Entered as second-class matter February 27, 1934, at the postoffice at Morehead, Kentucky, under Act of March 8, 1879.

Subscription: In Kentucky, \$1.50 per year; outside Kentucky, \$2.00.

ADVERTISING RATES MADE KNOWN UPON APPLICATION

The Independent makes no charge for anything in the furtherance of the cause of the Church and Christianity. Nothing for patriotic enlightenment, for education for charity and the general human uplift.

THURSDAY MORNING, MAY 7, 1936

WE ARE READY TO DO OUR PART!

The fact that practically every Morehead business house came out with full regalia of holiday colors this week prior to the inauguration of President Babb is ample proof that public spirit and civic pride here is very much alive.

Morehead College staged a show Tuesday by inducting into its highest office a new president—but the citizens of Morehead had a performance all their own. That show that Morehead staged was one that strongly indicated that every business man and any right-thinking individual of this community stands ready to cooperate with President Babb and the Morehead State Teachers College.

Sixteen additional pages were necessary in the Independent last week to carry the good will messages of Morehead Merchants and professional men. Those messages were straight from the heart. We have seen for sometime some changes in the College that have boded no good for the institution. However, we feel that with President Babb's inauguration a new deal is in store.

We, the citizens of Morehead stand ready to do our part, for we rightfully feel that the Morehead State Teachers College is to an extent, ours.

THE HOUSE FLY — SPREADER OF DISEASE

The house fly is the universal enemy of man. Wherever he goes he carries with him the possible seed of disease and death.

The house fly breeds in filth, feeds on filth and distributes filth. He is the filthiest and, for this reason, potentially the deadliest of all insects.

The house fly constitutes the most common link between filth and food. From the garbage can, the home privy, the manure pile or other filth, things or places he goes direct to the kitchen and the dining room, depositing the filth on kitchen utensils, dishes, table ware and the food itself.

The house fly spreads typhoid fever, tuberculosis, diarrhea, dysentery and other communicable diseases.

The most effective way to combat this menace to health and comfort is to see that the house fly has no place in which to breed. Where there are no dirt and filth, there will be no flies. Clean up your premises, inside and out, and keep them clean.

Screens should be put in place at this time and kept continuously in use until the snow flies. With the house well screened and well weeded with the premises kept clean, inside and out, danger from spread of disease by flies is practically eliminated.

Especially should the doors and the windows of kitchen and dining room be well screened. Most important of all, see that the fly has no place in which to breed.

Protect your own health, the health of your family and the health of your community by exterminating the fly.

CONGRATULATIONS ON SPECIAL EDITION

From many sections of Kentucky the Independent has received congratulations on its inaugural edition which appeared last week.

Although the staff of the newspaper, feel that this edition, the second issue of the paper that has been printed in the new plant, was a good start, it is the expectation of the publishers and editors to offer an even better newspaper in the future.

Owing to the fact that in five days, it is not as good as we would like for it to have been, but we nevertheless feel, that few weekly newspapers in Kentucky have ever printed an edition that was any more complete, balanced and up to par, from a journalistic standpoint, than was last week's edition of this newspaper.

It is needless for us to reiterate that we are proud of it—for we frankly are. It is the aim of the Independent to offer to Morehead and Rowan county a weekly newspaper that will compare favorably with any you may find anywhere. Last week was good start, as we believe you'll agree.

LOWER RATES IN TRANSPORTATION

Beginning with June the Chesapeake and Ohio Railroad will cut its fares almost in half—slashing them to 2 cents a mile. It is to be expected that the bus companies, who have always undersold the railroads on passenger fares, will make a corresponding decrease, with the possibility that they may even go below two cents a mile.

The low passenger rate is almost sure to bring Morehead closer to other parts of the state. When one can travel from Morehead to Ashland, in clean steam-heated or air-cooled cars, with every modern convenience, for as little as one dollar and twenty cents, it follows that more and more people will travel. Reductions will also probably be made in round-trip fares, below the price of two one-way tickets.

ELECTION YEAR OBLIGATION

Election year emphasizes anew a major obligation of newspaper publishers to give their readers all the news.

Of course, the economic trend has been for consolidation of newspapers which in itself makes for independence in handling political news. The number of "one-paper" towns (less than 15,000 population) has increased from 3,177 in 1919 to 4,172 in 1929. In 1929 there were seven times as many one-paper towns as two-paper towns.

The public looks first to the newspaper for impartial reporting and interpretation of the news. If the newspaper fails to fulfill this need, the public will turn to the radio and its increasing host of news commentators—Boake Carter, Edwin Hill, and the others.

With communications free, public opinion controls democratic government and keeps the people free," says David Sarroff, president of the Radio Corporation of America.

Newspaper publishers have an interest in preserving the purity of news broadcast over the other waves. They also have a responsibility in maintaining the prestige of the newspaper as a trusted medium for dissemination and interpretation of the news. The freedom of the press is an obligation, not a license.

WHAT OTHER KENTUCKY EDITORS ARE SAYING

The Unemployment Riddle

The current issue of Collier's magazine contains an article by John T. Flynn, veteran staff writer, outlining the reasons that have been used by the United States government to combat unemployment and predicting that the problem, in more or less degree, will be permanent in this country even in periods of unusual prosperity.

It is a timely article on a timely subject. Improvements in the tangible effects of up-to-date industrial indices have put hundreds of thousands back to work, but still the riddle of the unemployed has not been solved—and, in fact, history proves that since pioneer days, this country has never at any time found a complete solution of the problem.

Even in the early months of the boom year of 1929, there were three million persons unemployed, although 43,000,000 had jobs. Today there are 48,000,000 on private payrolls, 5,000,000 on relief or public works rolls—and 5,000,000 totally unemployed.

Mr. Flynn predicts in his article that when business returns to normal levels half of these 10,000,000 will be at present or find no place on private payrolls; will get jobs. Other remedies, such as shortening of hours and social security measures, might take care of another 2,000,000, he estimates.

Herbert Hoover tried to solve the problem by the novel method of ignoring it. Before he departed from the White House, 13,700,000 persons were seeking for jobs in vain. The Roosevelt administration, saddled from the outset with the responsibility of ameliorating conditions caused by this critical situation, has spent billions of dollars and has taken the leadership in a manful effort to find the solution. More than 3,500,000 unemployed have found jobs in private employment since March of 1933, and the total number of persons in gainful occupations has increased steadily in the last few months.

It is likely that national administrations of the future will be forced to accept the conclusion reached by Mr. Flynn in his article and already carried out to a large extent by President Roosevelt through the Public Works Administration—that relief must be provided permanently for the unemployed, that it must be in the form of public works instead of a dole, and that only the federal government is capable of supervising effectively the collection and expenditure of the necessary funds.—Lexington Herald.

The Methodist church led Sunday in the Georgetown-School attendance drive.

Russell Burrows, farmer, was appointed by Ruby Laffoon on the Rowan County Fiscal Court, succeeding the late Fred Burrows. Governor Laffoon also appointed William F. Kegley as magistrate from the third district succeeding Sherman Mabry, deceased.

Joe McKinney won the ping-pong championship of Rowan county defeating Sid Riley in straight sets.

Stanton Cole, 24 and Walter Smpes, 27, turned in each other with guns in Carter county. Both were slain. Officers said the shooting occurred over a land feud.

Funeral services were held at Sharkey for Mrs. S. C. Caudill.

A mass meeting of citizens heard the pros and cons of the college proposal to furnish the city with water from their new plant.

CALLING ALL CRIMINALS

Joseph L. Dailey Closes Last in Series of Three Articles for Rehabilitation

By JOSEPH L. DAILEY, Assistant Administrator, Resettlement Administration. The rehabilitation of farmers' debts accomplished by individual loans, the size and use of which is determined by the farm management plan. These plans take into consideration all possible sources of income and all possible expenditures of the farm family, and, in order for the farmer to be truly rehabilitated, these two must balance.

But we in Resettlement know that sometimes a farmer cannot liquidate even a small loan because he is already burdened with other debts. Some one can liquidate a small loan but a business' debts are not so easily liquidated. Things which they need cannot be justified in the light of their diminished income.

Knowing that many needy farmers' budgets could not be balanced because of one or both of these conditions, the Resettlement Administration is carrying on two services which are available to low income farm families regardless of whether they are rehabilitation clients.

