PADUCAH, KY., MAY 21, 1863.

We, the officers and crew of the steamer Masonic Gen., take this method of returning our hearty thanks to Acting Ensign, J. H. Rivers, commanding U. S. steamer Paw Paw, and his gallant crew, for the just and kind treatment received on the trip just in from the Tennessee river. They will always be remembered and truly appreciated by us, and we are to the authorities of the Government that the advice and counsel given in our presence by the officers and crew of the U. S. steamer Paw Paw, was such as will result in great good to our country by advising the people everywhere, and on all occasions to return their allegiance to the Government of our Fathers, and follow the peaceful pursuit of life which will insure to all peace and happiness. We bespeak for Acting Ensign Rivers and his honorable crew some honorable position to which all good men aspire and such gentlemen as they are worthy to receive as a reward for honesty and patriotism, and faithful discharge of official duties.

K. M. Hardin, Master.
R. M. Thompson, Clerk.
J. W. Pace, James B. Williams, Chas. R. Bacon, Wm. D. Jones, P. H. Hays, Charles C. Hamilton, Mary K. Hays, Engineers.
Henry White, P. H. McBride, Mate.
D. H. Wall, Watchman.

We, the passengers aboard of the Masonic Gen just out of the Tennessee river, cordially approve and endorse every sentiment expressed in the above article in reference to Acting Ensign J. H. Rivers, and his worthy officers and crew.

Dan Castello's great show is tomorrow. It will exhibit here today, tomorrow, and next day—afternoon and night. Any one desiring a good laugh at the whimsies of Dan, is his comic character so clever, and a coarser generally, or desiring of seeing the trained horse do, had better go to this show. We advise all persons predisposed to dyspepsia, to go as a good hearty laugh will do you good.

We had a call yesterday from J. A. Grant, who once published the Clarksville Chronicle, at Clarksville, Tenn. He informs us that he is about to resume the publication of his paper, being now engaged in getting material together for that purpose. Success to Mr. B., brother, and may you receive a liberal support.

The Excursion train will leave the depot at half past 8 o'clock, a. m., for Hickory Grove, returning, leaving Hickory Grove at half past 5 o'clock.

Fare for the trip \$1. From Mayfield to Hickory Grove and back 50 cents.

The Masonic Gen is still taking in freight at the levee for the Tennessee river trade. To our friends going up the river we would say that a more genial gentleman than Capt. Harlin, and Clerk Thompson, cannot be found upon the river. It is worthy of mention that the Gen. intends to make the Tennessee trade a permanent business.

The weather is very warm and dry now, too dry in fact for the growing crops; it is feared that the extreme wet of the early spring will be followed by an extremely dry time; should this be so, serious damage to the crop will result.

BY TELEGRAPH FOR THE PADUCAH DAILY UNION.

NORTH CAROLINA, May 21.—Correspondent of the Herald continues to furnish interesting accounts of the progress of events in that State, attendant on the efforts of the citizens with the assistance of Gen. Schofield and his army to reorganize society and restore civil government. Their candidates for Governor have already been named, and the supporters of each preparing to establish their claims. Gen. Schofield on the 16th issued another order in regard to the colored people, informing them that the acquisition of their freedom imposed obligations which they must meet as well as confirming on them the boon of freedom, and they are told they will not be supported in idleness, but must labor for support of themselves and families.

Herald's correspondent says the camp where Jeff Davis was captured was situated in a pine forest on the side of the Abbeville road, about one mile from Irwinville, Irwin county Ga. It consisted of a large wall tent containing only the arch traitor and his family, and an ordinary fire containing the male portion of the caravan, surrounding and contiguous to these were two common army wagons, two ambulances, and several horses and mules, with the usual amount of camp paraphernalia, such as saddles, bridles and harness, cooking utensils, &c. Davis himself and postmaster Tugan, with two colonels and Johnson aide-camp had only overtaken the party the night before, after a fatiguing journey from Washington Ga. where they had remained to settle some business as they say, when Mr. Davis, with the children and servants had pushed forward under the protection and escort of private Secretary Harrison and a few of the faithful, such as Lt. Hadaway, Mississippi Howell, and about twenty servant soldiers. It was probably at or very near Washington where Davis dismissed his escort and divided the spoils under the most pressing circumstances.

