A Typical Westerner

It is in the memory of the older men of now-a-days to recall when such parts of the United States as Oklahoma, Indian Territory, Texas, Arizona, New Mexico, and other neighboring states were better known as the "Wild West" to the eastern people, the western sections were looked upon as really a rougher or more in the ruts of self respect than it merited. The old time ways and customs of the western people, however, have to a greater degree, passed with the passing days, but yet some characteristics of the westerners both male and female, show traits of the older days, as an instance we clip the following from an Oklahoma newspaper.

A modest and unassuming young woman in Oklahoma for three years had the distinction of being the youngest woman rancher in the United States. Miss Georgia A. Burns is owner and manager of 11,000 acres, comprising the Arrow Heart ranch, and recently leased for a term of ninety-ninety 100,000 acres of oil and mineral land in the Chotaw and Chickasaw nations. Miss Burns not manages her ranch with ability, but spends much of her time in the saddle and can rope cattle and shoot with as great dexterity and skill as any of her thirty cowboys regular in her employ.—Duncan Banner.

Pain from a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. Jas. N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommended it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by M. W. Armstrong, the reliable druggist at Olive Hill. 35

A special from Elizabethtown says Hardin county went dry at the Saturday election by a majority of 551.

\$100,000 For Foreign Missions.

Miss Fanny Heck, President of the Southern Baptist Woman's Missionary Union, states that the Southern Baptist women will give this year to foreign missions \$100,000; to home missions \$75,000; also many missionary boxes.

—Bath Co. World.

To the opinion of the writer there is no better investment to be made on earth than the up-building of the christian cause. It is a proposition wherein a small investment, if given with a felling heart and a willing hand brings the same interest in value as large contribution from one more able to give than the small contributor. Any real charitable act is commendable. In this one thing to our mind should be observed. No question is that foreign mission money is well contributed, but, with due regard to our native land, the whole \$175,000 could be economically made use of at home and still, for lack of funds, many good deeds would necessarily have to be left undone.

Six "Boot-Leggens" Arrested

The authorities at Owingsville have been making a vigorous investigation of violations of the local option law at that place. The people are thoroughly stirred up and are determined to punish all who are guilty. A court of inquiry, with star chamber sessions, was held, and as a result six men were arrested on charge of "boot legging." Three were placed in jail and the others put on bond. There are reasons to eight charges against each one arrested, and one offender, it is said, has enough violations of the law charged against him to aggregate fines of hundreds of dollars. One offender is reported to have left the State. It is hoped that no guilty man will escape the penalty.—Bath Co. World.

Chamberlain's Cough Remedy Acts on Nature's Plan.

The most successful medicines are those that aid nature. Chamberlain's Cough Remedy acts on this plan. Take it when you have a cold and it will ally the cough, relieve the lungs, aid expectorations, open the secretions and aid nature in restoring the system to a healthy condition. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. Price 25c. Large size, 50c. For sale by M. W. Armstrong, the reliable druggist at Olive Hill, Ky.

Beckham and McCreary.

Meet and after some "compromising" decide to hold some joint debates but probably only a few

From Louisville Evening Post. A meeting took place the 15th between Governor J. C. W. Beckham and Senator James W. McCreary for the purpose of arranging for a series of joint debates. Mr. Eli Brown was present with the Governor, and Mr. Virgil McKnight with Senator McCreary. Governor Beckham proposed a series of twenty debates, while Senator McCreary wanted only two. The Governor then proposed joint debates. To this Senator McCreary objected. It was finally decided to hold a lesser number of joint debates, the dates to be announced later.

Jett's Defense Has Declined.

Judge Hargis Has, For Years, Cherishes Imaginary Grievance Against Me, Says Attorney Benton

In the suit against Sam Jett and James Hargis, Judge J. M. Benton has declined to sit, stating that Judge Hargis had cherished an imaginary grievance against him for years, and he believes that Hargis has arrived at a state of mind where he believes Benton would not give him a fair trial. The suit is for \$10,000 damage for malicious prosecution.—Kentucky Observer.

