CHANDLER AND RHEA LEADERS SHOW ACTIVITY

Judge Riley Scores Opponents of Sales Tax, Cites Advantage of Platform

ROWAN CLAIMED BY BOTH

The forces of Tom Rhea and A. B. "Happy" Chandler continued to swing through Rowan County on their speech making tours this week, with Judge Robert Friend of Nashville, Judge J. W. Riley, Morehead, and others supporting the Rhesaville candidate, and Elijah Hogge, son of Mr. and Mrs. Lester Hogge, Z. T. Young and other Chandler supporters, taking the stump for the Lieutenant Governor.

"If you want to keep the rolling, secure free text-books, old age pensions, and \$7,500 tax exemption on farms, then vote for Tom Rhea," Judge J. W. Riley declared.

Judge Riley pointed out the fact that before the passage of the sales tax there was no poor in Kentucky matching the Federal Government's \$750,000,000 of \$240,000. If Kentucky had not had no work relief, as you know and I know," Riley declared.

"Tom Rhea stands for free text-books not only for the first four grades, but for all the grades and 2 years high school," Riley said. Continuing to expound that Rhea was the man that came out for the second summer term of the Morehead State Teachers College.

"Rowan County wants to pay their debts. It is an honest county. They cannot pay unless they get the revenue," Riley declared. He pointed out that for every dollar Rowan County spends, it comes back in the form of four dollars. "The wealthy counties like Jefferson, Kenton and Fayette, are the biggest part of the tax, and we are the ones that benefit," he continued.

Chandler's plan for exempting the necessities of life, and making a system of sales tax also insuring the payment of no more than 3 cents on the dollar.

"Rowan County wants to pay their debts. It is an honest county. They cannot pay unless they get the revenue," Riley declared. He pointed out that for every dollar Rowan County spends, it comes back in the form of four dollars. "The wealthy counties like Jefferson, Kenton and Fayette, are the biggest part of the tax, and we are the ones that benefit," he continued.

TABBIN THE NEWS

"That is Independence Day," a teacher in the Beckley Training School asked a first grader the other day.

"Why that's the day the Morehead Independent is printed," was the cocksure reply.

In answer to many queries as to the number of votes that will be cast by the Democratic party at the August 8 primary, Tabbin was so estimate from both Chandler and Rhea headquarters indicating that they feel approximately 400,000 Democrats will go to the polls. If it is known that Chandler or Rhea to win in the first primary they must get approximately 200,000 at the lowest.

It is generally conceded, unless there is a decided change between the first and August 8, approximately 40,000 and the other two candidates—Eliam Hindlestone and Bailey P. Wootton around 15,000. This means that in order for either Rhea or Chandler to win in the first primary they must get 200,000 or more in their opponents 145,000—a majority of 55,000.

It is known that Rhea claims he will receive more votes than this. No doubt Chandler feels the same way.

The latest developments along the political battlefield from A. B. "Happy" Chandler and Tom Rhea are mustering their forces for a barrage on August 8, apparently is doing the Lieutenant Governor but little.

Nomination Assured

HON. KING SWOPE

The nomination of Hon. King Swope, Circuit Judge of Fayette County District, is virtually assured. Although running in a state normally Democratic, the leaders of the Republican party point to rumored disunion and the bitter fight among the Democrats, and declare that this will elect Hon. King Swope in the November fight. No active fight is being made by the Lexington candidate in the primary, since it appears that he will, nevertheless win by an overwhelming majority.

COLLEGE RECORDS ENROLLMENT JUMP

50 Percent Increase Shown At Morehead Over Last Year

The second summer term of the Morehead State Teachers College, Dean W. H. Vaughan said today in releasing the corresponding figures.

The second summer school, which began Monday, has a total enrollment of 469 college students. The total enrollment for the same term last year was 305. Morehead always has the smallest enrollment at this time of any during the year, but Dean Vaughan said the increase was especially gratifying.

The raising of the standards for certificates was given as one of the reasons for the enrollment increase at Morehead. However, ever since the college became a state institution in 1923 every term has shown an increase over the corresponding year, representing a 500 percent jump in 12 years.

BASEBALL

League Votes To Discontinue For Balance Of Season

Feeling that they would be unable to recuperate from first half financial losses during the second half of the schedule, managers of the Kentucky State Baseball League, Tuesday night decided to cease play for the year.

Rainy weather, which caused postponement of 18 games, many of them the best, drawing cards including opening games, coupled with what the managers termed, unreasonably salary requests from the players," was given as the reason.

Board Of Regents Approve Plant Contract

Contracts for the construction of the new water, heat and light plant of the Morehead State Teachers College which will cost in the neighborhood of \$255,000 were approved by the Board of Regents in a meeting this week. It is necessary now for the Federal Government, who is putting up the money through a loan grant to place their seal on the contracts, before they become official.

Superintendent of Buildings and Grounds W. B. Rice said today that actual construction on the plant will probably begin August 1.

SHOW INCREASE IN ENROLLMENT FOR THIS YEAR

2,500 Students Register First Week in Rowan Rural School System

TEACHERS FORM ASSOCIATION

Approximately 2,500 rural school children enrolled at the opening of the term this week. An estimate compiled by Supt. Roy E. Corneette reveals. The exact figures of the enrollment will not be made up until reports from all teachers are received, but Mr. Corneette said that many of the schools were overcrowded.

Free text-books for the first four grades and possibly for the fifth and sixth, is given as one reason for a jump in enrollment.

