

Officers Start Investigation Of Two Filling Station Murders

APPROVAL ON ROWAN WORK ANTICIPATED

Many Projects Submitted Have Not Been Approved By Headquarters.

ASK FOR VOTING BOOTHS

Approval on several projects in Rowan and Elliott counties is expected within the next few days by District Engineer Dixon Shouse. Mr. Shouse said this morning that many projects had been submitted and a part of them approved.

Among the major projects submitted for Rowan county which are expected to receive the approval of the State office are: (1) System of natural gas distribution for the city of Morehead, costing approximately \$32,000 and employing 100 men. (2) Stone filling booth for each of Rowan's 17 precincts, at an approximate cost of \$500 each and employing 25 men on the construction of each. (3) Grade, drain and surfacing of Oak Grove road for 6 1/2 miles at an approximate cost of \$50,000. (4) Sewing project to give employment for 40 women at an outlay of \$10,000. (5) Grade, drain and surfacing of 9.6 miles of Licking river road at a cost of \$75,000. (6) Grade, drain and surfacing of Rock Ford road for 6.2 miles costing \$48,000. (7) Grade, drain and surfacing of a portion of Big Ferry road which will cost around \$25,000. (8) Building garage for county at a cost of \$4,000.

A seven month project is already being worked in this county. It is the construction and surfacing of the Upper Licking river road, costing \$19,200 and employing about 100

SARA WARE BASSETT KNOWS HER CAPE COD

SARA WARE BASSETT

Miss Bassett, author of "Shifting Sands," the delightful story which is to be published serially in this paper, has spent her life in the atmosphere which is so characteristic of all her stories. A descendant of William Bassett, who landed at Plymouth in the "Fortune" in 1621, she was born at Newton, Mass., and was educated in the public schools of that city. For twenty years Miss Bassett was a teacher in the Newton public schools, devoting her spare time to literary pursuits. She contributed short stories to well-known magazines and them, in 1912, her first book, "The Story of Lumber," was published.

First Installment of 'Shifting Sands' Appears on Page 8

A YOUNG PIONEER

When several hundred families were sent to Alaska from the Middle West to settle the Matanuska Valley, the Red Cross sent a nurse, Madeleine de Foras, to remain with them for a year to help protect their health. Among the first friends she made were the little pioneer, Arthur Mack, 4 years old, and "Princess," the pup who went with his young master to Alaska.

All Male Relief Clients In County To Be Employed

Every workable male relief client in Rowan County will be given work if they will call at the Rowan County courthouse on Thursday morning or thereafter, County Judge C. E. Jennings announced tonight. Orders have been received from State Progress Administration that every eligible male in the State shall be assigned work before November 25.

Judge Jennings said he had been advised of the new order by B. P. Bogardus, Assistant Officer of Branch 31, located here, and Dixon Shouse, District Engineer.

EAGLETS MAY PLAY CENTRE

Game May Be Played At Cheek Field Next Monday.

The Morehead College Freshmen may play one more football game, according to Coach Bill "Cap" Scroggins, although the season was supposed to have ended Friday 14-0.

The last game will be played at Danville against a good Centre College freshmen squad. Scroggins said the exact date for the game had not been fixed, but that it would probably be played next Monday.

So far, the Eaglelets have played but one game away from home and three at Jayne Stadium. Two victories, one defeat and a tie is the season's record.

TO BROADCAST OVER WCML, WLW

Program To Be Given On Thursday at 2:30 Central Time.

Both WCML, Ashland, and WLW, Cincinnati, will broadcast programs by students and faculty of Morehead State Teachers College this week. Thursday afternoon at 2:30 CST, a program related to Nature Study will come over the air from the Ashland Station which operates on 1310 kilocycles.

On Sunday afternoon at one o'clock the Foster Choral Club, directed by H. L. Horton, will broadcast from WLW Cincinnati. The chorus will be assisted by Miss Dorothy J. Riggs, instructor of piano, and by Evelyn Harpham, cellist, and Caspar Bost, Flautist. The program will consist largely of choral arrangements of Stephen C. Foster's songs and Southern mountain music.

Quail Reported Fairly Plentiful Over County

From all sections of Rowan County come reports of an abundance of quails. The season on the birds will open on Sunday, November 24.

The section of Rowan bordering on the Allis Young Highway report the largest number of quails. Although they are not yet plentiful, hunters should enjoy more sport this year than for several past seasons.

1 Bullet Injures 3 In Skirmish At Hazard

Hazard, Ky.—Three men were shot and wounded, two seriously, in a fracas near Hazard Sunday, with but one bullet being fired.

Abijah Combs, 26, was shot in the stomach when he wrestled for a 38-caliber pistol Henry Stitham, 33, had pointed at Bert Walker, 45, according to deputy sheriffs. The three were struggling for the gun when it was discharged.

Stitham was shot through the right chest, Walker through the right arm. Combs underwent an operation at the Hazard Hospital, where the

Sheriff Near Scene At Time Of Twin Slayings

Rowan County officers started an investigation today into the death of John Bocoek and Bill Stewart, who were slain by Arthur Hicks near Easton Monday afternoon.

Hicks told officers that the men attempted to hold up his filling station. It was learned yesterday afternoon that Rowan Sheriff Mort May and a deputy, Jos. Caudill, were in the filling station not more than 5 minutes before the 2 men were shot. Sheriff May said they stopped at the filling station in an effort to learn the whereabouts of a Haldeman resident, wanted on a warrant from Fleming County, and that everything appeared to be in order; that Hicks made no complaint to them of any disorder on the part of the 2 cattle buyers. Sheriff May said he noticed Bocoek and Stewart but did not give it any further thought as he saw no signs of trouble.

Sheriff May and the deputy were about 100 yards from the filling station when Hicks turned the 32 caliber gun on the 2 men with deadly effect.

Officers said it had been reported to them that Bocoek and Stewart had been ordered from Hicks' home earlier in the day. The remains were claimed by Bill Bocoek of Catlettsburg, who is the slain wife, and brother-in-law of the other. Another relative, Clarence Castle, also of Catlettsburg, came here today.

LAND DISPUTE LEADS TO FRAY

A dispute over the ownership of a strip of land, resulted in the wounding of Fowler Nickell, Rowan county farmer, Monday afternoon.

