

THE ROWAN COUNTY NEWS

VOLUME NO. 1 OLD SERIES 37; NEW SERIES 15. MOREHEAD, KENTUCKY, THURSDAY, SEPT. 29, 1932. NUMBER THIRTY EIGHT.

SCHOOL AND AGRICULTURAL FAIR WILL BE HELD IN HIGH SCHOOL GYM THURSDAY AND FRIDAY, OCT. 6-7

Once more it has been found necessary to change the dates of the Rowan County School and Agricultural Fair which was scheduled to take place on October 7 and 8. Due to the impossibility of obtaining the use of the athletic field for Saturday, since the college has a football game scheduled for that afternoon, the dates of the fair have been moved to Thursday and Friday, October 6 and 7. All entries must be in not later than 10:30 a. m. Thursday. Judging will take place on Thursday morning during the parade and the exhibit hall will be open at 1:00 p. m. Thursday so that the exhibits may be examined.

Due to the change, the athletic contests will be held on Friday morning at 9:00 a. m. Educational and explanatory contests will be held Thursday afternoon at the Morehead High School Building.

Fair catalogs will be issued this week. They are already finished and sent out if you fail to receive one of the catalogs, call for it at the office of either the County Agent or of the County Superintendent.

The large number of premiums being offered in both the school and agricultural sections will undoubtedly bring in many unusually good exhibits, especially when so many can use what money they pick up to such good advantage. As a matter of fact the indications at present are that there will be more and better exhibits in both departments than were shown at the fair last year in spite of the dry weather poor crops and the depression.

The following is the program for the two days fair beginning Thursday morning, October 6:

Entries may be made until 10:30 a. m.

Parade 10:30 a. m.

Educational Contests 1:30 p. m.

Fair Program

Athletic Events 9:00 a. m.

Through the courtesy of the Morehead State Teachers College, Saturday has been designated as "Children's Day. Every boy or girl of school age in Rowan county has a special invitation from the college authorities to attend the football game at Jayne Memorial Stadium on Saturday afternoon, when Morehead meets Alderson College in the first football game of the year for the teachers."

Once more, don't forget that this fair is your fair, and that if you do not bring in the exhibits it won't be much fair.

Members of the Morehead Baptist Church surprised their pastor, Rev. D. H. Kasez on Tuesday night of this week with a musical luncheon at the pastor's home on Main street. The shoes resulted in a bounteous supply of food stuffs and a well-stocked larder at the Kasez home. The evening was pleasantly spent and much enjoyed by both Rev. and Mrs. Kasez and the members of the church. A delightful lunch prepared by the ladies was much enjoyed.

BAPTISTS SURPRISE MINISTER TUESDAY.

Members of the Morehead Baptist Church surprised their pastor, Rev. D. H. Kasez on Tuesday night of this week with a musical luncheon at the pastor's home on Main street. The shoes resulted in a bounteous supply of food stuffs and a well-stocked larder at the Kasez home. The evening was pleasantly spent and much enjoyed by both Rev. and Mrs. Kasez and the members of the church. A delightful lunch prepared by the ladies was much enjoyed.

Reception Held Monday Night

President and Mrs. John Howard Payne and the members of the faculty of the Morehead State Teachers College entertained the students of the fall semester which opened last Monday, September 19, at the annual President's reception on Monday night of this week. The event was held in the college gymnasium which was appropriately decorated for the occasion in the school colors. President and Mrs. Payne were assisted in the receiving line by the members of the faculty and their wives.

Following the reception dancing with music furnished by the local orchestra was enjoyed until midnight.

Mr. and Mrs. D. C. Cadwell and daughter Maxine and T. H. Holbrook left Sunday morning for Baltimore, Maryland, driving through in Mr. Holbrook's car.

Miss Maxine will remain in Baltimore where she will attend college this year.

E. E. ELAM INVITES MINISTERS TO MILL

We don't know the meaning of this allusion, but have an idea. The following note was brought to the News office Wednesday morning:

To the Ministers of the four Churches of Morehead:

You are invited to visit my place with Brady and bring your gallon bucket. The editor of the News is invited.

E. E. ELAM.

It's the first time we have ever known of an editor being identified with the preaching, so we're going.

Alfrey Dies Of Knife Wounds

Knife wounds in the intestines, allegedly inflicted by Troy Maurice, 25, Wednesday night, caused the death of Ivan Alfrey, 19, son of Andy Alfrey, in a Lexington hospital Saturday morning. Maurice and Alfrey were residents of the Hickory Grove section of Morgan county, four miles from the Rowan county line.

