McClain Is Released On Bond To Appear Before March Court

Fleming Man Arrested on the Charge of Stealing Cow From Rowan Farmer

FAILS TO EXECUTE BOND

Irrin McClain, of Midland, Bath county, charged with shooting and wounding two companions, Paul Crooks and Virgil Harper, in West Morehead three weeks ago, was held to await the action of the March grand jury when arraigned here Monday before Judge C. E. Jennings. McClain, who claimed the shooting was an accident, was released under \$500 appearance bond.

Other cases disposed of at regular court day:

George Crawford, indicted for forging name of E. T. Reiss, poultry dealer, to a check, pleaded in jail after failure to fill \$500 bond for appearance before grand jury. Albert "Sharkey" Cooper, of Fleming county, charged with stealing cow of father of Andy Lewis on North Fork, placed in jail to await grand jury action on failure to fill \$1,000 bond. It is alleged that Cooper stole the cow and sold her to a farmer in Bath county. He was arrested by Sheriff Mort May at Clearfield Friday.

How Time Works On Chandler Type of Roads

Three photographs made in Fairfax county, Virginia, showing primary and secondary roads under state maintenance, the same plan as advocated for Kentucky by Governor A. B. Chandler and opposed by automobile clubs, good roads associations and individuals interested in high type highways. Upper left is an improved gravel road with ruts from four to eight inches deep because the \$130,000 appropriated by the state is inadequate to maintain this secondary road. Upper right is a graded clay road badly rutted because of

lack of maintenance funds. Below is a section of the three-lane highway near Fairfax Courthouse, U. S. 50, which is typical of high type highways Virginia built before the state maintenance plan was put into effect, but which has been halted because of the diversion of the primary road allotment to the secondary road maintenance. It is estimated \$1,000,000 will be required to place Fairfax county's roads in shape to be properly maintained. Fairfax county is considered typical of the 96 other counties in the state.

Three Fires Cause \$10,000 Damage In City This Week

Homes of D. B. Cornette and Mrs. Mae Day Destroyed By Flames

FURNACE EXPLODES TUESDAY NIGHT

Approximately ten thousand dollars' damage was done here by fires during the last week, while neighboring cities reported even heavier losses.

A blaze at the home of D. B. Cornette, on Second street, caused damage of \$5,000 and \$7,000 damage besides destroying the Cornette residence, the names engraved a garage, burning a new highway passenger car and damaged the home of C. B. Daugherty.

The fire department answered two alarms Tuesday night. The first alarm was at the home of Mrs. Day on the outside of the city limits. There are no water mains in this section and chemical tanks were not sufficient to save the new frame dwelling. All of the furniture, and even bathroom fixtures were saved, as firemen kept the blaze smoldering for some time with chemicals. Insurance was carried on the home.

This is the second time in little over a year that Mrs. Day has burned out. Her home on Wilson avenue and Fifth street was previously destroyed.

At 11 o'clock Tuesday night a furnace exploded at the dwelling belonging to N. E. Kennard, in which W. T. Warwick resided until a few days ago. The resulting fire was extinguished before the alarm was sounded, but the damage was considerable. The explosion blew the chimney off. It was partly covered by insurance.

A bucket brigade proved unsuccessful at Sucky Hook last week as fire completely destroyed the Sandy Hook High School. Sucky Hook does not have any waterworks.

\$200,000 FIRE DAMAGE

AT OLIVE HILL
Fire, originating in the Stamper Hotel, destroyed that 12-story frame building and almost an entire block in Olive Hill during the week. Efforts of the Olive Hill fire department were hampered by insufficient water and frozen mains. Two firemen were seriously burned, and the entire belongings of many hotel guests were destroyed. Damage was conservatively estimated at \$200,000, partially covered by insurance.

Elvira Caudill Is Rowan Speller

Rowan county's representative in The Courier-Journal State Spelling Bee, which is to be held in Louisville during the Kentucky Education Association convention in April, will be Elvira Caudill, 12. She is a student pupil of Breckinridge Training School. Elvira, whose teacher is Miss Mildred Silver, is a daughter of Mr. and Mrs. Sam C. Caudill, Morehead. Her nearest opponent was Delmer Eldridge, 11, seventh grade of Sharkey school.

