### Report 2 Cases of Spinal Meningitis In County Tuesday

Warren Patton, 60, and his 13 year old daughter, living in the house on Bull Fork near Blue-Blaine, are in a critical condition following a spinal meningitis attack. Dr. Evans said. The health physician said it was the first case since the establishment in Rowan county.

A revival meeting at Blue-Blaine was ordered closed today by Dr. Evans, and the populace in that section warned to stay clear of the Patton neighborhood. Evans said the cases were reported to him by Dr. G. C. Nickell, who was called to attend the stricken person.

Summum is expected to arrive here this afternoon and will be administered immediately. Evans said.

Dr. Evans said that the patient recovers in approximately 50 percent of the time, and that the only means of preventing the disease is by the use of the vaccine.

### Reverers Cancel 'Royal Blood' Play

Instead of climaxing their year's dramatic activities with a presentation of the play, "The Royal Blood," as originally billed, the Reverers Dramatic club will give three original, Morehead College plays, one-act performances on Saturday, May 23.

The dramas to be presented are the three rated highest in the recent play-writing contest sponsored by the Reverers.

Paul Holman's, "Flotium," was the prize winning play. The other two that will be given are "The Construction," by William Toran and "A Great Old Lady," by Lucille Blacklock. Eleven plays were entered in the contest.

### To Award Medal

Mrs. Gertrude Snyder will award the Snyder Medal, given each year by herself in memory of her late husband, to Richard Lewis, Morehead High school senior at commencement exercises.

### Rumored That Two Celebrations May Be Held Here This Summer; School And Agricultural Fair Change Studied

Two celebrations in Morehead this summer, designed especially to attract people from the rural sections, appear probable.

### 'TEETH' PUT IN BUS REGULATIONS

Certain Specifications Must Be Met By Bidders; Board to Let Contracts For 6 Rowan Consolidated Routes on Monday, June 1st

Drivers and school bus franchise holders in Rowan County will be forced to observe a strict and specific list of rules and regulations that really have "teeth" in them. Superintendent of Schools Roy E. Corneite said this morning in asking for bids on the routes.

The regulations were drafted by him and approved at the meeting of the Board, Corneite declared. "They are designed to insure a safe and comfortable transportation for students riding buses, besides setting out a schedule that must be followed."

Corneite said that the contracts this year will be for a 2 year period instead of 1, as in the past, so as to allow purchasers of new equipment, in order to meet the regulations, a chance to use the buses for a longer period before the carrying out of the contract besides the usual \$10,000 public Liability and Property Damage Insurance.

### John Y. Brown Will Address Graduates

Principal Speaker at Morehead H. S. Commencement Exercises

John Young Brown, Lexington, former Congressman, commissioner of the State Auditor and for many years a luminary in politics in Kentucky will deliver the commencement address at Morehead High school graduation exercises Thursday, May 21.

Eighteen seniors will be awarded diplomas at the commencement ceremony held in the Christian church Sunday with Rev. H. L. Moore delivering the sermon. Class day program is set for Wednesday morning in the gymnasium.

Seniors to receive diplomas, as given by Princeton, John B. Burdette, Richard Lewis, Burdette Egan, Bradest Skaggs, Sam Reynolds, Leona Williams, Pearl Corneite, Delmer Lewis, John Kinney, Joe Williams, Irene Hall, Fred Netherly and James Justice.

### Joe McKinney Hurt In Auto Crash On Highway 60 Sunday

Rowan Circuit Clerk Returned To Home Tuesday After Treatment

CRASHED THROUGH MOTORS WINDSHIELD

SHOWED REMARKABLE RECOVERY IN LEXINGTON CLINIC WHERE HE WAS RUSHED

Joe McKinney, son of Mr. and Mrs. A. B. McKinney and Circuit Clerk of Rowan county, was injured seriously but not critically early Monday morning when his car left highway U. S. 60, a mile east of Morehead and crashed into the ditch.

McKinney's head crashed into the windshield and the metal framework. Claude Kessler, who lives near the scene of the crash gave him first aid treatment, after which he was rushed to the Good Samaritan hospital at Lexington.

The accident happened at 3:00 a. m. McKinney was returning from work, when he had taken Allie Holbrook, Soldier High school coach.

It was believed at first that the accident may prove fatal, but McKinney showed remarkable recovery in the hospital and was returned to his home here Tuesday.

CONTEST CLOSES ON SATURDAY, MAY 23rd

Supporters of Candidates Urged To Give Subscriptions Immediately

It might be interesting to the public to know that this is one of the closest races by far, that the Independent campaign has had for some time. The difference in some of the closest races is just about where it was prior to Saturday night.

