GUIDELINES FOR SPECIAL FUNDING COMMITTEE
PASSED IN COMMITTEE ON SEPTEMBER 25, 1994

1. The purpose of the Special Funding Committee is to review all funding application requests for the Student Government Association. Therefore, organizations outside of SGA must submit their funding application to the Special Funding Committee.
2. We as a committee must have a predisposition to vote down everything and it must be very serious and beneficial if we vote it through. We as a committee must view everything critically. If, by chance, a Congressperson outside of this committee brings up the proposal in new business, every committee member should express their reasons for disapproval in committee.
3. Funds approved by SGA are to be used for the specific event requested. Failure to do so may result in forfeiture of funds allotted if an investigation by members of SGA determines that funds were misused by the requesting organization.
4. SGA will fund no more than 50% of the total cost of a proposed funding request. The funding request is to be itemized on the application.
5. Those organizations with their own budgets requesting money for attending a local, regional, or national convention/conference/tournament will be provided for 1/2 of the costs of transportation only.
6. Funding must benefit the whole campus. That must be shown by the organization. "Benefitting" shall consist of more than MSU representation at an event. It must have some impact on the students at large, be it entertainment or education.
7. Organizations must show a genuine need for the funds. They must have raised, or be in the process of raising, upwards of half of the total cost of the request. Their half, or more, must already be raised when they come to SGA. SGA should be used to supplement the amount of money to fund an activity, not to subsidize it completely.
8. Persons explaining or presenting their proposals will be asked to leave when debate between committee members begin. We as a committee will contact them with a decision.
9. Any person on the Special Funding Committee who is a member or has connections to an organization requesting funds should not have a vote.
10. Those organizations who have traditionally recieved money from SGA are not necessarily guaranteed any allotment the following year.
11. The Special Funding Committee will only review requests from student organizations which are recognized by the

University.

12. Applications for funding from SGA should be turned in to the SGA office at least two weeks prior to the date the funds are needed.

Also, there will be a meeting at 8:00 a.m. next Wednesday in Alley Young (room 319) to further discuss the revision of the MSU diplomas. Renovation of Lappin Hall will go into affect in 1995/96 and will cost approximately \$6,850,000. To end on a good note Mark added that universities will receive a 3% increase in their operating budget in 94/95 and a 4% increase in 95/96!

Executive V.P.: Roger discussed the plan for a campus walk through for better lighting (promote safety). He asked for committee reports and reported that the Russian dancers did an excellent job and that the Crager Room was packed.

V.P. for Administration: No Report.

V.P. for Finance: Robin reported that there is a balance of \$2,138.91 in the Administrative Fund and a balance of \$22,652.24 in the Special Events Fund as of November 9, 1994.

The Vice President for Finance read a letter to the congress stating her resignation from her office for the spring semester due to the fact that she, Robin Hayes, obtained a full time job in Lexington. This would make her unable to give her full devotion to SGA (and her hours in the office). WE, the executive board and the congress wish her the best of luck. Applications for her position are due into the SGA office by November 29. The announcement of the new V.P. for Finance will be announced on December 7.

DISCUSSION: Heidi discussed the ^{Dec}Master Card Talent Show which will be held on ~~November 22~~ and there is a meeting at 10:30 this Thursday to further discuss "Dead Week" (any one is welcome to attend). Shawn discussed the his Adopt a School program and the coat drive for kids ranging from K-5th grade which will take place after Thanksgiving - so please donate a coat. You may drop off your coat in Dave Cox's office. On December 1 there will be a moral candle light at 7:00, be there. Robin suggested that instead of passing out the student discount cards, posters will be made up and distributed across town to inform students of what is discounted for them. The Registration Advisory Committee passed a proposal not to have class on the Friday before midterms for the Fall of 95/96. MC Giles discussed the RHA food bank that they are sponsoring - if any one would like to donate some extra food then they can give it to him.

WHY YOU THINK YOU WOULD BE GOOD FOR THIS JOB..

I think that I would be good for this job due to the fact that I was a SGA executive office last year. Moreover, I know what the job of the V.P. of Finance consists of. I have always been active in SGA and feel my experience in SGA as a congress member, and an executive officer I am best qualified for this position.

A UNIQUE QUALITY THAT YOU HAVE THAT WOULD MAKE YOU STAND OUT...

A quality that sets me apart from other applicants is my experience as an SGA executive officer. Due to the fact, that I have past experience I am able to bring unique qualities and ideas that others may not possess. Furthermore, I am an open-minded person with qualities that could contribute to SGA.

WHAT YOU CAN CONTRIBUTE TO STUDENT GOVERNMENT...

I am able to contribute almost three years of experience on SGA, serving as an executive officer, a freshman representative, and presently the junior representative. Also, I have held offices within my fraternity on campus and other honorable organizations. I work well with others and could handle the responsibilities of this office.

VICE-PRESIDENT OF FINANCE

WHY YOU THINK YOU WOULD BE GOOD FOR THIS JOB

I feel a person who can properly fulfill his or her responsibilities as Vice-President of Finance for Student Government should have a broad range of experience in the finance area. As an applicant for the position, I do have the educational background necessary, I have taken courses in accounting and finance while here at Morehead St. University. Also I have experience with finances through my fraternity. I held the office of treasurer for a period of one year, during that period of time I had experience with making a budget and dealing with a large sum of money when it came to the handling of expenses and accounts receivable. Also I am a member of Phi Beta Lambda and during my membership with that organization I held the office of Treasurer. I feel I would be a good choice for the position due to my experience with finances from outside organizations and classroom activities.

A UNIQUE QUALITY THAT YOU HAVE THAT WOULD MAKE YOU STAND OUT...

I feel my greatest quality is when it comes to dealing with people on a personal and business level. In the past I have had a lot of experience when dealing with people in numerous situations, when it comes to money, I can easily relate to their problems and work with them to find the best solution for the organization and that person. Also when it comes to being a team player, I feel I am an outstanding person when it comes to fulfilling my responsibilities and helping the group as a whole. I feel the quality that will best suit this SGA board is a person who wants to be a team player and I am excellent when it comes too that.

WHAT YOU CAN CONTRIBUTE TO STUDENT GOVERNMENT...

I feel I can contribute in many different ways; one way is that I can give a very experienced voice to the Student Government board in the sense that I been involved in so many different activities on this campus throughout my years here at MSU. Also I feel I am the kind of person that the board can put their trust in and at the same time ask me for help and they can be assured that the responsibility given to me will be accomplished. Finally, I am a very enjoyable person to be around and I feel the rest of the board will have no problems when it comes to working with me on any level of importance.
