ELECTIONS.

THE SOUTH AND WEST ALL SAVED!!!
 Extract from a distinguished source in Ohio.

"We have returns from Kentucky and Indiana sufficient to assure us that the people have risen in their might for Gen. Harrison; in fact, he has swept every thing before him. We rely on complete success in Ohio. The vote is for Van Buren to the core, and so in Missouri, and I believe, Illinois. Do your duty in New York, and Harrison is elected by the people."

NORTH CAROLINA.
GLORIOUS VICTORY—DUBLY ELECTED.

"We understand, from a gentleman who left Raleigh on Monday evening, and who arrived in advance of the mail, that, on Monday evening, returns had been received from twenty-seven counties, in addition to those already received, which gave Dudley the Whig candidate for Governor, a majority of nearly three thousand votes. The counties yet to be heard from will increase the majority. The Van Buren party had given up all hope of electing Speight, but claimed a majority in the House of Commons, whilst the Whigs felt confident of success there also.—Two stanzas of poetry, taken from a Constitution given filled with Whigs came from Glasgow on Tuesday, having flags flying in honor of the victory. We believe all these particulars can be relied upon.

Missouri Election.—The utter despotism of the Van Burenites, by the appalling intelligence from the State, may be judged of the following extract of a letter from the friends of the Whigs, Aug. 5, to the *Frederick of the Globe*:—"This way Ashley runs to beat the Jews?" There is no accounting for it."

Another remark of his letter writer, who is a congenial spirit with Blair, says:—"The patronage of the General Government has not been used to sustain the republican party as far as we have a right to expect, nor so far as the opposition give credit for."—*N. Y. Evening Star.*

NATHANIELS, (Lr.) July 23rd.—By a gentleman, (Mr. Perkins) who arrived here on Tuesday last, from Texas, we are informed that Capt. Carnes, Miller and H. Fitch, together with other prisoners who were so notoriously taken by the Mexicans at Matamoros, have since been liberated, with the exception of Henry Teal. The reason why Teal was detained, is not known; but remained with Teal, the others went to join the Texian army on the Colorado.

News have reached us, stating that the Mexican army is again retreating to Matamoros, in consequence of the Chieftain having broken out among them, and committed great destruction. We learn from undoubted authority, (Mr. Allen) that several tribes of Indians have collected on the Sulphur Fork, in Texas, and are preparing for hostilities, in behalf of the Mexicans. Gen. Gaitner informs Mr. A. that the company of Dragoons would not come down from Fort Towson until further orders.

DEPARTURE.—Departed this life August the 25th, MARY LORAIN aged 15 years, son of N. L. NIX.

STRAYED.

FROM the subscriber 4 miles from Flemingsburg, on the road to the Poplar Springs, about the first of this month a dark brindle Bull, white face and some white on his belly, his horns stand out from his forehead, three years old, very long tusk, thin and distinct teeth, his views and principles upon any political subject, consequently their views are well known. Not to however with Mr. Van Buren, mark the difference in the language of him and that of the other two gentlemen. Mr. Van Buren, wishing to please all, and wanting independence to show his own opinions, they may not agree with others, seeks to clothe his communications in obscurity, or to frame his language as to make it susceptible of a double meaning, consequently his real opinions are not so well known.

Facts are incontrovertible Truths.

AND it is a fact "That the Colmanian Restorative for Hoarseness, cough, &c. Dr. BROWN, has cured more persons of Hoarseness, in various parts of the U. S. (as the certificates in his possession will show) than all other modes combined (that) the proprietor ever heard of; and he is authorized that such satisfactory proof can be given of its efficacy, and its perfectly safe mode of application, together with the important fact, that very few who used a package, (2 or 3) failed to effect a cure, and compared with the object in view, the cost only Five Dollars, it is surprising any could neglect the use of it.—Of thirty cases of Hoarseness noted in his Book; the six following are the most frequent, and are labelled thus:— (A) Where it arises from taking cold and thereby producing a variety of sounds, such as the buzzing of insects, a cough or air thro' a cavity, and at times a sense of pain in the throat, also a faint waterfall; (of this description) the cure is effected in a few days, and after 40 years deaf much improved. (B) Where there is a sensation of fullness in the Ear, and an insensibility of the Nervous System. (C) Where it arises from Inflammatory Discharge of any kind; causing a gathering in, and discharge from the Ear. (D) Where it arises from a violent congestion of Air, as by discharging of cannon or musket fire, whereby the Nerves have become paralytic. (E) Where a healthy secretion of Wax had ceased, and produced an unpleasant disorder therein, as often occurs in aged persons. (F) Where the Nerves are debilitated, as in debility. He has professed the efficacy of his Medicine to cure diseases, which proof he would take a pleasure in showing to the afflicted or in delivering, by calling at his residence, corner of Pleasant and Salisbury streets. The Editors of Newspapers who insert this advertisement and forward the paper 3 months, shall be entitled to a package (for their own use) of that of a friend) at the close of said term. Persons interested to see certificates, may obtain copies by addressing him post-paid, therefore. Baltimore, July 14.