The cutting was the culmination of a dispute over the riding of a pony. According to reports, Alfrey knocked Maurice from the pony and hit him again after he got up from the ground. Maurice retaliated by drawing his knife and inflicting the death wounds. Maurice is in the Morgan county jail it was reported.

Alfrey was brought to Morehead Thursday morning on the Morehead and North Fork railroad and rushed to Lexington. His condition was considered as improved until late Saturday.

ROWAN COUNTY CLUB TO MEET ON TUESDAY

The Rowan County Women's Club will hold its first meeting of the 1932-33 club year at the home of Mrs. D. B. Cadwell on Tuesday evening of next week. The program will be in charge of the garden department of which Mrs. Claude Keeler is chairman.

MOTHER OF REV. KAZEE DIES OF LOCK-JAW

Mrs. F. F. Kasez of Saltersville, mother of Rev. D. H. Kasez of this city died at the Paintsville hospital on September 19 as the result of tetanus, or lock jaw. Mrs. Kasez's death occurred exactly two months after the death of her husband who passed away on July 19.

Mrs. Kasez fell two weeks before her death, breaking the bone in her right arm and running the bone through the ground. A week later tetanus developed resulting in her death following a week of suffering.

Eagles To Play Armstrong Friday, Oct. 8

With the season opening on Saturday, October 8, in a game with Alderson College. Coach Downing's Eagles are receiving daily workouts from early until late in an effort to round them into shape by that date.

Coach Downing has the most likely lineup squad this year "that has ever reported for tryouts on the Eagle team. Instead of three teams and 35 candidates Downing is working out five teams of huskies.

Following the cancellation of the Cedarville College game, which was to have been played here on October 6, Downing got in touch with Alderson college authorities and succeeded in scheduling a game for that date. The game will be played on Jayne Memorial Field in Morehead Saturday afternoon. In the meantime practice goes on at the field, with new possibilities being tried each day.

While Downing's squad is made up largely of freshmen, he has over forty men who will average over 185 pounds, with a number of experienced men to "leave the loaf." Gordon Keraher who has held down the center position for the past four years will be missing from the lineup this season, and will undoubtedly be missed. Keraher has played four years of college football and is therefore ineligible under the conference rules. Of those from last year's squad re-

porting for service this year Marindale and Overton Evans look like good bets to make the varsity team. Clayton, Henry and Maggard are also in line for berths.

Downing is working scrimmage practices to the utmost, in preparation for the onslaught of Alderson on October 8. By the way, in recognition of the Rowan County School and Agricultural Fair being held here next Thursday and Friday, the college authorities have designated Saturday as children's day and will issue free tickets to all school children of the county who wish to attend.

Coach Downing plans on running a comparatively light schedule this year with only six games. The schedule with the exception of Alderson was published last week. There is, however, a possibility of a post season game being scheduled.

The feature of this year's schedule is the fact that only two games are scheduled with West Virginia teams, Alderson and Cabot and the other four games being with Kentucky teams.

Coach Downing informs us that the game here on October 8 is to be with Armstrong College of Alderson, West Virginia. The name of the college has been changed from Alderson to Armstrong. It is, however, the same college which the Eagles have met on other occasions.

Work Starts On Sandy Hook Louisa Trail

Work orders were received last Thursday for the construction of the Sandy Hook Louisa highway in Elliott county. The order arrived on the 9:00 o'clock train Thursday morning and within 15 minutes of its receipt a truck load of material was on its way to Sandy Hook. By one o'clock that same day, actual work of construction was begun and by Saturday morning the steam hoist had been placed and was moving dirt. By Saturday night over a mile of the right of way had been cleared and about two miles staked.

J. M. Cain and C. O. Louisa and Huntington are the general contractors and have charge of the grading. The Southern Construction Co., of which C. W. Stooke, H. A. Dillard and P. D. Merto are directors, will have charge of the construction of the drainage system with the new highway. Mr. Stooke and Mr. Murto have been in Morehead for the past five weeks awaiting orders to begin work and in that time have made many

warm friends. They are moving to Sandy Hook this week, where they will have their headquarters. Mr. Dillard and Mr. Cain arrived the past week.

