

New Cafeteria Bids Opened Today

(Continued on Last Page)

gan compositions and choir anthems published by the Lorenz Publishing Co., and other compositions for glee club and chorus published by Harold Florschütz of New York, and C. C. Bird and Co. of Boston. Of particular popularity has been his anthem, "Praise the Lord"; while a recent number, "March Wind" for girls' glee clubs, is giving promise of extensive use. Since coming to Morehead, Prof. Horton has sold to Chicago publishers some 40,000 arrangements of Kentucky mountain tunes and an arrangement for men's voices of an old Negro spiritual called "There's a Man Goin' Home."

October Con- vocations Scheduled

At the first convocation of the year, Wednesday, September 23, President Payne gave a very fine and inspiring address, welcoming the new students, and introducing the program for the year.

The program for October follows: Fri. Oct. 9. Pep meeting for first football game, Oct. 10, River View. Mon. Oct. 12. Father Father, Mayville, Columbus Day.

Fri. Oct. 16. Deans of Women meet here.
Mon. Oct. 19. Miss Harmon.
Fri. Oct. 23. Mr. McPherson, Ohio State University.
Mon. Oct. 26. Mr. Hudson.
Fri. Oct. 30. Mrs. Hutchinson, Hallowell.

Survey of Physics—Chemistry In New Course

A new science course has been introduced in the departments of physics and chemistry and is being given for the first time this semester. The purpose of the course is to give a cultural survey of the fields of chemistry and physics in order that students who are not primarily interested in science may have a broader viewpoint of the nature of the material world about them and may have a better idea of the forces and energies and changes in the universe. The first part of the course deals with physics and will treat such topics from chemistry as are closely related thereto, while the second part deals with chemistry and will treat physics when necessary. The first part will be taught by Prof. Black and the second part by Prof. Graves. The first part deals with such subjects as length, mass, time, gravitation, motion, generators, telephones, telegraphs, wireless telegraphy, television, talking movies, x-rays, electrons and atomic structure.

The course will give credit toward the college elementary certificate and will count as science credit on the standard certificate and may be used as an elective on the degree.

MUSIC DEPARTMENT MAKES PLANS FOR ACTIVE YEAR

Indications show that the Music Department of Morehead State Teachers College will be more active than ever during the school year of 1931-32. Special stress is being put upon the problem of music in the rural school. Plans are going forward for extensive organization of rural school children into choruses in county groups with the hope that these groups can be combined in the sectional and state meetings of the Kentucky Educational Association.

The ultimate presentation of a course of study for music majors is forecasted by the inauguration of the classes in Harmony and Formal Sight Singing. These two courses are the backbone of any music course and several students have indicated their intention of following music as a profession and have joined these classes with that object. Others who have indicated a more than perfunctory avocational interest are included in these classes. Both courses are continued for four semesters and furnish the student with a solid background of musicianship which, with the ability to sing and to play one or more instruments, constitutes the main requirements other than pedagogical subjects which the teacher of music must possess.

Chorus, Glee Clubs, orchestra, band, and thus become in instruments and voice are in greater demand than can be met.

In this connection, the department is pleased to announce that Miss Louise O'Rear, instructor in piano,

is this semester at Teachers College, Columbia University, where she is making a special study of class music instruction. Miss O'Rear will return to Morehead for the second semester of the year.

Mr. E. E. George, who comes to Morehead to act as instructor in instrumental music is pushing some interesting innovations in addition to caring for the work which has previously been done in this field. He has classes in instruments organized to meet four times a week thus giving an effective amount of instruction to the prospective players, eliminating the necessity for daily practice alone, and making possible the lending of some of the instruments to more than one pupil. Another innovation is the anticipated organization of a girls' band, a feature which will be very successful in an institution where the student body is preponderantly feminine.

On November 6, Professor George will give a demonstration of the instrumental work in chapel. The work to be shown will include recitals of the class hymns as well as orchestral and band numbers.

Last but not least the chapel singing is to take on new measures of effectiveness this year. Prof. Horton is planning a systematic building up of a useful repertoire of songs in the singing of the student body. Each pupil is to own his own song book and the singing will not consist of haphazard choosing of the merely appropriate or interesting but will be, in content and impetus, a progressive course in community singing in which the great hymns, old and new, and folk songs will be sung often enough to familiarize everybody with them—an enterprise which it is hoped will prove valuable to every prospective teacher in the student body.

Ashland Meeting Planned

The Eastern Kentucky Education Association will meet at Ashland on November 12-14.

We shall give every opportunity to the faculty and to the student body to attend. There will be a Morehead dinner given at the Henry Clay Hotel at six o'clock on Friday evening, November 12. A program of the occasion will be rendered. It will be short and to the point, giving everybody an opportunity to attend the evening program of the association.

