Dear Mark:

Thank you so very much for your kind note of July 1, 1980. I, too, enjoyed talking with you, and I'm really looking forward to working with you during the coming year.

I'm sorry to say that our August 21st date is no longer a reality as we've booked a small concert for that date. However, I am greatly interested in working with you on a show for the latter part of the first week in September.

I would like to reach a decision within the next couple of weeks so as to allow for maximum advance publicity.

I've enclosed my card with my home telephone number on the back for your convenience. Please contact me as soon as possible so we may discuss availabilities for that week.

Again thank you very much.

Sincerely yours,

I really enjoyed talking with you yesterday. Please let me say that I am extremely pleased that you will be performing here in August. I am sorry however, that I couldn't offer you more flexibility with regard to the date. But after talking with you, I feel you will be an excellent addition to our welcome week activities.

I've enclosed my card with my home telephone number for your convenience. Please feel free to contact me at anytime.

Again, I look forward to meeting you and enjoying your performance here.

Dear Mr. Brockman:

Thank you very much for your correspondence regarding Dr. Hunter S. Thompson. Our association is always receptive to the possibility of acquiring speakers of the caliber of Dr. Thompson.

However, I would need additional information regarding the cost of bringing him to Morehead State University, as well as open dates in conjunction with your tentative date of September 18.

Britt, I must say, with much disappointment, that I doubt such an engagement will be possible due to activities we are considering at this time. However, the above mentioned information would be very valuable in making our final decision.

It was most kind of you to keep us in mind regarding his tour of our state university. All of us in the student association are deeply appreciative of your consideration.

In closing, let me add that I look forward to meeting with you in the not too distant future, as we really didn't have much of an opportunity to talk in Frankfort on June 23.

Again, my sincere thanks.

Respectfully yours,

Steve O'Connor

Dear Mr. Bucalo:

Thank you very much for your memorandum of July 8, 1980. To be quite honest with you, I haven't had time to reply until now.

Although I truly admire the zeal with which you approach the problems associated with the student advisory committee, I question the end result. I also question why such suggestions as you outlined in your skeleton rules were not offered to the committee by your school's representative. It would appear that through her initiation, such ideas would be more acceptable to the committee as a whole.

Sam, I do feel, as you do, that some outline must be established regarding the student advisory committee's status. I would expect that all presidents not serving on the committee would work closely with their representatives to the committee. However, outside, direct influence on the committee would be counter productive in my opinion.

It is for these reasons that I hesitate to comment further regarding the rules offered on June 23.

Should you wish to clarify your position or inquire further regarding my comments, please feel free to do so.

Sincerely,

Steve O'Connor

Dear Mr. Graham:

During the course of the summer, we have rearranged the furniture in the Student Association office. This rearrangement has necessitated the extension of existing phone cords in order that they may be placed in the appropriate area.

Also we have noticed some minor damage to the phones as well as repairs which are listed below:

- (1) The face around dialing apparatus on both phones is cracked; please replace them.
- (2) Both lines emit static sufficient to inhibit conversation; please repair.
- (3) Please have each line running from wall to phone extended by 10 feet.

Thank you for your cooperation.

SUBJ: Sales Tax on Concert Tickets

Six hundred and forty-seven tickets were sold for admission to the SA "LeRoux" concert on Friday, September 5, 1980. Three hundred tickets were sold at \$2.00 in advance of the day of said concert to students. "Advance" sales to students were exempt from sales tax. Three hundred and three tickets were sold at \$2.10 (sales tax included) each to students on the day of the show (non-advance sales). The tax on these tickets amounts to \$30.30. Forty-four tickets were sold at \$6.30 (sales tax included) each to the general public. The tax on these tickets amounts to \$13.20. The total taxes collected by the SA for the aforementioned concerts amounts to \$43.50. This is the activity to date for the month of September, 1980, in which the SA is required to charge Kentucky sales tax, according to KRS 139.210.

I am sending through a club fund request payable to MSU for the Kentucky sales tax of \$43.50. Please include this amount on your monthly report to the Kentucky State Treasurer.

RE: Student Association Scholarships for  
Executive Officers

On May 22, 1980, I sent you a memorandum stating the persons, and the respective amounts, who as Executive Officers, were to receive Student Association Scholarships for the Fall Semester of 1980.

Mr. Daniel Joseph Porter (SS# 142-66-5562) did not return to MSU this Fall. He was the Treasurer of the SA and was to have received a \$100 scholarship.

The \$100 SA Scholarship is now to be awarded for the 1980 Fall Semester to Mr. Michael Todd Holdren (SS# 286-72-6468). Realizing that the amount cannot be deducted from his fees at this time, a university check for \$100 will have to be written to Mr. Holdren for the amount. When it is ready, please notify Clyde James and he will get the check to Mr. Holdren.

Miss Tammy Utt, Vice President  
Student Government Association  
Marshall University  
MSC 2W-29

Dear Miss Utt:

In a legislative proposal last week, the Morehead State University Student Association voted unanimously to challenge the students of Marshall University to a blood drive. It is in the spirit of competition and with the knowledge that both the State of West Virginia and the Commonwealth of Kentucky will greatly benefit from such a drive that this challenge is offered.

