

**HAYES CEMETERY** before the cemetery improvement association started cleaning the burial place. Shown in this picture, ready to donate a day's work, are: **Charlie Sparks, Kendall Conn and Floyd Hall.**

TEN YEARS AGO Prof. Henry C. Haggan, Head of the Department of Agriculture at Morehead State College, formed a cemetery improvement association—a group to clean up an old run-down burial ground. This movement has spread until every community in Rowan County now has an association. Members donate the work and furnish tools while women-folk prepare a noon meal. Centennial visitors will see that every burial plot in Rowan County is neat and clean. The plan, started by Mr. Haggan, has been adopted in other Kentucky counties and other states. He has received many commendations for his work. This is the Hayes cemetery after it has been cleaned. Picture above is before. Photos supplied by Haldeman Cemetery Improvement Association of which Bert Dean is President.