Fountain pen and pencil sets were given by the County Board of Education to the high spellers in the match, which was attended by 150 persons in the Morehead High School gymnasium. The Rowan County News and the Morehead Independent co-operated with Roy Cornette, county board superintendent, in conducting the campaign for better spelling. Asa Croftwell, Mayme Lows and Mrs. Myrl Gregory were judges. Mrs. Sue Coleman was pronouncer.

Board Votes To Extend Bus Route

Allie Young Bus Will Carry the Sharkey Students

In order to accommodate students at Sharkey the Rowan County Board of Education, in session here Monday, voted to extend the Allie Young Highway bus route to the Sharkey county line at Glasgow.

The board inspected buildings and grounds at the Morehead Consolidated School, making plans for improvements there. The teachers claims for the last month were allowed, to be paid, as soon as the money is available.

The resignation of C. F. McKinley, Pine Grove, sub-district trustee, was not accepted after a vote. The board instructed the superintendent to investigate the possibility of purchasing a lot at the Farmers school, and voted objections to the erection of a voting booth on school premises there. James Clay was retained as lawyer for the board for the coming year.

Enrollment May Go To 800, Says Dean

Many Rural Schools Have Not Dismissed Classes

Students expected to register at the Morehead State Teachers College during the next ten days are expected to push the second semester enrollment to approximately 800, according to Dean William H. Vaughan. This is considerably under last year's figure, but the 1935 spring registration was abnormally heavy because of a change in certification laws. Rural schools in many sections of Eastern Kentucky have not dismissed yet, as extremely cold weather prolonged the terms. Much of the Morehead student body is made up of rural teachers.

The enrollment this morning stood at 651.

Attempted Jail Break Sunday Is Thwarted

Overcrowded conditions at the Rowan county jail Sunday afternoon resulted in a jail break, as prisoners left out of already overcrowded cells, drove a hole through the building. The attempted break was discovered, however, before the hole through the brick was large enough for any of them to escape, and officers arrived in time.

The Morehead City jail was so full Sunday that it was necessary to place city prisoners in the county jail, with the result that housing facilities there were taxed.

Republicans to Honor Lincoln in Program Here this Month

Three score and eleven years ago, Abraham Lincoln spoke the immortal words of "Four score and seven years" at Gettysburg. The Gettysburg address is a masterpiece in itself, but the life that Abraham Lincoln lived in the crowning achievement of his career.

Rowan County Republicans, in collaboration with G. O. P.'s from Carter a neighborhood committee planned an observance of Lincoln's Birthday on February 12, but the banquet has been postponed because a nationally-known speaker was not available on this holiday. For that reason the birthday of Abraham Lincoln will not be observed here until 200 to 600 people are expected for the event. It will be held at the basement of the Methodist church.

Plan Construction On Buildings This Month

Construction of almost a half million dollars worth of buildings at Morehead College, held up because of extremely cold weather, will start this month, according to W. H. Ruse, superintendent of buildings and grounds.

One of the first steps towards completion was the sale of two buildings at the site. The Science Building will be constructed on Wilford Waltz bought the larger building for \$290 and Alf Caskey the smaller one for \$50. They have been given 14 days to remove them from the premises. Contractors for the Science Building and Dormitory are already here and have started moving machinery to Morehead.

Fire Destroys Home of D. B. Cornette

Between two and seven thousand dollars' damage was done here last week when fire, believed to have caught from an overheated stove, destroyed the home of D. B. Cornette on Fifth street, consumed a garage and a new State Highway passenger car and damaged the home of C. B. Daugherty.

The Morehead Fire Department answered the alarm, but frozen hydrants hampered their efforts. The blaze started in the Cornette home, quickly spread to the garage where the flames made it impossible to remove the car, and then caught the Daugherty residence on fire. The car was in the hands of W. T. Warwick, engineer, who had left it in the garage overnight.