The Jesse James, Jr., Gang

Has Been Broken Up By Pennsylvania Officials, and Plans, Preventing Criminal Records.

A report from Easton, Penn., under date of September 17th, tends to bring to light a Jesse James, Jr., gang. The members of the gang are young boys: the captain, William Nast, is fifteen years old, while the other principal, Floyd Elwein, is only sixteen. They have banded themselves together under an ironclad oath and had planned to wreck a train, burn a mill, blow up a hall and to commit other lessor depredations. Nast made a confession which resulted in the boys getting a sentence to the house of refuge and probably putting an end to a bad mess of crime. To become a member of this organization the captain administered the following bath to the candidate, who stands with his hand resting on a skull which the boys had stolen. "I swear on this skull, the emblem of death, to be true to the black flag under which I have enlisted. I will be faithful and true to my comrades in all action and will obey the commands of my captain. Father or mother, wife or child shall not be sacred in my eyes if duty demands their death. If I fail in any of these things may I be killed and my bones left to bleach like this skull I now grasp. This is my oath."

G. A. R. MEET

The old veteran soldiers of the war of 1861-65, met at this place for the purpose of organizing a G. A. R. Post. On motion comrade T. A. Day was called to the chair, and comrade J. J. Perry to act as secretary. The house proceeded at once to business and the officers for the ensuing year were elected as follows:

- Comrade F. M. Sanders, Commander
- Henry Newman Sr., V. Com.
- Jao, Ramey, Sr. "
- T. A. Day, Adjutant
- Geo. Swanegan, Chaplin
- J. J. Perry, Quarter Mast.
- Dr. J. H. Huff, Sergeant.
- Joseph Duncan, Officer of the Day.
- Comrade J. E. Patton, Officer of the Guard.

- J. J. Perry, Secretary

At Ashland, Monday night, Poage, Elliott & Poage Company drug store was burned.

Extra Session A Certainty

To deal with the "Lid" Proposition, Will be called to meet about January 1st, 1907. Some Changes for the present law.

An extra session of the Kentucky Legislature for the purpose of dealing with the Sunday closing situation in Louisville now a certainty, according to a number of gentlemen who know the views of Gov. Beckham.

It is understood that the Governor is anxious to postpone the calling of the extra session until after the coming election, as he does not wish to be placed in the position of playing politics over such an important question. The extra session will, however, certainly come, and the date set will probably be Jan. 1st 1907.

The only matter to be taken up at this session will be the Sunday laws and probably the restricting situation.

While Gov. Beckham is unwilling to publicly criticize the conduct of the officials in Louisville, his actions indicate that he does not intend to let the Sunday-closing movement fail.

The most important part of the present plan is the abolition of the License Board, which now has charge of the granting of all the saloon license in Louisville. The members of this board

are, ex officio, the President of Sinking Fund, the Judge of the Police Court and the chairman of the board of Public Safety.

The License Board at present, therefore, is made up of Mr. F. J. Herrman' Judge John McCrann and James B. Smith.

In place of this board the Legislature will probably be asked to create a new board to be named by the Governor. This board will not only have power to grant licenses, but to cancel them for any breach of the law. It is said that if this law is passed the Governor will appoint three of the most prominent men in Louisville to places upon it, and that all the appointments will be non-political in nature. The plan is not only to enforce the Sunday law, but to take the saloons permanently out of politics.

A material increase of the saloon license in Louisville is also being considered. At present the saloon license to the city is \$150 a year. It is said that this may be increased to \$500 a year. This would mean an immediate addition to the revenues of the city of at least \$200,000.—Louisville Evening Post.

"Not yet but soon," spells failure.

Cool judgement is often mistaken for old fashion.

It's the man behind the methods that makes the business what it is.

A cost clerk hired in time cheats the bankrupts courts of many a case.

Many a failure in business is making money writing advice to young men.

INDIANS MUST BURY THEIR BATTLE-AX.

Fighting Tribes in Arizona Will Be Suppressed by the Government.

