## Clean-up, Paint-up Proclamation Let By Mayor H. Blair

### Campaign of City, Woman's Club Gets Under Way Monday Mornning

#### TRUCKS WILL CALL ON WEDNESDAY, FRIDAY

The week of April 27 to May 2 has been declared Clean-up, Paint-up and Fix-up week in Morehead by a proclamation issued by Mayor H. Blair.

The drive to "Clean the College City" is being sponsored by the municipal government and the Rowan County Woman's Club.

Several trucks will collect refuse on Wednesday and Friday. Citizens have been urged to put all their rubbish and garbage in either boxes or barrels so that the trucks may easily collect it. Mayor Blair asked that it be collected the evening before that the trucks can be missing it.

Any one needing assistance in cleaning their premises or vacant lots and alleys, may secure it without charge by calling Dennis D. Caudill, principal of the Morehead High School. The services of a group of NYA students will be used.

The Morehead clean-up campaign is in conjunction with similar drives throughout the country.

The Woman's Club and Mayor Blair have particularly stressed the Paint-up portion of the campaign. They pointed out that many homes and buildings in Morehead are badly in need of repairs and paint.

The clean-up proclamation of the Mayor appears on this page.

## Farmers Respond To Goff Meetings

### Purpose of Federal Expenditures Explained By County Agent

Farmers meetings are being held in all parts of the county in an effort to sell conservation and better farming methods. Meetings have been held recently in the following communities: Hills, Shanley, Farmers, Perkins, Ellsville, Smith, Walters, Pine Grove, Crumston, Clark, Clearfield and Minor. Meetings are to be held in the following communities before the end of April: Little Perry, Cogswell, West Cox, Poplar Grove and Christy.

The new program is getting well under way and farmer's comments indicate that it is popular with them. Since it offers assistance to them in carrying out better farm practices. Farm work should be better planned out at the County Agent's office now. Every farmer should prepare a work sheet for his farm whether he intends to cooperate or not. This step should be done at once.

R. D. Judd, acting head of the department of education at the College, was elected chairman of the Peabody Alumni Association of Kentucky at the Kentucky Educational Association meeting in Louisville last week.

## INDEPENDENT TO PUBLISH SPECIAL EDITION APRIL 28

A special edition of the Independent carrying full details of the inauguration of Dr. Harvey A. Babb as President of the Morehead State Teachers College May 5, will appear next week.

Full details of the inauguration, the principal speakers, accounts on the advancement of Morehead College, pictures of the luminaries that will participate, and a general discussion of the institution in many articles prepared by special writers for the edition will be given readers of the Independent through these columns. The special edition will be 24 pages or more in size.

A number of extra copies of this edition are being printed and sent to the Independent office.

## Babb Inauguration Features Speeches By Chandler, McVey

### Delegates From All State Colleges To Be Here For Ceremony

#### CLASSES DISMISS MAY 5

"The Sphere of the Morehead State Teachers College is the Realm of Higher Education," is the topic of the address that will be delivered by Dr. Harvey A. Babb at the inauguration ceremony of the Morehead State Teachers College on May 5.

Dr. Babb is Morehead's third president, since the institution was founded as a state school in 1923. The late Dr. Frank C. Burton served from 1923 until 1929 when he retired. He was succeeded by Dr. Howard Payne who was President until last fall. President Babb succeeded Dr. Payne in October, 1932.

The principal speakers on the program, besides President Babb, will be Dr. Frank L. McVey, President of the University of Kentucky, and Governor A. B. Chandler. William H. Reese, Secretary, State of the Court of Education, will also be present.

Dr. Henry W. Fisher, representing the State Inauguration, will preside at the inauguration.

Others who will appear on the program are Henry Noble Smith, President of the University of Georgetown College, who is scheduled to deliver the invocation; Dr. John O. Grove, President of Union College, Barboursville, Ky., who will give the benediction.

Every Kentucky College and most of the outstanding institutions of higher learning throughout the United States, are expected to have delegates at the inauguration.

## John Allen Picked As GOP Chairman

### Re-elected by Republicans As County Chairman; Mrs. Patton Picked

Rowan County republicans, in session Saturday, re-elected John Allen as County Chairman, Joe McKinney, secretary, and Dudley Cassell, treasurer. All of the nominees were re-elected after Mrs. E. D. Patton was elected chairman of women's group; Mrs. E. D. Patton, secretary; and Mrs. Ed Francis, treasurer.

The meetings of Republicans in Rowan County during the past few months, is coincident with the re-election of the state and nation as GOP forces are organizing for an assault against President Roosevelt in this fall's Presidential campaign.

"Holiday," a comedy in three acts by Phillip Barry, will be presented by the Rowan County Club of the College next Wednesday night at 8 o'clock.

The production is under the direction of Lucille Caudill and Nell Cassidy.

Advance press notices indicate that the play is one of the finest ever presented in Morehead in recent years. The "New York Post" characterizes it as "happy-go-lucky nonsense."

The cast of characters is composed of Martha Nebbett, Leon Watson, Mabel Blevins, William Toran, Thelma Carmichael, Earl Dean, Paul Holman, Margaret Robertson, David Stephens, Harold Blair, Harold Pfeiffer and Leora Hodge.

Reservations for the play are on sale at the Eagles Nest Cafe.

## Father Of Mrs. C. O. Peratt Dies At Home

Dr. Samuel Rogers, father of Mrs. C. O. Peratt of Wilson Avenue, succumbed to an illness of 6 days last Saturday at his home in Carlisle. Dr. Rogers became ill with pneumonia the preceding Sunday.

