COMMUNITY GETTING BACK OF PLANS FOR BIG FAIR OCTOBER 15 AND 16 IS BUILDING INTEREST

From Three To Five Thousand Expected To Attend Fair On Those Days—Exhibits Will Fill Gymnasium To Overflowing—Agricultural Exhibits Under Supervision Of Mr. Goff—Other Stellar Attractions

For the past several weeks, the News has been "talking" school and Agricultural Fair in each issue, until the news there should be no doubt in anybody's mind that the big event is scheduled to take place in Gymnasium of the Morehead Public School on Thursday and Friday, October 15 and 16. At the same time, it will do no harm to again call our readers attention to the fact that the exhibits of the school children and the farmers will be put on display on those two days. There is every reason to devote all this time and space to the project, for there can be no greater incentive to doing good work, than the praise of their parents or friends. In addition to which, the mere fact that the parents themselves are entering into the fair with the same spirit of winning premiums and praise, should serve to make the entire fair a community interest of no small proportions.

Judging from the plans that have been heard discussed, there is no doubtably be an enormous crowd in attendance at the fair. The enthusiasm in the rural districts has been worked up to a high pitch through the medium of community fairs and school meetings, at which as high as one thousand have been in attendance. These will all be present at the big two day fair which will be a climax to these meetings and community fairs.

Exhibits of all sorts and descriptions are being planned. Live stock, agricultural products, hand work, cooking, canning, sewing, school exhibits of all sorts, these will fill the gymnasium to overflowing. There will be a section for mother and dad, and there will be a larger section for sister and brother. There will be displays, and displays, and more displays.

And when you get tired of looking at displays of farm products, or chickens, or night gowns, or such, you may turn to the scholarship events of Thursday afternoon or to the field day events on Friday afternoon and have your day made completely watching the best of the Rowan county's outstanding products, her own boys and girls win a spelling contest, or a footrace which ever it may be.

Maybe we are not getting this across. But what we are trying to tell you is this: The boys and girls and men and women of Rowan county will be in Morehead by the thousands for this fair, and Morehead must be ready to entertain them to the best of their ability. This will be A BIG FAIR and it must be looked after in a big way. It is not a one or two man fair, but a countywide affair that will draw a crowd because the people are primarily interested in their children. With over

President Payne Gives Reception

On Thursday evening, September 23, President and Mrs. John Howard Payne, assisted by the members of the faculty of the Morehead State Teachers College, entertained with a charming reception in the gymnasium from 8 until 10:30 o'clock in honor of the student body. The gymnasium was beautifully decorated with blue and gold streamers and a bright array of fall flowers. The students were graciously received by President and Mrs. Payne and by members of the faculty and their wives. Music was furnished by an outdoor orchestra and dancing was enjoyed throughout the evening. Delicious refreshments of fruit punch and cakes were served.

Judge Tussey Buried Friday

One of the best known citizens of Rowan county was laid to rest in Morehead last Wednesday afternoon, when Richmond Tussey died at the hospital in Huntington West, Virginia where he had gone about three weeks earlier in the hope of recovery. Judge Tussey, as he was called by his friends here, had been seriously ill for about a month. He was taken to Huntington about three weeks ago, but his condition steadily became worse, so that his death was not unexpected. He was at the time of his death 68 years of age. He is survived by his widow, and by two daughters, Mrs. Anna Heider and Mrs. Ida Mae Blackwell of Huntington, West Va., and by four sons, William Tussey, of Indiana, Harry of Cincinnati, Ohio, Bert of Ashland, Clarence of Ashland and George Tussey of Huntington.

One son, Howard Tussey preceded him in death, having passed away about two years ago. Judge Tussey had been prominent in politics during his entire life, all of which was spent in Rowan county. He served for a number of years as County Judge and also as sheriff of the county, offices received at the hands of the Republican party of which he was a consistent member. He also served for several years as police judge of Morehead.

Funeral services were held from the home last Friday afternoon with Rev. Robert L. Crowell of Ashland, an old family friend, officiating. Interment was made in the Canfield Cemetery.

Those from out of town who attended the funeral were Mr. and Mrs. Tom Martin and son Roy, and Dr. Malone of Grayson, Mr. and Mrs. J. C. Dickerson of Salt Lick, Judge Tussey's sister, Mrs. Kaley Thumber and daughter of Willard, Ohio, and his brother William Tussey and wife of Mt. Sterling.