### Morehead Seniors Give Play Tonight

'After You I'm Next,' Title of Performance at High School Gymnasium

THREE-ACT COMEDY

"After You I'm Next," is the title of the senior play that will be presented at the Morehead High school this evening. The story centers around a young and popular novelist with money to burn.

### OFFICERS BRIDE ON LIQUOR VIOLATORS

The Morehead police force continued their announced "clean-up drive" on bootleggers last night by raiding the home of Luke France on Railroad street. Chief of Police J. H. Adams said that 700 gallons of non-tax paid moonshine liquor was confiscated, and that France had destroyed a considerable quantity of liquor by breaking the jugs over a tub before they reached him.

HELP YOUR FAVORITE IN CAMPAIGN

The subscription campaign being conducted by the Independent is nearing the finish. Already hundreds of new subscribers have been added to the paper, and many others will subscribe in the short time remaining.

There are several women who are working diligently in an effort to win the prizes being offered. It will be too late to help these if you are not a subscriber you should be if you already take the paper a renewal will help the contestant also.

It is our ambition to have this newspaper go into practically every Rowan County home. At the same time, we feel that the Independent is a newspaper of such character and policy that it should be read by every worthwhile Rowan Countyman.

Help your favorite to victory while it is possible to do so. Do not wait until the campaign is over. We feel that you can make no better investment than a subscription to this newspaper, and not only solicit your support for the paper, but for the people that are making an honest and aggressive effort to capture first prize.

FOLK-LORE STILL IN HEARTS OF MOUNTAIN FOLK

The fact that mountain ballads remain in the hearts of the mountain people and that folk-lore, as handed down from generation to generation, has not passed into the discard, has been amply evidenced by the interest shown in performances recently staged in Morehead and vicinity.

Evidently, Rowan county is the hub of mountain folk-lore. The only way a project to revive and foster it is here. However, it needs no resurrection here, for it is a part of the life and everyday existence of the mountain people. The songs—the ditties—the ballads, all of them originated from the Elizabethan period in English history, are in the memory of our rural sections. A trip among these people who live in the foothills of these Cumberland mountains elicits the information that they are being sung and played every day.

Saturday night a program of truly mountain ballads attracted a crowd that overflowed the courthouse. This is only one of many performances of its kind that has been staged here within the past year, and the interest evidenced in them, especially among the farmers, has rapidly increased.

The metropolitan centers call them hill-billy tunes; with our people they are music, pure and unadulterated. We sometimes wonder if their value and their musical content is not far-greater than the type of songs and selections that our metropolitan friends spend millions to hear them played by a jazz-band.

REPAIRING THE HIGHWAYS

Apparently the efforts of the highway department in repairing roads that were torn up by the last winter's freeze are meagre. True, gravel has been placed over many of the rough spots, but the roads, in most cases, are not prepared to stand heavy usage, and are especially rough in many spots. Heavy traffic, including trucking, is tearing the gravel out and leaving holes making the roads little better than they were before anything was done on them.

The highway department possibly is without sufficient funds to do a thorough job, but with all the new tax levies, passed by the General Assembly coming up, it should be only a short time until these roads can be prepared so as to be practically as good as before the hard freezing cracked them.

U. S. 60 in west Morehead is a perfect example of the type that is being done. It is almost impossible to negotiate this strip except at a very low rate of speed, and it is a traffic menace to anyone that doesn't know the road.

ONWARD KENTUCKY EXPOSITION

The Independent appeals to every interested citizen in the advancement of Kentucky and its people to assist in the constructive work of the Onward Kentucky Movement.

The Onward Kentucky Exposition which will be held in Frankfort June 5-6-7, 1936, in the State Capitol building, free to the public, is designed to give to every talented man, woman and child in the state the opportunity of exhibiting his product and to receive comments and criticisms, as to its adaptability to be sold to tourists and in other markets of the Nation.

The Exposition is a part of the program of the Onward Kentucky Movement, which was organized

in Danville in May 1935, for the purpose of creating small coordinated industries in the various counties of Kentucky, by the establishment of County Industrial Foundations. These County Foundations will be progressive in capital structure and raised very similar to the manner in which Community Chests are raised. The County Foundation will differ in this respect, that its capital is conserved and each year by a state-wide Foundation Campaign, substantial sums are added to the amount previously raised.

In years to come, it will represent a bulwark for the independence of our people and in times of depression will provide work rather than dole. The Exposition at Frankfort will reveal many clever articles which may be manufactured in these small industries and in homes throughout the state. It seems not unreasonable to believe that as the plan develops and markets are created and extended hundreds of Kentuckians will become independent wage-earners and contented citizens, enjoying the privileges of earning a living through the expression of natural aptitude and talent.