A dispatch from Washington, under date of Sept. 17, says: In accordance with a recommendation of Supt. Lemmon, of the Mogul Indian reservation in Arizona, the Commissioner of Indian Affairs has directed that the hostile members of the Oraibi village be located a few miles distant from the village, where they will be out of the way of conflict with the "friendly."

Mr. Lemmon was also instructed to warn the Indians remaining in the village that they should not molest the other faction, and both parties are informed that they must keep the peace until all difficulties are adjusted. It is announced that the superintendent has an adequate police force for that purpose.

STAMPER BUILDING PRACTICALLY READY.

Second Largest Building in Olive Hill is the Pride of Front Street

At Last the big concrete block building of A. J. Stamper on front street is practically completed. For several weeks the building has been in course of construction under the contract of the Olive Hill Planning Mill Co., here. The building goes to add materially to the appearance of the street. Only two frame buildings on the street, and we understand one of them is soon to be torn down and a handsome concrete brick building will soon be in its stead to give that part of town the city like appearance that it just deserves.

 Mr. Walter, of Waltz Bros., was over from Salters Tuesday.

Mr. Pack, the railroad tax man, and Lewis White, deputy collector, are talking the tax proposition here and vicinity.

Last week we lost from one number of town citizens, Dr. H. O. Cress, who came here some months ago from Louisiana, Lawrence county, and entered the practice of his profession—dentistry. He has located at Hillsboro, Fleming county.

A party of hunters went out in the neighborhood of the famous Carter Caves the latter part of last week and returned with a number of squirrels. It is something unusual as squirrels are not at all plentiful in these parts.

R. H. Paynter writes from Jacksonville, Miss., where he is cashier of a newly established bank, that he is very satisfied with his new position, but the climate is rather "horridal". Here's to your great success, Attorney.

Mr. William Stamper, known by a majority of his acquaintances as uncle Bill, died last Saturday night at about 9 o'clock, after a continued illness. He was buried Sunday evening at 3 o'clock on the hill just above his residence. He was well along in years and had been very feeble for the past several years. Rev. Simion, Scott conducted the services at the grave.

Leslie Zimmerman and wife were visiting her father V. B. King, Sunday.
 S. M. Wylie, of Grayson, is in town this week.

A rather singular occurrence we can note. During the absence of Mrs. J. D. Sewell, John assumed the express agents duties, the called for another operator. The new operator was G. W. Smith and our night man, who had been here for some time was also G. W. Smith. Trouble was frequently narrowly averted when they would get so mixed up among themselves that they would spend each other's money, but they finally agreed it fair to share equally in whatever was bought.

BLASTED HOPES

and political aspirations bursted asunder. Would say, in reply to ex-Senator John P. Huff, that I have seen the leading lights of the bar and they all say that neither of us can hold a position of trust at the hands of the people; so therefore I will have to cut meat and you peddle pills. I submitted a card and you accepted. For my part I regret very much that I, in the heat of passion, challenged the Indians, whoever they might be to meet me above the clouds. I never suspected a man so dejected, and so darkly completed to be related to the noble Red Man of the forest; therefore, hereafter, you shall be known as the "Indian Doctor" throughout all this road land of our peddle pills.

A few Weeks ago you all remember well that I was very sick and absent from your town for about two months and the stock law, hog law and dog law, and the damnable railroad tax, of which I will talk another matter and make a speech in police court Saturday in defending myself as a violator of the law. While very sick and feeble in my mind I got some pills from the Dr. and my wife and bosom friend advised me before taking them to try them on "old Watch, old Fly, and old Fido, Watch has not been seen since. Fly died and passed over the divide. Fido can be seen at my place of business but don't look like him self. Now, doctor when I compare the little I know to the better judgment of other men, and all that God intended for man to know, I conclude we both know but little, but if you went to pursue where the whangale lives and lion roareth, crack your whip and I will get carnerous wite you and swallow live things hold, and chew you up in end and spit you over the rocky mountains and when you land you will find yourself in no mans land.

Yours resp.,
 J. E. Underwood,
 Better known as Rattlesnake Jim.