Some of Stanton's cavalry were hard upon him and he concluded to desist from letting them follow the body of cavalry, while he and his friends traveled across the country and joined his family. With regard to permission to accompany Davis to Washington, and regarding his obligations on receiving it, Gen. Willcox said to him, you are under no obligations, sir, said the General for I should have sent you whether you wanted to go or not, you are a civilian prisoner, and he, Davis is a prisoner both military and civil. Mrs. Clay remarked joyfully, that as he brought in her husband she would claim the reward offered for him to which Mrs. Davis responded, yes one hundred thousand dollars would be considerable of an amount of pocket money to us unfortunates now—I sold my horses, carriage, silver-ware and jewelry for what little money I had, and that has been stolen from me.

Stephens was arrested on his plantation only a short distance from Atlanta by a squad of Gen. Upton's men under a Captain and staff officer whose name I have forgotten. Stephens made no effort to escape but was found at his house quietly smoking his marsecham. He had no companions save two negro cartwheels and a dog, and lived almost entirely in solitude. Stephens said to me that when he went to Hampton Roads in company with Judge Campbell, and the Hon. R. M. T. Hunter to meet President Lincoln he could have made satisfactory terms of peace in five minutes. He was not however clothed with the proper official authority and hence his mission failed.

New York, May 21.—Steamer Edinburg from Liverpool, 10th is coming up. Times' Washington special has the following:
The new revenue commissioner, Mr. Arton will enter upon his official duties on the first of July. Mr. Seward will give his testimony in the conspiracy trial next Thursday. He now directs affairs in the State Department.

Frederick Seward was to-day notified of the assassination of the President for the first time.

Gen. Logan has been put in command of the army of the Tennessee.

A special dispatch to the Philadelphia Enquirer says the elder Blair was called before the grand Jury of Chief Justice, Carters U. S. court, and testified as to the acts of treason, committed by Jeff Davis. They agreed to report a true bill. This action is understood to be in conformity with the wishes of the administration.

CINCINNATI, May 21.—The Gazette's Nashville dispatch says a bill was introduced into the Senate yesterday requiring lawyers, doctors, members of the Gospel, and all persons elected to office, under the laws of the State, to take an oath, that they have in no way sided, or encouraged the enemies of the United States, before they can practice, or hold office.

Cumberland river is very high, overflowing portions of Nashville. Work is progressing rapidly on the Atlanta railroad. Guerrilla parties in that section have almost entirely disappeared. Gen. Hobson, of Kentucky, refused to receive the surrender of Champ, Ferguson, and other notorious guerrillas. He notified them to leave his district immediately.

WHOLESALE.—If ever Paducah becomes a place of great importance it will be done by encouraging manufactures and the wholesale business. For the past year a good deal of money has been made here in retailing merchandise, but this is temporary, and to meet the new state of things M. Livingston & Co. propose to do an exclusively wholesale business. The senior member of the firm has taken up his residence in New York. This will give them great advantages in supplying their customers at the lowest rates. This is one of our most liberal, enterprising firms, and we wish them abundant success in their new business.

New York, May 23.—Gold more active, chiefly owing to the active export demand. The purchases of foreign bank bills in New York have been unusually large this morning. The premium at one time reached 300 cents.

The Tribune says, Gen. Bank returned to New Orleans with sincere and avowed reluctance, regarding the war as an evil, he wished to resign and retire to private life. He is believed in this city all the latest moment with the hope that he is wish would be gratified, but it was not, and he was directed by Secretary Stanton not to write to the President again on the subject.

