PROSPECTS FOR INCREASING THE SUBSCRIPTIONS TO THE "KENTUCKY WHIG." THE establishment of "The Kentucky Whig" in Flemingsburg, Fleming county, has been recently purchased...

ANCIENT BELLES. In 1607, one Wilkinson published a sermon on Prov. xxxi. 11. In which he says, "The strength her-foot from down." It contains the following passage: "But of all qualities, a woman must not have one quality of a ship, and that is too much giggling."

FACTS ARE INCONTROVERTIBLE. AND it is a fact that "The Columbian Restorative for Hearing" prepared by Dr. BROWN, has cured more persons of Deafness, in various parts of the U. S. (as far as the certificates will show) than any other medicine combined that the proprietor ever heard of...

AN ORATORICAL WITNESS. The following very amusing scene took place at the Police Court on the 14th inst. Two men being placed at the bar, the case against them being thus stated: Witness—I was going down the street St. James, when I perceived a stranger leaning against the rails of the hospital, rather the more for liquor. Two persons were supporting him, one on the right the other on the left. When they saw me they went away suddenly.

MISCELLANY. Advantage of Sound Religion.—Whatever complaints we may make with regard to those defects in government, which seem extremely difficult in our corrupt state of remedy, we know from experience that the establishment of the regular clergy, as an order of men devoted to religion, is attended with many and great advantages.

American Boys.—An American of ten or twelve years of age is as much of a young man as a European at sixteen, and when arrived at that age, he is as useful in business, and as much to be relied on, as a German of twenty-four or a Frenchman at fifty.

of the United States, in the month of January, in the year of our Lord one thousand eight hundred and thirty-seven, and adopt a resolution, whereby it was ordered that all petitions, memorials, resolutions, propositions, or papers, relating in any way, or to any extent whatever, to the subject of slavery, or to the abolition of slavery, without being either printed or typed, should be laid on the table, and that no further action whatever should be taken thereon, in any committee of the House, or in any committee of the whole, or in any other proceeding, which is adopted as a standing order of the present House of Representatives, the petitions of a large number of people of this commonwealth praying for the removal of a great social, moral and political evil, have been slighted and contemned therefore.

Resolved that the resolution above named is an assumption of power and authority, at variance with the spirit and intent of Constitution of the United States, and injurious to the cause of freedom and free institutions; that it does violence to the inherent and inalienable rights of man; and that it tends essentially to impair the fundamental principles of natural justice, and natural law, which are antecedent to any written constitutions of government, independent of them all and essential to the security of freedom in a State.

Resolved, That our Senators and Representatives in Congress, in maintaining and advocating the full right of petition have entitled themselves to the cordial approbation of this commonwealth.

Resolved, That Congress, having exclusive legislation in the District of Columbia, possesses the right to abolish slavery in the said District, and that its exercise should be only restrained by a regard to public good.

The New Orleans Courier of the 24th ult. notices the fact that there had been no arrivals there from Vera Cruz or Matamoros since the 8th February, and says, the general supposition is that our vessels were detained by the Mexican authorities. It is added that there were fifteen American vessels in the port of Matamoros.

**MR. WILLIAMS, THE OCEANIST.**

From the Washington U. States Telegraph.

The trials of Dr. Williams, Oceanist, has terminated. The worthy faculty went out for wood, but came home short; they commenced prosecution against Dr. Williams, which ended in the death of the pro-seceding judge which instituted them. Dr. Williams was acquitted of all the charges alleged against him. So has this matter ended. It appears to be the opinion of an independent American jury, that the people who take care of their own health and pocket, that even if they cannot, they at least, are of the opinion that the learned medical fraternity, already sufficiently overburdened by the vast weight of their own science and multiplied duties, shall not have been imposed upon them of taking care of the health and the money of the community.

To Mr. Williams, the Oceanist, at Charleston, South Carolina.