Prior to the opening of the schools, teachers met at the Morehead State School gymnasium and outlined the work for the year, besides forming the Rowan County Rural Teachers Association. Ira Caudill was elected president of the association; Christiana Caudill, vice-president; and George Bailey, secretary-treasurer. The program committee consists of Muri Gregory, Mitchell Edger and Mable Rasor. The next teachers meeting will be held August 10.

The complete program of the meet. Opening Exercises, Rev. B. H. Kaser, Outline of Work for the Year, Supt. Roy Corneette, Attendance Objectives for this Term, Mr. Hogge; Records and Reports and General Session of free text-books. First Day of School, First Open Forum.

The balance of the calendar for the school year of 1936-37, set out 5, First Month Ending Aug. 31.

Youth Saves Baby From Drowning in Waters of Dry Creek Friday

Bob Brown of Clearfield may be recommended for a George Mitchell as the result of his heroic effort in saving a baby from drowning in the waters of Dry Creek Friday afternoon.

Mrs. Estill Lambert, Clearfield resident, was in bathing and had put her 10-month-old baby on the bank. Unbeknown to her or any of the bathers the baby rolled into the creek. Brown saw the body come to the top of the water and dived in to rescue the child.

The baby was unconscious and had started turning black, but Brown and his brother administered first aid and resurrected the child.

Fair Officers Start Work On This Year's Catalogue

Plans for the holding of Rowan County's Fourth Annual School and Agricultural Fair are already past the formation stage, and the officers and committees this week began active work for the conducting of the meet.

The fair will publish a 44 page catalog this year, containing a complete list of events, prizes and personnel. The fair will be principally financed through advertising sold to this book.

Mrs. Estler Hogge, Morehead was re-elected fair president this year. Others who hold important offices in the fair organization are: Roy E. Corneette, Mrs. C. U. Waltz, Rev. B. H. Kaser, Dr. H. L. Wilson, Robert Bishop, H. C. Hagan and C. L. Goff.

Funeral Rites Conducted For Mrs. Nickell Yesterday

Funeral services for Mrs. J. H. Nickell, 75, of Haldeman, prominent Rowan County woman, who died Tuesday morning at 4:00 o'clock of an attack of influenza, pneumonia and complications, were held from the home yesterday.

Mrs. Nickell is the mother of Dr. C. C. Nickell, Dr. H. L. Nickell and Walter Nickell of Morehead. Two other sons, Robert of Ashland and Willis of Texas also survive.

Mrs. Nickell had been in fairly good health until recently. She was preceded in death by her husband.

FARMER BROWN DIES IN AUTO ACCIDENT HERE

Car Struck By Brown Falls To Side Turn On U. S. 60

Farmer Brown, about 45 years old of this county, was killed in a crash Saturday afternoon, when his automobile in which he was riding turned over at the intersection of U. S. Highway 60 and the Clearfield Road. The car was driven by George Brown.

Investigators said the car was unable to make the turn off U. S. 60 onto the Clearfield road, which is at a right angle, and the motorist struck the ditch and turned over.

The accident marked the fourth fatal motor automobile wreck here in 2 weeks.

MASONS

To Initiate Eight Into 3rd Degree Here This Evening

Dr. H. L. Wilson, Master of the Morehead Lodge No. 656, F & A M will be in charge of initiation exercises for 8 members, who will take the degree at the Morehead High School gymnasium this evening. Approximately 300 members, including delegations from Ashland, Olive Hill, Grayson, Winchester, Ironton, Flemingsburg, Mt. Sterling, Salt Lick and other eastern Kentucky cities will be present. Herbert Wilson is Grand Master of the Grand Lodge of Kentucky will be among the notables present.

The eight members that will be initiated are Dan Parker, Eldon Evans, David Nickell, Roy Cassidy, Judge Mitchell, Capt. Bruce, Clarence Allen and Louis Shouse.

The Masonic Lodge has been preparing and rehearsing for the ceremony tonight for possession. The high school gymnasium has been a scene of activity for the past week.

SHRIMP'S 5-10-10 STORE OPENS AT NEW LOCATION

In this issue of the Independent appears the announcement and advertisement of Brown's 5-10 and 10-10 Store, formerly the Morehead 5-10 and 10-10 Store. The business is changing locations and will be open at their new place in the stand formerly occupied by the Morehead Department Store, on Saturday morning.

A number of prizes, including special prizes to be practically everything covered by the company, will be given during the opening day. Mr. Brown has had a force of work all week placing the new building in shape for this modern store.

The store will be opened at 9:00 o'clock Saturday morning.

Friday For Rhea

HON. FRED M. VINSON

Hon. Fred M. Vinson, U. S. Congressman from the 8th Kentucky District, will deliver an address over Radio Station WHAS, Louisville, at 8:30. Central Time, Friday evening in behalf of the candidacy of Hon. Thomas S. Rhea for the Governor. Mr. Vinson will make a flying trip from Washington, D. C. to take the rostrum for Russellville candidate.

Rhea supporters in Morehead will install radios in the courthouse overlooking the lawn Friday evening so that all may have an opportunity to hear Mr. Vinson's address.

NAB ROWAN MAN FOR OLD MURDER

Sheriff Must May Arrest Farmer in Licking River Section

Tandy Hunter, 45, isolated himself in the Licking River section of Rowan County for 5 years, to escape an indictment for murder, but Saturday the law caught up with him.

Today he is behind the bars in the Knott County jail at Hindman, Ky. and will come to trial for slaying Bill Gibson in 1930. Many of the witnesses in the case are dead, but the Commonwealth hopes to produce enough evidence to convict the man who fled to Rowan County and until last week was apparently enjoy an indefinite freedom.

