Accused of Counterfeiting

Two shanty boat men, giving their names as Smith Price and Richard Bartlett were arrested at Ashland last week as supposed counterfeiters. For the past year these men have lived in the shanty boat on the Ohio river on the Ashland side and counterfeit money has been observed in circulation there for some time. The police who raided the boat found several counterfeit half-dollars, quarters and pennies, and the "makins" for more. The prisoners were taken to Covington.

Large Tobacco Shipment

Will Glass, of Grayson, has just finished prizing and shipping about 90,000 pounds of tobacco from the barn of Mrs. W. A. Womack of this place. Most of this tobacco was raised in and about the Oldtown neighborhood and some was purchased at a distance of eight or ten miles. Oldtown being the center of this tobacco district. The highest price paid was thirteen cents, the average prices being 10 and 12 cents. Most of the tobacco was sorted by Frank Gilbert and Joe Ward, of Grayson.—Russell Times.

Moore Caucus

Monday afternoon, the county committeemen of the Progressive party met at the court house. At this meeting the resignation of H. M. Hoskins, county chairman was tendered and accepted by the committee. Hon. Adam F. Childers, a practicing lawyer at the Pike County bar was chosen to fill his place. In various utterances of this convention it is plain to see that the Progressives of Pike County have great confidence in their strength, and it was reiterated by those who addressed the assemblage that a full ticket will be placed in the field this fall. The leaders of the party have repeatedly announced this intention, and a hot three-cornered fight for the offices of the biggest county in the State will be the result.—Big Sandy News.

Old Iron From High Bridge

Fifteen hundred tons of old scrap iron, which for many years constituted the iron work of the historic High Bridge, over the Kentucky river was sold Thursday by the Queen and Crescent and Southern Railway.

In 1911 the old bridge was supplanted by a new structure, which was built over the former one without interrupting traffic at all. The old bridge was for years a Mecca for summer excursionists and bridal couples. It was then the highest bridge over water in the United States.

The new bridge is 308 feet above low water mark on the Kentucky river, or thirty-one feet higher than the structure it replaced.—Louisville Evening Times.

Iron Miners Case Postponed

Owingsville, Ky., Feb. 21.—The case against the Miners of the Rose Run iron mines, set for yesterday, was, upon the motion of the commonwealth continued until the May term of court. The strikers, who are charged with conspiring to destroy property, shooting with intent to kill, etc., were all present and ready for trial.

NEW RAILROAD

Up Licking River Looked For By People in Near Future

We received the glad tidings Tuesday from the most reliable source, that the Licking Valley and Virginia Railroad, the proposed new line surveyed up the Licking river, would be built and that the work would begin in the near future. We were a little surprised to get this from the source from which it came, as it came from the fountain-head. The letter states that the new road will go through the largest canal-coal field in the world, and also the rich soft-coal field of Kentucky.

When this road is built, there will be a bright future for Falmouth, and the wise ones will profit by keeping their lamps well trimmed for the oncoming prosperity that is sure to be ours.—Ashland Independent.

Candidates' Names Not To Be Written

Frankfort, Ky., Feb. 24.—Attorney General Garnett to-day, in answer to a number of inquiries concerning the construction of the State primary law, decided that names of candidates cannot be written on the ballots in the primary. The voter in the primary must indicate with the X the list of candidates for whom he intends to vote.

This decision was made in answer to an inquiry if Republican could vote for Democratic candidates or Democrats for the Republican candidates by writing the names on the ballot.

The Attorney General also held that in county races the candidates were not required to get a specified number of signers to the petition in any certain precinct.

Teachers Wed

Ernest E. Ramsey, of Carter, and Effie A. Farley, of Hunnells were united in marriage last week.

The groom is a prominent teacher of Carter County and well worthy of the bride, who is one of Greenup County's most popular teachers. The bride is the charming daughter of Mr. and Mrs. H. Farley. After the ceremony they proceeded to their cozy home which he had prepared in Portsmouth, O.—Russell Times.

Quick Justice.

Gulfport, Miss., Feb. 21.—One month to the day, from the morning he shot and killed Chas. Dickey, chief of police of Gulfport, Percy Newkirk, a negro, was hanged here today. The officer was killed in an attempt to arrest the negro. Newkirk was captured, indicted, tried, convicted and sentenced within seven hours after the crime.

Dr. M. W. Armstrong was one of the court visitors at Grayson this week.