They plan on having the highway practically half finished by December, according to Mr. Stooke, of the Southern Construction Company, it is of vast importance both to the Big Sandy valley and this section as well. The new road when completed will cut off many miles from cities and towns in that section to town in this section and the western part of the state. It will provide a short route to Louisville, Lexington and, by way of the new Morehead-Fleming highway route, will cut off over a hundred miles to Cincinnati and Maysville. It will prove to be one of the most important and most traveled highways in the state system, and consequently one of the most beneficial.

SHERIFF'S FORCE IN RAID ON STILL

Sheriff Dan Parker and deputies, Jesse Caullid and George McDaniels, captured everything that goes with making whiskey except the still in a raid in the Old House creek section of the county Friday. The officers took four barrels of mash, two wash tubs, and two lard cans, which bore the earmarks of being one of the preparations for a "run."

The still, if it had been found would have been the 70th that Parker has brought in during his two and a half year of office. He has captured in a hundred or more before his term expires in January, 1934.

Three bursts of number four shot from the saved-off shotgun of Willis Bailey, Rowan deputy sheriff brought down Arthur Moore, 25, allegedly the slayer of his father, Lora Moore, 42, as he fled from officers Bailey and J. J. Caullid near his home on Christy Creek, six miles southeast of Morehead. Bailey fired down with the head Friday.

Approximately twenty shots took effect in Moore's body, but his condition was pronounced as not so serious but not serious by Dr. H. L. Nickell, who treated him Friday. The shot ranged from the top of his head to his ankle. Young Moore was not removed to a hospital, but was treated in the county jail, and is there now awaiting examination trial, the date for which has not been set.

The captured youth is accused of killing his father September 10 over a dispute as to who should run off some moonshine whiskey. A thirty gallon copper still was taken near the scene. Jolley Ramsey and Jim Lovelace were placed in jail at the time, but later released. Sheriff Dan Parker said they were eye-witnesses.

The learning that Arthur was in the Christy county, detailed Bailey and Caullid to that place. They approached young Moore near his father's home and called on him to "halt." He started to run

Woman Crook To Be At Cozy

"Madame Racketeer," the film title for the human interest comedy story by Harvey Harris Gates and Malcolm Stuart Boylan the title of movie that becomes an admirable vehicle for actors who know their character-stuff and know it well.

Two of the most capable artists in the world of make believe have the principal roles in this picture, and assure audiences everywhere of enjoyable times whenever "Madame Racketeer" is shown. The featured pair are Alison Spivorth and Richard Bennett.

Alison Spivorth, veteran of the stage, an artist as well as an actress, and a humorist by instinct, demonstrates delightfully just the kind of bluff a "sporting widow" needs, to get her schemes over quickly and with charming finesse.

Richard Bennett a master of quaint comedy actor for thirty years, and possessing rare skill as an interpreter of character roles, portrays the kind of trusting husband who doesn't know a gouge from a gilet or can't tell a harp from an old harp.

Miss Spivorth plays the role of a Countess—a Countess of adventure along the highway of opportunity. All travelers are proper of money diet, so to speak, for the Countess is an experienced odd digger and swindler. What she can't get by finesse she takes away.

As the picture opens she is preparing for departure from the penitentiary. Tea is being served to old acquaintances. The small talk, led by the Countess with grace and dignity of high position touches on Park Lane, Budapest, the gay places where wealth and fashion abound.

There's excitement, fluster, for the Countess is leaving—out home, but jail. She has just completed her last stretch for swindling and the hunt is on for more snakes again.

And does she find them. "Madame Racketeer" at the Cozy Friday and Saturday will answer the question for you—and how!

Arthur Moore Caught By Sheriff Force

Three Young women from Lexington, who were enroute to Huntington to visit relatives of one, were injured two miles west of here late Saturday, when their automobile went over an embankment.

The women were treated by Dr. G. C. Nickell for minor injuries. They gave their names as Mrs. Marjorie Burton, Miss Rose Gilmore and Mrs. Anna Lee Mullen.

After their injuries had been treated, they were taken to Lexington.

They were on their way to Huntington to visit relatives of Mr. Mulens, it is said.

THREE ARE INJURED IN WRECK SUNDAY

VIKINGS DROP FIRST CONTEST TO PAINTSVILLE TIGERS BY 2-0 COUNT ALTHOUGH SHOWING POSSIBILITY

Enrollment Is Still Increasing

With the final day for enrollment all over a week away, Morehead State Teachers College is already enjoying what is the largest enrollment of any fall semester, not only in the various departments, but as a whole. Up to Tuesday night a total of almost six hundred students had been enrolled in the school with by far the major part of these in the college. This compared with the total for last year at the close of registration showed a surprisingly gratifying increase, especially when reports from other schools of the state, including State University show a falling off in attendance of anywhere from one hundred to seven hundred.