President John Howard Payne will be one of the speakers for the meeting. His subject will be "A Program for Rural Education." The Morehead territory always takes great interest in the Ashland meeting.

BLIND JILLSON MAKES APPEARANCE AT SONG FESTIVAL IN PRESON

Blind Jillson and his wife, of magazine fame, made a personal appearance at the varied entertainment of mountain ballads and old fashioned songs, which was presented at Jean Thomas' cabin on the Mayo Trail, Sunday afternoon, September 27. Mrs. Flen Sampson is the president of the American Folk Song Society which sponsored this program; the list of patronesses of the event includes Mrs. John Howard Payne, Mrs. S. M. Bradley and Mrs. W. T. Caudill. Among the people from here who attended the program were President and Mrs. John Howard Payne, Mr. and Mrs. S. M. Bradley, Professor and Mrs. Lewis H. Horton, Miss Betty Robinson, and Miss Katherine Braun.

FOSTER CHORAL CLUBS PLANS ANNUAL STATE CONCERT TOUR

Noted For Program Broadcast From Station WHAS in Louisville And For Contributions To Campus Events
Since Organization In 1930-31

The Foster Choral Club is the name of the chorists organized at Morehead State Teachers College during the second semester of the school year 1930-31. Considering its brief history it has an imposing record. The club built up a repertoire of classics and folk songs which made its program presentable before the Kentucky Federated Music Clubs. A program was also broadcast from station WHAS in Louisville which brought favorable comment from listeners in four states. The chorus was also active in programs on the campus. It appeared in a special concert and furnished fitting music for the baccalaureate service.

The organization came into being in March of 1931 when Prof. L. H. Horton, Head of the Music Department, issued a call for recruits of the singers on the campus who would be interested in belonging to a singing organization which should

emphasize the finest in music. The result was a girls' glee club of twelve voices, a men's glee club of equal size and the two glee clubs rehearsed a body of choral literature together as a mixed chorus.

As stated in the Supervisor's Service Bulletin, a national periodical of school music activities, organization, etc., the purpose of the chorus is three-fold, so far as the type of program is concerned. "To sing largely a capella (unaccompanied music)," says the Bulletin; "make some of the works of Stephen C. Foster, and introduce some lovely Kentucky mountain music in choral arrangements." Some of these arrangements are compositions of Prof. Horton and are shortly to be published.

It is hoped shortly to inaugurate an annual concert tour for the chorus so that the name of the college may come to have aesthetic associations in the minds of Kentuckians.

REVELLERS ORGANIZE DRAMATIC CLUB

The Revelers Dramatic Club met Wednesday night, September 29, and reorganized with the following officers elected:
George Scott, President
Elizabeth Robertson, Vice-President
Janet Marcy, Secretary
Kathryn Pinn, Treasurer
David Hickson, Business Manager
Miss Virginia Ayres, Editor
Mr. Ralph Hudson are acting directors until the return of Mr. Neville Plunkett who organized and directed the club in 1930.

Y. W. C. A. HOLDS FIRST SERVICE

The attractive Y. W. C. A. room in the basement of Fields Hall was the scene of the first service of the new school year. It was held last Sunday afternoon at 5:30 with Miss Ezer Robinson in charge of the program.
A new feature of the exercise was the presence of the members of the Y. W. C. A. of Louisville. This organization has been invited to take part during the year on the Sunday programs.

Miss Valere Mangum, a student from Orlando, Florida gave an inspiring talk on the subject "Does It Pay to Be a Christian?" A musical selection, a trombone solo, was rendered by Mr. John Simmons.
The Y. W. C. A. is one of the most active organizations on the campus. It has accomplished much in the past two years and should be proud of its excellent record. The organization advocates friendship and congeniality among the students. It is doing much for the social work than any other campus society.

It renders a community service. Last winter funds were used in helping needy children in the surrounding country. The children were given a beautiful Christmas party at which they received food and toys.

The most outstanding part of the Y. W. C. A. is the Student Loan fund which it sponsors. This fund helped numerous students to pay their way through the school year. Most of the money made by the Y. W. C. A. is donated to this cause.
Dean Corbreen Smith, who is an experienced leader in this field of work will be assisted by a very capable member of the organization, Miss Rebecca Thompson. Miss Ezer Robinson will be keeping forward to a very prosperous and successful year.

MISS FLANNERY IS NOW SECRETARY

Miss Lola Caldwell Thomas has resigned her position as secretary of the Placement Bureau and the Training School to accept a position in the office of the superintendent of the Mt. Sterling City Schools.
Miss Ezer Flannery of Grayson has taken Miss Thomas' place. Miss Flannery is a graduate of Richland High School of Grayson, Kentucky, and is a member of the class of 1929. She has studied at the Booth Business School in Ashland, Kentucky and has worked at the Commercial Bank of Grayson, Kentucky.

