

REGENTS ACT TO CUT EXPENSES IN STATE COLLEGE

Drastic Reductions in Salaries And Abandoning Of Summer Terms Planned

In view of more than \$100,000 decreased state appropriations the Board of Regents of the Morehead State Teachers College in a four hour session here slashed salaries, raised tuition fees and discontinued both six weeks summer school terms this year. The budget balancing will save the college approximately \$82,000, president J. H. Payne said following the meeting.

The building program was abolished for the next two years. Intercollegiate football was discussed, but it was decided that the sport be continued here in view of its small cost, heretofore.

The resolution asking for the discontinuance of both summer schools was passed by a unanimous vote of the regents. "Only the greatest of wrongs my vote toward the entire abolishment of these summer schools while deprive hundreds of teachers from attending college during the only season they are free to go to school," one board member said following the meeting.

The discontinuance of the summer term is in keeping with the policy adopted by all of the state teachers colleges. Both summer terms at Morehead will be held this year, however, as previously decided.

Substantial cuts in salaries ranging from 10 to 35 per cent were ordered by the Regents.

Approximately \$5,000 revenue will be made by raising the incidental and medical fee from \$5 to \$10. The abandonment of the summer school program will net the college \$50,000.

Although the abolishment of one or more departments was discussed it was decided to maintain them all. Because of the increasing growth in enrollment the number of faculty members was not reduced.

The hiring of the faculty members for 1932-33 was taken up, and practically the entire personnel of the college were retained. On a list some of the old members' names were stricken off, but Payne said they only board would set on these later. Only one head of a department has not been hired to date. There were no changes in the important offices of the college.

The following instructors have asked for leave of absence for the next year and have been granted permission to attend college in order to finish up their work for higher degrees:

John L. Sullivan; Misses Luella Catlett; Henry Etta Stone; Lorene Sparks.

Teachers who did not apply for re-election were Mrs. R. L. Hoke, Mrs. Dubbs and Miss Catherine Riggs. Miss Riggs was re-elected but tendered her resignation to accept a better position at the Dupau University. Mrs. Hoke and Mrs. Dubbs have been serving as teachers during the last semester due to the unusualness of the situation.

Teachers Elected By County Board

At a meeting of the Board of Education for Rowan county held at the office of the county superintendent Monday morning the board elected the balance of the county teachers for the ensuing year and adjourned to a later date in the month. The following list of teachers elected Monday:

Ruby Alfrey, Bradley school. Lowell Howard, Dry Creek. Mary Linda Moore, Three Lick. Hazel Hays Little Ferry. Gladys Gearhart, Gearhart. Luther Bradley, Island Ford. Donald Ball, Rock Fork. Omega Howard, Ramey. Lora Praby Cooper, Johnson. Georgia Evans, Pine Grove. Thelma Lewis, Cogswell. Goldie Lewis, Reaser. E. C. Bradley, Clearcreek.

SONG FESTIVAL WILL BE HELD SUNDAY

The song festival to be held at the Jean Thomas cabin on the Mayo Trail Sunday June 12, has as its sponsors the Rowan County Mrs. M. Bradley, Mrs. J. H. Payne, Mrs. Lydia Messer Caudill, Mrs. A. L. Miller and Mrs. Lester Hogg. Rowan County will be represented this year by the three Sloan sisters of Triplett, Mrs. Cordelia Ludevia Rodermie Josephine Sparkman of Easton, Dennis Hall and by a trio composed of Custer Ramey, Chester Stanley and James Lovelace.

Feature Show At Cozy Theatre

Entertainment values have ever, by the omnivorous talking pictures—as witness "This Is the Night," Paramount's extravagantly funny and musical show which comes to the Cozy Theatre on June 10 and 11.

Lily Dammita, the leading lady of "This Is the Night," only recently completed a successful run in the highly remunerative "Sons O' Guns." Charlie Ruggles, who seems to have turned his time to work in the talking pictures, was formerly one of the leading funny men of the Great White Way, playing in such snaphases as "Battling Butler" and many others. Roland Young, always a sure bet for comedy entertainment, whenever he name appeared in lights in connection with "Rollo's Wild Out," "Bogart on Horseback" and other theatrical works of this kind, and a member of the hilarity confectioners in "This Is the Night."