Hunter, living as a respected citizen, was arrested by Sheriff Mort May, after a warrant had been sent here from Knott County. Owing to the number of years that had elapsed, the Sheriff was not sure that this was the person wanted. Hunter confessed the slaying to the Rowan officer.

He was delivered to Knott county Sunday. Hunter lived at what is known as Donohue Bend at Licking River.

Husband and Wife Die On Same Day of Typhoid Fever

A husband, 61 years old, and his wife, 77, both residents of Charity, Ky., died in less than 5 hours apart July 8.

Mr. and Mrs. Mart Ison took sick on the same day of an attack of typhoid fever, and both died. They were buried in the same casket, unperceived now after spending more than 50 years together on this earth.

Funeral services were conducted by Rev. Vernon Dickerson, Tuesday afternoon.

Surviving are 5 children and many grandchildren and other relatives. Mrs. Ison was a sister of Frank Holbrook of Newfoundland.

No Decision Given On Work Relief Project

Local KERA officials reported today that they had received so much information regarding the shut-down of work relief in Rowan County. The Federal Government is re-evaluating the organization before releasing appropriations.

GRAVES' RITES SET TOMORROW IN MISSISSIPPI

Head of Morehead Science Department Dies Tuesday At Lexington Hospital

HAD BEEN HERE SINCE 1927

Dr. Roy E. Graves, 44 years old, Head of the Department of Science at the Morehead State Teachers College since 1927, passed away at the St. Josephs Hospital, Lexington, Tuesday afternoon.

The body was taken yesterday to the home of his father at Crystal Springs, Miss., where the funeral will be held Friday afternoon with burial in the family plot at Crystal Springs.

Dr. Graves, since he came here to assume charge of one of the most important departments of the college, had served on practically every important committee at the school, and his magnificent Science Building speaker throughout the state for his dissertations on chemistry and science.

The Morehead professor did not live to realize one of his fondest dreams—the construction of a modern and magnificent Science Building on the campus. The Board of Regents had planned to construct it as the next building venture.

Dr. Graves received his Masters Degree from Vanderbilt University and his Doctor's Degree from Ohio State University. He was a member of the Christian Church.

A pall of gloom enshrouded the Morehead College campus as word was received of Dr. Graves' death. He was one of the best known men on the campus.

The body was taken to the Arlin and Jordan funeral home at Lexington. It was removed directly from there to Crystal Springs, Miss.

Dr. Graves is survived by his wife and two children.

Truck Crashes Into Bath Bridge; 7 Injured

Seven persons, nearly all of them well known in Morehead, were injured Sunday afternoon when a truck in which they were riding ran off a bridge on the Owingsville-Owingsville road, 6 miles east of Owingsville.

Those injured were Russell McGlothlin, a student, and several others; Bruce, J. McGlothlin, body cuts and bruises; Alvin Pentz, and Lambert Thomas, cuts and bruises; Archie Pentz, broken leg; and Joe Williams and Peter Shroat, fractured collar bones, cuts and bruises about the head and body.

The injured men received first aid at Owingsville. The accident is believed to have resulted when the steering wheel broke and the truck plunged over the bridge, falling on the occupants. All of the men are members of the Halesburg Construction Company.

Williams, a son of Mrs. Oscar Palmer, had formerly been located in Morehead. The Pentz boys are nephews of B. F. Pentz, station agent at Morehead, for the C & O.

Williams and the other occupants of the truck had been attending a baseball game at Owingsville and were returning home when the accident happened.

2-Year-Old Child Of Jay Bailey Dies In Ashland

Jackqueline Bailey, 2-year-old daughter of Mr. and Goldie Jay Bailey of Morehead, died at 5:00 p. m. Tuesday at the home of Mrs. Scott, 2157 Greenup Ave., Ashland. She was taken to Ashland for medical treatment last Saturday.

Funeral services will be conducted today from the home of Mr. Bailey with burial in the Bradley Cemetery.

She leaves her parents and grandparents, Mr. and Mrs. John Amburgey of Clearfield.

Days of BRISBAVE THIS WEEK

BEVERLY HILLS—Well all I know is just what I read in the papers, or what I see here and there. I have been working pretty hard on some movies. It just happened that I had had three right in a row. Now that don't mean that I'm not as good as we made em. They only come out about every four months, but we got a couple ahead already made and that means I'll have little time off to do a few things I was planning on, and that I want look like I'm trying to get in front of every camera that is grinding.

We ran one the other night called "In Old Kentucky," and it got a lot of laughs. Had a lot of awful like people. And they sure made good. You know the old idea of one person trying to be the whole thing in a picture. It's a washed up picture as like a ball. The pitcher can't do it all. It's to be the whole team. You can't get a picture done and see how well done are the small parts, or what they call "bits." It's because they are done by real actors, and that's the reason they could go in and play the leading part. They only get two or three days work out of it, but they really make a war part, and you never hear one whining either about the part not being in keeping with their ability.

No, no, I suppose that's more real. He's a man and a woman in the most discouraging circumstances in the picture business than any other place on earth, since the stage is not far behind. It's a heart breaking racket, but they don't let you out about it. Their heads are always up. They keep their heads a little with great dignity.

Well after I finish a long stage I never been looking up in the air and see what's doing over, and Mr. Rogers in his wise way will say, "Well I think you better get on one. You are getting rather nervous." Well this time the Fourth of July was a coming and I had had a lot of invitations to a lot of places where I would have liked to have gone on the Fourth.