Up in the mountains is a blacksmith who fills the long gaps between the calls for horse shoes by making hand-forged fireplace pieces, hinges, weather-vanes and so on. He makes them for a small fraction of what you pay in the forges along the Boston Post Road for less beautiful iron work. He is unknown to you and the wrought iron article is ordered from New England, and the talented Kentucky iron worker seeks relief in order to support his family. The calls for horse shoes are few.

Over in the Purchase is a woman whose patchwork quilting is more exquisite than any offered in the shops of New York—but she has no connection with the purchaser who can afford to pay what a hand-made patchwork quilt is worth.

Down in the Big Sandy Valley is a woman who is remarkably clever at making mats and brushes and dolls of corn-shucks. Up in Mason county, a woman weaves carpets of beautifully blended rag strips. Not far from her is a woman, who was impelled by necessity and ingenuity to carve a doll for her little girl from the roots of a persimmon tree. Every one who has seen the doll wants one like it. If more people could see it, she would have a badly needed self-supporting business. The same story may be told of the Bluegrass. Penyrhile was the Barrens.

The Onward Kentucky Exposition is to bring out the ingenuities and latent talent of our people and to make a study of what they can produce and to standardize these products and create a state and national market for same.

Attractive state prizes are offered in three divisions: Home Crafts and Novel Arts division, Cookery Arts division and Old Kentucky Hams. If you know how to make an ingenious article of any kind, or prepare an attractive food product, or cure what you consider Kentucky's best hams, arrange at once to enter this exhibit. If you know of others who have creative ability, see that their products are entered.

Full particulars of the Exposition may be secured by addressing the Onward Kentucky Exposition, Care Kentucky Progress Commission, Frankfort, Ky. The Independent urges the citizen of Rowan county to enter their exhibits and make our county showing outstanding.

We can make our beloved state ring with happiness and prosperity if we accept the challenge. Let not inertia-cold indifference-these invest thy hearty growth and usefulness need exercise. Not rest.

RURAL RETAIL SALES BETTER IN FAR WEST

Daily average sales in small towns and rural areas for March showed a larger increase in the Far West than in other parts of the country as compared with March 1935, according to estimates received by the Louisville District Office of the Department of Commerce, based on dollar value of rural chain store and mail order sales. Sales in the Far West were about 20 1/2 per cent above March of last year as compared with an increase of about 10 per cent for the country as a whole. The lowest increase, 6 1/2 per cent, was recorded for the south.

STEEL MAKERS say—"Ford buys the best steel." Other suppliers of materials and parts will tell you—"Nobody checks up as closely on quality and price as Ford." This means a great deal to you as a motorist. It is our way of safeguarding the interests of every purchaser and it leads to this—"The mechanical depreciation on a Ford is less than most cars, especially after the first year." This is one sign of the extra value in the Ford V-8. Accuracy in manufacturing is another. (The Ford is made to unusually close precision limits.) And there is a long list of fine-car features that are exclusive with Ford in the popular field. Have you a V-8 engine in your car? You pay \$1645 for it in any other car but Ford.

Does your car have Center-Poise Riding? Ford gives you this modern feature—"a front-seat ride for back-seat passengers." Does your car have foot-press Super-Safety Mechanical Brakes? The Ford V-8 gives you this proved design, with 186 square inches of braking surface. Does your car have a genuine steel body structure? Does it have Safety Glass all around? Ford is the only low-price car that gives you this extra protection without extra cost. You get these fine-car features in the Ford V-8 because of Ford manufacturing methods and low-profit policy. 1/2% A MONTH, after usual down-payment, buy any model of the new Ford V-8 car—from any Ford dealer—anywhere in the United States. THE GARDEN Timely Topics By JOHN S. GARDNER Kentucky College of Agriculture Cabbage, onions and lettuce should be side-dressed with either nitrate of soda, 1 pound to 100 feet of row, or chicken-manure, 1 bushel to 300 feet, no matter how "rich" the garden. From those parts of Kentucky where Irish potatoes are up, come complaints of severe damage by flea-beetles. The control is to spray with Bordeaux mixture, to which calcium arsenate should be added, to take care of the Colorado beetles, sure to come. That spraying should be the first of three, two weeks apart, to forestall the blight which may cause potato plants to die before their time, curtailing the yield.