Red Cross Holds Conference

About one hundred workers in the American Red Cross from this section of the state attended the National Red Cross conference held here last Wednesday. Representatives from every county in the region were present with Rowan county naturally having the largest delegation.

The meeting opened at 10:00 p. m. at the Court house and adjourned to the Methodist Church where dinner was served. Mr. M. R. Reddy acted as chairman of the meeting and discussed the problems which must be met locally by the various counties. Chief among these was the annual Roll Call for memberships, which is now being carried on in the counties. He emphasized the importance of building up the membership so that more people will be directly interested in the work. The afternoon session was devoted to discussion and round-table questions.

Among those in attendance at the conference were fifty one from Rowan county, five from Owingsville, five from Sherpsburg, one from Fayette county, six from Carter county, four from Menifee, five from Lewis, three from Elliott, fifteen from Greenup, six from Montgomery county, one from the state of Pennsylvania, one from New Mexico, and three from Washington, D. C.

Among the special guests at the conference were Mrs. Sara Hays and Mrs. Sheridan Conolly, Field representatives for the district.

WELCOME FROM M. E. CHURCH

The Morehead Methodist Church takes this opportunity through the courtesy of the Rowan County News to extend greetings and a welcome to the Student and Faculty Members of the Morehead Teachers College. Whether old or new, we are just glad to see you in Morehead. Those who have been with us for sometime have made such an impression on us that we miss you very much when you are away. Those who are just coming in will be missed very much if you do not come in to fill your place.

Our Church is happy to be so located that we can serve you. Our programs are built with your spiritual needs in mind. Our whole program will be devoted to your interest. We believe that our spiritual interests are your spiritual interests.

We shall hope to have the privilege of serving you. Make our Church your Church while here.

Your very sincerely,
A. R. PERKINS, Pastor.

Prof. Haggan Addresses Men's Club

At the meeting of the business men's club Monday night, Prof. H. C. Haggan delivered the principal address on the subject of "Some Uses of the Violet-Ray of Light in Agriculture." His address follows:

Considerable is being said and written about the uses of the violet-ray of light in agriculture. Its uses are more or less recent but cannot estimate its value in the future in dollars and cents. Its benefits directly touch human life as well as most every animal the farmer has on the farm and every product he raises.

The ultra-violet ray is only one of the many rays of light that have come into prominence within the past few years. It is the short ray of light found in sunshine and is beyond the rays of the spectrum.

Dr. H. R. Spence of the University of Wisconsin was probably one of the first scientists in the world to see the possibilities to be derived from its use. It was with considerable difficulty that he succeeded in having founded at the University of Wisconsin a Research Foundation whereby the rights to his discovery could be sold and the royalties used in furthering the

Vikings Lose Hard One To Paintsville

The dope bucket, and several other buckets were upset last Friday at Paintsville when the Vikings met the Paintsville footballers in a game that ended after a bitter battle on both sides, with Paintsville dragging off the long end of a 13 to 7 score. Just the week previous, Boyd County HI defeated Paintsville on the same field, by a 9-2 score. All of which lends anything but a rosy tint to the prospects of the Vikings so far as the Little Eight conference honors are concerned.

The Vikings, like the game gang they are, have no alibis. They are not making excuses. Ask any of the boys and they simply say, "they beat us." Which is the best and only attitude to take over a football game or any other game.

Paintsville has a strong team and it is no discredit to any team to lose to them. They started out fighting and for three quarters it was a toss up with neither team scoring. In the last stanza, Paintsville opened up to score two touchdowns and to kick goal one for their 13 points. The Vikings appeared to get off to a bad start, their plays failing to click as intended and came back only in the losing minutes of play to save themselves a shutout. It is barely possible that had the game last another minute, the Vikings might have redeemed themselves with another touchdown, as they had the ball in their possession and were driving toward the goal when the final whistle blew.