 OLIVE HILL - KENTUCKY

AGENTS WANTED

Agents wanted to take subscriptions for the Atlanta, Ga., Tri-Weekly Constitution. Valuable premiums for subscribers, liberal commissions and cash prizes for agents. You can make money fast in any small town or along any Rural Route. Some agents make a good living. Others make \$15.00 or \$20.00 a month on the side; soliciting subscriptions. Address for particulars: TRI-WEEKLY CONSTITUTION, Atlanta, Ga.

Mrs. Herbert King, of Greenup, was visiting home folks here this week.

Miss Jessie Cox visited friends at Hitchins the past few days.

B. F. Cooksey is in Cincinnati on business.

J. E. King, of Ashland and W. M. King, of Soldier, were here this week with J. H. Mobley looking after the interests of the Atlas Stone Co.

A little son of Robert Ross is seriously ill with pneumonia.

Letters Remaining Uncalled for at P. O.

The following letters remain uncalled for at the Olive Hill P. O., February 24, 1913.

Oria Mack,
 Alice Kiser,
 Della McFarland,
 Will Williams,
 W. H. Perry,
 Lonzo Parker.
 H. G. HICKS, Postmaster.

Dr. J. A. Harper, of Elliott, was a business visitor here Wednesday.

Attorney John Gray, of Sandy Hook, was here the first of the week.

Mrs. Yale is in Cincinnati this week purchasing spring millinery.

John Crawford went to Morehead Tuesday on business connected with his tie buying here.

The many friends of John McGill, who two weeks ago was operated on in Louisville for appendicitis, will be glad to learn he is expected to return this week.

Eggs for Hatching

From Pure Bred Barred Plymouth Rocks at \$1.00 per setting, 15 Eggs. The are good layers, and good enough for exhibition. My stock is from noted breeders.

J. E. RHODEN, OLIVE HILL, KY.

The Love Letters of a Confederate General

WE begin in the November issue a series of great love-letters written over fifty years ago by one of our national heroes to his sweetheart during the period of '61 to '65. This great general will go down to posterity as having accomplished one of the most brilliant feats of arms in the history of the world. He was as great a lover as he was a general, and now these letters combine authentic history and exquisite romance. They point a human note that no other work of literature has done in a decade; it is war, it is romance, it is history, it is literature. You simply can't afford to miss this wonderful series—an inside story of the Civil War now published for the first time and containing all the freshness of a contemporary happening. These letters will grip you hard, and hold your interest from first to last. Fill out the coupon and send it now before you forget it.

Reading notices 5c per line first insertion; each additional issue 3c a line.

WHY can't Olive Hill enjoy the benefits of a light plant and a moderate system of water works? It can't be far from a real shame that such a progressive town as this, filled with as good, enterprising citizens, stands denied the satisfaction of a good electric lighting system and the protection from fire afforded by a system of water works.

For the water works part we have a decided advantage of location; a hill on three sides of town—one really right in town—on which a tank of sufficient capacity to afford proper protection to the business part of town could be put at no staggering expense and its maintenance would be a matter of practically nothing compared with the fire waste.

It is our memory that quite a while ago, the C. & O. railroad company proposed, if the town would erect such a tank or reservoir, and lay pipe to their pump here, to keep the tank filled at no charge whatever in return for protection afforded to their property here. Of course for protection from fire only—not a water works system. If our understanding is correct in this matter, we are not by ourselves when we say that our authorities were slothful servants not to have snatched this proposition from the hot embers.

But in event this matter was only a rumor and had no foundation within the attention of the C. & O. railroad circle of officials, we should have enjoyed this benefit long ago from an investment of our taxes—our high taxes, our fabulous taxes, and a few fines thrown in for incidentals, instead of carrying them uncollected year in and year out.

And as to the lighting system. We once did enjoy this service but from causes best known to other it did not remain a permanent fixture in our town development and improvement laboratory, and how we missed it.

We have Morehead; a smaller but a nice, hustling, enterprising town with an electric lighting system OWNED BY THE TOWN. We understand that the investment of the town in the plant and system is something round \$8,000 and we venture Olive Hill collects more town tax than does Morehead. Then why shouldn't we look 'downcast when a stranger steps off a night train and wends his way through town and through blackness to which one could almost stick it with a knife? Street lights are essential to the safety of pedestrians who travel through our city after night time.

Then here, closer home is Grayson, our county seat town, and with a population of one fourth, and at best not over one half that of our thriving town (we ask the indulgence of our sister town for the comparison) with her electric lights "trimmed and burning." Can't we afford them and support them? Who says No?

This only goes to say we lack the proper public energy, the required interest in our own home town to get together and pull together for the establishment of such enterprise; very, very needed.