Contributed

After a longtime of suffering our dear friend Mrs. James E. Jordan, of Corey Hill, passed away September, 3. She left a bright testimony that she was perfectly ready and will to go. she was one of the best neighbors in this county, and will be greatly missed by all who knew her. She was always ready to take care of the sick and do all she could for them, she was so patient in all her sufferings and it seemed to cheer her so for her friends to visit her. We have lost a good friend and neighbor; the family has lost a dear wife and mother, but let us look beyond the grave to a home where sister Agnes has gone where there will be no more sickness or death and where there will be no more good-byes said; where there will be free from trouble, and good will dries our tears. We extend our heartfelt sympathies to the heartbroken family. Just think that God doeth all and that your loss is her eternal gain and all follow in her footsteps and we will meet her again.

For Public Favor
 Last week we received the first issue of The Salt Lick Times, edited by D. M. Maynard. It is a bright and new sheet and has a large advertising patronage. We are personally acquainted with the ability of the Editor and predict the great success that we wish for him.
 To the Patrons of Olive Hill Public School.

The above said school is now in successful operation and every thing is moving along smoothly and nicely. Your children are enjoying superior advantages and receiving the best of attention while in school. Parents, what interest do you take in them at home, do you think your child's education depends entirely upon the teacher? If this is your idea (which is a very improper one,) your child which which should be dearer to you than life will never be fully prepared to fight life's battles. You yourself have an imperative duty. If you neglect this and your child grows up in ignorance, he will pass condemnation. Now while you have opportunity assist and encourage him all you can, cooperate with the school, visit the school and see what is being done. Thursday is our regular visitors day, but you will be welcome any time. So we will be pleased to see one and all at the school house as often as convenient.

In our previous issue we made mention of Rev. T. M. Myers, of Lexington, the widely-known lecturer and humorist, stopping here while enroute to dedicate the Christian church at Chaalotte Furnace, where he and Revs. Neal and Combs, who were with him the latter part of his stay, made it an elaborate affair; making a number of additions to the already large membership, and left the church in an extremely healthy condition. He will probably be back the third Sunday in next month to do some ordaining. He is here this week and busy in his calling. His real fluent and ease of speech, backed by his ability for his line, makes his lectures more than merely interesting. His words reach the intended point and bear full weight.

Miss Jane Skagg, who has been visiting her sister, Mrs. Nickell, of this place returned to her home at Willard, Monday.

The box supper at Moore school house, Saturday night was quite a success. The proceeds amounted to \$22, will be used to purchase chart, maps etc.

Sunday School is progressing nicely and much interest is being taken. We would be pleased to have more preaching. Would some preacher not come and help us.

Mr. and Mrs. Chas. Phelps, returned home Saturday afternoon, after spending five weeks in McGoffin, Pike Johnson and Morgan counties. Mrs. Phelps enjoyed her visit very much and speaks in high praise of the hospitable people of those counties.

Mr. Ollie Eversole and Miss Maggie Staggs, were united in the holy bonds of matrimony last Thursday; also Spencer Adkins and Miss Cora McClung were married on the same day. We wish them a long and prosperous life.

John Gilkerson, while hauling cross ties the other day had the misfortune to fall under the wagon, one wheel passed over his foot badly bruising it but not otherwise injuring him.

Richard Phelps, was a business visitor in Morehead, Thursday.

Willie Griffith, who has been on the sick list for several days, is fully recovered.

James Basford and Miss, Zona Dickson, of this place were united at the home of the bride on Wednesday afternoon; Rev. Hall of Morehead, officiating. We extend congratulations.

ORINO Laxative Fruit Syrup

Pleasant to take and does not gripe or nauseate
Cures Chronic Constipation, Stomach and Liver Trouble

Stimulation Without Irritation.

ORINO Laxative Fruit Syrup is a new laxative syrup combined with the delicious flavor of fruits, and is very pleasant to take. It will not gripe or sicken. It is much more pleasant and effective than Pills, Tablets and Saline Waters, as it does not derange the Stomach, or irritate the Kidneys, Liver or Bowels.

Constipation.