Officers are seeking Manford Winkelman, a neighbor, whom they said had done the shooting. The slaying happened near Elliottsville, 7 miles south of Morehead.

It is believed the men renewed a quarrel of long standing that afternoon over the ownership of the land. Sheriff Mort May said he had previously heard reports that the dispute had threatened to result in violence.

According to the story placed together by sheriff's officers, Nickell fired several times with a pistol at Winkelman. Two charges from a shotgun were fired by Winkelman, one of them taking effect in Nickell's chest. He is expected to recover, although his condition is serious.

Winkelman sent word to the sheriff's office that he would surrender the charge of shooting and wounding with intent to kill, but this afternoon he had not given up. Charges may also be preferred against Nickell.

Goldie's to Purchase Home Made Quilts

A large Eastern concern has requested Harry Goldberg of Goldie's Department Store, to purchase for them a large number of home-made quilts. In order that those having quilts for sale may have the money for Christmas, Mr. Goldberg, starting this morning that he would begin buying them immediately.

Anyone having hand-made quilts for sale should bring them in to Goldie's Department Store on Main street.

Man Arrested For Stealing Chickens

Homer Gregory, of Haldeman, was arrested yesterday by Sheriff Mort May and is in the county jail on a charge of stealing chickens. The warrant for Gregory's arrest was sent here by the sheriff of Fleming county.

Revellers to Give Play Tonight at 8

The Revellers Dramatic Club of Morehead College open the stage season with the presentation of "The Black Flamingo," in the auditorium this evening. "The Black Flamingo," a melodrama, is one of the outstanding plays that have been secured by the Revellers.

A fully costumed cast and an unusual new set of scenery are added features of the performance. Among the students from Morehead that will take part are: Gladys Allen, Elijah Hooge, Anna Lee Young, Sam Bradley and John Paul Nickell.

STAMPER RITES HELD ON SUNDAY

Died Of Suffocation At Lee-Clay Fire Brick Company Plant.

Funeral services for Estill Stammer, who was found dead last Friday at the Lee-Clay products company plant at Clearwater, were held at the Christian Church at 11 a. m. Sunday. Rev. G. H. Furr of that church conducted the services. The participants were John B. Francis, Ted Collins, Walter Caudill, Geo. Leon, Walter Owens, Irvin Queenberry and Herman Baldrige. Services were later conducted at the Masonic Hall at Elliottville by Rev. William Dawson and at the cemetery near Elliottville where burial was made in the morning.

Estill was a member of the Christian Church.

Estill was the son of Mr. and Mrs. Samuel S. Stamper. He was born March 2, 1908 and reared and educated in this county. Prior to his employment at Lee-Clay Products Company he had assisted his father who is the father of the county.

Estill Stammer was united in marriage to Miss Gladys Moore, daughter of Mr. and Mrs. M. F. Moore of this county on March 25, 1926. To this union were born two children, of which one, Robert, 5, survives, the other child having died in infancy.

Estill was well known to the people of this county and was beloved by all who knew him. His friendly and pleasant disposition made him many friends who are deeply grieved at his passing.

He is survived by his parents, Mr. and Mrs. S. S. Stamper, his wife, one son, Robert, four brothers, Clifford, Haldeman, Hobart and Norman of Muncie, Ind., and Charles, of Farmers, Ky., and four sisters, Goldie, Templeman of Elliottville; Lula Teece of Esvita, Fla., One Dickie of Detroit, Ohio, and Nola Stamper of this city.

Girls Reserve Meeting Draws Large Attendance

Approximately 125 high school girls, representing thirty-five Eastern Kentucky Communities, were in attendance at the annual conference of Girl Reserves held at Morehead State Teachers College, November 14-17. The conference was under the auspices of the State Y. W. C. A. Mary Helen Ferrel, Louisville, State Girl Reserve secretary, had charge of the meeting, and Curraleen C. Smith, dean of women at Morehead, acted as registrar.

Harvey A. Babb, president of the college, was the principal speaker at the opening meeting Friday. Other speakers included the Rev. John E. Moss, Lexington; Catherine Curtis, Mt. Sterling; Mrs. M. S. Bowne and Mrs. Ben R. Turner, Mt. Sterling; Lena Strawbridge, Ashland; and Helen I. Candless, executive secretary, Kentucky Y. W. C. A.

Louis Stinnett, Greenup, is president of the conference, and Lillian Strubbe, Hancock, secretary. Miss Luella Babb, teacher at Fairview High School near Ashland, and the Girl Reserve sponsor there, spent the week-end in Morehead at the Girl Reserve Convention here. Miss Cooney brought as delegates

(Continued On Last Page)

ARTHUR HICKS HELD; HOLD-UP ATTEMPT SAID

John Bocoek and Bill Stewart Identified As Gun Victims.

Two men, who allegedly attempted to rob a filling station near here Monday afternoon were shot and instantly killed by a station attendant.

The men identified as Robert Stewart, about 40 years old, and John Bocoek, 37, met instant death at the hands of Arthur Hicks, of Haldeman, when they attempted to grab him after demanding he turn over the contents of the cash drawer.

Hicks and Clarence Pigman, who was in the station at the time, said that the men drove up in a truck and drank several bottles of beer. Hicks said he ordered them out when he saw one of the men put the salt and pepper shakers in his pocket, and they had become rowdy.

"The men returned in a few minutes, and one of them asked me how much money I had in the cash register," Hicks declared. "I told them a few dollars, and then one of them attempted to grab me, and demanded that I give them what money I was carrying. I snatched up a gun and shot one of them, and he fell. I then shot coming at me and I believe I fired twice before he fell."

Pigman, the only other survivor, told the same version as did Hicks. An automobile license receipt and papers identified one man as John Bocoek of Palmyra, Ind. Several people in Morehead knew him, and they said he had a brother living in Catlettsburg, and they thought his family was in Paris, Ky.

The other man was identified as Robert Stewart, of Catlettsburg, Ky. by several people who said they knew him. The men were driving a truck, and it was confiscated by officers after the shooting. They were both cattle buyers, and it is thought they were brothers-in-law.

Hicks surrendered to Sheriff Mort May and was placed in the county jail pending examining trial.