The first of these is the farm

debt adjustment service which is designed to relieve the condition of overburdened debt. Voluntary farm debt adjustment committees throughout the country are ready to assist any needy farm debtor who applies to them for aid. These committees arrange for meetings between farm debtors and creditors. They try to work out an equitable adjustment of debts that will permit the debtor to retain his possessions and furnish a basis for his financial rehabilitation and at the same time be fair to his creditors.

The second of these is the community and cooperative service which is designed to supplement the farmer's income and at the same time supply these needs which his income cannot supply. Through a study of farm plans we can discover where there is a lack of certain services and facilities to assist in balancing the individual budget. The Resettlement Administration tries to supply this lack by providing facilities for cooperative use which will bring quick results. With our rehabilitation families this

New Child Star At Cozy Friday

Jane Withers Featured in Film, 'Paddy O'Day'

One motion picture scene transformed little Jane Withers from one of the striving youths on an outstanding juvenile screen player. It was a single sequence in "Bright Eyes," in which Jane Withers supported Shirley Temple, that set this little Allantian's feet on the road to film fame.

Jane was supposed to imitate a machine gun in a scene of child fame by making inefficient noises for participation in the need cooperative services, or by a group loan to a cooperative agency made up, principally of rehabilitation families.

The old notion that land held in fee simple could be used by the owner exactly as he pleased, caused the ruin of many farmers and blinded them to the fact that only through reorganization, could they appreciably raise their standard of living.

(End of Series)

Elliott County News

Miss Pauline Gostley, accompanied by Mr. and Mrs. June Ward, Miss Evelyn Davis, and Mr. Carroll Adkins, visited her parents, Mr. and Mrs. Clarence Gostley, of Springfield, Ky., Sunday.

Miss Katie A. Lee and Mrs. Julia Adkins were visiting in Morehead, Ky., Saturday at noon.

Mrs. H. W. Mobley is visiting her husband in Louisville, Ky. over the week-end.

Mr. and Mrs. Everett Whit of Bedwin, Ky. were visiting Mr. and Mrs. Jack Brown Saturday.

Mr. John A. Keck, Mr. Carroll Adkins and Rev. Dave Calhoun, and Misses Mary Vansant, Pauline Gostley, Ruth Mobley, were visiting in Ashland, Ky. last week.

Miss Carolyn Fox visited Viola Brown this week.

Mr. J. W. Rose and daughters, Mary Layton and Billie, Mrs. Opal Dillon and Glenn and Brownie Brown, of Ordinance, Ky., attended the show "Nevada," by Zane Grey, Tuesday night in Morehead.

Virgil H. Redwine who has a position in Lexington, Ky., spent the week-end with homefolks here.

Miss Pauline Gostley and Mr. Carroll Adkins were in Morehead Tuesday night to see the show.

Miss Irene Kegley and Mr. Shamel Adkins of this place were united in marriage at the home of Mr. and Mrs. Oscar Bowes, Saturday night. The young people have the best wishes of all their friends.

Rev. and Mrs. Rowman attended the Methodist Conference, held in Grayson, Ky., Monday.

National Reemployment Service made 976 placements in positions during past week. 3 per cent less than week before. Improvement in local factory schedules and new distillery operations proving great help to unemployment situation here.

Louisville bank clearings recorded gain of 7.2 per cent over same week in 1935.

Distillery, residential and business projects starting in Louisville expected to give employment to all bricklayers in Louisville.

make-believe, but she did her job with so much abandon and hilarity that she has become a steady signed on a long term contract.

Since that time, Hollywood's new child phenomenon has appeared in picture after picture in which she has exhibited extraordinary talents.

The new Jane Withers film is "Paddy O'Day," a Fox film, which comes Friday to the Cozy Theatre. With plenty of song and comic interludes, it tells the heart-tugging story of a homeless Irish colleen in search of love and happiness.

Your Family Coat-of-Arms

An interesting coat of arms was that granted to Humphrey Archer of Umbleside County Warwick, England. This gentleman was the twelfth descendant of Fulbert L'Archer, who came to England with William the Conqueror.

John Archer, grandson of Humphrey, was the first Archer to emigrate to America. He established the grant of the Manor of Fordham, New York in 1671.

The Manor was subsequently mortgaged to Cornelius Steiner, a New York merchant, who left it in his will to the Nether Dutch Church in the city of New York. The title of the Manor was lost through a series of events, but was eventually transferred to John Archer transferred to the Elders of the church.

The son of John, who also bore his given name, was married in Fordham in 1688 to Sarah Odell. They had three sons, Samuel, John, and Richard.

Designation of Arms: Three gold crowns on a blue shield. Crest: The head of a dragon rising from a wreath. Motto: No good things, but noble ones.

FARMING BY IMPROVED METHODS

Written by the Staff of the University of Kentucky Agricultural Extension Work, College of Agriculture

Individual Bases to Measure Farm Program Payments
A definite standard by which to qualify for the Class I payment on which application for payment is made will be the basis for the individual landowner or operator which is to be established by committees of farmers for each farm and in determining the plantings and practices necessary to measure the extent of soil-conservation and soil-building and the amounts of payments will be established under the provisions of the new national soil conservation program.

The soil-depleting base acreage which is to be made for acreage of soil-conserving and soil-building plantings or practices on soil-depleting base acres.
In general, a farm's base acreage for crop or crops is the normal acreage. The starting point in determining the soil-depleting base will be the acreage on the farm in soil-depleting crops in 1935. Allowance will be made for acreage planted to soil-conserving crops in 1935 because of adjustment programs, for unusual variations in plantings in 1935 because of drought, flood, or other unusual conditions, and in instances where a farm's soil-depleting base acreage is materially out of line with that for similar farms in the same locality.

A ratio of soil-depleting acreage to all farm land in each county showing the proportion of farm land devoted to soil-depleting crops will be established in order to provide County Agricultural Conservation Committees with a guide to use in establishing individual soil-depleting bases.
Soil-depleting bases established on farms for cotton and tobacco cannot exceed the bases established for counties under the adjustment programs and will, in general, conform to these previously established bases. County committees may recommend modifications which take into account available facilities and their past use in the production of cotton and tobacco.

Students Learn to Keep Budget
If the income is \$100, and the amount spent is \$85, the result is happiness. That is the gist of "Under the 4-H Flag," a new film, "David Copperfield."
Students in the Kentucky home economics department are taught to keep a budget, as an aid to saving. A blank book which can be bought for 5 or 10 cents, is the only thing needed. There are standard books on the market, but as entries may differ widely, many persons prefer to make their own. There should be two divisions each month, one for necessities and one for things that are highly desirable, but which cannot be bought until after groceries, rent and clothes are paid for. Sometimes the term, "higher life," is used for this classification, which includes insurance, either life or fire, savings, medical attention; education, either in school or through newspapers, magazines and books; the church and civic groups.

Conservation Work for 4-H Boys
Plans of enlist 4-H club boys in conservation activities are announced from the University of Kentucky College of Agriculture. Emphasis this year will be placed on the preservation and conservation of game and song birds, and forest trees and shrubs. Fifty boys doing the best work will be rewarded with scholarships to a state conservation camp sponsored by a Minneapolis philanthropist, according to J. W. Whitehouse, state club leader. The club department has supplied club boys with a list of 15 suggested activities, including ways to protect and protect birds, making surveys of wild life, stocking fish ponds, propagation of quail, studying and observing state game and fish laws, growing crops to provide winter feed for birds, planting and protecting trees, etc.

Kentucky Farm News
The Kentucky Holstein Cattle Club, at a recent meeting at the State College of Agriculture, elected John Kinister, Alexandria, president; E. H. Orr, Lexington, vice-president, and A. B. Carter, Richmond, secretary. It was voted to continue to support a State

KENTUCKY'S PRIZE HOME-CURED HAMS WILL BE EXHIBITED

Cash Awards of \$1,000 to be Given the Best Ones at State Exposition

A large exhibit of old hickory-smoked country-cured hams will be one of the features of the Onward Kentucky Exposition to be held at the Capitol Building in Frankfort on June 5th, 6th and the afternoon of the 7th. Hams entered in this unusual display will compete for 100 prizes totaling \$1,000. The first prize will be \$100; the second, \$50; the third, \$25; the fourth, \$15; the fifth, \$10, and the next 95 hams will be awarded \$7.50 each.