Put these three together in a Broadway show—and you would have to hold back the crowds with reserves from the 47th Street police station.

Add to these ingredients the box office name of the veteran player, Avery Hopwood, maker of "Getting Gertie's Car," "Rain and Sleet" and many other marvellous complications farces—and you will have a combination that would break all current records on the "Vain Stork."

It is easy to see then, why theatregoers everywhere should consider "This Is the Night" a worthwhile production even before they know anything more about it than the names of those who reconnected with it.

NAMES OF JURORS OMITTED LAST WEEK

In the published list of the jurors in last weeks issue some of the names of those called for service were omitted.

Those omitted from the grand jury were:

Robert Burns, Farmers. From the Pettit Jury: Elmer Shany, Elmorestone. O. B. Elam, Morehead. Frank Maxey, Morehead. Chas. Con. Haldeman. J. N. Pruitt, Clearfield.

Tuesday Fire Does Damage

Fire discovered about 2:00 a. m. Tuesday morning, partially destroyed the Caskey building in Morehead, formerly occupied by the W. T. Baumstark store. The fire had gained good headway before the arrival of the fire department but prompt action on their part prevented its spread to the office of J. W. Riley next door and to the part of the building occupied by the Tacketts Dry Cleaning Establishment.

The fire originated in the upstairs rooms. According to Mr. Hamm, fire chief, a pile of garments stacked together indicated that the fire was of incendiary origin. The front part of the upstairs was occupied by the Junior lodge and the Oddfellows as damage was done to the lodge equipment all records were saved.

Judge Riley with the assistance of numerous friends carried out the things in his office and living rooms. The case of last week according to the records. This number so far as the Rowan county is concerned is record.

A marriage of local interest was that of Miss Letha Holbrook to Mr. Dexter Evans of Morgan county. Mrs. Evans is the daughter of Mr. and Mrs. J. L. Holbrook of this city.

Bud Hawkins To Be Here Three Days

The "Bud Hawkins Players" will play a 3 days engagement at Morehead on Monday June 13. Their beautiful tent theatre will be located on the Bradley Lot on Second St.

Every one enjoys the clean high class entertainment brought each year to the citizens of Morehead by this clever company of entertainers. This year Mr. Hawkins promises some of the finest plays he has ever presented and an excellent cast of actors. As usual Mr. Hawkins will play the feature comedy parts in his own inimitable way. Mr. Tommie Dale has been engaged as leading man to play opposite the talented little lady, Miss Dorothy Hall, who you will remember for her splendid performances of preceding years. Other members of the cast to be seen in responsible parts are Rex Shankland, Maryetta Evans, William Chagnon, Lottie Sims, Helen Morris, W. D. McKenzie and Clara Parsons.

Bud's Melody Boys, a hot jazz band, under the direction of Mr. James Parley will entertain with a fifteen minutes program each evening before the performance. Mr. Parsons realizes that it takes more than a wild, barbaric tempo to make an orchestra popular, and he will play many beautiful selections possessing tone, color, depth and harmony.

Some of the many new and novel vaudeville features to be presented during the engagement, will be the FOUR EVANS, in "Dancing and How America's 'Famous Dancing Family' will be the extra vaudeville feature. William Goebel the "Wizard of the Accordion" will please both old and young by his playing song hits of today and yesterday. Other features are the "Saxophone Trio," "Toby" the only monkey walking a pair of stile five feet high.

The opening play will be "When Dreams Come True," A three act comedy drama, crowded with everything it takes to make a great show. A big laugh, a flash of drama, an instant of pathos, a moment of tense suspense, then another big laugh. Bud Hawkins as Tobias has one of the funniest parts he has ever appeared in. Other members of the cast have exceptional opportunities to display their acting ability. Also a chance is provided for the ladies to wear some stylish gowns.

As usual on opening night, one lady will be admitted free, with each paid adult ticket. Don't miss the seasons best show.

