MASS MEETING IS CALLED TO TALK LIGHT PROBLEMS

Discuss Question Of Reduced Rates For Current In City Of Morehead

A mass meeting of citizens of Morehead and patrons of the Kentucky Power and Light Company was held at the court house in Morehead on Tuesday evening for the purpose of discussing ways and means of obtaining a reduction in the present high and burdensome rate being charged the users of electricity in the city by the light company. The meeting was presided over by Mr. Harley Battsman president of the newly organized Commercial Club. Mr. Battsman stated that a meeting of a number of Morehead's business men had been held the previous evening and that the club had been organized for the purpose of looking after a number of community interests that had heretofore been neglected. Among these, he said the most important at present seemed to be the light and power rates. He then called on D. B. Caudill to present a report on the existing rates and to give some comparative figures as to what others are paying for the same service.

Mr. Caudill then presented some figures that were to say the least startling. During the month of January, he stated the citizens of Morehead used 14,200 kilowatts of current for lighting purposes, at a total cost of \$1,549.98 or an average cost of 10.91 cents per kilowatt for current used by citizens of Morehead was therefore but little less than the maximum charge of 12 cents per kilowatt, by way of

INJURED WHEN STRUCK BY CAR

Ernest AckTet, son of Herbert Tackett, was painfully injured Wednesday night when he ran in front of a car driven by Madison L. Wilson. The accident was unavoidable, Mr. Wilson swerved his car and one fender struck the child who was delivering milk on Main street.

Alumni Defeat College Team

The Morehead Teachers College basketball team met, but failed to conquer the "has been" flotilla of the institution in a hectic encounter Monday night at the college gym. A fair sized crowd cheered themselves hoarse as the "Aluminum" stormed the heights and won the big battle by the score of 26 to 22.

The Has Beens, most of them at present in the ineligible column as to marriage, and several of them also in the paternal department, set out to demonstrate the superiority of the ancient wisdom over the matter of the present generation. The college contingent, on the other hand went into the game with a superiority complex which was rapidly deflated. For several minutes neither team was able to score. Then the Aluminum hit a foul and followed with a long range field goal.

ATTEND CLUB MEETING HELD AT GRAYSON

Mrs. J. H. Payne and Mrs. A. L. Miller were guests of the Grayson Women's Club last Friday evening. The meeting was in the form of a colonial tea. The members wore Colonial Gowns, and the menu consisted of the various dishes popular in the days.

dedication of the murchison

The dedication of the murchison Methodist Church has been changed from May 8 to May 15, 1932. Bishop Murray is to preach in Atlantic City, N. Y. at the memorial service of the Methodist Episcopal Church on the Sunday of May 8. This call came after the date of dedication had been set, he asked that if possible the date be changed. We could do this without interfering with dates that are important in Morehead. Namely, the two commencement sermons.

The Bargain At Cozy Monday

"The Bargain" which comes to the Cozy Theatre Monday and Tuesday, March 7 and 8, is a bargain in entertainment value. It is the sort of domestic drama which might occur in any of ten million homes. A father and his son are caught in the same conflict between marriage and desire for a career. Those featured are Lewis Stone, Evelyn Knapp, Charles Butterworth, Doris Kenyon, John Darrow Oscar Apfel, Una Merkel and Nella Walker. The picture is an adaptation of the Harvard Prize Play, "You and I" written by Philip Barry and enjoying a year's run on Broadway.

MOREHEAD CLUB TO MEET MONDAY NIGHT

The Morehead Women's Club will meet Monday night at the home of Mrs. Maud Clay. The hostess for the evening is Mrs. M. P. Davis. The program for the evening consists of a card party, a play, and a social hour. The play to be presented is "The Old Maid" by Mrs. M. P. Davis. The card party will consist of a talk by Mrs. M. P. Davis. The social hour will be held at 8 o'clock.

Vikings To Meet Olive Hill Friday Night

All set for the District Basketball tournament at Olive Hill next Friday and Saturday, March 4 and 5, when the Amazons and Vikings meet and defeat or take a drubbing at the hands of Grayson and Olive Hill for the Class A championship of the District. Winners of the district tournament will represent their schools at the regional tournament to be held in Ashland this year.

Hube Counts, graduate of Morehead State Teachers College is the tournament manager, which guarantees that it will be one of the best managed affairs held in the state. Arrangements are being made to take care of the crowds that are expected to attend every game. A special section has been reserved for

Morehead fans for the Olive Hill tournament at Friday night at 8:30, only 122 seats are in the section, and as it is certain that a much larger crowd will attend the game to cheer the Vikings on, those who wish to be certain of a seat should purchase their tickets for either Jack Wilson or at the East End before Friday noon.