The College of Agriculture of the University of Kentucky will have charged this exhibit of country-cured hams. These winning hams and the accompanying recipes become the property of the Onward Kentucky Exposition and will be auctioned to the highest bidder by Governor A. B. Chandler. Other hams exhibited will be sold and the money sent to the exhibitor if he so desires.

With these recipes in hand, the College of Agriculture, cooperating with the Shakerstown Country-side Industries, will develop a standard recipe for the production of a superior Kentucky farmed ham.

Factory to manufacture mops and brooms organized at Paintsville, Ky.

Bituminous coal production in Kentucky district increased slightly from January and was 9.7 per cent greater than in February, 1935.

A Louisville cigarette manufacturer reports sale of 5,000,000 cigarettes on special order to hospital in Philippine Islands.

Earnings For Many People In Homecraft Industry Revival

Back in the hills, split-hickory baskets of various kinds are sold on the roadside. These articles are made by hand by individual craftsmen and are not standardized either in size or workmanship.

Counties in which such workmanship is made, could form a unit of the Shakerstown Country-side Industries to standardize and find markets for these articles. Under such management the outlet for baskets would not be limited by the purchasing power of the tourists, but would overflow into the great department stores in cities.

There is a market for an unusual handmade cork pipe. The city housewife is waiting eagerly for jellies, jams and pickles "like mother used to make."

### House Puts Tax On Drinks, Candy

Administration-backed bills levying taxes on soft drinks, confections, tea cream, chewing gum, candy and similar articles and on chain stores were passed today by the House of Representatives as the general assembly pushed towards a final adjournment set for Saturday.

Nine amendments proposed by the House revenue and taxation committee were adopted on voice votes before final passage. No other amendments were permitted.

**Vote Result Given**  
The soft-drink-confections bill was passed by a vote of 59 to 35 and chain store tax bill by the one-sided count of 86 to 8. Committee amendments to both bills followed limited discussion.

There was but little outspoken opposition to either bill. Representative C. S. Matherly (D), Harrodsburg piloted the soft-drink tax bill to passage and Rhodes K. Myers (D), Bowling Green, handled the chain store tax bill.

Generally, the rate of taxation of the House revenue and taxation bills in twenty per cent of the selling price.

### 3 Men Gain Review In Federal Court

Three men convicted of using the mail to defraud in connection with submission of bids for construction of a new postoffice at Portsmouth, Oh., received permission today to ask the United States Supreme Court to review their case.

The U. S. Circuit Court of Appeals issued a stay of mandate on behalf of Pharaoh W. Johnson of Ashland, Ky., and Portsmouth; William Dow Johnson of Garrison, Ky., and Orville E. Seltsinger of Vanceburg, Ky., pending disposition by the supreme court of a writ of certiorari.

The men were sentenced to two years imprisonment and fined \$1000 each upon their conviction of making post-dated letter to Washington the amount asked by competitors for construction of the postoffice.

The government charged the Johnson firm obtained the contract by representing that its letter had, failed to arrive in time for the opening of bids.

### Coal Miners Agree On Wage Scale

The full committee of the United Mine Workers of America said today that it authorized its representatives to agree with the writing of a contract with anthracite operators after the major points had been approved at a miners-operators' meeting.

Conferees who broke a deadlock this morning prepared to start final discussions at once. John F. Lewis, president of the Mine Workers, said drafting of the document probably would be completed Wednesday, although some of the conferees expressed hope it could be finished during the last afternoon or evening.

While they and the operators declined to comment, it was reported by reliable sources that the present wage levels would be maintained under the new two-year contract and that a complete check-off of union dues would be granted.

A form of equalization of working time idle collieries also expected to be granted, it was learned.

A seven-hour day in the second year of the contract also was put into effect, these sources said. Miners now work eight hours day, six days a week.

### GROCERY CHAIN STORE SALES UP IN MARCH 1936

Daily average sales of grocery chain stores for March showed an increase of about 2 per cent in dollar volume as compared with March 1935, and were 3 per cent above same month of 1934, according to preliminary estimates just received by the Louisville District office of the Department of Commerce.

As is usual at this season of the year, sales for March showed practically no change from February. Daily average sales for the first quarter of the year were 2 per cent above those for the corresponding period of 1935.

Louisville insurance agent sold collision policy amounting to \$1,364,000, covering warehouses of Tom Moore distillery, Bardstown, Ky., written in Lloyds of London, said to be largest ever written in Kentucky.

### Man Has Hiccoughs For Over Five Years

Robert F. Milton, 76, who has been hiccoughing for five years, off and on, reckoned Tuesday it would take him five years more to get all the remedies suggested since his plight became widely known.

In the last several weeks Milton has received 462 letters from folk who would help him.

Milton said he wanted to thank his correspondents. But as for the hiccoughs — "just about the same."

### Business Review As Seen In Kentucky

### WE PAY \$2,000,000 TO CHINA FOR TUNG OIL

Industrial consumption of tung oil in the United States has increased approximately 70 per cent during the past four years bringing the total for 1935 to about 127,000,000 pounds, according to a report to the Louisville District office of the Department of Commerce. This compares with 121,500,000 pounds in 1934, 105,000,000 in 1933, and 75,000,000 pounds during 1932. American manufacturers paid out in the neighborhood of \$23,000,000 for tung oil in 1935. With the exception of Gulf Coast plantations, the original came from China, the principal oil of the tung tree. The paint and varnish, lin-oil-um and printing ink industries utilize more than 75 per cent of the tung oil consumed in the United States.

### CHAIN DRUG STORE SALES SLIGHTLY OFF IN MARCH

Average daily sales of chain drug stores in March 1936 were 0.3 per cent lower than in March 1935. Compared with the same month a year ago tobacco sales increased 3.2 per cent, fountain pens increased 7.9 per cent, and "all other" sales decreased 1.2 per cent. Without any allowance for seasonal variation, March sales were 3.4 per cent lower than sales in February of this year. These figures were computed from reports received from 40 companies reporting sales in identical months for three periods compared, located in 44 states and the District of Columbia.

### U. S. IMPORTING MORE CZECHOSLOVAKIA BEER

Czechoslovak beer exports to the United States registered a sharp increase in 1935, says a report to the Louisville District office of the Department of Commerce.

### College Inaugurates Third President

(Continued from Page One)  
 truly a pioneer in the cause of education and teacher training in eastern Kentucky," he said. President Babb told of Dr. Burton's efforts and work of 25 years with the old Morehead Normal School and 19 years service as State Rural Supervisor. "From 1923 until Dr. Burton resigned in 1928, the school enjoyed a quiet, but steady growth," the new President said.

President Babb particularly stressed the building of the plant from "four antiquated buildings in 1923 to ten magnificent and stately structures today."

"In 1928 the Board of Regents named that dynamic personality, John Howard Payne, as successor to Dr. Burton. For six years he labored vigorously for the betterment of the institution, during which time the student body increased, the standards were raised and the building program expanded," President Babb declared.

**States Aims, Objectives.** Reviewing the increase in standards at Morehead, President Babb said the school had issued 565 Provisional Elementary Certificates, 1239 College Elementary

Certificates, 336 Standard Certificates and 130 College Certificates or a total of 2,260 certificates set out that there were 242 names on the alumni roll, 242 names in 1927 there were only four names. The aims and objectives of the Morehead State Teachers College are three fold—the attainment of knowledge or scholarship, the accent and skill of teaching—and the training for character," President Babb declared.

"A teachers college, in addition to being an institution for training teachers, is a college of the people," he continued. "It is democratic; it reaches the masses; it provides a college within the reach of the middle classes."

Speaking on the sphere of Morehead College, President Babb said that this school should mean much to the people of this section of Kentucky, he declared.

In concluding his 40 minute address, President Babb said, "This institution is young; it has no tradition, but we believe it has a wonderful future with a bright promise and a great service to be rendered."

**Accepts Challenge.** "In all humbleness and with a full realization of my obligations and responsibilities, I accept the position as President and the challenge it carries," he said.

Following a march of the delegates, speakers, students, faculty members, administrative officers and members of the senior class from the Administration building down the boulevard into the chapel, the audience opened the program with "America the Beautiful." The invocation was pronounced by Dr. Henry Noble Sherwood, President Georgetown College. A prelude, "Lohengrin," by the college orchestra, directed by Keith Davis, followed.