Enrollment Better Than Was Expected

For th first time in the history of the Morehead State Teachers College the enrollment for the present summer term shows a decline in the number of students over the preceding term at the same time of year. The enrollment for the first summer term which began on Monday of this week totaled at this close the total of 647 as compared with an enrollment of 756 at the same time last year.

However, taking every fact into consideration the present enrollment is much larger than was expected for the term. Two months ago it was thought that the enrollment would show a healthy increase over last year but conditions arising since that time served to prevent its realization.

One of the chief reasons, according to teachers and school authorities is the fact that so many of the prospective students were depending on the much discussed and disputed "equalization fund" for money with which to defray their expenses while in school this summer. The refusal of the state to pay the money left the teachers approximately \$200 short in their salaries for the year. The result was that many of them were forced to forego their summer's work in the colleges of the state. It was generally expected that in this section of the state, due to the fact that so many of the mountain counties have which a large share of the students of Morehead, come, draw money from the equalization fund. However considering everything the enrollment is above that expected for the term and school authorities are decidedly satisfied with the manner in which it has held up despite the depression and lack of funds.

Fred Wheatley Dies In Auto Wreck

Fred Wheatley was instantly killed last Thursday night when the automobile in which he was riding with his nephews, Clell and Curtis Dillon left the road and over turned in a ditch. Mr. Wheatley was pinned beneath the car and when the wreck was removed from his body he was already dead.

The accident occurred on the Christy Creek road just above Rodburn, and was caused according to survivors, by blinding her lights and a driver who insisted on taking the road. They had driven up Christy creek about two miles after returning home from Morehead and were coming back toward the main road when the accident occurred. Clell Dillon was driving and the approaching car failed to dim its lights or to give up part of the road. Dillon was forced into the ditch where the car was overturned pinning Mr. Wheatley underneath and breaking his neck. Death was made instantaneous.

Funeral services were held Saturday afternoon from the home of his sister, Mrs. C. U. Waltz. Interment was made in Lee Cemetery. Dr. R. L. Riddle pastor of the Christian church was in charge assisted by Rev. B. H. Kasse.

Mr. Wheatley was born on May 22, 1888 and died June 2, 1932. He has been a life-long resident of this county. He leaves one son, Charles Wheatley, aged 15 years and is also survived by a sister, Mrs. C. U. Waltz and one brother, C. J. Wheatley of Warren, Ohio. He is also survived by a half brother Lem Hargett, and a half sister, Minnie Elizabeth Wheatley.

Many Couples Take Banns Last Week

Last week, particularly the last two days were days of unusual activity in the marriage mart of Morehead, quite putting the fact that it was the last day of the regular school year at Morehead State Teachers College in the shade. In fact the majority of those assuming the new duties and new state of life were students from the college who had met their fate while acquiring higher learning.

Six couples were united in the bonds of matrimony on Tuesday and Saturday of last week according to the records. This number so far as the Rowan county is concerned is record.

A marriage of local interest was that of Miss Letha Holbrook to Mr. Dexter Evans of Morgan county. Mrs. Evans is the daughter of Mr. and Mrs. J. L. Holbrook of this city.

MEADOWS-CAUDILL MARRIAGE APRIL 2

The announcement of the marriage of Miss Jessie Mae Caudill to Russell L. Meadows occurred on April 2, according to announcement this week. The marriage was solemnized at Jeffersonville, Indiana. Mr. and Mrs. Meadows were accompanied to Jeffersonville by Miss Maxine Caudill and June Evans.

Mrs. Meadows is the daughter of Mr. and Mrs. Alvin Caudill of this city and graduated from high school at the end of the first semester this year. Mr. Meadows is the son of Dr. and Mrs. M. W. Meadows of Fullerton Kentucky, and a brother of Frank Meadows of this city.

Skaggs Boy Is Still Missing

Viney Skaggs of Clearfield, who disappeared the night of May 30 has not been found nor heard of since his disappearance, although efforts to locate him or his body have been unceasing since that time. The boy who was aged 16 years, left his home at about 8:00 o'clock, and has not been seen or heard of by his distracted parents since that time. He is said to have been seen about 10: p. m. that same night by Arthur Hamm, on or near the bridge across the Triplett at Clearfield.