Morehead fans were delighted with the courteous treatment accorded to them and the team by the Paintsville citizens. They were unanimous in stating that they had never received more royal treatment anywhere than was evidenced by the Paintsville fans and they are all anxious to retain the present friendly relations that exist between the two towns and the

ROWAN CIRCUIT COURT MEETS ON MONDAY, OCTOBER 6, WITH MANY INTERESTING CASES ON DOCKET

Perine Murder Mystery To Be Outstanding Case At Present
Term Of Court—All Three Suspects Being Held To Grand Jury Without Bond For Indictment—List Of Jury Panels Published

Eagles Drill For Contest

Football is in the air, and football players and would-be players are obstructing the ground and the view and getting under foot, in the mad attempt to make the Eagle squad at Jayne Memorial Field, under the direction of Coach Downing. More candidates appear daily, and Downing now has the largest and probably the most likely squad he has mustered for several years.

The would-be Eagles have been hard at it for the past two weeks, and are rounding into shape definite by Monday they "enjoyed" their first scrimmage and several of the aspirants looked like they had come through the mass of "staggering drunks" all the way from Detroit. Line material Downing has in plenty beginning with Kerchner at center. Judging from practice thus far the big handicap will be in locating a suitable fullback. At the present time while the other back field positions are well taken care of, no outstanding man has been found to fill this place.

The Eagles this year will evidently have a light fast team, as college teams go, and meeting with the heavy teams from West Virginia will undoubtedly have hard going. They will have to depend largely on speed to make up for lack of meat. The Eagles have a hard schedule facing them, but with another week of work before their first game with Concord State, they should be in good condition. Concord, by the way, suffered a 31-0 defeat at the hands of Davis-Elkin, boasting one of the strongest teams of the east, so they won't be anything easy for the Eagles. The game is scheduled for October 10.

ROWAN COUNTY CLUB TO MEET ON TUESDAY

The Rowan County Woman's Club will meet next Tuesday at the home of Mrs. D. B. Cass III with the members of the Garden Department as hostesses. Mrs. Cauld is in charge of the program. Mrs. Guy Snyder and Mrs. Leora B. Hurt will give the program which will include a flower show.

Huck Finn To Be At Cozy Theatre

Another rollicking heart warming juvenile comedy-drama, the third from the studios this year, will make its appearance at the Cozy Theatre for two days, Wednesday and Thursday of next week. It is the familiar famous story of Mark Twain Huckleberry Finn, with Jackie Coogan, Mitzi Green, Junior Durkin and Jackie Seal in the featured cast.

"Huckleberry Finn" is the further adventures of the lovable youngsters who won favor from the screen fans of all ages in "Tom Sawyer." Junior Durkin, as Huck, runs away from home, in fear of his angry father. His father follows him, takes him to a deserted cabin but Huck is rescued by Tom, and, together, the boys decide to embark on a life of adventure. The story tells how they save two young sisters from a pair of roving desperados, at great danger to themselves. This adventure brings them great satisfaction and honor.

In the cast of adults are two well-known theater players, in addition to the talented actors who continue in the roles they portrayed in "Tom Sawyer." Eugene Palotta and Oscar Apfel give a humorous interpretation of the two desperados.

Bakery Builds Up Good Trade

The Alamo Sweet Shoppe, the new Morehead bakery is now open and has been serving the people of Morehead for the past two weeks, with a select line of bakery goods. Mr. Henry, the owner of the new institution is endeavoring in every way possible to offer the people of this community the best in the way of bakery goods. He has already built up a considerable business. After the past experiences in Morehead with a home bakery the people here are slow to take hold. However, if other things are equal they will be quick to patronize a home industry. We believe that Mr. Henry is offering the people here a superior brand of goods, and that he should receive a liberal patronage from the buyers of the town. Ask for Morehead Bakery Products always.

TEACHERS TO MEET TO PLAN FOR SCHOOL FAIR

The Rowan County teachers meeting will be held at the public school gymnasium on Friday, October 2, in Morehead. The program begins at 8 o'clock. This meeting will be devoted to the discussion of the Fair and entrants in the parade, the school and athletic events. The final program will be completed in the near future. We are expecting from three thousand to five thousand people in Morehead for the two days of the fair. Everybody is getting ready to take a part of the big fair.

HALDEMAN SCHOOL MEET WELL ATTENDED

The last and one of the best substitute meetings for the year was held at Haldeaman Friday, September 25. T. S. Shuler

Miss Shuler Opening Exercises. A. R. Perkins Rev. B. H. Kazer entertained by singing and playing mountain ballads. Roy Corneette principal of the Haldeaman High School delivered the welcome. Mrs. Caudill followed introducing Professor Walker of the Morehead State Teachers College and Mr. Goff, County Agent, both of whom collected for the school meetings and the value of the school and agricultural fairs.