Ordinary spinach sown after May 10 is rarely profitable. In order not to be without greens, after the spinach season is over, New Zealand spinach or Swiss chard should be started without delay. With the coming of sustained warm weather, spring-started lettuce will bolt to seed, or at least, become tough and milky. To assure a continued supply of salads, sow now one lettuce, familiarly known as "deer-tongue." Seeferman list it under the varietal name of "Trionfo."

The time for planting Lima or "butter" beans is here. Although they may sound bothersome to do, especially the large-seeded sorts should be planted eye down to prevent their "breaking their necks" as they come up. Reliable bush varieties are Yopp, Henderson and Fordhook; the best pole sort is King of the Garden. Lima beans and the others, too, set pods shyly when the garden is over-manured, going rather to excessive vine growth. Superphosphate in, will improve fruiting enormously.

To guard against cut-worms, almost always to be expected, transplants still to be set have their stems wrapped three to four thicknesses of newspaper cut in strips wide enough to extend an inch above and an inch below the ground line. Planted crops should be protected by sowing poison bait wherever and whenever any signs of this insect are seen. Chickens should be kept

away from poison bait. The time for another planting of green beans is at hand. Although stringless Greenpod will rule as a favorite, Bountiful Bush has points a home gardener should not overlook. It has flavor of not over-ripe, and is not susceptible in yield by any other variety. Its fault of becoming "stuck" when too much filled out, home gardeners can guard against.

RURAL RETAIL SALES SHOW GAIN IN MARCH 1936

Daily average sales of general merchandise in small towns and rural areas for March were about 9 1/2 per cent higher in dollar volume than for March 1935 and were 35 per cent above those for the same month of 1934, according to preliminary estimates just received by the Louisville District Office of the Commerce Department. Sales for March increased about 18 per cent from February, or considerably more than the usual increase at this season of the year. Sales for the first quarter of the year were 7 1/2 per cent above those for the corresponding period of 1935.

Chinese revenue from cigarette taxes increased in 1935, indicating an advance of approximately 12 per cent in the legitimate cigarette trade. The sale of American automobiles in Belgium is making notable progress in competition with locally-produced cars, following the duty reductions made in the American-Belgian trade agreement on passenger cars and automobile parts for assembly. Belgian motor vehicle manufacturers are showing a tendency to abandon passenger cars for the manufacture of automobile trucks.

The exchange situation in Argentina continues to offer a considerable barrier to the sale of United States iron and steel products in that market. Industrial consumption of tung oil, chiefly in the manufacture of paints, has increased approximately 70 per cent during the past four years. Egypt is an important tobacco manufacturing country, but does not grow tobacco. Approximately one-half of the cultivated land in Sweden, amounting to 4,200,000 acres, has

been electrified. Plans for a municipal airport at Buenos Aires, Argentina, to cost about \$2,750,000 have recently been presented to the Argentine Minister of Public Works. Exports of hops from Czechoslovakia to the United States in 1935 showed a decrease of 50 per cent in value as compared with the preceding year. France's glass industry comprises 225 factories and gives employment to approximately 70,000 workers. Experts of Diesel engines from Germany during 1935 registered an appreciable increase as compared with the preceding year.

### Briefing The Important News Over Kentucky

#### GRROOM REFUSES DRINK—DIES!

James Rayburn, 16, and Clyde Oliver, 25, arrested in connection with the fatal shooting of Cliff Greenup county, Saturday night, each accused the other of the slaying. Deputy Sheriff Robert Bradford reported.

The killing occurred at the home of George Duncan, where a group of friends were "bellying" serenading Duncan's son, Walter, who was married Monday to Miss Dora Rayburn, sister of James and cousin of Oliver.

Joe Allen, a member of the group, testified at a coroner's inquest that a disturbance preceded the shooting was started when Oliver refused to give Auxier a drink of moonshine. The verdict of the coroner's jury was that Auxier was killed by Rayburn or Oliver. It recommended that both be held pending investigation by the grand jury.

#### ROBINSON CONFESSES

Announcement that Thomas H. Robinson, Jr., had "willingly admitted" that he kidnaped Mrs. Alice Speed Stoll and Speed during the 20 months since he had spent most of his time traveling between New York and California was made at Louisville last night by E. J. Connelley, in charge of the Cincinnati office of the federal bureau of investigation.

Connelley, who came to Louisville to join O. C. Dewey, head of the local federal bureau of investigation, said the 29-year-old wife of the wisp fugitive was caught in Glendale, Calif., and rushed to Louisville in a chartered airplane. Said the kidnapping of the young Louisville matron was carried out according to one of several plans he had made.

