16th December, 1924

Mr. McHenry Rhoades,
Superintendent of Public Instruction,
Department of Education,
Frankfort, Ky.

Dear Sir:

We acknowledge your letter of December 8th in regard to the Morehead State Normal School.

We are glad to know that our preliminary arrangement of buildings, roads, etc., was accepted by the Board of Regents and we shall go ahead now with the completion of the plan, making only such adjustments as will be necessary to fit the proposed layout to the location and grade adopted for the new school building.

Very truly yours,

8aw / SOW