According to reports, four radio stations in this section have been requested to announce his disappearance and to give a description of the missing boy. Triplett creek has been dragged for a long distance without result. A court of inquiry held at the county court house on Tuesday developed that shortly after young Skaggs had been seen near the bridge three other boys were heard. It was also developed that two old grade bars were missing from the home of a Clearfield man. Going on the supposition that there was foul play, men have been employed to dive and examine the deep holes in Triplett nearby, in the chance of discovering the boy's body. The theory is that he may have been killed and his body weighted down with the grapes and sunk in some of the deep water holes in the creek.

In the meantime the search goes on. Any information, even the slightest clew as to the whereabouts of the boy will be greatly appreciated by his parents and relatives.

HEAVY DOCKET EXPECTED FOR JUNE SESSION

Many Cases Already Docketed With Prospect Of Many More Indictments

With the cases already on file and the prospective cases that are certain to be acted upon at the June term of the Circuit court which meets on June 20 for a two weeks session, the probabilities are that court will have not only a lively session but a prolonged one as well. On the ordinary docket there are thirty one cases, twenty four of them carried over from last or previous terms. This docket is made up of damage cases and jury suits of various kinds.

The equity docket is also large with fifty odd cases carried over and twenty new ones, a total of 70 cases in all. Of these eight are divorce actions.

The misdemeanor docket has listed 104 cases. Many of these are not before the court. In other words indictments have been made but the defendants have not been found or the cases will probably not come to trial.

Of the 104 misdemeanor cases 70 are liquor cases of some form. Of these 70 indictments 25 are before the court for trial at the June term. The others have not been found. If other arrests are made before the court sets, they will also be docketed for trial.

Other cases on misdemeanor docket are as follows:

Four cases maintaining a common nuisance. Three of these are to be offered for trial.

Two cases fornication. Neither defendant found.

Three cases assault with deadly weapon. Two before the court.

Nine charged with carrying a concealed deadly weapon. Four before the court.

Three cases charged with shooting on the public highway. All before the court.

McLaren, with a smile extended his hand, "Good day Stuart," he said, ignoring Jim's remark. "From what I hear of you, you are too good a man to be sacrificed at Sunset House. The odds are too heavy against you."

"This winter the odds are going to shift," said Jim as McLaren's men came up with the canoe and dunnage. "You mak moak talk with dat feller," grumbled Omar, walking to the canoe. "He take de fur from you and you shake hands. Bettair let Smoke see acem up, eh?"

PAINS QUIT COMING

When I was a girl, I suffered periodically with terrible pains in my back and sides. Often I would bend almost double with the intense pain. This would last for hours and I could get no relief.

"I tried almost everything that was recommended to me, but found nothing that would help until I began taking Cardui. My mother thought it would be good for me, so she got a bottle of Cardui and started me taking it. I soon improved. The bad spells quit coming. I was soon in normal health."

Makes YOUR MOTOR MORE Responsive!

"HIGHEST TEST"
at the price of ordinary gasoline

GRAVITY ^{weigh} 60.6" to 71" TO MATCH WEATHER

PHILLIPS 66 is made by the world's largest producers of natural high gravity gasoline

"Give her the gas" when you want to sprout ahead of traffic. But give her the right gas... Phillips 66, the greater gasoline that puts new nimbleness into any motor.

We don't claim that this higher test motor fuel will change every old slow-poke engine into a frisky racer. We do confidentially promise you that, regardless of the make or age of your car, Phillips 66 will give you vastly better performance.

You will definitely feel the improvement in flexibility and responsiveness. In quicker get-away, smoother running, and longer mileage. That is the natural result of the Phillips principle of CONTROLLED VOLATILITY, which makes this gasoline match the monthly changes in your weather. Its year round gravity, from 60.6" to 71.4", is always higher test than others.

Yet you pay not a penny extra. So it costs you no premium to try a tankful the next time you see the Orange and Black 66 shield.