"Robinson said he didn't know why he did it," Connelley replied to a question. Connelley added that Robinson told the agents that he had spent the \$50,000 ransom freely in night clubs and hotels, that once he traveled in an airplane between New York and California and at other times on trains and in automobiles. The erstwhile fugitive, who disappeared after getting the ransom and leaving Mrs. Stoll in an Indian apartment in October 1934, was rushed to federal agency headquarters in a downtown building.

#### FALSE ALARMS: MARRIAGES SAME OLD PRICE

Martially inclined Kentuckians got a jolt this week from Chairman James W. Martin of the state tax commission when he announced that an act of the recent legislature purporting to reduce the cost of marriage licenses from \$5 to \$3.50 didn't reduce the cost at all.

Martin said the general impression gained from the bill's context that the cost of having the marital knot tied was being cut was erroneous. The fee of \$3.50 mentioned in the bill, Martin said, relates only that portion of the license cost which goes to the state and does not include the \$1.50 which the county clerk receives.

"The original fee of \$5," he said, "is unchanged." The actual purport of the bill, it was pointed out, was to reduce the cost of recording chattel mortgages.

#### AUTO SALES TAX GOES IN EFFECT SATURDAY

Kentuckians contemplating the purchase of new automobiles will have until Saturday to do so without being subject to the 3 per cent sales tax on automobiles levied during the recent special legislative session, Governor Chandler told newspapermen Wednesday. The governor said the bill imposing the tax would become effective Saturday, when it will be sent to the office of the secretary of state.

#### REPORT TWO CASES OF SPINAL MENINGITIS

(Continued from Page One) whole neighborhoods and even armies. Dr. Evans declared that a strict quarantine was the only method to stop its spreading. The disease has been prevalent throughout the state during the past year, striking at nearly every county except Rowan. Physicians have coped fairly successfully with it in other parts of Kentucky through the use of the serum and by quarantining entire towns and cities. The section around Harlan, Hazard, Whitesburg and the southeastern section has been hardest hit, numerous deaths occurring from the dreaded malady.

### Red Cross Sponsors US Highway Safety

The American Red Cross aimed reinforcements Monday against death on the nation's highways, described by Admiral Cary T. Grayson, national chairman, as "a national emergency of year-round disaster proportions."

As the annual National Red Cross convention opened President Roosevelt, who also is president of the organization, lauded delegates in a written message. "You are dedicating your hands and heads and hearts to healing the wounds of humanity," he said, "and which is better still—in many instances eradicating the causes of those wounds."

"The Red Cross is making this country a better place in which to live. It is America's legion of mercy."

Organizers announced rapid expansion of volunteer personnel to give emergency first aid in motor accident cases is deemed a major project. Admiral Grayson pointed to more than 36,000 killed and 105,000 maimed in the United States in 1935 as the motivating force.

Already the Red Cross since launching the service six months ago has placed 1,000 emergency stations, manned by volunteers, in operation along dangerous sections of roads. Admiral Grayson said eventually there will be 15,000 stations.

The Wednesday convention session set aside for discussion of "emergency first aid on the highway" under direction of Maj. Harry F. Evans, chairman of the Davenport, Iowa, chapter.

A goal of 5,000,000 Red Cross members has been set for next year. Grayson said, as part of a national move to replenish the organization's reserve funds.

Moving pictures of the Eastern flood areas and reports of eye witnesses will be shown to 2,600 delegates Tuesday night. The nation contributed \$7,500,000 for food and tornado Red Cross aid, Grayson said.

"There were over 500 deaths and over 8,000 injuries," he said. "Tornadoes, seriously damaged or destroyed 4,500 homes. About 140,000 families were flooded."

### College Theater To Have Good Show

Paul Redmond won his spurs as a flyer over war-torn France, yet Fate caused him to be dishonorably discharged from the service. Paul joins the ranks of the test pilots, those brave men in whose young blood is being written the stirring history of aviation.

At the testing field airport Redmond meets Martha Dawson, daughter of Colonel Dawson, owner of the airport. Redmond discovers that Martha is the fiancée of Dana Kirk, superintendent of the airport. It is Kirk who is giving Redmond his chance to come back. There are four other test pilots. They are Ritchie, son of Colonel Dawson, Barlow, Tex., and Farrester.

Colonel Dawson claims the right to fly the first test plane. He goes up, establishing a new speed record, but is killed when the plane crashes in landing. Before he dies he makes Martha and Ritchie promise to continue the work under Kirk's direction.

Several of the other pilots fly the new ships and are killed or injured. These tragedies bring Martha and Redmond closer together. Kirk suspects Redmond of betraying his trust, though, actually, Redmond is hiding his emotions and defending Kirk to Martha. Kirk asks Martha to marry him immediately, but she refuses. Kirk blames Redmond.