So I went to a real cowboy reunion in Texas on one of their most famous ranches. Not a professional rodeo like you see everywhere else, but a real celebration in a real cowboy style. I had old timers. I wouldn't have missed it for anything. You know the way planes fly, it's almost impossible to think of a place that you can be in by morning, and at the latest next day at noon. It was getting along late in the afternoon. I had just played a little polo game at my place Jimmy, the youngest, was "Hot," and he made a sucker out of me. I was on the other side. Bill had a measles, and had to stand off on the side of the hill in front of the house and watch it. He was just getting over what they call the German measles (Irvin Cobb said they were now called Liberty Measles). He was a mighty big old boy to be measles.

Then the Mother who had been taking care of him thought she had em, and wanted me to get away to leave him alone from catching em, so I say it was late in the afternoon about 10 o'clock. I had called up the plane company and booked me space to leave at seven. And it takes an hour to go to the field. I went right over, and I was going back to the celebration, but I can be ready to go to Africa in ten minutes. Left at seven, arrived at Abilene Texas at six the next morning, and its only forty miles out to the town where the reunion is. Sanford, Texas.

Why you can leave California in the evening on any one of the three lines, and arrive in New York and see a man the next afternoon and a night show and leave after the night show as home by the next night for dinner. But they are moving plenty that it's cars too, and the trains are increasing and their business is picking up. Its going to be one of the biggest prospering summers we have had in California.

There is so much to see and so many good places to stop, and cheap I never in my life saw as many out of state cars as there is in California. It's a first. That big fair out there is drawing a lot of em, but every state has some thing that everybody ought to see. From what I can gather from everyone I talk with, things are definitely picking up. If they just get more folks to working which they are doing now, too, there is no way to stopping this Country. Just quit listening to the politicians. They want to make a noise the nearer it comes to next year. Roosevelt is going to ruin the Country. The Constitution will remain as is. The Russians are not going to take us. Everywhere I have been on this trip there's a first feeling. Let folks quit arguing over who it did, or did not. It just join it.

Apartment City Built by People of 85 B. C.

How many of us have the impression that apartment dwelling is comparatively modern? It is not. In 85 B. C. a large community apartment or resident manager of apartment houses.

Entrance was made from the top of the apartment, by a crude ladder, and the individual apartments were built in tiers, rising a few feet per apartment. This is still a famous relic of ancient Indian civilization in southwest Colorado.

What was probably the first example of set-back architecture was discovered at Taos Pueblo, New Mexico, where a large Indian communal house was discovered and housed about 200 Indian families. This house was inhabited by Pueblo Indians and was built of stone and adobe.

Crude, treacherous stairs, worn by much use, led to the doors from the outside. The life of these inhabitants was much like that of the Pueblo Indians of America and was another instance of apartment dwelling of that period.

We find in the Twelfth century in Kandy, Ceylon, a type of apartment better known today as the homes of the original cliff dwellers. These cliffs were built in the form of individual apartments, one above the other and served as a refuge for the Ceylonese against the invading Malays.

The Ceylonese monarch of that age was so much impressed by the apartment, or cliff dwellers, that he appointed prices to take charge of them, and dedicated lands for their support. That was probably the origin of our present superintendent or resident manager of apartment houses.

How much further no one can offer, but an exhaustive research by the writer reveals that in 85 B. C. an entire apartment city was built high up in the Andes, a place called Machu Picchu, Peru.

The entire city was built about 7,000 feet above sea level, on a precipice leading up from the Grand canyon of the Urubamba. It was supposed to have been constructed to promote safety. These apartments were built of white granite and divided into one and two room per family, with one window and door in each building. This was quite the mode of living in that day.

Nothing is more desolate than the front of an empty theatre. Sickent of the front of a theatre. Sickent of the front of a theatre. Sickent of the front of a theatre.

Job Hunters Present Complication in California

ITINERANTS Seeking Work Complicate Relief PROBLEM

California's relief problem has been complicated by the many families who have been crowding into the state as the apple season opened in Sonoma county. Auto camps have been crowded by people from all parts of the country. Resident labor took a hopeless view as rumormongers cars seen at auto camps bore licenses from many other states. Most of those who have come have been in bad financial straits, and a number of families have been forced to sell their cars for \$10 or \$15. Once this was gone, they were stranded, and relief workers were being called upon to handle this additional burden. The photo at the left shows a typical out of state family seeking work.

ARMY

Begins Drive for 46,000 New

RECRUITS

The biggest army recruiting drive since the World war is now under way at every army post in the United States. Recent congressional action has raised the army from its present strength of 118,750 soldiers to the authorized figure of 165,000. The additional 46,250 men will be enlisted as rapidly as possible. The photograph above shows a scene in the army recruiting station in New York city as one of the first batches of recruits takes the oath of allegiance.

Increasing the size of the army is but a part of the administration's plan to add to the national defense. Important additions are being made to naval forces as well, both in men and in ships. Even with these additions, however, the United States forces do not compare with the giant military establishments now being maintained in Europe.

We are authorized to announce: CHALMER CASKEY Of Morehead, Kentucky As a candidate for Representative from the Bath-Rowan District, subject to the action of the Republican party at the August 3rd primary.

David C. Casdill

Voters of the 31st Senatorial District should have little difficulty in making up their minds who to vote for in the Democratic race for State Senator.

Rowan County has placed a man on the ticket. A conscientious, self-reliant, honest, sincere and deserving candidate in the person of Hon. David C. Casdill.

Kentucky is not completely out of the throes of the depression. Kentucky's legislature, and especially the Senate needs to be made up of competent individuals, that know how to handle money—that realize the

advantage and necessity of saving—of cutting down the state debt so far as possible. Kentucky needs a business-like administration run by men that have been successful in their own business and personal enterprises—not politicians. Hon. David C. Casdill is such a man. What Mr. Casdill made has been through honest dealings, bearing integrity. He has been highly successful in his own business. Can we but believe that he will be as successful as our Senator? He is not a politician. He is president of two banks—treasurer of the Kentucky Bankers Association—treasurer of Rowan County, and has held numerous other responsible positions. These are places that he did not enter a campaign fight to get. His ability and reputation placed him in these roles.

