Raise Hogs
 In western Kentucky, where for years the world's greatest tobacco crop has been raised, the farmers are crying "cut out the weed and raise hogs". Big dealers say they have to get hogs in the far west, why not raise them here?—Louisville Herald.

OBITUARY

Mrs. Addie Young, widow of Harvey Young, died Tuesday, March 11, at 1:30 p.m. Her death was received with sorrow by all who knew her, although it was not unexpected, as she had lingered for several days between life and death and her summons was hourly expected. She died at the home of her daughter, Mrs. J. M. Green, where she made her home since the tragic death of her husband, Mr. Young. Deceased was about 66 years of age and is survived by one half-brother, two half sisters, and four sisters; and two daughters, Jennie and Josephine by her second union. Funeral services were held at the M. P. Church, Wednesday, interment followed at Eagle cemetery.

Chief of Police Crawford is carrying a swollen eye, and deputy Thompson an altered facial expression as a result of their arrest of a man on a charge of drunkenness. While the chief was proceeding to the city jail with the prisoner he developed into a real pugilist and, before the chief was aware of what was going to happen the prisoner had landed safely on the former's jaw. Deputy Thompson then came in for the second bout and caught a swing to the face, but managed to get in a hit with his mace. By this time revolvers were in play and the offender was taken to jail without further trouble.

The pruning and spraying demonstration given Monday at W. H. Scott's orchard by J. H. Carmody, Field agent in Horticulture of the Kentucky Experiment Station was not so well attended as was expected. There was a demonstration that was highly instructive and beneficial to the farmers and fruit growers of this section and should have been attended by all interested in fruit growing especially, but by their non-attendance an opportunity was passed up that will probably not be had again in this community at an time in the near future.

The attention of our readers is called to our offer of the Life and Career of Theodore Roosevelt and the condition upon which the same can be had. See our advertisement in this issue.

T. A. James was over from Grahn, Friday.

THE FARM OR THE CITY

Facts That May Help the Young Folks to Think Before They Leap

More than 50,000 women in Chicago are receiving a salary of \$5 or less a week, according to reports made to Acting Governor O'Hara to-day by investigators of the senate white slave commission.

Mr. O'Hara issued a statement in which he said: "These women are living in furnished rooms and are reported underfed. Many of them do not know what a full meal is. Half of them are living on two 15-cent meals a day. Many of them have to depend for clothes on what friends give them of cast-off garments."

"Is it any wonder women do wrong. No woman is bad at heart; environment is responsible for a great part of crime. "The commission is determined to do full justice to employer and employee, and we will not presume to pre-judge guilty until further testimony has been had. The big employers summoned to appear before us to-morrow have been ordered to bring with them their payrolls. These should tell an interesting story."—Atlanta Constitution.

There may be an unintentional overestimate in the number of women working for starvation wages, but it requires no refinement of reasoning to read between the lines and acquire an idea of the questionable standard of morality of a great part of the toiling class.

Opening of Baseball Season

The Olive Hill Baseball Club met Saturday night, March 8, and organized for the coming season, beginning April 1, by electing J. W. Crawford, manager; J. L. Maddox, business manager; and C. Osenton, captain. The line-up will be as follows:

Albert Jessee, c; Chester Phillips, Walter Karuse and Dick Boyd, p; Cleveland Osenton, ss; Ralph Tabor, 1b; Henry Crawford, 2b; Herbert Cartee, 3b; Stamp Craycraft, lf; Chas. Blizard, cf; Dock Hall, rf. The team is open for engagements Saturday afternoons and Sunday.

Giant Power Plant

Some Carter City folks headed by Dan Hall, representing an Eastern syndicate, have for the past several months been taking options for from ninety days to three year's time on farm land along Tygart Creek, between Carter and Olive Hill. Some options are held, we are authentically informed, on land within two miles of Olive Hill, and last week a party interested in a waterworks company in a nearby city was here negotiating the purchase of a Tygart Creek farm within about a half mile of town.