Funeral services were held at Carlisle Monday, with Dr. G. H. Perry, pastor of the Methodist Christian Church, assisting at the rites. The Masonic Lodge, of which Dr. Rogers was a member, also participated in the rites at the grave. Dr. Rogers was a member of the Christian Church.

Prof. C. O. Peratt and his daughter, Frances, attended the funeral services.

Besides Mrs. Peratt, Dr. Rogers is survived by 2 other daughters, Mrs. O. R. Gaffin of Carlisle and Mrs. T. N. Smith, New York City.

## Several Thousands of Dollars Spent By Independent Publishers This Week To Give Its Readers An Outstanding Weekly

In keeping with a policy of progress and to better serve the needs of this community, the publishers of the Independent announce with this issue the installation of many thousands of dollars worth of new equipment.

Among the equipment which is the most modern that can be purchased and is the culmination of many years of work by inventors and manufacturers of the most elaborate machines that has ever been invented; a two-revolution Century Campbell press, which is one of the largest pieces of machinery in Morehead; and a power paper-cutter, which is the most modern of its kind in Kentucky.

Readers of the Independent will note with this issue that the size of the paper has been enlarged. This new paper is 12 1/2 inches wide, the Independent uses with this issue 7 columns, 12 lines wide. This is in keeping with the new paper and is a great improvement. The columns are slightly narrower, presenting a more compact newspaper, easier to read, without loss and rapidly read.

The Independent also comes out with another innovation. The type which you are now reading is 8 point excelsior on a lead slug. Optometrists and leading eye experts were consulted before this new type was made, and they declare it is much easier to read than any other type made.

The eye strain is less and the rapidity in reading the print is much greater. Less than six months ago the Louisville Courier-Journal

and Louisville Times junked many thousands of dollars worth of linotype matrices, in order to change to this new type. The Ashland Daily Independent installed the same type less than two months ago, and practically every large daily newspaper in the country has spent thousands of dollars in changing to this type face which the Independent now gives its readers.

The same machine produces three other sizes of type, all of which may be seen on this page. The editorial and headline type are set on 10 point, on page two, throughout the paper are 10, 14 and 24 point.

The Independent's new press is capable of turning out 2500 papers an hour. The appearance of the paper will be much better in weeks, and the type is correctly adjusted in every particular which can only be done after several days of operation.

The Independent's paper is set by hand. The Independent has a large order for new type to more attractively portray advertisements and news features.

The Independent building on the Corner of Carey avenue and Railroad street is being remodeled. Officers of the Independent are in the front of the building, and many other improvements will be made.

This will not be finished until about the middle of May.

It is the aim of this newspaper to be one of Kentucky's outstanding weekly publications, and the editors invite your comparing it with the weekly newspaper in the state.

## Defer Action Today On Examining Trial For Bill Brown, 45

### Charged With Stabbing Homer Conley At Home In Tolliver Addition

#### YOUTH IS REPORTED IN CRITICAL CONDITION

Examining trial for Bill Brown, 45, of Morehead, charged in Rowan County court with the stabbing of Homer Conley, 21, Sunday, will not be held until it is determined whether Conley will die. Judge C. E. Jennings said this morning.

Brown is held in the Rowan County jail where he was placed Sunday afternoon after the stabbing. Officers said that he was apparently intoxicated when arrested, and did not seem to know at the time what he was charged with. Conley, who married the daughter by a former marriage of Brown's wife, was sick in bed at Brown's home in the Tolliver Addition when he was stabbed. Officers said that Conley said that Brown was his assailant. They were unable to reason for the stabbing, except reports there had been ill feeling between the two men for some time.

Conley was rushed to a Lexington hospital Sunday night. He is in a critical condition, although he was reported as resting better yesterday. The knife blade, which was between 4 and 5 inches long penetrated near the heart and entered one lung.

The attack happened around 5:00 o'clock Sunday afternoon.

Brown is now charged with cutting and wounding with a deadly weapon with intent to kill. The count will be changed to murder if Conley dies, Judge Jennings stated.

## Legionnaires Meet At Courthouse Here

### State and national figures of prominence in Legion work will speak here Sunday at a meeting of the 9th Kentucky District of the American Legion

The business sessions will get under way at 10:00 o'clock. At noon, the meeting will adjourn for a banquet at the Dixie Grill and will resume immediately thereafter.

Howard A. Spurlock, commander of the Corbie Ellington Post, Morehead, said today that an special effort is being made to have every ex-service man in the county present Sunday.

## Cigarette Tax Gets Through Senate By Vote of 20-18 Today

### Whiskey Tax Comes Up For Passage; Will Heavy Levy Predicted

#### 2 CENTS ON 15c PACKAGE

The Senate today passed the cigarette tax bill of Governor Chandler's by a vote of 20-18. Every member in the Senate voted for the bill, except its Governor for his signature. Its passage marked another Chandler victory, and left him without a defeat.

Senator Walker Alien Crockett from this District voted against the bill as did Senator J. M. Rose of the other end of the state.

The fourth administration tax bill to meet with Senate approval the measure providing for a daily racketeer license tax and a 15-cent tax on each racketeer admission, was passed by it yesterday by a vote of 32 to 0.

The measure, already passed by the House, now goes to the Governor for his signature. It is planned to have the bill finally enacted prior to opening of the meeting at Churchill Downs Saturday.