Rowan County has more at stake in this race than any other county in the district. The state's largest investment in this section—the Morehead State Teachers College is in our own midst. Its place as one of Kentucky's institutions of learning has not been achieved. Let us send a man to Frankfort that will fight for the maintenance of the great school. Dave Casdill fought to get the college here. He will fight to keep it here and to maintain its standards.

Mr. Voter of Rowan County you are being told to vote for some candidate from Fleming, Mason or another candidate, because that person is on someone's slate. Weigh the evidence carefully. You know and I know that a Rowan County man is the one that will do the most for Rowan County. We need a State Senator worse than any other of the five counties in the District. Stick by your own candidates.

Rowan has the best man on the ticket for the Democratic nomination for Senator. He is the best known man in the district. His ability and qualifications are unquestioned. His sincerity and honesty are the contributing features to his success in private and business life.

Auto Wrecks

Four lives have been snuffed out in this county within the past two weeks through automobile accident. Ten other persons have been injured—some of them for life. The annual toll from our highways is again striking a new high.

The most deplorable part about it is that we are doing nothing. The public reads about these accidents in the newspapers—hear about the friends and neighbors being maimed and killed. Yet, they do nothing. We might write columns about it. They might be read by many. Nothing is being done about what you say or what he says.

We have come to the conclusion there is but one sure method of decreasing these automobile wrecks. That is to build motors that will not travel over 45 or 50 miles an hour. That will probably never be done. Instead of decreasing the power, the manufacturer is stepping it up all the time in an effort to sell more auto mobiles. A faster car apparently is the manufacturers best selling point. At the same time it is one of the greatest harbs in present day existence.

Making Drivers Careful

What is probably the most useless statistic has been compiled, doubtless at the expense of great labor, by the president of the Chicago Motor Club, who announces that the total annual bill for motor accidents being such-and-such and the total annual mileage thus-and-so, the cost of accidents to the individual motorist comes to one cent a mile. There is no need of going to all this trouble to impress any driver however dumb, that accidents cost money. The dumber the driver and the greater his need for education the more likely he is to know at first hand the price of a cramped

PRIVATE WORLD IS COZY FEATURE

Phyllis Bottoms's widely acclaimed, engrossing story of a woman who learned to cast aside the dream of love for reality, "Private Worlds" has been filmed by Paramount as James Sunday and Monday at the Cozy Theatre, with Claude Rains in the starring role. A psychological love drama revealing the fears and inhibitions of the true villains of romance, "Private Worlds" is set in the intimate and dramatic background of a hospital for the insane.

Its heroine is a woman doctor, who clings to the memory of a sweet heart lost in the war. She has the right into the mental life of a patient but does not realize that the strange attachment is threatening her own mind.

Her two professional colleagues are Joel McCrea, whom the film respects, and Charles Dwyer, a French doctor whom she instinctively dislikes.

The living drama of this group reaches its climax when McCrea is lured from his wife, Joan Bennett, by the doctor's anxious sister and Miss Bottoms's sentimental endearments all their lives under a broken headlight.

What is needed in the production on the cost of sentiment is not arithmetical averages, but emotional and relentless drumming in what may be the plot of the accident. Estimating the average per mile is a harmless amusement, no doubt, but what will help reduce that average is unceasing vigilance by every motorist, that a moment's carelessness or neglect of the always-to-be-passenger, even though of others may make the very minute cost a life, or a trip to the cemetery.

BEHIND the SCENES in HOLLYWOOD

By HARRISON CARROLL Copyright, 1935, King Features Syndicate, Inc. Hollywood - Gossip at Charlie Lombard's party got their biggest thrill when Jean Powell made their appearance. Bill and Carol have always been that way about their divorce but everybody wondered what would be the result under the particular circumstances. Nothing did of course. Jean Harlow would, that is, if only there was something funny about it. I came up to go home sorry, but I can't let you in on the laugh. Even if Hollywood beckons, Laura La Plante will have to turn away. For Laura's producer husband, Irving Berlin, has just been divorced from her by \$5000 miles. It wouldn't mind it for one picture she would be seen. But it is I know they'd want her for more, because she's got many ideas of marriage. Irving, who was her next spouse, handling Warner Brothers producing interests in England, goes back there with a new seven-year contract and with Jack Warner's okay on his program for the coming year. He and Laura have been widely entertained during their stay in Hollywood, she remains a couple of weeks, but unless she can make Irving change his mind, there'll be no picture work here. Laura is now a big favorite in British films, you know. She did five last year and must report in May for Guy Bolton's "Water Street" which she's making. She is now as numerous in London as in Hollywood, swam around her when she appears in public. Just another case where Hollywood mad "through" too soon. Joy Lee, orchestra leader at the King's club, local gay spot, is making his laugh on a third year as the January's Gaiety. An instrument valued at \$7000. He is now making the making the gay shops, the musical houses here are all on guard and a description of the victim has been published in the papers read by the trade. Joy is giving the thief one chance

OPEN SCHOOL FOR COACHES HERE AUG. 5TH

Plans for the conducting of possibly the first coaching school that has ever been held in Kentucky are going forward at the Morehead State Teachers College. The coaching school will be held from August 5 to August 10, inclusive.

