Morehead Accreditation Rests On Ouster Repeal

Southern Association To Restore School As Member If Act Voided

LOUISVILLE, Ky., Dec. 3 (AP)—The Southern Association of Colleges and Schools, meeting here today voted to restore Morehead State Teachers College to membership in the Association. It declared that the conditions which prompted the association to drop the college from its membership are of "political interference." The report stated that public opinion is satisfied that "political interference" is the reason for Morehead's withdrawal. The association also voted to waive all credits earned by Morehead students in the 1947-48 school year.

The association re-affirmed its policy that "political interference" is the reason for Morehead's withdrawal. It said that Morehead's withdrawal from the Southern Association of Colleges and Schools is due to "political interference." The association also voted to waive all credits earned by Morehead students in the 1947-48 school year.

Butcher Forms Meat-Of-Week Club

DENVER, Dec. 3 (AP)—A Denver butcher, sick of seeing customers turn away from his store because of "political interference," today formed a "Meat-Of-Week Club" with wholesale prices. The butcher said that customers who join the club will get a card entitling them to buy meat at wholesale prices. They will pay $1 a week for the card.

Conservation Council Raps Proposed Dams

FRANKFORT, Ky., Dec. 3 (AP)—The Conservation Council of Kentucky today went on record as opposing the construction of dams at Falls of the Ohio and at Murray on the Green River. The council also opposes the proposed dams at Palmetto on the Ohio and at Falls on the Green River.

The council's resolution opposing the construction of dams at Falls of the Ohio and at Murray on the Green River was adopted today. The council also opposes the proposed dams at Palmetto on the Ohio and at Falls on the Green River. The council's resolution opposing the construction of dams at Falls of the Ohio and at Murray on the Green River was adopted today.

The Army Engineers are considering building the dams for flood control.

The council adopted a resolution recommending that all flood control projects in Kentucky be centralized in the Conservation Department. The resolution proposed building the dams at Palmetto on the Ohio and at Falls on the Green River. The council's resolution opposing the construction of dams at Falls of the Ohio and at Murray on the Green River was adopted today.

Conservation Commissioner H. A. Browning announced a proposal that the U.S. Soil Conservation Service and the Army Engineers work together to build the dams for flood control.

Among those attending the council meeting were Mrs. J. Kildrell Griffen, L. E. Lammon, head of the State Public Affairs Department's planning service, and Mrs. H. F. Johnson, supervisor of the Louisvillie Times.