The remains of Stewart and Bocoek were taken to the Ferguson Funeral Home. The trunks of Hicks' sin was disclosed there, as an examination showed that Bocoek was the man and Stewart was shot in the heart. The other bullet that Hicks fired went through Stewart's hat.

The shots were fired from a .32 calibre pistol. Neither Stewart nor Bocoek had a gun on their person.

The shooting was shot in the filling station owned by Bill Kegley, on U. S. 60, eight miles east of Morehead. Hicks had been working at the station for some time.

County Judge C. E. Jennings said that the date for Hicks' examining trial had been set for Saturday.

More Bodies To Ashland On an order from the Chief of Police of Ashland, Ky., the bodies of John Bocoek and Bill Stewart, who were slain near Easton Monday afternoon, were turned over to the Owen-Clark Funeral Home Tuesday.

The remains were taken to Catlettsburg where funeral services will probably be held. Both men have relatives residing in Catlettsburg.

Jack Carter Weds Monday Evening

Mr. and Mrs. J. B. Frayley announce the marriage of their daughter, Miss Monnie, to Mr. Jack Carter, son of Mr. and Mrs. Jack Carter of Christy Creek road. The ceremony was solemnized Friday evening, November 8, in Grayson. Before his marriage Mr. Carter was a senior at Morehead High school and president of the Student Council. He is now employed on the State Highway. Miss Frayley is a junior at the high school and is president of her class. Both were outstanding in school activities and were two of the most popular members of the school. Mr. and Mrs. Carter plan to make their temporary home with his parents.

THE INDEPENDENT has a complete job printing department, where every branch of printing is done.

JOIN The Red Cross Roll Call Is Now On. It Is Your Duty To Join

Board of Education

The voters of Rowan County elected to place on the County Board of Education Herbert Bradley and Sam C. Caudill. The Board of Education is a far more important body than many of us think, and the voters of this community are to be commended in wisely choosing men capable of handling the school affairs of Rowan County.

Both Mr. Bradley and Mr. Caudill conducted a clean and sane campaign that brought them victory. They were opposed by three other good men, any one of which we feel would have made a good public servant for the school of this county.

We should remember that the members of the Board of Education serve without pay, and it is civic-minded individuals that are for the betterment of the schools that serve. We feel that for the next two years the present membership of the Board of Education will serve you and your children well. At the end of 2 years, the people will choose members for the Board again. Mr. Caudill and Mr. Bradley will serve for these years, however, and a partial Board is elected every 2 years.

Decrease In Robberies

It has been so long since newspaper accounts of a robbery in Morehead and vicinity has been carried, that we must come to an ultimate conclusion regarding local thievery.

In the first place, more rigid law enforcement has been a consistent aid in keeping down robbery. The city council placed an extra man on the police force, and it is our belief that it was a good move.

The successful apprehension of the petty thieves and more severe sentences has been a material help. In the past year, practically every major law violator in Rowan County has been behind the bars. Public enemies in this small town are finding themselves out of date, and are having to cope with a more wide-awake vigilance on the part of citizens and officers.

Then better times are here. This perhaps the principal reason for crime is much easier. Many men who stole before are now on payrolls and earning an honest living.

Morehead business houses are not being entered as they were in the past. It is getting so a business man can go home and feel that when he returns the next morning his stock of merchandise will be as he left it.

Pensions For The Aged

Reports from several counties, received by The Herald, indicate that many persons who voted in favor of the old age amendment to the state constitution at the recent election thought they would receive pensions of \$30 a month immediately if the proposal were victorious; and a few even thought they were voting for the Townsend plan, which would provide \$200 a month for the aged. Either supposition, of course is

Nothing Doing! I'm Cured!

correct; the voters merely gave the legislature authority to appropriate money to match the funds offered by the federal government through the recently enacted Social Security law.

If the Kentucky assembly makes the maximum allotment possible under the federal law, the aged who have no other means of support will receive \$30 a month—\$15 from the state, matched by \$15 from the federal government. If the legislature sees fit, it could allot smaller sums for pensions—for instance \$5 or \$10 a month, which also would be matched exactly by the Washington government, making a total pension of each eligible person \$10 or \$20 a

month.

This provision is only part of the Social Security Act, which provides a compulsory pension system for nearly all workers and unemployment insurance benefits when and if the act is ratified by the various states as well as aid for needy mothers and children; but it probably is the first of the many sections of the federal law on which the Kentucky lawmakers will act when they convene early in January.

And the tremendous vote in favor of the recent election indicates clearly the action the assembly will take, no matter how difficult the task of raising additional taxes to pay the pension may be. (Lexington Herald)

has a true directorial genius.

Robert Stevenson wrote the dialogue and Roger Hilber is credited with the magnificent photographic effects. The music is by Andre Glavard. "Thunder in the East" is presented by Al Lichtman and released through United Artists. The supporting cast includes Perry Stockfield, V. Jakupoff, Miller Mander and Henri Fabert.

WELTER DIRECTS NATURE PROGRAM

Sandy Hook News

By Mrs. H.W. Mobley

Mr. and Mrs. Jas. Clay were visitors in Sandy Hook on last Thursday.

Mr. and Mrs. Johnnie Greene, Dr. R. E. Wenr and Mr. Hainpeny spent Sunday in Morehead visiting with friends.

Mrs. Perry Foster entertained very beautifully on Saturday for her daughter, Lowman, who celebrated her tenth birthday. About 40 Miss Katie A. Lee had as her Sunday dinner guests, Mrs. H. W. Mobley and four children.

Mrs. Belle Johnson of Newfoundland visited friends in Sandy Hook last Thursday.

Mary Hannah Hunter, a student at M. S. T. C. visited her mother Mrs. Emma Hunter over the weekend.

The relief office entertained very beautifully for Mrs. Bertha H. Gray, a newwed, and a home visitor in the same office, at Mrs. R. M. Clayton's home on Wednesday. She was the recipient of many nice gifts which she very gracefully accepted. Lovely refreshments were served to the many guests.

V. H. Redwine, Jr., who is working at Lexington, spent Thursday with his family and mother at Sandy Hook.

Mr. and Mrs. John S. Wheeler and two children, Juanita and Pauline, visited relatives in Morehead Saturday.

Little Miss Nelle Ison, daughter of Mr. and Mrs. P. H. Ison, was confined to her room last week with the mumps.