After dinner the declamatory contest was held with the following taking part: Geneva Wells, "A Message to Daddy"; Dorothy Bowen, "The Five Senses"; Audrey Bell Hogg, "The Shadow Kitten"; Edna Turner, "The Moon"; Mary Eden, "A Queen Play"; Pauline Messer, "The Dear"; Mary Evelyn Smith, "The Patch Work Quilt"; Virgil Sparks, "What Jimmie Thinks"; J. E. Roberts, "The Orphan's Plea"; Edith Sparks, "The Highwaman"; Edna Mae Frindy, "My Experience"; Ethel Sparks, "Methusalem, the Lark"; Edith Sparks, "Butterflies"; Jean Sparks, "Woman"; Oval Messer, "What happened to Reel"; Troy Williams, "A Good Play"; Edna Marie Oner, "A Temperance Girl".

First honors were awarded to Ivon Sparks "Woman"; second to Mary Evelyn Smith and third to

Geneva Wells.

The meeting then adjourned to the athletic field where Frank Laughlin took charge having planned a very unusual program. The winners of the events were Clyde Burton, Earl Fisham, Carl Stewart, Jesse Eldridge, Ray Hoge, Joe Wilson, Clayton Clark, Billy Gee, Dell Crum, Zora Fraley, Almer Wilson, Elmer Turner, Rose Pettit, Sturgill, Lena Wilson and Eugene Cash Jewell, Clella Mae Rider, Ella Mae Fraey, Roy Sturgill, Maud Glenmore Parker, Lena Wilson and Eugene Wilton, Clella Mae Rider won more events than any other girl, and James Turner was the winner of more events than any of the other boys. One of the main features was the diamond baseball game.

SCHOOL MEETINGS BROUGHT TO CLOSE

Friday of last week closed a very successful series of school meetings for the present year. The schools were divided into five blocks according to the number of children in school. This gave every school in the county an opportunity to take part in the scholarship and athletic events. These meetings have been an annual success from first to last. The first meeting at Cranston, the second at Slaty Point, the third at Hogtown, the fourth at Clearfield and the fifth at Haldeaman were each attended by from 500 to 1000 parents and children. This year everybody is trying to do something to make his school and his community better.

REPRESENTED IN SONG FESTIVAL

Rowan county musicians played their part in the program at the American Folk Song Festival Sunday held at Gene Thomas' cabin near Ashland. Among more than 100 players and with over two thousand in the audience, Dennis Hall and in the audience, Dennis Hall of this county sang the old time song "The Girl Went A Courtin'", a number well received and heartily applauded by the audience.

The three Rowan county musicians were introduced by Jean Thomas, Jim Lovelace playing the fiddle,

Chester Stanley the guitar and Jolly Ramey the guitar. They showed their skill by playing "The Soldier's Joy" and other old melodies.

Both Mr. and Mrs. Dennis Hall of Cranston attended the Song Festival. Mr. Hall is familiar with a great number of the old time songs and sings them well. The young people of that neighborhood formerly gathered at the Hall home to be entertained with these old tunes. His songs were particularly appreciated by Miss Thomas who, while serving as Judge Will Young's stenographer had heard Mr. Hall sing.

TO HAVE PIE SUPPER

AT SHARKEY SCHOOL
There will be a pie supper at the Sharkey School on Saturday night, October 3. Everyone is invited to come, bring your pies, and have a good time.

MANY BABIES ARE EXAMINED

On account of the funeral of Judge Tussey there were a great many children who were not able to be examined in the baby clinic last Friday. Even as a result many more came in than were expected. Another baby clinic will be held at Frances on October 3, from 1:30 to 4:00 p. m. All mothers are requested to bring their babies to be examined. It may mean greater health to your children.

