President: Chando met with the governor yesterday for lunch with other student body presidents. The governor's main topic of discussion during the luncheon was his health plan. He wants students across the state to support his health plan even after we have been cut on higher education again. Chando has asked him to come to MSU and speak to the students. Chando has decided to form some ad hoc committees such as Gripe Day and SGA restructuring. This will be addressed in discussion.

Secretary: I told the new hall presidents that if they needed a notebook then they could get one from me after the meeting. I also mentioned that the Student Wellness Office is taking applications for Peer Educators until Feb. 15th. Anyone interested can pick up an application in the SGA office.

Office of Residence Hall Association

January 27, 1993

Dear Student Government Association Members:

The Residence Hall Association of Morehead State University is proud to be hosting the 1993 Kentucky Affiliate of College and University Residence Halls (KACURH) annual state conference here February 19-21, 1993. The preliminary delegate numbers from each school seem to be pointing to an all-time record attendance for KACURH conferences.

We are delighted to host this conference because it gives our members an extraordinary opportunity to gain leadership knowledge. KACURH allows students to educate and exchange ideas that will be beneficial to their positions within student life.

KACURH is a self-supporting conference. The conference budget is comprised of fees received from each delegate attending. RHA is responsible for adhering to this budget. Morehead State University will neither profit monetarily nor fund this conference in any way.

We are asking, however, that you allot money to send our members to this conference as you have in the past. Due to RHA's very limited funding we are unable to pay these fees. Our small budget has allowed us to have a hall council leadership conference, campus wide programs within our residence halls, and send delegates to the regional conference last October. The remaining money must be spent on our programs this semester and our annual RHA week activities.

It is our hope in the future we will receive the budget we so deserve and we will no longer have to depend on you for financial support. We appreciate your consideration of this proposal.

Sincerely,

EXECUTIVE COMMITTEE REPORTS

President: The Council on Higher Education will be meeting on Monday next week in Frankfort. Chando said that this will be the last chance for people to discuss the tuition policy. The Trail Blazer misunderstood our discussion on giving bids to prospective concert acts. We are putting up a bid of \$25,000 for Arrested Development, but 10,000 Maniacs will not necessarily be the next choice for a bid. We formed some ad hoc committees last week, and if anyone is interested they can contact Chando. We may be purchasing tickets for the MSU-EKU game for the students to buy at a reduced price. Chando talked to Mike Mincey about Residence Hall quiet hours. Last night, Geechy Guy was a tremendous success. Everyone needs to pass the tuition petition around campus and have people sign it to support the present tuition policy.

Vice-President: Denise thanked all committee chairs who attended the meeting with her. She said that only two chairs didn't show up; this shows that they are dedicated. The next meeting for committee chairs will be on Monday, February 22nd at 4:30. Denise also passed out Miss MSU Pageant volunteer forms for everyone who is interested in helping Susette with the pageant.

Secretary: I reminded everyone about the peer educator applications that are on my desk. They can pick one up until February 15th. Our group picture will be taken next Wednesday after our meeting at 6:10 p.m.

Treasurer: Bryan said that we have \$42,830.60 in the Special Events Fund and \$6,167.35 in the Administrative Fund.

Public Relations Director: Dennis has posters for the OVC Tournament and an upcoming 3-on-3 tourney to give to the hall presidents. Mr. Stephenson mentioned that the student tickets for the OVC are a package deal of \$18 for all three nights.

Programs Director: Bryan said that we have not heard anything from Arrested Development as of yet. Geechy Guy was great and next week, Tommy Blaze will be at MSU.

COMMITTEE REPORTS

LAC---Lora said that they are still working on a proposal.
Residence Life----will have a meeting this Tuesday at 6:00 in Fields.
They will also be working on quiet hours with the

well. In the Greek category, Theta Chi is in first
place followed by Delta Zeta in 2nd and Pi Kappa
Phi in 3rd. In the open category, Regents and
Cooper Hall are tied. They are still deciding on
awards for the contest.
Special Funding---will meet tomorrow at 5:30; they have a proposal for
new business.
Campus Improvement---Beth said they talked with Dick Green about
lighting on campus. The current top two
priorities are Eagle Lake and Mignon Tower.
Dick Green said that the university will do
its best, but because of budget cuts funds
are limited. In May, a group will go
around campus to see which places need lighting
the most. The committee will meet next Monday at
8:30.
Environmental Awareness---will meet Wednesday at 3:30 to discuss contest.