The losses were partially covered by insurance.

Bridge of Ice Forms in Niagara Gorge

This ice bridge was formed in the Niagara gorge below the falls by a combination of high winds holding back the water in the upper river back of the falls, and by the cold snap which formed giant ice cakes. The falls themselves flow was lessened each day until a mere trickle of water was going over the brink and any intrepid soul might walk from the American side to Goat Island.

THURSDAY MORNING, FEBRUARY 6, 1936

GOVERNOR BEN JOHNSON

The people of Kentucky were so "fed up" on Uncle Ben Johnson as a political boss and head of the State Highway Commission, that the Chandler organization, in making the race for the Governorship, was aware that something had to be done if they were to save many votes.

The result was that Ben Johnson, in true "Uncle Ben" style, came out over the radio and in all the newspapers with the declaration that if Chandler were elected Governor he (Ben Johnson) would neither seek nor accept an appointment on the highway commission or any other state job.

Last week, Governor Chandler appointed Ben Johnson chairman of the highway commission and caused the resignation of Lyter Donaldson, admittedly a capable head of the road body.

The truth of the matter is that "Uncle Ben" has had his eye on the highway chairmanship ever since Laffoon discharged him. He just couldn't do without it, and we are forced to the conclusion that Ben Johnson's statement that he would accept no state appointment is simply another example of the false promises that have characterized his career.

Louisiana sought deliverance from the rule of Huey Long for many years. Now we find Kentucky again shackled to the political whims of one citizen who not only controls the Governor, but the purse strings of the state, as well. We have sought in vain for deliverance from Kentucky's dictator.

It is to be hoped that Governor Chandler will eventually, in some measure, carry out his campaign promise that, "if I am elected Governor, I will be Governor." Today, Ben Johnson is Governor of Kentucky, and Dan Talbott is his mouthpiece. Governor Chandler makes the pretty speeches and occupies the mansion, but he is Governor in title only.

FALSE ECONOMY

Recently the Independent carried an editorial headed, "Something Ought to be Done About It," concerning the condition of U. S. Highway 60 in West Morehead. Despite newspaper criticism and complaints of business houses and local people, the state highway department is ignoring the entire matter.

This road is torn up so badly that traffic can negotiate it only at a slow rate of speed. It is dangerous, inconvenient and has been in need of repairs for some time.

This is another citation to this undesirable condition. If the state intends to fail in maintaining main highways where traffic is heaviest, the present Administration's highway system method is certainly a glaring example of "false economy."

Blanks Soon To Go To Veterans; Bonus Questions Are Answered

Here are answers to questions asked by World War veterans on the "baby bond" bonus act:

Q.—Will an application blank be sent to me to fill out in order to get the bonds? A.—Yes, within a few weeks. It takes time for the blanks to be printed and distributed.

Q.—How much time does the law give me to file an application? A.—Until the new "baby bonds" expire, June 15, 1945.

Q.—Suppose I die before I receive the bonds. Then what happens to my bonds? A.—If your application was filed properly the bonds will go to your heirs or to your estate.

Q.—How much will I receive in bonds? A.—You will receive bonds in the denomination of \$50 up to the amount due you, provided the total comes out evenly. If there is an odd amount, you will receive that in cash.

Q.—May I cash the bonds immediately? A.—You can cash them after June 15, 1936, and they mature June 15, 1945. The Secretary of the Treasury will designate places where you can cash your bonds. Postoffices probably will be designated.

Q.—Do the bonds pay interest? A.—Yes, 3 per cent. But if you cash them before June 15, 1937, you receive no interest.

Q.—Can anyone I owe money take my bonds from me to satisfy claims? A.—No. They are exempt from attachment.

Q.—May I sell my bonds to anyone? A.—No. The bonds are not transferable.

Q.—Will I have to cash all my bonds at one time if I want to raise money? A.—No.

Morehead College Awarded Regional

The Morehead State Teachers College has been selected by high schools as the site for the 14th regional basketball tournament, according to the Kentucky Athletic Association.