For some time rumor has had it that a syndicate intended installing a giant light plant on Tygart creek, to supply the country round about with light and power, but until recently when the project has taken on a very serious face, the project was lightly considered. Well we wish it. It is a project of some magnitude and should be considered seriously. What would such a benefit mean to Olive Hill? J. P. Whitt was here from McDane, Tuesday.

A short while before the last election, when the fragments of the shattered Republican army were mustering for their last stand, those leaders of that party who cared little for principle and truth—let the party which had printed and sent over the county a circular, the soul mission of which was to deceive the honest thinking voters of Carter County, by leading them to understand that the voter MUST in future affiliate with the party with which he voted last November. The following is from one of those circulars entitled: "How To Vote."

Under the new election law it is IMPORTANT that the voter first stamp in the circle under the party device with which he expects to affiliate in the future, for the reason that in future primaries—County, District, and State—he can vote only the ballot of the party with which he now declares his affiliation by his vote. In other words, if the voter in this election stamp in the circle under the Democratic device, he will, in the primary next August to nominate candidates for county offices, be given a Democratic ballot and can vote only in the nomination of a Democrat.

If he votes in the circle under the Log Cabin in the election, he will, in the next August primary to nominate candidates for county offices, be given a Republican ballot and can vote only in the nomination of Republican candidates.

If he votes in the circle under the Roosevelt or Bull Moose device in this election, he will, in the primary next August to nominate county officers, be given a Bull Moose ballot and can vote ONLY in the nomination of Bull Moose or Progressive candidate for county office.

The foregoing is true of each of the political parties provided each casts at least twenty (20) per cent. of the total vote cast in the State at the election this fall.

Now, on the 24th day of January, last, the Republican executive committee, at a meeting at Grayson adopted resolutions stating in substance that a majority of the Republicans who voted the Progressive ticket last fall did so, through an oversight (meaning they were ignorant in the act) and thought at the time they were voting the Republican ticket.

The following is from a resolution adopted at the same meeting, which reads as follows: "Now, therefore, in order to carry out the purposes of the said resolution, the Republicans of Carter County, as well as all those who have affiliated with the Republican party in the past and all others who desire to affiliate with the Republican party in the future are hereby called to meet..."

How dissimilar those two circulars emanating from Carter's Republican headquarters' section. One declares before the election that if a Republican voted the Progressive ticket he can not thereafter affiliate with any other party, and the other one, issued after the election and after the defeat and downfall of Republican bosses, pleads for the prodigal voter to return to the Republican fold.

Mr. Voter, if you can't help you, and if you could how could you reach a clear conscience? This only goes to show the brand of politicians who are anxious to build the Republican party. Will any man with ordinary reason and decent respect for himself and country dare affiliate or operate or ally with a gang of such traitors?

NO FUSION TICKET

"There will be no fusion ticket... primary election next August."... statement made... conference... State chairman William S. Lawmill... Secretary Prentice O'Rear... National Committee... Committee for the State...

The resignations of all present members were called for by the Republican executive committee... elected in the hope of leading the Progressive cause... business might accept... chairmanship in 1914... means, to those who would lead the political elimination and end of evidence of the people.

Stand for right and justice for the Progressive cause—there are three million soldiers in the army... of unscrupulous politicians... a political grave.

Get in Line For the School... The following is a clipping from the Ashland Daily Independent... believes ought to interest Olive Hill folks very much... especially those who are interested in the new school.

There was one business feature connected with the school... the pleasure it gave all... that was to put the M. E. industrial schools more thoroughly before the people... the Methodist ladies had under consideration is the one now under construction at Olive Hill.

Much Campaign Meets For Kentucky... It is expected by the Progressive party leaders that inasmuch as Kentucky is about the only State in the Union where a general election for all county officers will be held this year...