Dear Sir—I feel myself at liberty to propose to you the free use of the Episcopal Church; in Cumberland street, from one to two o'clock, for the purpose of evincing your benevolence to the poor who are unable to reward you for benefits received. You have my sincerest wishes and prayers for the blessing of Almighty God, on all your well meant endeavors and labors of love. Very affectionately, B. ENGLISH, Minister.

Mr. Williams, the Oceanist, authorizes the Ministers of the Quistian denomination of this city, to deliver certificates to all the indigent belonging to their different churches, who are afflicted with rheumatism, dropsy, eye-ail, and who are at liberty to apply to him every day, (except the Sabbath), at one o'clock, at the above mentioned church, where he will receive them gratis, until the end of February, when he leaves for Georgia, where he intends to remain till the 1st of March, when he leaves for Montgomery, to remain one week only, on his way to New Orleans, where he is advised not to remain longer than the month of April, therefore to leave New Orleans on the 1st of May, to visit the Falls of Niagara.

Persons in easy circumstances may contribute him, by any part of the world, by retaining the sum by letter, post paid, for his services no other.

Charleston, Feb. 22.

The Editors of all the newspapers in the States of Georgia, Florida, Alabama, Mississippi, Tennessee and Kentucky, are requested to copy the above three small articles in small print, amongst the news, once in all the town and county papers, and to send Mr. Williams, the Oceanist, at New Orleans, a paper containing the same, with the charge marked on the margin, which he will take care to pay.

**MARRIED**, on Tuesday last, by Rev. Benjamin Northcutt, Mr. JAMES P. FAY, to Miss LUCINDA PIERCE, all of this county.

**DIED**, in this county, very suddenly, on Tuesday last, James Grizzle, formerly of Philadelphia, in the 45th year of his age.

We are authorized to announce JOHN WILLIAMS, as a candidate for a seat in the next House of Delegates of this State, December 9, 1836.

**THE** partnership of Drs. Andrews and Anderson, in this city dissolved by mutual consent. Both the debtors and creditors of the firm are desired to make settlement. To Dr. Anderson will continue the practice of Medicine.

Flemingburg, 12th April, 1837.

**TO THE SUBSCRIBERS TO THE TRANSCONTINENTAL JOURNAL OF MEDICINE.**

GENTLEMEN, we would say that all who are in arrears for the 7th, 8th and 9th vols., in Virginia, the Carolinas, Georgia, Florida, Alabama and the States north and west of the Ohio and Mississippi rivers, unless payment be made before the 1st day of July, 1837, will be considered as declining to be any longer connected with the publication, and for deemed patrons of the Journal, who will account for such arrears as will accompany the forthcoming 1st No. of Vol. X, and a prompt return by mail or otherwise, of the amount they can 1st most respectfully request of the subscribers. We have incurred large additional expense to increase the value of the work; depending on the justice of the liberal and learned profession, whose interests it is our design to promote. We trust, therefore, that call for the needful will not be disregarded.

J. CLARKE & CO.  
Lexington, Ky., March 30th, 1837.

**FOX SPONGES.**

White and Black Sulphur, Charcoal and Free Stone.

THE LADY'S BOOK is published in the county of Fleming Ky. 10 miles from Flemingsburg and 20 from Mayville and surrounded by the most romantic scenery perhaps in the world. Nature appearing in its most beautiful and sublime aspect, which to bestow peculiar beauties upon it, which the strength of Omnipotence; throwing around it many rocks and towering mountains; clothing them at the same time with the mantle of the snow, which in winter breeze that sweep their summit is fraught with renovating influence, while the water emanating from them have no parallel in America. The subscriber is prepared to accommodate on a large scale those who wish to favor him with their company, from the 15th of June till the season expires.

For the quality or properties of the water and celebrity of the climate, I refer persons to Messrs. John Brewster and James G. Meigs; Lexington; L. L. Shirrer, Esq.; Kenney; Dr. John T. Snotwell, Cincinnati; A. M. January, Dr. J. M. Shackelford, J. M. Lockwell, R. Langhorn, W. B. Phillips, and John B. McCallum, Mayville.

