Whiting
Olmsted Brothers,
Brookline, Massachusetts
Gentlemen:

Your letter of August 11th received, and as soon as we get the accepted plans for the new building we shall send to you at once. All of the options have been closed.

I note that you say we should secure considerable portion of the C. E. Bishop lot, but I fear that we can get no more than that indicated to us when Mr. Whiting was here.

Very truly yours,