Olive Hill was chosen as the site for the district tournament in which Morehead High and Breckinridge will compete. Winners and runners up in the four districts will compete at the Regional tourney.

More flavor is expected to be added to the tournament at Morehead, where Ashland appears weak on a past performance basis, and the meet is expected to be a wide open affair. Mt. Sterling and Olive Hill appear to have the strongest teams in the region to date, but Alie Holbrook's Soldier team is not to be without reckoning.

Bill Scroggins, freshman mentor at the college, will probably have charge of this year's tournament. Each team will bring 10 players, a manager and coach to the regional.

Business showed a distinct pick-up in Morehead this week as people started forging after three weeks of suffering from intense cold.

FLOOR IMPORTANT IN ROOM TRANSFORMATION

If you are thinking of making a bathroom out of that hall bedroom, check up on the strength of the floor to see if it will stand weight of the contemplated fixtures. The chances are it will do very nicely.

but if there is any question about it, have it strengthened before you go any further. Frequently it is necessary to cut into some of the floor joists to run the necessary piping. If it is not possible to put in deeper joists or steel beams to support the present ones, additional joists may be inserted, old ones braced, or a few Fitch plates put

in. These plates are sheets of metal bolted between two wooden joists to stiffen the wood members and help to prevent sagging.

Vikings Topple Haldeman By 14-13 Count

For two long years Morehead High School went without a basketball victory—but yesterday afternoon the desire of their supporters to see the Vikings win at least one game this year was fulfilled as they defeated Haldeman High 14-13. The game was played on Haldeman's floor, and was perhaps the best performance the Morehead team has put up this year.

Previously Haldeman had doubled the score on Morehead High in a game played here.

The Vikings snatched an early advantage and held it throughout, although the Leopards were close at all times. Haldeman's closing rally barely fell short of victory. All Morehead's starting lineup shared in the scoring. Hage, Leopard guard, led the point-making of both teams with 6 tallies.

A meeting will be held at the college administration building Thursday evening, February 6, at 7:30 for the purpose of taking further steps toward a permanent organization. All sportsmen in this section of Kentucky have been invited to the meeting. Eagles Win by 36-25, But Freshmen Forced Into Overtime

Faced by Parsley and Carter, who accounted for 27 points between them, the Morehead College Eagles swept to a 36-25 K. I. A. C. victory over Georgetown here. In the preliminary encounter, the Georgetown freshmen showed more power than expected, and forced the game into an overtime, when a long basket by Horton gave the Morehead freshmen a 30-28 victory.

Georgetown led during most of the first half of the varsity game, but Leslie's long shot with seconds of play remaining in the first half, knotted the count at 14-14 at the intermission. Georgetown made things close during the first ten minutes of the second half, but thereafter Carter and Parsley started hitting to pull the Eagles comfortably in the lead.

Armen, with 17 points, was the scoring star for the freshmen match.

Transy Victor Over Morehead

Transylvania's Pioneers romped to another victory over Morehead College here Saturday night, as Napier and Fitzpatrick, forwards, ran rife to account for 29 points in a 47-26 victory. Morehead salvaged something from the night's play as the freshmen won the preliminary over the Transy Greenies by a one-sided 57-20 score.

Lawrence Carter, Morehead center, tied Napier for individual scoring honors with 15. John Shney, who quit school because he lost a workshop on account of scholastic standing, has re-enrolled, and played a few minutes of the Transy game.

JURY LISTS FOR MARCH TERM GIVEN BY CLERK

Two Murder Cases Will Come Before Jurors At This Session

CONVENES ON 2ND MONDAY

Only two murder cases appear on the docket for the March term of Rowan Circuit Court, but the docket on both felonies and misdemeanors is heavy, according to Circuit Clerk Joe McKinley.