This problem, however, is forgotten when Ritchie, faced with a dangerous test flight, loses courage and commits suicide. Redmond and Barlow find the body. To end his own dilemma and save Martha from the disgrace of her brother's suicide, Redmond places the boy's dead body in a test plane, takes it up, sets it on fire, and escapes with a parachute.

The Department of Commerce investigation discloses that Redmond is really Captain Paul Redmond Wallace, discharged from the Marine Air Corps for "bailing out" on a student flyer. All believe that Redmond is a coward; that he "bailed out" on Ritchie just as he was going to do the treacherous power dive himself. He knows that Kirk will be killed. Redmond binds Kirk and flies the ship himself, winning the approval

of the army board, who order the ship built for army use.

It is Barlow who tells Kirk and Martha why Redmond took Ritchie up in the plane and "baled out." And it is Barlow who takes his plane and writes in the sky, "Paul—Come Back to Martha."

### WARM WEATHER SPURS BUSINESS

Retail trade brightened noticeably under the impetus of warm weather, and gains over previous and 1935 weeks widened in most sections of the country in the week ended Wednesday, May 6, as shown by reports to the Department of Commerce from 34 cities just received by its Louisville District Office. There was less improvement in West Coast cities, and a more limited turnover in Chicago, but increases over the previous week ran as high as 50% in some other cities. Wholesale generally was somewhat sluggish except in implementing and building material lines. Louisville reported that retail trade continues at expanding tempo, with sales 3 to 8 per cent ahead of same week year ago. Wholesale trade is following lead of retailers in about same proportion.

1,587 placements in jobs made by National Employment Service past week, gain of 23.6 per cent over preceding week.

Louisville bank clearings registered 4.7 per cent gain past week over comparable week of 1935.

### Old Song Introduced In "Rose of the Rancho" Here Sunday

When you hear the Spanish dance number "Jota" in Paramount's new musical romance of Old Monterey, "Rose of the Rancho," which comes May 17 to the Cozy Theatre, you will be hearing a composition that is 20 years old, yet has never before been offered to the public.

Ralph Rainger is the composer of "Jota." He and Leo Robin wrote three other Spanish dance numbers "Rose of the Rancho," which introduces the brilliant Opera star, Gladys Swarthout, to motion pictures.

Twenty years ago, when he was a wee bit of a lad—13 years old to be precise—Rainger wrote "Jota," his first composition. He kept the song in his files and never attempted to publish it. "Sombroso Dance," "Fandango," and "Pasa Doble" for "Rose of the Rancho." Then Director Marion

Gering called in the composers and said he had to have another Spanish dance number. Rainger and Robin fussed with the problem for hours, then Rainger happened to remember his boyhood effort. He played it over from memory for Director Gering and it gained immediate approval.

Earl King Senff and his Morehead swimming team will rank among the favored in the state meet to be held at Eastern Teachers' College May 21.

The meet will be sponsored by the University of Kentucky team, although it is held in Eastern's pool.

It is also probable that Morehead will ask that next year's Kentucky swimming title be run off in the Senff Natoratorum here, admittedly the finest indoor pool in the state and ranking favorably with any in the south.

In Morris, Borst, Hofstetter, Kelly and Hall, the Moreheadians have a combination that should prove dangerous to any opponents.

The Morehead swimmers are at Richmond tonight (Wednesday) Senff's proteges will rule trophy favorites to take this one.

Interest in swimming in Morehead has gained rapidly this year, until it is doubtful if even the spacious Senff Natoratorum will

## MOREHEAD SWIMMERS WIN FROM EASTERN T.C.

Capturing seven of eight first places, Morehead College's swimming team scored impressively over Eastern Teachers here Saturday night. The final count was 42-26.

Led by Borst who scored 15 1/2 points, the Morehead swimmers had little difficulty in overcoming the invaders. Morris, of Morehead, was second in the point-making with 10 2-3; while Morris and Hall matched first and second places in diving.

Eastern won first place in the 90 yard free-style. The scoring of the Morehead squad:

150 Yard Relay  
Relay team of Morehead—Hofstetter, Jackson, Kelly and Morris captured first place for eight points.

60 Yard Backstroke  
First place—Borst, 3 points  
Third place—Henderson, 1 point

60 Yard Free-style  
First place—Morris, 5 points  
Third place—Hofstetter, 1 point

Diving  
First place—Morris, 5 points  
Second place—Hall, 3 points

110 Yard Free-Style  
First place—Borst, 5 points

150 Yard Medley Relay  
Morehead team composed of Borst, Morris and Hofstetter, won first place for 8 points.

Backstroke  
First—Borst, 5 points  
Third—Bradley, 1 point

Care for the expected crowd at the next home meet. This is Morehead's first year in intercollegiate water competition; but the sport will be fostered and cultivated here every spring and summer, according to an announcement from the Department of Physical Education.