Seven Million Bushels of Coal... A great quantity of the coal from Pittsburg arrived Saturday morning... with the Saml Brown with 14 pieces as the flag-ship... The amount of coal coming on the present... seven million bushels... the greater portion of the shipment will be taken south by the tow-boats.

1000 Reward... The following is from a resolution adopted at the same meeting, which reads as follows: "Now, therefore, in order to carry out the purposes of the said resolution, the Republicans of Carter County, as well as all those who have affiliated with the Republican party in the past and all others who desire to affiliate with the Republican party in the future are hereby called to meet..."

How dissimilar those two circulars emanating from Carter's Republican headquarters' section. One declares before the election that if a Republican voted the Progressive ticket he can not thereafter affiliate with any other party, and the other one, issued after the election and after the defeat and downfall of Republican bosses, pleads for the prodigal voter to return to the Republican fold.

Announcements

We are authorized to announce G. C. COUNTS

a candidate for the office of county clerk of Carter County, subject to the Progressive party.

Tuberculosis Cure Trial... Washington, March 8.—Surgeon General Blue, of the public health service designated Director John P. Anderson, of the Hygienic Laboratory, and Surg. Arthur M. Stimson, a board to conduct an investigation of Dr. Friedmann's tuberculosis vaccine.

The government intends to give the Friedmann vaccine a thoroughly fair test," said Surgeon General Blue to-day, "and if in the first tests and application to monkeys it is of some value, it will be tested further upon some patients at the public health service sanitarium at Fort Stanton, N. M. If it proves of value there it later will be available at all marine hospitals of the service. Sufferers should not raise their hopes too high until we have thoroughly investigated the vaccine."

Boost For Good Roads... Washington, March 8.—Automobiles and good roads' enthusiasts who attended the Federal Aid to good roads meeting here, left much encouraged as a result of the impetus given their propaganda. The two Kentucky members, Representative Barclay of the First District, and chairman Pendleton Beckley of the Lakes to Gulf Highway Association, were received with much favor.

The Washington papers speak highly of the efforts of the Kentucky representatives. Mr. Barclay, who is a 'good roads' enthusiast, was among those present and was called for a speech.

Richmond, Va., March 7.—Floyd Allen, leader of the outlaw band in Carroll County, and his son, Claude Swanson Allen, will be executed in the State penitentiary on March 28 for their part in the Hillsville court murder on March 14, 1912. Governor Mann to-day having refused to commute the sentence to life imprisonment.

The prisoners were to have died March 7. The respite was accepted by the Allens as an indication that the governor was to extend mercy. The rejection of the petition, however, means that the case is officially closed as there is no way by which it can again be opened.

Miss Nellie Wisler, a mountain girl to whom Claude Allen was engaged, made an unsuccessful attempt to see Gov. Mann to-day with final pleas for commutation.

Washington, March 7.—Woodrow Wilson's inauguration as president of the United States cost approximately \$73,000. The expenditure of the citizens' inaugural committee was about \$43,000, while the receipts from all sources were about \$34,000. The deficit of \$14,000 will be made up from the guarantee fund of \$30,000 which was subscribed in Washington. The joint congressional inaugural committee spent about \$25,000 appropriated by Congress.

DOING BUSINESS AT THE SAME OLD STAND

Gave Up Hope

"I suffered five years, with awful pains, due to womanly troubles," writes Mrs. M. D. McPheron, from Chabourn, N. C. "They grew worse, till I would often faint. I could not walk at all, and I had an awful hurting in my side; also a headache and a backache. I gave up and thought I would die, but my husband urged me to try Cardui, so, I began, and the first bottle helped me. By the time the third bottle was used, I could do all my work. All the people around here said I would die, but Cardui relieved me."

TAKE THE CARDUI Woman's Tonic

For more than 50 years, Cardui has been relieving woman's sufferings, and making weak women strong and well. During this time, thousands of women have written, like Mrs. McPheron, to tell of the really surprising results they obtained by the use of this purely vegetable, tonic remedy for women. Cardui strengthens, builds, restores, and relieves or prevents unnecessary pain and suffering from womanly troubles. If you are a woman, begin taking Cardui, today.