Superintendent Peters introduced William H. Vaughan, dean of the Morehead school, who, in turn, introduced the delegates. "Polonaise Militaire," sung by the

en Foster Chorus under the direction of L. H. Horton, head of the Department of Music, preceded Doctor McVey's address. The chorus and orchestra appeared in the auditorium before the program was concluded with the administering of the oath of office, President Babb's address and the benediction given by Dr. John O. Gross, president of Union College.

Delegates introduced by Dean Horton were: William S. Taylor, Columbia University, New York; H. H. Graves, Kentucky Wesleyan College; Frank L. Rainey, Centre College; Henry Noble Sherwood, Georgetown College; Will E. Greenleaf, Marshall College; Stephen, Muskingum College; New Concord, O.; J. J. Oppenheimer, University of Louisville; Willis C. Fisher, Ohio Wesleyan University, Delaware, O.; Mildred Silver, Northwestern University, Evanston, Ill.; A. J. Chidester, Berea College; Richard W. Jagger, Cornell University, Ithaca, N. Y.; Frank L. McVey, University of Kentucky; J. M. H. Amos B. Carlisle, Butler University, Indianapolis, Ind.; Etzel University, Bowling Green Business College, Bowling Green, Ohio; John Owen Gross, Union College, Barbourville; Herman L. Donovan, Eastern State Teachers College, Finley C. Grise, Western Kentucky State Teachers College; J. P. McConnell, State Teachers College, East Radford, Va.; W. Carr, Murray State Teachers College, and R. L. Hohe, University of Chicago.

Following the inaugural ceremonies the day's activities shifted to the college cafeteria where delegates and visitors were entertained at luncheon. At 2:30 the Physical Education Department for Women staged a May Day program on the terrace of the Jean-Camden Library, honoring the County's first president, Dr. Frank C. Burton.

At 7:00 o'clock in the evening the entertainment was a show in the college theater, followed by the inaugural ball in the gymnasium from 9 to 12 p. m.

### 153 Farmers Sign Up Worksheets

(Continued from Page One)  
 and to increase their acreage of soil conserving crops. Group I payments are due for this shift from depleting crops to conserving crops. Group II payments are due on the 15th of this month.

The County Agriculture Agent now has signed up 136 farmers on work sheets in a two week period; he has held 22 meetings at different parts of the county to explain the new conservation and the new soil program and expects to sign 300 farmers for the new Soil Conservation program.

"Under the Agriculture Adjustment Administration program there were 375 farmers signed up in 1935 and only 100 farmers in 1936. The county is a native of Breckinridge county.

"His work here has proven his value to this county and in view of the foregoing.

### J. K. MAC ANDREW

(Continued from Page One)  
 tact with people in all walks of life.

Mr. Mac Andrew's studio, in Chicago is high above Michigan avenue, looking north and east over Lake Michigan. It is the typical work room of the successful artist. His desk, his chair, or that memos of travel, sketches in work, a profusion of brushes and other tools of his profession, and of course, the inevitable tilting drawing board.

We are proud to include the work of Mr. Mac Andrew in "Strange and Interesting Facts" for the readers of the Independent.

### Resolution Made Commending Goff

**County Agent Retired by Fiscal Court; Appropriation Let For This Year**

### REVIEW PAST WORK

The resolution unanimously adopted by the Rowan County Fiscal Court, in session this week, commending the work of County Agent C. L. Goff, reads in its entirety:

"Whereas C. H. Jennings, Judge of the Rowan County Court and offered the following resolution which is in words and figures as follows, to-wit:

**Resolution**  
 "BE IT RESOLVED, That in the person of Chas. L. Goff, the farmer of this county has a true friend and a faithful worker for their interests. That since his employment by Rowan County in 1928 the following improvements have been made in this county through his efforts:

"In 1928 there were approximately 12 flocks of purebred chickens in Rowan County, no artificial breeding carried on, now there are approximately 30 purebred flocks and approximately 100 farms with modern poultry equipment.

"In 1928 there were perhaps four head of registered cattle in this county, now there are approximately 40 head of registered cattle, and we find three times as many registered hogs in this county as in 1928, now there are approximately 100 spray outfits in use in this county.

"Prior to 1928 a few crates of limestone were used in Rowan County, now more than one car per year. In 1935, 1200 tons were used in this county, and under the new Soil Conservation program it is expected that not less than 2,000 tons will be placed on the farms of this county by October 1, 1936.

"The County Agriculture Agent has brought about through the advice and assistance of the county agent, the first and only farm show in Rowan County was done by P. S. Howard at Morehead, in 1934. There were approximately 1000 exhibitors and 25,000 visitors.

"The Agricultural Adjustments Administration of the farmers of this county received for 1934 for tobacco crop, received \$12,000, and for corn crop pay \$4,000. In 1935 corn-hog pay amounted to \$4,000 and tobacco program paid them \$7,000.

"Under the new Soil Conservation program it is anticipated that the farmers of this county will receive between \$30,000 and \$50,000.

"The County Agriculture Agent now has signed up 136 farmers on work sheets in a two week period; he has held 22 meetings at different parts of the county to explain the new conservation and the new soil program and expects to sign 300 farmers for the new Soil Conservation program.

"Under the Agriculture Adjustment Administration program there were 375 farmers signed up in 1935 and only 100 farmers in 1936. The county is a native of Breckinridge county.

"His work here has proven his value to this county and in view of the foregoing.

"Be It Resolved, That the Rowan County Fiscal Court request and petition the University of Kentucky, College of Agriculture, to keep Mr. Chas. L. Goff as County Agriculture Agent in and for Rowan County for the year 1936-37, and that the Rowan Fiscal Court now appropriate the sum of \$600.00 for said period as the County's part for the carrying on of this work for another year."

**AMONG THE COUNTY AGENTS**  
 The vegetable garden is receiving most attention from Fayette county 4-H club members. Graves county farmers have bought 16 high-grade bulls, and are seeking new dairy breeds. In Casey county, 1,000 tons of fruit trees have been ordered. It is reported by the county agent, a Powell county farmer has 33,000 pounds of baled korean lespedeza hay last month for \$16 a ton. Farmers owning 3,500 sheep have entered a sheep protection improvement association in Washington county. Clark county homemakers have bought 12 books for their county.

### Ashland Editor Praises Morehead

Colonel B. F. Forgy, President and editor of the Ashland Daily Independent, who attended the inauguration of President Harvey A. Babb here Tuesday, gave such a graphic description of the ceremony that we are reprinting his article, which appeared under the caption "Way-side Gleanings" in its entirety.

"We drove to Morehead yesterday in company with Attorney John W. Woods and W. E. Faulkner as guests of the Morehead State Teachers College at the services inaugurating Harvey Arthur Babb as president of this institution. It was a great day in Morehead. The streets were gaily decorated with bunting and flags, the people were there dressed in their Sunday best, with visitors from all the surrounding territory. There were delegates from some thirty odd colleges and universities, from a dozen different states or more to participate in these exercises.

The inauguration proper was held in the college auditorium and this large hall was filled to capacity. Harry W. Faulkner, superintendent of public instruction acted as master of ceremonies and did a good job of it. Appropriate music was furnished throughout the day by the college orchestra and the Foster Choral Club. These two musical organizations presented some selections which would do credit to any college of the country.

William H. Vaughan, Dean of Morehead State Teachers College, introduced all the official delegates who represented the different colleges referred to above. Governor Albert B. Chandler was heard by pressing duties at Frankfort and hence his address was omitted from the program. The two principal addresses were delivered by Dr. Frank L. McVey, president of the University of Kentucky and inaugural address by Mr. Babb. Dr. McVey discussed at some length the case of our educational institution in Kentucky and also suggested the remedy for improving circulating library.

Food for the pre-school child has been the object of study by the Kenton county homemakers. Thirty Bell county farmers sown 1,553 eggs last month at top market price.

Approximately 10,000 sheep have been insured in Mercer county, and many farmers are still planning Corn LeSpedeza.

Christian county negro farmers have planted 250 bushels of potatoes, 1,065 quarts of peas, and set 5,640 cabbage slips.

Henry Fields of Breathitt county sold several hundred spring fryers to Hazard coal mines.

Approximately 50 per cent of the lambs raised in Taylor county will be docked and castrated this year.