Ed Hall, Morehead patrolman, and Mrs. Beattie Day face murder counts. Circuit Clerk Joe McKinley said this morning that the following names had been drawn from the wheel for service at the regular March term of Circuit Court:

Grand Jurors
Jesse Lewis, E. C. Roberts, Forest Lee, Earle Shry, Rocco Jones, Norvell Hargis, Vance Riddle, Bud Brown, C. A. Clay, Wm. Brown, Fred Hollan, Hiram Eldridge, Mort Ellington, Charles Crawford, J. A. Amberg, Hiram Kiser, Gus U. Terback, Allen Hines, Ernest P. Owens, J. C. Wells, John Barker, Ernest Lowe, O. L. Jackson, John Goodman, Basil Hamm, S. P. Wheeler, Charles D. Holbrook, Robert Stumper, G. C. White, W. F. Kegley, Al Parker, Roy Parsh, N. F. Brown, A. J. Williams, Steve Kiser, Charlie Wells, Cranston; Sim Owens, J. M. Rice, Ward Elam, C. W. Hook, Floyd Lambert, Willie Dehart, Ollie Swain, Ambrose Blair, Le. Hinton, Dock Lambrecht, Calvin Fultz, Charles McKinley.

Petit Jurors
J. C. Wells, John Barker, Ernest Lowe, O. L. Jackson, John Goodman, Basil Hamm, S. P. Wheeler, Charles D. Holbrook, Robert Stumper, G. C. White, W. F. Kegley, Al Parker, Roy Parsh, N. F. Brown, A. J. Williams, Steve Kiser, Charlie Wells, Cranston; Sim Owens, J. M. Rice, Ward Elam, C. W. Hook, Floyd Lambert, Willie Dehart, Ollie Swain, Ambrose Blair, Le. Hinton, Dock Lambrecht, Calvin Fultz, Charles McKinley.

Politics... Buds Hines

CANDIDATES With election week many months of the woods full of candidates. Already four have announced intentions of seeking the office of Representative from the Bath-Howan District, although the election will not be held until 1937. Now comes the unexpected and unexpected report that D. D. Floyd will be a candidate for County Clerk in the 1937.

Here's the rest of the rumors going the political rounds: Joe McKinley will run for re-election to the Circuit Clerkship, provided the Legislature passes a proposed law that allows anyone who has served as Circuit Clerk for 12 years to practice law. Dr. H. L. Nickell reputed as probable Democratic candidate for Representative. Legrande Jayne as candidate for County Clerk on Republican ticket. Mort may as a candidate for the same position. John Parker as seeker of Sheriff's place. John Adams, probable candidate on G. O. P. side for same office. and so it goes on and on.

The rumors may be idle, but from all appearances the depression has made a political job-seeker from lots of good people. Judging from the number of candidates for Representative one would think the place pays ten thousand dollars a year—it might, at that, but not through the legitimate channels.

CAUCUS: The past few days have brought more than a little criticism at the Morehead City Council much of it directed at that body's policy of caucusing. It seems that many taxpayers, actively interested in this City Government of ours, do not approve of things being done behind locked doors.

The open sessions of the city council are no more than a formality, because all the real business and the voting is done behind locked doors. Recently an alderman in Louisville refused to even sit at a session because it was preceded by a caucus. After all, it is the taxpayers, and the citizens a group such as Morehead's City Council represents, that are putting up the money to run the government. They have a right to know what is going on, and how the business is being conducted. It should be their privilege to hear the arguments on these matters. Instead of holding only to unanimous votes.

New Professor Hired At Morehead College

W. C. Wineiland, who has been working on his Ph.D. degree at the University of Kentucky, has been added to the staff of the department of physics and mathematics at Morehead State Teachers College. He will have charge of classes necessitated by increased enrollment this semester.

Mr. Wineiland holds the degree of Bachelor of Science from the University of Kentucky, having the honor of graduating "with high distinction." He also holds the degree of master of science from the same institution.

Chances Slim For Redistricting Bill

Measures Not Expected to Reach Floor As Legislature Considers Other Measures

A bill introduced in the Legislature to redistrict this section of Kentucky, so as to make Rowan, Morgan and Elliott a Judicial District has not come out of the Rules Committee, information received today stated. It is probable that the bill will be crushed by Montgomery, Bath and Boyd County Democrats and Lawrence County Republicans, the bill would make Montgomery, Bath, Menifee and Powell a district; Rowan, Morgan and Elliott a district; Carter and Lawrence another district, and Ford a court of continuous session. This would make the entire judicial system in this section of the State with Democratic majorities, except in the Carter-Lawrence district.

