hamilton, J. Farrell MacDonal, Dorothy Appleby, Barbara Pepper and a score of other popular names.

Joseph Moncure March and Elmer Harris wrote the story which presents Arlen, Stephens and Jones as 3 fearless Federal sleuths who pit science and brains against machine guns.

Cabot is seen 'Jo' Kiefer, a chauffeur who starts his shocking career of crime by engineering the attempted kidnap of his society girl employer, played by Virginia Bruce. Paroled, he grows more and more daring, finally becoming 'public Enemy No. 1.

The relentless pursuit and final spectacular capture of Kiefer by the three buddies makes for one of the most exciting adventures the screen has ever shown.

Virginia Bruce and Richard Arlen provides the romance, while Alice Brady provides the comedy.

"Let 'Em Have It" was produced by Harry M. Goetz and Edward Small for release through United Artists. Sam Wood directed the film.

## Denton Heads Rhea Forces In Fleming

Minor A. Denton, prominent Hillsboro merchant and long a leader in county and political progress in this week his selection and acceptance as campaign manager for Thomas S. Rhea in the contest for the Democratic nomination for Governor.

In commenting on his efforts on behalf of Mr. Rhea, Mr. Denton declared that the Rhea plan appealed to him as the best one for the benefit of education and progress in the state, and that he believed that the county would benefit more from the election of Rhea than any other Democratic aspirant for the Governor's post.

Mr. Denton has been the head of the Denton Mercantile Company for the last 30 years, during which time he has built up a county-wide reputation for his devotion to the interests of the county.

While the principal interests at State political headquarters in Louisville is centered around the leaders in the gubernatorial race, the post beginning to boil in the minor State contests.

This is particularly true in the race for Commissioner of Agriculture wherein Secretary of the Kentucky State Fair, former State Senator Garth K. Ferguson, from all reports, is making considerable headway due to the fact that his heavy duties at the State Fair prevents his making an intensive, personal campaign throughout the state.

Mr. Ferguson says that the fair program this year means so much to the agricultural interests of Kentucky that his duty to the State Fair must necessarily come first, and that he will have to leave the big end of the efforts in behalf of his candidacy to his friends who, in great numbers from all over the state, says he, are daily assuring him of sufficient support to make his nomination a practical certainty.