Many Russell county farmers are retiring their seed corn this season.

NEWEST DEVELOPMENT IN CARPET AND RUG CLEANING BY HILD SYSTEM SERVICE

As licensed operators we bring you the finest workmanship - guaranteed protection against shrinkage - at prices actually lower than average for ordinary good cleaning. We use a cleaning fluid, which restores the original color and moth proofs. We also clean tacked down carpeting on your own floor.

upon some of our shortcomings. He said all our progress should be made with an idea of understanding the pupil's condition. He said we talk a great deal about what we should do, but it was mostly lip service. He said we need better trained teachers, need a better background and a better idea of our social order. He also said that there is too much misunderstanding. He also said that the ordinary citizen needs to be educated in regard to our school system. He said we cannot make proper progress with only a picked few to carry on.

In concluding he said that education is the basis of our democracy. We should formulate our plans to make a better citizenship and then have the courage to put them into execution.

President Babb delivered an interesting address, the main points of which were published in Tuesday's Independent. All the visitors were entertained in the college cafeteria at one o'clock with a delightful fried chicken dinner. After this the

big audience assembled on the campus and listened to a wonderful program of music, with a great deal of singing. The development of the Morehead State Teachers College concluding with a bevy of girls planting the Maypole.

This was really a red letter day in the history of Morehead. We were cordially received by all our good friends in Morehead and delighted with what we saw and heard. The Morehead State Teachers College is growing to be one of Kentucky's most influential educational institutions. It is doing a great work in eastern Kentucky, some of the results of which we will write about at another time.

### These Three' On Screen At College

Meryl Oberon, Miriam Hopkins, Joel McCrea Take Leads In Cinema

The College Theatre brings to the screen Friday, "These Three" with such outstanding stars as Meryl Oberon, Miriam Hopkins, and Joel McCrea.

Karen Wright and Martha Dobe graduate from college together and set out to find an old house. Karen owns in Connecticut, which they plan to convert into a school.

With the help of Joe Cardin, a young doctor practicing at the local hospital, they effect an amazing transformation in the dilapidated old mansion.

Mrs. Tilford, a pillar of the local community, sends them her grand daughter Mary as their first pupil and recommends the school to all her friends.

Fourteen young girls are enrolled when Mrs. Lily Mortar, Martha's silly, sponging actress aunt, swoops in and insists upon establishing herself as education instructor.

Karen and Joe fall in love and plan to be married. Martha uncovers her love for Joe.

One night Joe kills on Karen, and finds her absent. Martha is painting furniture in her room and invites him to help her. Exhausted after a trying day at the hospital, he falls asleep on the couch.

Mrs. Mortar sees him there and, of course, misconstrues his presence.

Mary Tilford, meanwhile, has proved a vicious child, giving to the lying and lovestealing the other girls. Her chief victim is Rosalie Wells, whom she knows has stolen a bracelet.

Rosalie and another child overhear Martha's aunt making unmistakable insinuations about her and Joe. They tell Mary what they have heard. She runs away from school, forcing Rosalie to accompany her.

Arrived home, she tells her grandmother a distorted and maliciously compounded story of the "goings on" at the school and compels Rosalie to confront L. Horrified, Mrs. Tilford has all her friends remove their children.

Bewildered, Karen, Martha and Joe confront Mrs. Tilford for an explanation. Mary and Rosalie repeat their story. Martha brings a libel suit against Mrs. Tilford, but the case is lost. The scandal causes Joe to be dismissed from the hospital. Joe tells Karen to come to Vienna where he can get a post, but she refuses, confessing the doubts that have been haunting her. Crushed, Joe tells her if she ever tells she can believe him, he'll be waiting.

Finally Martha persuades Rosalie to confess the truth. Mrs. Tilford acknowledges her mistake, but Martha assures her it is too late to make reparations. Mrs. Tilford then goes to Karen and

### Development of Statewide Homecraft Industries Aimed

Two exhibitors such as this were the cradle of homecraft industry in the early days of Kentucky. Festival of this activity some time ago was presented by sponsors of the Outward Kentucky Exposition to be held at the State Capitol in Frankfort on June 8th-9th-10th. If you are looking to see examples of your best work on display, you may win a cash prize and you will surely bring a worthy competitor.

The creating of unusual, handmade articles in rural homes and shops may again be developed into a profitable business, the Shakertown Country-side Industries has been launched. Interest in this plan to organize individual counties in the production of standardized articles has brought into the movement many prominent men and women who sense the value of increased earnings.

To discover articles which can be marketed in quantity, the Outward Kentucky Exposition will be held in the Capitol Building at Frankfort, June 8th, 9th and 10th. On the last day, Sunday, the doors will be open from 1 to 6 p. m. only. No admission fee will be charged and no articles will be for sale.

### Allotments For Illiteracy Made

Ten Teachers in Adult Program Now Employed in Rowan

#### PLAN OTHER WORK

By TED CROSTHWAITTE

For many years educators have known that something should be done to decrease the number of illiterate persons in the United States, but very little concentrated effort to correct this condition was apparent.

Just prior to the 1930 census the national administration made a drive to decrease illiteracy in the United States in order to make a better showing on the census.

At this drive gained little impetus because insufficient support was given the program of local resourcers, the girl hurries to Vienna and Joe.

units. With the advent of the Federal Relief Administration much attention has been centered on this phase of education. The program was first begun to give unemployed teachers a job as well as to build up the moral of the people by giving them needed training and instruction. As the program progressed the need for a more permanent program was apparent and the aim changed from a relief program to a permanent organization for the education of adults above school age. The work was enlarged to include workers education, parent education, vocational education and general adult education in addition to the education of the illiterate. The program was taken over by the WPA in December 1935 and set up as a work program and has been continued by the WPA since that time.

Kentucky and Rowan county have been fortunate in receiving generous allotments for this work. At present there are 10 teachers in the adult program in this county. They have enrolled in their classes over 200 adults over 16 years of age. Some of them are learning to read and write for the first time, others receive the benefits of typing and shorthand instruction, the remaining persons receive instruction in sewing, parent education, handcraft, letter writing, current events, and general elementary instruction. In no case are persons enrolled in these classes who would receive the desired training in the regular school system of the county or state. People who have visited these classes are enthusiastic in their praise of the work and are interested in an enlarged program for our county.

At the same time that the adult program was begun under the relief administration, there was started a system of Nursery Schools for the training of preschool children are their parents. This program teaches the children how to play together, how to eat, how to dress, and in many ways fits the child for his later school life. At the same time the parents are given instruction in the care of their children and in teaching them proper habits. Careful check is made on the child's habits and periodic reports are made to the parents with suggestions for correcting these habits in the home as well as in the school. When the transfer was made from the relief administration the WPA also took over the Nursery Schools and have given them splendid cooperation in their work. The daily schedule for the children includes a mid-morning lunch and rest period, a noon day meal, a nap period in the afternoon, rhythm games, stories, songs, and play in the fresh air.

A noticeable improvement in health of the child is noticed after he enters the school. No formal instruction is attempted in the nursery school, but the child is left free to mould, draw or build to suit his or her own taste. At present there are about 40 children enrolled in the Nursery School in Morehead and 2 teachers and a cook make up the personnel of the school.

The WPA has made possible the care and instruction of these two groups of people who are not considered in our regular school program and they are to be complimented on this work.

### Errors Result In Pirates' Downfall; Flanders Win 15-6

Visitors Score 11 Runs in 9th Inning Overcoming 6-4 Morehead Lead

**DALE DEBATED WITH FIRST DEFEAT HERE**  
Locals Commit 9 Bbles in One Frame; Dave Leslie Homers in 8th

The Morehead Pirates fell victims here Sunday to an eleven-run barrage by Flemingsburg, resulting principally from miscues on the part of the local boys. Going into the last frame the Moreheads were in the lead 6-4, but lost out 15-6.

Leadoff starting hurler for Flemingsburg, was forced to leave the mound in the seventh inning, when Morehead scored four times. He was replaced by Lou Gavin who received credit for the victory. Woodson Dale hurled a beautiful game for Morehead, but his own errors and miscues on the part of his teammates resulted in his downfall. Morehead made nine errors in the last inning, about as many as they generally commit in seven or eight games. Dale was replaced by Leslie in the last frame, but Woodson received credit for the defeat.