Drawing were held for the tournament Saturday afternoon at 2:30. The following chart shows the drawings and the time of play:

To Establish New Star Route

A new star route is being planned to leave Morehead and to make the trip to Sandy Hook according to an announcement by Postmaster Howard Lewis. The route will start on Monday morning of July 1, 1932, and the carrier will be appointed for a term of four years. Applications for the privilege of carrying the mail over this route will be received by the local postmaster until April 5, when the position will be given to one of the applicants. Those who wish to make application should consult Mr. Lewis who will furnish the necessary blanks and information.

The route which will be motorized, will leave Morehead at 7:45 a. m. each morning of the week except Sunday and arrive at Sandy Hook at 9:45 a. m. Leaving Sandy Hook at 8:45 p. m. It will arrive in Morehead at 10:45 p. m. The route covers a distance of 25.81 miles.

W. W. Jayne spent Saturday in Lexington.

Vikings Top Oddville Boys In Fast Game

The last games of the season at Morehead High School were played last Thursday night when the Amazons, dressed in their new uniforms, made a score hard to forget, and played some poor basketball as a result to lose to the former 1930 State Champion Oddville girls team by the score of 16 to 12. No one was particularly worried over the outcome, as the game was not vital and it was one of those ideally arranged and timed affairs. Incidentally the uniforms which were donated to the girls by the Rowan County News, are by far the finest the girls have ever owned and look like a good basketball team. The girls were of course somewhat self-conscious and they had every right to be. At that they held a lead on the Oddville champs throughout the entire first half and played their best ball of the game in that section. In the last stanza the Oddvillians began to hit the hoop and ran ahead to maintain their lead to the end.

On Monday night the Vikings met the High school alumni in a preliminary practice session on the college floor. Without opening up with any plays, the alumni defeated the Vikings 26 to 24. The game was interesting because it was so close, but neither team showed much effort, the alumni because they were rather out of practice, and the high school because they had no particular incentive to play hard basketball.

And thus ended the actual basketball season for 1931-'32 for the Vikings and Amazons. The next chapter will be written on Friday and Saturday when the Kings meet and Saturday when the Kings meet and Saturday when the Kings meet and Saturday when the Kings meet.

Bill Rogers To Be At Trimble

Bill Rogers continues his triumphant career as America's greatest talking screen comedian in his newest Fox Film production, "Business and Pleasure" which has its premiere at the Trimble Theatre in Mt. Sterling next Sunday and Monday, March 6-7.

Rogers has never been funnier than he is in this excellent adaptation of Booth Tarkington's best selling novel, "The Plutocrat." He starts the picture with a laugh and works up to a climax of hilarity which will send the audience from the theatre still laughing.

In this production Rogers, in the role of a Middle Western business man touring abroad for pleasure and business, takes some witty cracks at the small army of snobs who think life is sophisticated to sneer at even the most sophisticated playright, undergoes a complete metamorphosis during the course of the picture, his sneers turning into veiled criticisms when he finally realizes the true worth of Earl Tinker, the character enacted by Rogers

and went ahead in the first few seconds of play, never to be headed. The score at the final whistle—Kings 23, Oddville 16. The Oddvillians failed to get through the defense except on rare occasions and the Kings doubled the score on the visitors in this half.

Oddville had what was one of the best if not the best team that has appeared on the local floor this year. And one thing is more than certain. It was by far the cleanest game that has been played here this season. In the entire game only six fouls were called on both teams, and those were all entirely unavoidable. Both teams deserve to be complimented on the type of ball they played and the spirit of sportsmanship they displayed.

The evening was spent in games, contest and music, the latter furnished by Sanford Wallace and Granville Brown. At a late hour refreshments were served.

The young couple received many beautiful and useful gifts. SHELBY, OHIO NEWS Both Mrs. Barber and Mr. Young are well known in Morehead where both attended the State Teachers College. Mrs. Young was formerly Miss Mrs. Bartha Barber of this city.

CIRCUIT COURT TO CONVENE MONDAY MAR. 7

Supp Lists Published; Docket For Term Said To Be Fairly Heavy

Bishop's Are Robbed Again

There's one way to a certain of keeping in the limelight, and that is to be robbed. But this morning Bill Gillespie is pondering deep on the subject "Is it worth the while?" For this morning Bill discovered when he opened the Bishop Drug store that it had been entered during the night and the cash register ransacked and relieved of its contents, fortunately only a few cents. Entrance had been gained through the door in the rear of the building and the door opened. Nothing else in the store is missing other than the change which had been left in the register. It is the custom of the store to remove all cash from the register each night at closing time, leaving only the pennies in the register which is left open. These had been taken. Investigation proved that nothing else was missing or has been disturbed.