The Herald's Fortress Moore correspondent says the immediate place of confinement of Jeff Davis will be the casemates which are rock-built and arched masonry, within the fort, each wall thick constituting a fort within a fort. On the casemates of these casemates are mounted 15 inch guns. The only connections from the fort with the main land are by the main sally port and a small postern in one of the bastions. The wet ditch between the fort and each of these points by draw-bridges which can be raised at pleasure, thus cutting off all communication.

SAN FRANCISCO, May 22.—Gen. McDowell has conferred a Military Commission to try the rebel pirate under the command of Hogg, alias Eason, arrested in November last off Panama while attempting to seize the steamer Fairstar. They were brought lighter on the sea gun frigate Lancaster, several months ago, and have been confined at Fort Alcatraz, in this harbor. The proofs of their guilt are believed to be irrefragable. Three companies of the 7th regiment of California volunteers sailed for Ansonia today. The fire at Moore Point on the 13th, destroyed one third of the town—Loss \$30,000.

The Hawaii ship Polina, brings Sandwich Islands dates to May 15th. Some roistering middlemen of the British ship Ohio, caused a feeling of great indignation among the Americans at Honolulu, by removing the national ensign from the American legation amid the rejoicing over the fall of Richmond. The Captain of the Ohio compelled the middlemen to restore the flag and make a public apology, after expressing his own regret at the occurrence.

The ship Monsoon of Boston was lost at Howland's Island on the 10th of January.

The American residents at Honolulu observed April 25th as a day of special rejoicing over the good news of the fall of Richmond. A procession was formed which sang "John Brown" and marched to the residence of the American Minister, where patriotic speeches were delivered. The greatest enthusiasm was manifested in the evening. There were fireworks and illuminations.

Arrivals from China bring Hong Kong dates to March 29, which say nothing of the supposed presence of the pirate Shenandoah in the Chinese seas.

WASHINGTON, May 23.—The grand review was witnessed by thousands of persons, including many from other cities, who have come specially to see the pageant line. The sidewalks from the Capitol to the Executive mansion, a distance of a mile and a half, while windows, balconies, and all eligible positions, including house-tops, were occupied by deeply interested spectators. All public business was suspended. There was a general holiday. The Capitol bore the motto in large letters, "THE ONLY NATIONAL DEBT WE CANNOT PAY IS THE DEBT WE OWE TO THE VICTORIOUS UNION SOLDIERS." At the north of the Capitol at least two thousand school girls were assembled, neatly dressed, and there was much pleasant enchantment among them in pressing forward to present flowers to the soldiers. These children also sang patriotic songs. The troops, as they marched along Pennsylvania Avenue, presented a grand appearance; all arms of the service being being represented in full. Looking up Pennsylvania Avenue there was a continuous moving line far as the eye could reach, of national, state, division, brigade, regimental, and other flags. Some of them were new, and the stars of gold glittering in the sun contrasting straightly with the flags borne in the procession train and lettered, or more herald, and others were thickly covered with names, and dates of battle fields where victories were won by these proud veterans, the flag staffs were decorated with flowers, and very many bouquets were being from the markets. These troops did not march in a regular appearance; they were all full and cleanly clad, and their line marching filled public from every one.

On the south side of the avenue, between the Department of Justice, a stand was placed, being handsomely decorated with national flags at various points. Were the inscriptions, Atlanta, Wilderness, Stone River, South Mountain, Shiloh, Vicksburg, Savannah, Richmond, Petersburg, and Gettysburg. This stand was in part occupied by President Johnson, members of the Cabinet, Gen. Grant, Sherman, and other distinguished army officers. On the left were members of the diplomatic corps and their families, 200 tickets having been issued to this class of spectators.

HALIFAX, May 21.—The steamship China, from Liverpool, 13th, and Queenston, 14th inst., bringing 3 days later news, has arrived.

Cotton declined 1/4 for the week, breadstuffs steady, provisions steady, consols 94 1/2, American stocks U. S. 5, 20 5/8 @ 54. Ede 55 1/2 @ 56.

New York, May 21.—Gold opened 61.32, gold 61.34 closed 61.33.

