State Convention.

From the Yeoman.
At a meeting of the friends of the Con-
stitution, held pursuant to notice, in the
Democratic Hall, in Frankfort, on
Thursday evening, the 13th of March, 1848,
The meeting was called to order by
J. S. BROWN, Esq., when the Honorable
C. H. MCGEE was unanimously called
to the chair, and J. S. BROWN and WILLIAM
G. HEARNS appointed Secretaries.
George W. Williams, Esq., from the
committee appointed to report an address
to the people of Kentucky, making refer-
ence to the meeting, was admitted; to-
wit: To the People of Kentucky.

By an act of the Legislature, the ques-
tion of the propriety of calling a State
convention to consider the ratification of the
new Constitution, has been fairly submitted; and
a decided vote has rendered your
savings of time and energy. The number of qualified vot-
ers in this State was reported to be 136,795,
and of that number 99,999 voted in
favor of a convention.

By the constitution, the question has
to be submitted again, and in obedience
to its provisions a list has been prepared
for such purpose. These more you will
be called upon to vote for a convention.
We find an address consisting of
several resolutions, which we deem
it but right to bring to the attention of our
Conventions, assembled from all parts of the
State, on the subject of calling a State
convention to consider the ratification of the
new Constitution.

The right of suffrage, and the right to
fair and equal representation, are regard-
ed as of the invaluable rights of freedom.
The right by which those rights are
secured should be clearly defined and easy
to be understood. Divided as the State
is into separate communities, defined by
the lines of counties and counties, and
which should not be lost sight of, that
each community, as near as practicable,
should be represented by an equal number
according to its population.

The present Convention directs the observance of two
principles in the appointment of dele-
gates. One is, to represent the entire
disposition of adjacent residents. In
practical, these principles are not suffi-
cient to guide the Convention in its
legislative positions. It is conceded by
those who have been engaged in forming
the Convention, that an appointment
is impracticable, on this day, to arrange
an appointment bill in strict conform-
ance with this constitution. We frequently
asked, as to how strongly the
party struggling for power. Should the
right to be fairly represented in the
convention of the State be considered
conflict of party? Should it not be
considered among the unalienable rights
of the citizen? In apportioning the Sen-
atorial representation, we have been guided
by a geographical disposition, or the
transposition of the numbers of districts,
and we have been guided by the number
of voters in each district, and we are
denied the right of suffrage more than
once in seven years in their Sen-
atorial representation. In fact, our Sen-
atorial representation is based upon a
geographical disposition, and we are
denied the right of suffrage more than
once in seven years in their Sen-
atorial representation. In fact, our Sen-
atorial representation is based upon a
geographical disposition, and we are

atorial representation.

Whatsoever mode of appointment may
be adopted, whether at the hands of the
people, or by the Judges—we think there
should be a limit to their term of service.
If the office of Judge is to be held for
less than the term of his chief, he has
a certificate of his qualifications from some
other authority, and we are denied the
right of suffrage more than once in
seven years in their Senatorial repre-
sentation. In fact, our Senatorial repre-
sentation is based upon a geographical
disposition, and we are denied the right
of suffrage more than once in seven
years in their Senatorial representation.

From the Washington Union. Opinion of an Impartial Spectator. The following communication is, as it may be, written by the gentleman at Montreal.

From the Washington Union. To the Editor of the Union: Sir: The people of Canada cannot look with indifference on the war between the United States and Mexico.

The Mexican war has therefore attracted the attention of the Canadian people from its origin to the present time. We see in its protracted continuance the danger of its producing a money crisis, which must react on the commerce and industry of the United States.

Who ever knew Santa Anna to refuse a favor to an American? and commands the whole nation to follow him. We have read of his taking four hundred men of Colonel Fannin's army in Texas, most of whom he believed are the same as the men who were prisoners of war, and a few days afterwards marching these four hundred men to a convenient spot, unarm'd and unarmed, and ordering them to be put to death.

The Kentucky Flag. EDITED BY SAMUEL PIKE. SAMUEL PIKE AND JOHN M. HELMS, PROPRIETORS AND PUBLISHERS.

On Friday last, about 2 o'clock, P. M., a little daughter of Mr. Volney Evans, of Aberdeen, was inhumanly deprived of life by a lance wound in the neck, inflicted by the mother and the rest of the family were absent.

