"Business Curbing" a Menace to The Nation

By JOHN D. ROCKEFELLER, the Richest Man in the World

If we limit opportunity we will have put the brakes on our NATIONAL DEVELOPMENT. Will the individual strive for success if he knows the hard won prize is to be snatched from his fingers at the last by his government? We are still too young a nation to begin TEARING DOWN. We must build up, build up, build up for years to come. The very children in the schools should be taught the need of our development.

The French people want our money. They want the patronage of our tourists. They never let slip an opportunity to take quick advantage OF OUR MISTAKES. This is a struggle for supremacy. We must win or they will, and THERE WILL BE NO QUARTER for us if they win.

And now there is Japan rising in the east to a power we cannot estimate. We cannot foretell what her competition will be, we do not know the resources of the new territory which she controls, we cannot guess the commercial AND INDUSTRIAL POSSIBILITIES of the Japanese.

At this critical stage we are giving the enemy ammunition TO FIRE AT US. He is quick to seize this advantage. Take the attack we made upon our own packing business, for instance. I know none of the men in the beef trade. I never dealt with them nor was I ever associated even indirectly with their business or themselves.

But it is safe to assume from the proportions of their industry that they are SOUND BUSINESS MEN. And it is safe to assume, too, that no business could have been built to such proportions on such false principles or by such unsound methods as they were charged with.

I was in Europe when the attack was made at home upon these men and their industry, and I could watch the effect of it there at close range. Those fellows abroad snatched at our own charges AGAINST OUR OWN BUSINESS with the greatest glee. They used them promptly as ammunition with which to attack America and EVERYTHING AMERICAN, especially American manufactured products and trade.

I do not believe there was a line of American goods sold abroad that was not injured or an American agent doing business abroad whose work was hampered by this.

We are too young a nation for this tearing down. OUR POSITION IS BY NO MEANS SECURE. It is like repeating A B C to say that we cannot consume our total production. We MUST sell abroad or do less business. Reducing the volume of our production means less work, LESS WAGES, less business transacted, at the very least. It is checking our development instead of furthering it.

IS IT COMMON SENSE, THEN, TO HANDICAP OUR EXPORT TRADE AT HOME, TO ATTACK THE GOOD NAME OF OUR BUSINESS FOR THE BENEFIT OF OUR FOREIGN RIVALRY?

Is it common sense to tell our young men, on whom the future must depend, that they can hope for no other reward for carrying our commercial flag forward than FRENZIED ATTACKS at home and all the handicaps their own government can pile upon their business to satisfy the VIOLENT PREJUDICE excited against them?

Cough

A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the croupy cough appears.

Sells More of Chamberlain's Cough Remedy than of all others Put Together.

Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do all other lines on my shelves put together. I can personally recommend this medicine as I have used it myself and giving it to my children and always with the best results." For sale by M. W. Every body coming to the Conference at Bethel now in session. W. F. Fuitts was in Lewis Co., Saturday and Sunday.

Messrs Frank and Bartlett Fuitts are visiting their brothers in Fleming County.

Maudie Conley was visiting at the home of Frank Rivers Sunday.

The speaking at this point by Mr. Bailey was a success in which he very briefly explained the Roosevelt administration. He told of Kehoe trying to take the office from J. B. Bennet last election and we feel sure the voters at Grange City, Fleming Co. have not, or will not, forget it as they go into the booth to cast vote for the good of their country.

What he tried to do with their precinct, even tried to throw it away because it gave Mr. Bennet a majority.

Purcell Hall who has been over at Portsmouth, O. at work, for some time, returned home and was at once taken with a severe attack of typhoid fever and is at present in a critical condition.

Noah Danner has returned from Cincinnati, Ohio.

Let every one go to the election Tuesday Nov. 6th. Remember the date and take your friends. See to it that the invalids have a vote of convenience. Let every one vote for Bennet.