Senator John T. Murphy, Covington, proposed to amend the bill to give the State a 3 per cent alcohol tax betas and 15 per cent on all admissions. It was declared out of order by Lieut. Gov. Eben Johnson following con-

## Boosters Day For Subscription Drive Comes On Saturday

### Workers Urged To Make Big Reports By Saturday Night At 9 O'clock

#### CLUB VOTES TO BE CUT IN HALF NEXT WEEK

Saturday will be "Boosters Day" in the Independent's big subscription campaign, and each worker is asked to bring in at least TWO full stubs of 20 sure on that day.

A help us make "Boosters Day" should be made. If you find you cannot collect as much as two Clubs, then do the best you can. Workers should be sure to get each stub \$20 credited to the campaign office up to and including Boosters Day will draw an EXTRA 100,000 VOTES and after that date a Club is worth but half as many votes, or 50,000 for each \$20.

Contestants are now drawing Double Votes on Clubs. Never again will the enter campaign will a club draw as many credits as they will this week, and it is most certainly up to each participant to bring in high score this week.

Boosters Day and the Big Double Vote offer will be brought to a close by the end of Saturday night, April 25th. Workers wishing to make their reports in person must be in the campaign office by the end of Saturday. It will be too late to get their report in on this special offer.

Workers living in the county will have the privilege of mailing their reports of their respective postoffice by the closing hour Saturday and they will be accepted by the campaign department provided the postal cancellation dates show such reports to have been mailed on time.

This week sees the real beginning of the Independent's splendid awards the Independent is offering in its county-wide circulation campaign, and the list of those who have entered is printed in this issue. An examination of this list shows there will be plenty of activity in the race for the prizes. It is hoped that the individuals making the best record

will be the best worker remains to be seen. Only those who expect to work regularly according to instructions furnished by the campaign department can hope to win one of the prizes.

Our list of candidates assures us that there will be plenty of activity in the race for the car and the other valuable prizes.

## Regular Reports

Each worker will do well to remember that by reporting three times a week, you will gain 15,000 EXTRA votes. Reporting often is necessary for us to post the new names on our mailing list, which gives greater satisfaction to our readers, and also makes extra votes for those competing.

Those failing to make their first report by Saturday will be dropped from the list entirely. There

## Announce Exam To Select Carrier

### Civil Service Test Scheduled For Rural Route Via Farmers

Receipt of applications for mail carrier on the Bluegrass-Farmers-Sharkey and Hills route which has been established in this county by the U. S. Post Office, is due Saturday, April 26, at the County Clerk's office, Morehead.

The examination to determine the carrier on this route will be held at Morehead on a date to be announced. The examination has been received. A slight preference is given those who have had military or naval service, or who are widows of a veteran.

The examination is open to both men and women.

The salary is \$1,800 per year, plus an allowance of 5 cents per mile on the basis of daily mileage schedule for maintenance of equipment. If the route is over 30 mile per year an additional \$20 per mile per annum additional to the regular salary.

An eligible register for the position will be taken at application for each post office where rural carriers are employed. A rural carrier after six months' satisfactory service will be promoted.

## Breck Student Wins Clean-up Slogan

"Citizens Give Morehead Its Spring Cleaning," was the slogan written by Mary McCune, a high school student in the Breckinridge Training School, which was the first prize of two dollars offered by the Rowan County Woman's Club on the eve of the Clean-up and paint-up campaign.

Second prize of one dollar was won by Ruby Hodge, a Junior in the Morehead City High School. Her slogan, "Clean the College City," was written in the Government class of D. D. Caudill.

Identical prizes will be awarded for the best and second best essay on, "Cleaning-Up Morehead."

## Officers Conspicuous Two Stills In Arrests

The force of Sheriff Mort May and Revenue Officers Sandlin and Belvins, raiding in Rowan County this week, arrested 20 jangle and 200 yards of manufactured whiskey illegally confiscated 3 moonshine stills and destroyed several barrels of mash.

The first day's raiding resulted in the confiscating of a still near the Bath line and one arrested by the Sheriff. The officers made one arrest and destroyed 3 barrels of mash beer in the Tar Flat section, yesterday, in the same neighborhood.

Another still was found where a still had been hastily moved, and destroyed 2 barrels of mash.

## Independent Buys Model '8' Linotype

### Newspaper. Installs Latest Type Composing Equipment In Plant

The Independent has purchased a new model '8' Linotype machine, the latest in the line of mechanical marvels of the printing press to serve efficiently the large number of persons who look to the Independent for entertainment and amusement, and who patronize its commercial printing department.

The rapidly increasing circulation of the Morehead Independent, together with the desire of the publishers to place at the command of advertisers and others the highest grade of typography, induced them to secure a fine composing machine for the quick and accurate and pleasing presentation of the day and the production of superior commercial printing.

The new Linotype enables the Independent to set by machine many forms of composition that previously necessitated tedious work by hand. The Independent now carries a large stock of type consisting of correct type faces in many different sizes, and the change from one size to another is very quick and easy. A high rate of speed of the versatile operator—whose hand is made famous by the Mergenthaler Linotype Company as "the hand that keeps the world informed"—produces line after line of the sort

PRESIDENT BABB'S INAUGURATION

On May 5, the Morehead State Teachers College will induct into the office of President a new man—Professor Harvey A. Babb. Dignitaries from all sections of Kentucky and many spots in the nation will be here for the impressive inaugural ceremonies.

President Babb has spent his entire life in the field of education. He has been teacher, coach, principal and superintendent. His record is one of honesty, integrity, and his background is broad enough to virtually assure his success at the Morehead institution.

The inauguration furnishes Moreheadians and Eastern Kentuckians to hear addresses by the leading educators in statesmen in Kentucky. It is an opportunity that none of us should pass by. Included on the speaking program are Governor Chandler, President Frank L. McVey of the University of Kentucky, Superintendent of Public Instruction Harry W. Peters, President Babb, and many others.