Prof. Haggan Talks To Club

(Continued from Page One)

...nature of the ribs was perfect. The teeth were sound. The same principle is now being used in feeding children to prevent rickets and the treatment of those that are suffering from rickets. Pharmaceutical houses have bought the rights to irradiate chemicals such as ergosterol. This when irradiated and mixed with a neutral acid, takes the trade name of "cod liver" which is used to feed to children suffering with rickets. Cod liver oil is irradiated and fed not only to children but to poultry in the prevention or curing

of rickets or leg weakness. Bakeries are using irradiated light to build up the vitamin content in a loaf of bread. Milk goats are being exposed to the light of the quartz mercury vapor lamp in building up vitamin D content in milk. Cows exposed to this ray of light do not build up the vitamin D content in the milk. The goat milk is excellent and is being used on a large scale in feeding to children suffering with

some form of rickets. The discovery of vitamin D and its relationship to agriculture has revolutionized the poultry industry. It is permitting baby chicks to be hatched every year round as up to its discovery the brooding of baby chicks did not begin until April. The sun's rays in winter time are rather weak in ultra-violet ray light and the chicks had to be raised indoors. It is now possible to raise chicks in darkness when cod liver oil is used in

the feed of the birds exposed about an hour a day to the rays of the quartz vapor lamp.

It will not be long before our grocers will be offering for sale many foods that have been irradiated by the cobalt process and richer in vitamin D content.

Guests at the meeting Monday night were Mr. A. Y. Lloyd, Mr. Marshall Hurst, Dr. J. G. Black, Mr. Ralph Hudson and Mr. Marvin George.

Breakfast "in a Jiffy" Starts the Day Right

By JOSEPHINE B. GIBSON
Director, Home Economics Dept.,
H. J. Heinz Company

WELL balanced, nourishing breakfasts are essential on these cold winter mornings for those who wish to be at their highest efficiency for the day's work. This meal follows the period

who want a heavier meal, buttered toast with Currant or Grape Jelly and crisp bacon can be added to the menu with scarcely a moment's preparation.

The following well balanced breakfasts can be prepared in only fifteen minutes. Surely all of us can spare that much time for this important meal!

- Grapefruit
- Rice Flakes with Top Milk
- Bacon with Fried Apple Rings
- Toast
- Coffee
- Tomato Juice
- Breakfast Wheat with Top Milk
- Buttered Toast
- Currant or Grape Jelly
- Coffee
- Sliced Bananas with Cream
- Fried Breakfast Wheat
- with Maple Syrup
- Crisp Bacon
- Coffee
- Orange Juice
- Pancakes
- Orange Syrup
- Pure Apple Butter
- Coffee
- Grapejuice or Tomato Juice
- Bacon Waffles
- Butter prepared the evening before and kept in a cool place.
- Syrup
- Coffee

of longest fast, and precedes the hours when the best work of the day is accomplished. It is foolish, therefore, to try to drive inadequately nourished bodies through a busy morning.

We all know this, yet we are likely to neglect breakfast to a much greater extent than either of the other meals. The hurry of getting off to work or school in the morning leaves little time for preparing or serving breakfast, and all too often menus are allowed to slip into a rut and become uninteresting.

It is easy, however, to serve a hot, nourishing breakfast without spending much time in preparation. Have it simple enough to be eaten quickly, and varied enough to be interesting. This is not nearly so difficult as it might seem at first glance.

Fruit, fruit juice, or the modern, popular Tomato Juice cocktails should begin every breakfast. These are not only welcome appetizers, but are healthful and necessary, and require no preparation. During the winter months a cooked cereal with a generous supply of rich milk is ideal. Fruit or Tomato Juice cocktails and cereal make a nourishing breakfast, but for those

Bacon with Fried Apple Rings: Core but do not peel apples, and cut in slices about 1/2 inch thick. Fry in the skillet beside the bacon, and while cooking, sprinkle with granulated sugar. The apples will be tender in about five minutes. Serve the bacon on a platter and surround with the apple rings.

Fried Breakfast Wheat: Allow cooked breakfast wheat to set over night in a greased loaf pan. Next morning cut in slices about 1/2 inch thick. Brown the slices delicately in butter, and serve with maple syrup.

Pancakes: 1 cup self-setting pancake mix, 1/4 cup milk, 1 egg, 1 cup flour, 1/2 cup sugar, 1/2 teaspoon salt, 1/2 teaspoon baking powder, 1/2 teaspoon oil, 1/2 cup milk, 2 tablespoons melted butter, 2 egg whites, unseasoned bacon.

Sift together the flour, breakfast wheat, baking powder, salt and sugar. Add egg yolks beaten and combined with milk. Then add melted butter and fold in the stiffly beaten egg whites. Pour a small amount of the batter on a heated griddle with a generous supply of rich milk is ideal. Fruit or Tomato Juice cocktails and cereal make a nourishing breakfast, but for those