ORINO Laxative Fruit Syrup will positively cure chronic constipation as it restores the natural action of the intestinal tract. Ordinary cathartics may give temporary relief, but the stomach is upset and the bowels are irritated with it any permanent benefit having been derived.

The condition of the patient remains unchanged: The Stomach, Liver and Bowels have not been stimulated and in a few days a stronger purgative may have to be taken. This is why Pills and Aperient Waters never give permanent relief. Their violent action results in an unnatural movement of the bowels and it is necessary to keep taking them indefinitely.

Why ORINO is different.

ORINO Laxative Fruit Syrup is the only preparation that really acts upon all of the digestive organs. Other preparations act upon the lower bowel only and do not touch the Liver. It can very readily be seen that a preparation that does not act upon all of the digestive organs

can not cure Chronic Constipation, Torpid Liver, Indigestion, Sour Stomach, etc.

For Biliousness and Sick Headache.

Take ORINO Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs.

Clears the Complexion.

ORINO Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Refuse substitutes.

OUR GUARANTEE

Take ORINO Laxative Fruit Syrup and if you are not satisfied your money will be refunded.

Governor Folk Says It's Necessary

Governor Folk, in addressing the retail merchants of Missouri, at their convention, a few days ago, spoke against the mail-order business and favored advertising in the town papers. He said in part:

"We are proud of our splendid cities and we want them to increase in wealth and population and we also want our country towns to grow. We wish the city merchants to build up, but we also desire the country merchant to prosper. I do not believe in the mail order citizen. If a place is good enough for a man to live in and to make his money in, it is good enough for him to spend his money.

No merchant can succeed without advertising in one way or another. Patronize your town papers, build them up and they will build the town up and build you up in used trade and great opportunities. Do not be afraid that business is going to be hurt by the recent expositors of wrong doing in the commercial world. No man who is doing an honest business can be injured by the light. All business will be better for the cleansing progress it is going through and for the stamping out of evil.—Fannin Favorite.

The Crux of the Race Problem

By C. W. FAIRBANKS, Vice President of the United States

THE negro who becomes a good citizen in all that is implied thereby will soon largely overcome the traditional prejudice which exists against his color. It is not only a good thing to have liberty, but it is essential that each and all should KNOW HOW TO ENJOY IT.

We should learn, first, that liberty is not license. We should respect the rights of others while insisting upon our own. If we are obedient to the law, if we are enamored of education, if we practice those virtues which are the basis of TRUE SOCIAL PROGRESS, if we are helpful to our neighbors, we can win respect and break down the barriers if there is prejudice against us.

It is not necessary for men to tear down others in order that they may succeed. Weak men are those who take no thought of their fellows in the struggle of life and seek to pull them down in order that they may rise. Such men there are, and all too many. BUT FORTUNATELY THEY ARE IN THE MINORITY.

Most people are willing to proceed upon the old fashioned principle of live and let live. While helping themselves, they are willingly generous to aid others WHO ARE DESERVING. Each one should feel that he owes something to the people among whom he lives and that debt he can pay by making himself an orderly, intelligent and industrious member of the community.

HELP OTHERS AND OTHERS WILL HELP YOU. You will get out of the world what you put into it and nothing more. If you make no contribution to the welfare of others you will have little coming to yourself.

To advance we must educate. There is nothing more important to learn than the fact that education is THE BASIS OF ALL PROGRESS in this country. It is essential not only to educate the head, but it is necessary to educate the heart and the hand as well. You must have education which is practical in its effect, which enables you to take hold of the common, EVERYDAY AFFAIRS of life and make yourself a useful citizen.

Education is not for the purpose of enabling you to get along without work, but to make your work count for the most. There is a vast amount of manual labor to be done. Do not get the perverted idea that manual work is degrading. Always be ready to perform your FULL SHARE of it.

Most of us, both white and colored, know what it is by our actual experience. We do not have less respect or have less the respect of others because we have engaged in it. On the contrary, we have more self respect and a greater measure of the respect of others because we have been willing to put our hands to the tasks about us and to MAKE OURSELVES USEFUL, helpful members of the community. Work! Work! This is the keynote of success.