EXECUTIVE COMMITTEE REPORTS

President: The Council on Higher Education voted 9-1 to go with option #2 for the tuition policy. Chando was very upset due to the fact that hardly anyone turned in the petitions. He will be meeting with Dr. Eaglin and the Student Advisory Board. On Monday night, he went to the MSU Extended Campus Center at West Liberty to see what it was like. Chando noted that one of our students, Jack Cauley, died due to alcohol intoxication. Gripe Week is next week. We will meet in the Crager Room. Everyone should talk to fellow students and try to get them to come for the meeting. The Student Activities Office has tickets on sale for the MSU vs. ECU game. Students can purchase them for \$1 each until noon tomorrow.

Vice-President: Denise said that this is her last day on campus because she will be student teaching. Her office hours will be either 3:30-5:30 or 4:00-6:00, depending on when she gets back to the office from teaching. She said everyone should leave a note or call her at home if they want to contact her. She will meet with the committee chairs on Monday, February 22nd.

EXECUTIVE COMMITTEE REPORTS

President: Chando said that he was disappointed with the turnout for Student Gripe Day. He made a clarification with the Trail Blazer regarding their ad about fee increases. He said that there is no SGA fee; however, there is a student activity fee. If we increase the activity fee, half will go to MSU Athletics and the other half will be used at the discretion of Student Government. Chando also said that he wants the MSU students to be aware that it is National Black History Month.

Vice-President: Denise read a letter from Food Services regarding SGA committee meeting attendance. She said that Tracy Bower is wrong about the Food Services committee not attending meetings regularly. Denise went to the National NACA Conference in Nashville last weekend and told everyone that she saw good entertainment and she feels that we are doing a lot of great programming.

Secretary: Trina announced that President Eaglin sent us a letter thanking us for the money that we contributed for the Miss MSU Scholarship Fund. Also, MSU Theatre thanked us for assisting them.

Treasurer: Bryan told everyone that we have \$3,287.49 in our Administrative Fund and \$30,830.36 in the Special Events Fund.

Public Relations Director: Dennis has posters for the hall presidents.

Programs Director: Bryan said that Carrot Top will be on the Arsenio Hall show tonight. He said that we cannot put out more than one bid at a time for a concert because of commitments.

DISCUSSION (Gripe Session): Baird, Breckinridge, Button, and Rader Halls need to be accessible to handicap students. Beth Hounshell said that her committee has brought this to the attention of the physical plant and it is just really very expensive to do this. Chando felt that SGA should write up a proposal for this request. He also felt that handicap ramps should become a priority, because it is a federal law. Thompson Hall does not have a parking lot like Fields Hall. This is unfair because both dorms are for honor students. Cartmell needs its ice machines fixed. Mr. Stephenson noted that there are no funds for repairs of the machines. MSU Phone Services---the long distance service needs some work, especially on

the billing fees. Several complaints mentioned about the phones: roommates listening to the messages and then erasing it and there is no longer a message; you have to use 14 digits to access the message; student modems do not work on the MSU Phone System; students do not have call forwarding. Dwayne Cable, Director of Information Technology, and his committee will be looking into the "modem problems". Mike Esposito suggested forming a committee for on-campus phone services. The Campus Improvement Committee needs more committee members. The Library Committee feels that our library should stay open until 11:00 p.m. We are the only university in the state who closes its library at 10:00. President Eaglin spoke on this issue and said that a \$500 door may solve the problem of accessing computers in the library.

RE: Student Attendance At Meetings

I have received your memo regarding the last meeting of the Food Committee and have inquired about the situation. Is lack of attendance a continual problem at all of the meetings or is this an isolated instance? In meeting with the chairman of the SGA Food Services Committee, Mr. Lance George, I was informed that the students have been attending the meetings on a regular basis, not as you have indicated.

You also mentioned that at the February 11 meeting there was only one student present. This greatly disturbed me, however after talking to Tabatha Jones, the student representative who was there, I was told that Mike Esposito, another student representative arrived a few minutes late, and Denise Caudill, the SGA Vice President said that she stopped by for a few minutes as well. After inquiring as to why the SGA chairman was not there I was told that he had a previous engagement involving summer employment.

I am obviously very concerned about receiving such a letter from you. The students are the most important aspect in the operation of campus food services. If their representatives are not fulfilling their duties I would really like to know how long this situation has been occurring.