Mrs. Evans had gone to the house of a neighbor, leaving her little daughter asleep in the cradle, and kneeling by the fire reading the Bible. After the mother had left the house, Reed jerked the child out of the cradle by one arm, with each foot as a brace to the shoulder, and then with a broad-axe inflicted five different cuts upon the head, of which the little innocent died, in about four hours after.

Circumstances, both before and after the commission of the horrid deed, leave no room to doubt the insanity of its perpetrator, and we learn that he will be speedily sent to the Lunatic Asylum, where he should have long since been.

Gratitude of one of the Sufferers. From the following card, which appears in the Westburg (Va.) Herald, it will be seen that the sufferers from the wreck of the A. N. Johnson, who were so long exposed to the elements, do not forget the kindness and hospitality extended to them by our citizens, on that heart-rending occasion.

New Cumberland, Brooke Co., Va. February, 19th 1848. Mr. Editor.—I wish through the medium of your excellent paper, to return my sincere thanks to the citizens of Maysville, Kentucky for their kind aid and attention to myself and others, whose life it was rendered by the explosion of the Steamboat A. N. Johnson.

Religious Notice.—President Stanton of the Union College, assisted by Bishop Doane, will be in the city of New York, with the Third Day's Meeting in Washington, commencing on Friday evening, the 24th instant.

Mr. J. C. Mason, of the firm of Bishop, Wells & Co., 8 East Front street, is our authorized Agent to receive subscribers and advertisements for the Kentucky Flag, in Cincinnati. Orders through this Agency will receive prompt attention.

Fowler's Journal, for March, is an excellent number; equal, if not superior, to any of its predecessors. We are glad to see it well patronized in this city.

A Kentucky House in Cincinnati. James W. Wells, & Co. whose advertisement appears in our paper to-day, have received their first importation of Groceries, and are now doing a heavy business in that line.

The Western Token.—A new paper, under this title, has just made its appearance in the "Queen City," which bears the name of our ancient friend, J. W. D. Palmer. It is a semi-monthly of 16 pages, got up in good taste, at the low price of 50 cents per annum, and is filled with literary and miscellaneous articles.

Religious Revival.—We learn that a great revival is going forward in the city of M. E. Church at Sardis, in the West, under the ministry of Rev. Messrs. McGee and Sullivan. From 30 to 40 converts were brought into the fold.

The Packet Clipper. Carr, Donovan, will leave this city for Cincinnati, until further notice, on Tuesdays, Thursdays, and Saturdays at 8 o'clock, A. M. All persons having public mail to be sent by this route, will do well to be on hand, as advertised.

AIN'S SEMI-ANNUAL SUPPORTER. We are glad to see the improvements of the day, there is no more entitled to the attention of the affected, than the article which bears the above name, and may be found at the Drug Store of J. W. Johnson & Son, on Second street.

An instrument designed as a remedy for a complaint incidental to the spine and abdomen, and we are assured by a gentleman who has been wearing it for some days past, that it has almost made a new man of him, so great has been the relief which he has experienced from its use.

Latest from Washington.—Our latest dates from Washington are up to the 5th inst. The five million loan had been taken. Bids amounting to \$17,000,000 had been offered.

We neglected to mention in our last, that we came in a "squirrel's jump" of being elected City Printers, at the meeting of the Council on Monday evening last week. Our second election was held on Friday last, and we were elected the Eagle man, and we are as "happy as lords" over the result.

Death of a Printer.—Edward R. Cochran, a printer, of Lancaster, Ohio, died on the 20th ult., in that town, aged 27 years, leaving a wife and little son to mourn their irreparable loss. The deceased was a good man, and we are very sympathetic deeply with his bereaved wife and her little son.

Family Flour. SUPERIOR FLOUR, warranted pure and whole, A and B for sale by A. T. WOOD, March 15, 1848.

Capt. Cox's Letter. It is a little strange that both the Herald and Eagle, of this city, should have published the important letter from Capt. L. M. Cox, in relation to the Mexican war, without a single word of comment.

The organization is the best which we have seen in any of the States, and sincerely do we hope that Kentucky will adopt the same, or a similar plan, at the Frankfort convention to-day.