Circuit Court convenes here Monday morning, March 7, for annual March term. The docket for this term is fairly heavy with at least two murder cases on the dock and awaiting action of the Grand Jury. 46 felony cases and 107 misdemeanor cases are fairly heavy, with 53 cases on the equity docket, carried over from last term, and 19 new cases added, a total of 72 on the equity docket, while on the ordinary docket, 25 cases were carried over and 14 new cases added, a total of 39 cases to be tried.

Outstanding on the felony docket are the following for which the Grand Jury will be asked to make indictments: Lonnie Williams, being held for the murder of Jimmie McDaniel on the night of January 20. The killing occurred at a high school play at the Elizaville school. W. Cleverly held on a charge of robbery, in connection with the holdup of C. E. Bishop's Drug Store on the night of February 26. Howard Thomas, Richard Boyd and others charged with the holdup of Tom Bill Ripley on October 21. Oscar Patton, Robert Stevens, Adolph Patton and Clayton Lambert charged with stealing from a common carrier. Mrs. Howard Fultz charged with the killing of her husband. Bert Biggs charged with the killing of Bill Klumpp on the night of the 19th. The following is the list of whose names have been dropped from the jury service during the term: Grand Jury service: Elizabeth Burgess; S. C. Caudill; Earl Williams; Biggs; Caldwell; James; John; Wm. Walter; John E.  CLASS A Boys—Morehead vs. Olive Hill, 8:30. The night session is picked to be the star session from the viewpoint of attendance, as Morehead, Haldeman and Olive Hill are all certain to have big delegations of fans in attendance.

Saturday morning the winners of the Haldeman-Hitchins girls game are scheduled to meet Soldier girls in the finals of the B Class girls. Haldeman is undoubtedly the winner of the girls of the class championship as well as the tournament.

Following this game at 11:00 a. m. the Morehead Amazons, who are the Class A boys, meet the winners of the Olive Hill-Grayson girls of a Class finals. Here again the boys are easily upset.

Saturday afternoon the Boys teams will meet in the Class finals. The winners of the Soldier-Sandy Hook game will meet the winners of the Haldeman-Hitchins game at 2:00 p. m. Here again Haldeman is expected to win over both opponents.

and Soldier and to go to the final. In the Class A division Grayson who drew a bye meets the winners of the Olive Hill Morehead game of Friday night. Olive Hill is conceded an advantage in this game for two good reasons. They hold one decision over the Vikings at Morehead, and they are playing in their own gymnasium. Another reason may be the possible absence of Fred Caudill from the lineup due to illness the past week. It is not certain at present that he will be sufficiently recovered to take part in the tournament, and if he is, it is not considered likely that he will be in top form.

In the night session the finals are to be played between the winners of the class championships. Grayson is being picked as the Class A boys representative while Haldeman is expected to represent Rowan county in the boys division. The Amazons and Blue Belles are slated to tie up in the girls finals.

Smilin' Charlie Says

"Let me tell you—our ancestors didn't get that way sittin' back and talkin' about their predecessors!"

Culinary Jingles by Virginia Gibson.

What becomes of all the time. We save from day to day; Is it really utilized, Or is it thrown away?

Seconds here or minutes there, We save religiously; We save time with time to spare, And spare time judiciously.

If you would save some time each day, And for sure ways are looking; Just take my tip and try this way, Of saving time in cooking!

NO DUTY in the entire household category consumes so much time as that of preparing meals. This includes menu planning, marketing, preparation and serving of food. Homemakers who apply modern efficiency methods to these duties find their tasks considerably easier.

Planning meals in advance means reducing marketing trips to a minimum. It facilitates preparatory work, particularly for elaborate meals, and lessens the time spent in the kitchen. It not only enables one to simplify one's tasks, but also effects appreciable economy.

A well stocked emergency shelf containing a variety of prepared foods such as soup, milk, fruits, self-rising flour, meats, vegetables and a few delicacies is an invaluable time saver. This is particularly true in emergencies. Unexpected guests who remain for meals hold no terrors for the woman who is thus prepared. A recipe list, containing suggestions for menus as well as recipes, is an added help.