HELP CLEAN-UP

In keeping with its policy of progress and advancement, the City of Morehead through its Mayor Harlan Blair, in cooperation with the Women's Club have designated Clean-up days for the city.

This is a worthy effort, and one in which every citizen should respond by doing his part. It is needless to say there are many unsightly places in the city, and it is these that principally need cleaning up.

Flies, mosquitos and other insects find a breeding place in dirty spots. It is a good one now to eradicate much of this, and thereby guarantee better health for all of us during the warmer months to come.

It is an admirable movement on the part of the Women's Clubs, and should be made at least a yearly program. "Let us Clean Up the College City," was one of the slogans emitted from the graded schools. That carries much thought, for Morehead, with one of the largest institutions in the state located here drawing men and women from every section, should make an even greater effort than most cities to put on a real Clean-up and Paint-up program.

POT A CANDIDATE—PRESENTLY

Continued reports in G. O. P. circles that Mrs. Ethel Ellington will be a candidate on the Republican ticket for United States Congressman are apparently based on little fact or truth. Mrs. Ellington died this week that so far as she knew, she would not be a candidate.

In her race for State Senator, which she lost after almost overcoming almost insurmountable barriers, has made the Morehead woman a public politician in this section of the state.

DECORATIONS FOR LEGIONNAIRES

Decorations from all parts of eastern Kentucky will gather here Sunday afternoon for an important business session. The local Legion Post is making a determined effort to have every member of the Legion in Rowan county present at this meeting. It is the ex-servicemen to make a good showing in numbers in excess of any post present.

The World War has been over for more than one year, but it has been one of America's strongest and most formidable institutions. It numbers its strength by the millions, and it is now being re-energized by getting the Bonus Bill enacted. It was opposed by the Administration.

It is suggested that Morehead Legion Post flags out Sunday and Monday, the visiting Legionnaire. They will be given the proper attention and it appears that the merchants will be glad to give them the proper attention.

ALWAYS THIS CLASS OF PEOPLE

Enough public works are now going on in Morehead and Rowan County to provide every worth-while citizen, who has been unemployed and desires to work, a job.

However, in every community there is always a certain class of people that never find work, because they don't want work. They are continually remonstrating hard times, and knocking somebody for getting a job that they should have. No matter how much public works or any other kind of employment is open, they will remain unemployed. It is lamentable that this situation exists, but it will always be found there is a certain class that feels the world owes them a living.

EDITORIAL COLUMNS ARE CONSTRUCTIVE

The Independent, this week, changes the style of its editorial columns. Instead of the type being set 2 columns wide, beginning with this issue, the editorials are to be one and one-half columns wide. Hence, the sayings of other Kentucky editors will be found in this space.

It is the intention of the editors of the Independent to constructively suggest, and to honestly make Morehead and Rowan County a better place to live and an improved place to do business through the editorial columns.

It is not the intention of the Independent to engage in any political warfare through the editorial columns; neither is it the policy of this newspaper to destructively criticize even though the publishers view-point may be at a variance of opinion.

The alphabetical agencies of the government, particularly P. W. A., F. E. R. A., and W. P. A., have caused a great deal of confusion in regard to their functions. The Works Progress Administration (WPA) is not a successor to the Public Works Administration (PWA), as many have misinterpreted. Rather it is provided for in a section of the Emergency Relief Appropriation Act of 1935 to succeed the Federal Emergency Relief Administration. On the other hand, PWA was created under the National Industrial Recovery Act of 1933 (since declared unconstitutional by the U. S. Supreme Court) to make loans and grants for public works of the heavy type, requiring expensive materials and skilled labor.

The bugs and insects, perhaps, appreciate spring gardeners most, unless it is the seed salsmen.

All work and no play makes Jack a dull boy. But all play and no work makes Jack another number on relief roll.

Spring is just around the corner—but what corner.

WHAT OTHER KENTUCKY EDITORS ARE SAYING

IT IS MY HOME TOWN AND I AM PART OF IT

The following editorial was presented to us by a City Council member of Morehead and we are grateful to him, because these few words are very explicit in determining what we should strive to be:

"My town is the place where my home is founded; where my business is situated and where my vote is cast; where my children are educated, where my neighbors dwell and where my life is chiefly lived. It is the home spot for me.

"My town has the right to my civic loyalty. It supports me and I should support its interests. My town wants my citizenship, not my partisanship; my friendliness, not my dissension; my sympathy, not my criticism; my intelligence, not my indifference. My town supplies me with protection, trade, friends, education, schools, churches, and the right to free moral American citizenship.

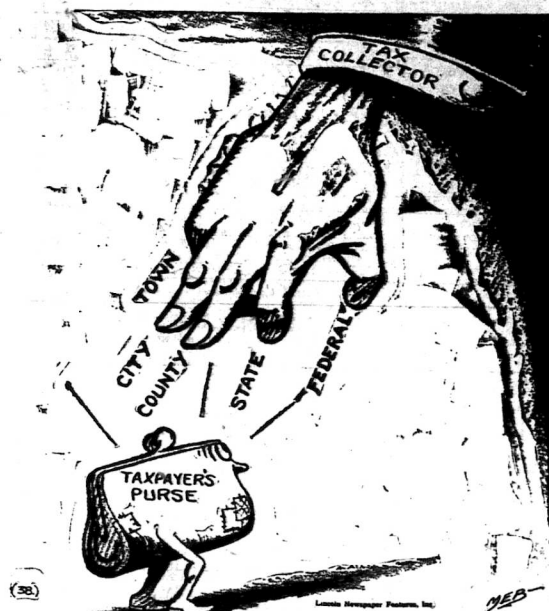

"It has some things that are better than others; the best things I should seek to make better, the worst things I should help to reduce. Take it all-in-all, it is my town, and it is entitled to the best there is in me." —(Morrison (Ark.) Democrat).