And hereby hangs a tale.
If we should tell you that Olive Hill in the town proper—could with its own finance install and set in operation an electric lighting plant you would almost lose your breath; or those of you who have always heard the old song entitled, "The Town's Hard Up."
And if we should tell you that there were enough fines, etc., due the town of Olive Hill, which are being carried from month to month as obligations due the town—owned by the town—the sudden revelation would strike you somewhat similar in compact to a town jobholder.

These are lines and tortures due

the city which should have been collected, 2303.20. These fines, principally, extend over a period of 3 years. And the number of these fines—individually—are money. We mean to say most probably that there are more parties owing the town fines than there are on the delinquent tax list.

Our taxes are so high at present that the laboring man has to stretch some to chin them, and they are high because the town has to have that much to keep the machinery going. Five years ago we were not burdened with as heavy taxation as we now are, and five years ago property was valued by holders at least 25 per cent less than at present and, too, five years ago our town was no "harder up" than is now. With the advancement of property, no added expense or salaries necessary, no new departments to be financed, no new town buildings or improvements it can call its own, and more people to collect tax from, it seems the rate should be lower by one-third instead of higher by one-half.

It is not our desire to misrepresent this matter or to be the least exaggerate, but the condition, existing at the expense of the tax payers, certainly should not exist. Why not collect the fines, have money in the treasury and own our own municipal systems of improvements. It behoves the citizens of Olive Hill to shake well before using at the coming town election, and help establish a little corner in our municipal government for economical reform.

The fact that about 10 per cent of the voters of the United States do not go to the polls and exercise the right of suffrage, seems to the writer, would be close onto meriting the place—not honor—of the eighth wonder of the world.

Suffrage is the free, and oftentimes called the only free right of a free born law learning man who has attained the age of twenty-one years, who can establish his relation as a son of the stars and stripes. And what is more, and worthy of more consideration is the fact that the exercise of our suffrage is the only and final voice we have in the managing and engineering of our own great government; our will as to our final topia.

We would not conclude that the animate machinery of our government is becoming less interested in keeping for this nation of ours a government of great principles of freedom, but let your own conclusions decide for you the cause.

Freedom in its entirety only comes by the reign of unbartered governmental principles in absolute execution, and a sacrifice of our suffrage is a self-sacrifice of our freedom as individuals, makes us unfulfill and furthers the cause of political and corrupt corporate piracy of our Ship of State.

Suffrage should be compulsory, with just exceptions for inability to exercise the right, and total disfranchisement follow successive infractions, staying the operation of political gambling pots.

RURAL TEACHERS BOD OF TRAMPS

Dr. Claxton Says They Change Districts Too Often.

RESULTS IN POOR TEACHING

Problem Must Be Solved if Real Strong Work is to Be Done in Country Districts—Is Hurting Children's Chances. Just a Question or Two.

In a recent address at Louisville, Ky., Dr. P. P. Claxton, commissioner of education for the United States, stated that the rural teachers constituted the greatest body of tramps known. Over 50 per cent of them move to a new district each school year.

Don't take Dr. Claxton's word for it. Think of all the rural districts you know and see how close his assertion comes to fitting your own and your neighbor's situation on the teacher question. The main reason for so much poor teaching in the country districts is that the teacher does not stay long enough in any one locality to know either the children or their parents. If it is as difficult as it is for you to manage your child after having it with you every day during its whole life, how can the average teacher do even creditable work when she absolutely does not know your children? She merely has got a nodding acquaintance with them; she can call them by name.

This is every man's problem as well as the teacher's problem. It must be solved if we are to have real strong work done. What will you do with it? It is what is hurting your child's chance for an education that is worth while. GET BUSY.

Just a Question or Two.
IS YOUR SCHOOLHOUSE AS UP TO DATE AS YOUR NEW DAIRY BARN?

IS THE INTERIOR OF YOUR SCHOOL AS MODERN AS THAT OF A BARN?

IS YOUR TEACHER AS COMPETENT AS THAT TRAINER FOR YOUR COLTS?

IS THE SCHOOL AS WELL PAINTED AS YOUR CHURCH?

IS THE WATER AT THE SCHOOL AS CONVENIENT AND AS GOOD AS THE PASTURE WHERE YOU EXERCISE YOUR COLTS?

IS THE STOVE IN THE SCHOOL AS MODERN AS YOUR WIFE'S GASOLINE RANGE?

Alm high in your farm work. Shoot at the moon if you wish. Of course you will not hit the moon, but the chances are that you will scatter a lot of bird shot somewhere about the sky.