Mr. Mark J. Steinerwald was called to his home at Wilmore where his father is ill. He plans to return to school in February.

Opening Reception Gala Affair

On Thursday evening, September 23, President and Mrs. John Howard Payne, assisted by the members of the faculty of the Morehead State Teachers College, entertained with a charming reception in the gymnasium from 7 until 10:30 o'clock in honor of the student body.

The gymnasium was beautifully decorated with blue and gold streamers and a bright array of fall flowers.

The students were graciously received by President and Mrs. Payne and by members of the faculty and their wives.

The menu was furnished by an out-of-town orchestra and dancing was enjoyed throughout the evening. Delicious refreshments of fruit punch and cakes were served.

Dancing Classes Organized

One of the new features of the fall semester will be a dancing class taught by Miss Kathryn Friend, most talented of the college instructors and the class will meet in the gymnasium on each Friday evening from 7 until 10 o'clock.

The course will be strictly ball room and classic dancing and the entire course will be two dollars per person.

There are thirty-eight pupils enrolled for the class and it will receive an open class for another week. All other persons who wish to take dancing are asked to join the class with the next seven days.

Miss Friend has had a great deal of experience in teaching dancing, having taught the course several times before. Also, she has taught many individual lessons.

All students who want to learn to dance are invited to become members of the class.

MISS HAYES TO SING

OVER STATION WHAS

Miss Marcia Hayes, one of the most talented students of Morehead State Teachers College will broadcast over station WHAS at Louisville on October 11, from 4 to 5 o'clock.

At this time Miss Hayes will compete with the district winners of the previous contest held last May.

At Louisville she will compete in the Axtel Kent program and, if she wins, will be sent to Lexington. Miss Hayes is a girl of unlimited musical ability. She has a charming personality, as well, and stands an excellent chance for a high place in the Louisville Radio Contest.

She has studied at the conservatory of Cincinnati and is at the present time a pupil of Professor Horton of this college.

The faculty and student body of Morehead State Teachers College wish her success in the coming event.

The Y. M. C. A. has organized for the year with Mr. Hollis M. Judd, and Mr. Hagan as sponsors. One of this year will be a Bible class taught by Mr. Hagan.

Thompson Hall Entertains

An extensive program of social entertainments conducted at Thompson Hall. The first of a series of informal parties to be given under the direction of Mrs. Martha Thompson, the new dean of men, was held last Saturday night, October 3. Twenty girls, the guests of 20 many boys, Miss Esser Robinson had charge of the entertainment features. The Alvin Young Hall orchestra, the men of Thompson Hall, one evening last week. Games and songs were enjoyed.

DEANS OF WOMEN TO MEET HERE

(Continued from Page One)

Johnson Candler Library. The visitors are to be guests of the dormitories. A tea will be given by Miss Curran Smith and Miss Esser Robinson, deans of women of Morehead State Teachers College. President and Mrs. Payne are to entertain with a luncheon.

Many Students Registered

(Continued from Page One)

training at Bowling Green State Teachers College, Bowling Green, Ohio, having taken his Bachelor's degree there. He has his Master's degree from Teachers College, Columbia University. Mr. George has had experience in instrumental music in the Bowling Green, Ohio City Schools.

Miss Rita M. Paulsen comes as the fourth grade critic teacher in the Robert Breckinridge Training School. The work of the fourth grade was handled last year by Mrs. Mary Hutchinson. Mrs. Hutchinson has been changed to the fifth grade. Miss Paulsen is from Muskegon, Michigan. She has her A. B. degree from the Western State Teachers College, Kalamazoo, Michigan, and her A. M. degree from Teachers College, Columbia University. She has had a rich and abundant experience in the Muskegon County Rural Schools and in the Muskegon City Schools. She is a specialist in the field of speech correction.

Mr. Arthur V. Lloyd will head the work of Social Science in the normal school. He has his A. B. degree from Western State Teachers College, Bowling Green, Kentucky; his A. M. from Vanderbilt University, and is on the brink of his Doctor's degree from Vanderbilt. Mr. Lloyd has had teaching experience in Kentucky Schools, having been principal at Wheatcroft, Kentucky, for two years. He has also been in the regular faculty of Vanderbilt University. The extension department has already sent him to Paintsville for an extension class and reports from Superintendent Wheeler of Johnson County that he has been enthusiastically received.