HELP CLEAN UP

A little more than three years ago the banks of the United States were closed and Today the banks of the country are open and it might be well to check up on a few figures.

When the bank holiday began in 1933, the total money in circulation was \$7,583,000,000 and monetary gold stocks were down to \$4,245,000,000. Today the monetary gold stocks have passed the money in circulation of the Federal Reserve System owed \$1,414,000,000. Today the monetary gold stocks, \$5,775,000,000. Three years ago the banks of the Federal Reserve System owed \$1,414,000,000 to the Reserve Banks and their resources were \$1,776,000,000. Today they owe nothing and their reserves are \$5,839,000,000 of which more than half is surplus reserve.—(Meridian County Enterprise).

Spring Plantings Jump Crop Loans

Loans for New Crops Begin to Flow County Supervisor

By CLARENCE W. COBB Rural Rehabilitation Supervisor Rehabilitation loan activities of the Resettlement Administration, which have shown a marked increase each week since the first advances for spring plantings were made some three months ago, shot to new heights Saturday when 32 new loans were made for the month.

"These loans are being made for seed, fertilizer, livestock equipment and other supplies needed for making a crop, to farm families in Rowan, Carter and Elliott counties, deemed eligible for rehabilitation-in-place," said Mr. Cobb, Rural Rehabilitation Supervisor for these counties in making the above announcement.

Each farm family granted a rehabilitation-in-place loan voluntarily agrees to follow approved farm and home management plans worked out by the aid of the County Rural Rehabilitation Supervisors in cooperation with the County Farm Agent. Plans for food and feed, including a garden, to meet the needs of the family are stipulated, as well as money crops, the supervisor said.

"We feel that every rehabilitation loan made opens the gate of opportunity to some stranded farmer, who denied such credit, would be deprived of a chance to get on his feet again. However, we must be assured before advancing a loan that the family has suitable land, that sound farm plans are provided and that the loan and supervision extended will provide an opportunity for the family to keep off of relief and return to the Government for the loan extended.

Responsibility for the selection of families is placed in the hands of voluntary County Advisory Committees, who have a practical knowledge of local conditions, and are better able than anyone else to make the selection. In passing upon the qualifications, credit needs, and character and willingness to work are considered. Usually the financial client has no tangible asset but if it is considered that he will respond well to supervision he is accepted on the basis that the farm and home plan supervisor that can be given him plus his willingness to work will justify his selection. If these things are good, Rehabilitation-in-place clients who are new tenants may become eligible for homes of their own, as worthy tenants are considered for farm and home plan of the Resettlement Administration program.

GUILTY OR NOT GUILTY!

"My gate!" J. M. Clayton, genial proprietor of the Eagles Nest, exclaimed this week upon sighting his wooden portal, since a Hallowe'en raid on his premises, included against the college power plant. Mr. Clayton had virtually forgotten the theft, and quite given the gate up as lost when he observed it while driving on the college boulevard.

'Woman Trap' Will Open Cozy Sunday

TOO ARDUOUS STUNT WORK. Gertrude Michael claims that in "Woman Trap," she achieved enough hair-raising thrill-packed adventures to fill an action magazine from cover to cover.

Among the stunts required of her in this Paramount drama which opens next Sunday at the Cozy Theater were: Hanging onto the half-submerged pontoon of a seaplane as it rides a choppy sea; balancing herself precariously on the slippery deck of a speeding motor boat; letting herself be thrown from plunging horse; walking over rocks—twice; being manhandled by a gang of murderous bandits.

After these events, Gertrude decided she was ready for a rest cure.

"I owed it to myself," the film actress says. "All my bones ached. My muscles were stiff. Every fibre in my being craved for a rest cure."

Conduct Funeral For Mrs. Fisher

Mrs. Elizabeth Fisher died at the home of her daughter, Mrs. Dennis Hall on Sunday night, April 12, after a long illness. She was 87 years old, was a faithful member of the Primitive Baptist church for many years and was loved and respected by all who knew her.

She is survived by four daughters and one son, Mr. Ira Fisher, Haldeman; Mrs. Mary Ann Frazer, Ashland; Mrs. Vergie Blevins, Cranston; Mrs. Nora Blevins, Cranston; Mrs. Cornelia Hall, Triplett. Also several grand children and great grand children.

Funeral services were conducted by Elders G. W. Hall and A. L. Tackett at the home of Mr. and Mrs. Dennis Hall on Tuesday, April 14 and the remains laid to rest in the Hogue cemetery.

Lexington, Ky. reports increase of about 46 per cent in annual of building permits first three months of 1936 as compared with same period in 1935.

### Eddie Cantor At College Sunday

"Strike Me Pink" Casts Eddie As Meek Amusement Park Manager

Eddie Cantor is let loose in a gigantic amusement park in "Strike Me Pink," his sixth annual musical extravaganza for Samuel Goldwyn which comes to the College Theater Friday. Eddie is cast as a timid fellow who takes a correspondence course in acquiring a dominating personality and becomes manager of Dreamland Amusement Park. Here he becomes involved with a gang of slot machine racketeers who have put gags previous manager on the spot. The gangsters learn that Eddie secretly adores a glamorous night club star, played by Ethel Merman. The lady is really the wife of one of their number and they use her as a "come-on" to trick Eddie into installing their fake slot machines.