It is one of the CONDITIONS of our existence. It is one of the good providences we enjoy in this world. The man who works with his hands, all other things being equal, is as good as the man who works with his head. He is making his contribution to society in an HONORABLE way. Each is necessary in our social and material progress.

A BROAD OPPORTUNITY LIES BEFORE THE COLORED RACE. WHAT IT WILL BECOME WILL DEPEND UPON WHAT IT DOES. IN THE FINAL ANALYSIS PEOPLE ADVANCE ONLY BY VIRTUE OF THEIR OWN EFFORT.

"Young Man, Get Married"

I THINK every young man should get married as soon as he finds a good wife and can PROPERLY SUPPORT HER. I think men are happier when they are married and especially when they are the head of a happy family. I think that every young man who could know how happy my married life has been would be anxious to be married.

It of course means a great deal of trouble and worry to raise a large family, BUT IT PAYS.

There are days when it seems as if everything had conspired to make my work hard and my anxieties heavy. I leave the office depressed mentally and tired out physically. But when I get home and the children gather around me then my joy is life comes back, and I feel new again. They freshen a man up as no other tonic can do.

THE SIGHT OF A HAPPY FAMILY SURROUNDING A GOOD WIFE WAITING TO GREET A TIRED HUSBAND IS THE MOST INSPIRING THING I KNOW IN LIFE—THAT IS, IF YOU ARE THE FORTUNATE HUSBAND.

LEAD GLASS.

The Processes by Which It is Cut and Polished.

Designs to be followed by the cutter are first drawn on the blank or plain glass with whiting and water and then traced with red lead and turpentine. The first cutting is classed as "roughing" in the glass factory, when the glass is cut or ground out wherever there is a top line. The first cutting or roughing is with a soft steel disk on which there flows a small stream of water and very fine sand. The disk is in a lathe, and the glass is held by the hands of the cutter, and on his ability to firmly hold the glass and true eye-sight to see that lines are followed depends the quality of the article.

Out glass in blank or plain form is known as lead glass or best metal glass, containing or colicapher like sand instead of shattering or breaking like window or lined glass.

From the roughing or first-cutting the article being cut goes to the smoothing process, the same lines or cutting being followed on two stone disks, one of Craigie or gas stone imported from England and the other of blue stone, the finest cutting being done with the latter. The polishing is done with wooden disks, from which the glass goes to an acid bath and thence back to the polisher, who uses a chemical compound like putty, and finally to a felt disk or wheel, then the brush wheel and finally the wash with water.

ROBBED BEN FRANKLIN.

His Description of the stolen Goods.

The following advertisement is taken from the Pennsylvania Gazette, No. 52, wherein the number of Feb. 22, 1726, is indicated. The ad contained the "treast advice, foreign and domestic, printed by B. Franklin, Post Master, at the news printing offices, near the Market. Price, 10 shillings a year. Where advertisements are taken in and Book Binding is done reasonably in the best manner."

STOLEN on the 15th Instant, by one William Lloyd, out of the house of Miss Franklin, a hat worn Magpie color lined with silk; four the horsepan shirt, in the Holland shirt ruffed at the hands and bosom; a pair of black broadcloth breeches, new sea seal and lined with leather; two pair of good worsted stockings, one of a dark color, marked with a pair of calf skin shoes, a Boy's new winter hat, and sundry other things. N. B.—The said Lloyd pretends to understand Latin and Greek and has been a schoolmaster; he is an Irishman, about 20 years of age, tall and thin, with a light complexion; Great Coat, red jacket, a pair of black silk breeches, an old felt hat with a little for him and served on the side of the crown with white thread, and old dark colored wig; but perhaps he wears some of the stolen clothes above mentioned. Whoever will give information that he may be brought to Justice, shall have Thirty Shillings reward and reasonable charges. B. FRANKLIN.

Triplets in China.