Flemingsburg opened the scoring in the second inning as Plymale singled, advanced to second on an infield out and counted on Gavin's single through first base. Both teams scored in the first frame. The Pirates on Fraley's base on balls, stolen base and Vinson's single, took a 3-1 advantage. The Pirates did not go into the lead until the sixth when four bases on balls, an error and Ison's ringing triple to deep left pushed across three scores. Morehead made another run in the seventh on Vinson's triple and Carter's single. Dave Leslie hit a home run in the eighth to conclude Morehead's scoring.

### Bold Venture Wins Kentucky Derby

Bold Venture, the longest shot winner in 14 years, won the 62nd Kentucky Derby by the greatest crowd ever gathered for America's most spectacular horse race.

To the astonishment of the overflow throng of 62,000 spectators and confusion of the form players, Bold Venture stood off a terrific stretch challenge from Brevity, then a 5 favorite, and won by a scant head in a hard-driving, whipping climax to the struggle of three-year-olds.

Owned by Morton L. Schwartz, New York sportsman, Bold Venture paid \$43 for each \$2 mutuel ticket, as well as \$11.80 to place and \$6.60 to show. The winner's prize, equivalent to \$20.50 on the dollar, was the biggest since Exterminator, the celebrated "Old Bones" of the turf, finished the front in 1918, and paid the total of \$29,400.

Bold Venture's victory, worth \$87.25 to the colt's owner, out of a total Derby purse of \$48,150, climaxed a thrilling sequence of events, all packed into slightly more than two minutes of thrilling excitement, stunning surprise and uncomprehending tactics.

### Alfrey Issues Six Licenses to Marry

Marriage licenses issued during the week by Rowan County Clerk Vernon Alfrey include Alva Griffin, 21, single, laborer, of Bet, Ky., Edith Sparks, 21, single, of Upper Tygart, Ky., W. M. Kiskic, 42, widowed farmer, and Mary L. Swinn, 49, widowed, both of Farmers, Ky., G. Clyde Angle, 35, single, laborer and Frances Marie Saunders, 29, single, both of Salt Lick, Ky., Luther Law, 25, single, farmer, and Vada Sloan, 19, single, both of Vale, Ky., John Hood, 30, single, farmer and Leora Hogge, 29, single, both of Craney, Ky., Glenn Clay, 30, single, clerical worker, of New Castle, Ind., and Opal Stone, 22, single, of Olive Hill.

Cheese factories at Corydon, Ind., are increasing volume of business, according to plant purchases by local owner.

The ninth inning was a nightmare for the Morehead players apparently couldn't get into the game on anything, while Dale was slightly wild and Flemingsburg gained the decision on two or three very close plays.

The 11 runs were scored on only four hits. The Flanders connected for 11 safe flows during the game, while Morehead was getting seven. Vinson was the only Morehead player to hit safely more than once, vetting a triple and single, but his sloppy work offset it. Rough hit safety three times for winners.

### Eagles Favored To Beat Eastern T. C.

Richmond Team Has Had More Experience; Locals Are Good Hitters

By virtue of a victory over Louisville in their only start Coach Downing and his Morehead College baseball team will rule favorites over Eastern when they meet Richmond Saturday night. Eastern will have the advantage of more playing experience, but Morehead has possibly a harder hitting club, and better-than-average pitching.

### Sunday Important In Christian Drive

Eleven Weeks Campaign To Close With Final Group Report

Sunday will be an unusually important and large day at the First Christian church. Mother's Day will be observed; the 11 weeks campaign will close with its final report; a picture will be taken of the assembly Sunday morning; and at night two one-act plays will be given.

Mother's Day services will open at 9:45 a. m. with the Bible school hour. A service will follow at 10:30 a. m. The church members are urged to be present for the occasion. During the morning service a picture will be taken of the assembly. A revolving camera will be used and an unusually good picture will be made. Every member of the church and all members of the church families are urged to be present for this important service.

The pictures will cost only \$1 each and everyone possible is asked to take one as a keepsake and souvenir. During the morning service the five division leaders will make their final report for the campaign. This campaign has been unusually successful. Ever since the opportunity to make a memorandum of the campaign which will be credited to the division to which the donor belongs. This, however, is a free-will gift as anyone may like. Everyone is urged to be present not later than 10:29 a. m.

By unanimous and popular request the two one-act plays that the young people gave at the gymnasium of the Consolidated School last Monday night will be repeated Sunday night in the church. No admission will be charged but a silver offering will be taken. These plays were judged by the present as among the best given in the city in a long time. The general public is invited to come and enjoy these plays. The song and music service will begin at 7:30 p. m. and the plays will start at 8:00 p. m.

A special Gospel invitation will be given at the morning service and it is expected that several will respond in this annual Mother's Day service. Stone Jackson's picture was recently in the Courier-Journal, and

### SHOOTING THE WORKS.....

Morehead College has gone in for more spring sports than ever before. Heretofore baseball and spring football about completed the program at the teachers college, and last year baseball was stricken from the list because it was virtually impossible to schedule enough games for a satisfactory card.

This spring the institution not only has spring football, but a return to baseball, a tennis team and a swimming team. A little later the college diamond ball league will be organized.

Forward steps are being made both in the men's and women's physical education departments at the Eagle institution. A good track team would round out the present two years. However, it will be interesting to note the progress of the Morehead High School Vikings next year under the new coaching regime.

There is no denying that Roy Holbrooks turned out winner at the Morehead school but that athletics have been at a low ebb for the past two years. However, it can also be admitted that a coach's succeeding Holbrooks is no small feat. The records of the school show that Holbrooks' ranked among the tops in this section of Kentucky.

Claude "Tuffy" Clayton will catch his first full game, according to advance reports, Sunday. The Morehead backdrop recently had an accident and has not fully recovered. For this reason he played only a part of the Pirates first game, and did not get in a uniform Sunday. However, the Morehead club will be making a mistake if they let Wallace Fannin go. Fannin has caught two big game in his only start this year. He is a conscientious, hard-working, clean cut and clean thinking player. He is somewhat handicapped by size, position being of Ashland on child welfare and legion membership. "National Defense" was the topic of the address by Carter D. Stamp.

he was holding one of the nicest muskies we have ever viewed. Stone, that muskie looks a lot like the one that Professor Haggan caught.

The 11 runs that Flemingsburg scored here Sunday in the biggest rally that anyone can remember in one inning at Jayne stadium, it was demoralizing too, the Morehead players had their ball game sewed up.

Oscar Bortman picked the winner of the Kentucky derby, and what's more he played him. Mildred Walter took Bortman's word for it that Bold Venture was the horse and she dragged down 43 pesos on a wager of "2 smackers."

It is unlawful to fish during the month of May except in private ponds or lakes. Game wardens are trying to drive this message to the people, but from all reports it is not being heeded in many cases.

### Morehead Wins From Louisville

Arzen's Home Run in 9th Ties Score; After Teachers Blow Lead

After blowing a five-run lead, the Morehead Eagles came from behind Friday in the last inning, to defeat the University of Louisville Cardinals at Louisville, 9-8.

Morehead gained a 7-2 advantage in the sixth inning but Louisville forged ahead 8-7 going into the ninth. Arzen tied the score up in the last inning with a ringing home run. The temporarily demoralized Cardinal outfit were the victims of a brief rally that netted Morehead the winning tally.

Dave Leslie pitched the entire game for Morehead, and could have won by a larger margin with fair support. Vinson also hit for the circuit for the winners.

### Many Addresses At Legion Meeting

3th District, In Convention Here, Select Carlisle For Next Meet

STATE MAN IS HEARD

Many prominent state speakers appeared on the program at the meeting of the Eighth Kentucky District of the American Legion here last week, at which the local Corbie Ellington Post was host. A welcome to the visiting Legionnaires and families was delivered by H. A. Spruelock, local commander. Jack West, speaking for the Mayor, also extended them a welcome.

Mrs. Barrett, President of the Auxiliary of Kentucky and Mrs. Hoffman, Ninth District committeewoman gave addresses. One of the highlights of the program was the address of Tom Burreth of Ashland on child welfare and legion membership. "National Defense" was the topic of the address by Carter D. Stamp.

he was holding one of the nicest muskies we have ever viewed. Stone, that muskie looks a lot like the one that Professor Haggan caught.