Sally Eilers, seen as Eddie's Dreamland sweetheart; Harry Parke, better known as the Greek dialectician Pukyarkarkus of radio fame; William Frawley and the 1936 crop of Goldwyn Girls are featured beside Ethel Merman in the comedy which Norman Taurog directed. Also prominent in the cast are Helen Lowell, Gordon Jones, Brian Donlevy, Jack LaRue, Sunnie O'Dea, and Rita Rio.

"Strike Me Pink" is based on Clarence Budington Kelland's Saturday Evening Post story and novel, "Dreamland." Frank Butler, Walter De Leon and Francis Martin collaborated on the adaptation and screen play. Harold Arlen and Lew Brown wrote the music and lyrics and Robert Alton directed the dances and ensembles. The dance numbers were photographed by Gregg Toland. The tuneful new song hits introduced in the film include "First You Have Me High, Then You Have Me Low," "The Lady Dances," "The Calabash Pipe" and "Shake It Off."

"Strike Me Pink" is released through United Artists.

#### COGHLAN BYAK OF SCHOOL-DAYS FILM

"The Little Red Schoolhouse," the Chesterfield picture which comes to the College Theater Sunday, presents a sincere and poignant problem of the adolescent schoolboy. It tells the story of Frank Coghlan, a role played by Frank Coghlan, Jr. Young Frank can not see the value of an education. He feels that he is misunderstood by his schoolmaster and made the butt of the teacher's abuse. He rebels constantly at being pent up in a classroom

and longs to get started on some remunerative enterprise. He feels that he should assume the duties of a full-fledged dman even though he is just boasting his first pair of "longies."

Frank runs away from home and school, and, although he writes encouraging letters about his success to his sister played by Ann Doran, he is really feeling the pangs of dire loneliness and is face to face with starvation. Too proud to admit defeat, he trudges on and becomes a "boy of the road," that is to say a tramp. Frank's plight is the plight of hundreds of boys each year, and consequently, "The Little Red Schoolhouse" will be keenly appreciated by all parents who have youngsters bordering on, or in, their teens. It is reported that "Charlie" Lamont has directed his new film with great tenderness and understanding.

#### REHABILITATION LOANS SHOW MARKED INCREASE

Rehabilitation loan activities of the Resettlement Administration, which have shown a marked increase each week since the first advances for spring plantings were made three months ago, shot to new heights Saturday when \$2 new loans were made for the month.

"These loans are being made for seed, fertilizer, livestock, equipment and other supplies needed for making a crop, to farm families in Rowan, Carter and Elliott Counties, deemed eligible for rehabilitation in place," declared Clarence Cobb, Rural Rehabilitation supervisor.

Each farm family granted a rehabilitation-in-place loan voluntarily agrees to follow approved farm and home management plans worked out with the aid of the supervisors in cooperation with the county farm agent.

Responsibility for the selection of families is placed in the hands of voluntary county advisory committees, which have a practical knowledge of local conditions, and are better able to make the selections. In passing upon the qualifications, not only need, but character and willingness to work are considered. Usually the rehabilitation client has no tangible asset but if it considered that he will respond well to supervision, he is accepted on the basis that the farm and home plan supervision will justify his selection.

Rehabilitation clients who are acceptable will be eligible for homes under the Rural Resettlement Administration.

This Means A  
**BIG CUT IN VOTES**  
CLUB VOTES TAKE A 50 PER CENT DROP AFTER THAT HOUR

### HOW ABOUT IT, SUBSCRIBER?

WHEN ONE OF THE FAITHFUL WORKERS FOR YOUR HOME PAPER HAS CALLED ON YOU FOR HELP IN THE CAMPAIGN WHICH YOU CAN ONLY GIVE WITH A SUBSCRIPTION, HAVE YOU SAID:

- "You'll have to see my wife, she attends to that sort of thing..."
- "Come around and see me just before the close of the campaign..."
- "I would like to see you win one, but I am paid up in advance now..."
- "I am taking more papers now than I get time to read..."
- "I'd give you a subscription if I knew you would win..."

If you have given an excuse, any of these or others, INSTEAD OF A SUBSCRIPTION, are you TREATING YOUR FRIENDS RIGHT? You are either for them or against them. There is no such thing as good wishes, kind words, excuses or promises mean nothing more than you have turned your back on a friend. If you want to see YOUR CANDIDATE WIN, YOU MUST SAY IT WITH SUBSCRIPTIONS! And Remember, you can pay as much as FIVE YEARS in advance.

### What Our Subscribers Buy

WHAT IS IT you buy when you buy a newspaper? You buy progress and population for your city and county.

You buy news of your friends, it is your personal touch with the things in which you are most vitally interested.

But it is more than that. You are making an investment in the moulthropiece of your community.

The community is judged by the excellence of its newspaper, and this excellence depends almost entirely upon the support it receives. Circulation is its life blood. It cannot be a healthy publication nor can it function efficiently if it is deficient in circulation.

The Independent is straining every nerve to make its circulation as nearly one hundred per cent in the

community as possible.

A GROUP of earnest people are now working hard to win one of the prizes offered by this paper. Some one will win a new car or \$500.00 in cash.

What are you willing to do, reader, to assure success to these workers?

The community at large and the business men of Morehead will be the main beneficiaries of this campaign. By increasing the number of our readers, the Independent will be able to serve the community with more effectiveness and be a more reliable medium in which business men will make their offerings.

The benefits to the publisher will be merely incidental, compared with the benefits to the community and business interests.