As President of the Student Association, I hereby issue this formal challenge to the students of Marshall University:

We, the students of Morehead State University, challenge the students of Marshall University to determine which school can produce the greatest number of student donors for the American Red Cross Blood Drive. The details of said drive to be worked out at the convenience of the American Red Cross and both schools.

Respectfully yours,

Steve O'Connor  
President

PROPOSED MODEL FOR SUMMER SCHOOL 1981

Eliminate the word and concept of intersession. Summer school would be divided into two Sessions (Summer I and Summer II). Workshops, travel courses, and seminars may be added throughout Summer I and Summer II. The maximum number of hours a student can earn in either session would be six (6) hours, therefore, it would be possible for a student to earn 12 credit hours if he/she went full time Summer I and II. It is suggested that we have a four-day week (Friday, Saturday, and Sunday would be free and the University could be closed for instruction). If some of the school systems are late in dismissing because of snow days, some Summer I classes could begin a week late and run five days each week.

Classes will meet Monday through Thursday with two (2) hour periods of instruction. Based on 50 minutes class periods being equal to one (1) hour of instruction, the required number of contact hours will be met.

Calculations:

130 minute class periods x 19 class meetings = 2280 minutes of instruction  
2280 minutes of instruction divided by 50 minute base = 45.6 contact hours.

Registration would be May 26 and July 6.

TIME SCHEDULE FOR CLASSES

- 8:00-10:00
- 10:10-12:10

RE: Bicycle Storage

The Student Association has developed the means by which a residence hall student, if he so desires, can place his bicycle in storage during the winter season. The SA has and will work closely with the Safety and Security personnel and others in Student Affairs to implement and supervise the program.

A residence hall student's bicycle can be stored on the first floor of Mays Hall on a voluntary basis. A student desiring to store his bicycle will be required to fill out a bicycle registration card (see example) and have his Social Security number engraved on his bike by a security officer. A storage tag will be placed on the bike and the student will receive part of the storage tag containing the storage receipt number, which he will use to claim the bike at a date to be announced.

SA workers and security officers will be available on the first floor of Mays Hall on Monday and Tuesday, November 10 and 11, from 3:00 p.m. to 6:00 p.m. to register the students' bikes for storage.

The SA, the Division of Safety and Security, the Bureau of Student Affairs, or anyone employed at MSU will not be responsible for damage or theft of a bicycle placed in storage. The student voluntarily places his bike in storage. There is no charge for the bike storage.

If a student later decides to place his bike in storage or if a student desires to remove his bike from storage before a date to be later established and published for bike removal, he will have to work out an arrangement to do so with and at the convenience of Safety and Security personnel at their office in Mays Hall.

The SA office is located on the second floor of the Adron Doran University Center. Our phone number is 783-2298.

## *Blood feud flows between Marshall and Morehead*

By Sue Greathouse

Marshall University students will be out for blood Wednesday and Thursday.

Morehead State University has challenged Marshall again in the second competitive blood drive between the two schools.

Last year Morehead won the competition with 558 students donating, while Marshall had 434 students.

"We are hoping for 300 students a day this year," said Cindy Gable, student coordinator. "We would like to see record numbers of students donate blood."

To spur donations, Marshall's Student Government is sponsoring competition between student organizations, Gable said.

The male and female residence hall floors with the highest percentage of residents donating will win a free pizza party from Mario's Pizzeria and Restaurant

and Pizza Palace. A trophy will also be placed in the residence hall lobby.

The fraternity and sorority which donates the most blood by percentage will receive a keg of beer from North Pole and Atomic distributing companies, Gable said.

The student clubs and organizations which donate the most blood will receive a trophy.

The blood drive will be held in the Multi-Purpose Room of the Memorial Student Center from 10 a.m. until 4 p.m., Pam Stacy of the Red Cross said. Faculty members taking a class at Marshall can donate and be counted in the student count.

The winning school will receive the engraved plaque presented to Morehead last year. The award will be presented after Morehead's blood drive Gable said.

Dear Class of 1984:

Please allow me this opportunity to welcome you to Morehead. I hope that your pre-registration is going well and that you are using this visit to familiarize yourself with our beautiful campus.

During pre-registration, you have hopefully begun the transition to University life and although the happenings may seem hurried to you now, you will soon adjust to the pace of campus life. Your Student Association is here to help you in any way possible with the adjustments you must make. Its services are many and varied, and it strives to be receptive to your ideas.

I urge you to join with me in representing your fellow students. By doing so, you will have a great opportunity to broaden your perspective of a good many areas.

Please stop by our office on the second floor of the Adron Doran University Center between Monday, August 18, and Thursday, August 28, and sign up as a candidate for freshman representative. If you have any questions, please don't hesitate to call on me.

I hope you have a great summer. I am looking forward to meeting you during pre-registration and working with you this Fall.

Your friend,

*Steve*  
Steve O'Connor