The record of Morehead in the past few years has been one of steady and consistent growth. It has not been of the mushroom, boom variety, but the kind that means permanence. An illustration of this comes in the fact that in the past three years the college enrollment has increased at the rate of approximately 100 college students in each succeeding fall semester. In 1930 the number of college students was 209. In 1931 it was 303. This year, up to the present 415 college students have enrolled, making 112 more in the college department than last year. Taking into consideration the fact that every other school and college in the state is apparently suffering from the depression in the loss of students Morehead undoubtedly has a right to be particularly proud of her increased enrollment and to look forward to a much heavier enrollment than usual in the second semester.

Well, it's over, and the Vikings came through their first pamphlet of fire in the 1932 season, not much the worse for wear even though the score book indicated they dropped the battle with Paintsville 2-0. Actually the Kings out-gained and out-fought their heavier opponents throughout the game, and a little nervousness in the first five seconds of the game gave the scoreboard edge to Paintsville. That nervousness was gone by the immediately, and will never return. Those who have taken part in their first game as a player know the sensation and know that it comes but once in a lifetime. And speaking of redemption that boy redeemed himself and proved his possibilities before the game was over.

Paintsville was vainly roused at from two to four touchdowns superior to the Vikings, and they looked the part until the game got under way. Only once during the game, with the exception of the first five seconds, did they come within striking distance of the Viking's goal and that was in the first quarter when the visitors drove to the five yard line and were held for down. The Vikings on the other hand drove the ball for eleven first downs to six for the visitors and just as the half closed were cheated out of a touchdown by the whistle. Score at the half 2-0 Paintsville.

Roy Turner was the individual player on the Viking squad who stood out making the most consistent gains. It must not be overlooked however that Turner was ably assisted by the line that held and by the note worthy blocking particularly of Robinson who was acting as captain for the game. At center, another new man to the lineup showed up well, Shaggin Elm. Shaggin is new to the game and played like a veteran.

Morehead's line showed the effects of some good coaching on the part of Caveman Rice. They held the heavier Paintsville linemen to small gains throughout the game.

Taken all in all, the Vikings have reason to be satisfied. The game Saturday resulted in a paper loss but it was undoubtedly a moral victory for the Kings, as it proved to them that they have the making of a real, eleven man team.

BROTHER IS INJURED IN GAS EXPLOSION

Mr. and Mrs. Ern Patton and Mrs. Claude Keeler attended the Rickety Trial in Grayson last week.

Mr. Sidney Alfrey of this city was called to Louisville on Monday by a message announcing the serious injury of his brother, Allen Pede. According to the message Mr. Pede was driving an A. and P. truck to Shelbyville. When the truck was nearing the city, the gasoline exploded, killing one man and seriously injuring Mr. Pede. He was taken back to Louisville where he is at present in the hospital. Little hope is held for his recovery.

Eddie Atkins, 22 serving a sentence for drunkenness in the Rowan jail, escaped from Troy Jennings, deputy sheriff while he was working the prisoners in West Morehead this week. Atkins was under bond awaiting action of the grand jury on another charge at the November term of circuit court, but his bondsmen, Lora Moore was killed last week. Officers said that he would probably have not escaped the escape if Moore had not been killed.

The county has not been using a ball and chain or any harness on the prisoners, as only those of misdemeanor charges are worked. Atkins, waiting until Jennings was at another part of the construction work, fled, possibly into the hills. He told another prisoner he had some whiskey to run off and would return the next day.

MOREHEAD CLUB TO MEET MONDAY NIGHT

The first meeting of the year for the Morehead Women's Club will be held at the home of the president, Mrs. J. H. Payne on Monday night of next week. A program of music will be enjoyed by the members. Mrs. R. D. Judd, Mrs. J. W. Hodge, Mrs. Arthur Hodge, and Mrs. D. D. Cammeyer are hostesses.

The following pupils at the Moore School had perfect attendance records for the second month of school: Kathleen Morris, Cal Frankie Wright, Georgia Wright, Effie Wright, Totty Reynolds, Topsy Reynolds, Eula Mae Foster, Clarence McClurg, Lloyd Rokersa and Gertrude Casidy.