RE: Voice Mail System

The Student Government Association held a Student Gripe Day on February 17. One of the major issues that was brought before the entire congress was the removal of the "flashing light message" program from the voice mail system.

Several students had mentioned to me, before the SGA Student Gripe Day, that the removal of the flashing light program was uncalled-for. I called the Telephone Support Center to find out more information about the removal, and to see if such an action was actually done without any word to the Student Government Association. I was told the system had been cut and the reasons why, and I relayed the information to the students.

After the Gripe Day I became aware that there were not just those few students that were upset with the removal of the system. Many other students including several SGA representatives are asking for the flashing light system to be reconnected.

The Student Government agreed, that on behalf of the students of Morehead State University, I should approach you and request that the flashing light system be turned back on. Thank you very much for your cooperation.

Minutes of Meeting----February 24, 1993

Meeting called to order by Chando Mapoma at 5:10 p.m., and the roll was called by Jason Stamper.

Excused: Bryan Yuris Dennis Prater Shannon Huffman Chad Widener

Unexcused: John Carroll Brian Gardner

GUEST SPEAKER: Dr. Eaglin thanked us for his invitation to speak. He told Congress that he has travelled 8,000 miles in Eastern Kentucky. He feels that this institution is a "caring institution". He said that there is not much opportunity in Eastern Kentucky, so many capable students go to other places to make it in life. Dr. Eaglin feels that faculty scholarship is important. This would provide more involvement of applied research which could benefit the students also. About the Gripe session, he said that we are going to get the lights back on the phones. Regarding the smoking policy, the governor has made this regulation. Dr. Eaglin gave this proposal to the committee responsible for such issues. The committee found two things wrong with the proposal: (1) the cost, and (2) locations for designated smoking areas are limited.

EXECUTIVE COMMITTEE REPORTS

President: Chando welcomed our Vice President for Student Life, Mike Mincey, and Tim Robinson from the Ashland Independent, as well as Kim Hamilton from the Morehead News. Chando said that he sent letters to Dwayne Cable and Tracy Bower. He read the letter that he sent to PFM. Also, the letter to Dwayne Cable about the flashing lights on the campus phones. He said that we are trying to take care of the Gripe Day issues. We sent a letter to the physical plant regarding the handicapped. Chando went to the Combs computer room with Nicole Carter. He said that it is dirty and the floor has asbestos tiles in the room. Tickets are on sale for the OVC Tournament. They are \$18 per package and will be available in the Student Activities office until Monday, March 1st at 4:00.

Vice-President: Denise had a committee chair meeting on Monday. She is excited about these meetings. Denise will meet some of the committee chairs after this meeting.

Secretary: No Report

Treasurer: We have \$30,295.38 in the Special Events Fund and \$1,396 in the Administrative Fund.

Programs Director: Bryan said that Rondell Sheridan was excellent last night. Carrot Top was on the Jay Leno show. He has some concert business to bring up in discussion.

Public Relations Director: No Report

RE: Student Members for the Smoking Committee

As you are probably aware, the discussion at the last SGA meeting was dominated by the issue of the state's new non-smoking regulation. Dr. Eaglin also spoke about several topics and when he came to the smoking policy he said that the Campus Smoking Committee would be handling it.

After asking questions, I realized that there are no student representatives currently serving on the committee. The SGA feels that students should be on a committee of this importance and therefore I asked any students that would be interested in serving on the committee to submit their names to me. I have placed the names of the students that would like to serve on the committee below.

*Sherry Muncy 784-3372

*Tammie Hetzer 783-3061

Thank you very much for your consideration and if you have any questions please let me know.

EXECUTIVE COMMITTEE REPORTS

President: Chando told everyone that he sent a letter to President Eaglin and Mike Mincey regarding the smoking policy. He said that we have a rough draft of the constitutional amendments. The weather kept him from going to Louisville last weekend for a meeting.

Vice-President: Denise said the Residence Life Committee has been dissolved. If you have any problems dealing with the residence halls, you can refer to a hall president or RHA. She said that the following committees need more members: Campus Improvement, Multi-Cultural Awareness, and Environmental Awareness.

Secretary: I told everyone that tickets are now available for the Miss MSU Scholarship Pageant on March 25th. Students can purchase them for \$5 each in the Student Activities office. I also read the memorandum from Mr. Stephenson which thanked us for supporting the ACU-I Tournament.

Treasurer: We have \$733.49 in the Administrative Fund and \$28,949.51 in the Special Events Fund.