## Disorganized Morehead Team Drops 11-1 Decision to Flemingsburg Nine

A disorganized Morehead baseball club succumbed to an alert and hard-hitting Flemingsburg nine at Cooper Park, Flemingsburg, Sunday, 11 to 1. It was one of the worst routs that the Pirates have ever suffered on the diamond.

Plymale, Flemingsburg hurler, managed to best the Morehead jinx Sunday and coasting along on a substantial lead, held them to seven hits and one unearned run. Only three of Flemingsburg's 11 tallies were earned as the Morehead infield failed to give but little support.

Runners connected for 11 hits and had three big innings, the first, sixth and eighth.

## Sportsmen Group Meets At Ashland

Fox Hunt, Skeet, Pistol and Rifle Shoot Among List Of Events

Hunters and fishermen, as well as all others interested in conservation, will flock to Ashland to attend the League of Kentucky Sportsmen convention to be held there May 28, 29, and 30.

Thirty-one member-clubs from all over the state will send delegates to the annual convention expected at Ashland before the business session on Friday, May 29, so that they will be able to take part in the voting.

Plenty of entertainment is being provided for the sportsmen and their wives to make their short stay a happy one. A fox hunt on Thursday will open the program, to be followed by numerous other activities, such as skeet, pistol and rifle shooting, bait casting, sight-seeing and coon-dog trials. A banquet will be held on Friday night at the convention headquarters, the Henry Clay hotel.

## HEFFNER-VINSON SHOW TO APPEAR HERE MAY 20

The HEFFNER-VINSON players will open a two-day engagement in Morehead, beginning Wednesday, May 20. The New Pain-Relieving, Alkalinizing, Effervescent Tablet. Watch it bubble up, then drink it. You will be amazed at the almost instant relief.

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.

After trying many brands of medicines—so-called relief for times and all of them a failure. I gave up hopes. By chance I tried Alka-Seltzer and was immediately satisfied. Geo. Bennett, New York, N. Y.

## Eastern Throttles Morehead Rallies For 5 to 4 Victory

Leslie Pitches Gem of Game For Losers, Eagles Witt In Tight Spots

### LOCAL HURLER GETS 14 STRIKE-OUTS

Jarrell Vinson Fails to Come Through In Pinches Leaving Eight Stranded

Taking advantage of every opportunity and benefiting from five Morehead errors, Eastern put together two big innings here last Saturday to defeat Morehead College's baseball team 5-4.

The Eagles had an opportunity to win the game in the ninth, loading the sacks with only one out, but Arnsen popped eastern and Vinson's long drive to center was caught. Eastern's outfield turned in some near-sensation playing, robbing Morehead of hits which they would have counted for runs.

Dave Leslie, Morehead starting pitcher, was the victim of mistakes during the game. Eastern scored three times on two errors, two hits and a wild pitch. Their other two runs come in the eighth on three hits and one error. Leslie struck out 14.

Bryant, Eastern starting hurler, left the game in the seventh. Morehead scored once each in the third, fourth, sixth and seventh frames. Jarrell Vinson, the Eagles hard-hitting first baseman, missed three opportunities to win the game. In the fifth with two on and none down he hit into a neat double-play. In the seventh he popped out with the bases loaded, and he drove out a long drive which was caught in the ninth inning when three men were aboard.

Eastern played heads-up baseball, getting full advantage by bunching their six hits. The Maroons did not get a safe hit nor the first until the eighth inning. Morehead hit safely eight times. More than half of both teams' hits were for extra bases.

Swimming is a coming sport—not only in Morehead but everywhere. The reason for the rise in interest and the increase in the number of competing teams is the building of pools all over the state. Morehead had little or no interest in swimming until the beautiful Senff Natoratorum was constructed.

Baseball is at the lowest ebb in Morehead it has been for many years. Following the 12-1 defeat the Pirates suffered at Flemingsburg Sunday and the disbanding of the Kentucky State League it is doubtful if the semi-pro sport will find enough local following to justify its continuance here.

Lawrence Fraley, usually one of the big boys in the Morehead lineup is in the midst of one of his worst years in the game. Unfortunately he demonstrated that fact at Flemingsburg.

And Ducky Carter made two errors. Something is wrong!

An abundance of frogs in local streams is reported this year. Sportsmen are not letting the grass grow under their feet, however, and are fast depleting the supply. Some of the better catches are from 30 frogs up to 75.

