SCHOOL BUILDING

Historical

The Morehead Normal School was founded in 1887, with Mrs. Phebe E. Button and F. C. Button as teachers, and with one pupil in attendance the first day. Each succeeding year has brought to the school a large measure of success. The liberality of Gen. Wm. T. Withers, of Lexington, Ky., made the school possible; the generosity of Hon. T. F. Hargis, of Louisville, Ky., provided for the first school-house, and the grounds for all the buildings; a gift from Robert Hodson and wife, of Oquakwa, Ill., became the basis of a fund for the erection of a boarding hall. For thirteen years it had been supported by the Kentucky Christian Missionary Convention. On July 31, 1900, it passed under the control of the Christian Woman's Board of Missions. Under the new management the buildings have been repaired and enlarged, the number of teachers has been increased, the courses of study have been strengthened, and a new epoch in its history has begun.

Location. Morehead, Kentucky, is a growing town of about eleven hundred inhabitants, located on the C. & O. Railroad. It is the county seat of Rowan county, once

noted for its lawlessness, but now one of the most law-abiding counties in Eastern Kentucky. The town is easy of access by rail and stage.

Situa- The situation of the school, on a great through
tion. line of traffic, puts pupils attending it in touch with the great world, and at the same time affords facilities for instruction at less cost than in large towns.

Pur- The Morehead Normal School is a school for
pose. teachers. It gives them that technical education which fits them for their vocation. Its courses meet all the requirements of the County and State examinations. Its aim is to fill every teacher with enthusiasm for work and to inspire them with higher ideals of life. It seeks to make honorable men and women of its students and to prepare them for useful lives.

Meth- Text books are used, but the student's attention
ods. is directed mainly to the study itself. All work is made fresh and interesting. Daily recitations are required of each student who thus comes in close contact

with the teachers. Lectures are given by the teachers from time to time, and the school is drilled daily in Sacred History. Special instruction is given in Reading, Music, Parliamentary Law, Physiology, Physical Culture and Bible Study. The work of each student is discussed in the monthly Faculty meeting, and methods of helping each one advance in the work are considered. Every legitimate means is employed to keep the interest of the student aroused.

HODSON HALL—GIRLS' DORMITORY

Advantages. The school owns sixty-seven acres of land, furnishing ample room for physical exercise. The location is beautiful and healthful. The buildings are supplied with modern school furniture. The girls' boarding hall, known as "Hodson Hall," is a three-story frame building, containing about twenty-two apartments. Every room is well furnished. The student could not find a better home. Experienced teachers have been employed and the instruction is thorough. A rigorous discipline is maintained. The expenses are very low. Careful attention is paid to morals and manners. A Christian atmosphere pervades the school.

Announcements. A large school building and boys' dormitory, second to none in Eastern Kentucky, has just been completed. This building has bath rooms, hot and cold water, steam heat and electric light. In it is a splendid assembly room, laundry and class rooms. This building is known as "Burgess Hall."

An Industrial Department has been put into operation in which printing presses and a broom factory will be used to give employment to all who wish to work their way through school.

Miss Allie Mae McCorkle will have charge of the Music Department.

Miss Magdalena Stukey, of Ann Arbor, Mich., a graduate of the University of Michigan, has been added to the faculty.

There are no saloons in Rowan county.

To Prospective Students. It is strongly urged that all who contemplate entering school do so on or before the opening day of the term. With enlarged facilities and an increasing corps of teachers, the Morehead Normal School again presents its claims to your attention. The present year is the best in its history. The prospects are bright for thoroughly successful work. Everything possible will be done for the student's pleasure and profit. We have no iron-clad regulations. We expect our students to conduct themselves like ladies and gentlemen. We invite all to visit the school and examine our work. A cordial welcome will be given to all new students.