Original drafters of the bill planned to make Rowan and Carter a District in itself, but this met stiff opposition from Rowan Democrats.

Little Change In Temperature

The weatherman predicted only a slight change in temperature for Thursday. This week brought warmer weather throughout the nation and with it came almost normal resumption of business and transportation. On U. S. Highway 60, with the exception of Rowan County, ice appears in spots, making driving dangerous.

Several men on Rowan's main roads when snow first covered the highways made it possible for the sun to melt most of the ice and snow sooner than it did in neighboring counties. A shortage of coal here last week has been met, as trucks are able to haul it from Carter, Elliott and Boyd County mines.

The Municipal Water Works yesterday began thawing out frozen water mains in many parts of the city which had prevented consumers from having water during the past two weeks or more.

RALPH HOLBROOK HURT IN BASKETBALL GAME

Ralph Holbrook, son of Mr. and Mrs. Roy E. Holbrook, who injured his arm in the Rowan's basketball game, is reported as recuperating as rapidly as could be expected. Young Holbrook was going under the basket for a shot when he lost his balance and threw the arm out of place.

BABB INAUGURATION MAY 5

It was erroneously stated in last week's Independent that the formal inauguration of Dr. Harvey A. Babb as President of the Morehead State Teachers College would be held May 15. This should have read May 5.

RETURN IRVINE MYNIER ON CHARGE OF CHILD DESERTION

Irvine Mynier, indicted here on a charge of child desertion, was returned Monday night from Owensville, where he had been held on a \$10,000 bond, to the Rowan county jail.

BRECK WINS OVER EWING

Breckinridge Training School avenged an early season defeat on the college floor by taking Bruce Dorsay's Ewing High School team into camp by a six-point margin. Breckinridge's players took a scant early lead and protected it with a display of both good offense and defense in basketball. The Breck team played well as a unit.

FUNERAL RITES HELD FOR S. B. CAUDILL HERE

Eighty-three-Year-Old Rowan County Pioneer Passed At Home Here

HAD BEEN ILL FIVE YEARS

Funeral services for Samuel B. Caudill, 83-year-old Rowan County pioneer, who died at his home on Second Street Wednesday night of complications following a lingering illness, were held from the Morehead Baptist Church at 1:00 o'clock Friday afternoon with burial in the Lee Cemetery.

Mr. Caudill, by occupation a farmer, was formerly police judge of Morehead. He was one of the earliest settlers in this section, and had been identified with Morehead since life for fifty years. Formerly he was magistrate in this county.

Surviving are his wife, who is 76 years old; three daughters, Mary, at home; Mrs. Ida Wright, Iowa; Mrs. Cynthia Stages, Columbus, O., and five sons, Lindsay, Alvin and Herbert of Morehead; Oliver Caudill, Hamilton, O., and Frank Caudill, West Virginia.

Mr. Caudill had been in ill health for the past five years and his death was not unexpected.

Funeral services were conducted by Rev. B. H. Kazee and the arrangements were in charge of the Barnes-Lane funeral home. Mr. Caudill was a member of the Primitive Baptist Church.

Lack of space prevents the publication of a complete obituary which will be carried in these columns next week.

Farm Loan Group To Meet March 2

J. A. Lewis, Secretary-Treasurer, Calls Session of 45 Rowan County Members

Secretary-Treasurer J. A. Lewis of the Morehead National Farm Loan Association has issued a call to all members of the organization who are located in Rowan county to attend the regular annual meeting of stockholders scheduled for March 2, 1936, at Morehead. The sessions will be held in the court house, beginning at 10 o'clock.

Business to come before the stockholders includes election of five members as directors for one-year terms. Report will be presented by the secretary-treasurer on the financial condition of the organization and the business transacted during the past year. Stockholders will also participate in discussion and decision concerning policies to be followed during the forthcoming year.