Delmar Conn of Limestone who entered school here last Monday, was the week-end guest of his sister, Mrs. Walter Vansant.

Mrs. J. W. Rose and Miss Katie Lee attended a Baptist conference in Ashland last week.

Mrs. L. C. Prichard of Greensburg was the guest last week of the families of W. A. Prichard and L. C. Prichard.

Elliott Sanitation Project Is Under Way

Under the Works Progress Administration a sanitation work re-

lief project is being carried out in Elliott County. Under the direction of the State Board of Health sanitary privies are being constructed. The W. P. A. will furnish the labor from each locality the people desiring them to furnish the material.

The only cost will be that of the materials, the labor being furnished by the W.P.A. That the project can be carried in any one locality it will be necessary that ten people agree to have sanitary privies built. Their names can be either left or sent to the Elliott State Board of Health office at Sandy Hook.

Mr. J. K. Williams is confined to his bed again with illness. We hope he is able to be out again soon.

Thunder In The East' At College Theatre Friday

The most spectacular sea battle ever flashed upon a motion picture screen is featured in "Thunder in the East" the Leon Garganoff production formerly known as "The Battle" at the College Theatre Friday.

These scenes come as the breathtaking climax to the seething conflict in the lives of three people—Marquis Yorsika, the Japanese naval commander, played by Charles Boyer, who loves his country more than honor; Mitsuka, his lovely Westernized wife, played by Merle Oberon; and Fergan, the handsome young English officer into whose arms Yorsika pushes her in order to learn secrets of British naval strategy.

The powerful and moving story, adapted to the screen from "The Battle," the popular pre-war French Novel by Claude Ferrere, follows the romance of the at first hurt and bewildered little Japanese wife who finally yields to the charming British officer, and the conflict in the soul of the intensely patriotic husband who stands mutely by and sees how he is wrecking the lives of three for the glory of his country.

"Thunder in the East" was directed by Nicholas Farkas, internationally distinguished cameraman, and has resulted in his being hailed

head of the department of Science, will feature the weekly broadcast of Morehead State Teacher's College over Station WCMI, Ashland, Kentucky, Thursday, November 21. Nature poetry will be the theme of the program. A string quintet from the music department will furnish music. This is the fifth in a series of broadcasts which are presented by the college at 2:30 p. m. Central Standard Time, each Thursday.

The English Department of the College will have charge of the program on Thanksgiving Day, November 28. The works of Mark Twain will be featured. Inez Faith Humphrey, head of the department of English, will direct the program.

Many communications have been received by the station complimenting the college broadcasts and station officials are unanimous in their praise.

Marriage Licenses

Licenses to marry were issued by Rowan Clerk Vernon Altrey, during the week, to the following couples: Richard Johnson, 26, single, the plant employee, and Linda Gregory, 18, single, both of Clearfield.

Powell Ferguson, 33, widowed, Williams, 21, single, of Radston, laborer, of Haldeman, and Thelma Kr.

Eckell Rowland, 25, single, farmer, of Redbush, and Virginia Wood, 18, single, of Morehead.

Mr. and Mrs. J. B. Rose returned home Monday from Wellston, Ohio, where they have been for the last two weeks during the illness and the death of Mrs. Rose's mother.

Mr. and Mrs. James Clay and Mrs. O. B. Elam were business visitors in Lexington Thursday.

BISHOP TURNS SHERLOCK HOLMES AND FUN BEGINS!

STATE COOPERATIVE COUNCIL ORGANIZED

A state cooperative council was organized at the third annual conference of officers, managers and other representatives of cooperative associations held recently at the University of Kentucky College of Agriculture marketing organizations in the town.

Its purpose will be to coordinate the activities of all of the cooperative. Eleven associations were represented at the conference.

Thomas E. Johnson, Elkton, manager of the Eastern Dark Fired Tobacco Association, was elected president; Gaston Cole, Auburn, president of the Louisville Livestock Marketing Association, was elected vice-president; and Frank Taylor, Lexington, secretary of the Kentucky Tobacco Growers Cooperative Association, was named secretary. The board of directors is composed of the officers and R. R. Giltner, of Eminence, president of the Kentucky Lespedeza Growers Association; Ben Allen, Thomas, Shelbyville, president of the Falls Cities Cooperative Milk Producers Association, and Boone Hill, Bettin, president of the Western Dark Fired Tobacco Association. Speakers at the conference included John E. Brown, president, and L. G. Foster, secretary of the Bank for Cooperatives at Louisville; P. O. Wilson, Chicago, manager of the National Live Stock Marketing Association; Fred Flynn, Toledo, manager of the Falls Cities Cooperative Milk Producers Association; Robin Hood, Washington, secretary of the National Cooperative Council; Jesse Tapp of the AAA; Ben Kilgore, executive secretary of the Kentucky Farm Bureau; and W. C. Johnston, agricultural agent in Meade, Jackson county; Dean Thomas P. Cooper of the College of Agriculture, and Mr. Johnson and Mr. Cole.

THE FARM AND HOME (Kentucky Experiment Station)

Hens which lay well into the fall lay more eggs during the year than hens which stop laying and molt during the late summer or early fall. It is good practice, therefore, to select late molters for breeders.

Clothing should be brushed immediately after wearing, rather than left to weather, as dust and injures material. Allowed to remain dust settles in spots which are difficult to remove. On some materials dust is responsible for shine.

By proper cooking, savory and relatively cheap dishes can be prepared from the shoulder, breast, flank and neck of lamb. The flavor of lamb combines especially well with certain relishes and vegetables. Salads and flavorful dressings also may be used.

Chilling the carcass is an important step in home butchering. A temperature of freezing or a little above is ideal for butchering. After the hog carcass has been cleaned, splitting down the center of the backbone and the removal of the leaf lard and the head will assist in the chilling.

Many farmers consider it good practice to drench sheep before winter. Relieved of worms, sheep will do better through the cold season. It will also prevent infestations in the spring. Ever-fresh worms produce more and better lambs.

Unless there is an abundance of rain, the ground around young trees should be thoroughly soaked with water before freezing weather. This is especially true of evergreens. Good waterings at intervals of 10 days to two weeks may be necessary.

