ARROW POINT QUILT

This quilt may be made with alternating blocks or an all over pattern, (see illustration). The number of pieces marked on pattern pieces are for alternating blocks. Twice the number of pieces will be needed for an all-over quilt. Yardage is figured for both.

Cut the number of pieces required for quilt. Sew pieces together as shown in diagram; then sew the blocks together.

Twenty-one 14" pieced blocks and 21 plain ones make a quilt measuring approximately 84" x 98" with 6 blocks across and 7 blocks down.

Diagram for piecing and for possible color and/or print combinations.

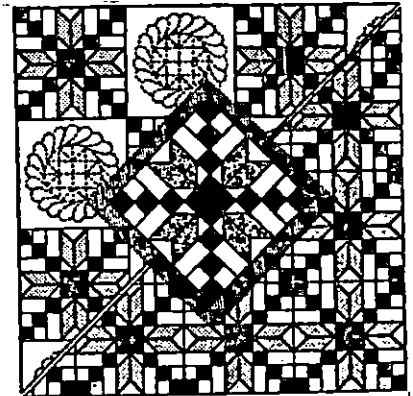

Yardage Estimates:-

Alternating blocks-

- dark---1 1/3 yards
- print--1 1/2 yards
- white--7 yards

All pieced-

- dark---2 2/3 yards
- print--3 yards
- white--5 3/4 yards

PRINTED IN U.S.A.