Philadelphia Mirror.

THE splendid panorama awarded to the Philadelphia Saturday Courier, induces the Editor to commence the publication, under the above title, of a quarto volume, more popular journal, so long known as the *Large Family Newspaper* in the United States, with SUBSCRIBERS TWENTY-SIX THOUSAND. It contains full and complete news recently introduced of furnishing their readers with the best and cheapest family newspaper articles in the land having proved so eminently successful, the plan will be continued. Six volumes of the splendid illustrations of Captain Murry, and sixty-five of Mr. Brooke's valuable engravings from Europe, have already been published without interfering with its news and miscellanea series reading. The Courier is the largest and cheapest family newspaper ever issued in this country, containing articles in Literature; Science, and Arts; Internal Improvements; Agriculture in short every variety of topics amply introduced into a public journal. Giving full complete news, and market, and now at the lowest price.

It is published at the low price of \$2, for this small sum subscribers get valuable and entertaining matter, each week equal to 52 volumes of news, and 200 pages of illustrations. A complete set of this work, read weekly, by at least two hundred thousand people, scattered in all parts of the country, from Maine to Florida, and from the New to the lakes. The paper has been so long established, and its excellence is so well known to require an extended prospectus; the publishers, therefore, will do no more than refer to the two leading daily political papers of opposite politics. The Pennsylvania Enquirer and the Saturday Courier is the largest and one of the best family newspapers in the Union; the other, the Inquirer and Daily Courier, says, "it is the largest journal published in the United States, and one of the most valuable newspapers in the world." The New York Star, says, "it is the most liberal on the part of editors, and means more efficacious to draw out the dormant talents of our country than their number." The Albany Argus, says, "it is the most liberal in offering literary prizes."

The *Philadelphia Mirror*, published by J. A. TURNER, D.C., for J. A. TURNER, C.B. & CO., No. 29, N. 3rd St., Philadelphia, is published weekly, and its value is highly appreciated by the public; if we may judge by its success, it exceeds 25,000 per week. Its contents are as generally varied, and each number contains more really valuable "reading matter" than is published in a week in any daily paper in the Union, and its extended dimensions enable its enterprising proprietors, Messrs. Turnward & Clark, of Philadelphia, to publish in its columns, in the course of a year, several of the most interesting new works that have been published in Great Britain; which cannot be had in this country, unless they do not find it worthy of preservation. To meet the wishes, therefore, of such of their subscribers as desire to have their numbers sent to them, the Editor is issuing an edition of the *Courier* and *Mirror*, which will render it much more convenient for reading when it is bound in a volume, and thus greatly enhance its value."

THE QUARTO EDITION.

Under the title of the PHILADELPHIA MIRROR, will commence the publication of the *Pencil Tablets*, to be published in the price of \$100, written by Miss Leslie, editor of the splendid Annual, the Token, and author of Pencil Sketches and other valuable contributions to American Literature. A large number of copies, recently published, are in competition for the \$5000 premiums which will add value and interest to the succeeding numbers, which will also be enriched by a story from Miss Sedgwick, author of *Hope Leslie*, and the *Sympathy*, &c. whose talents have been so fully and so advantageously displayed, both at home and abroad. This approved FAMILY NEWSPAPER is strictly neutral in religious and political matters, and the uncomproising opinion of quaquery of every kind.

In addition to each of the publishers intended furnishing their patrons with a series of Engraved Maps, embracing the twenty-eight free states of the Union, &c. exhibiting the situation of the cities, towns, villages, lakes, the sea-board, and other improvements as displayed in canals, rail roads, &c. with other interesting and useful features, roads, distance, &c. forming a complete Atlas for general useful information, handsomely executed, and as distinct as any large quarto sheet, at an expense which nothing but the splendid patronage which for six years past has been so generously extended to them, could warrant.

TERMS.

The Philadelphia Saturday Courier has contained in its large paper the same price as heretofore. The Philadelphia Mirror, being a quarto edition of the Saturday Courier, with its increased attractions, and printed on the best fine white paper of the same size as the Saturday Courier, will be put at precisely one-half the price of that valuable journal, viz.—Three dollars per annum, payable in advance, (including the Map.) Four copies will be sent for Ten Dollars. WARD & CLARK, Philadelphia.

The type from Minion to large Job Letter. Orders from any part will be promptly filled. J. J. PATE, in the West, with whom exchange will confer a favor by giving the above an insertion, which shall be reciprocal when an opportunity offers. L. HOUMEDUE & CO.

THE subscriber being desirous to pay his debts and apply himself to his profession, offers for sale a beautiful farm, adjoining the town of Flemingsburg, containing 274 acres. It is well in woods.—About 140 acres are cleared, the balance beautifully, is very fertile, and the soil undisputable. The Turnpike road from Maysville to Mount Sterling will pass through or dwelling house and other necessary buildings. In fact the premises embrace as far as it is practical to do, all the advantages of both a town and country residence. The farm is admirably calculated for a stock farm; and if desired, other adjoining lands can be obtained. If not sold at private sale it will be exposed to PUBLIC SALE.