EXPERIMENT STATION FEEDING FLUKE FOR INTERNATIONAL SHOW

A show flock of 29 sheep is being fitted at the Agricultural Experiment Station to carry the Kentucky colors at the forthcoming International Live Stock Exposition in Chicago. Day by day the masterful hand and watchful eye of Harold Barber, noted shepherd, are rounding into superb form some of the best sheep the Experiment Station has ever sent to the great international show.

The show flock contains 11 Cheviots, five Hampshires, six Southdowns and six grades. All except two of the grades were purchased at the Experiment Station. One of the Southdowns is closely related to the grand champion of the 1928 International which was bred and exhibited by the Kentucky Experiment Station.

In the last 12 years, sheep from the Kentucky Experiment Station has won a grand championship, two reserve grand championships, 18 championships, 17 reserve championships and a large number of first, second, third and other placings at the International Live Stock Exposition.

PLANS FOR 1936 WHEAT ADJUSTMENT

Applications are now available at county agent offices for the new wheat adjustment contract. This announcement was made following a conference of members of the State Grain Board and AAA representatives at the University of Kentucky College of Agriculture.

Farmers who produced wheat in 1930, 1931 or 1932 are eligible to sign wheat contracts. The reduction set for next year is 5 per cent of the base, but signers must grow 54 per cent of their bases.

There will be two adjustment payments, one next summer when the wheat acreage has been measured, and one the following year, after signers have shown evidence of complying with the contract the second year.

A London Bishop on a rampage of mystery—a young couple who try to be amateur criminals—and a hilarious plot in which the bishop who reads detective stories, turns Sherlock Holmes and outthinks any detective ever heard of before—these are among the diverting details of "The Bishop Misbehaves," Metro-Goldwyn Mayor's very comedy-mystery showing Wednesday and Thursday at the Gory Theatre.

The Romantic Lead Maureen O'Sullivan and Norman Foster play the romantic leads as the young couple who delve into amateur crime in a madcap revenge scheme, and Edmund Gwenn, distinguished British character actor, playing the bishop who trips them up in their nefarious plan, who battles crooks with a snuffbox, who finds the missing link, uncovers a smilder, and otherwise sets all things right amid a hilariously munny sequence of situations.

An Effective Cast E. A. Drott, famous European director of "Variety" and other far-fetched the whimsical new story based on the successful Broadway stage play by Fred Jackson. The cast includes Lucile Watson as the bishop's thrill-loving sister, Reinhold Owen, hilarious comedian of "Moran," Dudley Digges, Ivan Simpson, Lillian Bond, Arthur Treacher and Charles McNamee.

Elaborate settings add spectacle to several sequences in the whimsical story of London life.

FIRST CHRISTIAN CHURCH

Addition and fine attendance and interest at all the services last Sunday. Large and enthusiastic meeting of the Women's Council Council Thursday with Mrs. C. U. Waltz. No preaching Sunday night in account of Methodist revival. Endeavor meeting at 6:45 p. m. and specially interesting Bible school and morning preaching service.

NOTICE TO CONTRACTORS

Sealed bids for the construction of a Science Building and Dormitory will be received at the office of Joseph & Joseph, Architects and Engineers, 404 Breslin Building, Louisville, Kentucky, by the Board of Regents, Morehead State Teachers College, Morehead, Kentucky until 1:00 p. m. November 22, 1935 at which time they will be opened and tabulated.

- Contractors may bid on either one or both buildings and make a corresponding reduction in price should contracts for both buildings be awarded him.
- The project in general comprises the following principle items:
 - 1—Buildings for Science and dormitory
 - 2—Heating for Science Building and-or Dormitory
 - 3—Plumbing for Science Building and-or Dormitory
 - 4—Electric wiring for Science Building and-or Dormitory.

Owners reserve the option of awarding the contracts on the Science Building separately from the Dormitory, also the mechanical trades separately on either building.

Bids will be received and contracts let on any project financed in whole or part of the Public Works Administration, subject to Relief Appropriation Act of 1935. Attention is called to the fact that not less than the minimum rate as prescribed in the Construction Regulations must be paid on this project.

2. Plans, specifications, and contract documents may be examined at Morehead, Kentucky or the offices of the Architects, or may be obtained from Joseph & Joseph, Breslin Bldg., Louisville, Kentucky, upon deposit of \$30. The deposit of contractors making legal bids will be returned upon receipt of documents in good condition within one week after bids are opened.

Board of Regents, Morehead State Teachers College reserves the right to make such changes in the design and the extent of the work as may be necessary to reduce the cost of the project to within the limit of the funds available; provided such reduction does not affect the total estimate more than 20 per cent.

The right is reserved by the Owner to reject any and all bids and to waive informalities.

Each bid must be accompanied by a bidder bond or certified check drawn on a responsible bank, and made payable to the Secretary of Board of Regents, Morehead State Teachers College for a sum of not less than 5 per cent of the bid.

Contractors will be required to furnish Performance Bond in amount of 100 per cent of the contract price.

For further information address: Joseph & Joseph Architects and Engineers. BOARD OF REGENTS, MOREHEAD STATE TEACHERS COLLEGE, MOREHEAD, KENTUCKY

Commissioner's Sale

THE COMMONWEALTH OF KENTUCKY, ROWAN CIRCUIT COURT CAULLI-BLAIR & CO. —Plaintiff

VERSUS NOTICE OF SALE MRS. W. H. BROWN. —Defendant

By virtue of a judgment and order of sale of the Rowan Circuit Court, in the above cause, for the sum of One hundred and forty seven (\$147.00) Dollars, with interest at the rate of 6 per cent per annum from the 27th day of September, 1930, until paid and its cost therein I shall proceed to offer for sale at the Court House door in the City of Morehead, Kentucky, to the highest bidder, at public auction on the 2nd day of December, 1935, at One O'clock p. m., or thereabout, upon the profits of 6 and 12 months, the following described property, to-wit:

"Beginning at a point on the N. E. Bank of county road at S. E. Line of right of way of C. & O. Railroad and running with the road's crossing said part being S. 13 1-2 E. 30 links from sign post of railroad crossing; thence with county road a north line S. 28 E. 2 poles and 19 links; thence S. 18 1-2 E. 3 poles and 22 links; thence N. 87 E. 16 poles and 22 links to corner stone of foundation to old mill; thence S. 58 E. 6 poles and 23 links thence leaving county road line N. 32 1-4 E. 11 poles and 17 links to a set stone; thence N. 64 1-2 W. 25 poles to a post at cattle guard fence; thence with E. line of railroad right of way S. 25 W. 13 poles and 22 links to the beginning containing 1 acre and 104 poles more or less."