In some of the southern provinces of China there is a superstition that if triplets are born of the three children will eventually become a noted rebel. In order to avoid that dread of Chinese curses, bad men, a "wise man" is sent for in order to decide which of the three children is the destined black sheep. The three infants having been conveyed into a perfectly dark room. The "wise man" takes three pieces of twine, each of a different color, as white, red and black, and entering the room, the one of those pieces of string around a wrist of each child. The one which when brought out into the light is found to have the red string on its wrist is destined to be a puppy.

There was much life in the country town from which you came? "Well, I guess! You ought to have seen the gatherings in our cemetery of Sunday."—Harper's Bazar.

Show us the man who never makes mistakes and we will show you a man who never makes anything.—Wayland "Book of Advertisements."

The "Book of Advertisements" would at the present day mislead most readers by its title. It was prepared at the command of Queen Elizabeth and printed in 1564. The purpose of the book was to define the doctrines, discipline and ritual of the English church, so that uniformity should be secured in Great Britain. This book was the direct origin of a denominational title in England, for, after its publication, Sampson, dean of Chester, in 1570, and Hooker, and Humphrey, professor of divinity at Oxford university, with others, dissented from some of the doctrines it contained; hence they were called nonconformists.

A HOME IN TEXAS.

Dr. C. F. Simmons, owner of this 60,000-acre tract, having business calling him to St. Louis, has divided the land into 4,200 farms, ranging at 5, 10, 20, 40, 80, 160, 320 and 640 acres each; and a 4,200 lot town site; 25 and 50x140; they sell for \$120, payable \$10 per month, no tax on land and no plan of distribution is approved by the government.

This extraordinary proposition we are offering you for \$12000, payable \$10.00 a month. A brief history and plan of distribution: Dr. Chas. F. Simmons, of Oakville, Texas, the manufacturer of the famous Simmons' Live Register six years ago bought for his only son 60,000 acres of land in Southwest Texas for a stock ranch on which he has since placed \$400,000.00 of improvements. Something over a year ago his son was accidentally killed and since his death the father has practically given away the finest body of river bottom land in Southwest Texas.

WHO IS DR. C. F. SIMMONS?

Here is what every county official has to say about Dr. C. F. Simmons and the land he is offering for sale.

To whom it may concern: We, the undersigned, have the pleasure of a personal acquaintance with Dr. C. F. Simmons for the past six years a resident and citizen of this county, and know him to be a gentleman and a man of standing and character and reliability and we consider him responsible and trustworthy in his business dealings. He is the owner of a fine tract of land in this county containing between 55,000 and 60,000 acres. This tract of land fronts on both sides of the Neches river, and is considered as fertile a "piece" of land as can be found anywhere in this part of the state. In all our business dealings with Dr. Simmons we have found him to be frank, truthful and trustworthy and it is a pleasure to us to recommend him to the favorable consideration of all persons having business transactions with him. Very Respectfully,

W. A. Hill, Co. Judge, Live Oak Co., Texas.
G. C. Robinson, Co. & Dist. Clerk.

PRESIDENT ROOSEVELT SAID:
"TEXAS IS THE GARDEN SPOT OF THE WORLD."

SUNNY TEXAS AND SOME OF ITS ADVANTAGES.

No other state in the entire Union shows such a variety of soil and produce as does Texas. There is nothing grown on a farm anywhere in the U. S. which is not successfully grown there. It is in the raising of cattle, horses, mules, production of peaches and cotton in the United States; second in production of hogs.

It has more timber than Michigan. It has more prairie than Kansas. It has more oak than West Virginia. It has more iron than Pennsylvania. It raises more corn than Illinois. It raises more wheat than Dakota. It raises more fruit than California. It raises more tobacco than Virginia. It raises more melons than Georgia. It produces more oil than Pennsylvania. It raises more grapes than all the balance of the United States together. It has an annual distribution of \$5 for each school child, which speaks for itself; in the matter of fine education of its children. There are no blizzards or tornadoes or earthquakes or cyclones; it is a where flowers bloom 10 months in the year. Where the farmer does not have to work hard six months in the year to raise feed to live his family from dying during the winter as they do in the north and northwest and where there are no epidemics and people do not have to work hard to have plenty and go in the best society. Where the natives work less and to more to show for what they do than any other country on earth.