The Morehead school has arranged to attract a schedule for high school coaches and those desiring to enter the coaching ranks that it is hard to turn down. First there is Alvin "Bo" McMillin, recognized as one of the leaders in his profession throughout the United States. McMillin's name is dear to the hearts of every Kentucky sportslover as they recall the deeds of the Praying Colonels of Little Centre College at Danville.

Add to this Adolph Rupp, who has consistently turned out the best basketball teams in the south; Frank Layne, the peer of the football and basketball referees; and Gayle

SPORT... SLANTS

The Cincinnati Reds are still negotiating with St. Louis for the purchase of "Dizzy" and "Duffy" Dean, possibly the 2 most colorful ball players in the country today. The Reds have offered a right tidy sum for the services of these speed ball artists, and if the sale is raised another notch it would not be surprising if St. Louis turned loose of the 2 famed Dean lads.

Whether or not they are in the present fight, St. Louis is not a very good baseball city. The fans don't turn out as they do at many other major league parks. This is accounted for, in part, that St. Louis has a team in both the National and American Leagues. St. Louis makes the majority of its profit from its huge farm system, and from the sale of players. They have plenty of young and promising hurlers coming up.

Therefore, it would be our guess that Cincinnati has a "right-smart" Mokeny, besides many others and you have the picture of that which Morehead College is offering.

chance of getting "Dizzy" and "Duffy" out at Crosley park. It seems to me that the acquisition of the Deans would be one of the greatest boons the Reds have ever had. Cincinnati is now in 5th place, and with bolstering in the pitching staff and a little better hitting might be making a fight of it in 1936.

The coaching school at the Morehead State Teachers College from August 5 to 10 inclusive, is getting close now. Frank Lane is the latest outstanding athletic personage to be obtained as one of the members of the school. Alvin "Bo" McMillin, head football coach at the University of Indiana and Adolph Rupp, nationally-known basketball figure that does his coaching at the University of Kentucky will be the main attractions at this week's coaching school. Expenses have been cut so drastically that almost any high school coach in the state is in a position to register.

The performance of Fred Malone in pitching a no-hit, no-run game for the history department against the cafeteria in the local soft-ball league is still causing an end-of-comment. Fans are wondering if the Morehead league is developing into the same thing that has hit the diamond loop elsewhere—that is turning from a hitting game into a pitching past time.

It is about time for Duck Carter, Claude Clayton and Lawrence Friley—that group of absconding baseball players who formerly cavorted with the Morehead Pirates were returning to familiar haunts. If there is certainly any work connected with their new jobs they will be back home. No one ever heard of these boys exerting themselves unless it was on the baseball field.

OWINGSVILLE WINS BY 10-1 IN LOOP PLAY

Owingsville maintained its slight lead in the Kentucky State League by defeating Vanceburg, 10 to 1, at Owingsville Sunday to bring the first half of the split season to a close but will probably have to play two postponed games with Brooksville before being declared the winner.

Mr. Sterling kept pace with the leaders, winning by a forfeit from Paris to bring the first round to a close. Lefty Feedback kept Vanceburg's seven hits well scattered as the Owingsville team played without the services of two regulars. George Ritchie and Ellis Johnson were the hitting stars for the winners. Ritchie cracked a homer, and a triple in four times at the plate and Johnson cracked two doubles in five.

Score by innings: R H E Owingsville... 256 600 21x-10 12 1 Vanceburg... 000 010 00x-1 7 2 Batteries: Newman, Rice and Woodward; Feedback and Raley.

PARIS FORFEITS

MAYSVILLE OUT OF CELLAR
With only 50 fans looking on, Maysville defeated Flemingsburg, 8 to 2 to climb out of the cellar of the Kentucky State League there Sunday.

CROWE WILL BE TAKEN TO LEXINGTON THIS WEEK

DETROIT, Mich., U. S. Marshall A. N. Lozette said here tonight that William Crowe, held by Federal authorities for the murder of Herbert Ray, deputy United States Marshal at Lexington, Ky., had waived all formalities and would be taken to Lexington Tuesday or Wednesday for prosecution.

Lozette quoted Crowe as admitting shooting the officer to death but said he believed the latter was a hi-jacker. Crowe told the officer he was running a load of whiskey at the time.

LEVI JACKSON WILDERNESS PRESERVE DEDICATED SAT.

LONDON, Ky.,—Approximately 4,500 persons from all sections of the state attended the dedication of the Levi Jackson Wilderness Preserve, three miles south of here on Saturday.

Church services in the morning were followed by a varied program of entertainments, including a concert by the London Fire Department band, choir selections and an accordion duo. Mountain ballads were also sung.

Baseball Dance Set For July 23

The scheduling dance of the Morehead Baseball Club which was postponed, will be given at the Morehead High School gymnasium Tuesday, July 23, manager Dan Parker announced today.

Billy Pierson and his broadcasting orchestra, "Harlem Aces," direct from New York, will play at the Fifth Avenue Hotel, Huntington, will give the music for the dance. Hours of the dance will be from 9:30 until 1:00 with a 30 minute floor show at midnight.

Members of the baseball club who do not dance, are in for a treat nevertheless, with the rendition of the floor show. This brings together several novelty numbers, dances and other individual stunts, that mark it as the best floor show that Billy Pierson has ever carried.

The orchestra has already appeared at several dances in Kentucky while on their tour. The Morehead club was fortunate to be able to get them in Morehead Tuesday, as they open an engagement the next day in Nashville, Tenn. Billy Pierson carries with him 12 colored radio artists.

The subscription price for the dance will be \$1.00 per couple. Tickets will go on sale at all local business houses and will also be sold by members of the baseball club.

