

Fort Benning, Ga.

Mar. 28, 1943

Dear Mrs. Peratt:

Through you and your Committee I wish to thank the membership of the Christian Church for remembering me with the useful gift.

I didn't realize until I got in the army how much a soldier liked to get regular mail. Also, I found that in order to get letters frequently the soldier must write. So, you can be assured that the present has been quite useful.

These are busy days - and nights - for me. I rarely get time to write except on week-ends. They throw work at us so fast one hardly has time to keep track of what day of the week it is until the week-end rolls around.

How is Mr. Peatt? And, have you heard from Frances recently? Sorry to hear that Dr. Terrell has not been well.

We are having an epidemic of measles, and have an inspection each evening to discover whether new cases have developed during the day. Otherwise, there is little news.

Give my regards to Mr. Peatt, and thanks to each of the Committee.

Sincerely,
James B. Galt