Do We Think For Ourselves? Quite many things in our life are inherited from the past and are accepted without a thought. We are afraid of storms, the dark and a thousand and one other things because our ancestors, who knew nothing of science, feared them.

We went to school and did our tasks in a good old-fashioned way because that was the way our parents got their education. In thousands of schools scattered all over this enlightening country, we do the same thing about our children because of our habit of thought. Isn't it time for us to begin to view the child as something more than a receptacle for the three R's? Isn't school something bigger and better than we are trying to make the average country school? Doesn't real, pushing life demand more, than that it did 100 years ago? Doesn't life exist in the fields where crops are growing? Doesn't a problem exist except between the covers of a book? Is the geography of Africa as vital or as full of meaning as the brook that tumbles over rocks and mossy rocks 100 yards from the schoolhouse door? Does any one really believe that the lock step studies without a break mean an education in its best and broadest sense?

No problem is solved in this little chat. Only a few questions are asked that most of us groupings don't think about. Put yourself in your child's place for a moment and see if your school building, the studies and the viewpoint are in step with all the advances that the world has made in the other activities of our varied life.

Health of the Child in School.
Do you eat breakfast every day? Do you drink coffee or tea? Do you have your bedroom window open or shut at night? Do you own a toothbrush?
These and other pertinent questions are to be answered by the children in the public schools of Minnesota. They form part of a "health grading outline" prepared by Dr. Ernest B. Hoag, special director of school hygiene for the state, whereby teachers and school nurses may learn in the most direct manner possible the physical condition of the children entrusted to their care. "National cooperation of the mental and physical health of our school children" is the ultimate ideal of this and other current health projects reported to the United States Bureau of Education.

Young Women

Read what Cardui did for Miss Myria Engler, of Fairbault, Minn. She says: "Let me tell you how much good Cardui has done me. As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I was so weak that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

TAKE The CARDUI Woman's Tonic

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble. A tonic is needed to help you over the hard places, to relieve weakness, headache, and other unnecessary pains, the signs of weak nerves and over-work. For a tonic, take Cardui, the woman's tonic. You will never regret it, for it will certainly help you. Ask your druggist about it. He knows. He sells it.

Write to Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free.

LET YOUR RENT BUY YOU A HOME

You Can Easily Do It By This Plan

I have some very desirable building lots in Olive Hill on which I will build you a cottage home and you may pay for it at so much per month, just about what you are now paying rent, providing you buy and pay for the lot at the beginning, or, if you are not in position to pay down for the lot, I will sell you the lot on payments of \$5 per month and when you shall have paid for the lot, I will build you a house on it and you may pay for the house at \$5 per month. You pay rent year in and year out and in the end have nothing to show for your hard earned dollars. By my plan your rent buys you a home. Start to-day; own a home.

GENERAL NEWS ITEMS

Taken From Associated Press

With a provision extending its operation from judges of higher courts, the Kansas House of Representatives passed a constitutional amendment for the recall of public officers.

An exchange says that Shelby County has twenty four candidates for the eight county posts. That is nothing, we have here sixteen Democratic candidates for the office of Jailer. Mountainair.

Ira Damron shot and instantly killed his brother, Lee, at Danta, Va., the afternoon of February 20. He had been shot four times himself. Jealousy is said to have caused the deadly duel. Ira will probably not live.

Attorney General Garnett has placed Kentucky's deficit at \$2,225,000 by June 1. It is a pity that Governor McCreary did not do some more vetoing of appropriation bills and increase of salaries made by the last legislature.

Kentucky's two United States Senators are not in line with the people of the state. In the Lorimer case, both Paynter and Bradley voted not guilty. In the Archbald impeachment case one voted not guilty and the other dodged.

Secretary of the Treasury, MacVeagh has ordered the engraving of the plates for the new one dollar treasury notes. It will require eighteen months to put into circulation this new paper money which will be only two-thirds the size of the existing currency.

Barksdale Hamlett, Superintendent of Public Instruction has notified the county school superintendents and county boards of education that during the school year closing June 30, 1912, the State spent just \$4,455,642.72 on her rural schools, with an enrollment of 400,613.

Because he vowed in 1898, that he would not have his hair cut until a Democrat was inaugurated President of the United States, E. F. Boxwell, of the town of Hoisington, Kansas, has through Representative George A. Neely, of that state, made a request for a seat in the grand stand, near where the President will take the oath of office, with the provision that the seat must also be near a barber shop. He wants to get his hair cut as soon as Woodrow Wilson is President. Boxwell's hair is said to be 44 inches long.