Christian Church Has Good Turn-out

Robert Humphrey's Division Takes Lead in Attendance

Last Sunday, in spite of vacation period, was a good day at the First Christian church. The division leaders in the campaign made, as usual, good reports. The Bible school had a good attendance. There were two confessions at the morning service at the close of the Bible school hour.

The night combined service beginning at 6:30 o'clock was an interest service. Elijah Hogge, was the leader for the young people. Upon count it was found that Robert Humphrey's division was in the lead in count of attendance.

Next Sunday closes the contest for attendance. As the conclusion of the service Doctor Fern immersed eight candidates. There have been additions to the church right along month after month.

Next Sunday is to be another good day. Only three more Sundays remain for the financial campaign that has been going so splendidly and making such a great record.

Dailey Discusses Present Setup of Rehabilitation

By JOSEPH L. DAILEY Assistant Administrator, Resettlement Administration

The economic depression upset and disproved many of the traditional beliefs of the American people. One of the strongest of these was the notion that farming could always be depended upon to furnish food and shelter.

This comfortable theory was exploded when over a million farm families applied for relief because the bread-winner was ill and good-for-nothing. We all had to recognize the fact that many families were ruined through no fault of their own.

We cannot place the blame for the plight of these million farm families on relief and the hundreds of others on the border line of subsistence on any single cause. It was the result of generations of farming on land not capable of furnishing a livelihood, of low prices for farm products, of heavy debt incurred when farming was more profitable, of farming on the one cash crop plan, and of natural catastrophes which had destroyed homes and farms.

For two years a million farm families were kept from starvation by government relief. Relief cannot be the permanent solution. We all had to recognize the fact that many families were ruined through no fault of their own.

No one could seriously exist without the minimum of system which hundreds of thousands of families would be forced to maintain their standard of living on this low subsistence level. These farmers whom the emergency relief measures had bided over in the darkest days of depression needed and wanted an opportunity to stand on their feet.

Remembering the causes that had driven farmers to ask for relief, the Resettlement Administration undertook a rehabilitation program to furnish farmers with aid and guidance in order that they might be permanently self-supporting.

Editor's Note—Experience has taught the government that it is more practical, economical and conducive to good citizenship to help distressed farmers themselves by eliminating some of the causes that forced them on relief. How the Resettlement Administration is aiding such farm families of the region get a new start is described by Joseph L. Dailey, Assistant Administrator, in a series of three articles giving a clear explanation of the rural rehabilitation program. The series was presented to this newspaper by Mr. Clarence W. Cobb, rehabilitation supervisor.

Murray, Tennessee Poly On Teachers Grid Card This Year

### FULL CARD COMPLETED

Cocher G. D. Downing of Morehead College announced today that two new teams—Tennessee Poly-technic of Cookeville, Tenn., and Murray had been added to the Eagles football schedule for this fall. Morehead has never met Tennessee Poly in any sport, but has played Murray in basketball and baseball.

The Morehead schedule calls for seven games, five of which will be played here at Jayne Memorial stadium.

The prospects at Morehead are much improved for this fall, with most of last season's varsity eleven returning, and a full squad of freshmen, who lost only to the University of Kentucky coming up. Among the members of the

## Work Sheets For Farmers Arrive

Soil Conservation and Allotment Act work sheets have arrived and farmers intending to receive benefit payments for crop reduction are advised to call for the forms at the County Agent's office. C. L. Goff assisted this week. No contract will be signed until after attested compliance with the federal regulations.

The tobacco base is that established for 1936-37 under the recent Agricultural Adjustment Act, or in the case of a nonsigner the such adjustments as the local committee may make. For other crops the base is the acreage grown in 1935, adjusted by the local agency.

Explanation to forms and work sheets are being given by the County Agent at various points in the county and by the clerical force of the office in the courthouse.

Under the terms of the act, 30 per cent of the acreage formerly planted in soil-depleting crops may be changed to soil-building plants with a maximum benefit payment of \$1 per acre. A farmer who has a soil-depleting base of 100 acres, and therefore could be paid for shifting up to 15 per cent of that base would need to have at least 15 acres in soil-conserving crops.

The only exception to the above rule is in the case of tobacco and cotton growers who would not be required to transfer as much land to soil-building crops.

Harrodsburg, Mercer county, Ky., reports intense activity in new construction with thousands of dollars expended in building homes, business houses, water, houses, barns, garages, etc. New hotel being erected at Herrington Lake.

### LAY PLANS FOR TEAMS

Roy Holbrook, former mentor at Morehead High School and Breckinridge Training School, will be coach at Morehead High, starting in September, Roy E. Cornette, Superintendent of Schools said this morning.

Holbrook was employed at last week's meeting of the Board of Education, but his duties were not immediately determined, and it was not known today whether he would direct the athletic destinies of the Viking institution.

Holbrook enters Morehead High with considerable rebuilding to do, since athletics there have been at a low ebb during the past 2 years. The football team has won a game in the past 2 seasons, and the sport was temporarily discontinued last fall, as there were not enough boys out for the team to provide enough substitutes. In 1934-35 the basketball team did not win a game, but their record was some better the past season.

The Vikings enjoyed remarkable success while Holbrook was a coach. In four years competition in the Little 8 Conference they won 25 football games, lost 3 and tied 2. In basketball they won the Little 8 two of the four years, and were never lower than second in either football or basketball. Holbrook has won 3 District basketball championships in his coaching career, and was runner-up title came when he coached at Breckinridge High.