A representative of the Federal Land Bank of Louisville will take part in the afternoon program, and will be available for consultation with individual members on matters affecting their federal land bank loans.

Chandler Abandons Proposed System for "Pork Barrel" Measure; Move is Surprise

(By Edward Watson)

Junking his original secondary road program following attacks by newspapers, automobile clubs, county officials and highway experts, Gov. A. B. Chandler Tuesday pushed a substitute, a \$2,000,000 pork-barrel measure, in the General Assembly.

The bill, introduced simultaneously in House and Senate Monday, calls for a \$2,000,000 appropriation out of State highway revenues for the reconstruction, maintenance and improvement of county roads which are not part of the State primary road system.

While there isn't so much money involved in this new plan, the first having called for possibly \$35,000,000, yet political observers regard it as more political in nature than the original.

The \$21,000,000 average allotment which the county would not take care of many roads, these critics say, but would be of great benefit to a po-

York Norman, 26, of Williamson, W. Va., freshman at Morehead College, died Wednesday night of last week, of infection caused by an abscessed tooth. He was the son of Mr. and Mrs. Fred Norman and was a 1935 graduate of Williamson High School.

He played on the Freshman football team. He became ill Saturday and his tooth was treated. He was taken to the College Hospital, and moved to Williamson Tuesday afternoon after his condition had become critical.

Parsley's Goal Wins Over Eastern 47-45

A field goal by Parsley in the last ten seconds of play gave the Morehead Eagles a 47-45 decision over Eastern at Richmond Saturday in a K. I. A. battle.

The Maroons took the lead at the start and increased it to 23-13 at half time, mainly on their ability to hit free throws. As the second period opened, the Eagles began whittling away at the lead with six minutes left, tied the score at

LEGISLATURE TO ADJOURN "SINE DIE" SATURDAY

More Than 650 Bills To Die In Rules Committee This Week

REVENUE MEASURES EYED

Approximately 650 bills will die in the Rules Committee of Kentucky's General Assembly, as the regular session will close sine die Saturday. There are only four more working days of the session, while more than 1,000 bills have been introduced.

So far, only measures backed by the Administration have been able to clear both Houses. Governor Chandler is expected to call the Assembly back in session at least once, and possibly as many as three times in order to enact legislation to provide revenue, depleted through the repeal of the sales tax.

The only business that can be taken up at a special session is that specified in the Governor's call—in this case for the raising of revenue, appropriations for the State Teachers Colleges, including Morehead, will be several for some time—possibly several weeks.

Legislative action on bills to reduce the cost of passenger automobile licenses to \$4.50 and to provide for State-wide registration of voters was completed Tuesday as the Senate passed House bills on those subjects and sent them to Gov. A. B. Chandler for the approval he has indicated would be forthcoming.

In a working mood Tuesday, the Senate passed the bill of Senator John T. Murphy, Covington, to enable Kentucky to avail itself of power generated at the Paducah Valley Authority; approved ten bills sponsored by the Louisville City Administration, gave first grading to a House bill enabling the State to carry fire-arms insurance, and refused to take action on a bill to make it unlawful for deputy sheriffs or deputy constables to be paid from private funds.

Passage of the T. V. A. bill by the Senate was effected with the vote of Lieut. Gov. Keen Johnson presiding officer, who broke a 17 to 17 deadlock on the roll-call.

Work Started On Choral Club Play

"Trial by Jury," the delightful farce by Gilbert and Sullivan, is the fantasy that the Foster Choral Club is rehearsing and which will be offered soon.

The choral club has been augmented for this occasion, and will be accompanied by the symphony orchestra of the Foster Choral Club and which will be offered soon.

The witty amusing rhymes of W. S. Gilbert, the hilarious situations into which they lead, and the true lyrics of Arthur Sullivan make "Trial by Jury" one of the most enjoyable works that these two Englishmen have ever written. It is a comedy-satire of the law court system in general and divorce proceedings in particular, with the "Judge" himself coming out on the winning side.