Brevity didn't win the Kentucky Derby, proving that all the sports writers were wrong again.

## Take Picture Of Church Classes

Christian Church Campaign Classes; Mrs. Lappin's Group Leads

Last Sunday, Mother's Day, was held a great day at the First Christian church. Doctor Fern's sermon subject was "Mother's Day." There were three convocations at the morning service and a baptismal service at night.

Last Sunday marked the close of the 11 weeks campaign. The five divisions gave their final reports. Division No. 1, Mrs. Calvert, leader, reported \$117.50; Division No. 2, Mrs. Peratt, leader, reported \$146.70; Division No. 3, Mrs. Lappin, leader, reported \$181.27; Division No. 4, Mrs. Battson, leader, reported \$145.25; other money raised \$104.38 making a total of \$866.10 for the 11 weeks.

During the 11 weeks there were 17 additions to the church. Thirteen by baptism and four by letter. The Bible school ran for the average of good attendance. Last Sunday the attendance at Bible School was 125. A picture of the assembly was taken as a souvenir of the occasion and the campaign.

During the campaign a good social time was enjoyed and various events and occasions marked its progress. Young and old alike had a share and plenty of fun. The amount of money raised is quite remarkable due to the fact that property owners were faced with an accumulation of street paving assessments. In a letter sent to the membership and clerical staff of the Ocean Park, the leader of the division leaders, the church is now doing some of the greatest and best work of its long history.

## SHOOTING THE WORKS.....

Two of the finest exhibitions of skill and artistic perfection in sports has been exhibited here during the week in the swimming matches between Morehead and the University of Kentucky and East Tennessee College.

It is remarkable how good these boys are—it is even more pleasantly surprising how good the Morehead boys are. They have learned most of their feats down by the "old swimming hole," but they are now showing their skill in these inter-collegiate matches.

Swimming is a coming sport—not only in Morehead but everywhere. The reason for the rise in interest and the increase in the number of competing teams is the building of pools all over the state. Morehead had little or no interest in swimming until the beautiful Senff Natoratorum was constructed.

## TENNESSEE WESLEYAN ADDED TO EAGLE CARD

Instead of opening the season against Murray at Wayne Memorial stadium on October 3, as given in the initial schedule released by the Department of Athletics, the Morehead College football team will get their first taste of competition on September 26 in a game against Tennessee Wesleyan there.

The game was added to the schedule last week in order to round out the card with eight games, and also to give the team

an opportunity to get under fire before the conference game with the strong Throughbreds of Murray.

The Eagles' complete grid schedule as given by Coach Downing:

Sept. 26—Tennessee Wesleyan, there  
Oct. 3—Murray, here  
Oct. 10—Georgetown, here  
Oct. 17—Union, here  
Oct. 24—Transylvania, there  
Nov. 2—Eastern, there  
Nov. 9—Tennessee Poly, here  
Nov. 16—Louisville, here

The senior girls were introduced by Miss Ezer Robinson and the responsibility was given by Miss Nancy Botts Mrs. A. L. Miller, as the oldest club president and charter member of the club presented to the retiring president, Mrs. Young, in behalf of the club, a silver tray.

Individual favors, representing miniature graduates, wearing caps and gowns, with place cards as diplomas, were arranged at each place.

Music throughout the dinner was furnished by instructor of violin at the college, Mr. Keith Davis, and a trio of girls.

The Morehead Woman's Club plans to make it an annual affair to entertain the graduating girls of the college in some form.

**Entertain With Birthday Dinner**

Mrs. C. E. Bishop, assisted by Miss Marguerite Bishop and Mrs. Edward Bishop, entertained with a six o'clock dinner last Thursday evening at her home on the boulevard. The party was in honor of the eighteenth birthday anniversary of her daughter, Miss Robert Bishop. A color scheme of pink, white and blue was harmoniously carried out in the table decorations, blue flowers, large pink tapers, and white cake with eighteen pink candles.

Those who enjoyed the three course dinner were: Misses Nola Joyce, Mauverine Miles, Virginia Caudill, Laura Hogg, Novella Hogg, Josephine Alfrey, Martha Harman, Eloise Redwine, Georgia Frances Vaughan, Mary Olive Rogers, Mildred Fair and Janet Judd, and the guest-of-honor, Miss Robert A. Bishop.

At the conclusion of the dinner, entertainment was made to the guests that a small treasure for each one was hidden in the living room. Each guest found 25 cents with which she paid her admission to the negro minstrel show which was being presented in the Breckinridge auditorium that evening. Miss Bishop was the recipient of many beautiful gifts.