Water... who shot and killed...
The Sam Clay distillery owned by the Louisville Distilleries and Warehouse Co., burned at Park Sunday, containing a stock of \$100,000. The fire was supposed to have been due to spontaneous combustion in the grain room.

The Louisville Post's suggestion made in Whiting's cartoon was carried out to effect by Sergeant-at-Arms Cornelius of the Senate, provided a "man-sized" chair for Ollie James. The one first given him squeezed too much.

Prof. J. D. Hoover, of the experiment station at Lexington, says the total production of eggs in Kentucky was more than 12,000,000. He said poultry was worth nearly as much as all the sheep in the State, and about one-half the total number of hog.

About 300 cases of measles, it is estimated, now exist in Carlisle and Nicholas counties. To date there have been three deaths—one man and two children. In some families as many as three generations have been afflicted with the disease at one time, and in others as many as six people ill with them at one time.

It takes one million gallons of kerosene to last the world a single day. The barrels to hold this quantity would reach over eleven miles if placed side by side. It would take barrels enough to reach from the lighthouse and one-third of the way to England to hold the amount necessary to supply the world for one year.

Rate Clerk W. J. J. Preuss and Secretary Tobin yesterday completed the compilation of the assessment of railroad property in the State for 1912. The total is \$68,141,453. The 1911 assessment was \$67,148,981. The increase represents improvements and extensions. The mileage increase during the year was 122 miles in 1911 being 3,728 and in 1912 being 3,850.

Newton Arnold, charged with the killing of Harry Bailey on the streets of Cincinnati last month, has been given a change of venue. The case was transferred to Pendleton county, and assigned for trial on the fourth day in April, 1912, at Fallsburg.

Three hundred and fifty tons of dynamite exploded the latter end of last week in a town in the timbered neighborhood of a large mill, and wounding many more, many of them fatally. The explosive was being transferred from a barge to a British steamer when it went off from a cause yet unknown. The men killed were members of the crews of the barge and steamer. The steamer, the collector Jason were either completely destroyed or seriously damaged. The shock was felt as far away as Reading, Pa. 60 miles from Belemore, Va. It was at first thought a steam engine had occurred, a school near Sparrow Point, several miles from the timbered neighborhood, was wrecked and some of the children killed.

OUR COUNTRY COUSINS

GRAHN

Hugh Waugh and family, of Olive Hill, have moved to Grahn. Welcome, Hugh!

Mr. J. T. Maddox passed here Thursday.

Mrs. John Dickerson visited relatives in Salt Lick this week.

Miss Recie James, who has been attending school at this place, returned to her home in Salt Lick, Thursday. We miss her in our church and Sunday school.

It is reported that a mad dog passed through here last week and bit John Dickerson's hound.

Miss Gladys Dickerson is visiting her cousin, Miss Goldie Dickerson this week.

Rosecoe Waugh is rapidly improving from rheumatism, and can walk some.

Mr. Roy Pennington, of the Carey Normal, visits our town quite often of late. Myrtle knows why.

Mr. Jim Nolan was calling on Miss Ollie Kaiser, Friday evening.

Leslie James, of Olive Hill, purchased a fine Jersey cow of T. J. Wilcox, of this place, Friday, for \$50.

Mr. W. B. Dickerson, wife, and son Clifford; Mr. Ardle Dickerson, wife, and daughter Ernestine; and Mr. Fletcher Dickerson, wife, and daughter Goldie, and their mother, Mrs. Sarah Dickerson, and Mrs. Wilcox all spent Sunday at the home of Mr. John Dickerson and wife.

There was preaching at this place Sunday and Sunday night, by Rev. T. Billups, of Kenova, W. Va.

John Dickerson was burning off his garden Saturday evening, and scorched his mustache eyebrows and eye-lashes. He had his mustache shaved off.

