The New from Havana.

The veits of Commodors McCasley to Cube, he been followed, according to that rumors from Havana, by very estifactory results. The precise nation of the laterations given to Commodors McCasley have never transpired, activating the satures have been directated by the Washington correspondence. There is no dools, we prassner, that those instructions required in the American communder, after and mode acts, but still a decided course, with reference to the aggressions and outrages which have become so fashionshe with the Spanish officials of the Indeed. The results is seen in the improved temper of the archoritics, and in the announcement which is understood to have been made, that the state of sizes, in which the Islandbase base placed for most time past, as a precention against fillituateriess, will aboutly be terminated. The News from Havana
