

25th November, 1924

Messrs. Joseph and Joseph,  
Francis Bldg.,  
Louisville, Ky.

Dear Sirs:

We beg to acknowledge your letters of November 18th and 21st regarding the Morehead State Normal School. We also acknowledge the receipt yesterday of the plans and elevations for the new Administration Building.

We are proceeding with the adjustment of our preliminary layout plan to meet the actual location adopted for the Administration Building. In our final plan we intend to indicate main sewer lines and such other utilities as can be profitably determined in advance of actual developments. This was our understanding in the beginning as it had been in the case of the Murray Normal School.

Thank you for sending us the data requested.

Very truly yours,

2 CW / 1500