### Swimming Started As New Sport Here

Swimming was inaugurated as an intercollegiate sport at the Morehead State Teachers College this evening as the local team, coached by Earl King Senff, engaged the University of Kentucky swimming team.

Members of the Morehead team are Hofstetter, Marshall, Hall, Morris, Henderson, Bradley, Jackson, Bors, Payne, Bill, and Hope. Events in the meet were 120 yard freestyle relay, 60 yd. breaststroke, 60 yd. backstroke, 210 yd. freestyle, 60 yd. freestyle, 90 yd. freestyle, diving contest, and the 180 yd. medley relay.

er, Beattyville, post Kentucky department commander. James Hammond, Department Commander of Kentucky and Tom H. Hayden, Jr., Department Adjutant of Louisville each delivered addresses.

It was announced that the Ninth District meeting for the purpose of selecting a district commander will be held at Carlisle Sunday, June 14.

Water works system to be completed July Greenburg, Ky. at cost of \$50,000.

This advertisement, under Section 2072 of the Kentucky Statutes (Carroll's Edition, 1915 and 1922), as amended by the Act of the General Assembly of Kentucky, Chapter 79 of the Acts of 1922, approved March 22, 1922, to comply with the law and set forth the following: On the 2nd day of January, 1925, by commitment of the County Court of Rowan County, Kentucky, an infant named Ora Templeman, of female sex, and six (6) years of age, was committed to said Society as a neglected and dependent child, and said Society will, in conformity with said Section as amended proceed in due course to consent to and consummate the adoption of said infant by an Adoptor and accord to such Adoptor the parental control of the infant. This advertisement is inserted and published once a week for four weeks in the Morehead Independent, a newspaper published in Rowan County, Kentucky, and the newspaper prescribed by said Section as amended.

KENTUCKY CHILDREN'S HOME SOCIETY. W. E. Ewing, President. 20-14-21c.

### Flemers - Pirates Meet In Return Tilt Sunday Afternoon

Both Teams Strengthened For "Rub" Game; Morehead Adds Players

CLAYTON, CARTER, FRALEY TO MANAGE OUTFIT

Keatley and Dale Probable Starting Hurlers; Leslie May Get First Nod

The third game of the baseball series between Morehead and Flemingsburg will be concluded at Cooper Field, Flemingsburg Sunday.

Both teams have won one game—the Pirates triumphing in the first game 10-4, while the Flemers captured last Sunday's battle by virtue of a ninth inning 11-run rally.

The Morehead club will be managed Sunday by Claude Clayton, Lawrence Fraley and "Duke" Carter—the big three in their lineup. The roster of players includes the strongest team that the Morehead aggregation has ever played on the field.

To meet the expected stiff opposition Sunday by Claude Clayton, Manager Tom Hall has gathered a bunch of stars at Flemingsburg. The prospect is for the best game of the series. Lefty Keatley, who has already seen pitched from the box twice by the Pirates, will again get the starting nod. Woodson Dale, who holds one victory, and has also been debited with the loss Sunday, will probably start for Morehead, with Dave Leslie held in reserve.

There will be considerable shifting in the Morehead lineup while new faces will be seen. The game will get under way at 2:30, Central time.

The probable lineup: Morehead Flemingsburg  
Fraley, 2b ..... H. Hauck  
Arzen, 1b ..... B. Elms  
Vinson, 1b ..... C. O. Craycraft  
Carter, 2b ..... B. Plymale  
Ryan, 3b ..... S. Martin  
Varny, 1b ..... S. Martin  
Ison, rf ..... S. Craycraft  
Clayton, c ..... B. Plymale  
Leslie or Dale, p ..... W. Keatley

Long term lease given in Danville, to Warner Bros, for establishment of modern motion picture theater.

### State Homecraft Industry Revival Will Aid Many People

Makers of seasonal articles are urged to order quantities of their work at June 2-6; where application to be held in State Capitol at Frankfort.

In Kentucky a few women still make small quantities of fine woven fabrics on old fashioned looms. In scattered homes, unique goods are produced, and these are favored for celebrations are fashioned by deft fingers. Where fine articles abound, pottery of a distinct type comes from the wheels of craftsmen whose ancestors made earthenware. Because these enterprises have come into being without any attempt at standardizing the product or advertising, they have had no opportunity to grow that many other people might be kept busy. It is this situation which has made the Oward Progress Commission, Capitol Building, Frankfort.

### THOUGHTS

Sometimes I close my eyes and suddenly a deer swings wide upon my inner sight.

Where mirth and love, and grief fly back to me,

And hidden thoughts that never come to light,

And strangely all around, like restless birds,

That circle endlessly a narrow room,

The air is filled with wings, and living words

Dart back and forth across the curtained gloom.

Then I roam out with groping hands and snare

Their swift bright splendor, cage their fluttering.

And still their wings, that all may see and share

Their brilliant burnished beauty, hear them sing,

For thoughts to me are strange and lovely birds,

And poems caress for imprisoned words.

—GETCHEN P. JONES

### Have Saturday Afternoon Guests

Dean and Mrs. W. H. Vaughan had as their Saturday evening guests, Mr. Vaughan's brother, Mr.

Vincent Vaughan and Mrs. Vincent of Whitesburg. Their Sunday guests were Mr. and Mrs. T. Woods and children, Kathryn, Billy, and Mr. Phillip Carter, all of Louisa. Mr. Woods is the brother of Mrs. Vaughan.

**Rev. Perkins, Former Pastor, Pays Visit**

Rev. A. R. Perkins of Somerset was the guest of Mrs. Leora Hurt and Mrs. T. B. Tippet Monday Tuesday at their home on West Main avenue. While here, Rev. Perkins attended the inauguration exercises. He will be remembered as the former pastor of the Methodist church in this city.

### Senior Class to Present Play

The senior class of the Morehead High school will present their annual play, "After You're Next," Thursday evening, May 14, in the gymnasium of the school. The play, in brief, concerns the author who is writing a book entitled "Will She Believe Me?" and is finding it difficult to obtain a publisher's pleasing conclusion. To assist him in his plight, he advertises for a ghost, so that he might observe their actions, and profit by them in reaching his goal. Among those who inadvertently "drop in," is the author's aunt and bring about a startling climax, the author's wife unexpectedly returns from a last members of the cast are:

Joe Williams Paul Delman  
James Hamilton Marie Delman  
Sam Reynolds Pat Bradstreet  
Glada Burton Mary Jones  
Elizabeth Jenkins Pansy Delbor  
Marcel Caudill Phil Young  
Irene Hall Peaches  
Murrel Hall

George Washington Lafayette  
Pat Bradstreet Skaggs Kate  
Maxie Mauk Mrs. C. U. Later  
Corinne Bradley Camille  
Miss Thelma Allen, instructor  
in the high school, is directing the play.

### Bridge Club Met Thursday

The Thursday Afternoon Bridge club met last Thursday afternoon, April 30, at the home of Mrs. C. D. Daugherty of Fifth street. Winners for high and second high scores were Mrs. Bud Manuel and Mrs. Edward Bishop, respectively. The next meeting is scheduled for Thursday afternoon, May 7, at the home of Mrs. Earl May of Second street.

### Give Picnic Party at Car's

A picnic party was given Monday afternoon, May 4, by Mrs. H. A. Babb and Mrs. O. P. Carr in honor of the birthday anniversary of their daughters, Miss Malvina Orene Carr and Miss Edna Baker. Members of their respective classes were invited and about thirty were in attendance.

### Attend Dinner at Lexington

Mrs. Alice Palmer Morris and Mrs. W. H. R. Cadden at a dinner at the Lexington Country Club Monday evening, May 4, given by

the Lexington branch of the American Association of University Women, honoring Dr. Kathryn McHale, National General Director, whose headquarters are in Washington, D. C., and Mrs. F. Atkinson, of Minnesota, who is the National Fellowship Chairman. Mrs. Morris is the president of the Morehead Chapter of the A. A. U. W. and Mrs. Rice is on the State Board as the district Fellowship Chairman. Delegates from Richmond, Danville, Wilmore and Morehead attended the dinner and met the speakers with inspiration. To our state officials, to the delegates who represent other educational institutions, to the visitors and our guests, and to everyone present, we extend the sincere greetings of the college; we salute you; we welcome you here; by your presence you honor this event and this institution.