Said land can not be divided without materially impairing its value, and the Commissioner of this Court is ordered and directed to sell said lot of land with the improvements thereon.

Privilege is given the purchaser to pay the purchase price in cash without executing bonds or to pay the purchase money at any time before maturity.

Or sufficient thereof to produce the sum of money so ordered to be made. For the purchase price the purchaser must execute bond, with approved securities, bearing legal interest from the day of sale, until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.

NELLE PROCTOR, Master Commissioner Rowan Circuit Court.

Commissioner's Sale

THE COMMONWEALTH OF KENTUCKY, ROWAN CIRCUIT COURT SADIE LOGAN, et al. —Plaintiff

VERSUS NOTICE OF SALE MRS. QUEEN LOGAN, et al. —Defendant

REGULAR ORDER By virtue of a judgment and order of sale of the Rowan Circuit Court for the settlement of an estate I shall proceed to offer for sale at the Court House door in the City of Morehead, Kentucky, to the highest bidder at public auction on the 2nd day of December, 1935, at One O'clock p. m., or thereabout upon a credit of 3 months, the following described property, to-wit:

"A certain parcel or boundary of land lying and being on the North Fork of Triplett Creek, about 2 1-2 miles from Morehead, Kentucky, and known as the Old Henry Logan farm and bounded on the North by Triplett Creek; on the west by Triplett Creek; on the east by lands of L. W. Odum, deceased, and on the south by the lands of D. C. Caullin known also as part of the Dr. Henry Logan farm, said tract of land containing 157 acres more or less, and same land which said S. E. Logan bought from the estate of Henry Logan by the Master Commissioner's deed of record in Rowan County Clerk's office and for more particular description reference is had to the deed of record from Master Commissioner to said S. E. Logan and his deeds conveying part of said land to others."

The purchaser of this land gets all of said tract of land at this sale but it is subject to the dower right set apart to the widow, Mrs. Queen Logan, as long as she lives. This dower is described as follows to-wit: A certain tract or parcel of land situated, lying and being in Rowan County, Kentucky, and on the North Fork of Triplett Creek. Beginning at a white oak tree at the County road, marked, on the west side of the road, and about thirty yards from the house; thence running in a westerly direction to a sycamore tree on the bank of Triplett Creek; thence in a northerly direction with the meanders of the creek to a water birch tree on the bank of Triplett Creek, opposite the mouth of Brushy Creek; thence in an easterly direction to a marked paw-paw bush directly on the L. W. Odum line; thence in a southerly direction with the Odum line to the county road, cornering on a forked white-oak tree; thence with the county road to the white-oak which is the beginning corner of this plot.

This plot contains five acres more or less, and includes the residence building on said farm of S. E. Logan, deceased, and contains all of the out-buildings of every kind on said farm.

We set apart to her the said tract of land, including the building as her dower and for her use as long as she lives.

For the purchase price, the purchaser must execute bond, with approved securities, bearing legal interest from the day of sale, until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.

NELLE PROCTOR, Master Commissioner Rowan Circuit Court. 14-27-35

The corrective oils in Clairol improve the hair health and keep the hair in condition.

KENTUCKY FARM NEWS

Earnings of farmers varied from a low of \$479 to the top figure of \$2,900 in Washington county, their farm record books reveal. Average farm returns on 17 farms given business analyses were: tobacco, \$900; dairy cattle, \$409; sheep, \$266; hogs, \$229, and beef cattle, \$468.

Estill counties interested in greater profits from lambs are importing high-grade ewes, on a larger scale than in former years. G. H. Masters, of Witt community, is buying purchased rams to head his flock of mountain ewes.

"How cover crops and lime make for profitable farming," was the subject of speakers at seven meetings in Marshall county. Much of the land has hitherto been left bare after the winter, but farmers are responding to the soil improvement campaign.

Union farmers are getting satisfactory returns from cattle and lambs stunted or market on Lespedeza pastures. Jim Will Hancock reports that veal calves sold for \$40 a head, and W. R. Waller received top market price for yearling steers and heifers, fed corn while running on pasture.

The Roanuky rural-urban committee in Louisville held a special one-day exhibit, in which calves, pigs, poultry, field and truck crops, canning, room improvement and other 4-H club project work were shown for the information of Rotarians.

KENTUCKY NEAR TOP IN DAIRY JUDGING

Three Kentucky boys judging in the College of Agriculture at Lexington, won third honors in judging cattle at the great National Dairy Exposition in St. Louis, outclassing teams from most of other states, including some of the leading dairy regions of the nation.

The three boys whose ability matches Kentucky's previous dairy state are Eugene Culton, Parksville; Maurice Mahew, of Adlington; and Noel Watson, Somerset. They not only stood third in judging all breeds, but were second on Holsteins, fourth on Guernseys, fifth on Jerseys, and 11th on Ayrshires.

Eugene Culton was the third best individual judge of all breeds, fifth on Guernseys and ninth on Holsteins, and Maurice Mahew was sixth on Guernseys and ninth on all breeds. The team was trained by George M. Harris, extension field agent in

FRESHMEN DEFEAT TRANSY BY 14-0

A concentrated drive in the opening quarter that netted a touchdown on the eighth play of the game, and a brilliant 56 yard run-back of an intercepted pass proved the margin between Morehead and Transylvania's Freshmen outfits here this afternoon, and Morehead won 14-0.

In order to win, the Morehead freshmen beat off 2 goal line attacks of the visitors. From the standpoint of gained yardage from scrimmage the teams were exactly even, both eleven picking up 119 yards and making 7 first downs apiece. Despite this, the Morehead eleven was definitely the better team, making their yardage when it spelled points, while Transy bogged down in the pinches.