Although Bank deposits in Kentucky amount to over \$200,000,000, taxes are paid on only \$13,000,000, while fourteen times more tax is paid on dogs in the State than all the stocks and bonds owned by citizens according to the report of the Tax Commission appointed under the authority of the last General Assembly. The dog tax amounts to \$127,000 and the tax on stocks and bonds only \$9,000.

Compared with January 1, 1912 the following changes are indicated by the Bureau of Statistics on January 1, 1913.

Horses have increased 58,000; mules increased 24,000; milch cows have decreased 202,000; swine decreased 4,232,000; sheep decreased 880,000.

In average value per head, horses increased \$4.83; mules increased \$3.30; milch cows increased \$5.63; other cattle increased \$5.16; sheep increased \$4.48; swine increased \$1.36.

The total value of all animals enumerated above on January 1, 1913, was \$5,501,783,000, as compared with \$5,008,327,000 on January 1, 1912, an increase of \$493,456,000, or 9.9 per cent.

The Old House

We Hold the Record Averages

Another Countain Heard From

We invite the attention of our readers to the advertisement of the Central Business College, of Roanoke, Va., in this paper, and it no doubt would be interesting to some to know that the President of this College is a former Carter County young man. The following lines are from a recent letter to us from him.

"My father moved to Carter County when I was about eleven years old, and I did not leave the County permanently until I was about twenty-four. I am now thirty-five years of age. I worked for English and Fell through that country. . . . I went with them to Menefee County and was out there three years. I am a member of Buffalo Lodge No. 41, I. O. O. F., at Carter City, Carter County; I never expect to move my membership, at least, I never have."

The Freedom of the Press

At the recent annual session of the Farmers' National Congress (36 States represented) by the delegates appointed by the governors thereof) the following resolution was unanimously reported out by the committee on resolutions and was unanimously adopted by the congress:

"Resolved, That, a free and fearless press is of such great importance in safeguarding our liberties that no legislation abridging the freedom of the press should be enacted by Congress, and that no legislation should be enacted by Congress unless it has been daily referred to and acted upon by the proper committee of both houses and opportunity has been had for free debate thereon in both the House and the Senate."

Big Game Preserve.

Frankfort, Ky., Feb. 15.—A big game preserve in the Kentucky mountains will be established this year. The game and fish commission has bought twenty white-tail deer, the breed native to Kentucky hills, and will set them free in Jackson, Leslie and Wayne counties as soon as the roads are in condition to permit travel by wagon back from the railroad.

Executive agent J. Q. Ward said it is probable that the deer will be branded, as there is no law now to protect deer in Kentucky excepting one preventing the killing of "marked deer." He thought the brand will protect the new herd until legislation can be secured. It will be necessary to prohibit deer hunting until the mountains are well stocked. There are 15 does and five bucks in the herd, which are to be shipped from the Lake Superior preserves.

Candidates for County offices will make no mistake in getting their announcements before the people early. It is our impression there will be a list of names similar to a roll call for the consideration of Carter voters this year—three full tickets in the field, and after May 2nd all will be "hustle and bustle" for signatures to nominating petitions. The Progressive reaches the people and our rates are not too high.

OUR COUNTRY COUSINS

UPPER TYGANT

Several from this place were at Grayson last week attending court. Among them were: H. P. Hamilton, Jerry Erwin, J. T. Kendall, James Reeder, E. V. Williams and Miss M. L. Harris.

There was preaching at Union Chapel, Sunday night, conducted by Rev. Harvey, pastor at the M. E. Church. There was a large attendance.

M. J. Evans is still buying tobacco, we wish him success, but he declares the market is no good.

Miss Bessie Frazier of this place is attending school at Berea.

Miss Libbie Morgan passed through here enroute to Farmers, Ky., where she is teaching. Her home is at Libbie, Ky., Lewis County.

Mr. Sam Ham has declined the idea of studying law, and will take a medical course.

Perry and John Thompson have gone north to hunt and trap. It was not cold enough here this winter.

T. M. Patton is just getting over a bad spell of grip. We are glad to see him out again.

J. L. Reenis is a candidate for matrimony on the Progressive ticket and we will help him for he needs some one to cook for him. Cheer up, John.

D. M. Jessie purchased a fine milk cow from Mr. Zomis the other day and is well pleased with his purchase.

Arthur Brickles was in this neighborhood last week, and wanted to buy some work mules.

Mrs. Arlie Johnson was visiting her parents, Mr. and Mrs. A. J. Dean, Saturday and Sunday.

COUNTY CROSS ROADS

Church at this place every Sunday evening. A few devout worshippers still meet.