VOTERS OF ROWAN COUNTY

KNOW THE TRUTH ABOUT THE TAXES YOU PAY

Note the Benefits our County has received and learn how the Sales Tax has kept Schools open, paid Teachers' Salaries, Provided Relief for our Worthy Aged and Unemployed Citizens and how this Tax can be used to wipe out our County's Present Indebtedness in a few short years.

FACTS, Not Theories! DEEDS, Not Bunk! ACTION, Not Hot Air!

FARMER, PROPERTY OWNERS! VOTERS:

Your Real Estate Taxes Have Been Reduced for State Purposes from 30 cents to 5 cents on the \$100. That reduction means that you now pay 260 per cent less tax on Real Estate than formerly. Your auto license tax has been reduced 40 per cent and your truck license taxes have been cut 31 per cent.

OPPORTUNITY FOR ROWAN COUNTY TO WIPE OUT ITS TOTAL INDEBTEDNESS

Taxpayers in our County are reminded that our present County indebtedness is \$121,000. Return from the Sales Tax, paid to Rowan County, by the State the first year is \$20,067.16. **THIS FACT IS VITAL!** It means that within a few short years the Sales Tax revenues received by our County will enable our people to free themselves from the indebtedness which makes it possible for county taxing authorities to make substantial reductions in the tax rate. If not eliminate it entirely, now being paid by our people. Repeal of the Sales Tax at this time would eliminate the possibility of our getting rid of our County's debt for many, many years.

Remember, Please!

A vote to repeal the Sales Tax is a vote to place a heavier burden upon your estate.

The Sales Tax is now law in 26 States and in New York City. Three States have a graduated tax. Sales Tax legislation is pending or planned in 16 other States. Can 45 States and America's largest city be wrong?

TO DATE NO STATE HAS REPEALED ITS SALES TAX!

The Sales Tax has kept the schools of Rowan County open with the result that our boys and girls have been accorded the free educational opportunity that is the birthright of every American child.

IN ADDITION TO THE HELP RENDERED OUR SCHOOLS THE SALES TAX HAS ENABLED OUR STATE TO FEED, CLOTHE AND PROVIDE WARETE FOR THOUSANDS OF OUR WORTHY AGED AND NEEDY UNEMPLOYED CITIZENS.

When real estate taxes were reduced last year State revenues were lowered to the point that the common school per capita was cut from \$6 to \$2.43. Through the generous efforts of Hon. Thomas S. Egan, who vigorously fought this proposal, the school per capita, THROUGH THE MEDIUM OF THE SALES TAX, was increased to \$11.60.

NOTE THE RESULTS IN ROWAN COUNTY

With a \$2.43 per capita prevailing Rowan County would have received \$9,929.04.

With a \$11.60 per capita Rowan County schools have been kept open and our county received \$46,632.00.

If the Sales Tax had not been operating, Education in Kentucky would have been dealt a serious blow. School terms would have been shortened; teachers unpaid and school plants everywhere would have suffered grievously because of the lack of necessary funds.

SYNOPSIS

The fact that had brought the Lawrence Lawrences to California at the beginning of the gold rush has been the greatest generation. From a little town near the mountains, they had come to a place where gold was being struck in quantities that had never been seen before. The Lawrence Lawrences, a family of seven, had come to a place where gold was being struck in quantities that had never been seen before.

where she was nor what she was doing.

She was next to Van on the drive. The car sped away into the foggy night; the big engine chattered on the grade. When they reached the top of the hill, the machine could run quietly, crossing through the enveloping thick mist. Gold spoke for the first time.

HIGHGRADE 'QUAKES'

The experts of the United States coast and geologic survey have completed a bulletin that will make quakely earthquakes. There is a reason. Although scientists can trace a quake to its birthplace, and find thousands of active faults, states fairly apparently its size, they have comparatively little about the way in which structures are affected, or about earthquake-resisting construction. This bulletin vibrates not as well as experimental houses, and a sensitive brittle resting on a sheet of graph paper shows how the tremor is communicated to the building.

BIDS DEFIANCE TO HOT WEATHER

PATTERN 2319
 The hot weather brings us to the clothes every woman of generous proportions must cope with—how to keep cool and fresh looking on those stifling days? Well—Looking Cool does a neat way and pattern 2319, with its loose, easy cape sleeves, soft-treated waistline gives you a mighty cool outlook on life. And very satisfying, too, are the graceful folds of the cape that does wonders to equalize proportions. The darts over the bust and at the waistline cleverly contrive to avoid a too-firm look at the strategic points. Pick a sunny printed voile or other sheer.

Chandler and Rhea

(Continued From Page One)

Chandler has no chance to match Federal money with dollar for dollar to pay the old-age pensions unless they have the revenue to do it with, was one of the features of the Rowan Countians speech.

Rhea supporters pointed out that while the legislature was in session attempting to raise money with which to operate the state government, that Chandler ever refused to sign the bills, as provided by the terms of his office; after they had been passed. Chandler had no plan to offer, but all the time he kept knocking any measure that was brought up, was one phase of the speech. "He didn't know any better . . . He didn't know any better plan . . . he could do was knock-knock-Knock while the legislature was trying to do something."

Chandler tells you people that he gave you the primary, one speaker declared. "Do you know that it was not for a convention you nor I would have ever heard of Happy Chandler. He is the product of a convention, and ran into office on the slate of Governor Laffoon."

Meanwhile the Chandler speakers concentrated their power on scoring the sales tax. They declared it unjust taxation on the little man; that it taxes the necessities of life; that the people are unable to pay it; and that to elect Tom Rhea would be to return the government to Governor Laffoon. Judge Rhea was scored in some of the speeches Chandler's plan of taxation, old age pensions and free text-book was also outlined.