Lowman took the option—kickoff on his 11 and returned to Morehead's 31 to open a drive that ended in a touchdown 2 minutes later. Lowman gained 11 around end, Marzetti picked up four. Lowman passed to Watson for 8 to advance the ball to Transy's 46. Watson cleared right end for 9 yards and Marzetti gained 3 through the line, and Hofstetter passed to Hammonds on the 10, and he sidestepped his way across the goal line for the first touchdown. Lowman passed to Hofstetter for the extra point.

LOUISVILLE WINS OVER MOREHEAD

The University of Louisville football team reeled the end of the long trail to victory Saturday afternoon at Parkersburg, unleashing pent-up power on the hapless Morehead State Teachers College eleven to win by 20 to 0. It was the first cardinal victory this season. A gra-tying throng of 1,500 cheered acclaim as Lyn Golden, fleet U. of L. halfback, raced three times to touchdowns.

Crossing the final stripe in the second, third and last periods, the Birds completely outshone the visiting Eagles, while a rugged Louisville line flashed its best form of the campaign. Golden, a former Lexington high school star, displayed a remarkable exhibition of broken field running, dashing 72 yards in the second frame and 52 yards in the fourth for touchdowns. He cut through right tackle in the third period from the 5-yard mark for the odd touchdown.

Registering twelve first downs to six, the Redlegs gained 382 yards, only 9 coming from aerials. The Eagles counted 48 yards through the aid and 58 on the ground.

Golden raced 71 yards across the goal line in the first period only to have the tally voided because of an offside penalty.

Golden Races 72

Opening the second, Louisville gained possession on downs on its own 17-yard line. Golden split the center for 11 and on the next play got away for 72 yards and a touchdown. Archer made the extra point hitting the line. Starting the drive with the fans wildly cheering for more touchdowns, Golden clipped off 30 yards through left tackle after Louisville had taken Vinson's punt on its own 40. Archer and Love on line bucks, carried the ball to the 40 and Golden again pierced the Eagles' defense for the remaining distance on two off-tackle gains. Love's pass to Corwell for the extra point fell short.

In the last quarter, Golden slithered around left end for 30 yards, cut back to the right side of the field and escaping all tacklers, completed the 56-yard run for the third and last tally. Dick MacDonald dropped kicked the extra point.

Bub Tatum Makes Good At South Carolina U

"Bub" Tatum, former Morehead High School end, has been classed as one of the outstanding men on the freshman team of the University of Carolina.

"The Gamecock," student publication at South Carolina institution, has the following to say about Tatum's playing in the Clemson-South Carolina game in which "Bub" and his teammates won a 7-2 victory: "The outstanding feature of the game was the excellent defensive play of Tatum, Biddy end, and Kies, Carolina pivot man. They were in all plays and their tackling was hard and sure. Tatum stopped almost every play around his side of the line.

POULTRY EXPERT MAKES VISIT TO STATE RECENTLY

S. J. Marsden, of the U. S. Department of Agriculture, praised Kentucky poultry raising methods, in a recent visit to this state. Methods used by R. F. Nute, Valley Station, in raising 5,000 turkeys were pronounced most practical and economical, and the Agricultural Experiment Station at Lexington was recommended for its turkey brooding equipment and poultry plant.

Boxing At High School

A Boxing and wrestling match, sponsored by the Senior Class of the Morehead High School, will be given in the gymnasium Tuesday evening. Twenty-two rounds of boxing and 2 wrestling matches will fill out the complete program to be offered. Most of the matches will be between local mat artists, and boxers and wrestlers from the Clearfield CCC Camps. "Tarzan" featured boxer of the CCC camps will be seen in a 10 round headline.

SPORT... SLANTS

QUAIL SEASON

It seems to us that a grave mistake was made in changing the date of the opening of the quail season from November 15 to November 24, and letting the rabbit season open on the 15th.

Hunters are killing quail now, and have been shooting them ever since the rabbit season opened. It is a man with much will power and a high sense of the hunting laws that will not kill quail if they fly in front of him, while he is hunting rabbits. Unfortunately we have only a few hunters that can resist the temptation to shoot the "bob-whites" although the season is closed on them.

The present situation has a tendency to breed contempt and non-observance of the hunting laws. The legislature and the game commission might do well to either have the quail season open on the 15th of have both the rabbit and quail season open on November 24th.

Seasons on both should be open at the same time.

"It offers a dash of mystery, more than a dash of romance and generous helpings of Cape Cod atmosphere..."

Thus the book reviewer of the New York Herald-Tribune describes the very palatable literary fare that will be set before you in

SHIFTING SANDS

Sara Ware Bassett's latest and best story, which will appear serially in these columns.

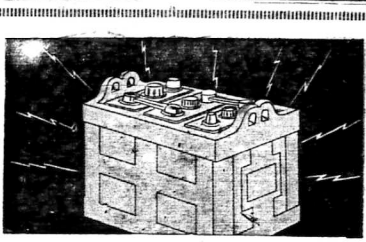

Stanley Heath, a stranger whose powerboat runs aground on the treacherous Cape Cod shoals, stumbles into the Homestead and into the life of Marcia Howe, a young widow with whom half the men in the village are already in love. Out of his clothing falls a leather case crammed with gems and the enigma of this puzzling possession provides the pivot around which the story revolves.

Marcia's blind, intuitive belief in the man's innocence brings its own reward.

A DISASTROUS SEASON

The Morehead College Eagles have completed the most disastrous year in the history of the grid sport at the institution. Six defeats and one victory is neither to be sneezed at or ignored. The year has been a difficult one, and injuries and ineptibilities certainly did harm to Morehead's eleven. With a good freshman eleven this year, better things are hoped for in the Teachers camp when another football campaign is launched nearly a year from now.

THE COLLEGE BAND

Praise that has gone to Prof. Marvin George and his fine band has been considerable this year, but it is still not enough for this group of musicians. They sported a good band perhaps the best in Kentucky for a school of the size of Morehead. We should get behind them and lend our assistance in any forward undertaking that they might attempt in the future. The band has been one of Morehead College's best advertisements, and Prof. George and members of the band are to be commended.

DECIDE NOW TO
SELL IN LEXINGTON
THIS YEAR

The Lexington tobacco market, largest in the entire burley belt, is now open and ready to receive tobacco for the opening of the 1935-36 sales season, which starts here Monday, December 2.