Deodat Jones Gammage comes to lead the cafeteria. He has had a wonderful experience extending from New York to Pasadena. He was a bowling star at Adair College, Wilmore. He was here spending the last month getting the cafeteria ready to serve the boys and girls of Morehead State Teachers College. They already appreciate him a good deal.

New Recruits Plunge Line

(Continued from Page One)

regularly and the material is divided between the teams so that when a scrimmage is held the power is about equal. The kicking problem is worrying the coach and he has had about ten men try to date to boot one fifty yards. To that none has reached the forty yard line; however, Clayton, Horton and two or three others are getting more distance to their punts. By the time the first game rolls around some of the boys will do the kicking and in the past several weeks will have an acquaintanceship with the kicking.

The Eagles will have had three weeks of hand practice before the kick-off of the opening game, which should be in good physical condition, having injuries that often occur in hand scrimmage games.

On October 10, Concord Normal will come down out of the mountains of West Virginia to try the lid off the 1931 football season for Morehead Teachers. They will be tough as most West Virginia teams are, and the Eagles will be in for one hour of hard football. The Concord staff led their first game to Davis-Eikin, one of the best teams in the East. They bring to Morehead one of the most seasoned teams that have faced the Eagles on their home field.

Coach Downing's outfit will enter the game as the under dog, but with clothes flying high, wide and handsome, and with a determination to give their fans an exciting afternoon, and their foes one battle that will forever live in their football memory.

ART EXHIBITS SHOW DEPARTMENT WORK

(Continued from Page One)

tion, charcoal drawing, lettering and monograms, and theatrical designs, are included in the collection.

Mr. Hudson who comes to us this year as head of the Art department, holds a Masters degree in Art and Art Education from Ohio State University. Among his collegiate honors he has been mentioned in the Phi Kappa and Tau Sigma Delta, honorary fraternities of architecture and the allied arts. He has had various drawings and research studies published in Design Magazine.

MEET ME

and

RESTAURANT

NOTED HUMORIST TO ENTERTAIN HERE

The people of this vicinity have a treat in store for them on the evening of October 27, when Herbert Loos, the nationally renowned humorist, will make his first appearance at the Morehead State Teachers College.

Mr. Loos is not only a humorist, but a philosopher, who has drawn his conclusions from real life experiences. His lectures, as well as provoking laughter, are filled with serious and worthwhile ideas concerning the everyday man in his everyday world.

The American public recognizes Mr. Loos as one of the most interesting characters of to-day. He entertains in his own peculiar and original way. He leaves something of moral value in each lecture.

Mr. Loos was an entertainer for the American boys during the world war and two million of his "audiences" have laughed and cried with him "over there."

It is an opportunity to hear and see such a noted man and it is with anticipation that this student body is looking forward to his appearance.

Mr. and Mrs. E. V. Hollis were called to Carrollton, Mississippi on account of the illness of Mrs. Hollis' mother, Mrs. A. R. Jones. Mrs. Jones is in the Greenwood Leflore Hospital, Carrollton, Mississippi.

Mr. and Mrs. W. H. Rice are the proud owners of a son, named William Henry Rice, Jr. Mr. Rice is the Superintendent of Buildings and Grounds.

STUDY CENTERS ARE ESTABLISHED

Professor Judd, Head of the Extension Department, announces the establishment of study centers at the following places: At Paintsville, Dr. Lloyd has charge of History 53; At Russell, Dr. Terrell has charge of Immigration and "Criminology" classes with about thirty students each and prospects for more. The Extension Department is doing very well this year and they have prospects of establishing centers at Owensville and Mt. Sterling.

At the meeting of the Brown County Teachers' Friday, October 2, Mr. H. C. Hagan spoke on "Promotion of Agricultural Fairs."

Miss Edna Leal is entertaining as guests at her home in Wilmore this weekend, Mrs. Mary Hutchinson, Miss Elizabeth Rennie, Miss Thompson and Mrs. Silver.

Mr. Robert Sanford is teaching at Russell, Kentucky.

START FUND FOR LOCAL PLAYGROUND

A playground for the children of Morehead will be an accomplished fact before long, as the proceeds of the play, "Rosters Sometimes Crow" given under the auspices of the Morehead Woman's Club in the College auditorium Monday night, September 27, will be donated to that cause. This announcement was made by Mrs. John Howard Payne, the president of the club, on the occasion of the play. The delightful three-act comedy with Josef Sautter, Dolly Crawford, and an all-star cast was greatly enjoyed by a majority of the student body and a number of town people.

Misses Nina Lang, and Evelyn Post and Stanley Trickett of Ashbury College visited their friends in school here. They were the guests of Miss Robert Evans Brooks.

Miss Currae Evans and Miss Beatrice Goodwin spent the weekend at their homes in Mt. Sterling.