Republican Voters This Is Bath County's Year To Select A Representative

Vote For Mrs. Rosamond Radcliffe SEESE

"SHE CAN WIN IN NOVEMBER" Mrs. Seese Solicits Your Support On The Following Platform:

GREETINGS TO THE VOTERS OF THE SEVE LEGISLATIVE DISTRICT COMPOSED OF BATH AND ROWAN COUNTIES.

I take this opportunity to announce as your candidate for Representative, subject to the Republican primary August 3, 1936.

This is, by mutual agreement, Bath County's time to select a nominee for Representative. If we have the happiness and well being of our people at heart, it is our duty to give more thought to whom we elect to our public offices. It is a well known fact that the public in general has already suffered too severely by the method of unfair and unjust practices of selfish politicians.

I should not have any opposition.

Governor will speak there. A barbeque has been planned for the occasion.

John Waugh, Ashland, delivered an address at the Sandy Hook high school gymnasium Tuesday evening in the interest of the candidacy of Hon. Thomas S. Rhea for Governor. The building was crowded to overflowing to hear the Ashland Attorney.

A. B. "Happy" Chandler, opponent of Mr. Rhea will deliver an address at Sandy Hook July 22, according to word received here. A barbeque is being planned by Mr. Chandler's friends and supporters.

Gillette, Hollis, Okla.; Mrs. T. H. Selma, Ala.; and Miss Emma Graves of Crystal Springs; and three brothers, Dr. L. M. Graves, Memphis, Tenn., and Clyde and White Graves of Crystal Springs.

Dr. Graves was taken Saturday to the Lexington hospital. His condition, diagnosed as locked bowels, was critical. It was later determined that he was suffering from twisted bowels, but it is doubtful if an operation could have saved his life at any time.

son for all teams, except 2, going in the "red" during the first half. Some clubs enjoyed substantial gate receipts, but the majority reported a drop in attendance. An example was at Mayeville Sunday, when a game between the Selects and Flemingsburg attracted fewer than 150 paid admissions.

"The managers feel that by playing independently the remainder of the year, thereby doing away with high priced players and league expense, they will be in a better position to continue the league and possibly install lights next year," President Lonnie Barnard stated in announcing the decision. No club

interests are backing Chandler will take the stump for Tom Rhea in a radio address over station WHAS at 8:30 Friday evening. That, in itself, is a blow to the nomination of Chandler. Whether or not it will swing 75 percent of the veterans vote as predicted, remains a matter of conjecture, but it is a well known fact that Vinson carried the banner of the Legion legislation for the entire nation at Washington—a world war veteran himself—made here the opening address for the payment of the bonus in Congress—and introduced the Vinson bill backed by the American Legion.

From down S. Mt. Sterling way comes the information from a reliable source that Commonwealth Attorney of this district, W. C. Hamilton, is a Rhea supporter. Mr. Hamilton reputedly is one of the group that has always felt in line with those here that are advocating Chandler's nomination—or it might be more correct to state that those here have always fallen in line with Mr. Hamilton. Another Mr. Sterling, political leader—Judge Senff, a member of the Morehead State Teachers College Board of Regents, and County Judge of Montgomery is supportive. No doubt that Mr. Chandler had expected the support of both Judge Senff and Mr. Hamilton.

For those who do not have radios the local headquarters for Mr. Rhea have planned to install a set with loud speakers at the courthouse. Mr. Vinson will go on the air at 8:30 p. m. Friday evening over station WHAS, Louisville.

It is probable that before this campaign ends, Mr. Vinson will speak in Morehead.

BASEBALL DANCE

Since the debanding of the Kentucky State Baseball League, Manager Doc Parker of the Morehead club said that profits from the scheduled baseball dance at the gymnasium next Tuesday evening will go towards paying off an old indebtedness of the club. It is understood that the Morehead club has a note of doubtful proportion which has not been paid off, and the interest has accumulated over a period of more than a year.

Clearfield Club Holds Anniversary Party

The Clearfield Community Club, organized July 12, 1934 has in the year of its existence attained many outstanding and loyal purposes to

the community in which it functions. Organized by 16 women of Clearfield, it has grown to a place where if now has a membership totaling 46 active workers of which 36 were present at an anniversary party on last Sunday in honor of the club's first year of active work. All officers were re-elected in another term. They include, M. Jim Rigby, President; Audrey Acton, Vice President; Marie McMaine, Secretary; and Letitia Hall Treasurer. During the first year, this organization has spent over \$100 for the needy of the Clearfield Community.

ACTION DRAMA AT COLLEGE FR

"Sanders of the River" is an action picture with authentic African background. It is the type of drama that we all like for these summer days to take up away from the realities of our work-a-day world. The College Theatre is pleased to offer this type of an attraction with its enough calibre to be a class picture.

When you hear America's foremost negro singer, Paul Robeson perform, you will be pleased if you like music. If it is action you crave there is plenty of it in the fight between the African tribes and the white guardians. If majestic every impresses you it is there.

If you like the "shorts" you will be entertained by the "Fox News" another of the inimitable "Topsy" cartoons and a comedy. Watch next week for an eye western. The College Theatre is only standing merit. Richard Dix and Margot Graham guarantee star actor quality, and the subject "The Arizona" deals with the famous problems of the settling of the state of Arizona.

Election Officers

The Board of Election Commissioners will name election officers probably next Monday or Tuesday. Sheriff Mort May, state today. The commission is composed of Arthur Blair, Mort Bowne, and Sheriff Mort May. It is probable that Mr. Bowne will not be here at the time necessitating an appointment from the Governor on recommendation from the county Democratic chairman.