COUNTS CROSS ROADS

J. M. Baker went to Grayson, Monday, on business.

Mrs. Grace James was up Thursday and Friday calling on her mother, and sister preparing to start to school next week at Grayson.

Mrs. Fenton McCoy was calling on friends in Resort, Saturday and Sunday.

James Newman had shrubbing Saturday, his friends helping him.

Mrs. Mona Maddix, of Sinking was calling on Mrs. Dick Harris, Friday.

Mrs. Elizabeth Lewis was calling on her friend, Mrs. Jessie Baker, Friday afternoon.

Heber Counts, from Olive Hill, was calling on his mother, relatives and friends over Sunday.

Mr. Glen Harris, Leslie Baker and Heber Counts, called on Mr. Phillip Counts and wife Friday

night. There was some nice music.

We will be so glad to have a college at Olive Hill, it would give some of our children a show. I do not see why a town like Olive Hill will let such towns as Morehead, Salt Lick and smaller places get ahead of it. I do not see why we cannot have hospitals, libraries and other things up to date. If we had hospitals properly equipped, we would not have to go to other places every time a little operation had to be performed. I am proud of our little town at Olive Hill, and want to see it up to date in everything.

MUSES MILLS

Mrs. Sarah Muse is improving. James S. Muse is in Mississippi at present.

Jack Brammer and Bruce Jones visited here last week.

Miss Etta Roush after a two-week's visit here, has returned to her home in Ohio.

F. B. Henderson and wife are preparing to locate in Mississippi.

Calvin Roush was the pleasant guest of Miss Minnie Hawkins at Pecks Ridge last Sunday.

Bruce and Tom Walton, of Sutton, passed through this town last Sunday enroute to the mountains to purchase cattle.

M. E. Muge has resigned the P. O. here and will start for Enterprise, Miss., with his family, where they will reside.

Louis Kirk, who is very low with lagrippe, and who has been spending some time in Rowan county, has returned to this place to reside.

John C. Wilson, has returned from Mississippi and is preparing to locate there this Spring with his family, he having bought a large tract of timber there.

Ye scribe who taught at this place four years, but who has been wielding the birch in other districts the past two years, will teach again at this place this fall.

Chesney Evans, of this place, who taught at Big Run last fall, will teach at Sugar Tree Run this fall. Mr. Evans has the reputation of being an excellent teacher.

Arthur Morrison is out again after an attack of pneumonia.

A complete scare overtook us last Saturday when a mad dog passed through, biting several dogs, killing a turkey and trying to attack several persons. It was killed at Ryan, after doing some damage up East Fork. It is reported that stock about this place was bit by same dog.

LEON

Married, Mar. 7th. Charles E. Kitchen and Minnie Boggs.

Died, Saturday 8th, Isaac Isom, age 55.

John Maggard, of Hitchens, and Miss Beaulah Rucker mar-

ried their many friends by getting quietly married, Saturday.

Died, Sunday morning at 11 o'clock at the home of her daughter, Mrs. W. Hall; Mrs. Debbie Jesse, in the 71st year of her age. She is the fourth of the Pope family to die in the last five years at the age of 70 and over. Deceased has one brother, James Pope, four sons and six daughters to mourn her loss. Her husband, Isaac Jesse preceded her to the grave about four years ago. Aunt Deb was a conscientious christian lady and will be missed from the community.

Mont Hunter moved with his family to West Virginia, Saturday.

Leonard Walker and bride left Monday for Dayton, O., to make their future home.

Dan and Ike Jesse, of Ashland came in to be present at the funeral of their mother.

Lee Holbrook, who is employed by the International Harvester Co., was here Saturday on his way home.

Candidates are getting thick in this neck of the woods. J. Bell Prichard who is a candidate on the democratic ticket for County Court Clerk told us Saturday he would soon make his announcement in the columns of the Progressive. While Mr. Prichard does not agree with us politically we feel the county would be better off with more men of his type in office.