**Woman's Club Honors College Senior Girls**

The Morehead Woman's Club will give their annual banquet, Monday evening, May 11, at the Christian church, at this time honoring the Morehead College State Board as the guest of honor for the evening will be Miss Kitty Conroy, instructor in the University Training school at Lexington. The banquet will begin promptly at 6:30 o'clock, and all members are urged to contact Mrs. G. D. Downing for reservation arrangements.

Mr. and Mrs. H. C. Lewis had as their guests Sunday afternoon, Mrs. Espy Maze, Mrs. Elizabeth Montague and Mrs. Potts of Ashland. Mr. and Mrs. Will Ault of Richmond.

Mr. and Mrs. James Clay were business visitors in Lexington Thursday.

Mr. Walter Winston Carr is confined to his home on Boys avenue with an attack of influenza.

Mrs. Robert Anglin and Mrs. O. B. Egan were shopping in Lexington Friday.

Mrs. G. D. Downing spent Friday in Lexington, shopping and with her mother, Mrs. Edna Crum.

Mr. and Mrs. Mert Ridge left Wednesday for their home in Atlanta, Georgia, after spending a few days with Mrs. Ridge's parents, Mr. and Mrs. J. A. Amburgey.

Mr. and Mrs. Lester Hogg spent Friday in Lexington.

Mrs. H. C. Hagan, Lindsay Caudill, Matt Cassidy, O. P. Carr and J. D. Falls spent Friday in Lexington where they enjoyed the May Day festivities of the University of Kentucky.

Miss Mae McCoy Adams of Ashland is spending this week at the home of Mrs. J. E. Adams. Miss Adams is conducting several buildings as possible rooming houses.

Mr. and Mrs. Robert Featherstone, Sr., and Mr. and Mrs. Robert Featherstone, Jr., were Sunday guests of Coach and Mrs. G. D. Downing and family.

Miss Ethel Patton and Mrs. Myrnie Wiley of Soldier were Tuesday guests of Mr. and Mrs. E. D. Patton.

Dr. A. L. Crab of Nashville, Tenn., delegate from Peabody College to the President's inauguration here Tuesday, was the guest of Dean and Mrs. W. H. A. Vaughan during his stay in Morehead.

Mrs. C. E. Bishop was shopping in Lexington Friday.

Mrs. H. C. Lewis and son, Jack, and Miss Nanette Robinson spent the week-end in Ashland with Miss Robinson's father, Mr. Green Robinson.

Mrs. Effie Miller of Pulterton spent this week with her daughter, Mrs. W. E. Crutcher.

Mrs. Clarence M. Allen of Lexington left Friday for her home with her parents, Mr. and Mrs. Robert Young of Main street. She was accompanied home by Mrs. Russell Meadows who was her week-end guest.

Mr. and Mrs. E. D. Patton attended the graduation exercises at Soldier Monday evening. Miss Fay Miller met her sister, Mrs. R. K. Gummick in Louisville Wednesday.

Mrs. Pearl Miller of Charleston, W. Va., was visiting Mrs. R. R. Miller over the week-end.

## HIGHLIGHTS

Of Inaugural Address Gift by Pres. H. A. Babb

Highlights in the address delivered by Harvey A. Babb at his inauguration as president of the Morehead State Teachers College: "The cordial greetings and good will which you bring to this institution and to me personally on this occasion, stir me with emotion and lift me with inspiration. To our state officials, to the delegates who represent other educational institutions, to the visitors and our guests, and to everyone present, we extend the sincere greetings of the college; we salute you; we welcome you here; by your presence you honor this event and this institution."

"Due to increased enrollment and popular demand for courses above the two year level, in 1926, by legislative act, the name of this institution was changed from the Morehead State Normal School to the Morehead State Normal School and Teachers College. Later it was changed to the Morehead State Teachers College."

"In 1928, the President's home and this auditorium-gymnasium building were erected. In 1931, the Breckinridge Training School, the Library building and the concrete stadium on the athletic field was constructed. In 1933, the Sent Natatorium, the tenth and last building erected on the campus, was completed."

"The first college class, composed of four men, was graduated in May, 1927. The institution, with a considerable degree of pride there are 242 names on the alumni roll."

"The attainment of scholarship and a mastery of the arts of teaching constitute the companionate purposes of the teachers colleges in the education of teachers."

"Today, I should like for us to think of the functions, aims and objectives of the Morehead State Teachers College, a being, not two-fold but three-fold, in purpose: first, the attainment of knowledge; second, the securing of the requirement of the mastery of the art and skill of teaching, and third, to train for character."

"Fifty-three of our college teachers, or 91 per cent of our faculty have completed one or more years of graduate work."

"This is above the average for teachers colleges throughout the United States."

"Owing to the nature of its functions and purposes, the training school is quite often referred to as the corner-stone of the teachers' college."

"There are enrolled in our training school, from the first to the twelfth grade inclusive, 354 pupils."

"Society is increasingly demanding that teachers college produce teachers who possess sound character... for service in the public schools."

"The old-time church schools were not wholly wrong when they advertised in their catalogs that for a certain sum of money per year they would train students in the various scholastic branches."

and would, in addition, 'mould Christian character'.

"A teachers college in addition to being an institution for training teachers, is a college of the people."

"The greatest thing that America is trying to do is to give the greatest amount of education possible to all the people and the teachers college is making the greatest success in bringing this about."

"Morehead is a state institution. It derives its income from student fees and from public taxation. Its obligation and responsibility, therefore, is to the citizens of the state, and particularly of eastern Kentucky, which section it is best able to serve."

"This is your college and it offers you its service. The Morehead State Teachers College welcomes the youth of Kentucky."

"When we think of the almost phenomenal growth and development of the institution during the last 12 years; when we consider the services already rendered; when we look upon this spacious campus and the new, modern and splendidly equipped buildings; when we take into account the vast territory of eastern Kentucky and its youth yet to be served, we feel the challenge of the obligation and the responsibility. As attached to the presidency of the Morehead State Teachers College."

## WPA Music Group Plan Two Concerts

First Program In Afternoon  
Of May 9 To Be Rerendered Free

JEAN THOMAS TO DIRECT

The workers in the WPA Federal Music Project will present two programs of Old Time Music at the Courthouse in Morehead on Saturday, May 9th.

The first program will begin at 2:00 P. M. and will be free to everyone. The second program will begin at 7:30 P. M.

Arrangements for the program are under the direction of Jean Thomas of Ashland and local sponsors of the WPA Project. Several players from Boyd county will take part in the program along with the local players. You will have an opportunity to hear a dulcimer, a primitive musical instrument, for the first time in Boyd county, played by John Smith of Boyd county. Also appearing are Canas Williams, fiddler; Woodrow Browning, mouth harp; Elizabeth Flat and Eula Gullett, singing with guitar; and many local players and singers.

There will also be a display of materials from the WPA Adult and Nursery Schools in connection with this program.

\$140.00 spent on five sewer projects in Owensboro, Ky.

## Business Pick-up Shown in Kentucky

Retail trade during the greater part of the United States suffered by comparison with the turnover of the previous week and the same period last year, according to reports to the Department of Commerce from 32 cities just received by its Louisville District office. The reports, however, were not of particular significance inasmuch as the current comparisons were made against the peak of Easter buying for this year and last. Cold weather continued to be a retarding factor generally in Philadelphia. Sales of shoes during the first quarter of 1936 increased 10.5 per cent over last year.

Louisville reported important retail establishments show Easter buying was 16 to 20 per cent ahead of preceding year. Slight retrogression is reported from wholesale houses, except building materials, plumbers and electrical supplies.

Summary of sales of burley tobacco in Kentucky for period December 1, 1935 to April 1, 1936, show 172,675,868 pounds sold for \$32,225,888 as compared with receipts of crop for preceding similar term of \$31,708,266. Dark tobacco sales for similar period were 48,319,802 pounds sold for \$3,721,940 as compared with receipts from sales of \$3,204,315 for crop preceding year.

Indiana farmers planning planting of 4,200,000 acres of corn this year, almost 250,000 in excess of previous year. Decrease in oats acreage is being shifted to soy beans and hay crops; increased acreage intended for barley, tobacco, cow peas, spring wheat.

Tremendous construction program, diversified as to industries and projects, continues to develop in Kentucky.