Much could be said about the advantages in selling in Lexington—there is more room, more buyers, more competition—but the most important thing is that tobacco DOES bring more when sold in Lexington.

Last Year Other Markets Sold 196,747,206 Pounds For An Average Of \$16.44

Last Year Lexington Sold 60,339,118 lbs of Tobacco for An Average of \$18.56

For an additional \$2.12 per hundred you will find that it pays to come a long ways to sell in Lexington. Just ask your neighbor who sells here.

CHILDREN'S FEAR

Sometimes a child will develop a phobia or fear instinct. A case in point was that of a child who feared rabbits, with which it had played for years, after being startled during some play by the howling of a dog. Another case was that of a boy who grew to manhood with an intense fear of confined spaces because, when very young, he had been frightened by a dog in a narrow passage.—Collier's Weekly.

IT WORKED FOR ME

Women should take only liquid laxatives

MORE people could find time, be fit and regular, if they would only follow the rule of doctors and hospitals in relieving constipation. Never take any laxative that is harsh in action. Or one, the dose of which can't be exactly measured. Doctors know the danger if this rule is violated. They use liquid laxatives, and keep reducing the dose until the bowels need no help at all. Reduced doses in the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why it should be a liquid like Syrup Pepsin.

Ask your druggist for a bottle of Dr. Caldwell's Syrup Pepsin and if it doesn't give you absolute relief, if it isn't a joy and comfort in the way it overcomes all ailments due to constipation, your money back.

No Recreation

Any man shrinks from going home to trouble after he has had a hard business day.

Ability Has Duty

Ability involves responsibility; power, to its last particle, is duty.—A. Maclean.

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold or bronchitis, try this. You can get relief now with **Cremonium**. Because trouble may be haunting you and you cannot afford to take a chance with anything less than Cremonium, which goes right to the seat of the trouble to aid nature in reaching and heal the inflamed membranes on the germ-beds phlegm is hoarded and expelled.

Keeps it off. **Cremonium** here. Relief can't be discouraged, your cough is subdued to your relief. Cremonium and to refund your money if you are not satisfied with results even the very first bottle. (Get Cremonium right now. Advt.)

Sugar Causes Brilliant

Leaf Colors of Autumn

It's not an early frost, as commonly supposed, that produces the most colorful autumn leaves, says the United States Forest Service. It's a late frost—and the sugar in the leaf—that gives us the brilliant colors. Just the right combination of temperature and moisture is needed. The best colors come when the thermometer doesn't quite reach the freezing point for several weeks during the latter part of September and through October.

Silviculturists explain that before the leaves fall a layer of cells forms at the base of the leaf, which ultimately loosens the leaf, and when it drops off, forms a scar. If frost doesn't arrive too soon, this layer forms early and quickly. It holds more sugar in the leaf and the sweet sap causes the brilliant reds and oranges and yellows that delight the eye. This is not only true of the gorgeous sugar maples in the north, but of most of the colorful hardwood trees—the oaks, elms, birches, other maples, sweet gum, black gum, hickory, dogwood, and many others. When frost comes too early the leaves dry and lose their sugar before they have time to take on color.

Slot Machine Messages

Making or cancelling engagements is easy for the user of a device known as the "Notifactor," developed in England for use in railway stations and stores and at large public gatherings, says Popular Science Monthly. By stepping upon a small platform and dropping a coin in a slot, the patron exposes a slowly moving paper roll on which he may write a message to a friend. The message remains in view for two hours. Several rolls are provided on the machine, so that a large number of messages can be accumulated. Such messages include explanations for unkept appointments.

5 p.m. is a test of how you FEEL

'How do I feel... Swell!—why do you ask?'

It's all so simple, too! That tired, run-down, exhausted feeling quite often is due to lack of a sufficient of those precious red-blood-cells. Just build up these oxygen-carrying cells and the whole body takes on new life... Food is really turned into energy and strength... you can't help but feel and look better. S.S.S. Tonic restores deficient red-blood-cells... it also improves the appetite and digestion. It has been the nation's standby for over 100 years... and unless your case is exceptional it should help you, too.

SSS TONIC Makes you feel like you've got 'em again

men. There is also a community sanitation project in Rowan employment 13 men and costing around \$20,000.

Elliott county has already received an allotment of \$19,340 to be matched with \$45,760 from the county for a 2-story court house 30x52 feet. Forty-five men are also working.

RED CROSS REPORTS BUSY YEAR AIDING DISASTER VICTIMS

Tornadoes, Fires, Hurricanes, Floods, Epidemics, Make Record of Year

The American Red Cross assisted sufferers in more disasters throughout the United States during the year ending June 30, 1935, than through any similar period in the peace-time history of the organization, Admiral Cary T. Grayson, chairman, revealed recently in commenting on the annual report which has just been released.

"The 123 domestic disasters in which the Red Cross extended aid during the fiscal year, or 56 per cent of the average over the past few years," Admiral Grayson said. "Not only was the period heavy in the number of disasters, but the geographic number of small foreign emergencies called for runs to tally \$2,500.

The months of February, March, April, May and June were heaviest for tornado disasters. Floods occurred throughout the year. Serious loss calling for Red Cross assistance took place during July and December. A devastating explosion took place in Tennessee during April. Most of the hurricanes struck States along the coast during the fall and winter.

"All of this assistance is pointed to distress," Admiral Grayson pointed out, "was only possible through generous contributions made by citizens in all sections of the country."

Most of this support of the disaster relief service comes from the annual Roll Call held each year from Armistice Day to Thanksgiving Day.

SLEEP! Tonight!

When the worries, noise, confusion, high-tension work, or hectic pleasures of your waking hours "get on your nerves," here is a simple time-tested preparation that will bring a feeling of calm and relaxation and allow you to get a good night's sleep. Dr. Miles' Nervine quiets your nerves. It is not habit-forming and does not depress the heart. Why take chances with dangerous habit-forming drugs? Why use narcotics that make you dull and depressed? Millions have found relief, relaxation, sleep, by using Dr. Miles' Nervine. Although first used more than fifty years ago, Dr. Miles' Nervine is as up to date as today's newspaper. Nothing better for the home treatment of over-taxed nerves has ever been discovered. Your druggist sells Dr. Miles' Nervine. We guarantee relief, or your money back, with the first bottle or package.