While it is possible to save time in a variety of ways, our chief desire is to reduce the number of hours spent in the kitchen. This may be done by systematizing one's work, but there are other methods that save not only time but money and labor as well. Much of the time spent in kitchens is devoted to making bread, cookies, pastries, cakes

and similar dishes. Many women, however, have discovered that much time may be saved by using self-rising flour in preparing these foods.

Foods in which self-rising flour is used are highly palatable. They are light, attractive to eye and palate, highly nutritious and comparatively inexpensive. Self-rising flour is perfectly seasoned and pre-leavened. It requires no additional leavening agents or salt as these are blended with it in correct proportions at the mill. It is easily and quickly sifted and lessens labor and eliminates soda, baking powder and the additional points which their use require.

Most homemakers are interested in dishes which may be prepared in twenty minutes or less. The two recipes given below are of this type and will be found as palatable and nutritious as they are interesting.

Toss-Up Cake

Sift three and one-third cups of self-rising flour into large bowl. Break two eggs into standard measuring cup. Fill cup with melted shortening or cooking oil. Put into flour but do not beat. Add two cups sugar, one cup milk, and one teaspoon vanilla. Beat entire mixture two minutes. Pour into a greased and floured loaf pan or two large layer cake pans and bake in a moderate oven (350 degrees Fahrenheit) for 30 minutes.

Jiffy Frosting

1 1/2 cups sugar
 4 tablespoons cold water
 1 teaspoon vanilla
 1/2 teaspoon cream of tartar

Put the SUGAR, WATER and beaten egg whites in the top of a double boiler, and place it over boiling water. Beat for seven minutes; remove from fire, add flavoring and cream of tartar, and continue beating until it is of the right consistency to spread on the cake.

CONSTIPATION

By Dr. William J. Scholes
Just how much serious damage is done to the system by constipation is still an open question. The modern idea seems to be that, heretofore, too many ills were blamed on this cause. Yet there is little doubt that most of us feel a lot better when the action of the bowels is normal and regular.

While a tremendous number of the people who suffer from constipation are the victims of unhygienic habits, attention should be called to the fact that a certain number of cases of constipation are the result of some disease affecting the digestive system. Cases of the latter kind are satisfactorily remedied only when the underlying disease conditions have been corrected.

Abdominal Exercise Beneficial
Exercise and massage of the abdominal muscles (if there is no tenderness of the abdomen) benefits many cases.

If proper diet, sufficient water

and exercise do not bring about the desired improvement, two or three tablespoonful doses of mineral oil may be taken daily as a laxative. An improvement occurs, the daily dosage of oil should be lessened, discontinuing its use entirely as soon as possible.

PREVENTING DIABETES

The belief that getting too fat is one of the important factors in the cause of diabetes seems to be gaining more widespread acceptance. While it is far from proved that fat is the cause of this disease, we know that diabetes occurs much more frequently in the fat than in the lean. There is much more diabetes among the sedentary than among those

who are active. As a race, the Jews are inclined to become fat and they seem to have more diabetes than other people. Along in middle age, after 40, the rate of occurrence of diabetes increases. It is along in middle age that many people become less active physically and accumulate fat.

So if fat plays an important part as a cause of diabetes, the prevention of this disease would seem to be a matter of getting rid of the excess fat. The popular methods are less food and more exercise. The particular kinds of food that favor the accumulation of fat, are starches, sugars and fats. Among the articles containing these are potatoes, rice, white bread, cream candy sweet desserts oil butter and fat meats. By omitting these from the diet

and living on green vegetables, lean meat and fruit the body would be compelled to consume its own fat to produce heat and energy. Exercise suitable in kind and amount to the age and condition of the individual, would aid in burning up the fat.

Aside from the possible prevention of the development of diabetes, the gradual and careful reduction of the weight to near normal will be of benefit to the general health, that there are possibilities of harm resulting from an uncontrolled attempt at reduction, should not be overlooked. It is best to have some physician supervise the process. The loss of weight should never be rapid and any existing disease condition must be taken into account.