## Substantial Gains Made In Easter Trade

Reports to the Department of Commerce from 33 cities just received by its Louisville District Office evidence of substantial gains in Easter trade compared with the pre-Easter buying last year. New York reported that pre-Easter business in department

## Every S.I.A.A. Five May Meet Eagles

With most of the basketball schedule for the 1936-37 season at Morehead College completed, Coach G. D. Downing said today that the Teachers will play only Kentucky S. I. A. A. teams, and he hopes to meet all of the other 10 member schools of the conference.

Morehead will play home and home games with Transylvania, Georgetown, Eastern Union, Berea, Louisville, Centre, Kentucky Wesleyan, and possibly one game with Murray and Western.

In previous years Morehead has played all of these clubs, but only met Western in tournament play. The Hilltoppers eliminated Morehead in every K. I. A. C. tournament the Eagles have participated in.

stores was about 15% ahead of last year and reached the highest levels since early in the depression. Chicago reported that department store shoppers in downtown streets were like the crowd of Christmas season with Easter buying said to be some 15% ahead of last year. The National Confectioners Association reported an increase of 15 to 20% in sales of Easter candy over last year.

Louisville reported that retail buying continues generally ahead of sales same period year ago. Wholesale trade continues generally strong with groceries, dry goods and clothing in lead. Retail stocks considerably depleted. Output of whiskey, tobacco and shoes continues to increase to marked degree.

National Unemployment Service reports 681 placements in positions decrease of 43.5 per cent over previous week; marked increase shown in figures for month of March, total placements numbering 3,690, gain of 91.7 per cent over February figure and 115 per cent above figure for March year ago; of total placements, 852 in private employment, 2,209 on public works and 629 on War program jobs at security wages. Private placement figures represent 103.3 per cent increase over previous month.

Very slight damage to early plants reported as result of heavy frost. Deliveries of tobacco in Western Dark-Bird district continue to decline due to 85 to 90 per cent of crop having been marketed; deliveries in Eastern district continue about same.

Owensboro, Ky., on border of Dark and Bird districts reports closing of loose leaf markets, Dark sales having averaged \$7.91 per hundred pounds, and 12.91 per \$17.88 per hundred pounds. Dark sales exceeded Birdy sales in volume about two to one.

## Pirates To Put Strong Team On Field For Tilt

Flemingsburg Club Strongest That Half's Boys Ever Collected

### GAME STARTS AT 2:30

Two Kentucky State League baseball teams will get a week's jump on the other members Sunday when Morehead and Flemingsburg meet in an exhibition game at Cooper Park in Flemingsburg—a week ahead of the official opening of the loop.

Morehead and Flemingsburg were scheduled to play last Sunday, but the game was postponed a week because of cold weather.

Both clubs have perhaps the strongest roster of players they have ever assembled. Flemingsburg's team consists principally of Ohio players, most of them coming from Portsmouth and vicinity, while Morehead will depend on its big 3 of former years—Lawrence Fraley, "Duck" Carter and Claude Clayton, plus a group of Morehead College athletes.

Included in the Flemingsburg lineup are U. Baker, Plymale, Kline, Hauch, Martin and Craycraft—all of whom performed for the Flemers when that club won the first half panter in the league. In addition to these men, the club will have H. Baker, formerly with Minneapolis; Roush and Keatley of the old Maysville Selects; and Smith, a newcomer in the league, who will manage the club on the field.

Besides Fraley, Clayton and Carter, the Pirates lineup includes Woodson Dale, Luther Varney, Jarrell Vinson, Reb McKenzie, Finkley Jones, Dave Leslie, Tommy Jones and Stanley Arzuen.

Leslie of Morehead and Plymale are the probable hurlers. Both have seen considerable service in Kentucky State League play.

In addition is managed by Dan Parker and Flemingsburg by Tom Hall.

Toledo, O., man bought 300-acre thoroughbred horse farm in Bourbon county, Ky., from John T. Ireland, prominent breeder.

Intense activity is being shown in real estate sales in Louisville, building lost and small homes being in much demand. One company reports sale of 41 residential properties since March 1, for \$217,300.

DON'T WAIT

When I quit this mortal show, And moan 'round the earth no more, Don't weep don't sigh, don't sob— I may have struck a better job. Don't go and buy a large bouquet For which you'll find it hard to pay; Don't mope around and feel all blue— I may be better off than you. Don't tell the folks I was a saint, Or any old thing I ain't. If you have jam like to spread, Please hand it out before I'm dead. If you have roses, bless your soul, Just pin one on my button-hole, While I'm alive and well today. Independent Buys New Linotype

(Continued from Page One) of composition desired. This installation is a testimonial of the progressiveness of Morehead and vicinity. And that the good people of the community are duly appreciative of this newsworthy effort of printing in all departments of the printing business is manifested by the many compliments received from individual patrons since the arrival of the new machine. Besides enabling the operator to set various faces and sizes of type, the new Linotype makes it possible for him to produce the rules and dashes and borders used in various advertisements in such issue of this publication. When employed in the composing of advertisements, newspaper headings, booklets, catalogs, and in many other kinds of printed matter, the new machine enables one operator to set in the same time more type than ordinarily could be produced by five or six men or women doing the work by hand—and the composition is incomparably better.

While for a long time the Independent has received the patronage of a host of subscribers, advertisers, and printing buyers from this publication, when forward to the handling of an even greater volume of business now that it is qualified to render the sort of service most to be desired.

It has been this newspaper's aim to present the news of the day without fear or favor, and to reflect faithfully the ideals and ambitions of its constituents; and it shall continue to devote its talents and resources to the fulfilling of this aim. And of great help in the carrying out of this purpose will be the new Linotype.