CHAPTER VII

In the gray dawn the canoe nosed out of the river through the blanket of mist making the still surface of Namaganti, the Ojibwa's Lake of the Surgeons. Here, living largely on their Sturgeon settlements and whitefish net, many hunters came with their families to pass the swift weeks of summer before they returned to the far valleys and meadows of their trapping country.

surface of the lake. Jim and Opar went ashore and, hiding their canoe in the brush, ate and slept. From now on the price of their safety would be eternal vigilance. Their escape to the south would mean that hereafter Paradise would be a wanted man—on outlaw. For him the dog kennel of the police would comb a thousand miles of forest. From Rupert Hunter, Earl Stevens his appearance at a post would mean arrest. The very existence of the North-west company would rest on their reputation of his deeds in their behalf.

VIKINGS LOSE

The Kings play Raceland at Raceland in their first Little Eight Conference encounter next Friday afternoon, MacNabb has a right team but a team that fight until the final whistle blows and isn't whipped until that time. With the Vikings just beginning to find themselves, the game should be worth watching, especially if Beck Robinson who suffered a fractured bone in his right hand in Saturday's game is out of the going.

Pintville kicked off in the contest Saturday booting the ball to Roy Turner who fumbled. Paintsville recovered but lost the ball being forced to punt out, Viking's ball on their five yard line. Paintsville blocked the kick which fell behind the Kings' goal line. Turner falling on the ball for a safety giving Paintsville two points and the game. After that first thirty second the game was mostly Viking, with Paintsville making but one bid for a touchdown in the first quarter.

The Vikings on the other hand made several bids, notably at the close of the first half when the whistle cut them off as they were in the act of putting it over. Again in the third and fourth quarters they often played and out generated their opponents completing a forward pass, Honaker to Tatum that looked like the necessary six points but wasn't.

Presidential Candidates to Reach Large Farm Audience

Presidential candidates anxious for the elusive but important agricultural vote this fall will find at the other end of their microphone the largest farm radio audience in history. The rapid increase in the number of radios on farms in the last year despite unfavorable economic conditions, gives both the Democratic and Republican aspirants a much better opportunity to reach the rural voter than previous candidates have enjoyed. Perhaps one explanation of this sudden increase in listeners is the development during the last year of the first satisfactory type of set for homes not served by power lines. The new receiver, known as air cell sets, and made now by all leading radio manufacturers, have at last freed the farmer from the trouble, expense and unsatisfactory reception to which previous types of battery sets subjected him. The new sets use a revolutionary type of "breathing battery" for an current, and are equipped with the latest improvements in radio engineering, such as dynamic speakers, auto-heterodyne circuits, and pentode tubes. No storage battery is necessary. Senator Arthur Capper, a radio enthusiast, believes they are the final solution to the farmer's radio problem. The "breathing battery" lasts for a year, or to be exact, for more than a thousand hours of service, after which they are replaced with a new battery at a fraction of the cost of old type battery power—not to mention the freedom from the inconvenience of recharging storage batteries.

A Novel Sweet Potato Dish

By Jane Rogers

NOTHING will do more to give interest to a meal, whether it be a formal or informal repast, than a dish in which flavor and appearance combine to lift it out of the ordinary routine. Baked and candied sweet potatoes are delicious, but can scarcely be called unusual. Sweet Potato Volcano is even more delicious and possesses the added zest of decided novelty. Equally important from the point of view of the busy housewife is the fact that it is easy to prepare. Only the careful combining of the seasonings is special care required, and here, as in the case of practically all other vegetables, a judicious use of sugar is highly important. Sugar is used in combination with the salt and pepper to blend the other seasonings and develop the natural flavor of the sweet potato. It is used again to form the glaze that gives the dish its crowning touch of appetizing novelty. Sweet Potato Volcano. Boil, peel and wash the sweet potatoes while hot. Beat till creamy, adding butter, salt, pepper, one tablespoonful of sugar and one tablespoonful of cream or rich milk to moisten well. Then form into an irregular mound on a dish that will bear the heat. Make a deep indentation in the top and fill with a sauce made by creaming together two tablespoonfuls of butter, one tablespoonful of chili sauce, a dash each of pepper and salt. Fill the hole in the potato mound with the sauce, sprinkle the mound generously with granulated sugar, and place at the top of a very hot oven to glaze and brown.

ASPIRIN

beware of imitations

Look for the name Bayer and the word genuine on the package as pictured below when you buy Aspirin. Then you will know that you are getting the genuine Bayer product thousands of physicians prescribe. Bayer Aspirin is SAFE, as millions of users have proved. It does not depress the heart, and no harmful after-effects follow its use.