New York, May 21.—The steamer American brings Savannah dates to the 20th inst. The Savannah Herald has dated advice from Augusta. The country between Savannah and Augusta is filled with rebel powder soldiers returning home. Nearly all planters have put in large amounts of seed—mostly cotton, rice and vegetables. Some have planted cotton—the first in four years. But few slaves have been skidded. Great grief and excitement was caused in Augusta by the announcement of the capture of Jeff Davis.

A wagon, containing two hundred and forty-three thousand dollars, in specie, belonging to the rebel government, was found in a by-way, and turned over to Gen. Molinaux. Gen. Gilmore has issued an order declaring null and void the proclamations issued by the self-styled governments of South Carolina,

Georgia and Florida, and also declaring that the people of the black race are free citizens of the United States, and to be protected in the enjoyment of freedom and fruits of their industry, by government.

LOUISVILLE, May 21.—The Southwest Telegraph company lines are now open to Mobile, and will be working to New Orleans in a few days.

A LOVELY OIL PEDIANOR.—The Parkersburg (W. Va.) Gazette notes the arrival there of Mr. Henry D. Sherman, of the Sherman oil well in Aetna county, Pa., and adds:

"Mr. Sherman has a history worthy of mention. Five years ago he commenced with little capital and hard manual labor to seek for oil in Pennsylvania. He sank five wells, all of which were failures—This exhausted his funds, but he did not despair. He tried again, pawning his watch and clothing even to get money to go on with another well. This well, before commencing, reduced him to poverty, and yet he managed to sink his well with his own hands, until he struck oil in such large quantities as to make famous over the world the Sherman well. This well flowed at first 2,500 barrels per day, and averaged for about a year a flow of 1,500 barrels. About this time he sold the well for \$2,500.00. In the meantime he had made purchases and sales, he had added to his capital until he is reported worth \$7,500,000, all in cash and equivalent stocks outside of oil lands and oil companies.

"Mr. Sherman is about fifty years of age, and still in bachelor life—such as it is—and contemplates going to Europe in June, where he expects to spend a few years. He has no brother, or sister, or father or mother living."

TRULY A GREAT COUNTRY IT IS.

A soldier in the 11th Ohio cavalry now on duty in Idaho, originally of the Irish "perambulation," writes thus to a friend in this city:

"This line will be perfectly safe in the spring for emigration. This is the most wonderful country in the world. I was told a few days ago by an old gentleman residing here, that there was a gold mine about thirty-five miles from here that three showers of pork and beans and new potatoes, already cooked, and there is a stream of sugar-hose milked along as the Ohio river, and I want to see it. I want to see it, and I want to see it."

Gov. Morton, of Indiana, has issued an address suggesting that measures be taken at once for the establishment of a permanent work for disabled Indiana soldiers and seamen, and recommending the taking up, in every township of the State, one dollar subscriptions for a fund for the purpose.

THE TENNESSEE RIVER TRADE.
MEMORANDUM OF THE COMMITTEE.

Enrollment taking action in regard to the Tennessee river trade.

An adjourned meeting of the Merchants and business men of this city was held at the office of Goldman, Berg & Co., on Saturday afternoon, and organized by calling Mr. John S. Hopkins, to the chair.

The Committee appointed at last meeting to examine the business of boats for the Tennessee river trade, reported that they had come to the conclusion that the steamer "Sun Orr" was the most suitable boat for the purpose which they could recommend, and submitted the same for the approval of the meeting, a memorandum of agreement which they proposed to make with the owners of the Orr.

On motion the report was accepted, and the Committee continued to procure subscriptions, and carry the agreement into effect.

After a general discussion of the subject, a subscription list was opened, and a number of names were offered for amounts sufficient to guarantee that the enterprise will be a success, and the estimates of the Committee fully realized. The balance of our citizens, who are equally interested, will respond in the same manner.

There being no further business, the meeting adjourned to give the Committee time to collect subscriptions, at once—