Programs Director: Bryan said that Bertice Berry will be here on Monday. Her workshop will be at 6:30 and her comedy act at 9:15. Heavy D and the Boys did not accept our bid. Bryan has another concert idea for discussion.

Public Relations Director: Dennis has Bertice Berry posters for the hall presidents.

NEW BUSINESS: Motion to put in a bid for Naughty by Nature with a second R&B act for \$20,000 plus local expenses. PASSED.

DISCUSSION: Mr. Stephenson said that SGA has the funds to do the programming for the university. Thus, it is more than just the legislative body. The girls softball team needs work done on their field. Handicap parking: Lori informed us that as of last semester those who wanted a handicap sticker had to provide a letter from their doctor to public safety, but there are several people who have the handicapped stickers who are not handicapped. The best thing to do would be to make it more strict for next year, before new stickers are issued. Chando said that he will go to public safety to verify records of people with handicapped stickers and find out who does not have a letter from a physician.

ANNOUNCEMENTS: Special Funding will meet tomorrow at 5:30. Mike Mennenga will be sponsoring Reggae Jam II at the Country Club on Tuesday, March 9th from 8-12 p.m., admission is \$4. EXECUTIVE COMMITTEE REPORTS

President: Chando talked to public safety about the handicapped parking situation. If the state has issued registration to people for handicapped parking then there is really nothing that can be done, but if you see someone who doesn't seem to be handicapped you can get their license number and refer it to public safety. Chando met with Dr. Eaglin regarding the extension of library hours. There is now a computer lab in the basement of Thompson Hall. The hours for this lab will be extended until midnight. We will be enforcing the parliamentary procedures for this meeting. Chando said that we have a great deal of things to cover and he wants the meeting to run as smoothly as possible. If you are not a member of Congress, you may not be called upon to speak for old/new business or discussion.

Vice-President: Denise thanked everyone who attended the Bertice Berry Workshop on Monday. A special thanks goes to Delta Zeta Sorority for their participation and support. She mentioned that Bertice will have her own TV talk show this fall. Denise will contact the committee chairs about their next meeting after spring break.

Secretary: I told the hall presidents that the telephone surveys were ready for them to pick up. I also said that the proposal for the typewriter in Alumni Tower should be numbered 64.

Treasurer: Bryan said that we have \$850.49 in the Administrative Fund and \$27,762.51 in the Special Events Fund. Because of the concert, we have approximately \$5,000 that we can use in the Special Events Fund.

Programs Director: Bryan said that Bertice's workshop and comedy act were great. He told everyone that we have put in a bid for Naughty by Nature with Jade, and Run DMC. Our contract has not been signed

MEMORANDUM

TO: Dr. Ron Eaglin, MSU President
FROM: Chando Mapoma, SGA President
DATE: April 13, 1993
RE: SGA Budget Allotment

As you are aware the Student Government currently receives its total budget as a line item amount, which neither increases or decreases based on student enrollment. The Student Government Association members feel that in order to better serve the students of Morehead State University, that our budget should be a percentage basis, utilizing enrollment to drive the total allotment.

We understand that in changing the method of our budget allotment we set ourselves up to receive less funds in the case of a decrease in the student population. We also understand that our allotment would increase in the case of a increase in the student population.

At this time, we have not determined the exact percentage rate that should be used. We feel it should be based on the present ratio of our budget to one-half of total fees received for the student activity fee of the 1992-93 year, and we feel that this figure can be easily determined with your assistance. Thank you very much for your consideration.

Good Evening:

The Morehead State University Student Government Association would like to take this opportunity to welcome you to the twenty-sixth annual Miss MSU Scholarship Pageant. The Student Government Association is a proud sponsor of this tremendous event.

The unique aspect of the Miss MSU Scholarship Pageant is the fact that it is organized, produced, directed, and run entirely by students here on Morehead State's campus, and for that reason we the students take pride in it.

The Miss MSU Scholarship Pageant provides these beautiful and intelligent young women with the opportunity to display their various talents. It takes a very special individual to go through all the work that these young women have and we are proud of all of them.

The Student Government Association is also proud of the reigning Miss Morehead State Natalie Shepherd, who has done an excellent job in representing the students of Morehead State. Thank you.

We would like to thank everyone who is here tonight for taking part in this occasion and we are positive that you will have a wonderful evening.

Sincerely,

Chando Mapoma
President, SGA