Movie Aristocracy Crowns Jean Harlow Best Cook

By DOROTHY LOVE
JEAN HARLOW, whose meteoric rise to stardom has been one of the Hollywood sensations of the past year, has had new laurels heaped on her platinum blonde locks. Miss Harlow is being heralded as one of the best amateur cooks among the aristocracy of cinemaland—a real artist who can turn out delectable dishes to tempt the most jaded appetite. "I like to cook," Miss Harlow told a movieland reporter, "because there is a certain satisfaction in taking a little of this and some of that and watching it transform

itself into a tempting bit that makes even my family sit up and take notice. There are tricks in every trade and one little continental trick I learned from a well known French chef is to use a dash of sugar along with salt and pepper as a vegetable seasoner. Somehow or other the sugar helps blend and pick up the flavor and removes the most tempting vegetable offerings."
Here's one of Miss Harlow's favorite vegetable recipes which her friends have christened—

Beets a la Jean
Beets a la Jean are a tasty variation from the usual. Boil five medium-size beets until tender. Peel and slice them. Add one tablespoon flour to one tablespoon melted fat and cook until bubbly. Then add slowly a cup of cold water and stir until smooth. Add three tablespoons vinegar and remove from the fire. Stir in three tablespoons cream, one-half teaspoon pepper, one-half teaspoon salt, one teaspoon sugar and one-quarter teaspoon paprika. Pour over the beets and serve very hot.

Estelle Goes A-Baking

OUT in Hollywood they tell you that Estelle Taylor can cook and bake as well as she can act, which for the movie fan has only one meaning. Estelle must be a good cook. Her special weakness is pie—large fresh fruit pie containing plenty of vitamins and sugar with its energy giving qualities. After coming back for a second helping, movie folk have generally agreed with Estelle that nothing can take the place of something sweet to make the meal complete. Here's one of Miss Taylor's tempting recipes for an apple pie which is different:

Hollywood Apple Pie
Make two crisp pie shells and fill one with cold, well-sweetened and seasoned apple sauce. Then place the other shell on top and serve in sections with a spoonful of whipped cream for decoration. A little nutmeg sprinkled on top will add to the flavor.

DISCUSS LIGHTS

(Continued From Page One)

cost 4.17 times as much in the city as for the school. Consequently can be but one conclusion and that is that the citizens are paying far too much for their current.

As suggested remedy, and more for the purpose of starting discussion than anything, Mr. Caudill presented a resolution and agreement and asked for signers. The petition embodied an agreement; that signers would withhold from their February lights bills and those of succeeding months, until the Kentucky Power and Light Company fixed an reasonable and satisfactory rate; 25 per cent of the total amount of their bill. A number of those present, while the sentiment in favor of a reduction was unanimous, felt that such action might be nasty, and a suggestion was made that a resolution be drawn to take its place whereby the citizens of Morehead respectfully demanded a substantial reduction in rates as at present existing, and that this petition be presented to power company authorities by a committee of five representative citizens, with the avowed determination of erecting a municipal plant immediately, unless satisfactory action were obtained. It was believed that 98 per cent of the citizens of Morehead would sign such a petition and hold to it, while it will be much more difficult to obtain signatures to the proposed petition with regard to holding out on the bill. Many of the big users who are equipped to run their machinery electrically, would be strictly up a tree, as the net result of such an action, would mean but one thing, that the power would be cut off.

However it was felt that the meeting accomplished a very desirable object, that of uniting the citizens and bringing the question to the forefront. Some action is certain to be taken as a result.

WOMEN: watch your BOWELS

What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.

It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their cheeks are swollen. Dr. Caldwell's Syrup Pepsin is made from fresh laxative herbs, pure pepsin and other harmless ingredients. When you've a sick headache, can't eat, are bilious or sluggish, and at the times when you are most apt to be constipated, take a little of this famous prescription (all drug stores keep it ready in big bottles), and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women!

ANNOUNCEMENT To My Customers

It is with regret that I find that I am forced to make this announcement that in spite of all my sincerest efforts, I am at this time unable to carry out my plans and completely dispose of my stock of merchandise and my store building. The public is due an explanation of this fact. In December, I entered into a contract with the Norton Sales Service Company, after several weeks of investigation as to their reliability, to COMPLETELY CLOSE OUT my stock of merchandise.

I believed at that time that they were thoroughly reliable and that they would do as they agreed, wind up the business NOT LATER THAN FEBRUARY 19, 1932. For several weeks the Sale went on and then, about the middle of January their Sales Manager left and HAS NOT RETURNED. The result is that, coupled with sickness, I have been unable to carry out my plans and AM FORCED by Circumstances to Give them up for the time being.

I regret this sincerely as it was never my wish to put on anything but a BONE-FIDE CLOSING OUT SALE, such as my contract called for.

I am STILL DETERMINED to carry out my plans to CLOSE OUT the ENTIRE STOCK and dispose of my building, but ill-health and the failure of the Sales Company to carry out their contract, forces me to announce that I will be unable to do this at the present time.

..... While the big CLOSING OUT SALE is for the time being given up, we will still go on offering MERCHANDISE at REMARKABLE SAVINGS. Unusually low prices will prevail in every department of our store.