✓ Hackers are at all times held in readiness to convey passengers from Mayville to the springs.

March 17, 1837. W. GAYLE. 22

**PUBLIC SALE OF LAND.**

ON the fourth Saturday in April next, the late residence of James Doherty, deceased, in Fleming county, will be sold to the highest bidder, upon credit, one one undivided third of 75 acres of land upon which said James Doherty lived, being the same conveyed by James lived to three of his children, and one to their child, Edward L. Bullen. And if one third undivided so now offered will not sell for enough to pay the sum for which it is decreed to be sold, then the title and title of said Doherty's children and heirs, in the power of said widow after her death will be added upon the same credit, or so much as will pay the sum decreed to Simon R. Baker, administrator of Wm. Baker dec'd, in a suit pending in the Circuit Court at New Market, against said Doherty's children and heirs. Bond and security will be required of the purchaser, payable to said Simon R. Baker. And if the purchaser fails to give it, the land will be set up and sold upon the expense of the first purchaser. The sum to be in 12 equal installments.

GEO. G. STOCKWELL,  
Commissioner.

March 17, 1837. 22-2

**WOOD CARVING**

By Steam.

WE will be prepared by the 1st of May next, for wood carving with every new machinery, a portion of which will be calculated to card the best of Merino wool, and to spin the same in the very best order with dispatch, as well as to spin all kinds of cards, which will be superintended by N. Hall, who stands pre-eminent as a carder.

BEAN, STOCKWELL, & Co.,  
Flemingsburg, March 17, 1837. 22-4

**PROSPECTUS OF THE WESTERN EDUCATIONAL JOURNAL.**

Western Literary Institute, and College of Teachers, at their sixth annual session, in 1836, held in Cincinnati, vested into their Executive Committee, power to establish an Educational and Scientific Journal, and to select an able and judicious editor, to effect their views, and to extend the circulation and usefulness of their work. The result of their deliberations is the present undertaking.

The publisher, in adding another to the existing periodicals, deems it unnecessary to expiate upon their utility, when conducted with talent, and on liberal principles. Nor, indeed, is it necessary to extend to the public, a list of names, who are to be employed in the execution of this work, which mark a work must be the criteria, by which an estimate of its value can be formed. If a high and many career can be improved, and if the cause of education, literature, and science, in the West, be in any manner advanced, or if the interests of the people, and the cause of civilization, be in any manner promoted, by the publication of this work, the publisher, he trusts, will not be considered as having expended his time and labor, in vain.

The Western Academician will be published Monthly commencing in March next, and each number will contain 56 medium octavo pages, at THREE DOLLARS A YEAR, payable in advance, in the West, by the publishers. All subscribers must commence with the volume, and no subscription will be received for less than one year.

Professors in Colleges, Teachers, and Post Masters throughout the United States, are requested to send us agents, and every seventh copy will be given as a compensation.

All communications concerning the Western Academician may be addressed, post paid, to

W. H. FAYLOR, Cincinnati, Ohio, Jan. 1837.

**THE FARMER'S CABINET.**

DEAR Sir, I have the honor to acknowledge the receipt of your kind letter of the 10th inst. in relation to the publication of the Farmer's Cabinet, No. 67 South Second St. Philadelphia. The Cabinet is published on or about the first and fifteenth of each month. Each number will contain 16 pages of text, and 16 pages of illustrations. The subjects will be illustrated by engravings on wood whenever they can be appropriately introduced.

One Dollar per year, payable in advance. For the second year, the price will be Two Dollars. The number of subscribers will be accompanied by a title page, and index, in order for binding.— Any person remitting us five dollars will be entitled to receive a copy of the year, or twelve copies for six months. The Cabinet is subject only to newspaper postage; that is, one cent on each number within the state, and within one cent and a half for every number sent to one hundred miles of Philadelphia, and one cent for every mile beyond that distance.

Persons desiring to assist the objects of the work, are not only requested to use their influence in promoting its circulation, but also to aid it by their contributions.

✓ Six copies for five dollars.
