Dear Mrs. Oppenheimer,

I received your package in good condition. I certainly thank you and the ladies very much. Your kindness will never be forgotten. Give my best regards to all.

I have five weeks of my ten weeks basic training completed here. I will then go to advanced training school for ten weeks to complete my instruction course. I then receive my wings and Commission and go into active duty. I will get to come home for a few days the first of Jan. I shall visit you when I come.

I enjoy hearing from you and would love for you to write at any time, or any of the other ladies if they so desire to write.

Thank you very much. Let me hear from you soon.

Respectfully yours,

Stuart D. Lawson
